translated as “fall” in this verse just as primary to the translation, indicates the idea of “alighting down from a higher to lower place” as in from the heavens to earth. This is clearly different from what's indicated in Rev 9:1 for that star from heaven's falling and/or again alighting TO EARTH as the way it comes down to the surface, except in Rev 9:1 the earth IS it's destination so it either lands or enters into the earth and/or sea or appears to crash to earth as given the timing is in line with the late 1940's fifth angels sounding in the 1940's to 1950's time period.

Ti's vehicle, Bonnie Lu Nettles, was born before Do's vehicle, I've seen reported as 1927, while I've read that Do's vehicle, Marshall Herf Applewhite was born in 1931. Ti and/or Do may have told us the years their vehicles were born but I don't recall it if they did. Ti and Do said the human vehicles they picked would not have survived had they not chose to use them.

This depiction of these Two's arrival is further born out by this GREAT STAR being described as “burning as it were a lamp.” The keyword “lamp” is shown in another related context:

Rev 4:5 And out of the throne proceeded lightnings and thunderings and voices: and there were seven lamps of fire burning before the throne, which are the seven Spirits of God.

Rev Chapter 4 starts with John hearing a “trumpet” and is told he'd be shown things to come which in this verse talks about seven spirits of God as “seven lamps fire burning”

Lamp in both cases is a verb, “to beam,” to give light, to shine, to radiate but in Rev 8:10 it's generated by this comet and/or spacecraft with Members of the Next Level on it that are projecting this beaming, shining. As it also says this “star” is “burning,” which means “to set on fire, kindle and/or light, we have a complete point of view here.

Skipping ahead in the timeline to when Ti and Do first came public in 1975, they said in the two public meetings I attended that “there was a light shining on Earth from the distant heavens.” I remember that well, because when I joined with them, I knew I'd be talking to people and in my zeal to do that, I practiced talking the information from Ti and Do's “Statement One.” When I was the speaker for a crowd of about 200 in Worchester, MA in November of 1976 I remember starting off by saying, “There is a light shining on our

planet from distant space.” I had no idea at the time the depth of what that infers nor how it related to prophecy but it sure does make sense to me now more than ever, that it is from the Minds of all the Members of the Next Level who are assembled to help with these Older Members task that automatically provides an “accelerated growth opportunity for all life forms” as Ti and Do also said was happening at this time.

The primary group this light (beam) (burning) could stimulate to further growth would seem be the same THIRD who mostly had or were migrating from Europe to the U.S., who in the 1940's and 1950's would give birth to vehicle's that could be tagged and/or deposited with “souls” to provide a “match” for returning Souls to incarnate into, to potentially become students of Ti and Do in their task of the Two Witnesses when they came public, to be among those in the FIRST HARVEST EXPERIENTIAL OVERCOMING CLASSROOM. These would be among those who could qualify as the FIRST TYPE OF INDIVIDUALS Do spoke of, who could graduate and go with him and receive a Next Level vehicle and significant service in the Next Level.

It seems that some years later additional plantings of deposits were given to prepare vehicles to be a match for returning Souls who could be in the LAST HARVEST EXPERIENTIAL “WINEPRESS” STAGE OF THE OVERCOMING CLASSROOM. These would seem to correlate with those Do described as the SECOND TYPE who could graduate into service in the Next Level. Do said there would be a THIRD TYPE who would be “saved,” being those who never heard about Ti and Do but who in their own way show allegiance to the Next Level by beginning to separate from the human kingdom, even in rebellious ways like within a militia group (though the Next Level doesn't condone violence, this can still be one sign of being unhappy with humanity).

- rivers - As with all these prophecies the application is both physical and non-physical (mental, pertaining to spirit - one's mind. The non-physical interpretation of a “river” is as a particular part of the overall “sea” of humanity that this “lamp” (light) shines most on.

- fountains of waters - Jesus spoke about how he was providing the only kind of water (mind/spirit-information on the route to become a member of the Next Level) that could quench one's thirst for truth as a living fountain/well.

(Zec 13:1, seems to refer to Jesus as a fountain, Jhn 7:38).

These Two Older Members are IN CHARGE OF the CURRENTS OF THE WATERS, in this case it seems related to FIXING the flow of information, bringing updated thinking to those who are most in line to be ready for it because they at least say they believe Jesus was the most recent “son of God” to come incarnate and teach the requirements for graduation, thus involves the primary SET UP for the mission. This would include many who had come out of the religious belief systems known as Christianity and have even broadened their perspective to include what would otherwise be called the New Agers who didn't hold to strict and inaccurate ways of thinking yet still believed Jesus to have been real and of some special significance, though would also be those most attacked by the Luciferian space aliens to trick them into any direction but the truth - what is real so often mutated into what's been called Spirituality that can include atheistic belief/non-belief.

Rev 8:11 And the name of the star is called Wormwood ((894 apsinthos= bitterness, fig. calamity)): and the third part of the waters became ((be generated, arise, be assembled)) wormwood; and many men died of the waters (fig, because they were made bitter.

In the Old Testament wormwood is noted for its intense bitterness but also represents affliction, remorse, punitive suffering. In Amos 6:12 this Hebrew word is rendered “hemlock” but in the Revised Standard Version, “wormwood.” The Greeks designated it, absinthion which means “undrinkable.”

Passions of all kinds rise with the Next Level's closeness as noted during the period of the Roaring Twenties, the prohibition of alcohol and the 1929 Great Depression as human responses. Taking away a persons options always stimulates some to seek what they want anyway, no matter the cost, so fosters rebellion and a loss of allegiance to the ones who make the rules, that is when they haven't agreed to live by those rules. The Next Level never made a rule to cease alcohol usage so for the religious to impose that is anti-Next Level instructions. However the Next Level also promotes overcoming of becoming attached to all things human to include substances and that would include mind altering substances.

A backlash follows from those who resent the religious telling them what to

do and increases bigotries on all sides though the positive is that for some, they will come out of any allegiance to a religious order or government order seeing how those in their allegiance are hypocritical even to their own laws and beliefs. Yet some still recognize the existence of deity so may still seek to know more of the unseen realms while others deny all the possibilities which all acts as a filter because when it comes time for the Older Member to incarnate again to talk more truth, they could be faced with gravitating to it or not but at least they stand a chance to see more truth, because they have come out of the entrenched limited mindsets.

Referring to the way this third angel who sounds the trumpet relates to the LAST HARVEST WAVE is shown in the Third Angel's pouring out of their vial:

Rev 16:4 And the third angel poured out his vial upon the rivers and fountains of waters; and they became blood.

In common to both Rev 8:10 and Rev 16:4 are how “rivers and fountains of waters” are affected. Figuratively a fountain or well refers to the Mind (Spirit) from the Next Level, thus “holy mind/spirit” and the waters in that context are the humans the Next Level provides their mind to where the rivers represent the genetic stock selected by the Next Level from the sea of the human kingdom and the water then those that come out of that river as the potential fruit, the human vehicles being taken by the Souls who had been saved from all times previous, brought back to have a last judgment opportunity to show their allegiance to the Next Level or to their human roots/kingdom in all it's regards.

Jesus was spoken of as a fountain. The Children of Israel were considered to have been given the “fountain of life” in psalms 36:9. Fountain was also referred to as one's offspring literally in the human genetic offspring but also in the way students can and must become an extension of their Older Members for their own growth and because that's the service we offer the Next Level Older Members that without we are not of value to them so must prove ourselves by passing on what we are given to as Jesus said nearing his exit to Peter, “if you love me then feed my sheep” and bring forth fruit. Having that fountain within us is not only a state of mind. It must be matched with abiding in the Older Members behaviors and ways, otherwise it has the reverse affect - it devolves, what Do called a reverse metamorphosis and one

becomes cynical, angry, arrogant, intolerant, condescending, sarcastic, judgmental, having a superficial love and depletion of common sense and true recognition of the subtle voice from the Next Level within and around us that become the clues to sort out from the static and confusion to get on and stay on the “straight and narrow” path to LIFE. These characteristics are “POISON” TO BOTH ONE'S BODY AND MIND AND THUS “WORMWOOD” - UNDRINKABLE.

Simultaneously with this figurative interpretation, that is of course literal in how it translates to each individual on Earth, but primarily to those in the “river,” perhaps all those who are among the “third” who are largely in the English speaking parts of the world, with a primary focus on the United States and specifically to those who have heard of Ti and Do, will be how these negative destructive characteristics that have developed from the poison that is the output from the Luciferian space aliens that people have accepted, the result will be seen in how the human made structures that literally supply literal water for people to subsist on also become toxic.

In other words the Next Level's “light” introduced in stages and degrees is distributed by objects under Next Level direction. We have no idea how much and what is being provided by a comet, for example as it showers the earth with what humans call as debris from the comet's tail to be like a crop duster on particular parts of the earth to receive specific dosages to certain areas. I suspect that so called debris can have an electromagnetic elemental composition that can interact with other elements that can bring about great calamity and death among humans. I suspect the primary people in areas most affected, as the THIRD are those in Europe and the Middle East areas while the Rev 16:4 prophecy will most affect those in the Americas.

It's possible that human activity may exacerbate the water “bitterness,” but can make it seem to be human caused, so people are thereby tested on whether they recognize the existence of the Next Level in the fulfillment of these prophecies of calamities.

One example recently that seemed to be one of those timing examples as I was working on this interpretation was a report that Flint, Michigan, to save money, the government chose to change their water source from the Detroit water system to the Flint River that was exceedingly toxic with E-coli bacteria. In doing so and not treating it sufficiently, peoples lead pipes, very

quickly began corroding away leaching lead into the people's drinking water, so much so that when they saw the symptoms of how many people were getting sick from the odorous water and switched back to the Detroit system, the symptoms continued to worsen because of the way the pipes had corroded. Some of the symptoms were sores as the body tried to get rid of the lead through the skin. Another major symptom of lead poisoning is all sorts of learning impairments and brain disorders.

There was another report of flooding in Oklahoma City that because of a great deal of waste water, again the e-coli danger was getting into rivers and thus potentially into the wells for people's drinking water. As we speak there is a great deal of major flooding in Missouri and Oklahoma from rain. It's not the first time of course but all along these plagues were being introduced to where at this time their damage and cause of loss of life will be significantly greater in what humans will have the chance to recognize as apocalyptic in scope.

Another aspect to describing this Star with it's content to bitter the waters has to do with the fact that the Mind of the Members of the Next Level when provided to humans has two affects. They can turn bitter against any idea of God or Above Human Beings or they can come to embrace the Kingdom of God and how it is a bitter pill to swallow because becoming a member of the Kingdom of God requires one to separate from all things human, though it's set up as a process and at least in this last civilizational experiment accomplished over a number of opportunities to take over a human vehicle and overcome the human mammalian condition. One must be willing to STAND among humans who will hate you, even be hated by those in one's own human family as Jesus addressed.

Here is where it is stated that those who wish to apply to be on Ti and Do's team must “prophecy” - speak the truth Ti and Do provided that shows them as the return of the Father and Jesus to those who will largely hate to hear it and that's the “bitter” part to accept, while the truth is sweet as honey:

Rev 10:9 And I went unto the angel, and said unto him, Give me the little book. And he said unto me, Take it, and eat it up; and it shall make thy belly bitter, but it shall be in thy mouth sweet as honey.

Rev 10:10 And I took the little book out of the angel's hand, and ate it up; and it was in my mouth sweet as honey: and as soon as I had eaten it, my belly

was bitter.

Rev 10:11 And he said unto me, Thou must prophesy again before many peoples, and nations, and tongues, and kings.

### **III.C.4. FOURTH TRUMPET - 1930'S - 1940'S - INCLUDES EVENTS IN FIRST HARVEST PERIOD THAT ARE MANIFEST DURING THE LAST HARVEST PERIOD SHOWN IN REV 16:8**

This forth angel's sounding is demonstrating the conclusion of the set up period for the gathering of the strain of humans who will provide the vehicles for the returning student body souls/saints to incarnate into.

Rev 8:12 And (the) fourth angel sounded, and (the) third part of (the) sun ((2246 helios from hele= a ray, implied light, EAST)) (was) smitten ((4141 plesso from 4111 plasso= FORMS, through (the) idea of flattening out; to pound (with a fist or hammer) or PRESS, such as to inflict with calamity that serves to mold, shape, fabricate)), and (the) third part of (the) moon ((4582 selene from selas= brilliancy akin to (the) alternate of 138 haireomai= idea of attractiveness but akin to 142 airo - to take for oneself, to choose)), and (the) third part of (the) stars; so as ((2443 hina= (the) demonstrative idea, in order that (denoting (the) purpose or (the) result), because, to (the) intent)) (the) third part of them was darkened ((4654 akotizo from 4655 skotos= to obscure, covered by darkness; of (the) eyes, understanding, mind)), and (the) day ((2250 hemera a derivative of hemai= to sit for an hour (short) season), tame, make gentle, time space between dawn and dark or (the) whole)) shone ((5316 phaino from 5457 phos= to bring forth into light, cause to shine, shed light, be bright or resplendent, to become evident, appear, be seen, exposed to view, meet (the) eyes, become clear or manifest, appear to (the) mind)) not for a third part of it, and (the) night ((3571 nux= time when work ceases, time of; death, deeds of sin and shame, moral stupidity and darkness, when weary and drunken give themselves up to slumber)) likewise ((3668 homoios= equally, in (the) same way, like manner)).

Since these prophecies have both figurative and literal applications pertaining to the time period of the sounding and thereafter, each of the points of the Sun, Moon, Stars are addressed in how they relate to other prophecies throughout the biblical records.

- Sun - The Sun is of course the greatest provider of Light, but light is also

how information that can lead to true enlightenment is presented through the position (seat) referred to as the Throne, thus the One referred to as Elohim, Jehovah and The Father but finally incarnate in a female human body as one of the Two Witnesses who is shown to end up before her exit of her incarnation is shown to be Ti, who Do learned was his Older Member - not by her saying so but by his recognition while working with her, and thus his Heavenly Father and who he also referred to as the “Chief Administrator” of the earth garden experiment and like an “Admiral” where he was like a “Captain” in the Next Level's Older Member/Younger Member hierarchy.

Here is Jesus comparing the light possessed by his disciples with the light of the Sun:

Mat 13:43 Then shall the righteous shine forth as the sun in the kingdom of their Father. Who hath ears to hear, let him hear.

Thus this is saying that acting in accordance with the behavior and ways taught by the Next Level and especially by standing up for the most recent incarnate Older Member is rightness (as bearing the truth, what is real) and thus “light bearing” just like the way their Older Member bears their Light to others and therefore is as or like the Sun - the greatest light source for all the evolutionary kingdoms on earth.

This next verse is actually most applicable to the time of the Sixth Angel's trumpet sounding but demonstrates the context of the use of the word “sun.” In this example, the Older Member from the Next Level comes down from heaven and his FACE is compared with the SUN. His FACE reflects who he represents and that for an Older Member (and for that matter any Younger Member) of the Next Level is their Older Member aka Father who birthed them into Next Level membership, thus is who this “mighty angel” compares themselves to. Clothed with a cloud indicates his vehicle (clothing) hides (clouds) who he really is, which is what Ti and Do called their coming “undercover” and jives with the idea that they come not observable with eyesight (Lk 17:20), not identified as from the Next Level via one's literal eyes and how they come “as a thief”:

Rev 10:1 And I saw another mighty angel come down from heaven, clothed with a cloud: and a rainbow was upon his head, and his face was as it were the sun, and his feet as pillars of fire

Rev 12:1 And there appeared a great wonder in heaven; a woman clothed with the sun, and the moon under her feet, and upon her head a crown of twelve stars:

- Moon - indicates the lessor light that is a witness to the Sun's light in how it reflects the Sun's light, thus like the Son (offspring) of the Father (Generator) (Sun) serving as an extension of the Greatest Light.

Interpretation of Rev 12:1's Sun and Moon, is shown in more detail in section, "II.A.5.g. REVELATIONS 12..." that depicts the Father as a "woman" is accurate in the sense that the Father is the Chief "generator," what Greek "gune," based upon "ginomai" is defined as, which is the primary role of the woman in the human species but in this example relative to creation of new Next Level membership (most true definition of LIFE). The Moon role "on foot" (incarnate) is in the provision of SEED in the form of Mind (holy spirit) that is shown as rays and light, that Ti related as "frequency" that can give birth to offspring (Do), both into the Next Level (well before this civilization) and then to the throne position, the task of birthing others into the Next Level, in what Ti and Do called their serving as "midwives." In this part of the plan Ti was birthing Do who was then assigned to birth their student body, those Jesus said his "Father" gave him. Thus Do becomes the primary re-generator of new life into the Next Level which makes him the equivalent of serving in the role of "mother" as represented by Earth's moon which among other aspects regulates the waters on earth (the tides, human emotions), the same waters that in the human genome grows to support the human baby in the water sack in the mother's womb which potentially become the human vehicles the Souls of their litter must take over to build their Mind from their Older Members Mind to graduation/birth out of the human evolutionary kingdom.

In this next verse example, the Sun is compared with the throne and the Moon as a faithful witness, another reference of a person to a planetary body. Thus before the Father's "son" who was incarnate in the vehicle named Jesus ascends to the throne, as shown in Rev 12, he is the Father's "faithful witness who testifies about the Father which is also shown in Rev 12:1 being the Father's footstool - his incarnation (on foot) in the Father's service (tool=stool) that graduates him, the "Son" to the throne through the Father's incarnate "birthing" him to his next station in her continued service in his

Next Level family, partially shown:

Psa 89:36 His seed shall endure for ever, and his throne as the sun before me.  
Psa 89:37 It shall be established for ever as the moon, and as a faithful witness ((5707 'ed= from 'uwd testimony, a recorder, a prince)) in heaven.  
Selah.

Additional context shows the Sun as the Father and the Moon as his Son who provides witness of his Father on Earth. Do informed us that Ti was his “heavenly Father.” Ti never told him she was. He learned and realized it. It wasn't until early in 1985 before Ti left that Do told the student body that Ti was the Rev 12:1 “woman.” (It was the only time in my 19 years with him that he gave us a bible lesson and one of the only times Do had a meeting while Ti was incarnate that didn't include Ti. Members of the Next Level don't like putting themselves, their vehicles on a pedestal. They only desire to put their Older Member on a pedestal.

For the record, on the Applewhite and/or Heaven's Gate Wikipedia pages, last time I checked some years ago, Ti was hardly spoken of as having much to do with the group as if Do was the primary leader. They always worked as a partnership but Do knew that Ti was his Older Member, though they both had a relationship to Ti's Older Member - termed Heavenly Father (as He wasn't incarnate). The evidence that Ti actually got Do started, said as “birthed” him to the task described as the Throne becomes more apparent when reading some of what Ti wrote. That can be found in the Appendix section of this book that ebook readers can access here: “I Can't Believe That But I Must.” (Appendix Return-IIIC4)

The Moon as the planetary body doesn't provide it's own light (witness) that we can see. It reflects (witnesses to) the Sun (the Father's) light to the earth's inhabitants. Note the Moon is also listed in this song (psalm) as a “prince” which is what archangels like Michael, who is understood to become Jesus incarnate are, as heirs to the throne, (though it's not automatic as in the human hierarchy - it needs to be earned - The Luciferians are the ones who turned it into a more or less automatic inheritance received by simply believing in Jesus while hardly paying attention to the part he said was required of “abiding” by everything he taught.)

Here are two verses that talk about the “sun rising” in relationship to people

as evil or good, just or unjust, or as the grass as the masses or as the rich humans:

Mat 5:45 That (ye) may be ((1096 ginomai= come into being, cause to be generated, arise, be assembled, be brought, drawn)) (the) children ((5207 huios= a “son,” kinship, child, foal)) (of) your Father which is in heaven: for he maketh ((393 anatello= cause to make rising/springing up again (ana))) his ((846 autos= pronoun referring to one's mind/spirit as their persona)) sun ((2246 helios from hele= a ray, by implication light, + east)) to rise ((393 anatello= cause to make rising/springing up again (ana))) on ((1909 epi= among, have charge, the time of, because of, on behalf of)) the evil and (on the) good, and sendeth rain ((1026 brecho= to moisten, wash)) on ((1909 epi= among, have charge, the time of, because of, on behalf of)) the just and (on the) unjust.

Again, the sun in it's Greek definition is “his ray/light that rises” which also can represent the way the Father provided his “only begotten (born of flesh, at that time) Son” who embodies that light/ray and is sent to “rise” as in incarnate aka resurrect (stand up again) and demonstrate rising out of the human condition (overcoming the human kingdom and it's earthen world). In both cases both the evil and good get the opportunity and “rain” was also a reference to a blessing on the people as because of it, the crops would grow so there would be plenty of food but water from above is also what Jesus said he was providing to the woman at the well by saying he had water to offer her that would quench her thirst eternally. Plus water is what is illustrated in “washing” away the old, the sins up until that point for as long as the individual chooses to strive to overcome looking to their Older Member who was last incarnate for each and every step.

Here is another example where things natural are compared to other biological life forms below the human and animal evolutionary kingdom:

Jam 1:11 For the sun is no sooner risen with a burning heat, but it withereth the grass, and the flower thereof falleth, and the grace of the fashion of it perisheth: so also shall the rich man fade away in his ways.

Here the Sun and the Moon are referred to literally while showing that the Older Members are the providers of “light” going forward once one becomes a Member of the Next Level on board their “city” the New Jerusalem

spacecraft. New Jerusalem is a heavenly vessel in addition to the area of the Earth that serves as the “temple” and “court” for the “overcoming classroom” and even has a relationship to a particular region of the new geography the Next Level is touching down upon:

Rev 21:23 And the city had no need of the sun, neither of the moon, to shine in it: for the glory of God did lighten it, and the Lamb is the light thereof.

Next we see the “Sun of righteousness” as a phrase referring to Jesus, but actually any Older Member from the Next Level and how their arrival results in added heat, that the wicked are burned up by. Burning as with all these analogies has two applications. One is where they are giving into their passions in such a way that they are breaking the laws of the Next Level as provided to Moses and updated by Jesus centered around how they treat others. One can not become a leader who suppresses others or conquers others, has others murdered with whatever their justification and also be in covenant with the Next Level Family. That's not to say, someone who was engaged in some sort of like behavior couldn't change, but if they never do, there is only one direction they are sending themselves in. When their physical vehicle dies, their spirit will not be kept/saved for a future opportunity. They instead will be left to be recycled in what is called the “lake of fire.” In other words their spirit or Soul itself will be burned up - dissolved, melted:

Isa 34:4 And all the host of heaven shall be dissolved, and the heavens shall be rolled together as a scroll: and all their host shall fall down, as the leaf falleth off from the vine, and as a falling fig from the fig tree.

- Stars - were already described under the sections of the Third Angels trumpet sounding but in the figurative sense in this context are referring to younger and/or student members of the Kingdom of God from the literal heavens - lessor lights compared to the Moon and the Sun.

The Stars that don't become renegade drop outs, who remain loyal and trustworthy to their Older Members seem to be those who are given tasks as “prophets” in between the coming incarnation of their Older Member and may be those who herald the Older Members' arrival. These are depicted as the Twelve in the crown of the Rev 12 Woman, who is depicted as being “clothed with the Sun,” thus as a pure light body, an Older Member who

brings His Son to the Throne.

- Smitten has to do with “pounding flat” as with a metal worker thus indicates the way the Next Level's overcoming of humanness program has purpose to refine human vehicles to be used to refine Souls, by helping them rid themselves of all impurities that will through adversity and calamity enable their taking the shape of working tools for Next Level serviceability.

So I would add to “smitten” additional translations of, “to form, pound, press into shape.” That's the Christing (Chrysalis, overcoming of humanness “process” Ti and Do illustrated) or said as “being anointing” with oil, a “pressing” process Ti also illustrated as what takes place in the foundry to purify out the polluting elements of gold for instance.

Thus the “third” are being subject to the pounding. It's the shaping by the Sun's (Father's/Ti's) “rays of light” of the humans whose vehicles would begin producing offspring the moon (Do) and the stars (Ti and Do's returning souls/students) would be “become, because of” (as) the ones who obscure (darken) those rays of light.

- Day as “to sit and/or “to tame,” “to be gentle” for an hour (short) season - all sound like part of the Next Level program to help remove the wild animalistic instinctual independent and often violent nature from those of the Tribe of Israel. Thus these in this third are being tested by this “FORMING/POUNDING” from the presence of the RAY/LIGHT, Older Member's Mind being closer. And thus some among this “third” do NOT “take seats and shine” (operate straight forward in DAY LIGHT) so become DARKENED which removes their ability to project light (a task of bringing DAY light to others) and instead promote entering into ignorance and the period of night.

The timing here is interesting. An hour Next Level time is known to be about 40 earth - human years. Since this fourth angel's trumpet sounding and subsequent events pertaining to this FIRST HARVEST WAVE seem to be aligned with the time period of the 1930's to 1940's, if we add 40 years we come to the 1970's and 1980's. Ti and Do always said they and their student body came incarnate in the 1970's thus this seems to be about the pounding/shaping that occurs to affect that upcoming future.

The two thirds of the children of Israel that were not found worthy of being taken through the pressing, by their own choices to venture away from the covenant with Jehovah would reap the ramifications (karma) of their choosing to instead become the instruments to “smite” the Son as it was the Jewish hierarchy and supporters that conspired to kill Jesus and his disciples thereafter but influenced the state to do their dirty-work. So after Jesus left, there was both a type of witch-hunt against the “Third” of the original children of Israel by the Two Thirds who had rejected the messiah because they only claimed to be followers of Moses to suit the raising of their own stature instead of literally living by the commandments he gave from Jehovah. As we can see this merger of Gentiles (Romans) and the religious Jews (Pharisees) allied to some degree with them as we saw with the way these religious Jews motivated the Romans to execute Jesus and round up his now Christ believer Jewish followers, the righteous THIRD, we see repeat itself generations later because this process is ongoing throughout the civilization showing application “hour to hour.”

Ezk 32:7 And when I shall put thee out, I will cover the heaven, and make the stars thereof dark; I will cover the sun with a cloud, and the moon shall not give her light.

Isa 13:9 Behold, the day of the LORD cometh, cruel both with wrath and fierce anger, to lay the land desolate: and He shall destroy the sinners thereof out of it.

Isa 13:10 For the stars of heaven and the constellations thereof shall not give their light: the sun shall be darkened in his going forth, and the moon shall not cause her light to shine.

Finally, by saying the Rays of Light (the Sun, which also stands for brotherhood and the great lamp that provides a fathering to all life on Earth and the returning Son of God) and the spiritual brilliance and law of attraction and mothering foundational (Moon) (Rev 12 Woman whose feet (incarnation) is in that mothering of chicks role), with the Saints (Stars, those students who are graduating the human kingdom) are OBSCURED (darkened) so that the “day” that is represented by the Father and Son and Saints physical arrival to show the promise of the light while the night shows the promise of this period are likewise obscured.

ACTUAL EVENTS THAT SEEM TO REPRESENT PART OF THE

## SOUNDING AND FORMING EFFORT BY THE OLDER MEMBERS FROM THE NEXT LEVEL:

Some ways these preparations for “forming” of those who draw and shine their ray/light is evidenced when we see good will towards fellow humans and the seeking of self improvements to overcome various destructive behaviors and ways and the development of thirst to understand more about our world and open up further to the vast possibilities. Examples:

- 1935 Alcoholics Anonymous (AA) Founded - Ti and Do showed approval for people to try to conquer their substance addictions/habits. In fact around 1989 Do had the class establish a church he named, “Anonymous Sexaholics Celibate Church,” including “anonymous” in the title because of it's usage in AA. This little project was short lived in terms of any public interface. Do sent a few class-members to talk one of the California groups that had sprung up by then tailored after AA but in terms of sexual addiction. There were essentially three groups called Sex and Love Addicts Anonymous (SLAA), Sex Addicts Anonymous (SAA) and Sexaholics Anonymous (SA) Do had a few classmates communicate with. Alxody was one (and was also one who some 5 years later chose to move to Boulder, Colorado, to get a job outside the influence of the class to have a doctor perform the operation to remove his vehicles testicles) and he spoke to one of these groups and read the document Ti authored called, “The Power of Goodness.” He was sharing the successes those in the class had with celibacy but they were seen by some in that group as full of themselves.

Part of what was suggested to the one group Alxody spoke to, was to even cease talking about their sexuality. Members of these groups would stand up in front of others and give details of their addiction. They didn't know it, but Do felt even that was playing into their addiction, re-living a degree of the high that comes with sexual feelings stimulated by thoughts and sharing it with others. That was seen as a good thing, along the lines of a confession that the class had and called “slippage meetings,” though we had procedures on how to conduct those meetings. When classmates had a “slippage” in the area of what we termed “sensuality,” which did occur a number of times for a handful of students because they were reported at these meetings, the instruction was to say something to the equivalent of...“I had a slippage in the area of sensuality and wrote a note to Links (how we titled our written

correspondence or at times referred to Ti and Do as a team) explaining the details.” It was important to NOT explain the details to the group for the sake of anyone trying to conquer that addictive behavior as even hearing words that could trigger thoughts of that nature could be difficult to deal with. I don't recall this type of slippage reporting procedure applying to any other slippage. Otherwise the slippage reporting did need to include specifically what we allowed our vehicles to think, say or do that was against procedure.

One might think, why not provide that difficulty as wouldn't it then require that much more strength to ward off which was the overcoming process that built our “mind muscle” (as Ti called it)? But that wasn't the task of students to become the instruments of others testing in that regard even though it did happen at times that fellow students did become such instruments. It simply was the procedure so to abide by was yet another test of our commitment to Ti and Do. This also shows how procedures were often designed so we didn't become the instrument of testing ourselves or others. The testing would be stimulated by Ti and Do and the procedures they gave or didn't give for any circumstance - that to follow were doing things “as a member of the Next Level would do,” because the procedures all came from our Older Members from the Next Level - Ti and Do.

Sometimes Ti and Do assigned students (usually overseers of a particular department or over the entire craft) to write up a procedure, which would be sent to Ti and Do in a report so they could check what was written.

Ti and Do had a series of ways they checked out with one another to be sure they were getting instructions from their Older Members in the heavens and not from Luciferian influences. They knew that the instigation of their instructions would put different ones to the test to abide by but it served as a challenge to abide by so even became the reason some left the class.

One direct example of how Ti and Do gave an instruction that was a “test” was when we had just finished holding public meetings in 1975 in the Colorado area and they gave the instruction they called “testing.” They had organized about 70 of us into cars or van's with 4 to 6 students in each outfitted with one or two small tents, a Coleman brand two burner stove, a cottom and foam pad for each person to sleep on and a couple pots and utensils to cook with. They gave each car a small amount of money for gas to get us out of the Colorado area but then said, when we needed more gas and/or food

and/or lodging we were to “test” those who say they are believers and followers of Jesus - essentially Christians by knocking on the appropriate doors to ask for what we needed. We were not to ask for money. We were to ask for exactly what we needed - gasoline, food or lodging help (though we would preferably camp somewhere for lodging - it wasn't an absolute).

Mat 10:42 And whosoever shall give to drink unto one of these little ones a cup of cold water only in the name of a disciple, verily I say unto you, he shall in no wise lose his reward.

I believe Ti and Do also indicated to state that we were on a mission for our Heavenly Father, while leaving it up to them to ask questions to which we should pull on Ti and Do's mind at the time to respond to according to their draw. Sometimes it meant telling them all about Ti and Do as the Two Witnesses, etc. and occasionally, because of what we would say we were not helped or were helped reluctantly - even, I recall having money thrown at us by one church leader.

- Social Security Enacted in U.S. Even though I never heard Ti and Do directly talk about this, I do feel it's equivalent was addressed as one of the ways the government could/should help it's people so I suspect Ti and Do would have been in favor of it. Today it's being depicted as a hand out from the government when the government did nothing to provide the money except create the organization and laws so both employers and employees contributed to it. Even if it was a handout, isn't that what Jesus encouraged his believers to think in terms of, by giving to whoever asks of you. He didn't say, first try to find out if they deserve it or if they are misusing it or can get along without it. But then Jesus wasn't trying to attract people that wanted to put their “treasure” into Earthy things but to put their treasure into heavenly things that moth and rust doesn't corrupt as happens with all human forms of wealth.

- Cinema - Ti and Do always felt movies were a prime way the Next Level stimulated certain thinking among humans. At time the Next Level literally have a hand in providing key ideas to those in the movie production business. One movie that seemed to be one of several key movies for Ti and Do's awakening was “Brother Sun, Sister Moon” that was a story based on the facts in the life of St. Francis of Assisi and St. Clare.

Many people were significantly inspired by that movie, while many also think it's naive to interpret Jesus literally as anti wealth for his believers (church). The movie came out in December of 1972. Before then, Ti had believed she had the help of an unseen guide who she called “brother Francis.” As a nurse, when she had to draw blood from a patient she'd call on Brother Francis to help her find the vein to insert the needle.

St. Francis of Assisi had a terrible war experience and turned to life as an ascetic instead of rejoining his wealthy family business. St. Clare had also rejected her family's riches and was helping lepers in Assisi. After Francis leaves his rich way of life behind, at the site of an old broken down church in the country he reported he heard God in a vision say to him, “Restore My Church on Earth.” He begins to preach renunciation of worldliness and Clare supports him caring for the poor and disabled among three his old buddies who were also very adversely affected by the Crusades against the Egyptians. Note neither Francis or Clare were initially part of any official part of the Catholic hierarchy. They were individuals with a strong commitment that went way beyond what the Catholic Church taught was worship that had become distorted and diluted from what Jesus taught.

The part of this movie, as with another, the Sound of Music both portray a male waking up and a female providing their support just as occurred with Ti and Do. Even in Brother Sun, Sister Moon, there is a sense that Clare is further along in her growth than Francis. That's certainly the impression in Sound of Music with Maria who get's the “Captain” started singing again with their children, who when they wed, Maria adopts. (Ti and Do said they adopted the student body who remained at that time in 1977-8 which is when we got “ody” names. Thus Sister Moon seems to represent Ti who is relative to Do quiet.

The Sun represents the greater light as the Sun's (light) is wrapped around this “woman” or better yet defined as the “generator” of seed, as in the Nettles plant that is an artillery plant that shoots out it's seed as a exceptional form of seed generating and projecting.

The Sun is a massive full spectrum of light frequency generator, manifest in the way it, relative to the stimulation of growth on the planet, includes the provision of light in the form of literal heat and heat as the force needed to stimulate the “fabrication” of Souls. All kinds of comparisons are made to the

shaping of new members of the Next Level to the smelting of ore into pure gold. Ti also compared the process to the making of butter from milk and how it requires a great deal of churning. Ti and Do also said this was a metamorphic process that literally produces “body changes.” I doubt many of their students understood much of the literal nature of the body changes they said would be taking place for each of us. We just accepted that they were happening. In the end, certainly each of the graduates had rendered their physical bodies completely subservient to their minds. Ti would always tell us to “get your mind in your vehicle.” We even taught a pet parakeet we had to say that phrase. We also had a couple parrots and a bunch of finches all in the last weeks before Ti left her vehicle. It was a matter of two weeks from when Do told us of Ti's condition to where she could no longer meet with us to when she left her vehicle.

Since the end of the 19<sup>th</sup> century there were significant increases in science fiction books and movies. One series that seemed to be a forerunner to the Star Trek series was Flash Gordon that became a television series in 1936 broadcast to millions in the United States. Of course there were more but the idea of traveling in space on missions was uplifting in it began to paint a more realistic picture of what some would come to understand was formally the Kingdom of God that before then was relegated to the spirit world.

Following this thinking was the landmark radio broadcast that showed how even fiction is never without a consideration of reality in whatever it depicts to the listeners in the 1938 Broadcast of “The War of the Worlds.” Yes it caused panic but part of the Next Level does to stimulate growth is cause events that are traumatic for some to receive. As the Next Level does do gradually, it gives people a chance to prepare for what's to come.

Whenever the Next Level is closer and providing uplifting perspectives, the lower forces, the Luciferian space aliens and their discarnates and humans unknowingly in their service are allowed to wield their influence as it's part of providing a full range of choices to all humans, to look to and become kin with the associated thinking, behavior and ways. This is near impossible for those most in league with the Luciferian mindset, which is the dominant mindset, though anyone can simply ask whatever their idea of the Next Level is for help and strength to get through the challenges to gain glimpses of the option of who to become in allegiance to. All rebelliousness against the

thinking, behaviors and ways of the Kingdom of God is spawned by the Luciferian rebelliousness against the Kingdom of God/Heaven.

Those humans that are completely under the control of the Luciferians don't think of themselves that way at all. In fact many think they are righteously aligned with “God” in the various belief systems they were raised with.

An example of one of many ways the Luciferians continue to commandeer the minds of humans becomes apparent by the construction of the Christ Monument Built on the Rio de Janeiro hilltop that is a big religious tourist attraction, despite the fact that the beliefs that developed, largely stemming from the teachings of Jehovah through his servant Moses included not building and/or praying and/or serving (worshiping) things that are not living, like in the golden calf some of the children of Israel constructed while Moses was on Mt. Sinai receiving Jehovah's set of instructions. Of course this monument is just one of many examples of how the Roman Catholic Church has defied what Moses and Jesus taught, but it shows how subtle changes gather momentum that then justify even going against the Kingdom of God's instructions and that rebelliousness becomes the norm, while using the names and basic idea of the Kingdom of God's existence, the especially the “carrot” of the reward of going to heaven, the reality of which diminishes with every passing moment, the rebelliousness is expanded.

This expansion of the lower forces depicted in religion and spirituality is why why Do and Crew said that at this time especially, (though until this time, all things can be stepping stones), “Religions are the number one killers of souls,” because the truth becomes all but unrecognizable to those who are the generational product of that misinformation mind by the time the next incarnate Older Member representative from the Kingdom of God/Heaven comes with their elder student membership. This is why those who can no longer stomach much more than a token participation, if at all, in religious and/or spiritual organizations and movements, while still having a sense that there is a genuine Kingdom of God and that the truth can still be found in the records though they are not necessarily sure how to think about it all until the Older Members come close to provide their “tags” and “deposits” that literally enable their waking up when they come incarnate and what they say publicly becomes equivalent to a smelling salt. Even still, many are called - offered the smelling salt, but few choose and are chosen to be in the Older

Members classroom.

- The 1930's Dust Bowl is a literal demonstration of how literal darkness envelopes part of the land where the “third” are being migrated to in the U.S. is shown in the way the Sun, moon and stars are literally obscured (smitten)) through drought that stimulates many thousands to migrate further west. In the prime area for the third trimester, the United States, we see the great Dust Bowl peaked in the mid to late 1930's in the mid-west of Texas and Oklahoma, the eastern part of the prime area Ti and Do felt was their “classroom” territory west of the Mississippi River. During this “Dust Bowl” many thousands were forced to migrate and most chose to go further west, thus the prime area where the Next Level planned to send their Two Witnesses was to become populated by those who had not become so attached to their lands and possessions that they could not leave it all behind to try to find a new start. That's a Next Level way to not find any one spot satisfied as home. Jesus said, “The son of man has no place to lay his head.” Members of the Next Level while incarnate, counting students become nomads for various reasons. The Dust Bowl or aka the “Dirty Thirties” was so intense and thorough that there was no day or night at times because what were called “black blizzards” totally blackened the sky. Thus on a strictly literal level this entire prophecy was fulfilled during that time. It was caused by severe drought and erosion over some 100,000,000 acres that centered on the panhandles of Texas and Oklahoma and touched adjacent sections of Arkansas, Missouri, Iowa, Nebraska, New Mexico, Colorado, and Kansas. Thus it was caused primary by the Sun so was a “pounding” and “flattening” and forming/shaping of the landscape. The Dust clouds caused the largest migration in American history. In the decade of 1930 some 3+ million people moved away from these plains states. Even though many fled they also were further burdened by the “great depression.” This was a bigger migration than the gold rushes.

It's apparent that the Next Level simulates degrees of the manifestation of various calamities, which includes what humans without their mind in them respond to by stimulating warring among themselves and with the Next Level agenda, before and until the present, as well as in this example, drought, then to now, that escalates in severity to affect most, the THIRD areas and populations that most received the direct opportunity to have a relationship with the returning Older Members from the Next Level. They entire globe is

affected but the focus is on what has become known as the “west” and mostly the U.S. mainland prophesied as the “fourth part” in line with Daniel 7's fourth king/kingdom that is synchronized to the timing of the LAST HARVEST WAVE “winepress” application we are upon as we speak, with the upcoming 2016-2017 U.S. election of who will represent the Green harvest horse identified by a great deal of death and in the end “hell” when the the first heaven, the spirit world is also recycled in the Lake of Fire.

- As said, a major physical manifestation of the way the lower forces influence humans to respond to the increased light is seen through the start of wars, in this time frame with World War II. This even shows itself as a response to the Sun's light/fire/heat through the expression of the passions in all forms of sensuality but most in this time frame through anger, hostilities, greed and power mongering, that can be described as the POUNDING, FLATTENING, even akin to the forging of metal, the flip side of the way dealing with adversity can make some stronger in Next Level ways to military industrialization for war.

It was interesting to hear Amy Goodman, the radio journalist for the “Democracy Now” show on January 1, 2016 interviewing refugees from Afganistan and Syria, Iraq, the Sudan, etc., asking their opinion about the main motivations for the wars the U.S. has been engaged in for decades even over a hundred years. All four she interviewed said it was because the U.S. is profiting from the sale and distribution and usage of weapons, the number one export commodity of the U.S. It's also interesting that it was General Dwight D. Eisenhower in the 1950's as he was leaving his presidential office who cautioned everyone against what he termed the “military industrial complex.” A nation is motivated to build up it's arsenals to protect it's interests. They are then prone to use them. It even becomes military policy to use up what's been budgeted each year to justify further escalation of the arsenal which goes hand in hand with greater technological development that needs to be used to develop more. The old arsenal is sold to any who they are in bed with, even traded for what another country an offer in terms of resources or access to resources and/or strategic locations to further protect and insure access to resources and thus national security.

These nations buying or trading for weapons basically become addicted to having them and their upkeep is equivalent to how a drug dealer has an ever

increasing market by expanding their dealing and even profits from giving away his products to some degree in exchange for loyalty they become dependent on. Then when the people in any country dislike government policies they too can be helped to rebel against their repressive governments. And the cycle of war and having more and more reasons for war goes on. Meanwhile the citizens of the countries doing the most export of the war machines, as the U.S. is in no way alone pay little attention to the anti-war demonstrators and keep most of their citizenry in the dark by controlling the media and fostering the unlimited thirst for happiness that becomes satisfaction with what becomes the norm for those who belong to the nations that are the conquering powers. The public become anesthetized to the horror their governments enact on others they deem the dissidents and problem that becomes a threat to their agenda continence so the powers that be find ways to get rid of them and/or shut them up.

### **III.C.4.a. ZIONISTS IN GERMANY REPORTEDLY MAKE A DEAL WITH A DEFEATED GREAT BRITAIN TO GET THE U.S. TO ENTER AND WIN THE WAR AGAINST GERMANY ET AL, IN EXCHANGE FOR PALESTINE THAT IN SO DOING SETS UP THE CRITERIA FOR WORLD WAR II AND THE JEWISH HOLOCAUST AND THE CREATION OF THE STATE OF ISRAEL**

Wars are a huge evidence of darkness taking over as it enveloped the world in the mid to late 1930's, having brewed for millennium that is easily seen after the fact, in this case, coming out of World War I through the rise of the Third Reich in Germany under Adolf Hitler. It may not be a coincidence that it was the “third” ruling government that ended up being a primary force against all dissidents but mostly against those who were Jews and became what further stimulated the migration of the descendants of the “third” from the original tribes of Israel that rather than fight against those in their opposition or hope the conflicts would pass or not affect them significantly, prompted some to become refugees to escape that resulted in many entering the U.S.

So called Christians, but really largely (gentile) non-believers in the real Kingdom of God/Heaven, unknowingly became the pawns of the Luciferian discarnates to stimulate yet another war, this time by creating the conditions that would bring Adolf Hitler's Nazi party into power, who justified targeting largely the Jewish and Gypsy communities and waging a major war of aggression that spoke of world domination and did so according to Hitler as a matter of “providence” - fated by God - the irony was which “god,” though the whole matter was part of the real genuine Kingdom of God's experiment to use the Luciferians' desired influence to provide a testing ground for upcoming Souls to gain strength by combating. The pain and suffering of war is short lived but it is through dealing with it or fleeing it that vehicles develop that can become the “containers” returning growing Souls can take over at the appointed times to make into their footstools into membership in the Next Level, through the hands on direction from the incarnate Older Members, who in this part of the timeline were still to come.

Isa 45:7 I form the light, and create darkness: I make peace, and create evil: I the LORD do all these things.

Here is a short synopsis that is largely the view of a vocal former Jew named

Benjamin Freedman, who was part of the delegation of Jewish business leaders from the U.S. at the Paris treaty talks in 1916 who sat at the table with Woodrow Wilson and later had experience with Franklin Delanor Roosevelt and various Jewish leaders in the U.S., England and Germany to bring some truth to what led up to World War II and actually seems to have application to the current war in Syria and the Middle East and throughout the world in what is today called the “war on terror” but that he referred to in the 1960's as the upcoming THIRD world war.

Hitlers rise to power came out of the World War One Treaty at Versailles in Paris that put major reparations on Germany who were defeated in World War I. A number of factors advanced that war but in large part was most stimulated by a combination of England's rivalry and fear of German aggression, France's fear of German aggression and desire to regain past losses of territory from the earlier Prussian/German French war, the Russian Soviet Unions earlier loss in a war with Japan and Germany's associated fears of aggression by France, England and Russia and various economic interests and treaties between these and other parties to include Italy and the Turkish Ottoman Empire and the Austria/Hungry empires.

These various empires had been in competition with one another throughout the records and at this time in the 1930's when the ban on Germany's development of armaments had expired they were quick to build a Navy that rivaled Great Britain's navy so was potentially threatening England's vast colonial empire they maintained by managing the various sea routes. It's the maneuvering among these powers that fosters efforts to either/or try to stimulate conflict and/or takes advantage of incidents that can spring a nation to war.

Two years after World War one broke out, Germany with Austria-Hungry and Turkey as allies had defeated England, France and Russia yet offered them an end to the war while agreeing to keep all borders as they were before the war. This defied the imagination unless Germany really didn't want to start that war in the first place as in that two years Germany didn't lose any territory so why be willing to call it quits? England was a week away from starvation due to the surprise successes of the German U-boat campaign to destroy their commercial fleets and blockade them. They were out of ammunition and nearly out of food. France had lost some 600,000 of it's

youth and mutiny was rampant and the Russian army was defecting as many hated their Czar and the Italian army had collapsed.

But the German Zionist Jewish leaders in Germany, who had risen to leadership in German banking, industry and the media weren't happy with the German government and military leadership and war outcome and wanted what they considered their Jerusalem based homeland back, which is most of what defines a Zionist, so went to England's war cabinet and conspiring with the British Zionists presented a plan to get the U.S. in the war in return for their getting Palestine to make into their Jewish commonwealth. The British agreed and conspired with the then pro-German American Zionists who had risen to the same kinds of leadership in banking, industry and the media in the U.S. as they had in Germany.

Overnight the U.S. media produced propaganda against Germany and persuaded Woodrow Wilson, who evidenced wanting to get into the war even before then, to manipulate events like using the passenger cruise ship the Lusitania to transport weapons against the rules of engagement they sort of respected with Germany. As they also broke the communication code that dispatched U-boats they knew where they were so could provoke them and have an excuse to declare war against the German axis, largely for the prospect of profit and a foothold on middle eastern oil, but no doubt because of this Zionist deal.

Over a year before the war ended the Zionist leaders had the British draw up the Balfour Declaration, even though Great Britain had no authority to give those lands to the Zionists. However, the middle east was carved up and much of the area was now under the influence of the British, French and U.S.

Then at the treaty in Paris after the German defeat, as they were about to carve up the Turkish Ottoman empire the Zionist delegation from the U.S., England and Germany pulled out the Balfour Declaration showing they were guaranteed Palestine which is when the German delegation learned of the deal and were outraged that they were betrayed by their fellow German citizens. Before that time, Jews in Germany had it great but this began the building of persecution of Jews by Germans though had nothing at all to do with their religious practice. Still there was no violence against them - just discrimination and shunning - forcing them out of economic leadership positions and their near total media control because when the Mark was

devalued due to the treaty Jews brought in foreign money to buy up everything they could. The Jews in Germany were considered the communist party leaders but they were called social democrats in Germany but had come largely from Russia when the first Russian revolution was put down by the Czar causing many to flee persecution in Russia.

It is thought that these eastern European and Russian Jews were the Khazars, a Turkic people that were considered the Ashkenazi Jews who settled throughout Europe. Khazar's etymology translates as those "to ramble, to roam" a largely nomadic people considered to be from the "steppe atlantis" made up of people with white/fair skin color with red hair and blue eyes and people that had a swarthy (black) skin. They were by some researchers the product of three kings genetic lines from China, Byzantium (Turkey, Armenia) and Khazars which is mostly around the Caspian Sea and in the Northern Caucasus mountains south of Kievan Rus.

This is interesting in light of the prophecy of the people and prince Gog of the area considered to be Magog where there is yet to be a final battle/war, set for 1000 years after the American and European "beasts" are fallen and largely destroyed as described to occur during the time of the 6<sup>th</sup> Angel's pouring out of his vial which is also shown in the 6<sup>th</sup> Seals opening synchronized to the Next Level "armada" close apparent proximity that the BEASTS (U.S. and E.U.) are mounting an attack of. More on that later.

To combat the German's new Jewish discrimination, after a couple Jewish leaders tried to take over Germany when the Kaiser fled to Holland, fearing a communist overthrow like had occurred in Russia, that only lasted for three days, the Jews organized a World Conference of Jews in July of 1933 in Amsterdam in which they demanded that Germany fire Hitler and restore Jews who lost their positions back. When the Germans in power didn't back down to the Jewish demands from the conference, American Zionist Mr. Untermyer, the president of the conference and the head of the American delegation returned to New York and immediately made a radio broadcast via ABC that said, "The Jews of the world now declare a Holy War against Germany. We are now engaged in a sacred conflict against the Germans. And we are going to starve them into surrender. We are going to use a world-wide boycott against them, that will destroy them because they are dependent upon their export business."

Untermeyer was able to combine his boycott with Roosevelt's boycott on businesses that didn't follow the new deal rules and this really hurt Germany as they were only allowed by the Versailles treaty to import food with the proceeds from their exports that were now being boycotted. The Jews of the world boycotted German goods and it was very effective. If someone found a dish that said, "made in Germany" on it, people would picket that store with signs that said, "Hitler," "Murderer," etc. The Jewish Strauss family owned Macy's department store chain and ceased buying German made goods.

When Germans saw what was happening and were going to face starvation and knew that it was because of the Jewish instigated boycott of their goods, they began boycotting the Jewish businesses in Germany, painting swastika's on their stores. That continued until 1938 when a young Jew from Poland shot one of the German officials in the German Embassy in Paris. That's when violence against Jews in Germany broke out.

At the same time, Germany didn't want to see the communists that had eventually formed the Soviet Union from Lenin's Bolsheviks by 1922 repeat itself in Europe. They wanted to keep Europe mostly Christian so they began to rebuild their armaments.

So it's not a coincidence that the Jews were targeted in World War II, but these were largely the Jews whose ancestors had rejected changing when they had the chance to change. Though the snare people fall for is necessary to accompany them in their lives to provide choices to grow through, like Jesus said:

Mat 18:7 Woe unto the world ((human occupants)) because of offences ((skandalon= a trap stick, bent sapling, occasion to fall, stumbling block))! for it must needs be that offences come; but woe to that man by whom the offence cometh!

These stumbling blocks are used by the Next Level to filter out which vehicular strains are choosing to become waste from among the descendents of the "children of Israel" that may have long since abandoned any relationship with the One True Kingdom of God/Heaven they might have once been aligned with. The rebellion of those who all were part of the same Jewish peoples started in earnest in the Moses camp.

After Moses and Aaron left it only got worse until what had prevailed in customs and practices in that first trimester classroom encampment had become totally corrupted from what it was instigated to teach. As it is today that waste by their own choices end up assisting the Next Level's "removal of the tares," as Jesus spoke of, that Do wrote about in the "info Ad/Statement" they published in the national and international newspaper, "USA Today" on May 27, 1993, entitled, "UFO CULT" RESURFACES WITH FINAL OFFER in this excerpt:

"The true Kingdom of God, the "Headquarters" of all that is, is a many-membered Kingdom which physically exists in the highest, most distant Heaven – a non-temporal place (outside of time, and with eternal life). It is the only place from which souls, life, and all creating originates. Being non-temporal, it was, is, and forever will be – a concept that we, as temporal creatures, are not designed to comprehend. That Kingdom designed the "temporal" world outside its "borders" and designed its temporal creatures to have a progression of bodies or "vehicles" (through kingdom levels, such as animal and human) for souls to evolve through. If the Soul survives and moves forward through all its tests along the way – it can, with the help of a member of the true Kingdom of God, lose its temporal characteristics and become a part of their non-perishable, non-corruptible world. However, all other souls who reach a certain degree of corruption (having of their own free will chosen to become totally separate from their Creator) will engage a "self-destruct" mechanism at the Age's end, manifested when opposing camps, be they human or "Luciferian," come together and destroy each other – thus assisting in the plowing under of the "garden" for the Creator."

We will soon see parts of history repeat itself from 2000 years ago as the "Beast" Atheistic, often pagan and/or Christian pagan hierarchies seek to dispose of all who they see as a threat to their well being. It seems to be approaching, perhaps mostly during the 5<sup>th</sup> Seal's opening, just like the Jewish priests of the religio-political parties referred to as the Pharisees and Sauducees, spawned the pagan/gentile atheist government to kill off those former Jews who believed in Jesus, party depicted as the destruction of Jerusalem in 70 AD and the siege at Masada where the Jews chose suicide for themselves and their families than the fate awaiting them from the advancing Roman soldiers that would have been a greater horror to deal with - to watch them rape and torture one's family young and old. The Jews in power at the

time of Jesus were just as in league with the Roman pagan government as we see Christians in league with the United States government today. With the next president of the United States there will be more and more reductions of all the initial ideas that made the United States special, which will stimulate more and more revolt and thus will become an excuse for a bigger and bigger security state.

Even still as it is a Next Level way, those Jews that saw the, so to speak, “handwriting on the wall” at the appointment of Adolf Hitler to Chancellor of Germany in 1933 and subsequent events against Jews who sought to leave Germany soon thereafter, were those that escaped that termed, Holocaust. For these, in a few short years it would become more and more difficult to leave. Jews were soon stripped of their German citizenship so lost their civil rights. They became persecuted and segregated and eventually shipped off into death camps by the thousands and thousands over the next ten years. Most were tricked into boarding the trains, thinking they were getting to leave the ghettos for some better place. Some put on their best clothing and when they got out of the trains some even tipped the soldiers. When they turned in their valuables, they were given a record. Before being gassed they were told they were going to a group shower and had to take off their clothing. They turned them in and everything was recorded and folded so there would be no suspicion. The Germans in charge learned to tie shoes together so they didn't end up with many mismatched pairs. The women's hair was cut short. It's hard to imagine no suspicion but then most were already too weak and sick to complain.

Those who waited too long to leave could not find a country to take them even though there was a conference in July of 1938 organized by Franklin Delanor Roosevelt in France to try to encourage countries to take more Jews. Of the 32 countries that attended only the Dominican Republic took more than their normal quota of Jews. To leave, most Jews had to leave their valuables behind. For those that let their possessions stand in their way, they soon lost them anyway. In retaliation for the assassination of German diplomat Ernst vom Rath in Paris, SS Propaganda Minister Joseph Goebbels announced a government-sanctioned program against Jews. In Germany and Austria on the night of November 9-10, mobs beat, raped, arrested, and murdered Jews. The mobs also ransacked Jewish-owned stores and burned down synagogues. Firefighters and other government officials stood by and

watched the destruction, only helping if non-Jewish businesses or homes were threatened. This became called “The Night of Broken Glass (Kristallnacht)” and from this point on to be Jewish meant you and your family were treated much like cattle, segregated into ghetto's, deprived of decent food, water and shelter and prohibited from leaving, followed by being shipped off to what ended up being death camps.

These verses may refer to that time: A Reference to Kristallnacht:

Isa 13:16 Their children also shall be dashed to pieces before their eyes; their houses shall be spoiled, and their wives ravished.

Isa 13:17 Behold, I will stir up the Medes against them, which shall not regard silver; and as for gold, they shall not delight in it.

Isa 13:18 Their bows also shall dash the young men to pieces; and they shall have no pity on the fruit of the womb; their eyes shall not spare children.

Reference to the death camps:

Isa 3:24 And it shall come to pass, that instead of sweet smell there shall be stink; and instead of a girdle a rent; and instead of well set hair baldness; and instead of a stomacher a girding of sackcloth; and burning instead of beauty.

Jews and Gypsies that were gassed first had their hair cut off. After gasing their bodies were burned in mass. The Children of Israel were considered by the Lord to be the “high ones” and the “kings of the Earth” picked for the opportunity to evolve beyond human.

Isa 24:21 And it shall come to pass in that day, that the LORD shall punish the host of the high ones that are on high, and the kings of the earth upon the earth.

Isa 24:22 And they shall be gathered together, as prisoners are gathered in the pit, and shall be shut up in the prison, and after many days shall they be visited ((6485 paqad= appointed)).

Jews were even classified into thirds with one third consisting of mixed parentage and religion being given leeway to escape persecutions which is in line with the same percentages spoken of in Isaiah.

However, this was by human choices and Next Level closeness opening up a last ditch effort to give those of that Jewish heritage a chance to distance

themselves from that heritage that had found disfavor with the Lord in their rejection of much of the Jehovah/Moses laws and then of Jesus, to find a new land to start a new life within.

The latest genetic strain the Next Level first began to work with to groom them to become the foundation for the planting of Souls (seeds) that they would nurture to graduation were documented as the Children of Israel. Most of that strain became significantly corrupted, even two thirds of the initial tribes and the Next Level by their rejection of all who the Next Level sent, the prophets after Moses to include Jesus whom they conspired to murder, fearing the loss of their own status with the government, as more and more people saw the truth in what Jesus taught, would not be without consequences. Jesus said they would be cut off and the Kingdom of God/Heaven would come to a new people and that strain would become "waste."

However, until it's actually recycle time, which we will all know about as we will no longer have an infrastructure of communication or government to look to, each still has a chance to reach up to the Kingdom of God from the most distant Heavens to seek their will for us. This is their garden earth and they designed our life forms so they make the rules whether we like it or not, though they are exceedingly fair and just in providing us all options over many years but if we keep refusing their help and acknowledgment of their existence and purpose then we are genuinely not of any more value than the blades of grass. The longer we wait to reach up to them the more our mind becomes set.

When someone dies with a certain mindset, it is like a software program that has become firmware. In other words it becomes hardwired in the frequency structure we call a spirit. Spirits don't stop trying to play themselves out. They gravitate to existing physical bodies to promote all their programmed behaviors and ways. If they were programmed to want to kill Jews, they remain with that programming. The Romans tolerated the Jews only because they didn't want a revolt on their hands. So they killed Jesus at the behest of the Chief and High Priests of Judaism and continued to hunt down Jews they saw as problematic.

Those that maintained what had become the status quo religious Jews were no threat. But they were always on the watch for anarchist charismatic

leaders who could stir up the people and though Jesus was not political, he certainly stirred up people. He was seen in what today would be called a dangerous cult because when there are people willing to die for their belief in someone they can't be bought off and they sow seeds of the same which increases the likelihood of future rebellions that the powers that be always seek to anticipate and short circuit.

The Next Level as they had begun to prepare for the third trimester spawned the Luciferians to try to mount their strategies. I suspect Lucifer thought the return of Jesus would come through the Jews again so he convinced Hitler to start various programs in the analysis of children as Lucifer knew the Next Level's *motis operandi* was to “tag” a human baby or child for later use by the Older Member coming incarnate.

Isn't it interesting that we have the story of the baby Moses who was put in the river to escape being killed. And we have the story of Joseph and Mary escaping Herod's decree to seek out Hebrew children to kill them as he believed it would be through a Hebrew child that the messiah would come. Again, this all makes some sense when we realize that the Luciferians who are discarnate and yet very conscious of mounting a war against the Next Level to hopefully steal away souls to their camp situate themselves as spirit guides to the rich and/or powerful as it is through these that the Luciferians can wield the most influence over others.

Ti and Do taught that Members of the Next Level don't identify themselves as the vehicle they wear/occupy. They value their vehicles as instruments they are the pilot of. When incarnate they value their vehicle's as the necessary stepping stone, the conquering of which is essential to completing the coursework. This is why a student must learn to control their vehicle 100% according to the all important CURRENT LESSON PLAN of the most recent incarnate Older Member as one of the biggest forms of that control is demonstrated by giving our will to our Older Member, trusting them explicitly. That trust is built by being with the incarnate Older Member but it begins with believing EVERYTHING they teach whether we are with them physically or not because everything we learn and grow into becomes ours to build upon when the Next Level brings our Soul back again and that becomes the “proof” we spring forward from and is spoken of as “faith.” If we truly believe in everything a past Older Member said but we don't recognize the

latest Older Member's Mind, what they say and teach and do, as the equivalent (with updates) then we are not choosing to be in that Older Member's family/fold. We are not going to understand everything an Older Member says to the degree they hope for us to understand it unless we are willing to be their student even without understanding all they say. However, if while with the Older Member, we allow our brains to entertain all the doubts and dwell on them, then we miss the receipt of the ingredients that will lead to further understanding and thereby 100% belief and faith in everything they say.

In other words, we will have doubts, however subtle, even when we think we don't have any, but we don't let them dissuade us from continuing to believe in the Older Member. We simply choose to accept that we will come to know certain things when the Next Level decides it's time to reveal them to us. Only Older Members from the Next Level actually live up to deserving this degree of trust, while those that don't believe will see it as our being brainwashed or mesmerized or swayed by some type of charisma or by lures of promises, etc.

Ti and Do are accused of luring students because they changed their perspectives, yet with each change some students left and as it turned out had not joined them with a realistic perspective of what would be required of them. For instance if they joined because Ti and Do said they were the Two Witnesses, they were depending on that for their faith while true faith is only based on evidence that is unseen. If they joined as some did because they liked the idea of going to space on a UFO, they won't last. The Next Level filtered these out by having Ti and Do innocently schedule pick up times, fully believing they might be picked up. Ti said after the pick up time she scheduled didn't result in a pick up, that she felt like she had "egg on her face." However, it didn't change who she knew she was and she didn't make any excuses for why it didn't happen.

All the various false prophets and false Christians who make predictions that don't come true usually say something like, their calculation wasn't quite right, or God changed his mind or it was because the students did not believe or that it was a test of faith or something. Ti and Do said nothing. Do told us how Ti felt and there was never talk of why it didn't happen. I have concluded that it was a vetting of some who were still hanging onto some

mystical or spiritual idea of God and Heaven or to just experience going to space instead of strictly wanting to be with their Older Member and learn all they could from them.

In 1991-2 years after Ti had left her vehicle, Do also scheduled a pickup that didn't occur and again shortly thereafter a few long time students left. It doesn't mean those long time students left for that reason. I can't speak to that except in my own case. As I recall Do didn't claim to KNOW we would be picked up. It's not like he stated it as a prediction. He felt he had instruction to plan on it for that date so he found a spot in the desert, about 100 miles west by southwest of Phoenix, Arizona where we set up camp and waited. When it didn't happen, it was, "okay, what's next Ti." Further speaking of how it seemed Ti and Do were really following their Older Member's vetting program, starting in the mid 1980's, I'd say about once a year that Do continued after Ti exited, the entire group of students were instructed to stop whatever they were doing, situation oneself in some form of private space and open their minds to the prospect of whether there was something they wanted to do in the world, someone they wanted to be with. Except for these times we had the opposite instruction. We were to block and abort and send packing any thoughts of return to worldliness. former loved ones and activities. They said they would do it as well and they said they hated doing it. They said it was like seeing if the snake pit held any attraction to them, just in case it still did. After less than an hour they'd send word to stop and put it out of our minds again. In case someone wonders, they never gave this instruction surrounding any specific department of worldliness. For instance they never said to spend time opening up to being sexual again, though they didn't say specifically what we could or couldn't think about when they did have us open that door.

It was 10 years after I left before I came to understand how I was still subconsciously clinging to my "self" thinking of myself as elevated even by being ready, willing and able to become a martyr. I'm not saying I didn't bond with my Older Members. It's not all or nothing. But I still held onto this relationship with a "booger" that provided me with this inflated idea of myself. That booger is still with me. He's my adversary and I've come to recognize his thoughts in my head though am also still caught by surprise at times. That's the way having an adversary works. We shut one avenue and they try another. That's why it's described as a battle or war - it's a continuous

exercise to keep the upper hand on.

One example of how I let my booger use my vehicle is when I would slip into trying to impress someone with how much experience and what I know about Ti and Do and the Next Level, so said something to the affect that I was the “most outspoken” of those that today are working for Ti and Do to disseminate their information. Carlan, who was Crlody in the classroom, thus a dropout like myself but who also continues to believe in Ti and Do, learned that I'd said that and called me on it and I recognized immediately that I had slipped. One can think it was getting caught expressing such that was the slippage but really it was allowing myself to believe it. After all it didn't even matter if one could do an evaluation of whether it might be true in some way or not. The point is that a member of the Next Level doesn't think that way. They don't say things to try to impress others with themselves as they don't measure themselves against any others except for their Older Member. That's who they are seeking to measure up to. And how can one actually measure who is doing more anyway? Would amount of words used be an indication? If that was the case Ti would be less than Do as Ti used far less words. So it's all about whether we elevate ourselves or seek to be elevated by others or is we elevate our Older Members. The first way to change this preoccupation with self is to cease expressing it that goes hand in hand with aborting any associated thoughts, as in the way Jesus said, “get behind me Satan” when he had thoughts of how mighty a king he could be in the human kingdom. We all must come to recognize the voices of our adversary (Satan) and stop them short and if we slip, own up quickly and change our mind. It's not important that we get rid of such thoughts because Ti and Do said, while in the human kingdom, you will have a continuous bombardment from the lower forces to deal with. What's important is how fast we recognize them and put up a “blank card” to them to where you can grow to not even hear the words in our heads but will simply as Ti said, “smell” them coming.

Ti and Do said that our vehicles would not be given physical proof if it is possible for us to graduate in that lifetime with that vehicle. Before then, one can be given physical proof as with the disciples of Jesus and the disciples of Moses and certain others. What constitutes proof is yet another subject. For instance, one of the 38 graduating students named Smmody, in an older female vehicle said she saw two beings tending to another classmate one night by their bunk. This was years before a number saw the two beings

while they were living in Tucson, AZ in 1995, while others felt they saw them also but in a dream. Dreams are not proof though the Next Level does use dream-time sometimes to help us with our lessons. They don't use dreams to tell us to do things. The lower forces also use dream-time, which is why the Next Level don't issue instructions via dreams. We have heard many times how someone killed someone saying God told them to do it whether in a dream or a vision or hallucination. That would clearly be a false God. Some new believers in Ti and Do have told me of a dream they had with Do in it. First off, no one is going to have a dream if they are not asking for communication, aka prayer, that is NOT saying specific words that we don't really understand the meaning of.

Ti and Do also said that crew members could be assigned a task to take soil samples, or deliver a message to someone, what the term “angel” actually refers to. I suspect messenger tasks are for those who are more trustworthy. To graduate the human experience to receive an adult Next Level body these “stars” need to still be willing to enlist into the next Overcoming Classroom on Earth that will require them to sacrifice their existing vehicle. If while on a mission, they fail to follow instructions or say or do anything with humans that could influence humans to go against the Next Level as was reported in Genesis chapter 6, where the “sons of God came into the daughters of humans” and produced offspring, then they have seriously rebelled against their Older Members and eventually after what Ti and Do said were many opportunities to recover lost the relationship and future they once could have had. Influencing others is a major offense. From the records one called Lucifer influenced other student members of the Next Level to rebel with him and then went directly against the Next Level in relationship to the humans.

#### **III.C.4.b. APPLICATION OF THE FOURTH ANGEL’S TRUMPET SOUNDING TO THE LAST HARVEST WAVE THAT IS MOST APPLICABLE DURING THE TIME OF THE OPENING OF THE FOURTH SEAL - THE GREEN (HARVEST - DEMETER/CERES) “HORSE” IDENTIFIED BY DEATH OF THOSE IN THE FOURTH PART - THE U.S. STARTING IN EARNEST BY 2017 THAT FURTHER SOLIDIFIES THE BEAST’S NEW WORLD ORDER**

These next verses describe more of the literal application of what's to come during the end times we are in the midst of and these seven angels trumpets

herald that is echoed in the plagues/calamities that come during the LAST HARVEST WAVE of the winepress and great tribulation which gets under way after the Two Older Members and their first fruit graduates have left their incarnations. This part of the timeline is most equated with:

Rev 16:8 And the fourth angel poured out his vial upon the sun; and power was given unto him to scorch men with fire.

Considering this can be shown to apply to the part of the timeline after the Two and their Students have graduated, leaving their human containers (vehicles) behind, it seems to relate to:

Rev 6:8 And I looked, and behold a pale horse: and his name that sat on him was Death, and Hell followed with him. And power was given unto them over the fourth part of the earth, to kill with sword, and with hunger, and with death, and with the beasts of the earth.

Note “power was given unto them over the fourth part of the earth with sword....” A sword is the depiction of war though that can take any number of forms - basically being people killing one another because of “fire” - the passions - anger, vengeance, jealousy, hatreds, bigotry, self righteousness, addictive behavior, etc. This applies to the fourth part of the earth which seems to be the U.S. mainland.

Rev 16:9 And men were scorched with great heat, and blasphemed the name of God, which hath power over these plagues: and they repented not to give him glory.

Here are some of the prophecies in the Old Testament expressing this time frame to date and how the earth civilization will not be spaded/recycled by water this time around but by heat and fire, as we see escalating around the world, spoken of as “global warming” non-believers in the real existence of the Next Level think is totally human stimulated and that they think they can change to save the world and humanity:

Mal 4:1 For, behold, the day cometh, that shall burn as an oven; and all the proud, yea, and all that do wickedly, shall be stubble: and the day that cometh shall burn them up, saith the LORD of hosts, that it shall leave them neither root nor branch.

The “day” or period of time this Old Testament prophet is speaking of is the “day” as in “period of time” of final judgment when the planet literally become overcome by great heat described as the “lake of fire,” most likely from a combination of objects from space, drought, earthquakes and erupting volcano's. To date there are more erupting volcano's than at any time noted before and these things were always noteworthy in the historic records as were great earthquakes and falling objects from the sky, etc. People always talked and wrote about these events.

2Pe 3:7 But the heavens and the earth, which are now, by the same word are kept in store, reserved unto fire against the day of judgment and perdition of ungodly men.

Note in both examples it's the ungodly or wicked that are burned up. This coincides with the way Jesus illustrated that the “tares,” the seed that grow up to look the same as the wheat, but were planted by the Luciferian fallen angels (enemy) are pulled up (vehicle's die and spirits or souls slated for the second death) following the FIRST stage of harvest.

Mal 4:2 But unto you that fear my name shall the Sun of righteousness arise with healing in his wings; and ye shall go forth, and grow up as calves of the stall.

Fear has become a word some think justifies thinking of the Kingdom of God/Heaven as evil, that is they say, if they exist, yet tactics to dissuade humans from seeing the truth.

What is meant by the use of the word “fear” is actually more accurately represented as “in awe of” or “in respect of” though not exclusively. If you are a young child and you want to touch the burning hot wood stove, the parent would be completely loving to instill a proportionate fear into that child so they can stand a chance of not having to learn such a lesson by badly burning themselves.

To grow up AS calves of the stall is not saying humans are equivalent to calves, though calves in a human's farm can be treated very well by their human farmer in return for what they can provide in service, as in pulling a plow or providing milk for cheese or even beef to support their family. The Next Level do not need humans to look to Them as masters but in this

analogy if the calve could become part of the human family, to even live in the same general household and help that family in more advanced ways then it can be understood why the Next Level would want humans to seize the opportunity they provide to advance to their Next evolutionary level. I believe Do once said something to the affect that if it would work to force someone to see the reality of the Next Level and how great their life would be in that Next Evolutionary Kingdom then he would. But he knows that would not work. Each individual needs to arrive at a place of recognition that is enough for them to want to force themselves, their vehicle to give 100% to a Next Level graduation program when it's offered. When it's not offered it's live by the last behaviors and ways and instructions provided, like with Jesus, to "love (give to) your neighbor as (you want others to give to) yourself".

-“men (humans) scorched/burnt with great heat/burn/light” doesn't look like the “lake of fire” part of the recycling as there is still a chance for some to change though it's apparent that some will be in their way railing against the Kingdom of God/Heaven and not “changing their mind” (repenting) to recognize that this heat is the Kingdom of God's doing. Perhaps they will be denying the existence and the primary responsibility of the heat as because it's the Next Level's judgment time. The judgment is in how people respond and to whom they give their allegiance, who they trust with their lives and who they recognize as having created them. This is the last chance for the Next Level to know whose spirit/Soul and even part of the genetic tree to save for a future re-planting and new overcoming classroom after the recycling period.

Since this fourth trumpet sounding and it's subsequent fourth angels pouring out of vials are not the last opportunities to show our allegiance to the Next Level, we know that the events that surface to show these prophecy fulfillments will be gradual and able to be denied as resulting from direct Next Level instigation (as with weather related events) or indirectly by the Next Level stimulating the truth to come manifest that is like putting a flame closer than it has been to an ant mound, causing some to panic because their adaptability was absent. Humans who don't keep looking for the truth of what is most real in their world view then become overwhelmed when more truth is forced on them, via more surfacing from the humans who have more truth to report, and respond in whatever ways they have let dominate their mind. An example would be considering as potentially true, the so called UFO

phenomena reports. If someone didn't let their mind go to a place of considering the existence of space aliens, even on or around or inside the earth, then they haven't prepared themselves for further evidence of that reality. The same with governmental events. If we go through life thinking consciously or subconsciously that we can trust what our government tells us through the various media sources, then we are not recognizing how much is propaganda to foster support for whatever agenda exists and history then shows us how many events were the result of such propaganda to motivate the people to fight wars, etc. Then if someone suggests a conspiracy to some it will sound far fetched, though many examples can be provided on how it's largely business as usual to mislead the masses when deemed needed by the ones in power. We can so trust what we are told by those who seem to be most intelligent that we suspect any critical thinking because of how upsetting it is to find our foundation in nationalism or religion or some science foundation shaken when we have built our life and ego around. Those that don't go along then become seen as dissidents and trouble makers who foster further rebelliousness and seeming anarchy and even terrorists or terrorist sympathizers that then seem justified to eradicate or stop from influencing others to their views.

**III.C.5. FIFTH TRUMPET/FIRST WOE - 1940'S - 1960'S - THE ARRIVAL OF SOME OF THE RETURNING STUDENT BODY (SAINTS) VIA INTENTIONAL CRASHING OF PRIMITIVE MODEL NEXT LEVEL SPACECRAFT (UFOS) AND THE OPENING OF THE "BOTTOMLESS PIT" - THE INNER EARTH JAIL CELL FOR THE LUCIFERIAN FALLEN ANGEL SPACE ALIEN HUMAN EQUIVALENTS THAT SIGNIFICANTLY STARTS THE UFO PHENOMENA IN THE U.S. - INCLUDES EVENTS IN FIRST HARVEST PERIOD THAT ARE MANIFEST DURING THE LAST HARVEST PERIOD SHOWN IN REV 16:10**

Rev 8:13 And I beheld, and heard an angel flying through the midst of heaven, saying with a loud voice, Woe, woe, woe, to the inhabitants of the earth by reason of the other voices of the trumpet of the three angels, which are yet to sound!

Bright visible eye comets and/or fireballs make their "woe" statements just by appearing. Humans have for millennium responded to these with awe and

fright as a portent of calamity to come. That's not without reason as they do act as stimulus to think about the heaven's and the creation and our relationship, if any with the Above Human Beings that created our entire natural reality.

Comets may seem innocuous, but we have no idea what their tails are spreading into the Earth's atmosphere and electromagnetic field that instigate subtle changes that can be like crop dusters. In fact meteor showers have long been considered to be from comet debris. Fertilizer is that which stimulates growth by stimulating the immune systems of plants that either spurs them forward or causes them to self destruct as a way cleaning up that which the Next Level considers to be waste.

Comet C/1941 B2 - De Kock-Paraskevopoulos was viewed with unaided eye in January 1941.

Even if there are many comets, there are relatively few that are viewable by the unaided eye and during this period of time there were none but one recorded that I have found, thus it seems considerable to link this comet with the messenger from the Next Level whose disclosure (voice) is announcing the three “woe's” - alerts and waring to pay attention to what's next associated with each of the remaining three angel's trumpet soundings.

Rev 9:1 And (the) fifth angel sounded, and I saw ((1492 eido= understood, perceived)) (a) star ((792 aster - star like solid object(s) strewn across the sky)) fall ((4098 pipto= probably akin to 4072 petomai= alighting to fly down)) from heaven ((3772 ouranos from 3735 oros= through idea of elevation), the sky, firmament above the earth, starscape, etc.)) unto ((1519 eis= point reached or entered and/or purpose, among. as, at, (back-)ward, concerning, to continue, set at one again, to (be, the end, -ward))) (the) earth: and (to) him ((846 autos akin to 109 aer= “air,” indicates a spiritual persona or self, singular or plural thus, THEM (selves))) (was) given ((1325 didomi= adventure, bring forth, commit, deliver, grant, offer, shew, suffer (effort), utter, yield)) the key ((2807 kleis from 2808 kleio= as in having the authority as part of the design of the “classroom” to open/shut the lock on the prisoners)) of the bottomless ((12 abussos from 1 a (negative particle) and variation of 1037 buthos= depth-less, “abyss,” deep, mystery)) pit ((5421 phrear= hole in ground, an abyss (as a prison), well)).

As before, a star alighting down (falling) from heaven (sky, outer space), but this time it falls or lands to Earth (literal ground and/or human inhabitants) and involves the bringing forth of a committed adventure as a delivery that has to do with the “locked” or closed up (key) mysterious depth-less (bottomless) hole, dug or obtained for holding something (pit). We know this isn't an object for several reasons, firstly because the pronoun “him or them” in included plus to perform a task requires someone to perform the task.

Considering the timeline described as the 1940's-1950's when most so called unidentifiable flying object (UFO) crashes with bodies were reported, largely in the U.S. Southwest between Texas, New Mexico and Arizona, the connection to this prophecy becomes apparent. Do said this was the time period of the student body's arrival. He was hesitant to say this at first though he later realized why, as there were reports of alleged crashes that seemed by their descriptions to be staged by the Luciferian space aliens themselves and/or humans under their influence seeking to generate confusion as to which alleged crashes were real and at the same time distracting from which were Next Level stimulated - in other words the Luciferians were creating facsimile crashes.

Ti and Do didn't initially teach that they arrived by intentionally crashing spacecrafts. They initially suspected some reports of UFO contactees and abductees were representative of Next Level activity as they knew they weren't informed as to all the tasks the Next Level was doing on the planet. They knew what their task was and anything else was interesting but they assumed if they needed to understand it they would in time or would only understand it upon their return. But some of the reports of the behaviors on board the spacecrafts made them question their initial understanding. Ti at one point expressed, if these were Next Level Members doing some of the things being reported there would be a lot of changes when she got back and they would have to answer for their behaviors. I don't recall her specifying what behaviors but I can imagine that sexual activity would be high on the list of things the Next Level would have no use for. The Next Level knows well how to grow humans by the billions so certainly don't need to do such things. But the space aliens don't know how to grow humans except by combining eggs and sperm that they must be in an earth environment for.

I believe it was around 1980 that Ti and Do told us they might return to the

Next Level ahead of us, their student body. It's interesting that as it turned out Ti did exit before Do and their student crew. Leaving your physical body was exiting, even though in the human kingdom the spirit doesn't necessarily go anywhere else, but often stays around the same genetic family and friends they had while their vehicle was alive.

This was years after they had updated their initial belief in the Two Witnesses prophecy that indicated they would be killed and would resurrect and ascend with their healed bodies as they believed the prophecy described. They never based their actions on prophecy. Before they were aware of the Two Witnesses prophecy they had awakened to knowing they had both come from the Next Level, here to bring updates to the Bible and to fulfill prophecy, though it was months later that they discovered what prophecy. In those months they studied every bit of information they could find in an effort to learn what prophecy they were to fulfill. Nor did they ever play up being the Two Witnesses. In fact when they came upon the Two Witnesses prophecy they were not at all comfortable thinking this was talking about them as they had both individually felt repelled by people saying they were the reincarnation of this or that personality. Like, how many Cleopatra can there be anyway, they thought. So thinking of themselves as the Two Witnesses was not a welcome idea. But they knew they must accept it to perform the task they were still trying to figure out the scope of.

When they realized this was the prophecy to fulfill, they made little business cards and would leave them on church pulpits and then run out of the church before anyone could see them and question them. One time they even visited with the group called the Summit Lighthouse in Oklahoma city and shared with the woman at the front desk that they were the Two Witnesses. The person proceeded to say, that couldn't be so because their teachers were the Two Witnesses. These were Mark and Elizabeth Clare Prophet. That was a disconcerting moment but caused them to re-examine that approach.

Ti and Do never tried to match up all the verses that described the Two Witnesses activity. I don't know if they in their privacy consulted prophecy before saying certain things to the student body. If they did, I never heard them preface what they had to say with any correlation to prophecy or for that matter to anything Biblical. I wouldn't be surprised if they did search down certain ideas as a big part of the reason that record was preserved to the

degree it was, was to provide hints to the direction their tasks would take. If they felt to say something that was different than prophecy they didn't hesitate to say it, though they knew that changing previous beliefs about the prophecies would challenge some students as it did. Though they didn't want to lose any students, they had to bring to the student body the updates they felt they were receiving. Thus up until they stated they might be called back first, they thought they and the student body would all leave together at the same time and with our human physical bodies.

This was also about the time Ti and Do first cautioned us to not board just any spacecraft should they exit first and we find ourselves before a spacecraft. They said we would recognize Ti and/or Do in any craft that would be sent to pick us up. They never said how we would recognize them. I don't believe it was by the looks of the vehicle as at that time there were no depictions of what a Member of the Next Level looked like. I believe we would recognize them by their Mind, their vibration, actually the same way their primary students all recognized them by what they said and then knew for sure upon physical meet up. It was simply a knowing they were our teachers and that we could trust them explicitly. They didn't initially tell us we needed to trust them. It was perhaps a year or so after they told us they might have to exit first, that Ti explained that we'd have to give them our will. Later, after Ti left her vehicle Do told us that Ti felt by saying that they might lose half their student body. What becomes very apparent is how all these changes in what Ti and Do thought provided a natural method of vetting out those who were not serious about being their students. I can't say many left because of that particular statement but it is a fact that we numbered about 50-60 at that time and ended up down to 24 by 1993 when we accepted some who had left but we were still in touch with to come back into the classroom.

It was approximately 1984, before Ti left her vehicle that Ti and Do came into understanding that their small group of students were not strictly humans who believed in them, but that they, their Minds had also come from the Next Level. The way Ti and Do arrived at this understanding was from a question a student named Pmmody expressed while she and five other students were on what we called a "retreat" for the weekend that entailed staying at the "craft" where Ti and Do resided. Those that held "out of craft tasks" were on a rotating schedule that about once a month involved their driving from

Texas where the main student body was at that time, to Blackhawk, Colorado where Ti and Do with four student helpers resided. They were Jnnody, Lggody, Lvbody and Dncody. Dncody ended up leaving the group in around 1990 actually the second time he left. While at this retreat the six visiting students would have several meetings with Ti and Do and the other four. I don't recall the exact question that Pmmody asked but Ti said in response to it, something to the affect of, "I guess that means you all came from the Next Level." A few days later Ti and Do came to Dallas to hold a meeting about their new understanding. It made some "heads swell." I know as it did mine. I felt like I was greater because of it, yet that proved to be an influence with me as Members of the Next Level don't derive their self importance from who they were or where they were from. They don't want to have self as self separates them from their Older Members Mind, though the Older Members require them to keep their self. But what's important is always who we are right now which is directly related to what we do right now and how much we want to serve our Older Members and change our behaviors and ways and thinking whenever we receive updates and help from our Older Members. Not long after that Ti and Do said, to no longer think about having come from the Next Level. They said there was more to it and that they would give us updates as they received them.

About that time, Ti and Do also told us that not all humans had souls. I remember how that was hard to digest. I recall going to my "out of craft task" where I worked with humans, (what we called those that were not in our classroom, though wasn't supposed to affect how we treated them) and it just seemed strange. A week or so later they told us to no longer think about that as they again felt there was more to it and they would bring us updates as they received them for us. (I suppose for some these changes of thinking could have been a big test.)

To follow is a list of some UFO crashes investigators have compiled of that time period to document crashes of spacecrafts deemed to be otherworldly that also had dead bodies in the wreckage. Do didn't say which crashes seemed to be Next Level instigated from which ones might have been Luciferian led space alien instigated or made up to distract from the truth. However it seemed the crash in the Plains of St. Augustine, where the very large array was later constructed, that became known as the Roswell, New Mexico crash and the Aztec, New Mexico crashes were of Next Level crew-

members.

Even though I don't recall Ti talking about this, Ti did say she recalled a "briefing" on board a spacecraft before they and others came in which they and others had physical bodies while many others present didn't. Since Ti left her vehicle before Do started us studying the UFO crash phenomena, though even while Ti was in her vehicle we had the book, "UFO Crash at Roswell," since Ti also agreed that the Next Level use physical transportation it would not be a stretch to believe that Ti would have thought some of these spacecraft crashes were the way some came to Earth, in such a way that would be the method to both exit their existing bodies and provide proof of what would be seen as space aliens and their spacecrafts, at least some of the primitive ones some had that were sacrificed for the task.

This would also seem to be integral in providing the "key" to the prison chamber(s) literally beneath the earth or sea or ice, written as the "bottomless pit" that harbored the space aliens. The named Roswell, New Mexico UFO crash allegedly involved 4 non-human bodies. It was never required reading. It was in 1987 that Do brought into our library the book, "UFO Crash at Aztec" and made certain parts, mostly in the appendix required reading, where the rest of the book became optional reading. At the time some of us lived in the same craft with Do up Boulder canyon on Lost Angel Road. Do's quarters were in the upstairs of a separate building that was a garage underneath that was built on top of an old gold mine. We had a huge porch that overlooked the plains east of Boulder. Only about half the student body resided in that craft while the rest resided in a craft in Littleton, Colorado, a suburb of Denver. Here are crashes I researched. I'm not saying all of them were about the arrival of Next Level Older or Student Members, as Do indicated the Luciferians probably staged facsimile crashes:

After reading the required parts of UFO at Aztec, I felt slightly disorientated by the idea that this was actually real. I hadn't joined because of the UFO aspect that became part of the first meeting announcement posters. It was only months before that meeting in Waldport, Oregon that I even became aware of anything UFO or space alien related. One day while sitting in my friends apartment there was a story on the radio that spoke of a UFO crash and alien bodies found. I thought it was a real report and jumped up from my seat to exclaim to Ron and Judy and my partner at the time (soon to join when I did and later became named Srfody) what I heard. They paid me no mind at all even though I exclaimed what I had heard repeatedly so I dropped it. It was many months later after joining that I realized it was a report depicting what became known as the Roswell crash. I don't recall having heard of the Roswell crash or of any UFO crash or activity before then. It was strange that it didn't phase me to see a poster using UFO as a highlight. I only remember saying to my partner, "I wonder what these two people will look like." It's like I was fully open to the idea but didn't have any opinion for or against it as reality.

I did glance at the Roswell book when it was in our library, but it really did not interest me much then either. But Crash at Aztec was a shocker having included Leonard Stringfield's autopsy reports. It was a huge book full of lots of information about the crash and discovery of some 18 non-human looking bodies. That number is controversial but I have reason to suspect it's close.

There was a well known FBI memo that was released in the Freedom of Information act dated March 22, 1950 written to the FBI Director from Guy Hottel, a Strategic Air Command official in Washington D.C. containing information about "flying saucers." The memo was filled with blacked out portions but claimed three flying saucers were recovered in New Mexico. They were reported as being circular with raised centers and about 50 ft. in diameter and each one had three human shaped three foot tall bodies in them.

The bodies were dressed in a metallic cloth, noted to have a “fine texture” (I wonder if this is a clue to the “fine linen” Jesus body was wrapped in and was provided priests in the Moses camp and said to be the “clothing given to those who had become the “wife” of the “lamb” in:

Rev 19:8 And to her was granted that she should be arrayed in fine linen, clean and white: for the fine linen is the righteousness of saints.

The report went on to say each body was “bandaged” they compared to “blackout suits used by speed fliers.” The report claims the high powered radar in that area interfered with the saucers controls. It was signed only by the initials: “RHK:VIM.”

As recent as 2011 and 2013 the FBI admits to this memo in their records. They simply say they never investigated it but say it isn't related to what became called the Roswell crash (that they still at that time claim was a weather balloon that by the way hadn't yet been manufactured in 1947) and have no confirmation of the reliability of the memo's source.

The KEY in this verse is referring to what Jesus called “THE WAY” that he said HE ACTUALLY WAS because it was through his incarnation as a “son of man” (Son of God in flesh) that he was demonstrating to his students, what Ti and Do called the “overcoming process” that is what is required to embrace with all our heart, mind, Soul and strength giving ourselves fully to our Older Member that pleases Them to gift us entry into the Next Evolutionary Step Above Human. Thus the KEY as stated here is the example that will be GIVEN TO THE STUDENT BODY who have just arrived to begin their incarnations into the vehicles they need to overcome. It's like taking a course at a university that is a work study program - learn while you earn. This “key” is depicted:

Rev 3:7 And to the angel of the church in Philadelphia write; These things saith he that is holy, he that is true, he that hath the key of David, he that openeth, and no man shutteth; and shutteth, and no man openeth;

The “key of David” refers to King David who was anointed to King by the prophet Samuel to replace King Saul. It was from David's lineage that Mary, the mother of the vehicle named Jesus came from, from the tribe of Judah. The Key has multiple meanings. King David is considered to be a prophet by

all three major Abrahamic religions and is attributed to authoring a number of the content to the book of Psalms (songs), in Greek each one being an “ode.” No doubt it's not a coincidence that Ti and Do named their student body with “ody” extensions that they said when they became “adults” rather than “sons” would be changed to an “od” extension dropping the “y.” Each student was therefore a “song.” Note, if Ti and Do were scripture quoters or theologians and wanted to impress people with the fulfillment of prophecy as humans regularly do when they want to “be” someone special in another's eyes, conscious of it or not, they would have stuck to either the Hebrew or the Greek word transliteration. Instead they followed their instructions at the time which was as we see it in their naming convention. They told us at the time that we were being “adopted” by the Next Level. I believe this was in 1977 or 1978 well after they sent 19 out of the group because they didn't think they were taking what was being offered seriously enough. However as said before that stimulated a few of them to, on their own continue to believe in and want to be with Ti and Do again, which did happen some years later. I compare that with the story of Cain and Abel. Ti and Do said that Cain received the greater blessing from the Lord because by refusing Cain's gift he had the chance to grow faster by becoming determined to present a better gift. We should not forget that the way in which the Next Level Older Members show us their love for us is by correcting us - in what was called being “rebuked” to where our “missing of the mark” (sin) is shown to us, so we have the chance to CHANGE (REPENT) our thinking, behavior, ways, determination and efforts - increasing our capacity to qualify for membership on their, or the way Do said it to be on, “Ti's crew.”

So the KEY is also the LAW. It's the requirements to qualify to graduate the human kingdom according to each step described by Ti and Do as “trimesters” towards “spirit/Soul/mind birth.” This KEY is also the SONG, as said before, the “lesson plan” Ti compared to a “piano roll.” The LAW is given by “words,” through “voice” - that we literally hear from the mouth/mind of the incarnate Older Members. King David wrote psalm 119 that consisted of 176 verses. There are 22 letters to the Hebrew alphabet. The verses are organized in groups of 8 so that verses 1-8 all start with the first letter of the Hebrew alphabet, “Aleph.” Verses 9-16 start with the second letter “Beth.” Verses 17-24 start with the third letter “Gimel” and so on through all 22 letters. 8 represents New Beginnings. The Lord created the

Earth as a garden in 7 - 1000 year long periods.

It's interesting that today scientists are seeing repeated evidence that what they thought had to take many thousands or even millions of years to come about in an evolutionary framework can occur many times faster. In fact there is a part of the Indian Ocean where the great earthquake and tsunami of December 26, 2004 seems to have stimulated a sea floor rise of some 3000 feet. Also in 2010 east of Australia the sea floor has been rising about 12 feet a day. Off the east coast of the U.S. state of Maine there is a new section of land that rose out of the sea to extend the shoreline hundreds of yards that some think came about following a 4.5 earthquake. Humans have no idea how quickly the Next Level can reconfigure the Earth's geology. Just yesterday there was a report that the HIV virus was evolving into a less threatening strain than it was. The scientist said normally this would take thousands of years according to previous understandings, saying that "we don't know everything there is to know about viruses" so it's new information that provides us with a new perspective. When it comes to this planet and all it's characteristics whenever we say something is absolute in the way it works we can be sure it's probably not, yet only those who are not invested in changing their minds can be open to the changes and seeing how little they actually KNOW about our natural world.

But regarding the KEY and this code, it doesn't seem to be a coincidence that there are 22 chapters to the Book of Revelations. Ti and Do only referenced chapters 11 and 12, saying they were the Two Witnesses in chapter 11 and Do saying that Ti was the Woman of chapter 12. It seems the rest of the mystery was reserved to be revealed for this time now to assist in the development of those who recognize the truth and want to grow towards it's light to become their enlightenment in the real sense of that word - as Jesus said if your eye is single focused/minded your whole body is filled with light - that's the "all your heart, mind, Soul and strength."

However, KEY in this context mostly depicts the way the Next Level Older Members are the AUTHORITY over those who have been imprisoned literally underground because of their own efforts to go against the Next Level in times past. To follow is the description of what renegades who seek to interfere with the Next Level's provision of opportunity to graduate the human kingdom can expect:

Rev 20:1 And I saw an angel come down from heaven, having the key of the bottomless pit and a great chain in his hand.

Rev 20:2 And he laid hold on the dragon, that old serpent, which is the Devil, and Satan, and bound him a thousand years,

Rev 20:3 And cast him into the bottomless pit, and shut him up, and set a seal upon him, that he should deceive the nations no more, till the thousand years should be fulfilled: and after that he must be loosed a little season.

And to show that being shut up in the “pit” as a prisoner was what they could look forward to when they insist on working against the Next Level:

Isa 24:22 And they shall be gathered together, as prisoners are gathered in the pit, and shall be shut up in the prison, and after many days shall they be visited ((6485 paqad= appointed, do judgment as their own choose to be in their allegiance during the judgment time)).

THE BOTTOMLESS PIT - This is worded this way to bring both a literal description to the prime geographical location(s) where at least some of the Luciferian fallen angel space aliens have physically sought refuge to escape surface recycling of a previous civilization on the surface that then becomes as a cell in their overall imprisonment to Earth and it's human kingdom. I don't think it necessarily means they can't leave those underground or inner earth locations as the prison is really the planet itself and by planet extends some distance away that Do called “near space” that can be seen in the records as the first level of the termed “heaven.” Now that's not to say they can go anywhere at any time and for any duration. It's prison because they can't actually leave the planet and it's near space. That is the perspective that they are in hell because they understand in their history that their ancestors came from different star systems, hence their own genetic programming to want to return, even though an number of the reports from abductions, contactees and channelers suggests they left their original planet because it was “dying,” which probably was because it was also experiencing a Next Level recycling and/or that part of the idea that hell is eternal is because the Next Level doesn't care for it further so it's left to be treated as the remaining human equivalents choose and come to fight over dwindling resources that takes them out to space to escape, as we see happening on Earth to date as well. It is also hell because all life forms on such a “garden” like planet die off quickly by a Next Level timeless standpoint and so have no other

alternative but to either come to believe in the Next Level when it's offered or to seek refuge during periodic global wide catastrophes underground, where they are not able to reproduce new vehicles unless they can find compatible DNA to their own and become dependent on the degree of science they have come to develop to thwart aging and to aid in reproduction and the provision of their environment.

I saw a report just today on [spaceweather.com](http://spaceweather.com) that talked about how astronauts, even in their very, very near space operations on board the International Space Station can not be subject to that environment for very long without showing signs of physical debilitation from radioactive particle bombardment. These particles enter the human spacecrafts and literally “cook” the astronauts as if it was a giant microwave though comparatively slowly. Add this to the atrophy of muscle systems and an entire host of problems and one can understand why the Luciferian space aliens NEED human DNA (eggs, sperm, etc.) and the Earth's protective environment to live from. Perhaps on some planets even the shield from these particles has become compromised as was said about Earth's ozone layer that is said to protect the Earth's occupants from that harmful radiation that resulted in more and more living underground where they could build facilities that at the least slowed down the radioactive bombardment and after thousands of years underground may have developed mutations that came to have more reptilian characteristics in their skin and had come to thrive best on pure blood from creatures they would trap on the surface or grow in cages, the way humans do with animals, except they might not limit themselves to animals.

From the record in Genesis chapter 6, these who WERE “Son's of God” because they had a student relationship with Older Members from the Next Level, who had not yet overcome all their humanness who broke ranks from their Older Members because they “saw, discerned, considered” the “daughters of men (humans)” to be “pleasurable, fair, good, beautiful, gracious, kind, loving, pleasant” so “took, carried away, drew, infold, mingled, sought to win and/or use” as “wives” to “choose, try, accept, appoint, join with” to “bear” them children.

So where it states that the “red dragon” representing the impassioned (fire/red) Luciferian who “draws” others who were student “sons of God” (stars) back to the human kingdom and Earth by his mammalian nature (tail)

and desire/need to have a human or equivalent vehicle to operate through, describes those that also fled the recycling flooding of the surface of that land that drove them inside the Earth and/or under the sea to survive. Some believe this is the story of Atlantis and that Antartica is part of that land mass in the south Atlantic ocean.

Rev 12:4 And his tail drew the third part of the stars of heaven, and did cast them to the earth: and the dragon stood before the woman which was ready to be delivered, for to devour her child as soon as it was born.

Jehovah commands the children of Israel to not have “other gods” before him and not to make images of what or who is in heaven above or “in the earth beneath” or that is “in the water under the earth” and not to bow down to them nor serve them. (Exo 20:3-5). It's not like the Next Level, that Ti and Do demonstrated, to make arbitrary rules that have no application. They give rules to help us avoid being trapped by the lower forces they allow to provide us with the choice and developmental process that comes from working against their influence.

JESUS HAS HIS MESSENGER LIST THREE LOCATIONS WHERE HUMAN ABIDE:

Rev 5:3 And no man in heaven, nor in earth, neither under the earth, was able to open the book, neither to look thereon.

“No man in heaven” would refer to those that were still members of the human evolutionary kingdom who were in a current overcoming program where they serve in the near outer space environment around the earth in spacecrafts, having passed certain stages in the lesson plan to be awarded new physical bodies that still have the capacity to reverse metamorphose into human behaviors and thus become “fallen angels” like those referred to as Luciferians. Do said these are “domestics” and said they are assigned “elementary tasks” (I suspect tasks like Enoch's “watchers”) that would entail operations on primitive model spacecrafts provided them. This is not an insignificant accomplishment to be granted as unless one consciously turns against their Older Member who is like their captain they are considered to be preparing to fully overcome the human kingdom when the next overcoming classroom is scheduled on Earth or whatever location.

Those that fall away from adhering to the instructions, behaviors and ways provided by the Older Member in their charge become Luciferians having given in to the influence of discarnate Luciferians whom they are still subject to working against while in whatever stage of their overcoming tasks for their Older Member. These along with any equivalent to them or who they have reproduced new offspring with or through their lab insemination from abductions of humans and/or seduced into their service by making them into a contactee to perhaps end up among those who can be imprisoned under the earth and/or sea because they are not in the keeping of the Next Level.

Depicting “no man...IN EARTH” seems to refer to humans who have been part of the genetic strain that have been seeded by the Next Level. Some of these are referred to as “trees,” which are all who are a part of a genetic strain the Next Level has worked directly with that have grown into potential fruit bearers, where fruit is first them in what they offer the Next Level and any on their same strain that also come into direct relationship with an incarnate Older Member. These are still part of the world so are subject to testing as a growth mechanism. Humans that are not part of one of these “trees of life” are spoken of as GRASS though if as GREEN GRASS are those who are among the GRASS that the Next Level is working most with to prepare to become a vehicle that a first time student member of the Next Level can use as their footstool to conquer their remaining humanness through to become a member of the Next Level. When Jesus said that many are called, I believe that applies to those who are the GREEN GRASS, though as he said .’..but few are chosen” meaning only a few of these will be picked to receive more direct nurturing by being “tagged” and/or the receiver of a type of DEPOSIT so to have the chance to enter studentship to the most recently “present Older Member,” whether still incarnate or not. If not studentship starts by believing and disseminating all that once incarnate Older Member said and did and accepting the consequences that we know will result in more and more separation from all our human behaviors, ways, attachments, root systems and life.

With the idea of humanoid beings abiding “under the earth” comes the story of Admiral Byrd's alleged February 19, 1947 expedition to the Arctic circle holding some possible truth. His flight log and journal documents three hours of flight north out of the base camp where his gyroscope and other navigation instrumentation started going wild, followed by his coming upon a mountain

range filled with green trees and plants and temperatures in the 70's. This is during daylight but now the sun has a hazy appearance and two disk shaped crafts fly to his left and right and take over his navigational controls and land him to meet with very tall humanoid beings with sophisticated technologies for flight and lifestyle. He is taken to one they call the “master” who says he chose him to deliver a message to the surface world saying they became concerned for what humans were doing with atomic energy and bombs that was a path to self destruction. When they became aware of the two atom bomb explosions they sent their “Flugelrads” (flying machines) to investigate and sent emissaries to the “surface world” to try to deliver messages about not tampering with atomic energy. Apparently Byrd saw a swastika on one of the disk shaped aircraft and the “master,” spoke English with a German accent and was told he was in the “inner earth domain of the Arianni,” which sounds a lot like Aryans.

Without saying this story is completely credible, one does have the option to consider it. Ti and Do did provide this story and other materials about an inner Earth without saying much about what they thought about it all. However, they didn't generally provide us with materials that didn't have some significance to our understanding. Further research of this story brings up certain inconsistencies. For one it's fairly well documented that Admiral Byrd during February of 1947 was actually on the Antarctica continent and was back in Washington D.C. by early March of 1947. However, one researcher notes in the military records that says he took a plane on a patrol and was out of contact with his base for three hours. The possibility then exists that the location of this story as the North Pole may have been part of the way aspects of this entire story were covered up or the exact timing of this trip to the North Pole was inaccurate or the trip to the North pole was actually what took place on an earlier well documented North Pole voyage that had it's date changed. Admiral Byrd's first North Pole expedition a few years before 1946 was also embroiled in controversy as some suggested he never made it to the North pole at all and just ended up flying around in circles. Could this be depicting when he really had this North pole experience? In any case, it's all very worth examining as if it is mostly depicting what really happened, at whatever time it took place.

ADMIRAL BYRD'S ANTARCTICA MISSION WAS CODE NAMED “OPERATION HIGH JUMP” and was conceived on August 26, 1946 just a

few months after Germany was defeated in World War II and just weeks after the Japanese surrendered. The mission was announced by Byrd in a press conference as a “military operation” though officially was an scientific expedition. Many wondered why the mission involved 40 ships to include three Naval battle groups, which departed Norfolk, VA, on 2 December 1946. They were led by Admiral Richard E. Byrd's command ship, the ice-breaker “Northwind,” and consisted of the catapult ship “Pine Island,” the destroyer “Brownson,” the aircraft-carrier “Phillipines Sea,” the U.S. submarine “Sennet,” two support vessels “Yankee” and “Merrick,” and two tankers “Canister” and “Capacan,” the destroyer “Henderson” and a float plane ship “Currituck.” Altogether there were close to 5000 personnel involved for a six month expedition.

The expedition ended in eight weeks because at some point they engaged an enemy that had flying disks that came out of the sea and shot beam weapons and sunk one ship, damaged others and caused many casualties. The U.S. government reported fatalities but attributed them to accidents. There is considerable evidence that that mission was in large part designed to hunt down Nazi's that they believed had escaped to Argentina, Chili and Antartica via submarines when the handwriting was on the wall that Hitler's Germany would lose the war. There is a great deal of evidence that Germany had an interest in Antarctica for decades that included many missions were staged from white supremacist run South Africa to scope it out. On the very eve of their launch of war in Europe they had a team flying over part of Antartica dropping markers to claim part of this previously uncharted land mass for Germany, calling it “New Swabia.” There were also several hundred thousand Germans not accounted for at war's end and at least 10 missing submarines along with “thousands” of specialists. All but one of the flying disk production facilities were completely gone and that one was destroyed. Two submarines showed up in Argentina two weeks before the war officially ended and surrendered, yet there was some suspicion it was a tactic as there had already been a relationship with those ruling Argentina. There was considerable evidence of Germans in Argentina then. The other eight submarines were never accounted for though there was one report of a Norwegian whaling vessel off the coast of Antartica at about that time encountering a U-Boat crew who were desperate for food supplies. They gave them help and each of their crew were given a U.S. \$10 bill as thanks.

Considering on one of the expeditions to Antarctica according to German data, greenery was found with two warm water lakes that were added to a map. Subsequently the water was tested and found to be brackish, indicating a sea water source. Some have said, to date there hasn't been further evidence of such a lake yet so many things are only discovered or talked about years and even decades after any discovery that is deemed a national security threat to the controlling elite in the governments or as Hillary Clinton said while running for President against Barack Obama, something to the affect of "there certainly is a shadow government." Furthermore in 2013 I heard a report that was a national news story of finding underground warm water lakes in the Artic. Tell me what's not possible and it's for sure it will only be impossible to those that believe in it's impossibility.

This brings to mind the idea that a submarine might find it's way into such a lake and to who knows what kind of location to build an underground facility. German expeditions did include tunnel boring equipment used to make two underground facilities in Norway and somewhere in the Amazon. Also German Admiral Dönitz received an award on January 31, 1943 when he was promoted to the position of Supreme Commander of the Navy. In one of his inaugural speeches to a select officer elite, Dönitz claimed that "the German submarine fleet is proud of having built for the Führer, in another part of the world, a Shangri-La land, an impregnable fortress." Later Hitler at wars end named Dönitz his successor after denouncing Göring and Himmler as traitors. He did act as successor for a short time after the allies and Russians converged on Berlin.

On the way back from Antarctica Byrd stopped in Chili and gave an interview that appeared in the Chilean newspaper El Mercurio on March 5, 1947 that spoke to how his task force was attacked by a new enemy and something to do with their being able to fly from one pole to the other pole at enormous speeds. Byrd's speech was all about preparing and dealing with fighting this real enemy, not as if he had only headed an exploratory expedition.

Additionally there is quite a lot of direct and circumstantial evidence to show Germany, but in particular the SS, equivalent to the secret intelligence service wing of the NAZI party, had a high priority towards developing flying disks in Germany throughout the 1930's and was reported to have had at least 9 production facilities before the war ended in Europe in May of 1945. There

were reports by American pilots that witnessed objects coming from the ground while flying missions over Germany that defied known flying capabilities at the time. They were called “foo fighters.” But the evidence also shows that the disks they did manufacture were not successful. They could get off the ground and towards the end of the war could be used as a hover craft but becoming useful as a transport or fighting machine was never even close to being accomplished so could not be what the USAF reported as “foo fighters.” In addition the German disks would not have been able to fly in and out of the ocean as was witnessed by several crew members on Byrd's Antarctica expedition that gave their stories to Argentina reporters because their entire propulsion method was based on the displacement of air by the jet engines driven rotary fan disks inside the body of the craft. Not long after the war the U.S. developed a hovercraft that was round and was like a huge inflatable raft at it's base so it could have a soft landing of sorts whether on land or on the sea. At best they designed some that could hover and move a little horizontally, but certainly not to be compared with what these “foo fighters” were witnessed doing.

There is also considerable record of Hitler and his SS being obsessed with these ideas of creating a super human race and harnessing techno-magic energies that included nuclear energy to power these disks. They got many of their ideas from two secret societies, the 1929 Thule society with a spirit medium, who today would be called a channeler from somebody in the Taurus constellation and the Vril society from 1934. The Thule's have a map said to have been drawn up during the 16<sup>th</sup> century by a Turkish seer named Piri Reis that was of Antarctica and showed the two warm water lakes. In 1935 they founded the Ahnenerba society that Himmler said meant, “legacy of the Ancestors” that had in it's symbolism the chalice as representing the womb and the sword as the phallic, the symbols of the Aryans from Atlantis.

It all comes together to show the obsession with the Luciferians having two priorities - to get off the planet and to have a way to grow new hybrid human vehicles for their usage after their vehicle died and/or find a way not die. Isn't it telling that mammalian reproduction being elevated was clearly part of the effort to sabotage the Next Level program in people's minds, because Next Level members are frankly Above Human and their mammalian desires and ways. Thus to become a member of the Next Level, one needed to learn to maintain self control over sexual/reproductive desires or they would not

become a Mind that would be natural in an environment that had none of that activity. Ti and Do said, bringing human behaviors like that into a Next Level vehicle would cause an “abortion” of that birth, though I think that was if it were theoretically allowed to happen.

It is interesting that Byrd's alleged North Pole flight log is very straight forward but upon recounting his experience with the “inner earth” beings his descriptions become very dream like and spiritual with glossy terminology as in abductee and contactee reports after they look back on it via subsequent dreams, remembrances and often times regressive hypnotherapy. Even if they (Byrd and his radioman) were terrified at the time it is as if they were drugged which seems to be a technique certain space aliens employ in abductions/contacts to where even a beam of light can be the form of administering a drug like trance. Sometime after the episode they almost always feel blessed to have had the experience which invariably starts some type of group that believes in them and thus a sub-culture the fore runner to a secret society and/or religion. The Luciferian types actually seek out humans who they can take over in various ways and tend to be people with power and influence among humans, as this way they have the greater influence to accomplish whatever their agenda. In this way the subject, in various ways becomes mesmerized into belief and service to that agenda.

In contrast the Next Level does the opposite of seeking unlimited devotees. They have no interest in any humans unless their Older Member has them perform a task of some sort. When They start a classroom experiment They seem to have positions to fill which is why Jesus said he needed to leave to prepare a place for them as there were many dwelling places (mansions).

Also consistent with many contactee reports are alien concerns about the use of nuclear technology and barbarian wars. We need to remember that the idea that the Luciferian space aliens are ugly, crude demons that smell like sulfur, breath fire, talk in a low spooky voice or can take you over against your will or don't really exist at all is all part of their own misinformation campaign to portray themselves as anything but real, that is until this time period when they act like “masters” while saying they are “space brothers.” Some are often not directly deceitful or have justified a certain amount of deceit for the same reasons humans in positions of power justify deceit, using the thinking that “the ways justifies the means.”

In other words, they think they need to tell lies at times for the greater good as they see it. For the Luciferians the greater good would be to have what they want as with many humans which is so different from the Next Level who don't have a personal want or need to be listened to. Older Members hope we will listen to them because they know that otherwise that student will never grow to be useful (good) on their crew so to be invited to be among them. They don't need more crew members as they don't die or have a personal agenda. They do hope we will choose what they have to offer because they know the alternative is death of both their physical body and then eventually their spirit or Soul.

Some could read this and think because Ti and Do changed certain things, they were being deceitful, but it's not deceit when you genuinely don't know differently because the Next Level kept certain things from them and fed them steps to only barely stay ahead of their student body.

At first they genuinely thought they and their students would leave the planet with their human vehicles. What was interesting about that as a student that joined them when they believed that, was that I accepted that as true, though I expected to have my human life taken from me while providing the service to Them of spreading their information. So I considered myself wrong about what I expected. For over a decade thereafter Ti and Do just didn't know how we would leave and when, so they sought to prepare us for all options. Deceit is when you know otherwise. For instance when the Luciferian told Saul of Tarsus that he was Jesus speaking to him, that was a direct lie.

For whatever it's worth, since the Soul body that starts as a physical container put into each prospective human vehicle ahead of their connecting with an Older Member (who is incarnate or while the Older Member was incarnate) changes via a type of metamorphosis into a new body, then when it's exit time, as determined by the Next Level, leaving the human vehicle behind is like the Butterfly emerging out of what is left of the caterpillar body that became the Butterfly's chrysalis. Thus each of Ti and Do's students having been brought to viability to exit was still a physical Being, though one that could not be seen. So in actually Ti and Do were 100% correct that they would be boarding the spacecraft with their physical bodies. However since they did think their human vehicles would be boarding, it's also interesting to know that as Ti said, "you don't have to die to go to the Next Level" as

evidenced by Jesus whose human vehicle may not have been 100% dead, but there is also Enoch who was “taken” and Elijah who was “taken” and Ti and Do also thought Moses human vehicle was taken - just with Moses there were no witnesses. Ti and Do were very keen to their instructions. They didn't make things up. They were willing to be seen as having “egg on their face” by humans if they said something they were in error about, that is if it didn't happen exactly the way they thought it would. That happened a few times which became a major test for some to recognize and thus seems like it was part of the plan to separate out the less serious students.

This “master” Byrd talks about meeting is described by Byrd as, a man with delicate features and with wrinkles from age on his face. He indicates this “master” places his fingertips together, smiles and speaks softly and calls Byrd his son. as if he is Byrd's parent or “father” thus superior to him, the way we see many Catholic or Buddhist priests address their disciples. He is given a delicious hot drink upon arriving, which shows itself to all be a typical human interaction. He describes his initial two hosts that take him to the “master” as “wondrous appearing hosts.” The “master” also indicate he (them) actually summoned him there, choosing him because of his manner and apparent open mind. Who knows at what point they began observing him as he'd been to both the north and south polar regions on a number of occasions and gave many talks about them.

If there are some of those who were called the “watchers,” they had spacecrafts equip with the technical capacity to observe humans without their knowing they are being observed. Actually the so called Roswell, New Mexico crash provided considerable insights into some of those technologies. There is book called, “The Day After Roswell” that is worth a read and especially the sections on the alien autopsies and Roswell artifacts that goes into some of what the spacecrafts found had on board that perhaps could be used in several ways. One was some type of “beam” that if the various reports are correct can even lift a human being or cow or blind them temporarily as with Paul of Tarsus, or stun them as with Travis Walton and Credo Mutwa, or be possibly used as a beam weapon as reported in Byrd's Antarctica expedition.

Some of this hints as being a genuine report because of how it seems to match the way many humans in hierarchical institutional organizations act

whether they are traditional or so called alternative spiritual/mystical or upper echelon governmental and/or academics, etc. Of course one can say it was made up to mimic just that.

There is always the potential to close down to considering what is or isn't real, which is the only way a more in depth understanding of anything can become realized. This is exactly the way the Next Level wants it to be as it forces those that want to see the ultimate truths, what is most real, to continue to reach for it. In fact there is some evidence that some of this story could have come from a book written in the 1930's that became a movie in 1937 entitled 'Lost Horizon' that was remade into a musical in 1973. The setting was the finding of the tropical Shangrila inside Mt. Everest. A Christian blogger made a good case for considering that Admiral Byrd lifted the Lost Horizon story and changed a few things to match the new age beliefs in UFO's, etc. What this Christian blogger may not recognize is how the Next Level prepares well in advance and how there could easily have been a number of underground or "inner earth" habitations that are a natural configuration of the planet and/or that are man made during any past civilization on earth. Plus the Next Level in their planning can plant certain thoughts with individuals who want to serve in some capacity that then becomes a book and/or movie that is used to uplift and update the prevalent human thinking of that day. That is where science fiction stemmed from and goes hand in hand with technological development that gives the sci-fi the science part and starts to set up a more realistic view of what more there is beyond human, all of which is part of the evolutionary development of the human mind to prepare some to advance into the only real future as a member of the Evolutionary Level Above Human.

Notice none of the records of incarnate Older Members (Moses, Jesus) or Old Testament prophets act out being spiritually uplifted, though humans later build them up in those ways. When you look at their writings or what they were quoted to have said it's often void of poetry. Jesus was cast as a poet in the sermon of the mount but in reality it can appear that way only because his talk was largely in metaphor comparing humans to lilies of the field, etc. brought to us by Hollywood actors who read their lines dramatically. Jesus even spoke of how those who dress in Kings clothing, like Solomon were not representative of He and his Father's Kingdom. This is also why it was said of the Two Witnesses they would come "clothed in sackcloth" which was

clothing the poor made from burlap bags used to ship grains in, reused by the poor, while also referring to the human vehicles they take as being ordinary as opposed to coming from within the strength of an institution, whether governmental or religious/spiritual. Of course some would say, they can't be the Two Witnesses if they are dressed in any other way but genuine "sackcloth," which would be yet another extreme and excuse to pay them no mind.

Meanwhile, starting in the late 1940's and 1950's became a significantly large increase in sightings of spacecrafts and contactees in the United States claiming to have had physical contact with space aliens. Many had in common being told that human kind were threatened by their use of nuclear energy and weaponry and wars and that they would have to interfere with if they don't stop escalating in those directions.

Is there any surprise seeing all this and then seeing how Rael, a space alien contactee in 1976, the very same year that Ti and Do took their students to the Wyoming wilderness to begin their overcoming classroom, founded the Raelians as the latest attempt to garner support for the idea that the Elohim, the Genesis Hebrew term for the supreme beings that created it all, had engineered humans. Again, truth mixed with lie as it's true that dropout student members of the Next Level mixed their seed with human mortal seed and in that way fathered a portion of the human race that were called the "mighty" or "great ones" because those dropouts that Enoch described as the "watchers" had taught those humans and their offspring all about spirits, medicinal herbs, certain technologies having come up themselves in the last civilization on Earth, though their Minds/Souls had been spawned even on a distant planet once used as a garden by the Next Level. The Next Level didn't want to teach humans certain things as when they solve certain problems without seeking Next Level help, their as the expression goes, "heads get big" to where they eventually think just like the renegade Luciferians that spawned them; arrogantly believing they in fact are equivalent to the gods, having as their most concrete example their teachers. The only problem their teachers don't teach, except in perhaps some very indirect ways is that there is another group of beings that seem to have far more experience than they, who they then teach are the enemy as this other group are very commanding and jealous for our devotion in the following of their rules, speaking of course of those in the lineage of Adam and Eve to Enoch, to Moses to a line of student

teachers as Old Testament prophets to Elijah and then to Jesus, then finally to Do of Ti and Do.

So the 1976 abduction of the human who took the name Rael was no doubt the Luciferian space aliens answer to Ti and Do as they acknowledged that Kingdom of God as composed of physical beings who travel in spacecrafts and seed the planet. It wasn't the only ploy to try to circumvent the whole truth. Rael eventually insinuated he was the Christ and then changed the emphasis to the Maitreya, the return of divinity in man that the Buddhists expected.

Rael is a contactee who was taken someplace where he met a being who had stories to tell about how two individuals named Lucifer and Satan actually battled one another. They showed Rael some type of computer that you could give a DNA sample to and it would generate a new physical body from as a replica of a younger you. So much of this is typically in line with all the space alien and before that fallen angel reports.

Rael's group and others like him have been labeled another UFO religion, especially following the Heaven's Gate group, so the bulk of the populous that are confused by it all anyway have a neat phrase to lump such ideas together to avoid facing what parts are or are not based on truth. That's understood by the Next Level to be the case with most as their overcoming program was only designed for a select group to begin with, though after that group has finished their lesson plan, the field is opened wide as it's time to see which have enough of their mind in them for the Next Level to save for the seeding of the next garden plot, after recycling the current one (civilization) again. Meanwhile a vast amount of disbelief, confusion and loyalties to anything but the Next Level abounds while people flock in and out of religions and it's many offshoots referred to as today's spiritualism or agnosticism and/or atheism.

The next years are to show an escalation of pressure to choose who to align with. Thus it's an intense training ground for the Next Level's next third trimester graduate class because there must end up being a type of "witch hunt" by the lower forces in control of most humans, trying to stamp out any remnant of truth contained by true Next Level students. And who are among those students, in degrees also potential students, but the dissidents of the existing systems regardless of how they are a dissident. The latest word for

dissident is terrorist as it's either for or against in this end time, even though those that are most in line to become part of the next graduation class will have no interest in bringing down government or in the use of violence to fight against it because they will know that they are showing their loyalty to the Next Level Older Members and the loss of their physical human body in the process of disseminating the information those Older Members left behind after their incarnation is part of the program that graduates their Soul into Next Level membership, though to become an adult member will require that sacrifice a number of times.

Further evidence of the fraud perpetrated on humans by the Luciferian space alien fallen angels, through Rael and others like him is seen in his efforts towards cloning in Europe, which as shown is something the aliens need, to try to have new bodies they can move into when their existing bodies die. They don't want just any body. They want one that has the capacity to think as they think and perform in ways they have come to perform. The genes hold the memory of everything we become in thought and deed, beliefs, talents, weaknesses, etc. Thus mixing with just any genes doesn't produce the kind of brain capacity a scientist develops. The space aliens know this well and therefore are selective of which humans they want to add to their genetic mix.

Then there is the Raelian emphasis on free love and open sexuality, an easy way to draw in people and further addict them to sensory pleasures that literally dulls their minds eye as the hormones produced by sexuality occupy one's thoughts with physicality more and more, which is why it keeps their physical vehicles vital to make for better producers of young.

Again, the Luciferians desperately need vehicles and DNA to perpetuate their survival. The best catch for a Luciferian is a human being that was seeded by the Next Level as then they have a mind capable of recognizing the truths of the realities of physical beings and spiritual entities and the power of thoughts, the way vehicles can be manipulated as that's what the overcoming process entails. To overcome or conquer the human vehicle one literally takes it over so it does not get to play out any of it's innate (programmed) desires of the human kingdom, replacing them with desires of the Next Level kingdom as provided stepwise by the incarnate Older Members over millennium of "classroom." So the ones that fall away from those classrooms are the top

pics as the biggest reason they fall away is because they have not conquered their vehicles desire to play out it's programming of animal passions, so each is a package of mind and passion that then becomes kin to them when they can no longer conceive of the Next Level as Beings that are Above Human and the creators of ALL, but instead are seen as another race of beings that just so happen to have better technology so can Lord over others. Thus the Luciferians justify lording over humans, except they have no real "love." In other words I doubt they "give" themselves to anyone. They are completely self absorbed and thus have no way to change to see what else there is. All they can do is perpetuate their current mindset which is only good for one thing. It provides the Next Level with a type of fertilizer. A fertilizer is a type of poison in that too much can kill a plant, but just the right amounts can stimulate a plant to grow faster and stronger from building up resistance to it.

Credo Mutwa said he encountered aliens in Africa and that they had been living underground on blood. Is there any wonder why most of the mutilated cows were drained of their blood and had their sexual organs removed surgically. I'm not saying it was to consume them. It may be for a combination of things - for testing in their underground labs with or without human participation. We must remember that most of the space aliens look near identical to earth humans.

Greys, though not all are members of the Next Level who had earned Next Level bodies and chose to sacrifice their bodies to enter into the Third Trimester "classroom" with the incarnate Older Members to complete their overcoming of their remaining humanness. They also knew that their physical vehicles were "wardrobe" so that they would not perish by the loss of their biological "suit of clothing." Another purpose to laying down their physical bodies in some of the so called "UFO" crashes was to give governments proof of beings from beyond the earth who have greater technology than they have.

Completing their overcoming requires having a human physical body to "take over" aka incarnate into. Sacrificing their existing physical vehicle, for those that came and had a Next Level physical body, whether a student or adult model releases their true nature, their Soul body that has grown by increasing their Next Level Mind (holy spirit) by drawing from their Older Member's mind in the performance of tasks. Their task at this time after arriving was to

pick a human vehicle to incarnate into, that the Next Level would help them with so they can find a “match” with their existing lessons learned from incarnate times past. Then when the Older Members “blow their trumpet” give their testimony as witnesses to the Next Level They are attracting their crew for the challenge of getting their mind into this new vehicle to become fully dedicated students of their Older Member to complete their overcoming process.

Just like the Luciferians always seek to create facsimile events they also seek to create facsimile Next Level vehicles though having very limited success seem to have taken to wearing a suit that looks like a “grey” EBE (Extraterrestrial Biological Entity). I suspect this is what Whitley Steiber experienced and what David Icke and/or Rael reported. I believe in one of their encounters with space aliens one of them was told by the space alien that he was “wearing a disguise so not to frighten him.” I wonder what he really looked like. Perhaps he looked like death warmed over so he wore a “grey” suit that had a huge helmet with huge melon shaped eyes so they looked like bugs as also depicted in the movie, Close Encounters of the Third Kind. I'd actually venture to suggest any suit worn by a Luciferian space alien, that once had a domesticated vehicle provided them by the Next Level, if it is still alive after thousands of years might have needed a suit to keep from decaying more quickly in the earth environment.

If one reads the book “Day After Roswell” there are some good descriptions of the autopsy's of the bodies from the crash near Roswell, New Mexico. In it the author who had access to the U.S. Army files said the bodies were very decayed when they arrived at the base where the first autopsies were performed. He said all the organs were decayed. In fact he said that the heart was all but gone so they couldn't really tell how it worked. By the way, this book may be considered a sci-fi novel for the public, possibility having some names changed. I don't know but it has a number of things in it that I heard from Ti and Do that were not available to Ti and Do.

The Raelians are also preserving their genes with the idea they can be used to regenerate their next physical body. When the Next Level wishes to preserve a genetic strain they just help them survive the recycling as in the case with Noah and his family. Any spirits and/or Souls they want to preserve are located before they lose their vehicle and the Next Level is there when they

drop the vehicle and takes that spirit or Soul to their appropriate holding area, what Do called being put “on ice” though he added that he didn't mean it literally. But I suppose for those that don't want that relationship or even recognize it can exist for them, they have nothing else to give them a sense of a future except by using what to the Next Level are primitive scientific breeding and genetic engineering methods that are full of flaws, limitations and dangers, mostly the danger of giving birth to all sorts of mutations and defective vehicles as has been reported in the underground Dulce, New Mexico base that is and/or was allegedly jointly run by humans and aliens.

Rev 9:2 And (he) opened the bottomless pit; and there arose a smoke out of the pit, as the smoke of a great furnace; and the sun ((2246 helios= a ray)) and the air ((109 aer from aemi= to breathe unconsciously, respire)) were darkened by reason of the smoke of the pit ((5421 phrear= a hole in the ground, cistern or well, fig. an abyss (as a prison))).

It's interesting that the Nazi SS had their own religion they called, the “black sun order.” Smoke depicts “spirit/thoughts” and in this case dark spirit/thoughts agendas as it darkens the “rays of light” people are helped to SEE by. The air, as the “breath of God” is addressing their pollution of the spirit world.

This can also certainly have it's literal depiction as from a volcano that is erupting. Mt. Etna in Italy comes to mind given it's regular eruptions and proximity to the former “promised land.” When it says the “air” is darkened, air and spirit are synonymous which again also refers to thoughts and people's mindset that can become “turned to the dark side,” the Star Wars movie phrase. Movies serve several purposes. Both the Next Level and the Luciferians have influence in what humans choose to do, thus depending on the producer, director and writers will show a potential mix. Next Level mind is “force” so when someone has a strong dose of it, they are both tested by what they choose to do with the passion it stimulates - working on behalf of Next Level behavior and ways in practice verses working for their own betterment in the human kingdom. Neither are right nor wrong, though one has no future while working for Next Level does.

Rev 9:3 And there came out of the smoke locusts ((200 akris= as pointed, or as lighting on top of vegetation)) upon the earth: and unto them was given power, as the scorpions ((4651 skorpios from akopos, from skeptomai= to

pierce, peer about “skeptical” while concealed, to watch)) of the earth have power.

These “locusts” have powers to influence (pierce) humans with their misinformation, that is poison to the mind compared to a scorpions concealed sting. Perhaps the space aliens have some way to deliver a literal sting or injection. The space aliens got their technology from the Next Level. Even though I don't think this was space alien instigated, Do told us a strange dream he had one night which was well after Ti had left her vehicle. He said it started off with his feeling like he received a hypodermic needle to the buttock. Then he was instructed to stand behind a number of others on a line. That's about all I recall. Funny thing was that when he was telling us this dream, he said he still felt the pain in the buttock. He told us the lesson he got from it, was that he was not nearly as important to the Next Level as he might have thought he was, as he didn't get any royal treatment having to fall in line behind some others. It was a lesson in humility. I've received that lesson many times through dreams. In my last one, that occurred around December 7, 2014 I came upon a very long table that had many people working around and the table was crowded with papers. When I saw it, I became alarmed and went to Do and said, “I missed this project, can I be part of it?” He looked at me with an expression of exasperation. It was one of those dreams I awoke with and knew I was both awake yet still in the dream and I walked around the table and it dawned on me that “they were working very hard on the project while I was dragging my feet letting human self-indulgences cause me delay after delay. They were moving ahead with or without me. It wasn't a different project and if I didn't get more serious about it's completion they had ways someone else would, perhaps several they were working with, like I said, with or without me.

Rev 9:4 And it was commanded them that they should not hurt ((do wrong, unjust, wicked)) the grass ((court, garden, blade)) of the earth ((human inhabitants)), neither any ((all)) green (thing), neither any ((all)) tree ((oak)); but only those men which have not the seal ((protection)) of God in their foreheads ((amid, accompaniment of, inside of face)).

Note “locusts” are actually flying insects that devour plants. Insects are technically animals and in this case flying animals. As the smoke represents the spirits that were released from the pit, the Locusts represent those humans

and/or human equivalents who were being restrained underground who do their flying using physical spacecrafts as none of this is strictly spirit based. Everything can have both a literal spiritual and physical interpretation.

As previously described the GRASS are the human genetic seed planted by the Next Level. The GREEN are those humans who are approaching harvest ability, also described as the WINE in Rev 6:6 having sprouted a step further. The TREES are those who are equivalent to the OIL in Rev 6:6 as they are serving the Next Level by becoming an instrument to pass on the “light” - mind of their Older Members to others that Ti and Do said of their students each had a “strain” (branch) of humanity associated with them.

Matthew 19:28 And Jesus said unto them, Verily I say unto you, That ye which have followed me, in the regeneration when the Son of man shall sit in the throne of his glory, ye also shall sit upon twelve thrones, judging the twelve tribes of Israel

Someone that takes a step beyond belief and follows all instructions of an incarnate Older Member from the Next Level is the primary tasks for the first trimester souls and moves them from GRASS to a harvest nearing GREEN plant. When those souls return and begin their separation from their human roots and attempt to adopt all the teachings of the next incarnate Older Member (adding to abiding by the teachings of the previously incarnate Older Member) becomes a second trimester student that is given more service while knowing it would bring them the same trouble it their human lives as it brought the Older Member when he/they demonstrated that separation process (even their death because of). Those souls who return again to add to their experience, separating again from their human roots, adhering to all the lesson steps and under the tutelage of the incarnate Older Member sufficiently overcome all their human behaviors and ways, further bonding/grafting to their Older Member are then beginning to function as a branch on the Older members vine, hence the definition of a TREE.

Joh 15:5 I am the vine, ye are the branches: He that abideth in me, and I in him, the same bringeth forth much fruit: for without me ye can do nothing.

He's not saying his disciples are the “fruit” - they are part of the tree now - that makes them the “trees” and their task is to bring forth fruit.

Joh 15:16 Ye have not chosen me, but I have chosen you, and ordained you,

that ye should go and bring forth fruit, and that your fruit should remain: that whatsoever ye shall ask of the Father in my name, he may give it you.

Ti and Do indicated the space aliens were not allowed to interfere (abduct or try to steal away as a contactee, channeler, etc.) any human vehicles who were tagged (seeded) and/or received one of several types of Soul “deposits.”

The seal spoken of here is what Ti and Do described as a “tag” and as a “deposit.” Do and crew described a tag as a way of reserving a human vehicle for their usage as a crew would be assigned to watch over that vehicle, even from it's birth when the tags are issued. Deposits have two forms. One was for returning students and a different type was for first time students. It is a Soul container for a first time student and has it's own set of programs with it. A returning student gets a vehicle that is given a different type of deposit, one that has additional “programs” and both grow by drawing in the Mind from the Older Member. That is accomplished when we believe everything the most current Older Member says and even more-so when we apply what the Older Member has said. The vehicles Ti and Do took were “tagged.” I don't know if these vehicles later received the deposit for a returnee. I believe all human vehicles that receive deposits are referred to as “men” in these scriptures and that has nothing to do with the gender of the vehicle.

Rev 9:5 And to them it was given that they should not kill them, but that they should be tormented ((928 basanizo= to test (as a touch-stone as in purifying of metal)) five months: and their torment ((test)) was as ((like)) the torment ((test)) of a scorpion, when he striketh a man.

- Not kill them - Since there is no evidence that the Luciferian space aliens literally kill the vehicles of these, this seems to have the equally applicable translation of Greek apokteino as a figurative “kill” as in how they influence these to become distant from the real Next Level that does become a Soul death sentence eventually if maintained. These who gravitate towards thinking of the space aliens as their so called “brothers” as an abductee and contactee are almost always told, by many accounts, that they are contacting humans now to warn them against doing things to harm the environment or harm the human race's prospects for a future. It's always a peaceful message thus appeals to those who are the “green grass,” those vehicles that have been primed to respond to the Next Level's presence in such behavior and ways, part of which Jesus taught because it is a Next Level way to act peaceful one

to another.

Since the Next Level is saying who the space aliens are not allowed to harm, one might wonder how the Next Level regulates what the space aliens and/or Souls without vehicle and/or discarnates where they are allowed to go that might have something to do with who they are allowed to influence. Ti and Do said Souls can go places in the “spirit world” or possibly termed the first heaven that discarnates can not go into. They said there were “gates” in the “ethers” or spirit world and “boxes.” I don't know if it's related but they taught that different U.S. regions and/or states had different “influences” which was their primary term for discarnates, but could have also included Souls of varied development, as the original Luciferian space aliens, the ones called the fallen angels, I believe ended up eventually losing the vehicles they had when they fell, but still circulate among the space aliens they helped spawn on space crafts and/or in whatever hiding places under the sea and/or underground or on the earth. They are the ones in control of the space alien races they propagated in their hybridization programs, possibly that began as technology development in a previous civilization on Earth and/or from another planet. They said they moved the class from the Salt Lake City, Utah area where we briefly camped because of how strong they felt certain influences were in that area. They said the Luciferian space aliens teach discarnates things they can do. They said they could feel differences in the content of influences in different areas. I believe it was because they were sensitive to what thoughts were from their own vehicles programming and what thoughts were particular to certain locations. When they alerted us to this, as I believed it, though I wasn't trying to perceive changes when we traveled, to my surprise one time I did think I felt a difference of some sort when going across the border from New Mexico to Texas but it wasn't especially related to thoughts that I was aware of. Maybe it was my wanting to experience it which isn't automatically imagined but is like drawing on Ti and Do's mind to then recognize because they initiated the thinking.

I also know that Ti and Do said the Next Level installs “tags” to keep track of certain humans, especially the ones they want to give preparation to receive a Next Level student Soul. They said it's like the way humans can install a tracking device on an animal. Since Do said all the space aliens are souls the Next Level originally installed I believe they can all be tracked by the Next Level and can also be blocked from having too much influence on students

they can be assigned to as an “adversary” (Satan).

If one looks at the record of what has been called the abduction and contactee phenomena it had its height by far during the 1970's and 1980's, though there were traces in the 1950's with the Antonio Vilas Boas abduction and the most famous first abduction account of Betty and Barney Hill in Massachusetts in 1961, but those are just the ones we've seen reported.

- Five Months - in this case is listed from the Greek 3375 men, pronounced “mane” but is listed with the equal Greek spelling and pronunciation as 3376 men that indicates having a stronger form coming from 3303 men, pronounced “men” that is a particle of AFFIRMATION or CONCESSION. When the Next Level in these prophecies chooses to refer to a specific number of days, they do so by using the measurement of a day as in the Rev 11:3 prophecy period of the Two Witnesses of a “thousand two hundred threescore days,” as well as how long Jesus was in the tomb - said as, “3 days and 3 nights,” the same description as he said Jonas was in the “whale's belly.” Ti and Do did say that an incarnate Member of the Next Level that changes over the physical vehicle they incarnate into has the capacity to heal itself in 3 1/2 days, referring to Jesus healing himself.

All through the Old Testament the Moon is the primary timer which is where the word Month originates. All the feasts that had different ordinances with each were to teach to follow instructions and self sacrifice of one's “SELF.”

In some Christian commentary they interpret “five months” here as a “short season” though I believe Ti and Do spoke about a season as 2000 years so a short one half that.

Isn't it also interesting that the Raelians have this practice of initiating new members by taking a small sample of their FOREHEAD bone that they then store somehow as what I reported earlier as their giving a DNA sample their space alien leaders can then say they can use to generate a new human vehicle for them to move into when their existing vehicle perishes. Now I still wonder how they do that as I don't believe they actually open up each new members skin to get to the bone to scrape a little DNA from it. I suspect it's symbolic of a skin of the forehead scraping at the most, but then I could be wrong about that. I'm just pointing out that it seems they got that idea from these verses, that includes Exo 9:4 that talk about the forehead which also

relates to the face itself as the Greek 3359 metopon from 3326 meta, so in Rev 9:4 actually has to do with the measurement of one's Mind that evidences whether or not they are to be SEALED (affirmed). It's the Luciferian stimulated facsimile of the Next Level teaching and acting as aiding the Next Level student to give their life in service to the most recently incarnate Older Member. That's what seals their commitment, said as "covenant" - the "bow" or rainbow the Lord gave to the humans going forward after the last recycling period.

re: months as affirmation periods, for individuals, they can seem to correlate to the Seven Seals of Rev 6 and 7 as BOTH an unsealing of previously given meaning to Next Level information, for instance as contained in the Rev 5 BOOK that in so doing stimulates the "testing" (tormenting) challenge to those that HEAR the information, as to whether or not they will be drawn to it's source, the Two Witnesses who are the Ones once named the Father and Jesus, returned incarnate in new human vehicles taking the new names of Ti and Do.

The first seal is thereby the opening of the first mysteries and will include by it's completion the revealing of the BOOK's contents in what were called the Seven Thunders/Roars by the Lion of Judah (the one who was Jesus). It is completed by the One sitting on the White Horse, that same Older Member who was birthed to his position on the throne by his Father with Him incarnate as Ti, to "get him going," the "horse" being the human vehicle he takes over, conquers and uses to SHOW each of his students how to conquer their own human vehicles they took upon their returning in Soul form with Him/Them.

These who stick with their Older Member, no matter when they join with him, all get the same "pay," the way Jesus talked about the rewards, that are based on what each student does not on when they join, are the first fruit harvested, though some will still need to return to the human condition after the recycling to go through another classroom wear by giving their lives in service they become "trees" yielding "fruit," as did those students who were considered to be the four living beings and the four and twenty elders.

Do said some of those who were with him when they exited were not ready to be graduated to adult Next Level vehicles. However, I suspect they will all be awarded an intermediary student model Next Level vehicle, I suspect one

equivalent to what some of those who “fell” while working as “watchers” received (though I believe Ti indicated today's graduates to that stage towards adult membership have to reach for a higher bar, as even though the Next Level can make use of those who fall away they don't plan for it to have a chance to repeat itself even though the system of overcoming against that Luciferian influence works, it's not their way to still not make improvements on what to them are experiments.

From examining Seals 2 through 5, one can see that in 5 starting in Rev 6:9-11 “white robes” are given to every Soul that was “slain for the word of God and for the testimony which they held.” In other words they were slain because they gave their death defying testimony (witness, report, recording) as provided them by the current representatives, the Two Witnesses, Ti and Do and in so doing were beginning to “lay down their human life” in the way most would hate to hear what they say - setting themselves up to even lose their vehicle on account of. This is also what Jesus said he was doing by turning himself in and said his disciples would be doing as well by giving the testimony he provided (drinking the same cup of his blood).

All these receive “white robes,” speaking of the LAST fruit harvest from Rev 14, via the WINEPRESS depiction. They drink the “cup” given them to drink. A white robe is a Next Level grown physical vehicle that it seems isn't yet an adult Next Level incorruptible vehicle. An adult Next Level vehicle is described as one made of “fine linen,” the cloth only the high priests in the Jehovah/Moses classroom were to wear. Those who served as the High Priests successfully throughout their lesson plan, when they exited those physical bodies, took up new physical bodies to incarnate with Jesus to start their second trimester lesson plan. They gave their lives to Jesus service by separating from their human roots of family and homes and sexuality, etc. and then by giving their blood in his service spreading the seeds that could yield new fruit. Some may have received “white robes” at that time when they left their vehicles and began to have service in crews under Next Level Adult Older Member guidance and succeeded enough to be given the chance to finish their overcoming by sacrificing the vehicle they had been given, as seen in some of the so called UFO crashes. That served several functions to do, one being they then with their essence as a Soul Body would be helped to tag a human vehicle that would give them whatever aspects of their humanness they each still needed to overcome. Giving one's life is a

significant step, but it's not the only significant step. They have to completely bond with their Older Member - a Mind bond (like the Star Trek mind meld, Do enjoyed seeing in that television show) aka a graft to him, his vine, branch on the Tree of Life. Those who sufficiently overcome and bond and please their Older Members graduate and receive a new nonperishable and incorruptible adult Next Level vehicle and begin more significant service a department Ti and Do said they would have some choice to decide.

Those who lose their vehicles during the time period of the 6<sup>th</sup> seal in belief of and thus for Ti and Do are still “saved” for a future classroom that commences after the recycling that seems to be after a 1000 year period, described as “a little season.”

- THESE ARE ALL TESTED (TORMENTED) FOR THE DURATION OF THOSE 5 SEALING PERIODS (MONTHS) the fourth of which approaches with the rise of the “green (pale) horse,” in the role of leader of the U.S., come the 2017 inauguration or in whatever way power changes hands in the bestial now more or less U.S. led world government.

“Tormented” comes from 928 basanizo= to test, torture, cause pain, toil, toss or vex (anger, irritations, etc.)

Considering that the origin of spacecrafts are technologies the Next Level developed or were developed in a previous civilization by humans and/or human equivalent space aliens that also originated from Next Level Minds and are piloted by those who are at this time descendents of the original Luciferian fallen angels, or if they had vehicles that could live over many thousands of years in certain environments, they could be the same fallen angels who became renegades, then they and their crafts are equip to operate in degrees beneath the “radar” systems of humans in more ways than one. They may be able to be completely quiet and can operate without lights and may be able to see everyone and everything around them and are fast and agile to maneuver. And they seem to have ways to put a subject into a type of hypnotic dream like state, they then mostly forget afterward. Most abductions take place in rural areas.

However, whether or not many of us have been abducted or not, there is no doubt that we are all subject to their influence and much of that can also be directly aimed at us. Do said these space aliens also have technology to

“transmit thoughts” to stimulate ideas that can stimulate actions. For this reason Ti and Do said, we are not responsible for the thoughts we are sent but we are responsible for what we accept and entertain and act upon. Ti and Do taught us to recognize thoughts that are not ours and didn't come from our teachers, our heavenly Father, the Next Level and to abort them. For example one simple but effective technique they taught was to, “Put up a blank (cue) card” in one's mind and then put your mind on something else rather than wait to see if it's still there. It's actually a “muscle” we were taught to build strength of by exercising it in this way.

In other words, our thoughts are not necessarily our own so if we have a terrible thought to, let's say harm someone in some way, that doesn't make us a terrible person, UNLESS we let such thoughts linger in our consciousness to any degree (though the less the better. Letting it linger by thinking or fretting about it is allowing it to take hold and over time one can find themselves accepting thoughts as their own and even expanding their occupation of our brain/mind. By entertaining them and building them they are accompanied by the emotions they stimulate or repress that can then accumulate and overflow to where one needs a fix of some sort to get relief from. That fix or “high” can be an angry outburst, and/or a sexual release on ourselves and/or others and/or a mild altering substance use or binge, even complete with justifications and a degree of temporary satisfaction or calm but often followed by the opposite emotions or increased irritability, remorse, guilt and hatreds to build into the next cycle. Some that end up doing horrible things to others is most often because they have allowed those thoughts to become their own and even played them out in their heads, not unlike an informal voodoo practice that, depending on the person can even escalate to planning to hurt someone and feeling justified in doing so. A common problem many become saturated by is in the building of anxiety and worry that many today in the U.S. medicate themselves to treat.

The overcoming of humanness process means every thought and action that we are taught didn't come from our Older Members mind needs to be aborted which is part of the reason the Older Members must come incarnate with each new regeneration in preparation for their coming so to be able to identify with exactly what we all experience and how we describe those things so the Older Members can give us their Mind to handle.

On a larger scale it's the way wars among countries begin. And it's often stimulated by the Luciferian space aliens who from their spacecrafts and through those who are discarnate look for those they can manipulate with the intention of working towards whatever their agenda. Do said the space races are even in competition with one another which can be seen within different countries and unions of countries.

These space aliens find humans that show a propensity to attract others and empower them to draw followers that become groups that all end up showing significant corruption, called cults like Manson and Jim Jones and the Solar Temple and many other less murderous groups that take a little of what some prophet or Jesus said and use it to promote the opposite of what those prophets or Jesus would have them do, even to the degree of justifying wars against people of a different faith as we see in the war of so called Christians against Muslims against Jews which have been long standing for millennium.

Ti and Do called attacks by the Luciferian space alien lower forces “bombardment” and said that each student is assigned a “booger” (here depicted as a locust) which is literally one of the fallen angels who is discarnate to become each student's personal adversary (Satan). Ti also compared the process of overcoming - meeting the Next Level qualifications to be on an Older member's crew Ti compared to “purifying of the gold” or churning the cream to turn it into butter. They also talked about how the Next Level tests us and uses them to test us. I can see Ti saying, “the Next Level wants to see if you can handle it (the lesson) as a member of the Next Level would do.” These therefore who are the ones not “sealed” are being tested by allowing them to be influenced by space aliens. If they couldn't handle it the Next Level would not permit it. They never give us more of a test than they know we can handle. Even still, Ti and Do said if we feel we can't handle the test, we can ask to have it relaxed some so it's not as strong or often. The test is who we will ask for help from and whose teachings will we try to apply when we already received their help. Those who are not yet sealed have tests in proportion to the strength of the lesson they need, to get back on their Older Members straight and narrow.

Rev 9:6 And in those days shall men ((444 anthropos= certain man-faced, human beings)) seek ((2212 zeteo= inquire (for), endeavor (against life, desire), be (about), (by Hebraism) to work for (worship) or plot against life))

death ((2288 thanatos= to be deadly)), and shall not find ((2147 heurisko= perceive, see)) it ((846 autos= (these) things)); and shall desire ((1937 epithumeo= set heart upon, that is, long for (rightfully or otherwise) covet, would fain, lust (after))) to die ((599 apothnesko= separate, cease, die off (from separation from God))), and death shall flee ((5343 pheugo= to run away, be shunned, vanish)) from them ((846 apo= those (minds))).

- inquiring (seeking) about death and not perceiving (finding) it - to understand more about what happens after death and not obtaining or perceiving it.

Starting in the early 1910's Edgar Cayce was perhaps a good example of someone who engaged in all subject matter surrounding communications (inquiry) from/with the dead who became known as the “sleeping prophet,” because he would lay down and go into trance and talk out loud to give what were called “readings” about people's past lives and medical ailments to help them. He first became famous nationally as he attempted to help people who asked him about loved ones missing in action from WWII. Cayce had studied Madame Blavatsky's writings, astrology, alternative forms of healing the body with the mind/spirit and/or with gemstones, past life regressions and other new age experimentation, while remaining a regular Bible reader and believer. He gave a reading once that was recorded by his secretary to be a reference to reincarnation which he didn't believe in and so his own reading gave him trouble. He didn't remember what he said in his readings when he came out of his sleep-trance channeling. He would have to read the notation.

- The Tibetan Book of the Dead was first published in the U.S. in 1949 and is intended to guide one through the experiences that the consciousness has after death and before one's next rebirth, plus the signs of death and rituals to undertake when death is closing in or has taken place. It comes from an earlier document called the Bardo Thodol that has to do with “Self Liberation” through hearing during one's intermediate state AFTER death as if at that point one needed guidance to traverse various “gates” in this part of the spirit world. It's interesting how many parallels there are with what Ti and Do and Jesus taught, though do so as if there is no “Father” or Jehovah to come to rely upon, which is a tell tale sign of Luciferian influence.

Also, it was in 1957, perhaps the end of this trumpet's timeline when the Parapsychology Association (PA) was created in Durham, North Carolina.

I believe Ti and Do taught that the Luciferians, having learned Next Level ways, also see their actions in relationship to certain humans as testing them to find those who can become their servants and/or provide them with DNA to develop new vehicles they can then make use of. A big difference between them and the Next Level is they need to attract those human vehicles the Next Level provided with “Soul deposits” because they can't make a Soul and a Soul has an increased capacity and function and awareness of the kinds of things they need for mind compatibility. The Next Level doesn't need new membership. It's their joy to provide the opportunity to those they create so they are very selective and have high standards.

- desiring death - So one tactic of the Luciferians to implant on the minds of humans they are trying to attract, in general or specifically, is to remove the catalyst of and impending “death” and/or recycling - end - hell. They try to replace that innate fear of death that can serve as the impetus to make the best use of their life to seek out their ultimate highest purpose, having the recognition that there is a grand design that a Soul deposit gives them, with instead theoretically even looking forward to death - in that way - desiring to die, thinking it's at that point that eternal life and true freedom from the encumbrance of the physical body begins - so they are led to think/believe and assume. Isn't that thinking telling of the same mindset of many Christians of simply believing in something or someone and assuming that belief carry one to some heavenly blissful reality. These two mindsets are the most pervasive it seems among those who were prepared most by the Next Level but become subject to these Luciferian tricksters.

Another trick is the “heaven on earth” mindset that includes “ye are gods” because you think you are. Yet another is the mindset that's equivalent to the “ye are god's,” is the idea that through technology development humans can have everlasting life and can terraform planets when one becomes worn out or destroyed by certain humans or bad aliens or “nature.” It's very interesting how many of the technological humans are also “spiritual” going from the dichotomy of thought, for example in the use of meditation and such techniques to heal themselves and their world to their laboratory or computer engineering departments to experiment with the physical world. Many whose careers involve aspects of the sciences thrive on the path of discovery and solving problems. It's their rubrics cube made into a profession right alongside the theologians who are like them, driven to their chosen vein and

understandably, yet become put to the test when information is provided by incarnate Older Members that don't require their various disciplines to embrace.

They can easily justify shielding themselves from the overall reality that Beings from The Physical Evolutionary Level Above Human are literally available for the asking and are master technicians, creators, gardeners and have the plan They periodically share with humans they also prepare humans to have the capacity to embrace. But if one has become satisfied with a niche they can't imagine jeopardizing, the Next Level knows about the only chance that Soul will have of breaking out of their comfort zone would be to remove some of the security they have believed they had. Facing directly our own mortality is one such foundation we all face. If we've accepted it and are happy to go to our death then “death flees” from us as the catalyst it could be. This frame of mind is altogether different from saying to our Older Members in the literal heavens we want to give our lives in their service so to use us as putty in their hands, even knowing that could take the shape of facing death because of. One is resolving to die and the other is resolving to work for the Next Level until we die.

To others the Luciferians spread their misinformation that some embrace in thinking death yields them freedom from life's trials, when life's trials are given to humans as the impetus to seek the help from our heavenly Father. That heavenly Father is for them turned into a non-entity, replaced by the worship and praise and service to the dead, namely some referred to as the Ascended Masters or spirits of the dead as in the so called “saints” or mythological entities or ghosts, etc.. Instead of providing service to the Kingdom of God/Heaven who assigns us to help one another by good works, the direction of service becomes to some universal mind or cosmic consciousness, they even call the Christ Consciousness programming adherents to believe they can change the world, reduce the wars, feed the hungry, even through meditation until the 100<sup>th</sup> monkey kicks in to create a paradigm shift, to give credence and “glory” (recognition) to anything but the Supreme Beings who created our Earth, even with the negatives so each individual can seek first their relationship with their Heavenly Father and then as instructed provide service to others according to His/Their will.

The Luciferian fallen angel space aliens teach to even welcome death as

joining those Ascended Masters in spirit as the hierarchy of the planet to help usher in world peace and a new heaven on Earth, an oxymoron as Members of the Next Level would never choose to make the Earth their home when they have evolved out of the womb for the “Human Individual Metamorphosis” any more than would a caterpillar if given the choice lose it's wings and new found freedom to have to crawl around with other caterpillars again. (That is a tiny, tiny example, as the gap between Kingdom levels is far far greater, having many, many reasons to not want to go backward though they do for a time to help us evolve out of it via their program).

Under these Luciferian fallen angel space aliens death loses it's sting to where even Christians who see the corruption of the human world think they automatically receive salvation by dying and going to some mystical Heaven because they believe in the idea of Jesus as a reality without being shown that each of us MUST also become as He demonstrated, a CHRIST, (through the metamorphic transformation) according to His example that has us face the sting of death on His behalf, according to His timetable, while seeking to demonstrate our service to Him.

Yet to others Luciferians have them believe death of the body yields true life outside the body where one can fly wherever they want and enjoy not having to be encumbered by flesh. These don't recognize that such so called freedom is actually hell as it is only through a physical body that a spirit takes shape and for each of the experiences they hated or enjoyed during life in the body, they are by death programmed to repeat with neither any real satisfaction from the pleasures, nor real relief from the pains - like software in a seeming endless loop while driven to try to reap that satisfaction or pain by leeching from those still in human vehicles. They are without choice to change. The condition of their mind in relationship to their vehicle at death becomes their ongoing condition to try to recreate solely on a mental level that is until the Next Level recycles and chooses to dissolve even that spiritual world back into a more base energy form.

All these forms of misinformation are parts of the plotting against the Next Level and the truth about what happens after death.

Rev 9:7 And the shapes ((3667 homoioma from 3666 homiooo= resemblance of similtude (manner))) of the locusts were like unto horses prepared unto

battle; and on their heads were as it were crowns like gold, and their faces ((4383 prosopon from 4314 ops= the front (as being towards view), outward appearance, countenance, surface, person)) were as the faces of men.

These beings do not have the physical shape of horses. The word was homoionia and has to do with their manner and perhaps vibration in how they resemble homosapians - "prepared to battle" in the way humans develop big egos and pride in their accomplishments - thinking themselves as self reliant and independent minded as they march off to another's battle, not recognizing they are being enslaved to their sense of self. These have "crowns LIKE gold" - again the facsimile of a real "tried by fire" gold that only comes by an individual having conquered the human kingdom by way of the example and lesson plan of one's incarnate Older Members and the records they leave behind when they exit. Finally, they are shown to have the visual appearance of a human's face.

Rev 9:8 And they had ((2192 echo= had or held (imperfect tense thus past in this context))) hair ((2359 thrix trichos of uncertain derivation compared to 2864 kome as ornamental hair)) as ((5613 hos= even as)) the hair of women\*, and their teeth were as the teeth of lions.

- had or held hair as hair of women," could mean very long and/or decorated. Hebrew men and women wore their hair longish, though males regularly cut their hair while women did not so it grew much longer. When it says they "held or had hair" it would seem it meant something special to these. If it was that they "had hair" it could have been a reference that they were born from women through fornication (sexuality) or "held hair" meaning they still were kin to the progenitors of their race as hair was often attached to sensuality. However, Nazarenes during Moses time were those who chose to take a voluntary oath to the Lord that Moses gave them the details of, as not drinking fruit of the vine and I believe also included abstaining from sexuality, in which they would not cut their hair so it's length showed they were abiding by that oath. (Even though the ego could derive satisfaction from being seen as having taken that oath, that part of their overcoming could apparently wait until a later time since the instruction came from the Older Member of what to abide by in the oath, it wasn't considered showing off of one's piety to follow the instructions and perhaps others needed to know they were taking that oath.

Ti and Do, for the longest time had hair that was like a butch cut with the hair on the sides going just a little over the top of the ears. I can recall a picture from Stanford College where six new students of Ti and Do gave a meeting where Dncody had long shoulder length hair and a full untrimmed beard. By the time of the Waldport meeting, he had short hair and no beard. Nobody asked me at the time but I had very long hair when I joined as did several others and we all had it cut off and began to shave when we joined. It didn't phase me to do so, though I couldn't have imagined doing so before then as I did have an individualist identity from it over the previous six years since having been away from vehicle's parental nest. I just knew I was entering a new greater phase of life so I was letting "it" take me. I was like the caught fish Jesus said followers would become, someone who unconsciously wanted to be caught and the bait was everything Ti and Do said and represented that I didn't question although I would not have been able to explain why. Now I know my vehicle had been prepared ahead.

At one point when Ti and Do moved into the Houston area where Do was well known some twelve years before, which was ten years after he and Ti had their pictures in virtually all popular media as Bo and Peep, leaders of the UFO Cult, Do grew a beard to help disguise himself some. That was not a signal for students to grow beards though probably some might have done so if Do approved it. In the mid 1990's Do shaved his head and I recall several other males wanting to do likewise. He didn't want all of us to do so as he didn't want us to stand out when in public together or at "out of craft tasks" - jobs we held in the human world, where sometimes more than one of us worked at the same location but tried very hard to stand apart. Female students, when they joined also cut their hair but not necessarily quite as short as males.

I think part of the bigger picture of what this verse is saying, points to these space aliens as including human looking females having lengthy hair. In other words there are females among them and they are not "grey's" in appearance, (though I believe Do thought some grey's appearance were actually suits they needed to have to either hide their hideous looking shriveled up bodies, as some reported, or to protect their fragile bodies while exposed to humans and in the decaying atmosphere of earth. So they are mammals as all mammals have hair and are compared in other ways to mammals having human faces and horse like resemblance of similitude -

vibration.

I recall in the contactee Billy Meier's reports, at one point the spacecraft, that had allegedly posed for his camera landed and a slender blondish long haired human looking woman named Semjaza met with him face to face and answered some of Billy's questions. She said they had families and were asked if they were aware of other space aliens that they don't have interface with. She said at times they would see a spacecraft that was much faster than theirs but would zip away without their knowing anything about who was inside them. I watched this on a documentary Do brought to the classroom to see. It focused some on the Pleiadians where the woman said they were from. I believe she indicated her home planet was ravaged by war so they had come to earth to survive and wanted to warn earthlings to protect their environment.

- teeth of lions - is referenced to the Old Testament as indicative of a powerful nation (people), considering a Lion is always depicted as having great courage and power, though it can be used for or against others when interpreted to the human beings who have the choice of how to use their power, for instance for or against the Next Level. Lucifer is considered to be a roaring lion in:

1Pe 5:8 Be sober, be vigilant; because your adversary the devil, as a roaring lion, walketh about, seeking whom he may devour:

Unlike comparing Jesus to the Lion of the tribe of Juda who is also depicted as roaring, though translated as “thunder” in Rev 6 and 10, this verse from Peter shows the comparison of this lion with it's vicious temperament that devours those that are not sober and vigilant which speaks to this depiction of these space aliens having the teeth of lions. They devour flesh in the sense that they prey on having human slaves, even willingly looking to them as we see with all the space alien contactees and their groups of followers promoting the illusion of heightened awareness - the delusional trick of words and with technology to create heaven on earth; world peace, feeding the world, cleaning the carbon emission part of the environment (while nearly ignoring hydrocarbon based chemicalization of life support systems and how nuclear reactor outputs escalate the mutation of the human genome), positive minded things except complete with thinking and acting as if the planet and it's life forms belong to them when they did nothing to provide it and are not looking to those who did, ignoring them as if they don't exist, even being scornful at the hint that they have anyone above them evolutionarily with a plan for Their, The Next Level's creation.

Rev 9:9 And they had ((held, possessed, ability, able, accompany, ability to reign)) breastplates, as it were breastplates of iron ((4603 sidereos= made of iron)); and the sound of their wings ((4420 pterux= feathers)) was as the sound ((5456 phone= disclosure, tone)) of chariots ((716 harma from 142 airo= to lift, take up or away, raise, keep in suspense (the mind), make to doubt)) of many horses running ((5143 trecho= to run or walk, race, have course)) to battle.

- Breastplates of iron - Since this is describing creatures compared to insects (Locusts), probably because of how the insect variety were used as a plague to leverage the voluntary release of the Children of Israel from the

enslavement of the Egyptians during the start of the Jehovah/Moses classroom.

They are depicted as coming out of the depth of the earth, what I believe is literally inside the earth, where the Luciferian space alien were imprisoned, having a likeness, shape, similitude to horses, a mammalian body with 4 appendages, a head and body, wild but tame/train able character and temperament with a mans face and crowns LIKE gold indicating they had risen to Next Level membership and elementary service in a student capacity, with the sensuality and propensity to propagate as women but with a predatory side (teeth of Lions), these breastplates of iron must represent their “hardness of hearts,” but motivation to protect their interests in human DNA and having humans service their agenda. (That agenda is on and off of earth that they need to advance via their influence and enslavement of the unsuspecting princes of the earth, the various governments).

The iron part demonstrates the great strength afforded them via their possession of technologies afforded them by their possession of (metallic) spacecrafts as in anti-gravity, laser, cloaking capacity, speed and agility and ability to operate clandestinely and affect human technology electrical systems, they in part are providing humans samples of, because they need aspects of those technologies they have no facility to reinstate.

- Sound of their wings, chariots: These space aliens “disclosure” (sound) of their flight (wings) technology and disclosure (sound) of “how great, with all speed” (as) are their spacecrafts (chariots) that enables many “instruments/vehicles” (horses) to run to battle.

Rev 9:10 And they had tails like unto scorpions, and there were stings ((to prick)) in their tails: and their power was to hurt men five months.

This seems to give more detail as to the nature of what was called “torment” in Rev 9:5. It's a prick. This brings to mind the many space aliens abductee recollections of their experience that most times came out through hypnotic regression as they were mostly in a daze or haze or seeming drug induced state during the experience and had no conscious memory of it. But as the reports go, most often of males, they are strapped to a table and feel something inserted into their penis and/or navel and at times are forced to have intercourse with a alien looking woman. The ones who have described

the look of the alien didn't describe the big eyed greys. They described someone who looked more human looking. Credo Mutwa said the beings all looked reptilian but not with a reptile's face except that they seemed to have scaly skin but didn't have a long snout or extruding mouth.

They most all said this procedure was extremely painful, thus physically tormenting as well as mentally painful, another synonym for basanizo.

A scorpion holds their prey with their two pincers and then sticks them with the needle on their tail and the entire experience is purely clinical. There doesn't seem to be any compassion. People feel like lab animals.

- Tails like scorpions - Describing these space aliens as having “tails” is because the Luciferians use mammalian sensuality and sexuality to lure/draw the human vehicles away from becoming the vehicles the returning Saints from that “third” of the Israelites, can use to overcome through, so in that way CAST those souls to earth if they succeed to poison them with that prick (sting):

Rev 12:3 And there appeared another wonder in heaven; and behold a great red dragon, having seven heads and ten horns, and seven crowns upon his heads.

Rev 12:4 And his tail drew the third part of the stars of heaven, and did cast them to the earth: and the dragon stood before the woman which was ready to be delivered, for to devour her child as soon as it was born.

The dragon is essentially Lucifer (the serpent) also identified as the devil (deceiver), Satan (adversary), the head fallen angel space alien (identified that way because he once had a student membership in the Next Level, with a Next Level provided physical body and spacecraft and crew it seems he was overseer of and thus circulation in space but because he fell away from his service to his Older Member, I believe was Ti, and went against Ti never graduated into adult Next Level membership and lost his freedom to circulate in space (except for a very localized to earth region) and thus became a “stranger” to the Next Level which was a simile for “alien.”

Saying he has a Tail describes how Ti and Do called him and his associate space aliens “human equivalents” because of how they have regressed back into mammalian behaviors and ways, having once advanced to student

membership in the Level Above Human that requires the elimination of human mammalian behaviors and ways. Thus the tail represents how these Luciferian space aliens use sensuality and sexuality to lure humans into their slavery by keeping them functioning as mammals, giving away their force, being preoccupied with everything related to propagation of families and pleasures that expels their force that could otherwise be restrained and would go towards having more common sense to see through the lies flooded on humans by these Luciferians and their unwitting human and discarnate slaves.

It is interesting that the astrological sign of Scorpio is associated with sexuality. And the entire experience seems to “poison” one's mind. Some end up seeing their captors as Gods and then they become their disciples. Female abductees also experience sexuality and with the males have in some cases said they were abducted a number of times starting at a very young age and then periodically which served to acclimate them to accepting them. Some claimed they were impregnated and this seems to be the source of the alleged alien children called “indigo children” that are said to be gifted with certain heightened intelligence and sometimes mental powers. Some in subsequent abductions were shown a child they were told was from them and this was a source of great mental/emotional pain. These experienced become poison when people end up looking up to their captors and feel they have a continued relationship with them through channeling or perception or sightings, etc. At that point these may be “dead” to having much capacity to reverse all that programming to instead want to be nothing. Even though initially victimized and at times violated they can see that as the help they needed to awaken to being used to awaken others, so they become a Luciferian promoting that agenda that is far afield from what the Next Level teaches as it builds one's self and ego rather than choosing to dissolve one's ego and self - replacing our confidence in our Older Member and wanting to know our Older Members will for us.

Rev 9:11 And they had a king over them, which is the angel of the bottomless pit, whose name in the Hebrew tongue is Abaddon, but in the Greek tongue hath his name Apollyon.

Both these terms are defined as “the destroyer.” The Luciferian fallen angel space aliens are provided because of their own decision to work against the

Next Level to destroy the Next Level's harvest of Souls in any way they can. This way, students that do overcome these space alien influences will never be capable of succumbing to their influence again and are therefore as Ti and Do said "on solid ground" to be awarded with Next Level vehicles. By the end of the 3<sup>rd</sup> Trimester's two harvest periods the human kingdom has been destroyed as far as providing a fertile ground for the growth of new Souls to Next Level student or adult membership. Do said the earth was still a fine planet to serve the Next Level again. It's the human kingdom that has become nearly totally corrupted by misinformation so that a plant hardly stands a chance to rise out of, thus when all is said and done it will be time to start over and destroy the destroyers. (See Rev 11:18)

Rev 9:12 One woe is past; and, behold, there come two woes more hereafter.

- A "woe" is an exclamation and alert to show the importance of what was just provided and seems to follow the angel's trumpet "disclosure" (voices) informational sounding period. Great Comets are those that are visible to the naked eye and in particular those visible to North America. They also may be those with an Anti-tail - a tail that is seen as extending towards the sun the comet is moving towards which is in addition to the ion and dust tails. They may also be comets that are not expected and show a hyperbolic orbit - that forms an arc that isn't able to be measured for a return. Only one comet was considered "great" in the 1950's, named, Arend-Roland.

**III.C.6. SIXTH TRUMPET/SECOND WOE - 1960'S - 2000'S - THE ONE WHO WAS INCARNATE IN THE NAME "JESUS" ARRIVAL AS THE FINAL PREPARATION PERIOD FOR HE AND THE ONE WHO IS HIS OLDER MEMBER, THE FATHER, FOR THEIR INCARNATION (TAKING OVER OF PREPARED HUMAN VEHICLES) FOR THEIR TASK IN THE FULFILLMENT OF THE TWO WITNESSES PROPHECY PERIOD, TO GATHER THE RETURNING STUDENT SOULS TO HELP THEM INCARNATE INTO THEIR PREPARED VEHICLES TO FINISH THEIR OVERCOMING OF THE HUMAN KINGDOM CONDITION TO GRADUATE INTO ADULT MEMBERSHIP IN THE NEXT LEVEL - INCLUDES EVENTS IN FIRST HARVEST PERIOD THAT ARE MANIFEST DURING THE LAST HARVEST PERIOD**

Rev 9:13 And the sixth angel sounded, and (I) heard ((gives to understand

((hear), be reported)) a ((first, one)) voice ((5456 phone= idea of disclosure)) from ((out of, by the means of)) the four horns of the golden altar which is before God,

-Four horns of the golden altar would seem to correlate with the Four Living Beings that are described as not only being “round about the throne” but “among” those on the throne, depicted in Rev 4:6, (seemingly what Ti “remembered” was a “briefing” they had before they all came to incarnate), where each has 6 wings which may be a four way division of the 24 Elders, who at the time of their Older Member's incarnation in the name “Jesus” had graduated to a STUDENT MEMBERSHIP IN THE NEXT LEVEL, when some could have received a STUDENT MODEL NEXT LEVEL VEHICLES and the task of “eyes” - WATCHERS and perhaps other tasks. On the Blackhawk tapes Ti and Do said these current students would replace Lucifer and his followers in the tasks they once had (which I understood described by Enoch as “watchers” (observers)). When Jesus said he had to prepare a place for his disciples, because there are many “dwelling places” (mansions) (Joh 14:2), he meant it. Like in a corporation, if some are fired then others are advanced to fill those positions if and when they make the grade.

- This First disclosure (voice) by the means of (from) the four horns - (the FOUR LIVING BEINGS) even the FIRST of them is shown in:

Rev 6:1 And I saw when the Lamb opened one of the seals, and I heard ((gives to understand (hear), be reported)), as it were the noise ((5456 phone= disclosure)) of thunder ((roar)), one of the four beasts ((s/b Living Beings)) saying ((3004 lego= to “lay” forth, set a discourse)), Come ((2064 erchomai= accompany, enter, grow, X light, X next, be set)) and see ((991 blepo= to look at (literally or fig., behold, perceive, regard, take heed))).

Rev 6:2 And I saw, and behold a white horse: and he that sat on him had a bow; and a crown was given unto him: and he went forth conquering, and to conquer.

None of this is spoken in words yet, but the ideas are being provided in the ethers for those who were tagged and deposited to be alerted to and become conscious of so when some see it's prophecy fulfillment spelled out they will have a sense of it's truthfulness. Given the time frame being in the 1960's to start with, it's fairly apparent this is the birth of the “new age” that Jesus said

“his kingdom” that included him, was returning during. It was the “dawning of the age of Aquarius” as was said in the play, Jesus Christ Superstar, published soon thereafter.

The U.S. as the melting pot it had been since the first colonies were established and followed by all ethnic groups and by the migration of Jews seeking to escape persecution, also included a large influx of leaders and teachers of eastern religion and spirituality, spoken of then as “gurus” (teachers) and yogi's and mahatmas (great ones), mostly from India. The hippie movement added to the added to the beatnik generation that entailed preaching peace and love that also began to break social norms, men growing their hair long and not shaving, more open nudity and sexuality, music entertainment that included rebelliousness from the system (Rock), the escalation of substance use and overuse to include, Marijuana, Hashish, Peyote, Mushrooms, LSD and harder pharmaceutical drugs), communal living off the land, vegetarian and vegan eating regimens, anti-war demonstrations, and perhaps most importantly the formation of many “cults” that were often “Jesus” centered - independent from traditional modes of “worship.” Young people roamed the highways dirty and unkempt, barefoot in robes carrying bibles. All kinds of groups sprouted. Those that gravitated to Hindu and Buddhist methods would talk about their ideas about reincarnation and an afterlife - not new subjects to consider but certainly brought more into mainstream thinking than ever before.

By the way Ti and Do said in 1975 that “reincarnation” as it was taught by the eastern religions was not accurate but at that time they didn't expound on what was more accurate. Then in 1992 anticipating going public for the second time since Ti stopped the harvest in the spring of 1976, Do created a video tape series entitled, “Beyond Human - The Last Call.” Here is Do speaking from Session 1 of 12 paraphrased by me because the current Heavensgate.com webmasters took over the copyright and threaten going after anyone who breaks it and can't be trusted to give me permission because I have pointed out how they are talking against Ti and Do in interviews - like by saying “there is no heaven and no hell” and a number of other things:

Do talks about the meaning of “awakening” and “reincarnation” which he and Ti always said was not the generally accepted Eastern definition of Reincarnation or related to a caste system progression - for instance coming

back in a next life as an animal. He indicates there are dozens of Bible verses that provide clear references to an accurate understanding of “incarnating,” if only in the expectation of Moses, Elijah coming back or whether John the Baptist is the return of someone.

Another big indicator Do pointed out was how Jesus said, “You have to be born again”

Yet another way of looking at it, he said was from the use of “common sense” he says is often a good measure of what comes from our Next Level Older Member - telling us that our Father in Heaven wouldn't put a Soul on earth for a few weeks before that Soul has an accident and dies, that because of learns no lessons because their time was cut short.

That's the end of my paraphrasing of an excerpt from the Beyond Human tapes that by the way in this part of the 12 hour series I (Swyody) was on camera as his helper (with Jwnody) for so I am not only paraphrasing but am an eye witnesses to what he said which should qualify me to quote him. In any case the transcripts of these 12 hours are in their Book but I have also posted them on my blog at:

Considering that Do felt there were some ideas expressed in Buddhism having to do with renunciation of worldliness, that to him sounded like lesson steps in “overcoming humanness,” one can see what Jesus said with that in mind and how these two distinct ways of thinking came together in the U.S. in a big way in the 1960's and 1970's to date:

Joh 10:16 And other sheep I have, which are not of this fold: them also I must bring, and they shall hear my voice; and there shall be one fold, and one shepherd.

Rev 9:14 Saying to the sixth angel which had the trumpet, Loose ((3089 luo= + break (up), destroy, dissolve, melt, put off)) the four angels which are bound ((1210 deo primary verb= to bind, be in bonds, knit, tie, wind)) in ((1909 epi= over, upon, of rest at, on, as long as (touching), have charge of))

the great river Euphrates.

These would seem to be Luciferian space aliens (the Dragon's angels as in Rev 12:9) who were bound as the Next Level doesn't tie up or put bounds on any of it's membership. The Next Level does "loose" them though, in other words remove the bounds on them so they will wield whatever it is the Next Level knows they will want to do once unbound.

The Euphrates River starts in eastern Turkey and flows through Syria and Iraq. This time period of the 1960's would show the first signs of any breaking up, destroying and dissolving of these countries that are most IN CHARGE OF that area, which is actually Iraq. There is considerable evidence that the U.S. was fostering the BREAKUP of Iraq as early as February of 1960 when a coup was planned. It was set up initially as poison in a handkerchief but then the current leader al-Karim Qasim was instead killed by firing squad in February of 1963 as part of Iraq's Ramadan Revolution when Ba'ath party and others came to power. Apparently, the U.S. didn't like Qasim because he was friendly with the Soviet Union who were considered the communist threat of the region. It's interesting that Hitler and his supporters believed that the Jews were trying to take over Germany and he referred to them as communist Bolsheviks. (There was a Jewish led coup against the Kaiser following Germany's defeat in WWI but it didn't hold, but Hitlers fears can be shown to have some background). On the night of the coup in Iraq a NSC staff member wrote to John F. Kennedy saying "...neither they nor the UK should claim much credit for it." Then in 1966 there was a coup in Syria the other Euphrates country. However, this being an area where major bloodshed would result because of these four instigators was set for a specific time as otherwise the Next Level would not have given this kind of, to the very hour evidence:

Rev 9:15 And the four angels were loosed, which were prepared ((made ready)) for ((towards, for, among)) an hour, and a day, and a month, and a year, for to slay the third part of men.

As has been shown repeatedly the events depicted in the prophecies of the 7 Angels with trumpets sounding have stages of manifestation during the general "End Times" that in this context of the 6<sup>th</sup> Angels sounding was in the 1960's. The Next Level's signs always have multiple applications which also provide people with a sense of their fulfillment that tests believers to see if

they will seek to take in the greater truth when it's revealed.

This would seem to show the U.S. invasion of Iraq starting in March of 2003:

Rev 9:16 And the number of the army of the horsemen were two (hundred) thousand ((myriads)) thousand ((myriads)): and I heard the number of them.

Hundred isn't even in the Greek text and thousand is listed as 3461 murias from murioi 3463, a plural form meaning very many, innumerable many or myriad so in the W&H Greek New Testament (Literal English, 2009) it translates to "...twice myriads of-myriads...." It was reported for the first invasion to include 248 thousand soldiers but there were also thousands of contractors (private soldiers mostly from a company called Blackwater and corporate support from Halliburton and 7 years of war that continues to date though so called military boots on the ground, as they are described has ceased, we're told, and to date it's back to advisers - contractors in the tens of thousands and increasing, clandestine operatives, bombing and drone raids.

Rev 9:17 And thus I saw the horses in the vision, and them that sat on them, having breastplates of fire ((4447 purinos= red color, shining like fire, fiery)), and of jacinth ((deep blue color)), and brimstone ((2306 theiodes= sulfurous, yellow at room temperature, when melted turns blood red with a blue flame and as an organic phylum chlorobi a "green sulfur bacteria that is used in pharmaceuticals to kill parasites, bacterias, mold, mildew, fungus, as a fumigant)): and the heads of the horses were as the heads of lions; and out of their mouths issued fire and smoke and brimstone ((2303 theion probably of 2304 (in its original sense of flashing)= brimstone, divine incense, because burning brimstone was regarded as having power to purify and to ward off disease))

(A full interpretation of this verse is found in section: IV. THE OPENING OF THE SEVEN SEALS)

It's no secret that the U.S. used what was called "depleted uranium" (fire) to coat some of their ammunition as they made them more piercing of armor or so I've heard reported by many sources. The problem is when it explodes it sends clouds of this uranium dust into the air, thus dangerous to health for anyone who catches the particles in the air or when particles make their way into ground water, etc., for many, many years to come. This is not talking about a small amount of these particles because there were many tons of

ordinance exploded and many of them were cluster bombs that are clusters of bomblets that don't all explode so are left for people and children to come upon, which is well documented in the Middle east but also in Vietnam, Laos and Cambodia.

In terms of the waring in Iraq as of 2016 it seems the worse is yet to come. In the last year there have been hundreds of thousands of Syrian refugees flooding into several points around the Mediterranean sea to escape the fact that to date, the U.S., England and France are bombing in both Syria and Iraq and elsewhere while Russia is also but is doing so in support of the Assad presidency while the other three are seemingly against the existing regime of Assad while they all say they are after the Islamist groups.

Rev 9:18 By these three was the third part of men killed, by the fire, and by the smoke, and by the brimstone ((2302 theion probably neuter of theios 2304 (in it's original sense of flashing), sulfur, which issued out of their mouths. Rev 9:19 For their power is in their mouth, and in their tails: for their tails were like unto serpents, and had heads, and with them they do hurt.

By “killed” it's both a Next Level and human definition involving the souls planted anytime past who are choosing not to work towards LIFE as an adult member of the Next Level that results in those souls meeting their chosen direction by one of three descriptions of the plagues - 1) by “mouth” in who we receive our mind from, between the Next Level Older Members and humans (to include human equivalents) which entails who we give give our allegiance to, and on the human view though who in governments and including nationalism, racism and any other .”..ism” we align with in the various fighting of wars and social unrest because we align with forms of one or more of these; vengeance, anger, hatreds, bigotries, passions and jealousies, 2) said as “tails” showing as giving one's primary allegiance to their mammalian human family procreation and sensuality/sexuality and 3) by “brimstone” that affects the people's health, in how one can have their body destroyed by many forms of human made chemical toxicity.

Rev 9:20 And the rest of the men which were not killed by these plagues yet repented not of the works of their hands, that they should not worship devils, and idols of gold, and silver, and brass, and stone, and of wood: which neither can see, nor hear, nor walk:

Rev 9:21 Neither repented they of their murders, nor of their sorceries, nor of

their fornication, nor of their thefts.

Calling these events “plagues” connects with the time of the “seven angels pouring out their vials” as shown:

Rev 16:12 And the sixth angel poured out his vial upon the great river Euphrates; and the water thereof was dried up ((3583 xeraino= desiccate, to shrivel, mature, pine away, be ripe, wither (away), that the way of the kings of the east might be prepared. ((2090 hetoimazo= from hetoimos= to make ready to be in their hand))).

It would appear this would be a literal drying up of the water but also a withering away of “life” from the area, physically and/or spiritually - pertaining to those who still have a relationship with the Next Level. It would seem those who do still have a relationship with the Next Level will try to flee that area before this time as they would have seen the handwriting on the wall that there was no hope for life remaining there.

However the timeline for this, as reported has two 40 year long (hour) starting points, first in the 1960's that becomes a proxy war with the U.S. supporting and against both Iran and Iraq against one another - selling military equipment to include many fighter jets to Iran and giving logistical support to Iraq (while the French supplied Iraq with military hardware) and the Soviet Union and U.S. protecting shipping. Operation desert shield started on August 2, 1990 which involved building up personal and military preparedness in Saudi Arabia (that Osama Bin Laden reportedly said was one of the reasons he hated both the U.S. and Saudi regimes) and then Operation Desert Storm on February 28, 1991 that pushed Saddam Hussein out of Kuwait where he had invaded allegedly with approval from his U.S. ally. Then during the second 40 year long (hour) from 2003, with ground troops withdrawing in 2011 but leaving 10's of thousands of contract soldiers that never left and then in 2016 some so called advisers back on the ground, with a stepped up bombing and drone missile offensive that now includes Syria, Yemen, Somalia, and of course Afghanistan. By the time of this Euphrates withering, drying up, Iraq may be or may already be opened up to the “Kings of the east” being first-off Iran, Afghanistan, Pakistan, India and China.

This prophecy seems to have it's twin fulfillment as a part of the Rev 16 6<sup>th</sup> Angel's pouring out of the vial that is the 6<sup>th</sup> plague and associated with the

gathering of the Lower Forces around the start of the camp of the saints in Armageddon - Ti and Do left clues to being in the area of Manzano, NM where Do and Crew began to build their “**camp of the saints**” on an old boyscout **camp** but that also could have included the City (Ar) Magdalena, and Mountainaire, New Mexico in a type of triangle Ti and Do briefly referred to. This is detailed more to come.

### III.C.6.a. THE ACTUAL ARRIVAL OF THE OLDER MEMBER SOUL OF THE ONE WHO WAS LAST INCARNATE AS JESUS

Rev 10:1 And I saw another mighty angel come down ((2597 katabaino from kata 2596 and base of basis 939= to descend, come (get, go, step) down, fall (down))) from ((1537 ek= denoting origin, from among, because of, by reason of, out of, among, (by means of))) heaven, clothed ((4016 periballo= to throw all around, cast about, put on)) (with a) cloud ((3507 nephele= cloudiness (nephele 3509= cloud))): and a rainbow was upon his head (2776 kephale= in the sense of seizing)), and his face ((4383 prosopon= appearance, countenance, aspect, surface)) was as it were ((in that manner, after, according, even as)) the sun ((2246 helios= ray, light from the east, [Father - the Woman (generator of life) in Rev 12:1])), and his feet ((footstool)) as pillars ((4769 stulos= to stiffen, a post, fig. support)) of fire:

- A MIGHTY ANGEL is not a student member of the Next Level. This individual is at the least in scriptural terms an Archangel which is a “captain of angels.” The only archangel shown coming incarnate is “Michael” shown in:

Dan 12:1 And at that time shall Michael stand up, the great prince which standeth for the children of thy people: and there shall be a time of trouble, such as never was since there was a nation even to that same time: and at that time thy people shall be delivered, every one that shall be found written in the book.

To stand up means to come incarnate - standing up in a human vehicle and standing up for one's Older Member in thought and deed which is also shown in:

Rev 12:7 And there was war in heaven: Michael and his angels fought against the dragon; and the dragon fought and his angels,

Rev 12:8 And prevailed not; neither was their place found any more in heaven.

This “war” is a war for the allegiance of souls thus a war of which Soul wins to become a member of the Next Level, Kingdom of God to gain circulation in the middle to upper heavens verses which ones show their allegiance to the human and human equivalent evolutionary kingdom where Lucifer, the dragon and his followers are, in their lowest level of “heaven.” (A more thorough interpretation of Daniel 12 involving Michael can be found in section: II.A.5.f. DANIEL)

- STEP DOWN, FALL DOWN, DESCEND (COME DOWN) FROM AMONG, BECAUSE AND BY MEANS OF, OUT OF (FROM) HEAVEN - indicates how this is a step down the evolutionary ladder and with “fall down” opens us up to understand how it could depict his being one among the UFO crashes though perhaps not apparent in the body count from the crashes as Do said he left his “Next Level vehicle in a closet.” His origin is listed as “heaven,” thus the Evolutionary Level Above Human outer space environment, their spacecraft base where Ti and Do said they came from, referring to their base as “Headquarters” (that may in fact be Pluto and/or in a number of places, wherever they are working from).

- CLOTHED WITH A COVERING (cloud) - refers to both the human vehicle he takes over and the way they come under cover a reference to how Jehovah came and went to and from tent (dwelling), made for Jehovah in the Moses encampment covered (clouded). This also indicates he comes in a totally unseen way, what Ti and Do called “undercover” with “cover” being the actual meaning of the Hebrew form of what's translated in English to “cloud.” Ti and Do said the Next Level does use clouds as literal covering of their spacecrafts and that their spacecrafts can generate their own cloud cover as needed. There was recently a video from one of the International Space Station cameras that showed an object one could barely make out amidst a shimmering cloudiness. That may have been shown to those looking at such things to alert them to how these prophecies depicting what to the Next Level are their reality in working with humans.

- This MIGHTY ANGEL has the RAINBOW on his mind (head) which relates to the other usage of “rainbow” in Rev 4:3 that defines “rainbow” as “to utter, say, command, pour forth” and shows a reference to a female

messenger deity.

Revelation 4:3 And he that sat ((2521 kathemai from kata fig. to remain, reside, dwell, sit (by, down firmly, steadfast to distribute with intensity))) was to look ((gaze)) upon like ((similar (in appearance or character, manner)) a jasper ((“to polish,” 6<sup>th</sup> foundation stone in New Jerusalem, 12<sup>th</sup> stone in Aaron's breastplate, Pliny the Elder writes it is “green and often transparent”)) and a sardine ((Jewish historian Josephus said was used in the shoulder piece of Ephod, Pliny describes as “triple stripe of white, red and black)) stone: and there was a rainbow ((2463 iris = pagan female messenger deity, from 2046 ereo a fuller form of rheo= to utter, say, command, pour forth)) round about ((2943 kuklothen from kukloi= to encircle, come stand round about)) the throne ((stately seat, power)), in sight ((to gaze, sight, vision)) like ((similar, like manner, character, appearance)) unto an emerald ((grassy green, 4<sup>th</sup> stone in New Jerusalem, 3<sup>rd</sup> stone in first row of breastplate)).

Considering the reference to “rainbow” having a female goddess depiction, before going further it's important to know that there are no male and female members of the Kingdom of God which includes student members termed “angels” (messengers, watchers, etc.), though Do indicated some student members could have a remnant of that human “plumbing” in their organ structures, which then makes sense that the fallen angels could have stimulated to develop, as with Adam, in what Do called a type of “reverse metamorphosis” - the then unique fallen human condition. However, Younger and Older Members of the Next Level have no such organ systems which makes them incorruptible - incapable of that reverse metamorphosis.

This idea of overcoming gender and mammalian procreation is addressed by Jesus in several ways:

Luk 20:34 And Jesus answering said unto them, The children of this world marry, and are given in marriage:

Luk 20:35 But they which shall be accounted worthy to obtain that world, and the resurrection from the dead, neither marry, nor are given in marriage:

Mar 12:25 For when they shall rise from the dead, they neither marry, nor are given in marriage; but are as the angels which are in heaven.

Mat 22:30 For in the resurrection they neither marry, nor are given in marriage, but are as the angels of God in heaven.

The Gospel of Thomas from the Nag Hammadi library (A newly published English translation of a collection of 12 leather bound texts found in a jar near the Upper Egyptian town of Nag Hammadi in 1945 that included sayings by Thomas Didymos that Do provided to the class when he began to feel to once again offer what he and Ti knew to the public again and felt it might be part of being “who we are” he said, referring to being the returned souls from the Kingdom of Heaven here to finish their tasks of overcoming their remaining humanness to graduate:

In one verse Thomas quotes Jesus as talking about making “the two one” in a number of respects so the male will not be male and the female will not be female and one will replace their eye with a new eye, hand with a new hand, foot with a new foot, likeness with a new likeness as being the criteria to entering the kingdom.

Ti and Do taught this but they called it “metamorphosis” and “body changes” that would happen inside of our human “cocoon” like body which we later learned was the shaping of our Soul body deposited into each student that is what provides them with the capacity to believe in the first place. Jesus talked about how many of these who receive deposits (in terms of seeds) don't survive. Ti and Do also taught that there is no gender in the Next Level vehicles each graduate would be issued that is grown for them. They said those vehicles have no such human mammalian “plumbing” which is part of why our mind needs to be completely satisfied without that kind of activity - procreation, sensuality, sexuality.

Also since every member of the Next Level is as a “God” compared to human beings, simply because once they graduate they are starting off as beginners in an entirely new evolutionary kingdom of life. It doesn't mean a new member then Lords over humans, though if their Older member gives them a task to deliver instructions and they come upon humans, humans could easily see them as “gods” or “angels” depending on how they show themselves.

It's hard not to take notice all the references to “green” in these descriptions of the one sitting on the throne. Jasper being a highly polish-able stone that is

described by Naturalist Pliny as “green and transparent.” Since the throne should be considered as both the seat itself and the position, this could be describing the “seat” - the vehicle this One sitting on the Throne is wearing in this provided view. After all the New Jerusalem is described as constructed by gemstones and is transparent like glass and actually pure gold is transparent as well.

So the reference to the “rainbow” as a green female goddess can be linked to the way the Greek/Roman goddess Demeter/Ceres is referenced in Rev 6:8 as the “green horse” that are actually names for the GODDESS OF THE HARVEST. As described in detail, NASA just took pictures of what looks like a cityscape of lights to include one very tall temple like tower all in one large crater on dwarf planet Ceres. (For pictures see: <https://sawyerhg.wordpress.com/2016/11/27/jesus-said-there-would-be-signs-in-the-sun-moon-stars-planets-comets/>).

But the “rainbow” (green goddess that has words to distribute) is described as “encircling the throne” or “standing round about” the stately seat/position/power and is in sight of the throne and also indicated as green in the use of emerald.

- FACE AS IT WERE THE SUN - describes this “mighty angel” as having a “face was as it were (in that manner, after, according, even as) the sun” that shows his feet - his footstools, the human vehicles he conquered by a trial by fire compared to metal:

Rev 1:15 And his feet like unto fine brass ((5474 chalkolibanon = (implied to mean whiteness or brilliancy) thus some metal like gold if not more precious)), as if they burned ((4448 puroo= to burn with fire)) in a furnace; and his voice as the sound of many waters.

The Throne in this context is referring to the Father, aka Jehovah and a member of the Elohim from the book of Genesis and thus Ti and speaks of this Older Older Member as “sitting” which refers to his taking the position/task to “reside, dwell, remain with a firm, steadfast intensity of purpose. Jesus indicated this was to come:

Joh 14:23 Jesus answered and said unto him, If a man love me, he will keep my words: and my Father will love him, and we will come unto him, and

make our abode ((3438 mone= dwelling, staying, abiding, mansion)) with him.

The Rainbow is also used to show the “covenant.” That covenant is two fold. First off, it's the agreement he has with his Older Member to perform this task. And the task is to fulfill all They had both worked for in the tending of the Souls who were to become Adult Members of the Level Above Human by their fulfilling the agreement they repeatedly formed with both Older Members. His countenance (face) is full of light (a Ray) and his foundation is having overcome the human world before by subjecting himself to the trial by fire 2000 years ago, laying his life down to be slain in service to his Heavenly Father as the example to Their student body.

As Rev 10:1 said his face was “like, in the manner, after” the Sun (ray, light from the east), his feet or footstool being described as compared to “pillars of fire” which relates to Jesus saying he will make each student into a “pillar in the temple of my God” - his Older Member. Do would have spoken about it as becoming a member on “Ti's crew,” the temple being Ti's spacecraft, the New Jerusalem as shown. Thus a pillar is a student graduate.

Rev 3:12 Him that overcometh will I make a pillar in the temple of my God, and he shall go no more out: and I will write upon him the name of my God, and the name of the city of my God, which is new Jerusalem, which cometh down out of heaven from my God: and I will write upon him my new name.

But this idea of the pillars being graduate students is also reflected in how the wall of the city new Jerusalem has “twelve foundations” as in a wall or a city. He also says he will give each overcomer a “white stone.” I wonder if that stone is in the shape of a pillar?

**FINALLY WE CAN SEE THAT THIS MIGHTY ANGEL IS THE ONE WHO OVERCAME THE HUMAN WORLD AGAIN BACK HAVING BEEN INCARNATE BEFORE IN THE NAME OF JESUS.**

Rev 10:2 And he had ((2192 echo= to hold possession, in his accompaniment, conceived)) in his hand ((5495 cheir= means as an instrument)) a little book ((974 bibliaridion, a diminutive of 975 biblion= a bill, scroll, writing, a diminutive of 976 biblos= inner bark of the papyrus plant, a sheet or scroll of writing)) open: and he set his right foot upon ((1909

epi= superimposition as a relation to distribution of direction about the times and in charge of the space of)) the sea, and his left foot on ((see 1909)) the earth,

- THIS “LITTLE BOOK” being in this mighty angel's hand indicates his having a task to assign it's opening to one of his crew. The fact that it's described as “little” singles it out from the BOOK he is scheduled to open:

Rev 5:5 And one of the elders saith unto me, Weep not: behold, the Lion of the tribe of Juda, the Root of David, hath prevailed to open the book, and to loose the seven seals thereof.

These are two different books or two different parts of this “writing” referred to as the book as described in:

Rev 5:1 And I saw in the right hand of him that sat on the throne a book written within and on the backside, sealed with seven seals.

That book is written WITHIN AND ON THE BACKSIDE though both parts are sealed. This is not referring to the “book of life” which is always written that way.

- A FOOT REFERS TO HIS “FOOTSTOOL” which are his Elder crew members who also take over prepared human vehicles to both serve the Next Level through him and serve by completing their own overcoming that also involves the provision of service to bring new fruit (membership). His right footstool isn't limited to one person. He is placing his crew as a strategy. The “right” refers to a “primary task assignment.”

Ti and Do taught about “primaries and secondaries” on tasks. For instance for many tasks there was a student crew member assigned in a primary role and another in a secondary role. For instance I was often a secondary doing carpentry tasks and automotive repair tasks or any task where I didn't have the needed experience. I would look to the primary on the task who would still use their secondary as a “check partner” for most all decision making. As a secondary, I would be paying equal attention to the task to try to complete the task as I thought the Older Member would approve of.

The Older Member didn't spell out all the details in any one task. They left them up to the crew to work out knowing that the crew would remain

sensitive to when they might be entering into a decision that needed further checking to proceed with. There was nothing robotic in working as a member of the Next Level on any task.

Some students had a hard time being a secondary and others a hard time being a primary. It was easy to think we are being thorough by paying attention to some details and at the same time miss which are the most important details. We see this among many in different religious groups and are generally called fundamentalists. They have their heart in the right place wanting to follow the letter of the law but as Jesus said often are “swinging at a gnat while swallowing a camel.” Someone will say, you need to say something using these exact words while missing the intention of those words.

Jesus ran into a great deal of this from the Jewish religious leadership. For instance we have heard that in India, among Hindu's if someone is drowning some might feel it's their karma so they won't try to save that person so not to interfere with their karma. The Jews said the same kind of thing to Jesus about whether to save a lamb that fell into a pit on the sabbath when the law is to not do any work. Jesus said that the sabbath was for man, not man for the sabbath and chose to save the lamb's life. I believe Ti and Do would have said that to save a life on the sabbath was not against the law of doing no work on the sabbath because it was doing something to save another. It wasn't doing something for oneself. If the Lord didn't assign a time to stop doing for ourselves, many of us would never stop. Being industrious has it's function and purpose but not when because of it, we neglect taking stock of the more important relationship with our Older Members from the Next Level.

Thus I would say that the primary task assignment was to set up a strategy to begin the operation of coming public to gather the crew nearest the sea which is where most of the students, regardless of where they took their human vehicles from migrated for their awakening. This was accomplished by Ti and Do's first meetings being held in California and Oregon. Yet there was also part of the crew on the eastern (left) side of the Temple area of the Western U.S. (west of the Mississippi river) to include Missouri, Texas, Oklahoma, New Mexico and Colorado. These seem to have been the footstool on the Earth portion of his arrival.

Rev 10:3 And cried with a loud ((3173 megas= big, (fear) exceedingly, great(-est), high, large, strong)) voice ((5316 phone= disclosure, tone, saying, language, noise, sound)), as when a lion roareth ((3455 mukaomai= roar but related to initiate, teach, instruct, make music)): and when he had cried ((2896 krazo= to call aloud, exclaim, intreat, scream)), seven thunders ((1027 bronte akin to bremo= to roar)) uttered ((2980 laleo= to talk, preach, say, speak (after), tell)) their voices ((disclosures)).

Next John sees this same Older Member (MIGHTY angel) disclosing the delivery of the SEVEN THUNDERS that are also disclosures of information and he is associated with doing so “as a lion roars” which refers back to Rev 5:5 that describes the “Lion of the tribe of Juda, the Root of David” as prevailing (conquering/overcoming) to OPEN THE BOOK AND LOOSE THE SEVEN SEALS THEREOF - that are on the BOOK.

Rev 10:4 And when the seven thunders had uttered their voices, I was about to write: and I heard a voice from heaven saying unto me, Seal up those things which the seven thunders uttered, and write them not.

As with most all prophecy provided by the Kingdom of God/Heaven it has multiple applications and the context is most often telling. John's initial instruction was to write everything he was provided. John was initially told to write what he “sees” - what he discerns/understands with his mind and sees with his minds eye. (Rev 1:11, Rev 22:10). And John is told specifically to write to the 7 groups of believers (churches) specific messages to be delivered to them. This is the only place where he is told he was about to write and was told not to. That would imply he was shown more than what his Older Member wanted to reveal in the Book of Revealing. But in this case what he was told not to write about was specifically the 7 thunders/roars by the Lion of Juda - his Older Member who had served incarnate in the vehicle named Jesus.

As described in another section, the 7 Thunders/Roars can be shown to have been the 7 major nation wide and even global wide public provisions of Ti and Do's information. In the timing of this verse John, his Soul (or whoever preforms the task John is identifying to his own task) is referred to as someone who is still incarnate at the time after the 7 thunders are uttered. That is verified in the next few verses as well when he is told he must prophesy during the time of the 7<sup>th</sup> Angels Trumpet which is after the Two

Witnesses have exited with or without the physical bodies they borrowed to perform Their tasks through, as all that happens during the time of the Sixth Angels Trumpet sounding. So John does have a task and it's to receive the Little Book and then speak about it.

That Little Book is described as the finishing of the revealing of the mystery of God - but referring to what the “prophets” past had said, thus the Bible record of what was said. And since this part of John's task included writing with the only exception being not to what the 7 Thunders uttered it doesn't show an inhibition of writing thereafter. After all the BOOK that was written from within the throne was written so why wouldn't the “backside” part (Little Book) of that overall BOOK be written “AFTER” and about the historic records as one of the ways of fulfilling the prophesy task.

Keeping in mind, how for the moment I do feel I've been given that task John was the instrument of presenting in his testimony, which it would be only human to consider an ego boost to say and that I certainly can not assume I will be given to continue in that task if I don't perform it to the degree Ti and Do require, I do have an experience to relay where I was “about to write” and the opportunity was removed from me.

When I went on the Geraldo show, I believe around in late summer of 1997, as a part of a large panel of UFOlogists, and me to represent my witness of being with Ti and Do, following their Heaven's Gate exit of their vehicles in March, I met someone back stage who I had worked with to some degree in 1994 when I think either Chkody and I or Mllody and I were overseers of a group holding meetings. (Those 1994 meetings were the 5<sup>th</sup> Thunder/Roar though I didn't make that connection until I started to study the records and write). I think this person's show was called UFO AZ as this was in Tucson, Arizona. This person had been invited to be on the panel as well and he had a publicist. That publicist was NYC based and became my publicist for a book that Alxody's vehicle's mother and I were going to write called, “Within and Without.” I submitted several chapters and they were submitted to several big NYC based publishing houses - I forget which ones. One of them tentatively approved the book deal, and said my writing was good enough so that I didn't need a “ghost writer” assigned to me, but that I'd need a good editor which they assigned to me and he accepted the task.

Days after Princess Diana's death hit the press and finally knocked the

Heaven's Gate Story out of everyday coverage, the book deal was dropped by actually both interested publishers. Thus I was “about to write” and as I see it now perhaps, the Next Level said no so the humans followed suit, however that occurred to them to do. The publishers said, “the public was no longer interested in the story.”

That information is still sealed during this 6<sup>th</sup> Angels Trumpet Sounding point in the timeline. This is because their revealing will start when Ti and Do as THE TWO provide the content of the 1<sup>st</sup> Thunder starting in 1975 that also began the opening of the First Seal shown in:

Rev 6:1 And I saw when the Lamb opened one of the seals, and I heard, as it were the noise ((5456 phone)) of thunder, one of the four beasts saying, Come and see.

As it's referred to as a “disclosure/voice, speech, language, tongue” (noise) that again is described as a roar (thunder) that comes from the seal's opening. It is the first of the Seven Thunders (roars) as announced during the 6<sup>th</sup> Angel's trumpet sounding and began via the Two Witnesses prophecy period:

Rev 11:3 And I will give power unto my two witnesses, and they shall prophesy a thousand two hundred and threescore days, clothed in sackcloth.

Thus the Seven Thunders are the content of the BOOK that only the Lion of the Tribe of Juda can open and does open and shows this Mighty Angel to actually be the same Older Member Soul who served incarnate as Jesus 2000 years ago, returned incarnate into a new human vehicle.

He is assisted by his Older Member to “get him started” (as Ti initially said she was only staying long enough to do and then was “going back.” Do didn't understand what she meant by that until after she left her vehicle by natural means, her vehicle as Do said, “burnt out,” called Cancer in her eye initially that spread to her liver eventually. Rev 12:16 reveals her method of exit from her “borrowed” human vehicle as the “earth opened it's mouth,” a common way of saying someone went to their grave. Thus her Mind, the portion that was brought into that vehicle went back to her Next Level post to help Do from that distance finish the task of birthing their adopted “children.” Getting Do started is described by the Rev 12 Woman BIRTHING him to be CAUGHT UP TO THE THRONE that She primarily occupied until then,

even though they worked as a team during their 12 years together as the Two Witnesses.

Rev 6:2 And I saw, and behold a white horse: and he that sat on him had a bow; and a crown was given unto him: and he went forth conquering, and to conquer.

This verse shows the One that “sits” (has a position/task) on him has a human vehicle he overcomes depicted as a horse he purifies the behavior and ways of, making it a “white (clean) horse” called Do. He also has a bow, the covenanted Souls in his litter of new students he is bearing the spirit birth of. He conquers the human kingdom and the Luciferian space alien fallen angel adversary again and is advanced to Fatherhood by the Rev 12 Woman, his Heavenly Father, Ti who exited by then to allow him the opportunity to complete the birthing task he began long before. Thru him all his students conquer.

Thus the time of the opening of the first seal starts at Ti and Do's first disclosures soon after meeting but officially when they left their previous lives in Houston on January 1, 1973 as will be further detailed in the section on the Two Witnesses.

The details of what I believe were The Seven Roars (thunders) are in the coming section outlining the period of the prophecy of the Two Witnesses as fulfilled by Ti and Do. They are Seven very specific dissemination of information to a world wide arena that becomes the criteria for the gathering of the returning students (saints) to finish their overcoming of the human kingdom and is carried forth as the body of truth to be continuously delivered after Ti and Do and the first fruit crew have exited their incarnations to provide for future prospective graduates after the 1000 years of earth and it's human kingdom recycling is completed.

Rev 10:5 And the angel which I saw stand upon the sea and upon the earth lifted up his hand to heaven,

Rev 10:6 And sware by him that liveth for ever and ever, who created heaven, and the things that therein are, and the earth, and the things that therein are, and the sea, and the things which are therein, that there should be time no longer:

Rev 10:7 But in the days of the voice of the seventh angel, when ((3752 hotan= whenever the hypothesis or less uncertainty, as long (soon) as, while)) he shall begin ((3195 mello= to intend, be expected, be about to, sense of purpose, duty, necessity, about, after that, mind (be) ready, return)) to sound, the mystery of God should be finished, as ((5613 hos= which how, in that manner, about, after (that))) he hath declared ((2097 euaggelizo= to announce good news, especially the gospel (truth))) to his servants ((1401 doulos= those who have made themselves subservient and bonded)) the prophets ((4396 prophetes= fore-tellers, inspired speakers)).

He is stating that the full mystery of God will be finished, that is, revealed potentially during and after the time of the seventh angel's sounding. As will be shown that sounding takes place after the Two Witnesses and student first fruit crew have exited the physical human bodies they took for their task and their Soul bodies were ascended into Next Level spacecraft abodes. (See Rev 11:12)

Further the content of the remainder of the mystery to be revealed is described as what had already been declared by those who were servants and prophets in times past. Thus that content would be all that was prophesied in the Old and New Testament. This would match up with Rev 5:1 prophecy that the “book” is not only written on within but is also written on the backside - or “after” and/or “behind” what is written “within.” This then correlates to it's taking place during the seventh and last trumpet sounding.

Rev 10:8 And the voice which I heard from heaven spake unto me again, and said, Go ((5217 hupago= to lead (oneself) under, that is withdraw or retire (as if sinking out of sight), depart, get hence, go (a-)way)) and take the little book which is open in the hand of the angel which standeth upon the sea and upon the earth.

There is no indication that any of the students besides the reference to John are included in the revealing of prophecy. The students of the Two Witnesses are evidently with them during their prophecy period, starting in Rev 11:1 that reveals “them that worship therein” with the context referring to those in the Temple and Altar areas. And in Rev 11:2 the holy city is referenced as being “tread under foot,” referring to the geographical area where the Two Witnesses are primarily focusing their prophecy period. There are other indicators of the student body with the Older Members all along as that is

why they come incarnate in the first place, like Jesus, to gather those selected by the Father, meaning the human vehicles selected to become the hosts to the returning students.

The students of Ti and Do were sent out in twos and threes and in groups of two or three partnerships to a larger group, to share the information Ti and Do provided. That information consisted mostly of the updates Ti and Do provided which were bringing more plain talk to what had become religisized extensively by then. Thus it was not sharing much if any of what was “declared to his servants the prophets.” Only some of the students even studied the Bible but hardly focused on what the Old Testament prophets wrote as it wasn't clearly pertinent to what was presently on the docket to share that the “lost sheep” would have been geared to hear and receive. But now, this attempt to decipher all the mysteries in the former prophecy, especially with what is in this Book of Revelations absolutely requires constant referencing to many of the writings by the Old Testament prophets.

For all these reasons I believe at this time this writing is at least part of the fulfillment of this prophecy that says the mysteries would all be revealed during the time of the Seventh Angels trumpet sounding and that this reference to a “little book” is also the “backside” of the greater current book that is a compilation of all Ti and Do crew wrote over twenty four years incarnate.

In 1985, months before Ti left her vehicle, she assigned Dncody the task of re-writing the Bible or at least parts of it. I don't know all she instructed in that regard. Dncody started on the task but didn't get very far and I don't know if the task was canceled or if it ended because Dncody soon left the classroom, never to return again.

Among the first big chunks of awareness that Ti and Do received by the time they were ready to leave Boerne, Texas in February of 1973 was that they were to “fulfill prophecy.” Only months later while painting rocks and selling them to tourists from their campground in Gold Beach, Oregon, to make enough money for food, while they studied everything they could get their hands on that might reveal what prophecies they were to fulfill, the did come upon and recognize that they were to fulfill the prophecy of the Two Witnesses. Some years later, Do told us that Ti was the Woman spoken of in Revelations chapter 12 and he spent maybe a hour (without Ti present at the

meeting, though she was still in her human vehicle) interpreting the first few scriptures in chapter 12. Except for these two pieces of prophecy, though I don't doubt they mentioned a little here and there from things Jesus said about his return, they never focused much attention on prophecy. However, there is a great deal of prophecy that was given for a reason. If we say, the only prophecy we need to concern ourselves with from the Book of Revelations is the few verses from Rev 11 about the Two Witnesses and from Rev 12 about the Woman, then that's saying they gave the rest for no reason. I'm only addressing this to give ammunition to combat those that, whether they say they believe in Ti and Do or not might be critical of these efforts at this time to interpret most all of the prophecies. I have already received that criticism from more than one former classmate.

It was late September of 2001 while I had a software programming job for a company with an office in Nassau county, Long Island, while beginning to study all the factors surrounding the 9-11 attack on the World Trade Center that I knew was apocalyptic in scope and so related it to the timing after the Heaven's Gate group, that I began to write about Ti and Do. I was approached by a publicist behind the stage at the Geraldo Television Show I was a guest on, to which I did write some chapters for and he lined up two popular NYC based book publishers. This book was called "within and without." I was co-authoring with the mother of one of my classmates (Alxody) who had layed down his life. I was writing about within the group and she was writing about her experience from outside the group and thus without her son. He had joined in 1975 as I did. After being told we had a deal with one publisher and being told I did not need a ghost writer but was assigned a well known editor who accepted the project, around the time the Princess Diana death story came out, both publishers dropped the project cold saying only, "the public was no longer interested." Just weeks later the New York Post came out with a paperback that more or less just restated what all the media had to say about the group and the events of their exit. I wasn't really disappointed as I didn't at that time really consider myself one of Ti and Do's students anymore. I was just going with the flow though I did put myself out before the public eye to be shot down pretty severely as I had no criticism of Ti and Do and what they had done, which was not what anyone really wanted to hear. Had I told a story of escaping I bet I'd have a book deal pronto.

But the 9/11 event shocked the heck out of me and I had already by then been

having these strange dreams of Do and students as if I was seeing what they were currently doing while outside their human bodies and they were all troubling and yet interesting. I have spoken about them in detail, but it was about that time in late September or October when I began to write about Ti and Do and I was calling my book “The Message” that Ti came to me in a dream and gave her approval to my writing.

I didn't leave the group to be someone to carry on with this followup. I legitimately flunked out regardless of whether I was old enough to have completed my task or not. I believe I was bonded enough that if I had stayed and laid down my life as they did, like some of them, I would have been awarded with a new vehicle designed to provide me with additional lessons that are talked about in these prophecies as a “white robe.” However, I doubt I would have qualified for an adult Next Level eternal body because I still had significant overcoming lessons to accomplish. So I would have needed to return to a new human experience to complete my overcoming. I don't believe I was in the same place as those who were among the elder students even though it would appear I was. A number who were given significant responsibility in the classroom ended up leaving and some have even turned against Ti and Do to some degree so there is no knowing on outside appearances which students were elder students and which were not. Ti and Do always suspected there could have been some who were younger Souls but who were advancing very quickly to keep up with the lesson plan. There is actually nothing stopping someone from skipping to the head of the class. By the way there is no competition in the Next Level so talking about being ahead or behind is relative to the Older Member and the lesson plan they administer and judge who is accomplishing or not. The point is, that this is a task I believe Ti and Do and crew support and if I didn't perform well in it, they would find someone else to do it. There may very well be others doing it.

Although I feel this is a task to help reveal all that has been heretofore mysterious, I'm not so full of myself to think I am the return of the one who wrote the book of Revelations. I doubt it and don't care anyway and if I did care it would show my immaturity. The Next Level provides tasks and there are any number of students that can perform those tasks. Do used to hate that bumper sticker or what we would sometimes see on a billboard along a highway in Texas, etc. that said something to the affect that “God only has

our hands through which to do his work.” The point of this that is such misinformation is thinking we have the perspective to say what God can or can't do.

Now where Rev 10:8 indicates the instruction is given for John to “Go,” which is also translated “to withdraw one's self, to go away, depart,” I believe this is speaking to the fact that One can not remain a part of the human world and still GIVE ONESELF ENTIRELY to one's Older Member, as Jesus and Moses both taught was the greatest commandment. This is not to say everyone reaches that choice and degree of giving at the same time, but if one wants to start their metamorphosis out of the “caterpillar” world, they must separate from living the caterpillar (human) life. Each one of us arrives at that crossroads at different times in different ways and to different degrees but each must arrive at that same eventual choice to totally separate from the human kingdom first by disconnecting from our family roots, behaviors and ways and finally by leaving our physical life altogether. With that said, the Next Level Members are not at all into ultimatums and heaping pressure on anyone like some of the religious make it sound. Thus here is what Jwnody (aka June in the Beyond Human Video Series), trusted servant of Ti and Do wrote and posted on April 8, 1996 in the document, “‘Away Team” from Deep Space Surfaces Before Departure’:

“In order to get saved for further planting, the overriding requirement is to recognize that this is true (these are the facts). You must believe that we represent the Kingdom that created this planet and all of its inhabitants. And you must be willing to take a stand in defense of that belief, and sustain that stand until the end – your departure – regardless of the consequences.”

In 1994 after leaving the “classroom” and then shortly thereafter re-attaching to my previous human world of family and friend relationships and activities, met a woman and decided to have a baby and business and house and future, I was not anticipating re-activating my studentship in Ti and Do's classroom. As I have already outlined, I was faced with that premise in the few years following when they laid down their lives in 1997. Because I went public before the mainstream media on their behalf despite some fear that I would be seen as one of them it showed I was still connected even though consciously I didn't think I was. After many dreams and signs and my conversations with Do, I remember saying, “okay, I want to be in your

service again but please don't require me to leave my daughter and family.” However, because I gradually started telling more people about Ti and Do around where I lived and then on the internet, I noticed especially among those I befriended, mostly due to relationships I was attempting to form surrounding my musical interests, every new relationship fell apart soon after I told them a little about my past and I couldn't ever keep it to myself very well. I didn't just blurt stuff out, unless I smoked pot, like before a gig or at an open mic at a bar. Then I'd take a break or draw attention as my musicality was pretty good so I'd get into talking and I couldn't keep my mouth shut. What I think was happening is that their discarnate influences would get wind of my mindset and would simply find reasons to not continue on with a relationship. So nothing worked for very long and because I had a family when I was invited to tour with a band, I would say I couldn't. Thus in one way or another nothing worked to get me more into the human kingdom which was a blessing in disguise.

Then largely because of my increased activity talking about Ti and Do, my partner, the mother of my daughter whom I was living with exclusively for seventeen years left me. Then when my daughter was living with me as it worked better as we were still friends, certain events resulted in changes I agreed with that had my daughter move in more permanently with her mother, though was close and I am still in her life. However, each of these two separations of loved ones felt like my heart was being pulled out of my chest as I had grown attached to both, yet I knew I needed to grin and bear it and in doing so would be healthier to give more time and energy to Ti and Do's service.

So what I am describing is, that even if you are willing to start in the direction of separation from the human kingdom, but can't fathom leaving all behind yet, I believe the Next Level will work with you to help you proceed at a pace you can handle and that is even better for those you count your loved ones. When I first joined with Ti and Do in 1975 I had no responsibilities. I had a partner, a woman I'd lived with for five years and we were already on the rocks some so it was fairly easy to detach from her and she also joined with Ti and Do. Plus at that time I had no big musical career or any other ties as I had already largely detached from my vehicle's family in New York and had been living on the west coast for about four years on my own. Many who are ready to take this step of providing a start to full time

service to the Next Level have already detached from family and chose not to have children and never found themselves drawn to what is required to become successful in business or other endeavors. Often that is because they subconsciously know they just don't fit in. That is often because the Next Level has already been helping them be ready to awaken more to becoming a Next Level student in response to Ti and Do's information when it is shared with them.

Finally, on this point of what the Next Level requires of those of us who want to make application to their overcoming classroom Do says in a videotape given on September 29, 1996 that there are

“Three types of individuals that can avoid the spading under at the end of an Age are:

- Those who leave everything of their human lives behind to graft to the Representative from the Level Above Human (Do) and complete their overcoming of their humanness.
- Those who recognize the Representative, recognize the information of the Next Level that is coming through the Representative, knowing it is true, and have not yet had the strength to complete their overcoming of their humanness.
- Those who recognize the information of the Next Level and are attempting, even without knowing of the Representative's presence, to break away in their own way.”

Now as Jesus said, to those to whom more is given, more is required. I have been given a huge amount from Ti and Do so I am expected to give more, but that is not to say I'm any closer to graduation than someone who has not yet been given as much. Jesus also addressed that by a parable of an employer hiring workers at different times and offering them the same pay. It's the prerogative of the employer not the employee whom to pay what and when.

Human beings that are not conscious of belonging to the Next Level family cling to one another and things and certain activities until they are all taken away from them. That is the way the human kingdom is designed. It's not to be an eternal condition which is why it is total misinformation to think of it as having an eternal characteristic, whether thought about as finding a fountain of youth, whether through technology or natural substances or from cloning

or in a spiritual context. That is why the earth's human kingdom is considered a “footstool” in that it is to be used to get to someplace higher up, but each must arrive at using that footstool by choice. We can ask for help to make those choices and help will be given, but we must still see the help when it comes and not rebel against the changes such will stimulate. The Next Level knows it's tough but the toughest part is conquering the fear that the discarnate Luciferian influences impose on us. We all will exit this life. It comes down to deciding to whom we want to exit for. That is also choosing to whom we trust which is what belief really entails and that means who we look to as our master as Jesus put it, between our Older Member from the Kingdom of God/Heaven or to the various aspects and what we consider to be treasures of the human kingdom.

Rev 10:9 And I went unto the angel, and said unto him, Give me the little book. And he said unto me, Take it, and eat it up; and it shall make thy belly bitter, but it shall be in thy mouth sweet as honey.

Recognizing how this is the only path, as Ti and Do said, was “the only way OFF the mountain,” the human mountain as an evolutionary kingdom, means that telling others that don't believe in much or any of this will face them with seeing you as a threat to what they do believe and/or disbelieve.

You will be seen as an enemy of society so though knowing this formula is 100% truth to what can be our ultimate highest purpose, that is so sweet to receive by the digestion of the words that describe that reality, knowing how others will respond hatefully certainly makes one's belly bitter to recognize as no one enjoys having people hate us for spreading the truth.

Rev 10:10 And I took the little book out of the angel's hand, and ate it up; and it was in my mouth sweet as honey: and as soon as I had eaten it, my belly was bitter.

Rev 10:11 And he said unto me, Thou must prophesy again before many peoples, and nations, and tongues, and kings.

Thus to all whom this speaks and tastes like honey to, who are willing to endure the bitter belly for our Older Member's sake and the sake of all who might come to bond with their Older Member because of our efforts to serve by sharing our Older Member's truth and reality, we are choosing to be an “active student” like John is addressed in these revealings that will take us

before many peoples and nations and tongues and kings to share these truths. What is given to John is the task set before all believers in the One True Kingdom of God in the heavens - the Evolutionary Level Above Human, though at this time is all most importantly relevant to everything said and taught and exemplified by the 15 years Ti was incarnate and the 25 years Do was incarnate working on Ti, his Older Member's behalf that is given as a free will opportunity to those coming up.

The next section is still part of the 6<sup>th</sup> Angel's Trumpet sounding and it is after the described Two Witnesses exit of their incarnations with their student body who comprise the FIRST HARVEST WAVE, that we will see the application of some of these Rev 9 and 10 prophecies of “calamities” (plagues) in world events, often brought about by the Luciferian Space alien influence on humans and their reactions to the Next Level's close presence with incarnate Membership and their physical incarnate withdrawal.

### **III.D. THE REV 11 TWO WITNESSES - TI AND DO'S 1260 DAYS OF PROPHECY AS BO AND PEEP TO GATHER THEIR LOST SHEEP, THEIR BEING SUBDUED BY THE BEAST, THE 3+ YEAR WILDERNESS “OVERCOMING CLASSROOM,” THE EXIT OF TI BY THE EARTH SWALLOWING HER VEHICLE UP, DO'S RISE AGAIN TO RETURN AS “JESUS” TO THE WILLFUL LAYING DOWN OF THEIR HUMAN LIVES AND RETURN TO THEIR HEAVENLY ABODE WITH THE TIMING OF THE 2ND WOE AS THE HALE BOPP COMET**

#### **III.D.1. REV 11:1-2 - PREPARATION FOR THEIR PROPHECY PERIOD - MEASUREMENTS, DEFINING THE “HOLY CITY” AND WHO IN THAT CITY “TREAD UNDER FOOT”**

Rev 11:1 And (there was) given ((1325 didomi= to give, adventure, bestow, shew)) me a reed ((2563 kalamos= water-plant, stalk, branch, bone, writers reed, pen)) like ((3664 homoios from 3674 homou= similar, like (manner), together, at same place/time)) (unto a) rod ((4464 rhabdos= branch, instrument, authority to deliver information (prophecy))): and (the) angel ((32 aggelos= be, induce, bring forth as messengers, [Next Level crew members and/or X-Next Level crew members])) stood ((2476 histemi= abide, appoint, bring, continue, covenant, establish, hold up, present, set(up))), saying ((3004

lego= GIVE OUT A CALL, “lay” forth, shew, speak, tell, utter, describe)), Rise ((1453 egeiro= awaken (collect one's facilities), rise (again) from sleep, sitting, stand from death and/or from inactivity, obscurity, ruin, nonexistence)), and measure ((3354 metreo= to measure (metre) (literally or as a figure); by implication a limited portion(degree), ascertain in size by a fixed standard, mete)) the temple ((3485 naos= from naio (to dwell); a fane (church, wherever the body of believers are gathered together, (not a building))) of God ((2316 theos= deity, magistrate, supreme divinity)), and the altar ((2379 thusiasterion= from thusia; a place of sacrifice literal or figurative)), and (them that) worship ((4352 proskuneo= attempt to please, prostrate oneself in homage (forerunner idea to “laying down your life”), do reverence, fawn)) therein ((1722 en= for sake of, because of)).

John, representing the returning student body is given/ASSIGNED THE TASK (adventure) of taking over a physical human body (reed/stalk, bone) that is compared to a BRANCH AND INSTRUMENT (rod). (This matches the way Jesus and his disciples, Moses and a number of Old Testament prophets regularly compared Next Level students and actually all humans to various plants (branch, tree, flower, grass) in line with the reality that the Earth and in particular parts of the human kingdom, according to the master gardeners design are tended by their membership to bring new fruit toward harvest ability, aka graduation from the human kingdom's evolutionary level. It is apparent that in the Old Testament these terms had multiple meanings, both literal and figurative, but all are shown to have layers of application seen brought out in Jesus illustrations, behaviors and ways.

The Greek “kalamos” is translated to “pen” in only one verse and one must confer with the literal context of a letter John wrote after Jesus had physically exited their environment as opposed to Revelations that are all composed of figures, metaphors that reference things Jesus and all servants of the Next Level recorded that also boil down to something literal as being described here:

3 John 1:13 I had many things to write but I will not with ink and pen write unto thee:

In the following verse Jesus compares John the Baptist to a reed:

Mat 11:7 And as they departed, Jesus began to say unto the multitudes

concerning John, What went ye out into the wilderness to see? A reed shaken with the wind?

Thus John's physical body is as the reed, which is more in line with the Hebrew “qaneh” that is defined as a “reed, stalk, bone, balances.” Bone and stalk are what a physical body is compared to, as with a “stalk of wheat” that is cut with a sickle in Rev 14 for each of those harvested.

Then these usages as a branch are also in line with the Hebrew translation but in this context some type of stick:

Mar 15:36 And one ran and filled a sponge full of vinegar, and put it on a reed, and gave him to drink, saying, Let alone; let us see whether Elias will come to take him down.

Mar 15:19 And they smote him on the head with a reed, and did spit upon him, and bowing their knees worshipped him.

Here it's like the staff a shepherd had and that the Lord gave Moses and Aaron, which is kin to a “rod” as well:

Mat 27:30 And they spit upon him, and took the reed, and smote him on the head.

But in these it is a measuring tool:

Rev 21:15 And he that talked with me had a golden reed to measure the city, and the gates thereof, and the wall thereof.

Rev 21:16 And the city lieth foursquare, and the length is as large as the breadth: and he measured the city with the reed, twelve thousand furlongs. The length and the breadth and the height of it are equal.

Here Ezekiel is given instructions to do some measuring using a reed:

Eze 42:16 He measured the east side with the measuring reed ((7070 qaneh= stalk, bone, balances)), five hundred reeds, with the measuring reed round about.

(Ezekiel goes on to measure all four sides the same measure and the wall the same)

Rod is used often in the Old Testament as a tool that establishes an instruction, commandment and authority:

Exo 7:17 Thus saith the LORD, In this thou shalt know that I am the LORD: behold, I will smite with the rod ((04294 matteh= staff, branch (of vine), tribe, company led by chief with staff (originally)))that is in mine hand upon the waters which are in the river, and they shall be turned to blood.

The Lord's hand is always those in his service whether any degree of student or fellow younger members of his Kingdom. Even the lower forces become the Lord's unwitting servants presenting the opposition to the Next Level that enables each human the choice day by day of what to embrace and thereby become.

For the ANGEL TO STAND indicates a member of the Next Level is appointed to ABIDE AND DELIVER the CALL as a delivery of information in thoughts/words/deeds (what this messenger crew member SAYS/DOES) geared to be a call to AWAKEN/Rise, rouse from sleep, to MEASURE the student body (Temple of God). A temple is nothing without those who are serving (worshipping) the Lord in it. There is no temple on the Next Level's "heaven" (spacecraft/abode/base).

Ti and Do said that it was as if the students, who they explained later were outside the human vehicles that were prepared for their entry, were delivering "smelling salts" to awaken the vehicle they had help to choose. This was no different than when Jesus approached certain ones and said, "follow me" and they did. Perhaps to some he said more than that but it could be that he didn't say much more at first. I can relate to feeling compelled, even when I just read the poster advertising the meetings in 1975-6 which was boldly headlined with the abbreviation: UFO's

Then some questions were asked surrounding why the UFO's were here, who they have come for and when they will leave - stating that the meeting was not a discussion of UFO sightings or phenomena.

The poster text went on to describe that there were "Two individuals" saying they were going to leave the human kingdom level to physically enter the "Next Evolutionary Level" via a spacecraft and that this would take place within months!

It said that “The Two” will talk about how the transition to the Next Level from the human kingdom level could be accomplished and the time frame.

It went on to say that they were not a religious or philosophical organization and were not recruiting for one but it indicated that many people have decided to devote all their energy to the “transitional process,” so suggested attending the meeting if these ideas about a real physical level beyond Earth's confines had somehow crossed your mind.

That was the gist of the poster used in 1975-6.

By the way, we never were philosophical. About the closest we got to philosophy was taking about various meanings to things we saw in movies or television shows like the Sound of Music and Star Trek and Man Facing Southeast and Questor, and “My Name is Nobody” - all movies provided us to watch by Ti and Do.

Ti and Do actually didn't approve of the use of the term “UFO” and I can't say it did that much for me, except add intrigue. But I recall reading at least twice the part about a “physical level beyond the Earth's confines” and recall saying to my “wife” at the time, “I am going to that meeting” and then thinking to myself, “I wonder what these two will look like?” I knew next to nothing about aliens or UFO's, but somehow it didn't seem far fetched. That is only because my vehicle was prepared and the returning Soul who had already conquered aspects of their humanness and had even come from a spacecraft under the administration of a Next Level Older Member was invisibly standing literally right next to me and was someone who's thoughts had been with me, my vehicle for years so it was completely natural to be interested enough to be at that meeting. The meeting itself simply solidified my attraction. Another aspect of the poster that meant something to me was that it required the devotion of one's “total energy.” I didn't know what that meant. It just stood out as something I was drawn to. Then at the meeting when Do at one point talked about having to leave all behind to join with them, it seemed completely natural to do so. It was as if I was expecting it, yet can't recall ever thinking that way before nor did I recall reading the parts about how Jesus disciples left all behind to join with him. I was familiar with much of what was said about Jesus from the gospels but only because of my own impetus and the movies I'd seen as a kid. My response to the movies about Moses and Jesus were that I wanted to be like them. However, part of

that feeling was a mix between my ego (the voice of my vehicle and it's discarnates) and what was in my subconscious mind that was influenced by that returning Student Soul who had been preparing my vehicle for just this task.

I, just like my fellow classmates were LOOKING FOR SOMETHING MORE, as perhaps most who read this must be or you would have put it down long before this paragraph. When we are prepared, we don't know what we are looking for. That's what enables us to SEE, not having already decided what we wanted, what we were interested in, what our future might look like. It was the Next Level returnees that just so happened to pick my vehicle to tag that primed me to be driven to searching for something that was not going to be found through any "normal" channels. It's the same motion that drives people to migrate, of course often assisted by trauma of war or persecution or lack of opportunity and/or freedoms or to get away from family that often tend to want to hold people down to their ideas and traditions and responsibilities or just the desire to have something more than they have. I believe the Next Level is continuously tracking and preparing parts of human genetic strains for just these kinds of opportunities to become a student to an incarnate Older Member from the Next Level. All who begin that relationship with Do now, even after he has exited, simply by privately seeking that relationship with our mind and words will be given the same kinds of preparation that will help them be with the next incarnate Older Member that at this point seems might be on the docket as early as 1000 or so human years from now, according to these prophecies.

All these are part of the preparation of parts of the human gnome at times that includes the drive to new understandings in any/all fields, but that prime someone to jump on opportunity when they hear/feel that call.

For at least those who would become the vehicles for the first fruit graduate students, the biggest prep began in earnest in the 1960's - 1970's which is apparent by the huge amount of birthing of what has become called the New Age movement. This is not saying those movements born in the 60's were Kingdom of God/Heaven movements. They were stimulated by the "light" brought by the Kingdom of God/Heaven Older Members and their Crew's literal close (on Earth) proximity. Their arrival included the provision of the Luciferian Space Aliens who would also respond to that "light" according to

what they had become. This is the way the “light” affects all beings. It stimulates them to seek out what they want like a moth to the flame, except it's the Spirit/Soul the Next Level is interested in harvesting so in the case of humans what they seek from that “light” becomes the deciding point of what's done with the resulting Spirit/Soul. The Luciferians thereby work on finding humans that can draw a great deal of attention that can become advantageous to their agendas. One of their huge agendas takes shape in the creation of what will be a facsimile of the Next Level's reality in movements, organizations, religious and spiritual culture and of course cults where distortions of ideas about what God is and/or isn't stimulate all sorts of “false gods” and “false prophets” in an attempt to, as Jesus said, (paraphrased), “show signs and wonders to even trick the elect,” primarily those vehicles tagged by the Next Level to be potential recipients of that “light.”

For those that have been responding to Ti and Do's information since their exit in 1997, I don't know when their vehicles were prepared but from what some new believers have told me, it was in their youth when the Hale Bopp Comet came close which is when the class exited, but would venture to say many may have been planted by the second series of public meetings around the U.S. and the various other of the Seven Thunders in the U.S., Canada, Australia, England, Scotland, New Zealand but really not ruling out anyplace on the globe that has access to the news and/or the internet during the 1990's, though not discounting that seeding was happening continuously throughout the entire time of Ti and Do's incarnation and awakening and to date.

John is being shown the process of being assigned a human vehicle to use as an instrument to awaken with the task of describing (saying) the literal measurement of the geographical area that was to become the temple and altar that is set up for those (returning student souls) that will be providing service (worship) to the Next Level, through their coming incarnate Older Member.

This is preparing for the time of the fulfillment of prophecy of a “resurrection of the dead” in that Jesus spoke about how both the just and unjust would be resurrected (stand up again), some who would rise to life and some to rise to death because it was judgment time. To rise to life doesn't automatically mean, for those who qualify that it's set in stone, so to speak. It is simply not set in stone that a Soul or Spirit will be recycled thus will have a future

opportunity to continue on to graduation that will then mean indefinite continued LIFE. LIFE is NOT a condition of a discarnate on the human level as some human spiritualists have come to believe and count on.

If only “temple” was included in the verse it would be more likely to think the primary object of the measurement was the actual humans who were to become the vehicles for the returning students. But Altar was included and an altar has never been shown to represent people except as the location where some “give their lives.” The crashing of spacecrafts that resulted in the death of a number of vehicles that were non-human is certainly their sacrifice. Even though these know they are not their physical bodies, they still don't relish the idea of putting themselves, with their vehicle through the willingness to take on that mission. The altar would also be the area where the classroom gave their lives to exit and complete their task through.

Worship is really only one thing...“service” to the Kingdom of God/Heaven through the incarnate Older Member. It's described as prostrating oneself, because that service always entails sacrifice of one's mental and physical humanness. This is why when the real genuine Older Members come and “blow their horn,” those that hear it and see it, are required to leave all behind to join with them which is tantamount to the second stage (trimester) of giving One's life. Do always said that a more accurate way of defining “worship” is to “work for.” We are not worshipping the Lord if we are not working for the Lord. And we are not working for the Lord unless we are doing exactly everything they gave us to do. Humans become misdirected by the Luciferians into coming up with all sorts of things they think are working for the Lord. Most anything can be linked to working for the Lord when one thinks they are connected to the Lord's pipeline as many Christian leaders are convinced they are, while often giving the impression that they are remaining humble about it. It's very easy to get puffed up in thinking we are working for the Lord and especially so when we have “followers.” That's why Lucifer tries to influence humans to build a following. When that individual has become built up before his congregation, Luciferians come in and tempt him in various ways that will cause them to “fall” from the standard they once held themselves up as an example of. Many followers can lose faith in God because they have associated their faith in God with faith in this or that leader of their group. No one needs to be a leader. Ti and Do are the leaders and they can hear our “prayers.”

Rev 11:2 But ((2532 kai= AND, but, also, so then, that, then, yet)) (the) COURT ((833 aule= a yard (as open to the wind/air))) which (is) ((3588 ho= the, this, that, one, he, she, it, etc.)) without ((1855 exothen= external, out(-side, -ward), (from) without)) (the) temple leave ((1544 ekballo= eject, bring forth, cast (forth, out), drive (out), expel, leave, pluck (pull, take, thrust) out, send away)), out ((1854 exo= away, strange, out(-side, of doors))) and measure ((3354 metreo= to measure (metre) (literally or as a figure); by implication a limited portion(degree), ascertain in size by a fixed standard, mete)) it ((846 autos= there, those, together)) not; for ((3754 hoti= because, as concerning)) (it is) given ((1325 didomi= adventure, offered task, ministry, shown)) (unto the) Gentiles ((1484 ethnos= race (as of same habit), tribe; specially, a foreign (non-Jewish= not an overcomer) people)): and (the) HOLY ((40 hagios= to hallow belonged - consecrated to the covenant of becoming pure, physically sacred, morally blameless, a saint, clean, innocent, modest, perfect, chaste, cherished)) city ((4172 polis= town with walls)) (shall they tread under) foot ((3961 pateo= path, tread (down, under foot), from a derivative probably of 3817 paio= to hit, strike, smite)) forty (and) two months ((3376 and/or 3375 and/or 3303 men= assuredly, surely, truly, indicative of affirmation or concession (in fact, confirmed))).

The COURT has no walls so is not as protected an environment as the Temple grounds with walls (barriers/gateways however undetectable to humans and instrumentation, similar to the overall Earth's "spirit world" (electromagnetic field, frequency platform, perhaps not far different from a computer operating system platform/structure, where physical creatures as humans are the hardware/firmware part that the software (mind/spirits) run against and can not run without)).

By in large, this "court" is still a defined area or there would be no reason for the separate designation, which comes from the organized areas in the Jehovah/Moses and crew encampments. As it says in this verse, the court is left out, but that is relative to the first fruit harvest. I believe the Court is by in large east of the Mississippi river and may include satellite areas virtually anywhere in the world. The court area is mostly populated by human beings who were not ready for the lesson plan those among the first fruit were ready for. However, they do get their chance as do all, no matter where they are in the world.

Prophecy is mostly about the Souls who are given tasks from their Older Members and the humans they are to form Kingdom of God styled relationships with (like a rider to their horse) that provides the best “match” of Soul to body so that the human vehicle is by it's specific characteristics providing the returning Soul with what Ti and Do called a “match” of the characteristics they still need to overcome/conquer.

So these two areas, Court and Temple are not to be part of the same designations...“measure it not” or “mete these two area's differently,” which says enough, but then there is that “leave out” part, that doesn't make sense that the Kingdom of God/Heaven would need to say, as it could look like it's repeat that these two areas are to be kept away from one another. But what this “leave out” part may very well be saying is better translated to “eject or cast, drive, or pluck out” which may look like it's a negative, but to where something negative is used to help provide some humans the impetus to look for something more. This could come in the form of feeling compelled to go somewhere else for fun or for a career search or to escape something about where they are. During the Gold Rush of 1849, The first great wave of migration, beginning in 1848, brought at least 85,000 prospectors by 1850 seeking their fortunes mining gold. It was the largest migration in United States history. That was also the time of a significant UFO sighting flap in the same area.

This HOLY is referring to those Souls who have been adopted by the Older Members of the Kingdom of God/Heaven, who had been nurtured from whenever they as seeds were planted into human vehicles to begin to grow to their graduation from the human kingdom. In times past they have “washed their robes,” “cleaned out their house,” become pure and are returning as the student crew to take new human vehicles selected for them to provide service to the returning Older Member's Two Witnesses task that will also bring them to their harvest ability into “adult” membership in the Kingdom of God/Heaven, no longer a “child of God,” but then a “younger member” of the Kingdom of God/Heaven, that each of which according to Jesus is “greater” than even the greatest human.

A city is never holy in and of itself. It is just an area that's enclosed with walls or calculated borders where dwellings for people are provided. If the people in it are “holy” (pure) then the city is a pure “Holy” place. That which

is “holy” (pure) has NOTHING AT ALL TO DO WITH RELIGION OR SPIRITUALITY, except to the degree each member of any group adheres as best they can to the teachings, in this case of Jesus and in the way they provide those teachings to others.

Thus in this context, the ones spoken of as the Saints are the “holy” ones. They are the same Souls that were Jesus' dedicated student workers 2000 years ago who gave their will and physical life styles, relationships and even their physical body's well being and life To/FOR Him that included working for Him in the delivery of the information His “Father,” as He said, gave Him to share, suffering the consequences of a religious and secular public that didn't understand or like much of what he said and had all sorts of reasons to want to be rid of. The religious organizations now identified as Christian are not representations of the Kingdom of God/Heaven and none of those they designate as saints are saints despite their good works to fellow humans. If the Kingdom of God/Heaven sees any of them as a “saint” that's Their business and they make those determinations on each of us according to what we think, say and do in our lives in relationship to Them, which for those who have been exposed to the last incarnate Older Member have a higher bar to measure up to. Like Jesus said, to those that much is given, much is required. That's why not paying much attention to what Ti and Do actually said does not bode well for those that consider themselves a Christian and Jesus believer.

OCCUPANTS OF A HOLY CITY ARE THOSE BROUGHT INTO THAT CITY BY THE OLDER MEMBERS OF THE KINGDOM OF GOD/HEAVEN:

Now “city” in the context of Revelations and especially when it's referred to with/as “holy” means the occupants are members of the Kingdom of God/Heaven, which includes those that are student members (sons of God), by student inferring that they haven't actually been graduated from the Human biological kingdom of life, to the receipt of a physical vehicle that can no longer “fall from grace” as the Luciferian Fallen Angel space aliens did that found them in “prison” inside and around the Earth. Those Luciferians were once “student members” (sons of God) though because of rebelling have lost their former opportunity.

THE DESIGNED CLOAKED NATURE OF THE PHYSICALITY OF THE

## HOLY CITY:

Thus this HOLY CITY has it's own physicality as a spacecraft, though to humans and/or human equivalent space aliens is cloaked (covered/clouded) and is what I am correlating to a specific geographical location on Earth, where it is literally docked for the END TIME/AGE task operations. The actual ground of the earth is to this Holy City, like the first level of this skyscraper like craft. The second story of this craft could be thought of as earth's atmosphere that is also where discarnate spirits exist, though Do said has “gates and buckets” that spirits can be sorted into, with some potentially “saved” for a future opportunity to develop further.

Actually in three depictions we can see the physicality of this city:

(1) Rev 3:12 Him that overcometh will I make a pillar in the temple of my God, and he shall go no more out: and I will write upon him the name of my God, and the NAME OF THE CITY OF MY GOD, WHICH IS NEW JERUSALEM, which cometh down out of heaven from my god: and I will write upon him my new name.

## CITY OF MY GOD, WHICH IS NEW JERUSALEM:

This is described as “coming down out of the sky/heaven.” And it has a NAME as does the New Jesus and the New Father. A city is basically defined as a “walled enclosure.” In Greek, it's “polis” as in the English “metro-polis.”

Here's the second verse that equates the “city” with the name of the Human city spoken of as Jerusalem, again coming “down from God out of heaven/sky.”

(2) Rev 21:2 And I John saw the holy city, new Jerusalem, coming down from God out of heaven, prepared as a bride adorned for her husband.

Furthermore, in Rev 21:3 we see a further depiction that equates this “object” with a tent as a structure to inhabit:

Rev 21:3 And I heard a great voice out of heaven saying, Behold, the tabernacle ((4633 skene= HABITATION, with Moses a TENT)) of God is with men ((444 anthropos= man-faced, human beings)), and he will dwell with them, and they shall be his people, and God himself shall be with them, and be their God.

It's saying this HABITATION is with humans (men), dwelling with them and these who are present at this time in that area will dwell with the one(s) who the term God is representing in this verse, the Older Members, the Two Witnesses and their crew of graduates who in this context return with their new physical vehicles.

Then a clincher is how the Kingdom of God went through such pains to describe this city in so many physical terms and it in such great detail:

(3) Rev 21:10 And he carried me away in the spirit to a great and high mountain, and shewed me that great city, the holy Jerusalem, descending out of heaven from God,

Now here we see Their use of comparisons...“her light was LIKE to a stone...”:

Rev 21:11 Having the glory of God: and her light was like unto a stone most precious, even like a jasper stone, clear as crystal;

In Rev 21:12-17 details the structures literal measurements not far different from the way Moses was given exact measurements to build their temple and altar and court and the chambers inside the tent that Jehovah used (called the Holy of Holys):

Rev 21:16 And the city lieth foursquare, and the length is as large as the breadth: and he measured the city with the reed, twelve thousand furlongs. The length and the breadth and the height of it are equal.

Rev 21:17 And he measured the wall thereof, an hundred and forty and four cubits, according to the measure of a man, that is, of the angel.

Next this spacecraft “holy city”'s composition is described in Rev 21:18-21 showing how it's constructed of gem stones, and metals that are of the highest quality elements for use in certain types of building. Gold, AU on the periodic table has an atomic weight of 1, like no other element. Actually it is a fact that pure gold is transparent like glass.

The calculated size of this New Jerusalem (Holy City) is described as a square approximately 1378-1420 miles in all its measurements - height, width and depth (the calculation is shown below), like the size of the planet Pluto, or like a surface area on earth from the Mississippi river to the Pacific Ocean and from the Gulf of Mexico to Edmonton, Alberta, Canada and then 1378-1420 miles into the Earth's upper atmosphere which would be slightly further away than the most distant satellites which are located at a minimum of 200 miles and a maximum of 1240 miles from the Earth. Interestingly the difference would be about 124 miles between what space scientists have determined a satellite could still hold an orbit and the outside edge of the New Jerusalem as if the Next Level wanted to stay just outside that realm.

It's also interesting that the definition of Jerusalem is often related to being a "dual" or Two mountains or might be construed as Two Teachers as in Two Witnesses or pertaining to Two People in Two areas of the world - initially the Tribes of Israeli "overcomers" who became the Jesus disciples and then the "new nation" - combined "Folds" in the returning Souls in the USA.

Jerusalem = Greek 2419 Hierousalem hee-er-oo-sal-ame' of Hebrew origin (Yruwshalaim 3389); Hierusalem (i.e. Jerushalem), the capitol of Palestine= Jerusalem.

3389 Hebrew Yruwshalaim yer-oo-shaw-lah'-im occasionally Yruwshalayim {yer-oo- shaw-lah'-yim}; a dual (in allusion to its two main hills (the true pointing, at least of the former reading, seems to be that of 'Yruwshalem' (3390))); most likely from 'yarah' (3384) and 'shalam' (7999); founded peaceful; Jerushalaim or Jerushalem, the capital city of Palestine= Jerusalem

3384 yarah yaw-raw' or (2 Chr. 26:15) yara; {yaw-raw'}; a ancient root; formally, to flow as water (i.e. to rain); as a transitive, to lay or throw (especially an arrow, i.e. to shoot); as a figure, to point out (as if by aiming the finger), to teach= (+) archer, cast, direct, inform, instruct, lay, shew, shoot, teach(-er,-ing), through.

7999 shalam shaw-lam' a ancient root; to be safe (in mind, body or estate); as a figure, to be (causative, make) completed; by implication, to be friendly; by extension, to reciprocate (in various applications)= make amends, (make an) end, finish, full, give again, make good, (re-)pay (again), (make) (to) (be at)

peace(-able), that is perfect, perform, (make) prosper(-ous), recompense, render, requite, make restitution, restore, reward, X surely.

Then regarding it's physicality, again, after describing it's foundations and wall and gate makeup and comparing it to a tabernacle, dwelling place for the Lords and all the Saints, complete with the measurement of it's size the prophecies then point out it's environment and what it does not contain:

Rev 21:22 And I saw no temple therein: for the Lord God Almighty and the Lamb are the temple of it.

Thus these Two are the “Temple mountains” and relative to this return another evidence that the Two Witnesses are the Father and Son (Jesus) returned incarnate together in the new names of Bo and Peep and finally Ti and Do. (Ti was Peep).

Rev 21:23 And the city had no need of the sun, neither of the moon, to shine in it: for the glory of God did lighten it, and the Lamb is the light thereof.

And those who are “saved” from “hell” (lake of fire) walk in it's light:

Rev 21:24 And the nations ((1484 ethnos= people)) (of them which are) saved shall walk in the light of it: and the kings of the earth do bring their glory and honour into it.

The Kings of the Earth would be those who overcame their humanness and received a crown in the form of a new clean pure (white) robe (celestial model body) as in Rev 7, the first fruits harvested while those saved are those that have yet to overcome so are to be kept, some of which might also receive a body, if they served as Oil - shedding light to others and lost their vehicle's life in doing so also depicted in Rev 7 as the fellow servants.

Rev 21:25 And the gates of it shall not be shut at all by day: for there shall be no night there.

Rev 21:26 And they shall bring the glory and honour of the nations into it.

However, establishing the HOLY City New Jerusalem's physicality, however cloaked doesn't demonstrate just how accessible it may very well be to students. This next verse addresses this in general terms:

Rev 21:27 And there shall in no wise enter into it any thing that defileth,

neither whatsoever worketh abomination, or maketh a lie: but they which are written in the Lamb's book of life.

Since these first two verses are describing the layout of the geography for the temple, altar and court, when speaking of serving (worship) in the temple only it has to be referring to the presence of the student crew. Further, the gentiles in the court are left out so they are not who will be treading or making path to the holy city at that time. Gentiles can't make path to the holy city anyway as a gentile is referring to someone who isn't given the recognition of the reality to the Kingdom of God and it's incarnate representatives when they come public, so don't believe in the real Kingdom of God/Heaven.

It is obvious that there are gentiles throughout all these geographic areas so why mention them except to show the temple area will have the focus of those who are ON PATH and even literally under the Holy City that as shown is docked on/above them.

For those that think this is really far fetched to consider there to be a huge type of spacecraft docked over a large portion of any geography, that is physical to the touch, that is if the Next Level allowed their craft to be touched or seen for that matter, is a difficult step to consider. One doesn't have to understand the mechanics of it to believe it possible. After all Ti and Do said there could be people and things on another planet that are invisible to human detection. Jesus when he rose from the dead, was seen on several occasions in a room that he wasn't seen as entering and at one point vanished from before their eyes. And that was around the time he also walked on water and exited by his physical body being lifted up into the craft inside the cloud cover, having proven by many ways that he was still a physical being. Thus how can we believe all that and not consider that the Next Level can use that kind of technology on a larger scale?

This part having to do with the Saints treading the path to the Holy City is also consistent with the translation of pateo to it's derivative paio meaning to, strike, smite or hit, in the affect Their Older Members information, that they will disseminate primarily in the temple areas will have on the general populous and in particular the lower forces who seek to keep as much of the populous asleep as they can. It is they who are smited by the arrival of the Older Members and their Student Crew members of the Next Level incarnate,

but of course they are operating through all the bestial humans, largely those who are completely loyal to the mindset of the societal institutions large and small, private and public, religious and secular.

Even though “foot” seems to be a definition by association with “tread,” as in “tread under foot,” which is the way it is used in the depiction of the believers that become subject to the “winepress” in:

Rev 14:20 And the winepress was trodden without the city, and blood came out of the winepress, even unto the horse bridles, by the space of a thousand and six hundred furlongs.

Here it is used to illustrate how these new believers would be among the grapes being tread upon, that becomes their harvest exit from their physical vehicles. Simultaneously understood, these who are on path to the Holy City, formally the saints will be on “foot” which would mean “incarnate” as the only way a Soul can be on foot in a human way, the same as their incarnate Older Members, must be to have literal feet, the same as all the humans have. This winepress treading takes place after the first fruit harvest of souls. Saying this takes place “without” the city is also equivalent to saying it takes place outside the city and city in this context is the geographical area on or above the ground and/or sea where that holy city is docked but court side, though court also would imply the grade level of the populous that has largely not gravitated to the temple part of the geography.

Again, in accordance with the manner in which each verse of these prophecies provide any number of fulfillments in the translation of terms, since “pateo” is as a “path” to “hit upon” for these purifying saints in the geography of the foundational “temple” part of the walled/gated dwelling (city) that has membership from the Kingdom of God/Heaven within, “hit upon” can also be a reference to the way in which they come to be on foot as if by a “single blow” or smite or strike which just might be reflecting the crashes of spacecrafts for their atonement styled (flesh sacrifice) arrival.

re: FORTY (AND) TWO MONTHS: This seems to be both referring to the number of first fruit student affirmants of their covenant and to the time period of the initial prophecy period of 1260 days by their Older Members as the Two Witnesses.

These students are treading the path by foot and of course it's in the area as their Older Members who publicity begin to disclose their testimony for the purpose of gathering that student body together to form the “overcoming classroom” that entails their all taking their “final exam.”

This usage of the term “months” remained a mystery to my work to re-translate and re-interpret much of Jesus prophecy, until I noticed that there were several listings for the Greek word, “men” pronounced “mane.” 3376 simply says it is a primary word; a month. Presumably this is month as in the 12 months of the year as the translators agree. However, as also discovered there was yet a second listing that is exactly the same as 3376 in every way except for the definition which is stated as “assuredly, surely, truly, indicative of affirmation or concession (in fact, confirmed.” This puts an entirely new light on the potential translation. It then appears to DESCRIBE those who were just listed as “holy” (the saints) - showing that these are “sure, true, affirmative” in their commitment to their Older Members. This definition is further developed in yet the third listing of “men” at 3303, though pronounced “men” rather than “mane” and different in the way the Greek word is written suggesting it as a stronger form of 3375's “men.”

With this translation the number “forty and two” would be describing how many “holy” are following these TWO Witnesses in THE TREK(TREAD) ON THE (FOOT)PATH TO THEIR CITY, being the entire purpose for these “Holy” is to be “harvested,” born into membership in the Father and Son's Family who are the commanders of the HOLY CITY.

But this “month” may actually ALSO be meant as a time frame in which the “HOLY” will be engaging in this trekking around and in the vicinity of and on their way to the NEW JERUSALEM CITY and could actually mean both that there are 42 Saints who have affirmed their commitment and are trekking around the area of the Holy City for 42 months as if to suggest they are doing so for the same amount of time as the Two Witnesses are giving their prophecy. But why then was it expressed as 42 months for the saints(holy) while for the Two Witnesses expressed as 1260 days, unless they had more to say in regards to the Saints in respect to timing and the number of saints, and their status as affirmed for the first fruit classroom about to begin with the arrival of their Two Older Member Teachers, while also stating their physical proximity to them (the holy city).

Here is the only other usage of the phrase “forty (and) two months,” which may in fact be a time period and may also be applied to a testing period of these 42 “affirmed holy students,” as the word “power” here has to do with giving them the choice, the liberty to do as they please to provide what these 42 need to purge from their beings, thus to overcome:

Rev 13:5 And there was given unto him a mouth speaking great things and blasphemies; and power was given unto him to continue forty and two months.

The Court is the geographical area immediately outside the Temple and Altar's geographical areas, populated mainly by those who did not physically gravitate to the introductory new understandings and beliefs one will find more common in the Temple/Altar geographical areas. The basis for this is in the idea that the physical presence of the Older Member(s) MIND is a literal beacon of light and potential understanding that attracts. The many recipients that are “called” by that greater presence of “light” don't know why, except to have the drive to travel in mind and/or in body into geographical areas and/or areas of thought that can find them in a closer proximity to the Older Members and their thinking when they make their physical presence and new information known to the public.

Considering the Temple is described as being some 1378-1420 miles square:

Rev 21:16 And the city lieth foursquare, and the length is as large as the breadth: and he measured the city with the reed, twelve thousand furlongs ((4712 stadion= a distance of 606.6 feet (though in Roman system said to be equivalent, comes out to be 625 feet, turned into miles for current U.S. reference is a range of 1378-1420 miles for each side)). The length and the breadth and the height of it are equal.

So 1378-1420 miles long, wide and high would extends a great way into space and could make for a localized “heavenly” base, parts of which could seem to be called “Paradise” or “Abraham's bosom” or “Purgatory” because it is a temporary holding area for spirits/souls who are in transition to potential membership in the Kingdom of God/Heaven, pending future opportunities to conquer a human vehicle, to take it over, through the application of the stepwise instructions from the incarnate Older Member Representative(s) to overcome it's humanness to advance into membership in

the Evolutionary (non-Darwinian) Level Above Human aka the Kingdom of God or Kingdom of Heaven (literal heavens with the highest heaven among the stars of deep outer space).

This Heaven is therefore a staging area for operations in and around the planet as opposed to the more distant locations of members of the Kingdom of God/heaven in laboratories as big and as disguised as a planet, populated by only those who graduated into that higher, but still physical realm of existence.

### **III.D.2. REV 11:3 - THE TASK OF WITNESSES - THEIR PROPHECY PERIOD AND MEANING OF THEIR BEING CLOTHED IN "SACKCLOTH"**

(For an analysis of Rev 11:3-6 with certain additional details covered see section II.A.6.)

Rev 11:3 And I will give power unto my TWO WITNESSES ((3144 martus= of uncertain affinity; a witness (literally (judicially) or as a figure (genitive case)); by analogy, a "martyr"= martyr, record, witness)), and they shall PROPHECY ((4395 propheteuo= speak, teach, refute, reprove [bring updates about], admonish, comfort others by divine inspirations)) a THOUSAND TWO HUNDRED AND THREESCORE DAYS, CLOTHED IN SACKCLOTH.

#### **- TWO WITNESSES**

Note the Greek word translated to WITNESSES, "martus" is related to the word "martyr." Yes their task involved GIVING THEIR LIVES just as Jesus taught he had to do and his disciples needed to demonstrate the willingness of, as a big part of the overcoming of humanness process needed to graduate to become a member in the Evolutionary Level Above Human, where Jesus and His Father are from in their Kingdom in the literal heavens.

However, Ti and Do always said that theirs was "NOT a Martyr trip" as the term "martyr" was twisted into being like a magic pill some were conned into taking, thinking they were pleasing God or ascending to a heaven because of, when most often it became a way of elevating self to a perceived, however subconscious hero status that escaped doing the real work of overcoming the human world. The overcoming process does mean one will grow to give our

all, to even include one's physical life WHEN one's incarnate Older Member strongly indicates it's timely to instigate or let happen. Note how Jesus was visited by Two Beings he talked to while his Father audibly spoke from the cloud on the mountain where he brought with him THREE STUDENTS to WITNESS, where he was informed it was the time for him to lay down his life and of the location where that was to occur:

Luk 9:28 And it came to pass about an eight days after these sayings, he took Peter and John and James, and went up into a mountain to pray.

Luk 9:29 And as he prayed, the fashion of his countenance was altered, and his raiment was white and glistening.

Luk 9:30 And, behold, there talked with him two men, which were Moses and Elias:

Luk 9:31 Who appeared in glory, and spake of his decease which he should accomplish at Jerusalem.

Also note that in Jesus and Moses teachings and most everywhere in the records where there is some physical interface with Members of the Next Level among humans there are TWO OR THREE present or incarnate Members serving as one another's witnesses and partners. This example was built into the teachings provided all along:

- Moses classroom commandment re: Two or Three Witnesses for a Judgment:

Jehovah through Moses gave the law describing the need for two or three witnesses before someone could be determined guilty of an offense and especially if the offense called for being put to death. (The death penalty seems to have been one of the many behaviors Jehovah and Moses compromised because of the stiff necked people, as Do spoke about in the Beyond Human video series). Ti and Do also indicated that for people to put a priority on some of those rules when they believe in Jesus who updated many by teachings and by example, is like insisting on remaining at best toddlers in their adoption of Kingdom of God behavior and ways, instead of becoming an adult. For example, Ti and Do taught that adultery meant not becoming an adult. But in terms of having “witnesses” the instructions Moses gave were continued by Jesus:

Deu 17:6 At the mouth of two witnesses, or three witnesses, shall he that is

worthy of death be put to death; but at the mouth of one witness he shall not be put to death.

Deu 19:15 One witness shall not rise up against a man for any iniquity, or for any sin, in any sin that he sinneth: at the mouth of two witnesses, or at the mouth of three witnesses, shall the matter be established.

- Jesus refers to the same law re: Two or Three Witnesses:

Mat 18:15 Moreover if thy brother shall trespass against thee, go and tell him his fault between thee and him alone: if he shall hear thee, thou hast gained thy brother.

Mat 18:16 But if he will not hear thee, then take with thee one or two more, that in the mouth of two or three witnesses every word may be established.

Mat 18:17 And if he shall neglect to hear them, tell it unto the church: but if he neglect to hear the church, let him be unto thee as an heathen man and a publican.

Mat 18:18 Verily I say unto you, Whatsoever ye shall bind on earth shall be bound in heaven: and whatsoever ye shall loose on earth shall be loosed in heaven.

Mat 18:19 Again I say unto you, That if two of you shall agree on earth as touching any thing that they shall ask, it shall be done for them of my Father which is in heaven.

Mat 18:20 For where two or three are gathered together in my name, there am I in the midst of them.

- Jesus considered HIMSELF AND HIS FATHER Two Witnesses to qualify as a true testimony - yet another big clue that shows who the Rev 11 Two Witnesses are:

Joh 8:17 It is also written in your law, that the testimony of two men is true.

Joh 8:18 I am one that bear witness of myself, and the Father that sent me beareth witness of me.

Do (who was incarnate in the vehicle named Jesus) didn't tell (witness to) the student body he was incarnate in the vehicle named "Jesus." Neither Ti or Do talked about "who they were" in the records during the first 12 years (1975-1987) when I sat in front of them in some two hundred private meetings.

They may have talked about it some with those students they gathered before I joined but even that is unlikely given the way they always talked and wrote

about Jesus as another person, saying they weren't Jesus because Jesus was the name of the vehicle an Older Member used to perform his task through.

However, at some point between July of 1974 and January of 1976 when Ti and Do entered into providing their teachings to Hayden Hewes and Brad Steiger through two in person interviews they gave them that was recorded in the book they published in June 1976 named, "UFO Missionaries Extraordinary," what was included in the back of the book was an article Ti and Do wrote entitled, "What is Happening in the Heavens at This Time" where it describes as stages of Next Level closeness that entailed the start of the civilizational experiment as Adam. Adam succumbed to the discarnates from the previous civilization but recovered and changed over his body in the name of Enoch and was taken with his full body and mind. Then that same individual returned to incarnate as Moses, then Elijah and Jesus for the 5<sup>th</sup> closeness and Do with Ti for the 6<sup>th</sup> closeness. I don't know who was the primary writer of this document but they were both receiving "impressions" at the same time that they would only recognize were the same when they began to talk about what they were thinking about. In this way they were "check partners" and thus witnesses for one another.

It was 1987, two years after Ti left her vehicle, when Do told the 30 or so remaining classroom members we needed to "be who we are." The way that first became manifest in how I observed was in our modus operandi regarding dealing with humans and mostly realtors. Instead of hiding that we were a group, which always took some doing, we presented ourselves as a monastery. I recall when Lggody and I were partners and were assigned the task to build stands for our two 8 foot diameter satellite dishes, so we could take them with us when we moved or traveled, Lggody figured out the building plan, buying of channel iron and such. I was in a secondary task partner role so he could run things buy me which was our way. When we went to buy the materials we presented ourselves as brother Logan and brother Sawyer. This also began Do thinking about whether we would make a new public offering of our information. It would be nearly 7 years later in 1994 when we had sold everything for perhaps the 3<sup>rd</sup> time to change our modus operandi, like from living in houses to living in tents and living in tents to trailers and trailers back to houses and to trailers inside of warehouses to outfitting ourselves with vans and traveled around the U.S. and Canada giving meetings. We ran out of money a couple months into the excursion of

4 groups and decided to continue by seeking help along the way from anyone that might give us help with food, gas and some lodging. The posters we made to advertise the meetings got bolder and bolder about who we represented.

(I don't recall which ones of these posters I worked on. I, with my partner were a group's "Overseers" and we had a Compaq portable computer and a tiny printer with us and I primarily worked on the posters for my group because I was an experienced computer user and had been engaged in writing projects as we see published in Their Book. There are a number of photographs of me speaking at meetings during that time. I am noting this to prove that I am an eye witness stating my testimony.)

Some of the titles read:

- THE ONLY WAY OUT OF THIS CORRUPT WORLD (If you don't want out of the human kingdom, you don't want into the Kingdom of Heaven. You can't have both.) THE SAME CREW THAT WAS HERE 2000 YEARS AGO WILL SPEAK ON:

- CREW FROM THE EVOLUTIONARY LEVEL ABOVE HUMAN OFFERS - LAST CHANCE TO ADVANCE BEYOND HUMAN (If you don't want out of the human kingdom, you don't want into the Kingdom Level Above Human.)

- ORGANIZED RELIGION (ESPECIALLY CHRISTIAN) HAS BECOME THE PRIMARY PULPIT FOR MISINFORMATION AND THE "GREAT COVER-UP"

- "UFO CULT" RESURFACES WITH A FINAL OFFER of the FORMULA for entering THE EVOLUTIONARY KINGDOM LEVEL ABOVE HUMAN

- UFOs, SPACE ALIENS, AND THEIR FINAL FIGHT FOR EARTH'S SPOILS

- The End of the Age Is Here - and as Was Promised - HE'S BACK, The One "the World" Hated and Killed Before! WE'RE BACK, His "Adopted" Who Were Treated the Same! WHERE WILL YOU STAND? The "Blasphemy's" the Same - the Test Is the Same for All of Us - "Leave All Behind" and Go

with Them - or Take Your Chances.

- Some desire to advance beyond racial consciousness, Some beyond gender and sexual consciousness, Some beyond religious consciousness, Some Desire to Advance Even BEYOND all HUMAN behavior for the sake of the Evolutionary Level Above Human - “the Kingdom of God.”

This next one was used around August 18, 1994 for the last meetings in Maine, Massachusetts and New Hampshire areas (My group put on a meeting using this poster title as Do instructed near Portsmouth, New Hampshire that there is a photograph of):

- UFO TWO AND CREW SAY: “THE SHEDDING OF OUR BORROWED HUMAN BODIES MAY BE REQUIRED IN ORDER TO TAKE UP OUR NEW BODIES BELONGING TO THE NEXT WORLD.” IF YOU WANT TO LEAVE WITH US YOU MUST BE WILLING TO LOSE EVERYTHING OF THIS WORLD IN ORDER TO HAVE LIFE IN THE NEXT. CLING TO THIS WORLD AND YOU'LL SURELY DIE.

Note in this title it's stated that one must be “willing to lose everything of this world” as opposed to saying they must lose everything of this world immediately which corresponds to a number of things said by Do and Crew thereafter to indicate even those who are not ready to leave all behind, if they are willing to leave all behind could still qualify. However, prophecy indicates that the Next Level has ways to compel us to leave all not that anyone couldn't choose to do so at any time as coming to that degree of awakening is according to each individual that none of us have the judgment to decide for another. But as Jesus said there would come a time when each of us will hear that “trumpet call” and according to Jesus should prepare ourselves for that notification which would involve trying to put our ducks in a row, so to speak so not to leave a mess behind when we leave. That can mean arranging for the care of those we have been taking care of and/or arranging for certain possessions to be in another's hands legal by the human laws that is which is some of what we told new members who joined us in 1975 and 1994.

Do said, Ti never told him she was his Older Member (heavenly Father incarnate). Do came to know it during the 9 months or so time period they were both awakening to the full nature of their task - making sense of the way

they were both independently recognizing and adjusting to the same thoughts about the reality of the Next Level. Do told us Ti was his Older Member and that it took him a while to recognize it. Thus Ti became the witness to who Do was and Do became the witness to who Ti was. Both Ti and Do both became witnesses to who the students were and to the Next Level's reality and their joint task to serve and be in their descriptions “links, pipes, midwives” for the students graduation from the human kingdom.

Again, the Father is indicated as the other “witness” with Jesus:

Joh 5:37 And the Father himself, which hath sent me, hath borne witness of me. Ye have neither heard his voice at any time, nor seen his shape ((1491 eidos {i'-dos} from 1492 noun translated as= the external or outward appearance, form figure, shape, form, kind)).

Here's what Do says in video series, “Beyond Human, The Last Call - Session 12” about Ti's coming with him for the task:

“Listen, as we described to you before, I and this class had the unique, unbelievable privilege of even having my Father accompany me in the early stages of this classroom - awaken me and help me through the rough spots because of what the world had become at this time. Now, maybe it's because I needed that help. Maybe Jesus didn't need that help 2000 years ago. Maybe the world wasn't that complicated at that time. I don't know the reasons. I don't care. It doesn't matter. I suspect that Jesus had even a physical relationship with His Father during the time that He was there that didn't reach the history books, that didn't reach the scriptures. But I was still so lucky and so privileged to have my Father come and awaken me, set this thing up, get it going. You know, I don't know that you can relate to this at all, you probably can't. It just means so much to me. But I can remember in the first few weeks that I met Ti, that Ti said, “Why do I feel that this is something that I'm to give to you, and then I'm to go back”? And I didn't know what she was talking about. But I know now, and I'm even thankful that it was designed that way. Because I am the beneficiary, even of that difficulty. We're all beneficiaries of difficulties. If our desire is to get closer, what's the formula? A difficulty comes our way - a hurdle - a means of getting rid of misinformation or getting rid of things that are still human ways of thinking, and we can overcome that and move forward.”

Considering how Two or Three were required for a judgment against someone who had broken laws of God, and considering that current time period shows all the signs of being the forecast judgment time, one can begin to see that these Two Witnesses, Ti and Do and Crew as said have given their testimony. They are both “anointed” thus “Christs” who are giving their lives on account of their testimony and how we each respond to them pro or con will be how we are JUDGED to be brought to Life or rendered to the death of our spirit and/or Soul in the Lake of Fire.

- In his “name” wasn't only in that literally in that name “Jesus” because over time that name became corrupted to represent things that Jesus did not teach. So what “Name” meant the most, which applied to those that literally heard his original teachings first hand or second hand was all that he literally said and did - what he was teaching and being the instrument of demonstrating of those teachings. When we “stand” for that “name” we are standing up for the way, the truth and the life eternal that comes when we stay the course. Then upon his return in a new human vehicle (Do) when he speaks one will see those same teachings and they would not have become a foreign “false Jesus,” aka “false Christ.”

In Ti and Do's classroom we did most everything in two's called “partnerships,” or threes if the numbers worked out that way and in “crews.”

- PROPHECY required talking to people face to face and all the other ways people communicate through media and how this is a huge proof that these two come incarnate, rather than thinking this will be done from a cloud as one can understand as a remote possibility because of the way Jesus and Moses as students heard talk from the sky at times but only when Jesus or Moses was present incarnate. In those cases it was also explained by Jesus and Moses the voice/words were for their sakes. It was part of the plan to prepare the student body for the real physical nature of the Kingdom of God/Heaven.

- 1260 DAYS; was accomplished by several ways of looking at the dates but the most straight forward range goes from a starting range of October of 1972 to January 1, 1973, when Ti and Do using their many names that settled on Bo and Peep at that time to the ending point range anywhere from April 21, 1976, when Ti (Peep) called the “harvest closed” to mid June of 1976 when the remaining meeting schedule was finished that then became the start of the

next 1260 days from Rev 12 for the “wilderness” time living outdoors where the overcoming of humanness “PROCESS” began in earnest and students that had been gathered during that 9 months previous were filtered out of the group by Ti and Do since many didn't really understand what they were involved with and were not showing the start of a 100% commitment to all they were leading them into.

- CLOTHED IN SACKCLOTH = They take human vehicles that are to them “clothing” that are from among the commoners, thus not from any of the royal families so to speak. And they wear ordinary clothing versus putting on robes to make airs of whom they are. Sackcloth was a burlap beans were bagged in that after use were given to the poor.

To show proof of Ti and Do's clothing being ordinary and not such that would depict a highly religious or spiritual person, as wearing a robe would do, nor the kind of attire someone who was trying to impress another would wear as in those running for political office do or those who are making presentations to sell things to others do, according to New York Times Magazine Section article: “Looking for: The Next World” By JAMES S. PHELAN, Feb. 29, 1976, they (Bo and Peep) wore slacks and windbreakers that can be seen in pictures taken of them over those years. Sawyer also testifies of their appearance throughout the September of 1975 - April of 1976 public prophecy he witnessed parts of and then thereafter for 19 years their student.

Here is what Do wrote in the booklet entitled, “'88 Update - The UFO Two and Crew” that described what he and Ti experienced around the time of the fall equinox of 1973 surrounding their awakening to fulfilling the Two Witnesses prophecy that I am paraphrasing here but can be found in it's entirety as Do wrote it at:

'88 Update - The UFO Two and Their Crew, By Do

<https://sawyerhg.wordpress.com/2010/03/02/88-update-the-ufo-two-and-their-crew/>

Do states that He and Ti's in-depth awakening took place over months when they were camping near Gold Beach, Oregon, on the Rogue River. As they had been searching through every published record of prophecy they could get their hands on at libraries and book stores, when they came upon the

Book of Revelations chapter 11 where it talked about the Two Witnesses they came to believe this was referring to their task to fulfill.

Do indicates this was very difficult to accept for both of them as they both were the type of person that was “turned off” by those who claimed to be a reincarnated Biblical character or king or famous person in history, so assuming that role as the Two Witnesses was very hard to digest.

Do goes on to indicate how they still felt they had no choice really so had to tell the world about how the real Kingdom of God, Kingdom of Heaven was actually a physical evolutionary kingdom level above the human kingdom, as opposed to a mystical cloud and harp spiritual realm that the Luciferian Space Aliens had made popular by influencing those who quoted scripture to misinterpret, distort and dilute.

Do indicates the term “evolutionary” is not related to Darwin's theories but refers to a level of life that one can become a member of by following the assistance of an existing Member of the Next Level Kingdom that will help them rise above and overcome the ways of the human world.

### **III.D.3. REV 11:4-6 - WHO THEY ARE, DESCRIBED AS OLIVE TREES AND CANDLE STICKS AKA LAMPSTANDS, BOTH ARE ANOINTED (CHRISTS), FATHER AND RETURNED JESUS AND HOW THEY ARE SEEN, BY WHOM AND WHY**

(For an analysis of Rev 11:3-6 with certain additional details covered see section II.A.6.)

Rev 11:4 These are the two olive trees, and the two candlesticks ((3087 luchnia from 3088 luchnos= a lamp(light)-stand)) standing ((2476 histemi= abide, appointed, present, set up)) before ((1799 enopion= from 1722 en= in the presence or sight or face of)) (the) God ((2316 theos= a deity)) of the earth.

- TWO OLIVE TREES = As documented before, a tree is a human vehicle that has become a foundation for those souls who are coming up to find their abode in and derive their life from. The Olive tree is of special significance in it's production of oil from the pressing of it's fruit the olive. This oil was used to represent Jesus christening (by anointing his head with it) that was completed when he voluntarily laid down his body to be killed. Ti and Do

said that “Christing” or “Christening” was in fact one's Human Individual Metamorphosis that Jesus first demonstrated so that each who followed in his footsteps could also accomplish. He did it for us to show us how we must also do. They called it “the process” which was the “overcoming of the (human) world,” Jesus spoke of and said was required to reap the rewards of eternal life with him in his many dwelling places in the literal heavens.

Joh 10:14 I am the good shepherd, and know my sheep, and am known of mine.

Joh 10:15 As the Father knoweth me, even so know I the Father: and I lay down my life for the sheep.

Joh 10:16 And other sheep I have, which are not of this fold: them also I must bring, and they shall hear my voice; and there shall be one fold, and one shepherd.

Joh 10:17 Therefore doth my Father love me, because I lay down my life, that I might take it again.

Joh 10:18 No man taketh it from me, but I lay it down of myself. I have power ((1849 exousia= authority, right, liberty, strength, choice)) to lay it down, and I have power to take it again. This commandment have I received of my Father.

When Do and his 38 students laid down their lives on the spring equinox of 1997, as many students gave their testimony on video tape, they were doing so out of their love for Do, their Older Member (heavenly Father) and he loved them for trusting him with their SELF sacrifice just as the Father loved Jesus because of his SELF sacrifice, as they had all grown to know they were not actually dying because they had accumulated experiential faith and trust their Soul body was in the care of their Older Members, Ti and Do, from The Evolutionary Level Above Human (Kingdom of Gods from the literal heavens). Proof of this can only be gradually obtained by each recipient by seeking to be putty in the hands of those we recognize exist who some humans will think of as their Heavenly Father or God or Allah or by whatever terminology but who we recognize are the Creators of all that exists throughout the universe.

- TWO CANDLESTICKS (lamp-light stands) = These are describing the human vehicles these two Older Members take to perform their tasks through. They make them into pure light stands, converting them from

otherwise normal human lives so to be an example of what was required of each “prospective candidate” to becoming a member on Ti's crew, the way Do said it.

- STANDING = They abide on earth. That's being present just as we are present. They have physical bodies and they stand up for who they represent, their Older Members, not in name alone but by being willing to offer Them service by disseminating their information and accepting the ramifications of so doing. By accepting that task, one will be starting their own metamorphosis that begins their own “body changes” that is the “overcoming process.”

- BEFORE GOD OF THE EARTH = means to be in the actual physical presence of an Older Member who is representing their Older Member on up unto the “Chief of Chiefs” as Ti and Do called the Oldest Member, who They said we would have more understanding of where he came from once we have become a member of the Next Level. Even though it says these Two Witnesses would be the ones standing before God does not alter the reality that the EXISTING ONE (Jehovah/Father) we saw through the vehicle named “Ti” was/is the “God of the earth.” Do told the student body that his Older Member Ti when coming to earth to perform this incarnate task to get Do started on his task to birth their liter of new Souls, did not need to bring her entire Mind (Holy Spirit) into that human vehicle to perform that task. Do said his Older Member's Mind had grown to actually operate more than one vehicle simultaneously, not speaking of more than one human vehicle but speaking of still performing their Next Level tasks through a Next Level physical body on board a spacecraft. Thus in this context these Two Witnesses tasked to have human vehicles were still standing “before” the God of the Earth, literally because of being in Ti's presence.

Rev 11:5 And (if any) MAN WILL HURT ((91 adikeo= do wrong to (morally, socially or physically), offend, injure, be unjust to, take wrong)) them, FIRE ((4442 pur= firey lightning)) proceedeth (out) of their MOUTH ((4750 stoma= mouth, language, “opening in the earth,” edge)), and DEVoureth ((2719 katesthio= to “eat down,” as a figure devour)) THEIR ENEMIES: and (if any) man will hurt\* ((do wrong to (morally, socially or physically), offend, injure, be unjust to, take wrong)) them, (he) must (in this) manner ((3779 houto= AFTER THAT, to follow; in this way, on this fashion,

in like manner)) be KILLED ((615 apokteino= taken off of or away by dying/death)).

- MAN WILL HURT them = This doesn't assume these two are hurt. It simply shows what will happen to any who choose to try to hurt/injure, do wrong to, them in any way. By their own choices they will not qualify to become a prospective candidate for future membership in the Next Level. It's also not up to humans, students of the Next Level or not to decide who will be judged accordingly and when and how. The Next Level are forgiving when we show them we want to change our mind and actions (repent).

- FIRE = It is the heat from the “light” that “burns up” a human that is drawn to try to inflict injury of any sort on any Older or student member or prospective candidate of the Next Level. It's sort of the way a “moth is drawn to the flame” and becomes dried up because of the proximity to the heat source. To and human that can manifest by living without restraint of passions and indulgences and increasing risky behavior until they have burned up their vehicle with a disease of the body and/or mind. Even though this is a different example, Do felt because of the quality and quantity of Next Level octane Mind that Ti's vehicle became the primary “pipe or link or instrument” of, it too took it's toll on her vehicle's health. This became mixed with the fact that Ti also received the greater share of hate and negativity from the lower forces of the planet that she endured until she knew it had been enough and then she left her vehicle be overcome by what was diagnosed by doctors of cancer. The difference between Ti and anyone else who contracts cancer is not so much about judging whether or not someone deserved it or not. The point is that “all things can be used for good for those who love the Lord.” A human child that has cancer for instance can often become the stimulus of others around them to seek a relationship with the Kingdom of God/Heaven. The fact is that all humans die, young and old, rich and poor, etc. and at different times in their lives. To the Next Level even what a human would consider to be a long life is a speck in time, so saying someone was cheated by dying in childhood is not aware of the reality that any time of “living” is a blessing and who knows what can be accomplished even by a tiny child in a tiny time period that the Next Level can observe and preserve that vehicle's spirit because of.

- MOUTH = It is by words from their literal mouth that is the EDGE of the

Next Level's "sword."

- DEVORETH THEIR ENEMIES = We know they are not going to literally "eat" them but by what they say in words their enemies arguments would be broken down and will overtake them and wear them down to hear because of how the enemies reality and lack thereof would be shaken, distressed, overwhelmed by the simple way, manner, generic terms and concepts expressed by these two incarnate Older Members from the Kingdom of God/Heaven. And this is a form of being consumed that Jesus equated to becoming withered away as the fig tree that did not produce fruit.

- KILL = One is taken away from any potential to become a member of the Next Level, thus is by their own choices, choosing "death" as opposed to life as all those who go against the Next Level Above Human and/or their incarnate representatives will when their vehicle dies be included in the "Lake of Fire" recycling of their spirit as well. They will also not be watched over during the life of their human vehicle so will perish by whatever it taking place on the planet that is a part of the garden's spading under. All human vehicles will eventually die. That's in the design, but for those who look to the Kingdom of God/heaven (Next Level), They decide when, where and how.

Rev 11:6 These have power ((1849 exousia= ability, choice, strength, capacity, competency, authority)) to SHUT ((2808 kleio= to close)) HEAVEN ((sky, elevated areas, near and outer space)), that it RAIN not in the DAYS ((2250 hemera= to sit, a period of time, the age, judgment, dawn to dusk, 24 hour period, hour)) of their prophecy: and have power over WATERS ((5204 hudor as a figure= "many peoples")) to turn ((4762 strepho= to twist, convert, turn (again, back again, self, self about))) them to ((1519 eis= by)) BLOOD ((129 haima= fig.; (the juice of grapes), bloodshed, kindred)), and to SMITE the earth ((1093 ge= human kingdom, ground, land)) with all plagues, as often as they will.

- SHUT HEAVEN...RAIN NOT - These two have the authority to say who can be a candidate or not. Ti and Do did choose to send 19 of their approximate 100 students away from their "classroom" and they told those remaining they had "made the first cut." This was in the late fall of 1976 when we left the Wyoming wilderness National Forest where we were living in tents. These 19 were given a different destination. Ti and Do didn't

abandon them but over months instructed them to find a place to live and get jobs. Soon all contact was lost and then in 1983 one of these who became known then as Drrody, who had been looking for Ti and Do for years found them in Amarillo, Texas by seeming accident. He knew of two others of those 19, (Stlody and Dymody) who as a result also rejoined.

No doubt they also have literal weather control in their toolbox.

- RAIN = was always seen as a blessing from the Lord as it was so needed for crops to grow. Thus they could withhold blessings of any sort. Rain was also part of what Elijah said was not coming again until he says so:

1Ki 17:1 And Elijah the Tishbite, who was of the inhabitants of Gilead, said unto Ahab, As the LORD God of Israel liveth, before whom I stand, there shall not be dew nor rain these years, but according to my word.

Since this was what the record said occurred - a drought began, it shows that as Moses indicated of a true prophet from the Kingdom of God/Heaven, because their prophecy came to pass. It was three years until the Lord gave Elijah instruction to revisit Ahab when the Lord would start the rain again.

- DAY or DAYS speaks to a period of time that is often contextually derived the meaning from. As a figure the context would be the time of their prophecy of 1260 days.

- “WATERS (many peoples) to turn them to BLOOD” relates to Moses in the first plaque Jehovah had he and Aaron administer to impress upon Pharaoh the intention to take their Hebrew slaves away from them so they could learn/choose to serve the Lord. The word “them” is a pronoun which wouldn't work to talk about water as the literal liquid. The figurative definition of water represents “many people.” With that definition, these TWO have the authority to offer them the opportunity to “turn around,” the meaning of repentance, which Pharaoh also had the choice of. Sure the Next Level Representative can bring on calamities that cause significant bloodshed and they will do this as it's part of their gardening efforts to give their temporary designed creation choices to grow their minds Beyond Human and mammalian behaviors and ways. Looking at it this way, they can literally help people convert to become of other kindred, part of their Next Level family, which is one of the alternate definitions to the Greek, “haima” and this also has a kinship with “the juice of grapes” as it is from grapes that

“wine” is produced a simile to humans “fermented” into Next Level Membership.

- “SMITE the earth (human kingdom) with all plagues” - One would think turning literal water to literal blood that in Moses day caused the fish to die and created a huge stink would be considered a “plague/calamity,” as well as stopping the rain, if it was done for years as in the case with Elijah. The Lord does start a series of calamities sometime after the Seven Angels with Trumpets have sounded, which is coming up fairly soon and we have already witnessed. The intention of the plagues/calamities is to offer those that have come to ignore or hate the Next Level to think again or not.

**III.D.4. REV 11:7 - THE TWO WITNESSES ARE SUBDUED

Rev 11:7 And WHEN ((3752 hotan= whenever, as long as, as soon as, (implies hypothesis or more or less uncertainty), while, till when(-soever), until, after)) (they shall have) finished ((5055 teleo= (no tense thus) accomplishing, performing, executing, discharging, end)) their TESTIMONY ((3141 marturia from 3144 martus= evidence given, record, report, witness, martyr (giving their lives to/for))), (the) BEAST ((2342 therion= a dangerous animal, venomous, wild animal - destroyer, trap/snare, hunter)) (that) ASCENDETH ((305 anabaino from 303 ana= as a repetition, and/or reversal and the base of 939 basis; to go up (literally or as a figure)= arise, ascend (up), climb (go, grow, rise, spring) up, come (up) on foot)) (out) of ((1537 ek= from out of)) (the) (BOTTOMLESS) PIT ((12 abussos= depth-less, “abyss,” deep, by implication, the sea, profound (as going down), very early, by foot)) (shall) make war ((4171 polemos= to bustle, battle, fight)) against ((3326 meta= accompaniment, association, succession)) them ((846 autos= themselves)), and ((2532 kai= and, also, even, or, so then)) (hall OVERCOME ((3528 nikao from 3529 nike= (future tense) TO SUBDUE, suppress, restrain, hold back)) them ((846 autos= themselves)), and ((2532 kai= and, also, even, or, so then)) KILL ((apokteino= (future tense) from

apo= away, off, separate, cease, depart, reverse and kteino= to slay, destroy, “kill in any way” as metaphorically to extinguish, abolish)) them ((846 autos= themselves)).

- WHEN = Rather than absolutely at their ending/finishing of their 1260 days prophesying, what is depicted can happen at some point during that period. The verb that follows as “finished” in it's Greek does not have a equivalent English tense and is often termed a “verbal noun” that is generally put in the past tense as in this case. However, “when” takes away the absolute context, making the time period of their testimony more open ended though their prophecy period remains a constant. Ti and Do did complete their prophecy period in 1260 days, depending on how one chooses to measure it as previously documented.

#### **III.D.4.a. FIRST ROAR - 1975-76 - BO AND PEEP - HUMAN INDIVIDUAL METAMORPHOSIS - UFO TWO (CULT) - FIRST WAVE OF PUBLIC MEETINGS IN 144 CITIES ACROSS U.S. AND CANADA**

- TESTIMONY (evidence, record, report, witness) = Their efforts are in providing more than one physically incarnate witness testimony to the same truths. When Jesus came incarnate alone, he said:

Joh 10:25 Jesus answered them, I told you, and ye believed not: the works ((2041 ergon from a primary ergo= to work, toil, deed, doing, labor)) that I do in my Father's name, they bear witness of me.

Some of the works; healing the sick, raising the dead, feeding the poor, casting out discarnates (demons) and most of all gathering his student body, instructing them by his words and example in their overcoming process and the giving of their lives to the Kingdom of God/Heaven. In line with those chores came the admonishment of those who were teaching a false doctrine. Thus coming with his Older Member, The Father was like following his instructions for how to deal with someone who has trespassed against us in some way:

Mat 18:15 Moreover if thy brother shall trespass against thee, go and tell him his fault between thee and him alone: if he shall hear thee, thou hast gained thy brother.

Mat 18:16 But if he will not hear thee, then take with thee one or two more,

that in the mouth of two or three witnesses every word may be established.

**III.D.4.b. THE “BEAST” AND THE “BOTTOMLESS PIT” - THE LUCIFERIAN FALLEN ANGEL HUMAN EQUIVALENT SPACE ALIENS THROUGH THEIR OFFSPRING/HYBRIDS, WHO WERE FORCED TO HIDE UNDERGROUND TO SURVIVE THE RECYCLING OF THE PREVIOUS EARTH’S CIVILIZATION TO BE PERMITTED BY THE NEXT LEVEL TO COME OUT OF THEIR UNDERGROUND HIDING PLACES TO BUILD THE HUMAN KINGDOM IN THEIR LIKENESS TO PROVIDE THE TRAINING GROUND FOR THE THIRD TRIMESTER CLASSROOM AND SO BECAME THE LEADING NATION OF THE WORLD AS THE UNITED STATES OF AMERICA**

- BEAST = In all cases these are a group of human (mammalian) beings, who do not possess any active Kingdom of God/Heaven provided “Holy” Mind. Because of their choices they are not prospective students to Next Level membership, though in particular it is not for any of us to identify who does or does not have Next Level Mind and who could change and become a prospective student. Jesus said that as not judging or measuring others in this regard. But behavior and way we can judge for ourselves, as from the Next Level or not, though then too, people need to be recognized as changeable, even if it may be a remote or even impossibility. (Luk 6:37).

Thus compared to those that at least think and try to be students (disciples), by embracing all the provided behaviors and ways, seeking to please and have closeness with the Next Level, in whatever terminology, times and degrees, these are in degrees more like “wild” or “poisonous animals,” the prime definition of the Greek “therion,” rendered “beast” in most translations. They are poisonous because of how they lead others away from the truth and thus the Next Level, so are deceivers and thus in allegiance to the Luciferian Space Alien “hissers,” what the “serpent in the garden” was most defined as, from the Hebrew in the Book of Genesis.

One needs to be aware that in many translations “Beast” is also translated from the Greek “Zoon” which translates to a “Living Being,” so is an big error, but is apparent in the context. By wild animal, in this context, refers to those humans who have virtually given and/or shown their total allegiance to

the humans that are the leaders in the various private and governmental institutions that Jesus referred to as “mammon” some look to as their “masters” as opposed to the only other Master being the real Older Members (“God” the Father) in the Next Level Above Human from outer space (the literal heavens).

In the context BEAST is used to refer to the Secret Govt's that came to be because of the UFO crashes and subsequent Space Alien interactions, even though it was the Next Level that staged some of the crashes as a way to exit their existing Next Level “made for them” physical bodies and provide humans proof of non-human Beings from outer space.

These humans and their related institutions, religious to scientific, etc. then become the epitome “master,” which in application puts the accumulation of wealth and power as their number one priority to enable whatever their agenda.

When the Next Level comes closer with Representatives incarnate, they become like an unseen spotlight on the ways the human condition morphs into exclusive service to wealth and treasure, while simultaneously provides the choice to separate and break away from putting these human systems and motivations and associated behaviors and ways on a pedestal. An example of this break away can be seen in the 1960's “hippie” movement, however temporary for many.

To the Next Level all who are not rejecting and thus showing the signs of separating from these human norms, as portrayed by these human kingdom institutions, are unknowingly looking to the Luciferians as their masters. This is because the Luciferians have considered the human kingdom their domain and have an interest in law and order and even peace and love and all the seemingly good behaviors and ways they promote in the human kingdom. The Next Level is the source of all of it but only promote peacefulness and loving kindness as a behavioral characteristic while knowing that those who subscribe to their world, will have difficulties and challenges living within these human systems because they no longer fit the mold of a human and are instead separating from their humanness, whether they know it or not.

The Next Level Older Members have provided the Luciferians as a testing influence to the human kingdom they started that they hope humans will

reject as evidenced in the Adam and Eve example where they listened to the influence of the one called the “hisser” (serpent). This became the first testing ground for those the Older Members considered prospective full adult members in the Next Level. The Luciferians were not full time adult members of the Next Level when they rebelled and fell so were cast out of having a beyond Earth heavenly circulation and it's eternal life rewards. Thus when they fell by breaking their WATCHER TASK instructions and began propagating with human mortals on Earth, for the Older Members of the Next Level to be sure others of that equivalent domestic level of service wouldn't also fall, they began subjecting more Souls to that same Luciferian influence upon them - the influence to go against the instructions from the Older Members of the Next Level.

Thus the Earth, that had become the Luciferian's prison became a testing ground for the further schooling of those Souls They had been cultivating, who were brought to interface with this civilization's “children of Israel,” but who upon scattering to the four winds (quarters of the Earth) were given opportunities to migrate to the United States of America for the location of the next lesson ground, in which their genes had become mixed into many other human kingdom races and ethnicities spawned by the Luciferians.

Ti and Do said that every significant soul of this civilization has returned in or attached to a physical body to reap their reward. They said that would involve taking over it's assigned human vehicle - making it obey and become one's slave. They can overcome the human world by looking to the teachings of the most presently incarnate Older Members, which they will see references the records of the past Older Member incarnations, namely Jesus, Elijah, Moses, Enoch and Adam and their student associates in the names of some of the Old Testament Prophets who taught lesson steps in the same overcoming program, then they will have accomplished the overcoming “Process shown in the meaning of the word Israel. That word meant one who has “overcome/conquered, prevailed against the Luciferian misinformation mind, behaviors and ways, through the commandments of Jehovah. Their reward would be the receipt of an adult Next Level physical body and service (a seat) on a spacecraft/lab among Young and Older Members of the Next Level, what Do said would be on Ti's crew.

Some of those that don't overcome 100% but who give their lives in service

to the Next Level Older Members (Ti and Do) may also receive a new physical body as well, but it's not yet an adult Next Level body. They may be assigned tasks that might be of some equivalence to the tasks the Luciferians abandoned. I say this because Ti and Do indicated some in their graduation class would be “replacing” the Luciferians. Some Souls who believe and begin to separate from the world and make significant changes in their behaviors and ways, who attempt to work for the Next Level in whatever terminology, who may have never heard of Ti and Do, when their physical body dies can be “saved” for a future opportunity to grow a Next Level body through an Overcoming Process with an incarnate “present” Older Member, as Ti and Do just served. This would seem to include those Do spoke about as the “third type” in the video he made named:

Last Chance to Evacuate Earth Before It's Recycled, By Do

<https://sawyerhg.wordpress.com/2015/09/17/last-chance-to-evacuate-earth-before-its-recycled-transcript-from-dos-videotape/>

In examining the Revelations records I suspect these could be saved because they rejected giving their loyalty (mark on hand or head, or to the Image (religio-spiritual - space alien, even to the seeming miracles or wonders like the Fatima hologram) of the BEAST. I believe these Souls would be “put on ice,” the way Do put it, but not meant literally.

This third type may also be related to those who Jesus said, “inherit the earth,” though another interpretation of that statement might be to inherit the earth as their next task towards full adult membership and even beyond that.

In other words all who graduate from their grade in school may be inheriting the Earth as helpers for the next civilizational overcoming experiment as part of their own growth process as in the Next Level there is continuous growth opportunities for ever more, that is, until we each decide to reject is becomes self judging and limiting. Ti and Do said that technically a Young Member could pass up an Older Member. It's not that they are competitive. They wear no insignia's and don't have notches on their belts of how many challenges they met and succeeded in or how many times they failed to meet the goal they sought to reach for, which is measured only by one's awareness of their Older Member's examples. It is also not only about accomplishment of tasks. It's about literally pleasing one's Older Member. We can do all the things to show we are growing but if we don't please our specifically assigned Older

Members, while we are in the human condition with them then we don't get to be in that Older Member's presence and/or on board Their spacecraft/lab on Their Crew.

So at this time in particular in 2015 and thereafter we are each deciding whose side to take. It's about rejecting the mindsets of all the human institutions and their leadership and supporters - not accepting any markings of loyalty to their systems, nor providing them with service and patriotism, even as a constitutionalists and taking the ramifications of whatever hardships results while appealing to Ti and Do or if we never read this or heard of them to the genuine creators of the Earth who abide throughout the literal and distant heavens, who created all the life forms, for help, guidance, service that stimulates our initial separation from the human Luciferian kingdom while shifting our loyalty to the Evolutionary Kingdom Level Above Human. Unless we appeal to Them there is no future opportunity for future lifetimes as our Souls or Spirits and physical vehicles will all be a part of the recycling.

Throughout the current civilization's history these human institutions have been cultivated by the Luciferians. The first descriptions of this end time period with considerable detail seemed to be written by the Old Testament prophet Daniel, whom Jesus referred to and gave instructions to heed, so we can count on his writings legitimacy as the Next Level Crew would see to it that that part of the record was particularly usable for the sake of those who are awakening at this time that identify strongly with those records. Since the Book of Revelations were given to Jesus disciple John to provide great detail to the timeline of He and His Father's return and the “end of the (human) world” and judgment time, Jesus' reference to the prophet Daniel's prophecies become the key to opening up of all the mysteries of this end time that were to be shut up before now.

Mat 24:14 And this gospel of the kingdom shall be preached in all the world for a witness unto all nations; and then shall the end come.

This is evidence that the current teachings of Jesus, his “gospel” the “good news about the Kingdom of God/Heaven being at hand are preached in all the world and still the end comes in the future of that.

Mat 24:15 When (ye) therefore shall see the abomination ((idolatry - working

for, making one's master Mammon, thus a false idol)) of desolation ((lay waste, come to naught, make desolate)), spoken of by Daniel the prophet, stand ((abide, bring, continue, covenant, establish, hold up, lay, stand (by, forth, still, up))) in the holy ((morally blameless, physically pure, holy one), saint)), place ((condition, opportunity; specially, a scabbard= coast, license, place, X plain, quarter, + rock, room, where)), (whoso readeth, let him understand:)

Mat 24:16 Then let them which be in Judaea ((those living as overcomers (true Israelites))) flee ((run away, shun, vanish, escape)) into ((of direction towards, upon, about (the times), among, after)) the mountains ((hills, areas lifted up from the plain)):

This time period is one particularly showing wealth becoming the master of many, thus a false idol, the gold calf constructed by the renegade children of Israel which is a quick path for those to become WASTE (desolation) as there is no reason for the Next Level to offer these a new overcoming opportunity if they have their minds made up.

Considering the world financial crisis that highlighted NYC, including the Wall Street investment banks as the financial empire of the world, as it had soon become after the founding of America, would be the most literal interpretation of one's master as “mammon,” the false God and even with Obama coming into office at the height of that crisis. Obama's name even sounds like “Obama-Nation” (abomination) that makes waste largely created by the “beast”'s manipulations for many years coming to a head, even potentially planned to move funds around without being readily seen to what they were going.

This seems to be the time period Jesus was forecasting and it is also the time period that begins our choice of who to make covenant with. It's between the Next Level's Ti and Do (God) or Mammon. This is in addition to cleaning up our behaviors and ways and even literally finding someplace in a hilly or mountainous area to dwell or flee to when we each feel that call, not to survive geographic changes as the spading engages with the pouring out of the Seven Angels bowls/vials of plagues but to be away from the cities where problems of all sorts will be significantly multiplied because of the numbers of people and the problems that will occur to the infrastructures that support those millions, not just for human survival but to heed the warning from the

Next Level and recognize the truth that Ti and Do provided as only those that have some relationship with the Next Level in whatever terms will be serious minded enough to change their location having seen enough of the signs unfolding.

The first showing of the BEAST in prophecy relates to their coming up from or out of or grown from the “bottomless pit” in Rev 9. In this way the BEAST would be the physical vehicles who had survived underground, now coming up to the surface again to grow new physical bodies, the Luciferian Souls who take control over those vehicles can then “wear” to try to put forward their the Luciferian Space Aliens agenda to get off the planet, steal Souls from the Next Level classroom and/or at last resort prepare to flee underground again.

Thus this means the BEAST both came about because of those in the bottomless pit and from among in terms of DNA the ones who still had physical bodies who had been shut up underground having escaped that last degree of recycling depicted as Noah's flood. Ti and Do did provide the class with a couple Hollow Earth theory books though I can't recall their every talking about that much if at all. However, as with everything they did, we can count on it having value.

Subsequent materials and some of which came from a Russian documentary suggest an opening to an underground lake and Shangri-La like environment in Antarctica that might very well provide an pathway of some sort from the north polar region to the south polar region. There is circumstantial evidence of this but it remains a theory tossed into the pile of fantastical and even conspiratorial fringe thinking yet may be founded in fact to at least consider for someone who wants to know all things that could actually be real.

In Rev 9 beings with faces like men that fly like locusts and have stingers as we saw evidenced in many abduction reports come out of the smoke from this bottomless pit. It may not be a coincidence that the term flying saucer got it's name from a pilot who saw several objects flying in formation over Mt. Rainier in Washington state.

This “beast” isn't described in Rev 9, their leader is the “angel of the bottomless pit” - Abaddon in Hebrew and Apollyon in Greek both of which translate accordingly to “the place of destruction” and the purveyor of that

destruction. Thus this sounds like the depiction of the Dragon or Serpent, the adversary to the Next Level incarnate membership (their Satans, who Ti and Do said were literally assigned to be the adversaries to each of the serious overcomer students in their classroom).

This next verse seems to have some coordination with Daniel 7's first beast (In this case "beast" translates to a human King):

Rev 9:17 And thus I saw the horses in the vision, and them that sat on them, having breastplates of fire ((4447 purinos= red color, shining like fire, fiery)), and of jacinth ((deep blue color)), and brimstone ((2306 theiodes= sulfurous, yellow at room temperature, when melted turns blood red with a blue flame and as an organic phylum chlorobi a "green sulfur bacteria that is used in pharmaceuticals to kill parasites, bacterias, mold, mildew, fungus, as a fumigant)): and the heads of the horses were as the heads of lions; and out of their mouths issued fire and smoke and brimstone ((2303 theion probably of 2304 (in its original sense of flashing)= brimstone, divine incense, because burning brimstone was regarded as having power to purify and to ward off disease))

(In short this verse seems to depict three of the four "horses" in the opening of the 7 Seals in Revelations chapter 6. A full interpretation of this verse is found in section: IV. THE OPENING OF THE SEVEN SEALS)

A horse is a beast shining like fire in it's approach, the mammalian heads described as the heads of lions, kin to both Rev 13:2 and Dan 7:4 adding credence to the time frame before Ti and Do went public, during the Richard (the Lionhearted) Nixon reign of 1969 to 1974 that was cut short but followed with the same policies by Gerald Ford until 1977 when Nixon was forced to resign over charges of great deceit and scandal surrounding what became known as Watergate but was only the tip of that iceberg.

In Daniel 7 there are "four beasts" that are later described by the archangel Gabriel as "Kings" and refers to the overall "end time" as opposed to the time of Jesus as some Christian theologians insist of Daniel's prophecy interpretation, though a case can be made for several interpretations. This one regarding this end time is the most up to date one. So I am saying the Nixon is the first king in Daniel 7's vision described as a Lion and he was actually named after the English king, Richard the Lionhearted by his mother.

In is through the mouths of these mammalian headed flying creatures that they issued fire to inflame the passions of humans via their massive attempts to create hybrids from stolen human eggs and sperm. And they had smoke that describes them as the purveyors of illusion, as a smoke screen and because they did have the technology to generate cloud cover to hide behind. And Brimstone as the substance thought of as “divine incense” sold as having the power to purify and ward off disease to create today's UFO Religions like the Raelians and those that follow various modern contactees and government whistle-blowers like John Dean.

When I was part of one of Ti and Do's groups giving meetings in 1994 we gave a meeting in Tucson, Arizona at a new age bookstore run largely by believers and possibly students of John Dean. I don't think he was at our little meeting. Alex Collier is another along with Space Ruthie and Rael and David Icke, but there are literally hundreds since the 1950's who claim to be ambassadors or disciples or brothers/sisters with and/or for one or another space alien group often insinuating their leader to be the return of Jesus as well.

The power to purify they say they have is largely to meditate on peace and love thinking that if enough people do so all over the world, it will trigger the 100<sup>th</sup> monkey, like the rolling stone gathering more and more moss until it's a giant force for change and goodness. It's a nice idea except the Next Level's students, though can use different meditations technique Ti and Do provided them, don't focus on meditation to have peace and feel enlightened or to make them into a better human.

Like Jesus said, “I do not come to bring peace but a sword.” That sword was the sword of his mouth that cut root systems from the plants by his instruction to be his disciple meant leaving all behind. He promoted peaceful behavior one to another but wanted us to have “salt” - as an agitation in our souls that would stimulate thirst for more service, more truth and accelerated growth.

The Next Level doesn't want people to be satisfied with being ordinary as all humans actually are compared to what they could become, as Members of the Next Level, who Ti and Do said would then become “individuals for the first time.”

Next this depiction of the BEAST is as defeating the Two Witnesses in, Rev 11:7 as already re-translated that has more description and confirmation that we are speaking of the same description in Rev 12:3 this time as a Great Red Dragon who has 7 heads and 10 horns and seven crowns on the heads and whose tail causes a third of the stars of heaven to fall and who makes war with the saints. As I have already described this is the time period in the late 1970's when Ti (the woman) with her newly born to the throne "son" incarnate and calling himself Do and their student body, the saints as they began their overcoming process in earnest while having escaped to the wilderness of Wyoming where they lived outdoors for a about 3 or so years. This time period is a bit of a reprieve from the "war" against the Dragon that is to begin after this second period of 1260 days as shown in verse 6 in the early 1980's when Ti had to have one eye removed, the casualty of being the prime target by the Dragon and his associates.

The Dragon is described as being Red and this is when the Red - Republican party really got a boost from the Ronald Reagan white house. Reagan was a big Hollywood star who was governor of the Bear state of California, thus a perfect match for Daniel 7's 2<sup>nd</sup> Beast (king) having Bear qualities in that he engaged in "cold (slow) wars" primarily against the Red (communist) Soviet Union's Russians as shown in Dan 7:5. The bear has three ribs in his teeth and teeth is equally translated to the tusks of the elephant the animal (beast) that came to represent the Republican party. Reagan's administration bit down hard on three primary locations in the world - on the Soviets in the proxy cold war over Afganistan, in Africa in Angola, again a proxy war to keep the Soviets out and in South America big time to keep the soviets out of Cuba and El Salvador and foster regime change that might be prone to communist influence in Nicaragua and an an actual American invasion of Granada with projects to overturn Venezuela and other countries in South America all more or less by clandestine illegal funding that Reagan was at least on the outside insulated from. Perhaps they learned from the Nixon debacle not tell the president too much as they need a good figurehead for public relations to keep the party in power.

The Dragon is still in pursuit against the woman and her family of her now born to the throne Son and their student body of "saints" but the Woman is given a rest so she can provide nourishment to her remaining Next Level Family as depicted in Rev 12:15 as flying to a place prepared for her. She is

still in the vicinity but in a prepared place and of course not is about to leave her physical body for the remainder of the spirit birthing process of the student body, away from the “face” of the Serpent which is the exposure of the clear presence of the Luciferian space aliens that Do brought was shown by Ti though a number of books that came out around 1986-7. One very telling one was called “UFO at Aztec” that had a very revealing account of the named Aztec, New Mexico UFO Crash that include up to 18 dead bodies that a high FBI official named Nathan Twining publicity acknowledged. That put a real face on the Space Aliens. No more were they considered multi-dimensional though Lucifer and his original fallen angels were probably discarnate.

Rev 12:14 And to the woman were given two wings of a great eagle, that she might fly into the wilderness, into her place, where she is nourished for a time, and times, and half a time, from the face of the serpent.

This woman (Ti) was to be in her special place for a “time and times and a partial (half) time” that can be calculated as  $3 \frac{1}{2} + 7 + 1 \frac{3}{4} +$  years equaling  $11 \frac{1}{4} +$  years. Since Ti left her physical vehicle on June 19, 1985, it was almost exactly  $11 \frac{3}{4}$  years until the rest of her family were assisted by the “earth opened her mouth,” a way of saying they went to their graves:

Rev 12:16 And the earth helped the woman, and the earth opened her mouth, and swallowed up the flood which the dragon cast out of his mouth.

When the Woman fly into the wilderness, she was no longer incarnate, thus any reference to her was both an attack of her Mind and of her offspring/family who were with her the entire time. This is clarified a few verses back in:

Rev 12:10 And I heard a loud voice saying in heaven, Now is come salvation, and strength, and the kingdom of our God, and the power of his Christ: for the accuser of our brethren is cast down, which accused them before our God day and night.

Where it says, “the accuser of our brethren is cast down, which accused them before our God day and night,” is showing the presence of these “saints” the brethren with the Woman and her Son born to the Throne.

As it says in Rev 14 how they all “follow the lamb wherever he goes” these

“brethren” don't their teachers/Older Member's sides. So when it says the Earth helped the woman, the way the earth was helping the woman was by taking the subject - the saints who continued to take all the negativity of day in and day out bombardment out of the firing line by allowing their vehicles to go back to the dust inside the Earth their having “overcome the (human) world”

To finish up this Two Witness and Crew's incarnate phase that will be shown in the remaining Rev 11 verses as well:

Rev 12:17 And the dragon was wroth with the woman, and went to make war with the remnant of her seed, which keep the commandments of God, and have the testimony of Jesus Christ.

The Dragon proceeds to make war against the “remnant of her seed” any and all who would come to keep the commandments/instructions of God and in particular attention paid to those who also have the testimony of Jesus as shown here that will provide a help to all those who really did know the Holy Mind/Spirit of Jesus the Christ, incarnate as Do, Ti's offspring who she birthed to the throne. These who remain after the first fruit have been swallowed up by the Earth to help them graduate are spoken of throughout prophecy as the Remnant or Remaining. The first fruit are not the remnant nor are they remaining. These who come after them are. These who graduate only return to instigate the final judgment of the rest of the world as Jesus detailed as the “angels separating the sheep from the goats.”

The beast (king) for the last of this first fruit harvest phase of the return of the Next Level kingdom is represented by Dan 7:6's leopard with four wings and four heads on the backside of his time frame arrival. This beast is a mix of Lion and Pard. The Lion represents the Republicans and the way it's worded can be shown to mean there is an alternation between the Republicans and the dark spots/stripes of the leopard being the dark panther part as a “pard” by some is considered to be a panther or the Tasmanian Devil that resembles more of a dog species than a feline so perhaps could be a cross as a donkey, the Democratic animal representation. Or it can mean that the “panther” follows at the back side of the four heads. The heads are the presidents where the Wings are the Luciferian space aliens that ride the vehicles depicted as horses in Rev 6:4-6 that take dominion over the U.S. and the world that ushers in the full one world government under the Rev 6:8 Green horse

named Death and accompanied by Hell. (There is a great deal to say about Rev 6:8 to be found in the section on the Fourth Seal.)

The Leopard's four heads would then be, George H.W. Bush as a Lion (descended from English Kings) and especially in the way he invaded Iraq in the first Gulf War. Though that was short, it was a savage attack and there were many, many casualties for years thereafter related to the toxic chemicals and depleted uranium used to coat the bullets and many of the artillery shells to make them able to pierce armor. The problem is they also pulverize the uranium into radioactive dust that can be breathed in and/or makes it's way into water tables and people, even through their food supplies for many years to come. They even came up with a name for the sickness many service personal suffered after the war. It was called "Gulf War Syndrome" though I don't know if it related to the depleted uranium, though there were other chemical agents used in that war just like the "agent orange" used as a defoliant in Vietnam that left it's toxic mark on all who took it in.

The second of these four heads might then be Bill Clinton and he didn't start any new wars except for participating with NATO allies in the war in Bosnia and Kosovo. But otherwise he presided over a very profitable time of peace, except in how he spoke out against Ti and Do's Heaven's Gate group when they exited during his time as president:

"It's heartbreaking, sickening, uh, shocking...I think it's important that we get as many facts as we can about this...What in fact motivated those people. And uh...What all of us can do to make sure that there aren't any other people thinking in that same way out there in our country—that aren't so isolated that they can create a world for themselves that may justify that kind of thing. It's very troubling to me." Clinton on CNN 3/27/97

This is a typical Luciferian space alien (dragon) motivated response, not even aware of what Ti and Do taught yet acting as if he knew better than the Next Level as he admitted knowing nothing about what they believed or claimed to be. He was sickened by the idea that it could be honorable in God's eyes for people to give their lives to God. Does he have the faintest idea who "God" really is or perhaps he thinks we all got here by accidentally growing brains and all because of certain gradual chemical combinations that just so happened came together in precisely the right ways to work with hundreds of others that came about in just that right kind of way to form intricate systems

upon systems within systems that grow and change and do adapt to degrees. If that is what he thinks he does not evidence having any mind from the Next Level. To any statistician the odds of that all happening in the minute detail to the great overview it has and does would probably at most be some one in some unimaginable number times all the stars, which means that it may be possible given the right direction.

Like Ti said, “there are places where life evolves from a speck of dust,” but that Do then said, “but it wouldn't be a speck of dust” to which Ti agreed that it would be by some other kind of starting off point. By the way, for those that listen to this tape where they talk about this, it might seem strange that Do knew that Ti was his Older Member, from experience, not because she ever said that to him, that he offered what might seem like a correction. What many don't know was that Ti wanted Do to bridge any gaps in understanding student might have from things Ti would say as that was Do's task to be the primary interface with the student body.

Then came G.W. Bush as the third and Barack Obama followed as the 4<sup>th</sup> head of the Leopard and also as seals 2 and 3 which takes that prophecy up to the 4<sup>th</sup> seal and Daniel's fourth Beast.

Daniel's Chapter 7 prophecies regarding these 4 Beasts that lead up the 4<sup>th</sup> and greatest BEAST will be described in a great deal more detail in section: III.D.4.b.iv. DAN 7:3 - DAN 7:7 INTERPRETATION.

#### **III.D.4.b.i. REVELATIONS CHAPTER 13 CUES US INTO ADDITIONAL PROPHECIES THAT DESCRIBE THE HISTORY OF “BEASTS” AS FORETOLD BY DANIEL’S PROPHECIES AS KINGS AND/OR KINGDOMS**

Rev 13:1 And I stood upon the sand of the sea, and saw a beast rise up out of the sea, having seven heads and ten horns, and upon his horns ten crowns, and upon his heads the name of blasphemy.

Sand is often used in the records to compare something to an innumerable amount, as people, as how many sons of Israel, sons of God there could have been or as a weak foundation to build one's house on, versus choosing to build upon a rock, and as a boundary that the seas can not cross. In this context as with most prophecy it seems to have dual interpretations.

Isa 10:22 For though thy people Israel be as the sand of the sea, yet a remnant of them shall return: the consumption decreed shall overflow with righteousness.

As all Revelations prophecy the context refers to the END TIME and illustrates the way the remnant of the masses (sand of the sea) who amount to those who can become “overcomers of humanness” (the only true Israeli's) return, as Jesus also indicated by saying they would be resurrected in the last day (age/time). The Beast thereby represents the ones Jesus said were the unjust among the just who would be “rising again” to either graduate to their next best station towards an eventual graduation or not, in which this later case their spirit or Soul is recycled in what is called the Lake of Fire.

Another way of looking at this verse is pertaining to the actual geography John is being shown where those of his “house” would be incarnating (standing) upon, as focused on a coastal area and a people that are set apart from the masses (sea) because of their reception of the “light” coming upon them. Though Ti and Do began their prophecy period mostly by January 1, 1973 when the left Houston, their main public exposure came when they were in southern California in March of 1975 - in the desert like terrain (Zion) but by the Pacific ocean where, together with their well known Waldport, Oregon coastal meeting, they attracted most of their fully dedicated students, who seem to have been most of those recorded as the twenty four elders. This was the amount of students that remained with Do at the start of 1993 before some were allowed to rejoin the classroom when they saw the Beyond Human series of video tapes Do and Crew prepared and before the 1994 gathering of additional students that also came and went to end up with 38 in 1997 (plus four who had followed them afterward before 2000).

The Seven Heads of the Beast are described in Rev 17:8 as “seven mountains” where mountain is from the Greek oros and oro meaning “to rise or rear.” Thus these seem to represent Seven Human governmental bodies, aka Kingdoms or Empires, that rise out of the sea of humanity, who also dominate the earth's seven major continental land masses (mountain rises).

Thus John is shown to document the way all the previous Human Kingdoms/Empires are being represented in the end time that becomes a One World Government, having “7 Heads” with one of those heads rising to the

helm described as a WOMAN and false idol worshiper (fornicator, who sells her body and equivalent of a Soul for power and profit, who is evidenced as America (Lady Columbia/Lady Liberty and Lady Justice) that rises to power from the sea (waters of peoples but coincidentally of Christian foundation thus stemming from what's called the Holy See - the Pope and Cardinal sovereign state who preside over the Vatican City State - the original seat of the Holy Roman Empire) who are the multitude of human beings who mostly are in allegiance to their bestial (mammalian) behaviors and ways who emigrated from the previous empires/kingdoms to form one “melting pot” of humanity as Jesus described as constituting the “just and unjust” all rising again to a resurrection of eternal life or eternal death.

Rev 13:2 And the beast ((2342 therion diminutive from the same as 2339 “thera,” from ther= a dangerous venomous, wild animal that preys upon the weak to entrap them)) which I saw was like unto a leopard, and his feet were as the feet of a bear, and his mouth as the mouth of a lion: and the dragon gave him his power, and his seat, and great authority.

These bestial humans consist of governmental organizations of humans who as a whole act as venomous animals, where venom has to do with their anti Kingdom of God/Heaven behaviors and policies that by the leaders power and influence foster among their various constituencies trust in their human institutions and systems instead of in the real Kingdom of God, Kingdom in the literal heavens, thus essentially poisoning the minds of all who look up to them and their systems as false idols in their leadership and ways of thinking/acting.

Like any choice a human makes, they can be stepping stones to getting off the top of the human kingdom “mountain” which is filled with misinformation about our reality, where it all came from and what is it's ultimate purposes and how we can move closer to that ultimate purpose. So it's not like anyone serving the “beast” in any way big or small, which involves all of us at times, is a bad or wrong choice. It comes down to whether when we recognize that it feels wrong to us, we seek to change instead of clinging out of fear of not having what we have grown to rely on from our allegiance to whatever it is. We all get many chances to seek the changes we each continuously need to make to align more and more with the Kingdom of God/Heaven's choices for us that they will help us to make as we

ask and will even help us to make when we don't ask when they are making a last ditch effort to get us to ask, which we see happening in natural disasters.

In this verse this BEAST is described with it's historic genetic mammalian characteristics in reference to Daniel chapter 7's first three beasts of "like a lion with eagles wings," the second a "bear having 3 ribs in his mouth between his teeth devouring flesh" and a "leopard with four wings (of a fowl, four heads and dominion given to it." These verses in Dan 7 are related by far more than these three animal depictions, yet Daniels fourth beast is different from the other three, has iron teeth devouring the "remnant" (residue) feet (footstool) and has "ten horns," which looks like the same Beast description as in Rev 13:1. Plus the rest of the verses in Dan 7 have direct reference to verses in the writings in the New Testament and especially in the Revelations, so it's hard to doubt that they were written to show consistency with one another for this END TIME.

There are a number of translation/interpretations of Daniel's writings that name ancient empires and even particular kings of those empires, represented as these "beasts" and how they have come and go in line with these prophecies, but the fact that most are also represented in the Book of Revelations indicates only some of the origin of these bestial human organizations from the times of Daniel going forward. As with all prophecy there are multiple translations, interpretations and debates on most all points from years of analysis and consideration as time marches on and shows more evidence of the most accurate interpretations. I have reviewed many of the commentaries that speak of where and when Daniel's prophecies apply and in which way, but few bring them up to the current END TIMES even though many signs are apparant, at least as I see it.

None of what I have seen in the varied interpretations seem totally on the mark, in my opinion, because none I have seen conceive of the Two Witnesses as being the return of the Father and Jesus and incarnate and having already come incarnate and exited as revealed as Ti and Do and Crew. They all miss looking at a few very key points that would open that door which would also open the door to recognizing that there are two very distinct depictions of the Kingdom of god/Heaven's return with the one called Jesus at the helm for both, first incarnate as one of the Two Witnesses and then a return while at a distance, so not incarnate (Rev 14:14, 19:11, 20:11)

though quite apparent as an Armada of bright star-like spacecrafts containing his graduate “Saints” with their new eternal clean pure white “linen” physical bodies and Him with His Next Level body - perhaps the one he took with him while incarnate in the task of Jesus.

“Linen” was the cloth designated for the priest assignment in the Moses camp and is a way of describing a king's clothing. The one called Jesus is leading them, in what is also a bright star-like spacecraft but his vehicle, also compared to pure white linen has been “dipped in blood,” to me indicating it could be the same physical body he changed over into a “glorified body” before he physically rose out of his disciples sight and was received by a cloud cloaked spacecraft. Now I believe the reason most miss these and many more very clear points is actually because it's part of the plan to hide the truth until the Kingdom of God/Heaven Older Members returned still in secret as a thief to do the further REVEALING of how they fulfill ALL the Revelations prophecies.

Thus the matter is really whether one can consider Ti and Do as the Father and Jesus return incarnate, not as Jesus because Jesus is the name of the last vehicle the Older Member from the Next Level took to perform his task by, that included converting it into a Next Level vehicle as he partially demonstrated before exiting. This was planned this way, I believe, because He and His Father's initial incarnate stage of return was to gather the Souls who were in line to graduate upon their arrival, where those that come to believe in them now (after their exit), recognizing their return in the names of Ti and Do (the notes of their Song) are moving to their next grade in school as they are not yet ready to graduate. For these “remnant” or those electing to believe in Ti and Do as the returnee Older Members, the mysteries surrounding the entire book of Revelations, to include Daniel's prophecies need (for some) to be further revealed and de-mystified. Those human vehicles who were prepared to receive this “backside” of the book (Rev 5:1) revealing could be assisted to awaken by this book's content now.

Some also miss how the United States of America is a key in the Next Level's return as they miss other scriptures that disassociate modern Israel from the next location for the return. Again it's sort of hidden from view though some have come to see that aspect in part at least. Those Christians that are more or less Christian Zionists, where a Zionist is anyone Jew or Christian that is

motivated to help those they think are Jews to have their own territory as they have since 1948 which is included in prophecy yet is secondary to the fact that the real return Jesus was speaking about was the return of the “overcomers,” what the word Israel really means, where today's Jews as a religious group hardly demonstrate as they cling to their tradition that doesn't include Jesus as their messiah despite mounds of evidence.

It seems these Christian Zionists are as absent from seeing Jesus for who he is/was as are most of today's Jews towards seeing Moses for what he really was, or even more so. As Jesus said to the Jewish priests in his day, paraphrased to, “if you knew Moses you would know me.” I say the same thing now to Christians... If you know Jesus you would know Do of Ti and Do. Because there are depictions of war being fought before the Jesus of Rev 19's as a bright star-like object returns, many Christians and especially Zionists whether they see themselves that way or not exactly want there to be war (final battle of Armageddon) as then they think it will be sooner that Jesus returns and takes them to heaven and/or brings his heavenly abode (mansion) to Earth to govern them. What they don't recognize is that they won't see Do as the same Older Member, then in his Jesus glorified vehicle because they wouldn't have seen all the events that precede his return having occurred in the ways in which they translate and interpret them. There have already been some Christians who interpret the Rev 6:2 “white horse” as Lucifer as Lucifer's name comes from his having once been an “angel of light,” part of the meaning of Greek leukos translated to white “light.” I wouldn't be at all surprised if some Christians as I speak have agreed with me that Rev 6:2 was Do sitting on his “AppleWhite” physical (horse like) body, because of that interpretation of that verse depicting Lucifer and thus see him as the antichrist. If there is a way to twist these scriptures, the Luciferians have seen to it that some humans will embrace it and preach it and thereby trick those that don't want to consider otherwise.

#### **III.D.4.b.ii. DANIEL 7 INTERPRETATION BEGINS - THE END TIME FOUR BEASTS (KINGS)**

Daniel chapter 7 seems to roughly outline most of the entire process so in the translation and interpretation to follow I will show the correlations of how they apply to this end time that is well underway and serve to show the Next Level's strategy all along that gives those who are open to considering, a

handle on how these events are fulfilled by Ti and Do and Crew. With that said, here is a summary of what I have gathered from re-analyzing Daniel's records:

Dan 7:1 In the first year of Belshazzar king of Babylon Daniel had a dream and visions of his head upon his bed: then he wrote the dream, and told the sum ((essential content)) of the matters ((word, discourse, commandments)).

Daniel is being given a descriptive layout of what Ti and Do would have called “instructions” to write down.

Dan 7:2 Daniel spake and said, I saw in my vision by night, and, behold, the four winds ((7308/7307 ruwach= mind, spirit, breath, wind, life (provision), quarters)) of the heaven ((8065/8064 shamayin as the dual of shameth= to be lofty, sky, visible arch in which clouds move, higher ether where celestial bodies revolve, air, astrologer, heavens)) strove ((1519 giyach or guwach corresponding to giyach 1518= to rush/gush or break or labor or strive to bring forth, draw up, take out)) (upon the) great ((7229/7227 rab= stout, abundant (quantity, size, age, number, rank, quality) as in an elder [older member], captain, chief, lord, master)) sea ((3221/3220 yam= to roar (as breaking in noisy surf) and/or large body of water)).

As in all prophecy there are multiple angles in which they will play out literally. The Aramaic ruwach has it's application as a MIND, the term Ti and Do used most to bring a more generic view, yet equated to “Spirit” and that Jesus referred to by describing the way his students would experience their upcoming birth upon his return. It would be a “spirit (or Mind) birth,” in other words an UNSEEN ONE AS HE COMPARED IT WITH THE WIND that we can't see but know exists. Thus these four are depicting four crews as Next Level members don't often work alone. The other primary way in which it is applied is in this case geographically speaking of the “quarters” of the heaven which is referring to sections of all the heavens associated with the earth. Various records indicate there are 3 or 7 heavens. Three are documented in the Biblical records so those are what I will describe as most relative to us now.

Biblically the FIRST HEAVEN is where the birds literally fly that is also part of the “spirit world” where all spirits of humans and potentially animals go when they die, unless they qualify for the SECOND HEAVEN described as

“paradise” or “Abraham's Bosom” where human spirits and/or souls can be SAVED into and what Do once called “buckets,” aka purgatory, so they can be given a future opportunity to graduate to their next THIRD HEAVEN. If and when they graduate by meeting the criteria that is designed to experience in stages, as demonstrated by incarnate Older Member(s), staying precisely with the teachings of the most current Older Member, then they are given circulation in the THIRD HEAVEN even though that may still be a limited circulation and what Ti and Do referred to as a “domestic” members task assignment like the “watchers” had. It's possible that what I am calling the second heaven is actual part of the first. In other words the “buckets” are what separate spirits and/or souls that are “saved” from those that are not and that's all in parts of the Earth's atmosphere that would encompass underground and under the sea areas wherever human or human equivalent life forms circulate. That would put the WATCHERS in the SECOND HEAVEN and that makes sense in relationship with the THREE TRIMESTERS of the classroom that Ti and Do described, the first being up largely the Moses classroom, the second during Jesus classroom and the third trimester before birth with Ti and Do in the task of the Two Witnesses followed up by Do sitting on the throne by himself incarnate to midwife those who at that time officially become his Next Level offspring.

Ti and Do were clear that the Luciferian fallen angels never became adult members of the Next Level. They still had the potential to fall as they did. But they weren't just “saved” as they had physical bodies and had primitive model spacecrafts and a task assignment so had met a major part of the criteria to move ahead towards graduation. That correlates with the second trimester that involves the “sacrifice of one's self” described by what Jesus said was one major criteria to being his student, called to “deny self” and is also depicted in the Lords prayer as asking that “thy will be done on earth as it is in heaven” which being a personal petition to serve the Next Level Older Member (our Father) is saying that we want to become the instruments of our Father's will for us while we are on Earth. The ultimate show of that starts by leaving all behind - recognizing that your new family will be made up of fellow believers and not only believers but “active students” trying to apply all the lesson steps the last incarnate Older Member provided so applies whether we are with that last Older Member physically or not. The final show of “losing self” is by doing the task of “feeding my sheep” that Jesus said was

what he wanted his disciples to do after he left that he even trained them for while he was incarnate that was the primary gathering of the lost sheep - those human vehicles prepped for these returning Souls.

Jesus followers were assigned to be “fishers of humans (men).” That's where the idea of “rapture” came from as the Greek word literally means “to catch away” - as in catching a fish where the bait is the truth. Thus presumably the ones depicted as fallen angels accomplished some degree of that 2<sup>nd</sup> trimester though it may not have been as high a standard they had to reach as Ti said, after Lucifer fell the bar was going to be raised to getting into the level of position they had. I don't know when the bar was raised but I suspect it was even before Adam fell as the purpose of allowing the Luciferian spirits to influence Adam and Eve was because they were now in prison - grounded to earth, so if Adam and Eve could overcome allowing them to influence them to break with their relationship with the Next Level Older Member they were aware of, then they would have grown stronger than them, thus the bar was increased beyond what they had to attain to.

Perhaps “giving one's life” for one's Older Member is the biggest aspect of raising that bar. However, Ti and Do indicated that even giving your life wasn't the ultimate test which is why Jesus students had to come back to be “born again of flesh” to go through an “overcoming process” which had to be designed in total by the Older Members, the Ones who served as the Father and incarnate as Jesus as shown in Revelations 2 and 3. Overcoming is equivalent to “conquering” or “prevailing against” human behaviors and ways while the Luciferians and space aliens (their descendents) using discarnates (dead humans) attempt to influence the returning students who also take human vehicles, through which they are tested to overcome.

Therefore the THIRD HEAVEN becomes what is depicted as the “Heaven Heaven Heaven,” sometimes just said as “Heaven of Heavens.” In 1Kgs 8:27) - “The heavens, even the highest heaven, cannot contain you.” but it may be speaking of the highest heaven relative to the students perspective as opposed to where the Older Members of the Next Level dwell. It's not exactly a state of mind or a degree of enlightenment or holiness as those are all never-ending conditions to rise into. There is no growth level that is void of further growth. Thus the third in this context would not be the “highest heaven” which sounds like the “heaven heaven heavens” in repeating it three

times.

The only way in which Ti and Do used that kind of phrasing as “heaven of heavens” that I am aware of was when they referred to the “Chief of Chiefs” as being the Oldest Member of the Next Level. They said we wouldn't begin to understand where that individual came from until we were in a Next Level vehicle as the human brain doesn't have the capacity to understand it further. However, Ti and Do actually said they were from “headquarters” which opens up yet another perspective altogether that would be like talking about a fourth heaven - the location where the Older Members abide that is the headquarters. It's no surprise that it's said as the HEAD of the QUARTERS with several applications of those terms.

In 2008 NASA launched the New Horizon's spacecraft that flew by dwarf planet Vesta and then Jupiter on the way to Pluto and deeper into the Kuiper belt. It was said some computers on it were asleep to conserve energy for the long mission. It was awakened when it passed Pluto in July of 2015. Among the pictures that came back was one that showed 4 deep black rectangular areas that they reported were about 200 miles across each and were spaced equidistant from one another as if four black keys on a piano and perhaps twice as long as wide. Then in September many more pictures were released that showed a robust landscape with a huge white heart shaped smooth spot, mountains, volcano's, geysers, a seemingly thin atmospheric haze and an assortment of terrain not seen on any other planet before, beside earth.

These pictures of Pluto followed within days of the Dawn spacecraft's pictures of dwarf planet Ceres that showed at least 8-14 different lights and two were particularly large and bright and one had a rectangular look. Together they looked like a city as viewed from space. People have done a comparison with Las Vegas, NV from space and it's remarkably similar looking. Unlike the New Horizons spacecraft, Dawn had been sent specifically to check out what was first seen as one bright light by Hubble space telescope in December of 2003 and January of 2004 and was therefore sent to orbit Ceres which it is doing as we speak in September of 2015 getting closer in three stages, first at about 2700 miles out, then about 1800 miles out and finally where it is now at about 900 miles out. Plus on Ceres there was a 3 mile high pyramid looking structure in another area, some other lights, some parts of the pyramid that looked sculpted with vertical ridges running

evenly around half of this mountain they called a pyramid that was on an otherwise flat surface.

As said, Ti and Do directed the writing of a movie script that depicted Pluto as a Next Level base. They didn't claim at the time that Pluto was a base. The script included the description of what they called the “Earth Lab” inside Pluto and was depicted at least as tall as the tallest buildings on Earth.

Around this working earth model were observation levels with screens showing world events as they were happening that included environmental and social events according to what each observation point was geared to observe. Above this model of Earth were 4 flying saucer looking spacecrafts each hovering in a fixed location over a quadrant (quarter) of the model, perhaps duplicating or acting as the receivers of data from four actual craft in a fixed position on the real earth, since there are several depictions of the “four winds” in prophecy that might be related. One could imagine these four could have technology that combines all observational and study technology humans have and much more to monitor everything that takes place in each quadrant, who knows may be even down to the thought level if need be, so if any human actually thought for instance, “Heavenly Father, I want to know the truth about Ti and Do” it could be picked up and immediately transmitted to the Pluto model and/or to the appropriate assigned crew.

There is a lot more to this information about Pluto and Ceres in section IV.D. FOURTH SEAL.

Therefore these FOUR would seem to most represent crew leaders working for their Chief/Captain (Elder or Older Member)'s “sea,” the humans they would be nurturing on earth.

The next time this kind of projection of the future is illustrated is after Jesus has exited as there is no talk otherwise referring to FOUR Beings or crews engaging this “drawing” and this is also depicted for the END TIME by Jesus:

Mat 24:31 And he shall send his angels with a great sound of a trumpet, and they shall gather together his elect from the four winds ((417 anemos= wind from root of aer 109= air)), from one end of heaven to the other.

Note how when the Next Level wants to make clear what they are referring to they add a second description to clarify. In this case it's apparent that the 4 winds are referring to locations where in Daniel to members of the Kingdom of God/Heaven.

Because the draw can be equated to a gathering and Jesus is indicating it's from the four winds from one end of heaven to the other, this seems to be indicating a global draw/gathering. And as it's indicated as being a response from the “sounding” of the trumpet, it's apparent that the Revelations prophecies of the Seven Angels with Trumpets most demonstrate that draw/gathering fulfillment.

The “sounding” itself is in the provision of new ideas and awareness of the reality of the Next Level that provides the opportunity to uplift humans who are receptive. Perhaps this kind of provision was always in affect but it seems was notably accelerated in the mid 1800's in the U.S. and then again during the time called the gay or naughty 90's (1890's), manifest in a huge UFO “flap” in the U.S. that culminated with the UFO crash in Aurora, Texas with one body found that I have suspected was like a “john the baptist” start to the arrival of the Next Level Older Members and Crew.

Other ways the sounding is evidenced is by a steep escalation of books published about outer space travel alongside high tech inventions and applications in electronic communications, air travel, civil rights, labor rights, woman's rights and diet/health consciousness. While many were still coming to the U.S. and some were expanding their awareness of what constituted reality while seeking to escape archaic hypocritical religiosity, this provision of “light” from the Next Level was also met with it's opposite in terms of significant world wars one and two, a host of rebellions that also served to create refugees, which are also those who were not so attached to their human roots and possessions in war torn areas that they would flee these areas rather than fight and die trying to preserve what they had.

Those that see the handwriting on the wall when war is brewing get out rather than hope it calms down or goes away. One can surmise that these who flee have more Next Level consciousness, as Next Level members are truly “extraterrestrial” in that they have “no (one place) to, so to speak “lay their head” as Jesus illustrated of himself upon awakening. Perhaps from these

refugees can be born humans that are more programmed to accept separation from their roots, thus more prone to evolve out of the human kingdom when the option arise by an Older Member's incarnation and provision of information on how to do just that.

The draw continued to escalate throughout the beginning of the 20<sup>th</sup> century with two peaks synchronized with the 5<sup>th</sup> angel's trumpet sounding and concluded by the first woe in the 1940's-1960's with the UFO Crashes and space alien contactee phenomenon, the dawning of the space age with rocketry and nuclear technologies, continuing what the SS wing of the German Socialist Workers Party (NAZI) led until their defeat by the U.S., Russia and their allies in 1945.

Further indication that this is referring primarily to the END TIME is in Revelations 4, 5, 6 and 9 that show four Beings/Crews in operation working “day and night” for the throne:

Rev 4:6 And before the throne there was a sea of glass like unto crystal: and in the midst of the throne, and round about the throne, were four beasts ((bad translation, should be 2226 zoon neuter of a derivative of zao 2198; a live thing, “LIVING BEINGS”)) full of eyes before and behind.

These 4 are depicted as not resting day and night. In other words they are full time workers for the Next Level Older Members and they each have a crew of six other crew members and/or spacecrafts as “wings” referring to a life-form that can fly.

Rev 4:8 And the four beasts had each of them six wings ((fly)) about him; and they were full of eyes within: and they rest not day and night, saying Holy, holy, holy, Lord God Almighty, which was, and is, and is to come .

Next we see the depiction of four horns - mouthpieces, cornets who are disclosing something pertaining to the altar area of the temple that is the United States “southwest” where the staged crashes occurred sacrificing their physical bodies. There is no temple on the Next Level spacecraft nor an altar. (See Rev 22) These designations refer to geological areas set up for the third trimester. They are not temples made by human or space alien hands.

Rev 9:13 And the sixth angel sounded and I heard a voice ((disclosure)) from the four horns of the golden altar which is before God,

These four, who I suspect would be the Four Living Beings who announce the stages referred to as the Rev 6 Four Horsemen of the Apocalypse, give instructions to let loose four angels that are bound. If they are bound they are no longer Next Level crew members:

Rev 9:14 Saying to the sixth angel which had the trumpet, Loose the four angels which are bound in the great river Euphrates.

These four being loosed are scheduled to do what they do on a precise timing down to the human hour and it pertains to the actual area of the Euphrates river that primarily traverses through eastern Turkey, Iraq and Syria indicating great armies converging as we see building yet again.

Rev 9:15 And the four angels were loosed which were prepared for an hour, and a day, and a month, and a year, for to slay the third part of men.

It would not have been listed this way if they were talking about their time frame to where an hour= ~40 years. Saying it in this way was saying this was a particular point in time when they would be slaying a “third” of those of the original human strain that began the experiment.

It goes on to depict horses with riders and indicates in:

Rev 9:17 And thus I saw the horses in the vision, and them that sat on them, having breastplates of fire, and of jacinth, and brimstone: and the heads of the horses were as the heads of lions; and out of their mouths issued fire and smoke and brimstone.

Then here are the Four Living Beings (mistranslated to Beasts again) disclosing their commandments as indicated in Dan 7:1 that resembles a roar, an equal translation of “thunder”:

Rev 6:1 And I saw when the Lamb opened one of the seals, and I heard as it were the noise of thunder, one of the four beasts saying Come and see

Rev 6:2 And I saw and behold a white horse: and he that sat on him had a bow; and a crown was given unto him: and he went forth conquering and to conquer

Note the reference to “horses” except this refers to the first seal being opened by the LAMB so is not the ones that Rev 9:17 is referring to who end up

bringing death upon humans in the “third” world. These are the 4 angels that were bound in the Euphrates that are reaping what they sowed by the hands of those who were also reaping what they sowed. Ti and Do indicated that a big part of the spading of the garden (Tribulation, Judgment time), is performed by those being spaded (pulled up) as well. It becomes those that have become weeds taking out those that are weeds. Humans with Next Level Mind in them don't kill or support the killing of other humans. That was a toddler lesson during the Moses first trimester.

Daniel 8 also enters into showing how Daniel 7 is referring to the “TIME OF THE END” and “END TIME” as in:

Dan 8:17 So he came near where I stood: and when he came, I was afraid, and fell upon my face: but he said unto me, Understand, O son of man: for at the time of the end shall be the vision.

Dan 8:19 And he said, Behold, I will make thee know what shall be in the last end of the indignation (The abomination - what God detests - giving service/worship of the hisser (Serpent) Luciferian deceivers)): for at the time appointed the end shall be.

Daniel 8 also provides the background for Jesus talking about the End Time in terms of watching for the “abomination (idolatry - worship (working for) false gods of wealth and sensuality promotion) that makes for desolation (waste),” yet serves as a type of fertilizer to stimulate growth in their planted seeds (souls).

As a degree of overview, I will quickly go through Daniel 8 which is comprised of visions/dreams Daniel received after Daniel 7's visions/dreams but that actually seems to outline the historic path to come before the Daniel 7 “beast” depictions. It is for this reason that it's hard to see eye to eye with those theologians who say Daniel 7's bestial kings were reflecting the existence of the empires of Babylon equaling the first lion like beast, Media and Persia equaling the second bear like beast, Greece equaling the third leopard like beast and the Roman empire equaling the fourth beast, because in Daniel 8 the Media Persian and Greek empires are depicted and like I said were given after Daniel 7. There is no reason to believe they were talking about the same Kingdoms, though following the fourth both chapters reveal the outcropping of a “little horn.”

### **III.D.4.b.iii. DANIEL 8 INTERPRETATION - END TIME BEGINNING FROM THE MEDIA-PERSIAN AND GREEK EMPIRES THAT SPAWN THE LITTLE HORN OF THE AMERICAS TO THE RICHARD (THE LIONHEARTED) NIXON PRESIDENCY AS THE FIRST BEAST OF DANIEL 7**

This section of Daniels prophecy appears to go through history very quickly depicting four Kingdoms that spread out across the four winds/quarters of the earth (Dan 8:8) following the breaking up of the ancient empires of the Medes in Media (middle east) and the Persians depicted as a Ram with Two horns, through the invasions by the GREAT KING of the Greek Empire depicted as the Goat with one horn being Alexander the GREAT (Dan 8:7), who dies suddenly to cause the Greek empire to break apart to over hundreds of years to become the even larger Roman empire that splits into four as the 1) Byzantine empire; what was the eastern Roman empire extending from Italy and Rome, east to India and south to Syria, Egypt and north Africa that eventually became the largely Turkish dominated Ottoman empire, 2) the German Frank/Roman Charlemagne/Pope Leo III merger into the Holy Roman Empire, a decentralized, limited elective monarchy composed of the Kingdoms of Germany, Bohemia, Czech, Burgundy (today's north central France), northern Italy and numerous other territories that even extended to the south of England, 3) the Carolingian empire aka the Frankish empire that became largely today's Germany, northern France, the Netherlands (Holland/Dutch), Austria, Switzerland, Venice and via Napoleon's toppling of the Holy Roman Empire in 1806 became today's France that included part of Spain, 4) what became the British Empire.

Thus these four colonial powers who demonstrate degrees of global reach (the four winds/quarters) arose as 1) Italy(Rome), 2) Spain/Portugal, 3) Netherlands, largely defined by the two Dutch provinces of North and South Holland that are largely Germanic and Frank (French), and the 4) Anglo-Saxon Great Britain which all had a competitive hand in shaping the “fourth and NEW world” in the Americas through their colonizing and the subsequent emigration periods said as “massing of non-Jewish (Gentile) people” in:

Dan 8:22 Now that being broken, whereas four stood up for ((8487 tachath= in place of, instead of, under part, beneath, conquest)) it, four kingdoms

((rules, dominions)) shall stand up out of the nation ((part from the heathen, foreign, MASSING, (fig. swarm or flight, of locusts) GENTILE [Roman Empire], people, back, behind, fem body)), but not (in his) power ((forced [voluntary immigration verses being forced to go to this new place])).

The way Daniel 7 and 8 are structured starts with Daniel's dream that he then asks the One giving him the vision for it's meaning and in chapter 8's case the Archangel (captain of angels) Gabriel shares the meaning in the second half of the chapter. Thus I will bounce back and forth to bring in both vantage points that add to the overall understanding of what's being forecast.

This next verse brings up the “LITTLE HORN” point that in this context would seem to be the United States of America as there was no other nation that was little that then rose to become superior to it's parent kingdoms:

Dan 8:9 And out of ((4480 min, or minney, or minnay (constructive plural)= some of, since, from, because, on account of)) one ((259/258 'echad/achad= UNITED, altogether)) of them came forth ((3318 yatsa' after, appear, begotten, bear out, break out, come abroad, departing, escape, grow, pluck out)) a LITTLE ((4704/4705 fem, mitsts@'iyrah= little, insignificant, a small thing, concretely diminutive, little while (of time), petty (in size or number), adverbially a short (time), little one AND 4480 min= among, with, from, that not, since, after, at, by, whether)) HORN, which waxed exceeding ((3499 yether= overhanging, superiority, hath plenty)), great ((large as in body, mind, estate, honor, pride)), toward the south ((5045 negeb= parched country [U.S. west/south west), and toward the east ((from U.S. perspective toward Europe)), and toward the pleasant ((6643/6638 tsbiy/tsabah= in the sense of amass or grow turgid (swollen, distended, congested, engorged, bloated, tediously pompous or bombastic, inflated, pretentious, puffed up, grandiose, prominent - specifically to array an army against: fight swell [against the Next Level?)) (land).

Then Gabriel s explanation:

Dan 8:23 And in the latter time ((319 'achariyth from 310 fem future time, posterity, last, hinder-most, after part, end, descendents, reward, residue, remnant)) of their kingdom, when the transgressors ((6586 pasha' = expansion, break away (from just authority) trespass, apostatize, quarrel, offend, rebel, revolt)) are come to the full ((complete)), a KING OF FIERCE

COUNTENANCE, and understanding ((995 biyn= be cunning, direct, intelligent)) dark sentences (puzzles, TRICK, conundrum)), shall stand up.

So in verse 9, “out of” or “on account of” a UNITING a little in size or number or significant HORN is begotten/born, breaks out, comes abroad from these four kingdoms: Dutch/Germanic, French, Spanish and English to become their superiors in all ways growing to the south, even the largely desert southwestern U.S., Mexico (Texas) and in Central and South America, the east as in Europe where the U.S. led in a big way by being the greater force holding back German and Soviet Union/Russian expansion. I don't think the usage of “pleasant” (land) is contextual and makes more sense as an adjective further describing this horn and even combining with the next verse (since in Hebrew there is no sentence punctuation (commas, periods, exclamation points, question marks, colons, semicolons) as in English it becomes up to translators when to cut off a thought or idea and in the next verse it repeats “waxed great,” while changing subjects, so as I am taking many liberties to begin with, I'm taking another here).

Thus I am saying that perhaps this makes more sense to see as the amass of an engorged, bloated, tediously pompous, bombastic, inflated, pretentious, puffed up, grandiose human population that is caused (instead of “great” for Hebrew gadal) by the host (crew aka army) of Heaven's, (Do indicated he was like a captain and Ti like an admiral) casting down the host (crew) of shining ones, princes (stars) to the ground/earth to tread/trample oppress humans by walking abusively upon them.

Then verse 23 describes a king, but equally a reign that can appear to coincide with Daniel 7's first of four beasts (kings) that is like a lion with U.S. president Richard Nixon seeming to fulfill the role as it is specifically pertaining to the period of the latter time of the overall end time kingdom. This king is said to have a “fierce countenance” - roughly strong, vehement, hard thus lion like while also depicted as “understanding” which indicates he is someone who feels separate from others while intelligent, direct and cunning, yet remains a puzzle to get to know, having a tendency towards trickery and double dealing, said as “dark sentences.”

There are many direct examples of these characteristics among Nixon's quotes and history. Nixon was called “tricky dicky” by the leftist press. Also President Harry S. Truman said: “Richard Nixon is a no good, lying bastard.

He can lie out of both sides of his mouth at the same time, and if he ever caught himself telling the truth, he'd lie just to keep his hand in."

As it turned out, Nixon was forced to resign after being caught behind the Watergate hotel break-in and a number of other shady dealings - erasing tapes, ordering the break in at the Brookings institute to find dirt on Lyndon Banes Johnson and much, much more. Out of his own mouth, he told David Frost years after he had resigned that, "When the President does it, that means it's not illegal." Other of his related quotes; "If you don't know how to lie or can't lie, you'll never go anywhere.," "I was not lying. I said things that later on seemed to be untrue." I don't doubt this is true as this is the Luciferian generated state of the human civilization.

However, I know many a human leader have these deceitful qualities. The difference here is the timing of Richard Nixon's presidency and how he appears to be the King depicted in Daniel 7 as the Lion, as his mother actually named him after the English KING RICHARD THE LIONHEARTED, and all most of the Daniel interpreters say the first beast king is England, thus I'm suggesting those roots are correct and seem to play out fairly well. As a FIERCE Lion Nixon instigated a savage bombing campaign against Laos and Cambodia, called "carpet bombing" as it destroyed many square miles of forest. More bombs were dropped at that time than in all of World War II and he ordered that while publicly saying he was deescalating the war since there was quite a raging anti-war movement he hated, showing his CUNNING AND SHADY TRICKERY.

Nixon was also reportedly taken with his buddy Hollywood star Jackie Gleason to observe the wreckage of a confiscated crashed UFO and alien bodies, so it seems he was aware of the crashes as well. But perhaps most of all, all these indicators were in place during the time period when Ti and Do were first awakening in the early 1970's.

Dan 8:10 And it waxed great ((1431 gadal= to twist, to cause to make)), (even) to the host ((army [crew])) of heaven; and it cast down (some) of the host ((army [crew])) and of the stars ((3556 kowkab= shining prince, star (gazer))) to the ground, and stamped ((7429 ramac= to tread upon as a potter, in walking or abusively, to oppress, trample (under feet))) upon them.

From 1947-1957, while the U.S. was waxing great and actually around the

time Richard Nixon became a California representative, then senator and vice president for Dwight Eisenhower, the UFO crashes were occurring in Texas, New Mexico and Arizona. This seems to be the “host of heaven cast down.”

Even the time period of the “fifth angels sounding” correlates with the late 1940's and early 1950's. A star indicates the “host” and from “heaven” meaning they come from the Kingdom of God in the literal heavens and come to Earth so hard to mistaken and they actually open the pit where the Dragon's Bestial humans were up until them in their prison cell, for who knows how long:

Rev 9:1 And the fifth angel sounded, and I saw a star fall from heaven unto the earth: and to him was given the key of the bottomless pit.

Rev 9:2 And he opened the bottomless pit; and there arose a smoke out of the pit, as the smoke of a great furnace; and the sun and the air were darkened by reason of the smoke of the pit.

Ti and Do said that the Next Level had offered a number of those who were circulating in the heavens the opportunity to descend on Earth to enter the Overcoming Classroom with the Two Older Members which would mean sacrificing the human equivalent physical bodies they had at that time and that some chose not to, which I surmise made them part of the “host stars” who became “grounded on earth” and who “stamped” upon the humans, described in:

Rev 12:4 And his tail drew the third part of the STARS OF HEAVEN, AND DID CAST THEM TO THE EARTH: and the dragon stood before the woman which was ready to be delivered, for to devour her child as soon as it was born.

This verse describes the casting down of the Dragon (the SHINING ONE/PRINCE - As Lucifer was at one time) and also is depicted as the ANGEL OF THE BOTTOMLESS pit named Abaddon in Hebrew and Apollyon in Greek in Rev 9:11, and who drags down a THIRD OF THE STARS OF HEAVEN as his HOST (army) who are CAST DOWN and who TRAMPLE UPON the MASS OF GENTILE humans that are identified as part of the Earth (GROUND) that seems to be that of the United States of America, again referring to all this as happening in the “LATTER, FUTURE, HINDER-MOST TIME.”

Dan 8:24 And his power ((force, strength, might, wealth (of soil), chameleon, lizard, fruits, substance)) shall be mighty, but not ((3808 lo= not without)) (by his own) power ((force, strength, might, wealth (of soil), fruits, substance, chameleon, lizard)): and he shall destroy ((decay, ruin)) wonderfully ((to cause to make great)), and shall prosper ((push)), and practice ((to do, or make)), and shall destroy ((decay, ruin)) the mighty ((powerful, numerous, paw)) and the holy ((sacred, saint, sanctuary)) people ((unit, tribe, flock)).

It's the Dragon's TAIL that is the POWER/FORCE that drags down the third part of the stars (host) of heaven. The tail is their mammalian sensual nature that they still had not yet overcome as they were never full fledged adult members of the Next Level.

Thus because of the Luciferians the United States has experienced great prosperity which can destroy Souls by ensnaring them into the accumulation of wealth and a sense of security because of how they will hardly be able to separate from such things when the Next Level stimulates our separation, first by the efforts of the incarnate Older Members (Ti and Do) coming public with the information that the Kingdom of God/Heaven is once again “at hand,” but entails leaving all behind and overcoming our human behaviors and ways while giving our will over to them to become the recipients of a real relationship with them. In this way some of those who could be among the “holy people” are not able to separate from the “cares of the world” so become destroyed as Jesus said, in the parable of the seeds would happen to some that had no roots or were plucked up by the birds (the Luciferian space aliens and their mammalian mindsets).

Dan 8:25 And through his policy also he shall cause craft to prosper in his hand; and he shall magnify himself in his heart, and by peace shall destroy many: he shall also stand up against the Prince of princes; but he shall be broken without hand.

See it is by “craft” and “peace” that many “souls” are destroyed because they become entrenched in their building up of themselves and their accumulation of wealth and responsibility to other humans, their roots and their nation, so they accept that nation's identifications and patriotism and lifting up of the constitution as what to lift up as their “god” which to the Next Level are all false idols. Even the worship of the human body and the sun, moon, stars and earth are all idol worship anymore. It's not that we can't appreciate them all

and want to do our best to not interfere with the way many humans desecrate them. But it's at this time especially that if we put our energy into supporting such causes while not recognizing the source of the entire system and those that Represent those Beings who are part of the Kingdom that is the source then we are saying we don't want a relationship with those Above Human Beings. And if we don't want a relationship with those Above Human Beings then they have no interest in nurturing us because we will never become the fruit on their garden, which is the ultimate purpose for it all to begin with. I'm not saying that coming this way towards Ti and Do means you will not speak out against injustice or for a cleaner ecology or for helping those that have trouble getting help or who are sick or disadvantaged. You will simply do it IF when you ask Ti and Do how you can best serve them, they lead you to those they determine the need for your help and most of that help might come by sharing who it is we are serving while we help them with their needs.

So when the national media broadcast the names of the vehicles the Two used who they had learned had been arrested for theft, not looking into the details because Do was convicted of a felony for not returning a rental car on time, which the charges against were dropped, and the only reason he got a felony on his record was because the prosecutor thought his story was so bizarre it seemed easy to make into case he could win to build up his reputation, so that Do chose to cop a plea rather than spend more time behind bars waiting for a trial, having been behind bars for 6 months before it even came up for trial consideration, that was the government through the press shooting Do and Ti down. It gave all who wanted it an excuse to not look at what they were saying and what they were about any further. They were criminals so could not possibly be from the Kingdom in the literal heaven's and they were quite happy to see them and their story of all those who left all behind to join with them get off their radios, TV's, newspapers and magazines where they had been for weeks. This was also the “subduing,” said as “overcoming” the beast from the bottomless pit would accomplish against them as said in Rev 11:7 as their “exit by dying” (Greek *apokteino*'s true meaning, not that they are “killed”) would come much later via the “earth opening her mouth” a way of saying they lose the physical human vehicles they and their student body took over to complete their metamorphic overcoming of their humanness through. It was always meant to be a “spirit birth” - a birth that could not be observed with eyes because it was their Soul body that was growing inside their

vehicles that was to be born, as Jesus said was the case.

This King is broken but “without hand.” In other words no action from others results in his “breaking down, mistake.” He is broken without “charge, dominion, force, ordinance.” Nixon resigned from office. He was the only president to resign. There was a great deal of evidence from his own mouth on tape to impeach him. A number in his administration went to jail. As best I can tell he always felt justified and mistreated and blamed the hippies and those he saw as communists and the Jews who owned the media, as he told Billy Graham.

Dan 8:11 Yea, he magnified himself even to the prince ((captain)) of the host, and by him the daily ((8548 tamiyd= to stretch, continue, constant, always, perpetual)) (sacrifice) was taken away ((7311 ruwm= to be high actively, to rise or raise, bring up, mount up, set up)) and the place of the sanctuary ((4720 miqdash= a consecrated place, sanctuary, hallowed part)) was cast down ((7993 shalak= to throw out, down or away, adventure)).

This Little Horn King under the influence of the Dragon had built himself up to being even above reproach as the President, even in his mind considered that lying was necessary to win and that justified doing so. There is no avoiding this for these who rise to these positions of power because the Luciferians gravitate to those that wield the most influence over others and who have the biggest capacity to direct activities in ways that they can benefit from. Those activities include improving society and advancing technologies while seeing to it that dissidents are squelched all of which Nixon over his years in government and certainly as president excelled at.

In this context the prince (captain) and host (army) continuance (daily) isn't indicated as being taken away, as the meaning of the Hebrew ruwm is to “rise up or to be brought up and/or set up.” Do is the prince in this context and he through his partnership with Ti, who came to get him going was “rising up” aka resurrecting with their students, “saints” (heavenly host).

The reference to the DAILY seems to have to do with the original instruction from Jehovah/Moses to the Israelite (beginning overcomer) classroom to sacrifice “two lambs of a year old” every day in the morning and the evening on the great altar in the name of ALL the Israelite people described in Num 28:24.

Regarding these sacrifices of animals in the Moses encampment, made to look primitive and evil by the lower forces, (which it is when humans do it, when it's not part of the lesson step designed by an incarnate Older Member), these instructions proved to be the beginning of both learning to recognize the Lords reality, to follow instructions from the Lord and to seed the recognition of the requirement for graduation from the human kingdom that includes “giving one's own flesh” in service, according to the present Older Member's example and instruction, that starts with the willingness to do so. This is because Next Level members don't identify themselves as the vehicle they wear. They identify themselves as the Soul, the pilot of whatever vehicle they are provided for the tasks they desire to perform.

Souls grow to know that their denser physical vehicle, no matter if they are wearing one grown for them or one selected for their usage, as in taking on a human incarnation is sacrificable for their assigned task from their Older Member who they clearly recognize.

Now where it becomes distorted is when the Luciferians influence humans to think they are following a human who thinks they have the authority to promote such a sacrifice of any flesh body as if it was a Next Level instruction and that can even take the shape of the sacrifice of a human vehicle which is an abomination and was clearly not permissible to do.

The Luciferians cheapen life which is not a Next Level frame of mind and especially human life as human is the kingdom level stepping stone to Next Level membership. A Next Level Member is very, very careful to abide by their Older Member's instructions that insist upon a prospective member entering into every stage of their overcoming of humanness in a completely voluntary way.

When Jesus told his disciples they would also “drink the cup” (of blood) he was given to drink/consume, accept and a demonstration of his exercise of his free will to accept the task of doing, he was teaching the next lesson step from the Old Testament regular adhering to specific instructions regarding the sacrifice of animals. Some or all of those same Souls probably had been with this same Older Member from the Next Level when he was incarnate as Moses, so for them it was a natural step to be willing to give their lives in service to him, which they did by sharing what he taught at that time knowing they too would be hated for doing so and would probably lose the life of their

physical vehicle in the process.

Thus when they left that physical body, they retained the lesson as Mind/Spirit stored in their Soul body (pocket, container, wineskin) and they were awarded a domestic level Next Level made vehicle at that time but then were given the option to sacrifice it when the next trimester (3<sup>rd</sup>) was to take place, which we saw as the UFO crashes in the 1940's and 1950's in the U.S. southwest, that allowed their Soul body to find a human vehicle prepared for them. This was then coordinated with the Older Members doing the same thing ahead of them, so when the Older Members awakened their human vehicles and began to share what they knew publicly, these would hear it and know that it was their call to drop everything they were doing in their human lives to once again give themselves to their Older Members service, though it was still just as voluntary.

These Student Souls with human vehicles their task was to “take over” would be accomplished if they stuck it out with the Older Members, Ti and Do adhering and adopting their Mind provided, that was a more complete stripping away of their humanness and adoption of Next Level behaviors and ways so that when it was exit time it was genuinely a joy for them to know they would be returning to their home environment and would be getting a new physical adult model Next Level vehicle and task assignment.

The vehicles they took were under their control though no one else in the human kingdom could see what was really happening, though some with some Next Level mind in them, because they too were prepared to receive it, knew it was not an involuntary “laying down of their physical human containers.”

Thus we at this time have the instruction to share all Ti and Do taught knowing that in so doing some of us will be sacrificing our human lives in so doing because we will be seen as a continuation of a dangerous cult. The only danger we pose is to the lies and deceit put upon humans by the Luciferians as to what this planet is and why it was designed to be the garden that it now is and how all came about by conscious directed efforts from the Evolutionary Level Above Human.

It's no accident these verses in Daniel, pertaining to the DAILY (SACRIFICE) are described this way, as the location of the U.S. southwest

certainly became an altar in that the Two Older Members (TWO LAMBS in the Daily, as in the lamb of God that provides THE WAY to remove (take away) the Luciferian mindset (sins) from those humans who are “of the world”) had with their crew the “saints” arrived by sacrificing their Next Level physical bodies in the intentional crashes of some primitive (to them) spacecrafts. This term translated as “daily” also indicates “perpetuity” which is a way of saying that this sacrifice was both made by Beings who are living perpetually (eternal) and that by coming would award the graduates with their own perpetual (eternal) life as well. It would be the third trimester of the SPIRIT (NON-PHYSICAL) BIRTH Jesus prophesied would occur during his “kingdoms” return.

The Older Members DAILY SACRIFICE by coming incarnate is a huge gift they choose to provide the human kingdom as all humans have a chance to move up in their conscious evolution to be potentially in line for the opportunity to graduate. As with Jesus, every day Ti and Do spent incarnate sharing the truth for their 1260 days that began during the Nixon administration on 1/1/1973, though only became national and international news in 1975 for the first time, and the time spent thereafter teaching the overcoming process was Ti and Do's sacrifice of their far more desirable lifestyle, environment and use of a physical vehicle that was significantly more evolved.

Thus the U.S. west is the “temple” (sanctuary) because it was where Ti and Do and crew arrived to set up the return promised by Jesus. The process of their coming was also the main turning point to the United States (Babylon) downfall. The nation was very fractured over the massive killing in the Vietnam war. There were violent demonstrations in many U.S. cities, probably most in the north and west. I attended a demonstration in Washington D.C. that showed no violence but hundreds of thousands of us were ushered out of Washington by the military, though as far as I could tell peaceably. But the constitution gave us the right to assemble and protest the governments actions so herding us out of Washington was probably illegal. Nixon expressed severe disdain of the antiwar demonstrators. To him they were communist traitors of his America. My friend who went to college in upstate NY told me during his break about the bombings that had happened on his campus. I didn't get the feeling he was involved but he didn't say. I was in college in West Virginia and one of my friends was the brother of one of

the four who were shot at Kent State, the young man from Long Island, which took place while I was at school. I remember feeling I wanted to bomb something even though I was not politically active nor prone to violence in any way. I was harassed in West Virginia and so were many northerners who went to school down there. The same brother of the Kent state victim had his dog shot in his dorm. I guess dogs were not allowed but to just shoot the dog on the spot showed the acceptable mindset there. I knew another who was in the Chicago riots that brought to the headlines the Chicago Seven and in Philadelphia the Black Panthers had a big shootout. This was widespread with many stories from the hotbed of antiwar activity in Berkeley, California. This was all taking place as Ti and Do were meeting in Houston in early 1972 having been in the vicinity invisibly since their arrival in the crashes. It was their presence that stimulated all the rights movements as they had a crew preparing the U.S. for at least centuries before their physical arrival with the biggest preparations in stages in the early to mid and later 1800's, escalating from there.

In this next verse, the application of “daily” (sacrifice) I believe pertains to when Jesus came incarnate with his student body of returned souls, having had their first trimester lesson plan in the Jehovah/Moses experiential classroom, though it can apply to any time of an incarnate Older Member because they set up the garden as a testing environment in the first place by subjecting their chosen to the Luciferian fallen angels:

Dan 11:31 And arms shall stand on his part, and they shall pollute the sanctuary of strength, and shall take away the daily sacrifice, and they shall place the abomination that maketh desolate.

At that time the same Luciferians would set up the ABOMINATION THAT MAKETH DESOLATE with the focal point being on using Paul of Tarsus to dilute the truth that upon people believing in his version would become “waste” (desolate) because they would be worshiping a FALSE CHRIST, a false Jesus, the spurious messiah as some preachers say, thus a false god and idol (the greatest abomination to the Next Level) that Jesus said in the end time would even trick many who were “elected” to be primary recipients of the truth, the Christians.

Dan 8:12 And an host was given him against the daily sacrifice by reason of transgression, and it cast down the truth to the ground; and it practiced, and

prospered.

The host seems to be in this context the Next Level Prince's (Captain's) Crew (Michael before he came incarnate in the vehicle They had named Jesus) showing how They gave their CONTINUOUS SACRIFICE of their otherwise perpetual life in their Next Level environment to provide those who REBELLED (TRANSGRESSED) against their APPOINTED (PRACTICED) "watcher task" that because of would bring PROSPERITY through CASTING DOWN THE TRUTH as many would think they are blessed with human successes because of their Godliness or being special to God when the opposite is more the case. Those who have the greatest struggle in life are those who are more blessed by God as then they will be more prone to seek God's help. But this verse seems to be saying that the U.S. was allowed to prosper off the back of the Luciferians rebellion that would then become a testing ground of who would TRAMPLE DOWN THE TRUTH so to feel justified in having their riches.

Dan 8:13 Then I heard one saint speaking, and another saint said unto that certain saint which spake, How long shall be the vision concerning the daily sacrifice, and the transgression of desolation, to give both the sanctuary and the host to be trodden under foot?

Dan 8:14 And he said unto me, Unto two thousand and three hundred days; then shall the sanctuary be cleansed.

So the question seems to be, for how long does this vision indicate the continuance (daily) of Next Level Older Members giving the rebels the opportunity to make the U.S. West ((TEMPLE) SANCTUARY) into a WASTELAND (DESOLATION) in which they also can ABUSE (TREAD UPON) the workers for the Next Level (host).

There is no number two in the Hebrew text but these numbers are potentially translated to so many different combinations it's near worthless to try to figure them out. One translation of "thousand" is to "variant," while another is to "family." But when will the "temple" be cleansed to be made right, to be cleared of self, justified self, turned to the righteous?

It would seem this prophecy said in the start that it would apply until the INDIGNATION, which is the END OF LAWLESSNESS. That hasn't happened yet as far as I can tell.

The last of three places DAILY SACRIFICE is mentioned is in Daniel 12 that again refers to the END TIME. I delineated Daniel 12 in section: “II.A.5.f. DANIEL” and found some major translation options to consider in these reported numbers and terms that gives rise to several potential interpretations, so nothing new for true prophecy from the Next Level. Incidentally, one might wonder how the Next Level can make these forecasts. I believe it's because their crew do the leg work of going to certain humans at the time when they want certain terms or ideas to surface and make simple but powerful suggestions. And of course they also stimulate geographic and heavenly events that correspond with the prophecy they gave and I also suspect they adjust their strategy when they see the humans led to mis-translate or mis-interpret certain prophecies. I suspect that may happen with the Rev 6:8 common translation of Greek 5515 chloros as “pale” instead of it's primary “green.” That may have to do with the way chlorine is a bleaching whitening agent (that serves to bring death to purify and/or to kill depending on to whom one serves between God and Mammon) though it's original form is green. (See section on the Fourth seal for further interpretation of this pivotal verse; Rev 6:8 where the Green horse arrives in the timeline).

No one is made purified until the first harvest as described in Rev 14:14 which appears to be Ti as “like, or similar” Son of Man, thus potentially referring to having been incarnate or also an Older Member and Do's partner in the Two Witnesses and overall midwifing like task. Also that some are purified is shown in Rev 6:2 with “he who sat on” (white horse) held possession and ability and accompanied “bearing, birthing, bringing forth, delivering,” thus their “liter who had made covenant”:

Dan 12:9 And he said, Go thy way, Daniel: for the words are closed up and sealed till the time of the end.

Dan 12:10 Many shall be purified, and made white, and tried; but the wicked shall do wickedly: and none of the wicked shall understand; but the wise shall understand.

This also speaks of the JUDGMENT TIME AND TRIAL, though is not saying all who are to be purified are by this time. So with the previous evidence that The Two Witnesses are the TWO LAMBS sacrificed by their leaving behind their human lives and giving their all to the Next Level in

their task as prophesied in Rev 11:7 when they are temporarily SUBDUED (OVERCOME) (as they can't actually be overcome any more than Jesus was truly overcome even by killing his body) and then as shown by the Greek Apokteino= “exit or separate (from their human vehicle) through, by/from dying” mistranslated to “killed,” ignoring the “apo” prefix occurs by March 22, 1997.

Dan 12:11 And from the time that the daily sacrifice shall be taken away, and the abomination that maketh desolate set up, there shall be a thousand two hundred and ninety days.

Taking the days as referring to a “day and night” thus a 24 hour period and taking the thousand as 1000, adding 1290 days brings the Gregorian calendar to Monday, October 2, 2000 when the FALSE IDOL SERVICE (ABOMINATION) WASTE (DESOLATION) is ADDED, APPLIED, APPOINTED, ASCRIBED, ASSIGNED, BESTOWED, COMMITTED (SET UP).

Now that just so happens to be less than a month and a half before the U.S. Supreme Courts stolen election that dictated that George W. Bush won the Florida popular and subsequent electoral college votes that gave him the presidency from Al Gore.

Dan 12:12 Blessed ((happy)) (is) he that waiteth ((to pierce, adhere, hence, to await, long, tarry)) and cometh ((to touch, lay hand upon, to lie with a woman, to reach, fig. to arrive, violently, join, near, plague, smite, strike, bring (down))) to the thousand three hundred and five and thirty days.

If one takes the difference in these two time frames of 45 days and add it it comes to November 16, 2000 the day after the election when the Florida popular vote count was in question. The Florida Supreme court actually voted to recount the entire popular vote and the Supreme court ruled for them not to have a recount. The U.S. Supreme court technically broke the law as especially in regards to elections states are sovereign. It was set up that way to prevent the Federal government from having too much power like a king to make decrees and yet that's what happened. Thus this was a coup d'etat. I predicted at that time that Bush would not leave power and that has proven correct as Obama has not really done anything to change the course of what the Bush administration presided over and the U.S. experienced two falls

since that were both centered on NYC the new city of Babylon in the new Babylonian empire.

The only sense of happiness I can relate to this event of the stolen election that brought Bush to the presidency, to fulfill the RED HORSE'S PROPHECY that brought the ENDLESS WAR ON TERROR is because for those that were killed (pierced) any time in history because of their taking a stand for the Next Level (Kingdom of God), as they return to taking vehicles to forward their overcoming of humanness another grade level would see the light at the end of the tunnel, so to speak in the time of their approaching graduation and subsequent redemption as depicted in Rev 6:10.

**III.D.4.b.iv. DAN 7:3 - DAN 7:7 INTERPRETATION - THE FOUR BEASTS (KINGS) AND THE FOURTH AND LAST KINGDOM OF THE NEW WORLD ORDER RELATED TO THE FOURTH SEAL OPENING OF REV 6:8 - ON EARTH THE GREEN (GREEK GOD DEMETER AND ROMAN EQUIVALENT CERES) HORSE, THE PRESIDENT OF THE U.S. TO TAKE POWER IN 2017 IDENTIFIED/NAMED BY THE CHARACTERISTIC OF DEATH (THANATOS) THROUGH GREAT TRIBULATION AND THE "WINEPRESS" AND FOLLOWED/ACCOMPANIED BY HELL (HADES AKA PLUTO - THE RECYCLER) AND HOW IT RELATES TO NASA DISCOVERIES OF LIGHTS ON DWARF PLANET CERES (RELATED TO GREEN HARVEST) AND DWARF PLANET PLUTO'S EARTH LIKE CHARACTERISTICS AND TI AND DO'S 1982 MOVIE SCRIPT DEPICTING PLUTO AS A LABORATORY BASE CONTAINING NEXT LEVEL TECHNICIANS CONTAINING AN WORKING MODEL OF EARTH**

Dan 7:3 And four great beasts ((kings)) came up ((5559 cliq to ascend, come (up))) from ((4481/4480 min= according, after, + because, + before, by, for, X more than, (out) of, PART)) the sea ((3221/3220 yam= to roar, a sea (as noise of surf) or large body of water, fig. people, THE WEST or (occasionally) the south)), diverse ((08133 sh@na'= to change, alter, (be) diverse, transform, different)) one ((1668 da' corr. to zeh 2088= this, one... another)) from ((4481/4480 min= according, + because, + before, by, for, X more than, (out) of, PART)) another ((1668 da' corr. to zeh 2088= this, one... another)).

The messengers that deliver these dream/visions to Daniel, when asked, bring some interpretation to them starting in Dan 7:17, saying these four beasts are Kings that shall arise out of the sea and/or from a direction and/or overall population, even specific to a region as in “the West” which is particularly interesting given how the Americas, relative to the primary start of the Next Level's experiment in the Middle East region moved west.

Thus a new interpretation might look like; these four beasts ASCEND (COME UP) OUT OF AND BECAUSE OF THE PART (FROM) of the planet and it's population, OF THE PEOPLE IN THE WEST they brought their ROARING/NOISE (SEA) TO CHANGE, ALTER, TRANSFORM (DIVERSE) THESE ONES (ONE) into ANOTHER. In short this could be seen as saying Part of the humans in the west will be transformed from human to members of the Next Level Kingdom of God/Heaven through/because of these human kings/rule (world) they are helped to overcome. In this way these Kings that includes their governmental reign become stepping stones for the upcoming student body to conquer by rising above seeing them as something to aspire to in all their manifestations. The Kings and their society are also undergoing transformation one to the next as that is the course of preparing the overall population that provides human vehicles to the returning Souls and spirits whether to resurrect to life or resurrect to death, as Jesus indicated would occur at this end time.

Many Christian writers say these four kings (beasts) are represented as, 1=Babylon, 2=Medeo/Persia, 3=Alexander the Great's Greece, and 4=Rome. The most commonsensical dispute with that premise becomes apparent in the fact that this is being written during the Babylonian Empire and yet is depicting these four beasts as RISING out of the sea (of humanity). If Babylon is the first of these four beasts how can it be seen RISING out of the sea when it's already well established? This is further shown in verse 17 where it specifically indicates these four kings (beasts) “SHALL ARISE out of the earth (human kingdom).” It's the FUTURE TENSE of the verb ARISE so isn't forecasting the past and present. Additionally is the fact that Rev 13:1-2 describes the Beast with 10 horns with very clear equivalence to Daniel's fourth beast with 10 horns while combining the descriptive characteristics of Daniel 7's first three beasts, as a Lion, Bear and a Leopard, while only coming out of the BOTTOMLESS PIT (of the earth/sea) during the time of the 5<sup>th</sup> trumpet sounding of Rev 9:1 which is all clearly

referencing the END TIME but before the Two Witnesses begin their testimony period.

Rev 13:1 And I stood upon the sand of the sea, and saw a beast rise up out of the sea, having seven heads and ten horns, and upon his horns ten crowns, and upon his heads the name of blasphemy.

Rev 13:2 And the beast which I saw was like unto a leopard, and his feet were as the feet of a bear, and his mouth as the mouth of a lion: and the dragon gave him his power, and his seat, and great authority.

Note all the horns have crowns thus all describe the political, military, social, even institutional instruments and mouthpieces of any nation state that even still have kings or queens as figureheads but serve the heads that together form the BEAST.

Thus given Rev 13:2 combines the descriptions of the first three beasts (kings), these more detailed descriptions of each beast here in Daniel 7 will show CONTRIBUTORY or COMPOUNDING, even TRANS FORMATIVE changes in that particular PART of the “sea” of humanity, possibly from the WEST from each king's influence to arrive at the fourth KING (beast) and what is shown to be an actual FOURTH KINGDOM on Earth. Thus I would venture to say that these first three Kings are related primarily to the three biggest colonial empires that had a global reach in how they were instrumentally involved in the shaping of the Americas; England (Lion), Spain (Bear) and France (Leopard), though the Netherlands/Holland Dutch, mostly Germanic were mostly divided up as an influence between what became France and Spain, all of which stem from the Holy Roman Empire and it's Roman “eagle” represented predecessor that constitutes the formation of the larger fourth King and Kingdom in the way the fourth beast is the sum total of all that's happened before, while building to the most pertinent END TIME that is really established as the Next Level's kingdom on Earth with the arrival of the Two Witnesses in the 1970's. Their arrival ushered in the first of these four kings.

Thus in this rise which was largely about 40 years time that started in the 1970's that rise is reflected by key kings that were also mouthpieces (horns) in the overall fourth kingdom's ascension. The fourth King really takes its primary shape, according to Rev 13:2, having the roar of the first lion like king with the wings depicting how the Luciferian fallen angel space aliens are

in the drivers seat and whose angel wings were “plucked,” requiring those in league with Lucifer to find human vehicles to “stand” up by. The bear king demonstrates the manner of their “boots (feet) on the ground” as the military operating in a slower more methodical fashion than all out war. Then finally starting with the reign of the king with his four horns and four wings depicted as a Leopard where even this fourth kings physical body and the manner of his rule is slow and methodical in it's movement while speaking with the authority and viciousness of a Lion while claiming God's authority, except his/their, this kingdom's god little do they know is really the Luciferian “dragon.” This becomes very apparent when we look at the King that is a Lion/panther mix as a leopard - George H.W. Bush and his Yale Skull and Bones Mason relationships and the fact that he was the bear king's CIA director no doubt contributing to detailed knowledge of the space alien issue. In that way the space aliens were by their presence and actions riding heard on the U.S. leadership. More on this in the following detailed look at the first three “kings” (beasts).

Dan 7:4 The first (was) like a lion ((744 'aryeh corresponding to ariy 738 from arah' 717= in the sense of a gathering of violent piercing, plucking, (from the margin))), (and had) eagle's wings: (I) beheld ((saw)) till ((5705 'ad corresponding to 'ad 5704= as far, as long as, until time)) (the) wings ((1610 gaph= to arch; the back, + highest places)) (thereof were) plucked ((4804 mrat corresponding to marat 4803= to pull off, to polish, by implication make bald, bright, furbish, (have his) hair (be) fallen off, peeled, pluck off (hair))), (and it was lifted) up ((5190 ntal corresponding to natal 5190 to raise, take up, lift a bear as a burden (from 5192 netel))) from ((4481 min= upon, (out) of, for, because of)) the earth ((772 'ara' corresponding to erets' 776= firm part of country, ground, nations, way, wilderness, world)), and made stand ((6966 quwm corresponding to quwm 6965= appoint, establish, raise up self, arise (up), set (up))) upon ((5922 'al 5921= above, according to, because of, by reason of, (up-)on through)) the feet ((7271 rgal corresponding to regel 7272= a step, be able to endure, possess footstool journey)) (as a) man ((606 'enash corresponding to enowsh' 582 mortal man)), (and a) man's ((mortal man's)) heart ((3825 lbab corresponding to lebab 3824= courage, (tender-)heart(-ed), mind, understanding, bethink themselves, will, wisdom)) (was) given ((3052 yhab corresponding to yahab 3051= deliver, pay, yield, give)) (to it).

The Lion was a symbol of Babylon but in this context of the future is a big symbol of several European powers with the most current being England and describes a violent power and especially by having an eagle's wings that in history is directly linked to the Holy Roman Empire, the Roman Empire and The Babylonian Empire, the reason why some say this represents Babylonia. (I believe the ultimate interpretation of the wings show the Luciferian fallen angel influence over all the bigger nations that went into making them the global wide powers they became).

In Dan 7:2 it indicates four Next Level crews (winds (Spirits/Minds) of heaven) strove (1519/1518 giyach= "labor to bring forth, draw up, take out" (as water) from the sea. I believe this can only apply to two periods of time. First when the Older Member from the Next Level assigned the task to incarnate as Jesus arrives or during the END TIME when he returns with his Father incarnate in new physical human vehicles. Since it indicated these are busy "laboring to bring forth," which sounds very related to what Jesus called being "born of spirit/mind" pertaining to the END TIME period this is another indicator these prophecies refer to that End Time period.

Accordingly and with parallel interpretations as is often the way prophecy is built, the Next Level Crew is "laboring to bring forth" upon the four winds, as the four quarters of the literal heaven's, as every area "elevated above the physical surface of the Earth" (heavens) to begin all that's needed to set up for the incarnate arrival of the Two Witnessing Older Members. This laboring took place by stimulating large numbers throughout the 19<sup>th</sup> and 20<sup>th</sup> centuries to migrate to the U.S. that became labeled as a "melting pot."

I believe part of Daniel chapter 8's Little Horn (King) is depicted in more detail here along with what was to follow.

This first King (beast) seems to be the 37<sup>th</sup> president of the U.S., Richard Nixon, who served from 1969 to 1974, precisely the time when Ti and Do me in 1972 awakened in 1973 to begin their 1260 day prophecy period. Incidentally, Richard Nixon and his other three brothers were all named after English Kings and for him specifically after Richard the Lionhearted. He came into the presidency on a "peace with dignity" in Vietnam platform but though he began to reduce troops in Vietnam ended up sending troops into Laos and Cambodia and increased former President Johnson's bombing campaigns on both countries. Between both these two presidents more bombs

were dropped on Cambodia, called “carpet bombing” than all the bombs the U.S. dropped during World War II, thus Nixon certainly presided over a violent piercing of Southeast Asia. Just like his English background was represented by the Lion, the English “wing” is a way of illustrating a colony, namely America where represented by the Eagle was pulled off of the Lion's body during the revolutionary war. But as with all prophecy's multiple applications this plucking or pulling is also shown by Nixon's impeachment that was sure to be enacted so he instead chose to resign because of he and his administrations shady, illegal actions summed up as “Watergate.” His wings of an eagle presidency were plucked from him and 46 members of his administration were prosecuted and his vice president Spiro Agnew also resigned having been implemented as well. The only reason he didn't go to jail was because his successor, Gerald Ford pardoned him.

The Next Level could prophesy this in Daniel's day because they know well the nature of the Luciferian space alien fallen angels who would drive humans into wars, lies and deceits so it was just a matter of timing to see to it, it was brought to a head by shedding light on the deceit in a way that could not be denied, as this was the time period in which Ti and Do were awakening and were about to publicly deliver their testimony, BEARING THE BURDEN of witnessing to the Kingdom of God/Heaven's return to fulfill prophecy. They needed the U.S. where they had planned to come to, to be at peace when they came public otherwise with all the unrest and anti war demonstrations and police brutality and condemnation of the largely youth movement against the war, those human vehicles (mortals) their returning student Souls were planning to take over, might have less of a chance to hear about Ti and Do and awaken to their opportunity to break away from their human roots to embark upon their JOURNEY to also STAND UP, RAISE UP, BE TAKEN UP, (RUPTURED FROM THEIR HUMAN LIVES). A number of the students were hippies. It's interesting as a side note that hair is being plucked off. I for one had long hair and we all who did had it cut off, as Ti and Do instructed. We were leaving whatever identity we had behind. Plus it's interesting that the Eagle that came to represent the U.S. is the “bald eagle,” hair representing the fur/feathers of a mammal to which these students were seeking to overcome. (As I write this my hair is long again. That may not stay that way but I don't think hair is important except as one of a number of ways we can stand up against the governmental bestial systems and

institutions that largely reject a disheveled long haired look. I'm not suggesting new believers grow their hair. It wasn't in the list of minor or major offenses Ti and Do gave us, though we did have grooming instructions in our procedure books to follow. But that classroom is over and the current classroom is to disseminate the information Ti and Do left behind so that's what's most important to show them we want to be in their service, but no one is held back from going as far as they want to go to overcome their humanness as they will be faced with doing so in the next classroom after they have left their current vehicles when overcoming any remaining humanness will be taught that may have an entirely new set of procedures to abide by, because giving our will to our Older Members is the lesson plan to make graduation.

It also seems significant that Richard Nixon was the first president to come from California. There will be more to say about that in the next verse interpretation.

Lucifer is depicted as a roaring lion (1Pet 5:8), as a king of the jungle (wilderness) and was allowed to be over mankind who can become his prisoners and victims if they don't choose to reject him and his programming and shift their loyalty to the Next Level through their most recently incarnate Older Members. That is the test we are all up against and not choosing is choosing to stay with him and his followers though that's between each of us and our private relationship with Ti and Do, if we want to have one. It's not our business to ask anyone who they are putting their allegiance towards but it is our task to show the details of how we come to that self determination, if they ask us for that information.

Lucifer having once served the Next Level chose to “exalt himself above the stars of God” (Isa 14:13-17). An eagles wings provide the analogy to the way Next Level Members have physical bodies that among other attributes can literally defy gravity, both in their spacecrafts and as needed individually. Jesus demonstrated this function of his new changed over vehicle on at least two occasions according to the record by literally rising into the sky and into a cloud, that received him out of their sight (Act 1:9) and before then by hovering over the roaring sea, presumably during the 40 days he was demonstrating his new “glorified” vehicle's new characteristics to his disciples after his body was changed over following it's execution and final

ingredient received “in a twinkling of an eye” when he briefly returned to his Father, before visiting much with his disciples.

This termed “glorified body,” Ti and Do equated to the metamorphoses changeover from a caterpillar (human body) to a butterfly (Next Level body), as they stated in their “Statement One” in 1975 as completed for Jesus during the time of what's been called his Transfiguration. Angels are depicted as flying with an eagle's wings, (Isa 40:31), though I don't think these Next Level crew members (messengers) fly because of having literal bird like wings as depicted in paintings. However that doesn't mean the Next Level hasn't experimented with the design of human or human equivalents with literal wings as part of their body. In fact once while in the classroom and located in the south central Texas area there was a report in some alternative publication of a sighting of a large winged humanoid creature. Though it could have easily been made up or exaggerated or mis-represented, Ti and Do didn't discount the possibility. They always said the Next Level was engaged in tasks on the garden they were not privy to know about as they didn't need to know about them and some things might have even distracted them from their task to bring a group through their graduation birth canal. Incidentally, they did feel there were no other incarnate members of the Next Level with their same task.

Thus “wings” in this verse also depict the way Moses was instructed to incorporate wings into the design of the cherubim (angels), made out of wood and fashioned above the “mercy seat” on the top of the “arc of the covenant,” a wooden box overlay-ed with gold plate, that held the stone tablets with the initial instructions carved into them. When they weren't traveling this BOX was kept inside the “tabernacle,” tent designed as Jehovah's abode he occupied when physically, though unseen except for a cloud that would descend at the entrance to that tent (only), among them in the camp. Also, in visions Ezekiel and Daniel recorded, Beings were witnessed, probably in their dreams, but perhaps also while awake as the way the Next Level Older Members chose to help humans come to grips with the physical reality of the Next Level and their Above Human vehicular capacities that were birdlike. Ti and Do didn't give us any indication that Next Level members fly around like superman is shown to do.

Thus this first king (beast) would therefore also represent Lucifer (and those

that sided with him) in how he had risen to a kingly status in relationship to humans until his fall when his “angel wings” were removed (plucked) from him that meant he was now imprisoned on Earth literally, (though on Earth would include the Earth's atmosphere and some miles into near space).

Lucifer and company are also shown to be “grounded” by the Elohim (Older Members of the Next Level) when the record states, because of his deceit to influence Adam and Eve, he would have to “crawl on his belly and eat the dust of the earth all the days of his life.” (Gen 3:14). It seemed that included fleeing underground during the flood.

This verse also indicates Lucifer's fall as his being made to “stand on his feet as a human (man),” having human un-awareness (heart) and physical desires, in other words, his awareness of the reality of the Kingdom of God/Kingdom in the literal heavens, as the Creators of all, was taken from him, though he probably thought of them as a powerful extraterrestrial kingdom he could compete with. Jesus addressed this in a parable, saying, to those who don't work to increase what they are given, they instead lose what they had been given and end up in the darkness.

Personally, I believe I experienced this loss of awareness when I dropped out of Ti and Do's classroom in 1994 after being a fully dedicated member of their classroom/crew for 19 years. While in the classroom I can't think of a time when I disagreed with Ti or Do about something they said. But after I left them, although I never spoke against them, I do recall thinking Ti was wrong when she told me that one of the things that would keep me off the Next Level spacecraft was, “wants to be seen as something special.” I recall thinking to myself, “I didn't want to be SEEN as something special, I wanted to BE something special” and thought there was nothing wrong with that.

Of course to remain a human who was not wanting to rise to the lesson step standards of becoming a member on Ti and Do's literal crew on board a spacecraft, there is nothing wrong with either wanting to be special or wanting to be seen as something special. They are just some of the many characteristics of being in the human kingdom. But Next Level students lose that kind of self grandiosity heightening of their ego. They don't want to have an identity that is separate from their Older Member. They simply want to be a clear vessel for their Older Members Mind, as if a puppet, though the Older Members would have no puppets. Humans don't realize how much we are all

puppets of the lower forces until we actively combat that programming which is a process and the reason why the Luciferians are released from their prison cells periodically to provide.

Dan 7:5 And behold another beast ((King)), a second, like ((1821 dmah corresponding to damah 1819 to resemble, compare, think, devise)) (to a) bear ((1678 dob corresponding to 1677 dob from dabab 1680= moves slowly, cause to speak, quiet strength)), (and it) raised up ((6966 quwm corresponding to quwm 6965 come on scene, establish, make, raise up self, stand, set (up))) (itself on) one ((2298 corresponding to chad 2297 as card, one; as article SINGLE; as an ordinal, FIRST; adverbially, AT ONCE, first, together)) side, (and it) had three ribs ((5967 'ala' corresponding to 'tsela= curved, as a figure; SIDES, PLANK, door, flooring, corner, timber, pitch, rear up, rouse up, establishment, stir up, uphold, chamber)) (in the) mouth ((6433 pum probably for peh 6310= mouth as a means of blowing (speech) as a portion, a hole, skirt, talk, appointment, mind)) (of it) between ((997 beyn corresponding to beyn 996= among, a distinction, either/or, asunder, at, out of, whether, within)) the teeth ((8128 shen from shanan 8150= to point, to pierce, instill or teach (someone) an attitude, idea or habit by persistent instruction, stimulate appetite, sharpen, ivory, tusks of elephant, fig. cliff, crag, forefront)) (of it: and they) said ((560 'amar corresponding to amar' 559= command, declare, say, speak against, tell, answer, boast self, challenge, charge, demand, promise)) thus ((3652 ken corresponding to ken 3651= so, set upright/just, afterward, be cause, following, like manner)) (unto it), Arise ((6966 corr. to quwm 6965= appoint, establish, make, raise up self, rise (up) (make to) stand, set (up))), devour ((399 corr. to akal' 398= accuse, to eat/feed (freely), feed (with), in...wise (-deed, plenty))) much ((7690 saggiy' corr. to 'saggiy 7698 large, exceeding, great, many, sore, very)) flesh ((1321 corr. 1320 basar 1319 (from freshness), body, person, mankind)).

This King (beast) is described as SLOW MOVING and/or with a QUIET STRENGTH (Bear) who is the FIRST (one) SIDE to RAISE UP of a THREE that are described as ribs but equally as SIDES, PLANKS, TIMBERS, FLOORING, CORNERS, DOORS, etc. that UPHOLDS the house/CHAMBER ESTABLISHMENT of the (Kings) BODY. (Incidentally, it's interesting that a “plank” traces back to the 13<sup>th</sup> century that referred to a wooden bridge and today is even used to describe one's political position or “doctrine.”

This raising up of ONE SIDE is accomplished by SPEECH/TALK (mouth) AMONG/FROM, OUT OF (between) the POINT/PIERCING of an elephant's IVORY TUSKS (TEETH).

However this King rises up he DECLARES (said) the SETTING UPRIGHT/JUST, FOLLOWING AFTERWARD (thus) RAISING/SETTING UP, MAKING TO STAND (Arise) the CONSUMPTION OF (devour) a LARGE (much) FRESH BODY. The Body is the Elephant, the body politic Republican that from this point on does not really lose power, though for the public discourse appears to still be equal to the Democratic “Donkeys.”

A bear in terms of history and nations is generally agreed upon by Christian writers, as referring to the Russian or Germanic/Prussian Kingdoms/Empires, thus in modern times the Soviet Union. Following the Nixon administration it's interesting how the next significant driver of warfare at the helm of the U.S. is President Ronald Reagan, former governor of California, that state that is a country in and of itself and has always been represented by the bear as shown on it's state flag and on various California county and city emblems.

The California state flag dates back to 1846 during the Bear Flag Rebellion where the “Bears” were at first twenty-four American settlers who rebelled against the Mexican government who at the time claimed and controlled the territory known now as California. They won in a very small territory and raised their flag with only a big bear and one star on it, calling it the California Republic. The republic was short lived because in 1850 California joined the Union and the Bear flag became the official flag in 1911. It's interesting how California's first flag was actually a “lone star” that was red on a white background and one star is still on it's state flag. This is because there was a rebellion in 1836, when two men captured Monterrey and declared California a free and sovereign state, though did not succeed to secure independence from Mexico at that time. The only other state that claimed to be it's own Republic is Texas which is the most thought of as the “lone star” state. Given the close relationship between Texas and California for Ti and Do and Crew's mission this is more than coincidental.

Ronald Reagan was also a Hollywood star. Ti and Do held their first semi-public meetings in North Hollywood. The city flag of Los Angeles consists of a background of three notched (zig zag) vertical stripes of green, gold, and red. Green represent olive trees, quite significant in prophecy as the fruit that

is used to describe the overcoming process as a squeezing out of one's "oil" (passion) and then keeping it inside our vehicle (lampstand) to be "burned" to produce light from that others can choose to be drawn to. And of course the Two Witnesses were described as Olive Trees and were confirmed in Zechariah's prophecy to be the Two who are anointed before the God of the Earth.

The next part of the Los Angeles city flag is a second notched stripe that is gold said to represent orange groves, but again filled with prophecy fulfillment as gold is among the strongest of metals that is also resilient and remains impervious to rust and has many health promoting properties and usages and was what Moses was instructed by Jehovah to use for the covering of the "ark of the covenant," and to cover all the tools used on the atonement altar. Ti used gold in her analogy of the overcoming process being like taking the raw material of ore and subjecting it to heat that rids it of impurities for a pure gold result. She also compared this process to making butter from cream/milk where the heat is generated by churning to arrive at a purified product. The third color on the flag is red as related to the wine vineyards in the area, though mostly north around San Francisco but in the same San Fernando valley. That valley can be seen in prophecy as the location of Jerusalem spoken of in Isaiah as the "valley of vision" where vision can be seen as related to the motion picture industry that had a lot to do with preparing the human population of the U.S. for the return of these two Older Members, exposing them to ideas about space and beings in space and fallen beings, etc., as science fiction.

But Wine was also frequently used by Jesus and Moses and Old Testament prophets. Jesus spoke about how one needs to have a new wineskin to put new wine into as if you try to put new wine in an old wineskin you can burst it as the wine ferments in it. Jesus compared wine to Mind aka Spirit. He compared the overcoming process to "pressing wine" from grapes, thus the Rev 14 "winepress" that refers to the great tribulation period when new student of Ti and Do are awakening and some are choosing to begin their "pressing" by being of service to Ti and Do at this time by disseminating their information to others as a last chance to "go with them" as Do referred to it, which applied on two levels for those that chose to be in the first fruit harvest and to those who chose to be in the second fruit harvest, saved to be brought back to have a first fruit harvest opportunity following a 1000 year

civilization and governmental empire, NWO beast/false prophet (religion/spiritual) recycling time.

Jesus also used wine as “blood” in his last supper showing his disciples that a big part of the overcoming process is being willing to be of service to he and his Father by telling the truth to others knowing they too would be treated in the same way as he was treated for doing so eventually. He illustrated this by “drinking from the same cup” and referring to that process as shedding his blood for them (on the Father's task assignment He wanted to perform). He told them they too would have to drink the same cup.

That is also part of what is meant by the three things Jesus said qualify someone as his disciple, to 1) “deny self,” which has to do with giving one's will to He and His Father, just like it's said in the Lords Prayer, seeking help and strength and understanding of what “our Father's...will is, to be done by us in the human kingdom on Earth,” 2) “take up your cross” - which is the burden of knowing if they hate our master they will hate those that are the masters students and 3) “follow me” - follow the example in thought, word and deed that the Older Member provides that entails separating from our human roots and desires and replacing them with a desire to graft to the new vine of our Older Member's “tree of life” which is a continuous process of losing human behavior and ways and taking on the behavior and ways of the Older Member according to the stage the Older Member is teaching.

Do spoke about this as three types of students, those that had separated from their human lives physically and mentally, leaving all behind and put their all into overcoming the world by the Older Member's example that in so doing would be potentially completing one's metamorphosis (changing over their human vehicle into a Next Level vehicle - fetus) that only needs a final ingredient provided by the Next Level to become an adult Next Level vehicle. That fetus is what grows from the initial seed like “deposit” provided our human vehicle. The second type are those who are separating from the human kingdom's behaviors and ways, family and aspirations, etc. but are not yet strong enough to complete their metamorphosis. They have begun the process and when they exit their vehicle their Soul will be kept in the company of the Next Level and brought back for a new overcoming classroom where they can attempt to complete their metamorphosis. Do thought there were some who laid down their vehicles in 1997 who would

still need to return to complete their overcoming just like the disciples of Jesus all had to return to complete their metamorphosis, even though they gave their lives in service to Jesus.

Do didn't address this that I know about, but He and Ti did say that all John's Revelations prophecies would be fulfilled. In them there seems to be an indication that those at this time in the tribulation that hit the deck running to start their metamorphosis can still become a graduate. Whether they change over into building their Mind/Spirit to a viable stage of receipt of a Next Level vehicle or to a vehicle that Do called a domestic stage Next Level vehicle is up to the Next Level to decide when those who give their all to their service exit their human vehicles.

The third type are those who never heard of Ti and Do but in their own way have shown the Next Level they want to be in their family. These are like the three trimesters Do spoke about as related to the “Mind/Spirit birth” Jesus described.

There are several publications that explain all the symbols of “Heraldry” on flags and coats of arms. I am simply giving my best shot at what I think can be the human and Next Level views of these symbols. I say both because the Next Level uses symbols in prophecy so they have an interest in bringing consistency to the records and so may offer those in the human kingdom formulating their symbolism some hints to keep certain symbolism consistent for the sake of demonstrating more prophecy fulfillments for even this very work now. In other words, they over time whisper suggestions for any and all aspects of the symbolism to use in the areas they plan to engage the fulfillments of their prophecy. It's reverse propaganda because it's genuine and true.

The L.A. flag also shows a shield in it's center of the gold jagged stripe. By the way that jagged part could be like representing the “teeth” of the bear in this Daniel prophecy. The shield can also be seen as the “amour of God.” The shield is divided into four as if representing the “four winds” aka directional quarters of the Earth.

The first NW quadrant is a U.S. flag with the original 13 stars (colonies). This seems to represents the new geographic area where the Next Level Older Members and crew of students return to complete their tasks. To play this out

in more detail, it may represent more the area of the U.S. where those original thirteen colonies were, east of the Mississippi which could also extend itself to England, Ireland, Scotland, Australia and New Zealand, the only areas Do and Crew made a point to provide their 6<sup>th</sup> Roar to by putting full page informational ads in an alternative new age type newspaper.

The NE quadrant is a California bear flag having the bear and the lone star both in red on a white background with a red stripe along the base. The bear in this respect may represent our mammalian nature that came from those who walked on all fours. It was specifically designed to be walking to the left and the lone star is on the upper left quadrant of this part of the shield so the bear is also walking towards the star above her head. I would guess this could apply to how California is more liberal or left minded and how that is walking towards the Next Level who gives us liberty so we can fully decide what we want to become. We can become totally satisfied with all forms of sensuality or choose to overcome those mammalian influences whether they are for fame and fortune or a life filled with pleasures. They are all options to get into or not but to graduate the human kingdom one must get out of whatever we get into and that process is called, “overcoming the human world.”

The third SW quadrant of this shield is the Mexican coat of arms, which consists of an eagle with a snake in it's mouth. The eagle may represent power over the serpent, aka the Luciferian dragon by embracing the eagles perch that is in the high places thus the Level Above Human.

In the fourth SE quadrant is a split scene, the left half on a red background is a tower and on a white background the lion of Castile and León representing the arms of Spain. This can be seen as the aspect of the bestial humans that give their allegiance to the government or human kingdom secular leadership and the castle represents their achievements like the Tower of Babel or most recently the twin World Trade Center financial towers.

Surrounding the shield are the representations of the three major Californian crops, grapes, olives, and oranges and finally there are 7 black dots on the circle around the shield starting at 12 o'clock and spread out equidistant all around it. It's a curiosity why it's seven but that certainly would be easy to reference to the Book of Daniel.

There are a number of additional references in this verse that point to Ronald Reagan as this King. The Three Ribs, re-translated to SIDES have the additional description as consisting of the parts of a HOUSE (side, beam, rib, planks, timber, flooring, corner, leaves of door), and a CHAMBER that could be speaking of the Executive Branch part of the U.S. government that is comprised of the “kings” staff. It's interesting how many support organizations that showed a great deal of power and influence with membership in the administration came out of his two terms.

The primary label was that of the “Reagan Doctrine,” that spelled out how the United States would provide overt and covert aid to anti-communist guerrillas and resistance movements in an effort to “roll back” Soviet-backed communist governments in THREE areas (SIDES) of the world, namely; Africa, Asia, and Latin America. This was also called a “Cold War” strategy, akin to the comparison of this King (beast) to a bear who as opposed to the Lion's “hot” approach, is slow and “cold.” Reagan with Dick Cheney as his vice president referred to the Soviets as an “evil empire.”

An additional way to see these three “SIDES” of Reagan's CHAMBER of government was identified as three organizational successes, not through the “teeth/tusks” of “cold” warfare but through propaganda machinery, what they TAUGHT/SAID in what was referred to as the Moral Majority, a right wing Christian organization that began in 1979 and ended in the late 1980s that supported Reagan for president and claimed by the end of Reagan's term, as announced by Jerry Falwell, it's founder, that “Our goal has been achieved. The religious right is solidly in place and religious conservatives in America are now in for the duration.”

Politically what would follow would be two more “SIDES” of that movement, the second being the REPUBLICAN REVOLUTION that was a sweep of many seats added to the House of Representatives and the Senate that yielded majorities for the first time since 1952. It added many Republican Governors and State Representatives.

The third SIDE of these THREE CHAMBER, HOUSES (RIBS) that took shape within this CONSERVATIVE sweep of the Federal Government, extending beyond the Reagan presidency was the “Contract with America” authored by Newt Gingrich who had become speaker of the House during the Clinton presidency. This contract consisted of 8 reforms and 10 new bills that

can be seen today as having made significant headway and are still being pressed forward regardless of whether a Democrat or Republican holds the presidency, thus Newt was correct. The Reagan era marked a Republican stronghold most apparent through the conservative think tank, the Heritage Foundation that can be tied to most all of the Republican initiatives.

Thus I am saying this Heritage Foundation is the most likely “FRESH BODY” that was raised into place with Ronald Reagan's presidency in 1981 as the MOUTH/TALK part of Reagan's FIRST of THREE SIDES that extended to the George H. W. Bush and Bill Clinton presidencies.

Now going back to the way in which these THREE SIDES COME TO DEVOUR FRESH FLESH, via the TEETH, which was said as in addition to the policy broadcast approach (MOUTH) as in the Heritage foundation's forthcoming Moral Majority, Republican Revolution and Contract with America, is seen more detail on the way foreign policy was geared to building up the communists as the primary threat to the U.S and to the world via mostly the Soviet Union.

Interestingly it was in 1980 while Jimmy Carter was still president and had just experienced a failed rescue operation of the 7 Iran hostages that Carter representing America led a boycott of the Moscow Olympics in protest for their invasion of Afganistan.

The Latin American Elephant's Tusk/Teeth against the Soviet's was evident starting when Reagan came into office as he brokered a deal Carter couldn't manage because it was the largely Republican managed CIA that fostered a deal with Iran to free the 7 U.S. hostages that came to be known as Iran Contra. The deal was to sell military armaments to Iran in exchange for release of the hostages and use the money to support a large effort to try to topple the Nicaragua Sandinista newly formed revolutionary government because it was supported by the Soviets so the U.S. supported the counter revolutionaries referred to as the Contras. Aid to these Contras was banned by the U.S. Congress yet Reagan signed an authorization of the CIA to recruit and support the Contras and provided them with 17 million dollars worth of military aid. It became a scandal and some in the Reagan administration went to jail for by the end of his term but Reagan was kept away from being implicated so escaped prosecution.

This Latin American Elephant's Tusk/Teeth extended to Granada, an island nation 100 miles north of Venezuela that had a pro-democracy govt whose leader, Maurice Bishop was assassinated that became the pretext for the American invasion of the island. The U.S. had been planning the invasion for years and before the assassination was in Granada promoted destabilization of the Bishop administration. Reagan justified the invasion to the American people saying the Soviets and Cubans were building a military base on Granada. It was true Cubans were employed to build an airport but there was no evidence of a military base.

On the Afganistan American Elephant's Tusk/Teeth campaign, Reagan, again through fostering relationship with those that wanted the Soviets out of Afganistan paid billions over his entire eight years that extended into the Herbert Walker Bush presidency, for the Mujaheddin Arab mercenaries that Osama Bin Laden, as an administrator to provide, who were paid by the CIA through a funneling of the funds through the Pakistani intelligence service, the ISI. Congress would secretly appropriate funds and the Saudi's would match it, while the U.S. provided logistical and technological support and the Pakistani intelligence ran the war on the front lines against the Soviets. They saw to it that radical Islamic factions were hired which resulted in these same mercenary Islamic extremists turning on the U.S. as the Soviets were moving out of Kabul.

In the African American Elephant's Tusk/Teeth campaign, specifically in Angola, starting in 1975, but by the end of the 1980's the U.S., through the CIA, sent up to 30 million dollars to support the overthrow of the Angolan government, though failed. Here is a snippet of a report by the Heritage Foundation:

November 14, 1985 ANGOLA TESTS THE REAGAN DOCTRINE  
INTRODUCTION Angolan government troops, backed by Cuban forces and directed by Soviet battle commanders, have been escalating their military campaign against the pro Western insurgents of the National Union for the Total Independence of Angola (UNITA) led by Jonas Savimbi. Savimbi was Washington's man in yet a third war to topple an existing government that was backed by the Communist Soviets.

That concludes the reign of the Beastly - Reagan kingship that put into affect three political "planks" with the teeth of combating communism by mostly

funding, supplying and training of proxy warriors and mercenaries thus was a colder approach than all out wars with American boots on the ground and bombing campaign as was tried in Vietnam.

Dan 7:6 After this (I) beheld ((1934 hava'= exist, to breathe)), (and) lo ((718 'aruw= behold, these)) another ((317 'ochoriy Aramaic from achar 311, 310 and 309= after, the hind part, following)), (like a) leopard ((5246 namer from an unused root meaning formally to filtrate (filter), be limpid (free of anything that darkens), to spot or stain as if by dripping)), (which had) upon ((5922/5921/5920 'al= AFTER, above, about, against, concerning, by reason of, forth out of, beside the rest of)) (the) back ((1355/1354 gab= to hollow or curve that back (as rounded), body, boss, eminent (higher) place, (eye) brows, nave, ring, vault)) (of it) four ((703/702 arba from raba' 7251= through idea of sprawling “at all fours,” four sided, to be quad-rate, four squared)) wings ((1611/1610 gaph= to arch the back or body at the highest places)) (of a) fowl ((5776/5775 owph from uwph= a bird as covered with feathers or wings, that FLIES, is FLYING)); the beast had also four heads ((7217 corr. to ro'sh 7218= the head, band, beginning, captain, chief, company, end, first, forefront, head, height, on high(-est part, priest), principal ruler, sum, top)); (and) dominion ((7985 sholtan from shlet 7981= empire, have the mastery, power, bear rule, be (make) ruler)) (was) given ((3052 yhab corr. to yahab 3051= deliver, lay, + prolong, pay, yield)) (to it).

- “Leopard” - This next King (beast) is described as a Leopard which is a hybrid of a Lion and another creature some say is a “pard,” of which little is known, just calling it a mythical creature, but in some interpretations considered to be a panther and in a few translations a tiger, accounting for the spotted, speckled or potentially striped coat. Other research turned up an interesting animal known from Tasmania and Australia nicknamed the Tanzanian tiger, wolf or devil. It is a marsupial, predator with a pouch like a kangaroo and a wolf like face and body with tiger like stripes on it's back and is scientifically named a thylacinus cynocephalus meaning, “dog-headed pouched one” or thylacine. They are not especially quick like a tiger or panther so the stripes seem to be the primary relationship to the tiger.

I came upon this creature from someones Facebook post as I was trying to figure out what this second half of leopard was from and the person posted with the name thylacine in parentheses, “(said as, Thy lo seen)” which struck

me as interestingly close to the verse text of, “this I beheld lo another” which comes closer by use of additional translation options, thus made me wonder if the post was help from the Next Level as that is often the way help comes. This animal is also called a “partager” that can sound like pard tiger or part tiger to play with terms a bit. Since the main point in this symbol depicting this King as compared to an animal with black spots suggests the strain of Lion became intermingled with a black panther as the stripes on the tiger are also black.

In any case, the spots, stripes or specks are the distinguishing difference that given it's usage in the Old Testament records indicates a mix of genes that the Next Level in the early part of the current civilizations development doesn't look as favorably upon as being part of the primary genetic stock from which Next Level Members could potentially come. At least this is the way animals with spots were talked about in the Torah, the first five books of the Bible that Moses evidences authoring. Those with spots or equivalent blemishes or markings were not to be chosen for the demonstration of sacrifice of ones physical vehicle to grow the mind/spirit from, the ultimate usage for human physical bodies, as strange as that can sound. Flesh vehicles are part of the evolutionary design that a mind can grow from when provided opportunities to override inherent programming so then serve as “stepping stones” or in the records, “footstools” that provide what a Soul needs to overcome to grow a Next Level Mind/body from. A Next Level body can also be thought of as a “Soul body,” which in this context is what grows inside a human vehicle alongside the human vehicles “spirit body” that starts when the Next Level invisibly makes a “deposit,” Jesus referred to as a “seed” into the chosen human vehicles that “caught their eye” for reasons that they could “match” the returning Soul body that had it's beginning and partial growth/formation while with the last incarnate Older Member, in this case with Jesus, but to potentially include those who gave their all after Jesus left.

Thus I imagine from this symbolism that this King (beast) is more of a product of the mix of the Luciferian mind (leftover from having received Next Level Mind) with mortal human mind (animal kingdom mind), thus a hybrid. And with that mix also would come both that mystical/secretive slower predatory “pard” along with the forceful, direct exercising of kingship through violent control over others as we had seen by the Lion dominated mind of the U.S. in it's escalation of waring throughout the 20<sup>th</sup> and now 21<sup>st</sup>

centuries. The records state that Lucifer is represented by the Lion as well because he once conquered a degree of his lesson step to be provided some degree of service to the Next Level that he uses his experience with, to date, to try to motivate humans to forward he and his associate fallen angels agenda to get off the planet and back into the heavens rather than being trapped back underground again or annihilated as he knows was prophesied as his fate. Ti and Do said he has become bitter and resentful of the Next Level's power over him, so is fighting with all his might to turn eyes away from the Next Level and away from the true reality of the Next Level as taught for the last 5000+ years and most recently brought most accurately to light by Ti and Do.

Considering that Ronald Reagan was represented as the King described like a bear, who didn't amass an invasion on anyone to come close to Nixon's escalation of the massive bombing of Cambodia, except in a relatively small invasion of Granada, I suspect this king is represented by George H.W. Bush who showed a little of both forms of dominion over others, direct and savage in the Gulf War and clandestine (slower and colder) as in the "Pard" or Thylacine in the Panamanian and Somali Civil War. After all Leopards in general are not the same kind of hunters as Lions. They climb trees and wait for their prey and literally drop down on them to kill/consume them.

- "four" - can also be translated to "four footed." I believe this makes more sense and especially in verse Dan 7:17 below that tries to make sense of "...are four four kings" in the verse that I say seems more likely to mean "are four four footed kings," as most times repetition of terms is not part of prophecy and especially in this kind of context. But then saying "four wings fowl" could be saying "four footed winged fowl." The fact that this description is "upon back" of the leopard like King is saying that the King is being rode upon and the primary way a "fowl" is translated in prophecy, in terms of depicting a creature that can fly and in this case one that is four footed, or four appendage leads me to think this is depicting a human being or human equivalent among the lower forces. Dragon's are often depicted with wings and yet are four footed (limbs) as are bats.

Interestingly, or perhaps it's a joke, but according to David Icke's lineage study the Bush family is distantly related to the individual who became known as Dracula - Vlad the Impaler some 34 generations removed from

George W. Bush Jr., son of George H.W. Bush Sr. This may seem silly and of course we're all eventually related - it just has to do with how distantly. Naturally, this one is only worth noting because the story of Dracula was about a special category of the dead (like Lucifer), a vampire in the sense that he steals your blood, your vehicle and who and what you are willing to give your blood for, human verses Next Level. He comes alive at night during a time especially after the LIGHT from the Next Level withdraws, to seek his blood supply (capture human vehicles and their souls) and is like a bat in that he essentially doesn't see with his eyes except in his dark environment possibly a depiction of a Soul discarnate who manipulates other discarnates (zombies) to do his bidding to make zombies of humans to act like robots on his behalf, whether on board a spacecraft or on or under the earth and/or sea.

The Next Level allows the Luciferian space aliens out of their dungeon beneath the earth and/or sea (one characteristic of Hell) to provide a test criteria for their upcoming students to gain strength from withstanding his predatory influence over them. Thus he is attempting to remove their capacity for life as represented by blood and those that are of the Next Level "bloodline" because of previous bonding in previous classrooms.

Along with this idea of Bush being more of a mixed genetic heritage, in David Icke's chart he shows G.W. Bush as distant cousins with Barack Obama, John Kerry and Dick Cheney. Is there any curiosity that Lon Chaney was the actor who first played the role of Count Dracula. I'm not going that far in this research but although it can be said that all are related, there are clear consistent lineage among all humans and in this case the lineage of the Bush family does show some relationship to the Kingdom of Israel that split with the Kingdom of Judah, that were not to be favored by the Next Level for the human vehicles chosen to host the returning Souls (saints). It was the line of the Kingdom of Judah that was to be the line of the future for the vehicles of Jesus and his students. Thus those most in opposition probably stemmed from the Kingdom of Israel that consisted of the other 10 of 12 tribes (as the Tribe or Kingdom of Benjamin soon after the initial split joined with the Kingdom of Judah. The split mainly had to do with who was adhering more closely to Moses/Jehovah's teachings. These of the Kingdom of Israel after king Solomon's death who strayed more would have most likely been the same lineage as those who became the priests among the Pharisee and Sadducee Jewish groups that ended up most opposing Jesus and his disciples,

who Jesus said would also be returning - the ones who “rise up again (resurrect)” who had done evil:

Joh 5:28 Marvel not at this: for the hour is coming, in the which all that are in the graves shall hear his voice,

Joh 5:29 And shall come forth; they that have done good, unto the resurrection of life; and they that have done evil ((5337 phaulos= easy, slight, ordinary, mean, worthless, of no account, ethically, bad, base, wicked)), unto the resurrection of damnation.

As said in prophecy those who “pierced him” return too:

Rev 1:7 Behold, he cometh with clouds; and every eye shall see him, and they also which pierced him: and all kindreds of the earth shall wail because of him. Even so, Amen.

They rise up again in two ways; first in their genetic lineage as leaves on their part of the human tree and second by the same spirits or souls being attracted to the vehicles (leaves) that can best serve their needs to excel in a religious and/or state hierarchy to influence others to justify their acting out the same kinds of human mammalian behaviors and ways Jesus referred to as something to the affect of being, “easy, slight (deceiving), ordinary, mean, worthless, wicked” (evil), (relative to the Next Level's agenda of raising “fruit” as new membership in their organization), which is the result of not attempting to conquer the Luciferian influence they became programmed by when living, when they had the chance by the incarnate presence of the Older Member. If their programming shifted to becoming a religious indoctrination, always a dilution and distortion from the truth (the core teachings) of the last incarnate Older Member, as how Paul of Tarsus contributed a great deal to, then their modus operandi as a spirit or Soul would be to seek the same programmatic satisfaction through other human vehicles, thus drawn to those who most can fulfill an expression of that previous programming.

- “four wings” - In addition to four as four footed in this context can equally be interpreted as the number 4 and if so can seem to relate to the time frame of the “four angels being loosed”:

Rev 9:14 Saying to the sixth angel which had the trumpet, Loose the four angels which are bound in the great river Euphrates.

Rev 9:15 And the four angels were loosed, which were prepared for an hour, and a day, and a month, and a year, for to slay the third part of men.

This Sixth Angel's trumpet sounding begins the time period that leads up to and includes the incarnation of the Two Witnesses and most of Revelations chapter 11 up until the 7<sup>th</sup> Trumpet sounding that scans about 40 years. I remind that it's all a sounding so the events depicted will be seen during and thereafter their sounding, showing either preparation and examples of a degree of their manifestation, in this case, before the Two Witnesses come incarnate and then another degree of their manifestation after they come incarnate.

These “four angels” don't seem to be Next Level Kingdom of God messengers as if they had been they wouldn't need to be “loosed from being bound” as no Next Level crew members are “bound.” Thus these are Luciferian fallen angels that were bound that were let loose and I believe reflect what we have been seeing, escalating as unrest throughout the Middle Eastern countries falling apart with revolutions, all around the Euphrates River, one of the four rivers where this current garden experiment began and where Jesus said the Kingdom of God had removed from, to include from Jerusalem and from the genetic strain who were once the Children of Israel, today those who count themselves Jews whose ancestors rejected and killed the prophets sent to them. (Those who have outgrown thinking of themselves as solely an ethnic nationality could have to degrees become open to realities that the Messiah was incarnate as Jesus and thus would be more prepared to accept the return as well, if they once again break away from whatever new identity they might have come into. This is the case with everyone. We all must detach from whatever human identity we had to begin to attach to the most current Next Level family identity as today with those called Ti and Do.)

So this verse indicates the Next Level had a specific time in mind for this allowance of this “slaying the third part of men” to begin by the actions of these four who are loosed, which seems to be why it was written as to the year, month, day and hour. I believe this time period essentially began with the World Trade Center/Pentagon attacks on September 11, 2001, even though it had been brewing in degrees since the times after Moses exited his incarnation.

The bottomless pit is opened that allows the Luciferian fallen angels with their human equivalent space alien slaves to exit from their prison cells underground as shown during the previous 5<sup>th</sup> Angel's trumpet sounding. Incidentally I suspect that opening could have been related to volcanic eruptions and earthquakes, like at Mt. Etna, described as “smoke of a great furnace; and the sun and the air were darkened by reason of the smoke of the pit,” (Rev 9:2) and possibly Mt. St. Helens in the state of Washington.

Etna's 1928 eruption was the first since 1669, which was about the time Ti and Do said their vehicles were “tagged” to incarnate into at their vehicles birth - Ti's vehicle born in 1927 and Do's 1931. The next eruption was 1949 after the Plains of St. Augustine (Roswell, NM) and Aztec, NM UFO crashes Ti and Do felt were the delivery method for their and their crew's physical arrival on earth, sacrificing their existing physical bodies to free their Soul body's locating of the human vehicles they, with Next Level Older Member help picked to incarnate into, which happens to be in sync with Rev 9:1's “star falling from heaven” and Rev 9:2's “opening of the bottomless pit.”

The next major eruption occurred in 1971 as if to herald Ti and Do's meeting in Texas in 1972 that began their awakening and next in 1981 marking Ti and Do and their student bodys departure from their “wilderness” stage as described in Rev 12. Next in 1983 when Ti's eye was removed due to cancer that Do said later was because Ti “burnt out her vehicle” because of the stress of her task, that preceded by two years Ti's exit as also prophesied in Rev 12 as the “earth assisting her against the Dragons flood by swallowing her up.”

In 1987 two tourists were killed by a sudden explosion near the summit of Mt. Etna which marks the year Do said he and the remaining students needed to “be who we are” referring to being the same Souls who were incarnate in the vehicles named Jesus and his disciples. This marked the beginning of the second public offering of Ti and Do's information, to include a great deal more detail about the space aliens and more references to the “records” termed “scriptures,” though without either Ti or Do giving any public meetings. (It was the saints job this time as prophesied in Mat 25:31-34).

Ti and Do stopped giving public meetings in April of 1976 which fulfilled the 1260 days of public prophecy forecast in Rev 11 of the Two Witnesses. Do would then write the “88 Update - The UFO Two and Crew” that would provide the truth to combat the many distortions and lies told about Ti and

Do during their prophecy period. Next in 1991-1993 several eruptions occurred marking the putting into affect the strategies for the second public offering that ended up being the making of 13 hours of video of Do's (and Ti's) teachings as the “second roar/thunder” from the Lion of Judah, what Jesus was known as.

1995–2001 was an unusually intense period of activity at the four summit craters of Etna and throughout this period were the remaining of seven total thunder/roars from (Ti)Do and crew with their exit by laying down their physical bodies to their human kingdom deaths in March of 1997 known worldwide as the Heaven's Gate Cult. Do said they were the cult of cults and also the cult of truth but they didn't consider what they did as suicide because they said suicide would be choosing to stay in the human kingdom when Ti had called them home to receive their reward of life eternal as new crew members in the Evolutionary Kingdom Level Above Humans where they would receive new physical bodies grown specifically for each of them to “wear” to perform their service through as prophesied that would entail their return in the clouds, covered, but this time not incarnate that other form of under-cover (clouded).

But in July–August 2001 there was new activity from seven distinct eruptive fissures mostly on the south slope of the volcano, which was a mass-media eruption, because it occurred at the height of the tourist season and numerous reporters and journalists were already in Italy to cover the G8 summit in Genoa.

In 2002–2003, a much larger eruption threw up a huge column of ash that could easily be seen from space. Footage from the eruptions was recorded by Lucasfilm and used in Star Wars Episode III: Revenge of the Sith.

In 2007 there was a spectacular episode of lava erupted from a new vent which superseded an eruption on May 13, 2008 accompanied by more than 200 earthquakes and significant changes in the ground. The eruption continued but diminished until 6 July 2009, making this the longest flank eruption of Etna that lasted 473 days.

This most spectacular display with all the earthquakes seems to mark what I believe was the Seventh Trumpet sounding on October 17, 2008 with the National Geographics Channel's Season 3, Episode Two entitled, “Final

Report: Heaven's Gate,” that broadcasts for the first time by a mainstream popular media organization, a strong question that suggests twice in the broadcast that this Heaven's Gate cult, founded by Ti and Do and Crew could be what Christians refer to as the “Second Coming of Jesus the Christ” with his saints.

Eruptions in 2001, 2002–2003, and 2004–2005 lasted 3 weeks, 3 months, and 6 months, respectively. January 2011 to February 2012, the summit craters of Etna were the site of intense activity.

In the 1970s Etna erupted smoke rings and then again in 2000 and again on April 11, 2013. These smoke rings are interesting as smoke rings were used by Native American Indians to communicate between tribes or membership. The 1970's are when Ti and Do began and 2000 was when they had concluded that phase of their task while 2013 marked 40 years (1 hour Next Level time as prophesied) since Ti and Do had awakened. That anniversary was commemorated by the meteor strike in Russia in February followed by many fireball sightings all over the world but primarily in the western U.S. to start and finish by April in the eastern U.S. There was also before that finish the closest near miss asteroid ever experienced. It was inside the Moon's orbit. And there were two “great comets” which means they are visible by the naked eye at times. They were Panstarrs (formal designation C/2011 L4) and ISON (formal designation C/2012 S1) possibly appearing even brighter than the full Moon. I saw a report and a photograph that showed a small object moving ahead of Panstarrs within it's coma, the wave of dark matter the comet is pushing as it traverses space. It didn't seem that this comet with it's own companion object was accidental considering Hale Bopp comet was also photographed by Japanese astronomers that showed another object with it and that comet ISON ended up surviving a sun dive and was later seen to look like a host of 7 or so objects flying in V formation. I believe this was Ti and Do's way of marking the milestone of the 7<sup>th</sup> trumpet and these displays as the 3<sup>rd</sup> woe.

Thus Mt. Etna's eruptions seem like a clock of notifications of events in prophecy during the last three Angel's sounding of trumpets and woes in the old temple area, along with cometary signs in the heavens and the provision of Ti and Do's updated information and terminology on the internet thus with global scope in a very popular and respected broadcast media organization.

To show that a bit further, getting back to Rev 9, the “Locusts” that come out of the smoke are further described as having power like scorpions (Rev 9:3) and “as it were crowns like ((similar to)) gold and their faces as ((even as)) the faces of men” (Rev 9:7), describing them with crowns like or similar to gold is describing them as the facsimile of having overcome (made themselves clear) and/or taking authority rank and “hair as ((even as)) hair of women and teeth ((eating)) as ((even as)) lions” (Rev 9:8) in other words predators, conquerors, even carnivores, which all describes them as mammals, human and human equivalents and “breastplates of iron” and “wings as the sound of chariots of many horses running to battle” (Rev 9:9) that sound like flying craft, jets, bombers, drones with missiles, and potentially technologies copied from space alien crafts confiscated or given by the space aliens as reported.

These who come out of the smoke from the bottomless pit are the Luciferian fallen angel space aliens that become those that “sit on” and give power to the human kings of the earth, the “beasts,” to drive them to their agendas. Locusts as insects are a class of animal. Their power is in their tail in several ways. One, by keeping humans expending their force on sexuality and procreation they are literally poisoning and killing their capacity to SEE more of what's true and real about our reality and the Next Level Creator Beings that designed it. Ti and Do said that giving away our force in all the sensory stimulating ways reduces our “common sense.” Sexuality, procreation and all it entails and seeking to build self into something special to other humans are the biggest ways we expend our force. Throughout this experiment the Next Level Older Members have gradually introduced their human plants to choosing to restrain those expenditures throughout the millennium cultivating their genetic evolution that includes the new spirit/mind generated by each human vehicle with the simultaneous further growing of Souls They plant as seeds in selected vehicles during the three “trimester” Older Member incarnate stages. By the time of the third trimester to the genuine “spirit/mind birth” Jesus told his disciples they still would need to complete upon his return, some are SEEING and HEARING more of what is true thus cutting through what before that time was kept secret, largely by humans own continuation of sensual expenditure along with the timing of information dissemination and the provision of the Luciferian space alien fertilizer.

A tail is a major way to distinguish between non-mammalian Next Level

behavior and ways and mammalian human or equivalent behavior and ways as it is a mammalian appendage but also a related symbol of human sensuality and how humans have the capacity to not allow themselves to be driven by its related hormonal reproduction. Because the Luciferians fell away from further building of their force, they lost awareness of the reality of who their Older Members are and so whatever they had gained previous to their fall, mutated into anger and bitterness and resentments of the Next Level and their Soul growing garden program. It is for this reason that many humans can easily become livid against any mention of Above Human Beings, whether they are seen as religious or spiritual or pagan or atheistic in their viewpoints as the Luciferians have worked to con humans away from giving their allegiance to Next Level Older Members in all ways that contribute to their expenditure of their force, even if it ends up being holding in that force to move it into their own brand of “enlightenment” whether defined as religious or spiritual piety and building of one's own definition of holiness of self or by ones “holiness” taking the shape of a secular university professorship or other academic intellectual or scientific achievement that raise ones stature among other humans.

If our eyes can be taken off of the plain simple truth about the Next Level's reality and Their program of giving self to the most currently incarnate Older Members, then we are poisoned in our minds with either the illusion that no real Next Level or “overcoming process” exists or with a distorted view of how to be among the harvest, by overcoming all our humanness for, by and through our Older Members as it can not be achieved without asking them to take us through that spirit/mind birth canal.

These Locusts are said to have wings and breastplates of iron, a way of showing that they have metal flying machines - spacecrafts (that are primitive models, I suspect that were built by human or human equivalent hands) whether on Earth during or before the current civilization or upon another planet. These “locusts” are humanoid, having the “faces of humans (men).” They have “as it were crowns of gold” because in their ancestry they come from once upon a time student Members of the Next Level who had partially succeeded towards full adult Next Level membership by conquered some part of human behavior and ways, possibly “giving the life of their vehicle through service” that yielded them their initial “crown,” though then lost much of what they had gained when they dropped out of continuous service

to their Older Members.

It's interesting that the space alien group called the Pleiadians who were reported to have had contact with Billy Meier said they had families just like humans and the person that was telling this to Meier, who was physically in Billy's presence but was the only one I saw sketched was a female with very long straight blondish hair named Semjase. I suspect this depiction of these space aliens as having "hair as women" could be referring to the look of some of the space aliens, to bring us to a more realistic picture of the space aliens as simply human equivalents. Ti and Do referred to them as equivalents because humans have only come to exist on earth because of the choices stemming from the Adam and Eve fall. As Ti and Do said in the Blackhawk tapes, "humans are a copy," "they don't exist anywhere else," that is "unless the Next Level has another prison" for fallen angels somewhere else, which Do said he doubted existed anywhere close in proximity to earth if existed at all. So in part I'm focusing on the "hair as women" part because it indicates they don't look like the Whitley Steiber insect looking beings, though those could have been suits and/or clone/robots in his encounters and how they don't just look like "men" (male humans) either. Hair is one identification of a mammal whether from earth or another equivalent planet though may not be an exclusive identification. In other words if hair was bred out of a human strain somehow, they would still be human if they had the "plumbing" (reproductive and digestive systems) of humans and/or the behaviors of humans. And the space alien spacecrafts are depicted as making noise.

Then the humans who work for the space aliens, though they don't necessarily know it as it's indirect are next to be described. When humans become aware of the space aliens they recognize they have no other choice but to cooperate, that is in the same way they cooperate with foreign nations that are seen as different from them or who they are suspicious of. They cooperate enough to keep the peace but try to maintain the upper hand at least until they see an opening to overcome their influence. In the case of the space aliens, humans in governments realized the value of having their kinds of flying machines and other technologies so as the reports stated, some agreed with some space aliens to not mount a campaign against them to not try to thwart their efforts to abduct some humans for their hybridization experiments where they would extract sperm and eggs from humans and

impregnate human females with various seed from among them, with follow up observations as children are born whether on earth or on their spacecrafts. These space aliens seem to employ a tagging system, called alien implants they can use to track humans they are working on. The Next Level has their own tagging system but it's undetectable by humans and doesn't interfere or damage the human body it's given to. The "horses" in this verse seem to be depicting airplane fighters and bombers and/or drones, etc. It's interesting how the drones often look like insects. But some roar like lions and issue fire and smoke and brimstone. Perhaps the brimstone is shrapnel and/or radio active materials like the way depleted uranium is used on the coating of bullet heads that allow them to pierce armor but when broken up and disintegrated spread radio active particles throughout the air and land that makes it's way into water systems and into humans and other creatures. Depleted uranium was well documented as used in the munitions used in the Iraq war.

- "four heads" seem to fit well as the 4 chiefs or can be said are the four footed (mammalian) content of those who represent this period of kingship, namely George H.W. Bush as the first head, followed by Bill Clinton, George W. Bush and Barack Obama as the last head of this "beast" that exercises Leopard like characteristics, as said a Lion like conqueror verses the less blatantly predatory modes of management. For instance where George H.W. Bush fostered the invasion of Panama and Iraq he didn't go as far as his more hawkish colleagues would have liked. He was criticized for not going all the way to Baghdad to topple Saddam Hussein's ruler-ship but he didn't want to do so knowing of the investment of lives and monies trying to rebuild the country. As it turns out he was quite right relative to these bestial administrations as there is no actual conquering without invested occupation and it's clear that all the ground gained in toppling Sadam is being re-fought against those who were loyal to him all along that only went into hiding so are now behind what is called The Islamic State ISIS and it's allies.

Bill Clinton was the second head who more or less kept the peace in terms of sending U.S. soldiers overseas to fight wars or doing much to stimulate unrest on U.S. soil. He was a key player in the Kosovo waring essentially to try to keep the Russians at bay in that area, but doing so through the NATO alliance rather than through a direct U.S. intervention. However, he is known to have helped the economy sore during his reign which is another form of "killing" would be souls as they become entrapped in their successes, fame

and fortunes.

Then as if these four are paired, we see the eldest son of George H.W. Bush, George W. Bush representing the Republican kingpins desire to topple Saddam using the World Trade Center attacks as the catalyst to have an almost carte blanche check to wage endless war against anyone they want to point to as an Islamic extremist terrorist. This was definitely a lion sided approach starting two wars against Afganistan and Iraq. It was revealed by those in the administration that resigned and became whistle blowers that they were planning the Iraq invasion long before the WTC attacks. Those attacks were the “Pearl Harbor” like event they wrote about needing to rally public support for their wars, all stated in the document entitled “Rebuilding America's Defenses” written through the think tank called, “Progress for a New American Century” or PNAC that began in 1997 with the decree to be able to fight a two front war.

As shown in Rev 9 how four fallen angels (“winged fowls” - spirits and/or space aliens) were sounded to be loosed, their actual influence on humans didn't start in earnest until after the Two Witnesses and first fruit harvest was over in the period of time following Do and Crew's exit of their human vehicles in March of 1997, exactly when these four set up shop with the various human leaders to form their PNAC waring strategy that is depicted on their “sitting on” the human horse of their choice to help drive their agenda. These four fallen angel space aliens want to get off the planet as they don't want to find themselves locked up again and the best way to do that is to drive humans to develop their needed technology and the fastest way to accomplish that is through wars because then nearly unlimited sums can be brought into the military industrial complex with little to no question or restrictions, that is in addition to all the black budget monies and private contributions they can rally. Thus the prophecy fulfillment most apparent through the presidencies of George W. Bush and Barack Obama as the Red(fire)/Ruddy and Black/Blue “horses” respectively:

Rev 6:4 And there went out another horse that was red: and power was given to him that sat thereon to take peace from the earth, and that they should kill one another: and there was given unto him a great sword.

A horse in this depiction is the beast and King in this case as it's related to the way a human is a mammal, thus a four footed being made to “crawl on your

belly” as was said to Satan in the garden after he led Adam and Eve to break their instruction/covenant with the Lord. It simply meant by four footed that they are restricted to earth, though that doesn't mean they can't leave the surface. They just can't go back into space where they once had the capacity to do so.

Notice that it's the one who “sat thereon” who takes peace from the earth because it is “given” to them that matches this verse's saying, (“..dominion was given to it,” this King.) In other words, the Next Level is allowing them to take peace from the Earth where before this period of time, these human mammalian Kings under the influence of the Luciferian fallen angel space aliens were prohibited from taking peace away from the area of the earth where Ti and Do's graduation classroom was engaged. That peace was taken away with the 9-11 World Trade Center/Pentagon attacks that was war on the U.S. mainland for the first time since the internal Civil War and the warring against the native American Indians. The last externally developed wars were during the shaping of the country fighting for territory among three major European Kingdoms of England, Spain and France.

Following suit, Barack Obama would be the Rev 6:5-6 “black/blue horse” with one of the four Luciferian space alien fallen angel's “sitting” on him, in other words controlling him the same way the Luciferians control all leaders they cultivate, though in Obama's case it's during the time after the first harvest and matches specific prophecy. The evidence of this is how he inherited the biggest global wide financial crisis in recorded history and because he as an Afro-European American with ancestors from Kenya (Luo), England and Ireland and according to some research is a 9<sup>th</sup> cousin to George W. Bush and of a royal lineage back to Charlemagne, the first emperor of the Holy Roman Empire, which is a common ancestry with several U.S. presidents that go back to mostly English, French and Spanish and in some cases German, Russian Kings, Queens and other equivalent ruler-ship titles.

Critics of seeing the way these bloodlines generally stay together say all are related to all, which of course would make sense if there was only one source originally, but even in the Adam and Eve records there were humanoid, above animal beings created and Ti and Do were sure there has been at least one previous civilization, even more than one perhaps, while after Adam and Eve's lineage expanded to the time near Noah, according to Genesis chapter

6, the fallen angels mated with mortal women to produce “giants” (Nephilim), or “great ones” that Enoch sheds more light on in how these fallen angels, known as the “watchers” (probably because the Next Level gave them elementary tasks to observe humans, etc.) taught humans they contributed their seed to, all about the sciences and the use of herbs for healing, etc., starting yet another side lineage from Adam and Eve's and the humanoids that existed before.

Now where a previous civilizations population came from might be quite similar to the depiction in Genesis. But with this view even though perhaps all humans can be traced to a genetic parental starting point or literal creation of a starting point as with Adam and Eve, what branch any one person is descended from is not insignificant as both the Next Level and the Luciferians try to keep the strain they are working with uninfluenced by outside lines for a time anyway as it's a breeding program and for the Next Level the end result is to end up with human vehicles that remain compatible with the souls they plant into those human vehicles as what Ti and Do called a “match.” They taught that this way, a Soul coming from one vehicle when they come into their next vehicle will pick a vehicle that has a programming (genetically) that is equivalent to what that Soul had grown out of and continued to vibrate on. In other words it is a match so the Soul can continue where it left off in whatever grade in school they left off from.

On the other side of the coin, the Luciferians also need to have new human vehicles they can incarnate into when the Next Level lets them out of their prison cells underground. So they gravitate to those who have the most influence over humans and help them lead and influence others to their Luciferian agenda of both fighting against the Next Level Older Members and student body and trying to do all they can to be able to get off the planet before they are locked back underground, though humans also end up preparing for that as well. But saying we all are related to Charlemagne or Genghis Khan or Adam is just not true. For instance there is no evidence I am related to any kings because those who become students of the Next Level would not gravitate to becoming leaders of others when they have accepted more of the Next Level programming of serving the Next Level rather than the humans in the human kingdom.

The prophecy talks about how the one sitting on this “black/blue horse” has

the task to use their “horse” to manage a “pair of balances” which is related to holding the yoke of two oxen (BEASTS?). I suspect those two oxen can be seen in several ways from locally as the Republican and Democratic parties filled with membership trying to drive their state agenda's forward for their constituency that got them elected and between the Conservatives and Liberals who are actually not necessarily party affiliated and finally as the U.S. and the E.U.

Where the financial component enters in, is where it states that one in the midst of the 4 Living Beings (as some mistranslated to “beasts” but these are not) says, “A measure of wheat for a penny, and three measures of barley for a penny; and see thou hurt not the oil and the wine.” On one more literal level, wheat, barley, oil and wine are commodities and the buying and selling of them takes place on the stock exchanges and it's no coincidence that the stock market based corporate banks are significantly invested in the stock market's successes and we know that Obama was surrounded by Stock Market hierarchy from the same banking industry that they are in turn responsible to regulate or not, which as it turned out was mostly not. Many banks and other institutions at least on paper failed and the government bailed most out, even buying some like Freddie Mac and Fannie Mae giant real estate mortgage loan institutions and a large part of General Motors, one of the biggest automobile manufacturers in the U.S. Thus these became state run enterprises. The anti-communists of times past would be rolling over in their graves, except for the mega profits most CEO's of even those failed companies still held onto. Meanwhile the Oil and Wine, the more luxurious commodities would not be affected.

Of course the greater but parallel interpretation has to do with Souls and Spirits. Oil represents those who are actively pressing the oil from their olives while an olive is a way of describing their human vehicle. If one is pressing the oil from it one is participating in the CHRISTING OVERCOMING OF HUMANNES PROCESS. Wine on the other hand are those who are not actively pressing oil yet, but are actively absorbing and changing their Mind/Soul that results in a new wine in their wineskin - the Soul body deposit (seen) given certain humans by the Next Level Older Member's crew sometime during the time they are incarnate that can awaken in stages when the information from the Older Members gets to them and they have arrived at an openness to look into and become drawn to. These are those who have

the potential to become fruit for the second harvest. Pressing oil is equivalent to what Ti and Do said was a metamorphosis. It's literally changing our self into a new creature by adopting all that the Older Members provided when they were incarnate. The wine are those who are not yet strong enough to give their all, but are also changing, just not at the same pace. It's not a race nor a competition but nor is anyone held back from growing as fast as they want to. That is accomplished by asking the Older Members, using the names they had while incarnate, Ti and Do, to be in their service and to fight off their discarnate Luciferian fallen angel adversaries.

Now the Wheat and Barley are the new seeds spread by the Next Level. These are those who are prepped to become the vehicle for a returning Soul (wheat) to recognize the Next Level through new realistic terms and ideas that Ti and Do have provided and/or they are the human vehicles (barley) of first time believers even those that never hear about Ti and Do but are doing the best they can with what they have been given by the Next Level. For these belief in the Next Level, in whatever their terminology, is enough to get their Spirits or Souls saved to be brought back for a new classroom after the second harvest period, within a refurbished civilization that seems to be slated to take place over 1000 year period.

In summary regarding the first three of Daniel's beasts that lead up to the fourth Beast:

As the Lion Beast reflects back on England and Australia and the once Holy Roman Empire nations of Europe and the E.U. through Richard the Lionhearted Nixon's representation on the world and the Bear Beast reflects back on the Soviet Union/Russia and Sino Japan through Reagan in representation of actions in the world, this Leopard/Panther Beast, through the four heads of George H.W. Bush, Bill Clinton, George W. Bush and Barack Obama's representation in the world seems to reflect back on four areas of the world in the southern hemisphere, namely, the Far East - China/Taiwan to Indonesia, the Near East as India and Pakistan, the Middle Eastern and African Nations and the South American Nations that formed the U.S. "dominion" the Next Level allowed them to generate yield from.

#### THE FOURTH BEAST - KING - KINGDOM

Dan 7:7 After this I saw in the night visions, and behold a fourth beast

((king)), dreadful ((1763 dchal corr. to zachal 2119= to fear or make afraid, slink, crawl, cause fear as a worm [death?] and/or serpent [hell?])) (and) terrible ((574 'emtaniy corr. mothen 4975= loins, hips, side, to be slender)), (and) strong ((8624/8623 taqqiyph= mighty, powerful, prevail (against))) exceedingly ((3493/3492 yattiy= preeminent (surpassing others, distinguished in some way, famous, illustrious, renowned), very, excellent, redundant)); and it had great ((7260 rabrab from rab 7229 huge (in size) domineering (in character), great things)) iron ((6523 corr. barzel 1270/1269 (with 2088= on this side, itself, (self) same iron), to pierce, (ax) head)) teeth ((8128/8127 shen= tooth (as sharp), ivory, fig. a cliff, crag, forefront, to pierce, fig. inculcate, prick, teach diligently, whet, tooth of elephants)): (it) devoured ((399/398 'akal= accuse, eat, feed, burn up, wise(-deed, plenty), (lay) meat, quite)) (and) brake in pieces ((1855/1854 dqaq= fall into pieces, stab, crumble, starve, revile, pierce, strike (thrust) through, wound, crush)), (and) stamped ((7512/7511 rphac/raphac= trample, prostrate, humble self, submit self)) (the) residue ((7606/7605 sh'ar= whatsoever more, remnant, other, rest, remainder)) (with the) feet ((7271/7272/7270 rgal/regel/ragal= footstool, journey, piss, possession, time, follow, after, coming, be able to endure)) (of it: and) it ((1932/1931 feminine huw= she are, for her self, they, who, which is, as)) (was) diverse ((8133/8132 shna'/shana= change, alteration, transform, frustrated, difference)) from ((4481/4480= apart of, above, after, among, through, with, out of in many senses (as follows))) all ((3606/3605 kol= any, be-(for this) cause, every, whole, in all manner, altogether, as many as, howsoever)) (the) beasts ((kings)) (that were) before ((6925 qodam or qdam= X from, X I (thought), X me, + of, X it pleased, presence, the front, of place, the fore part, relatively the East), or time (antiquity), anciently, east end, part, side-ward, eternal, forward, old, past)) (it; and it had) ten horns ((7162/7161 qeren= literal horn or for sound, cornet, as projecting, an elephants tooth, corner of temple, peak of mountain, a ray (of light), fig. power, hill)).

This is presented as the second of three dreams (night visions) and has at least three key elements that tie it back into Revelations prophecy. First it's the fourth human mammalian king (beast), which seems to relate directly to what is translated to the “fourth part of the earth” or without the filler “fourth earth (human kingdom) and/or geography.” I don't think it's accidental that there are Four Living Beings (mistranslated also to Beasts in this version and

many others) that are opening each of these first four seals in Rev 6 that seem to relate to what are called the FOUR HORSES OF THE APOCALYPSE, where a horse is a mammalian thus beast, though it is only in this 4<sup>th</sup> horse verse that the fourth kingdom is related:

Rev 6:8 And I looked, and behold a pale horse: and his name that sat on him was Death, and Hell followed with him. And power was given unto them over the fourth part of the earth, to kill with sword, and with hunger, and with death, and with the beasts of the earth.

Most Christian interpreters say Daniel's fourth king (beast) is the Roman Empire and yes it is, but it's as the return of the spirits of the leaders of the Roman Empire (and the genetic descendants), as Jesus indicated as the return of those who "pierced him" (Rev 1:7) and are the "resurrection of the unjust" who also find themselves among those who experience the "second death" - the death of the spirits and/or souls.

Another factor relating this to the Roman Empire comes from the way it is related to identifying, "the beast that was, and is not, and yet is" (Rev 17:8) in the way the Roman Empire relative to this END TIMING when it was to be applied, "was and is not and yet ((2539 kaiper= nevertheless, although, indeed, whomsoever, notwithstanding)) is" (said twice in Rev 17:8 with this second variation of "yet"), saying that in a way to indicate it "is" but in a way to WHOMSOEVER IT APPLIES, in this case and time as the American Empire (the Woman as Lady Liberty/Columbia focused in leadership on NYC and Washington D.C. (District of Columbia).

In breaking apart these descriptions of this fourth Beast (king) in the fourth kingdom, they seem to relate to both the blessings and curses given by Jehovah, through Moses that would come upon the Children of Israel based upon whether they did or did not abide by the commandments provided. (Those commandments were the equivalent of Ti and Do's Major Offense list, though updated to the third trimester, while the Jehovah/Moses classroom was the first trimester in the overall Mind/Spirit birthing process.) Both blessings and curses are related. A blessing is when something is given to us that is sweet to the taste but brings an upset stomach when it's recognized how embracing the information means further detaching from the human world because of. A curse is something undesirable in every respect that is also a test IF we can CHANGE OUR MIND (repent) because of

dealing with it. Both require CHANGES as great happiness and/or success in life is as much a trap as can be unhappiness and failure and/or calamity in life, in the way they can occupy our mind more than our desire to serve the Next Level Older Members who created us all to potentially “grow into adults” by choosing to evolve beyond the human kingdom according to their hands on directions and example.

Jesus made it clear that the Jews in Palestine, Jerusalem and surrounding areas and in particular the leadership of the Jewish people, had in general not lived by the commandments otherwise they would have recognized him and his updated lessons as the fulfillment of the expected messiah. Because of finding themselves successful in the level of service to Jehovah/Moses they believed themselves to have, they had separated themselves from the truth and thus whose descendants in word and deed are today's Gentiles (non-believers in the real Kingdom of God) regardless of whether or not they describe themselves as Jews or not.

Subsequent to Jesus exit and his original disciples being killed off or dying, as the Luciferians were allowed to sow their seeds of misinformation, as most seen through the letters of Paul of Tarsus and his disciples and congregations, these descended in word and deed to become what is actually referred to as the “Holy See,” a sovereign state, of which Vatican City is it's sovereign territory while is a different entity from the Vatican City State. Ambassadors and Papal representatives to other states and international organizations are officially accredited to the Holy See, not to the Vatican City State and it's central government is called the “Roman Curia” having a Secretary of State and various executive and administrative departments as any other state with it's head or the entire church (congregation of believers) throughout the world in the position of pope.

Thus the “Holy See” is a Theocracy, a “Religio-Spiritual State” abiding within Vatican city that has seen over the centuries considerable splintering as in the Protestant Reformation that was officiated by Martin Luther's publish in 1517, “Ninety-Five Theses” that criticized the Catholic SELLING OF INDULGENCES, the CLAIMED PAPAL AUTHORITY OVER PURGATORY and doctrine of the SAINTS MERITS were not founded in the gospel records. Despite the merit of these complaints the resulting schism of Catholicism just became yet another branch of dis/mis-information. It's so

obvious how they have strayed from what Jesus taught and how their entire hierarchy has developed around the Apostle Peter in name only and the false apostle Paul of Tarsus and others while mostly ignoring most of what Jesus taught. It was made so complicated that it's no wonder people have a hard time recognizing the truth when it's before their eyes. "Pure (holy) sight/vision, has become pure blindness, though the choice remains to shed the blinders by asking and that's most effective today and until our vehicles are deceased by asking Ti and Do - using those names because that shows them you recognize them as the updated representatives from the Level Above Human.

Those who did abide by Jesus teachings as best they could became disciples or at the least believers that Jesus was from the Kingdom of God, Kingdom in Heaven and when they died in that belief their Souls were brought back, called a resurrection (rise again), but actually meaning "to stand up again" as they are helped to find a new vehicle to prepare as their test to overcome and thus rise out of the human condition through.

Thus the U.S. became abundant in having plenty that all could strive for while to overcome the human world would also have to break away from desiring so would lose any drive in that regard. For the upcoming “fruit” success in the human kingdom or even the promise of success would be a test of what they had become, based on what they wanted. If they wanted to please the Creators, whether a subconscious desire or not, when they were exposed to the Lord's current Mind through the incarnate Two Witnesses prophecy - telling the truth, bringing updates and fulfilling prophecy, they would be faced with whether they would leave behind any desires they had for success, relationships, comforts and pleasures of the Human Kingdom to instead break away from the Human Kingdom. But those who were not of a mind to break away and were basking in their successes, comforts and pleasures or climbing the ladder with that in mind, when they would see the Two Witnesses, if they pay the story any mind would be challenged to see them as being from the Next Level. But as Jesus illustrated when that seed is strewn and then stimulated to growth by the provision of the “words” used by the Two Witnesses, if they had grown attached to things of the world that would be comparable to those seeds not falling on fertile soil so would not begin to sprout. For these the Next Level provides one last ditch effort to help them wake up, unlikely or not. They are plagues and we are about to enter the 7 last plagues/calamities that are related to those curses introduced in Deu 28:15-68 after listing the blessings.

Considering this fourth kingdom is comprised of mostly those who are descendents in word or deed to those who “pierced” Jesus and persecuted to death his disciples after Jesus exit, these descriptions would seem to be showing themselves as in relationship with the plagues that are about to come with the Rev 6 “pale/green horse” each having a Luciferian fallen angel space alien, depicted as “wings” (of birds) sitting on the red, black/blue and green/pale “horses,” where horses are the way the Next Level depicts certain “human” vehicles.

It's interesting how, though the one sitting on the white horse in Rev 6:2 is most clearly depicting Do's conclusion to his incarnate task phases, some Christians are saying it is Lucifer as he was called the “angel of light (white).” Since the Soul who was born into the “domestic” Next Level student membership, perhaps on a different planet, as I have reason to suspect

of Do's Souls origin as well, (perhaps even on the same planet at the same time period that was also implied by a few things Ti said), the fact that the "beast from the bottomless pit" depicts the space aliens from the previous civilization, who are unknowingly led by Lucifer and the other fallen angel adversaries (satans), they too have their "product to birth" as Souls in league with them and they too "conquer" when they steal away a Soul from the Next Level's litter. Also, they temporarily "win a battle" (conquer), only in a human way, the Two Witnesses and their students (Saints) in Rev 11:7 and Daniel 7:21 but where in Rev 12:8 it is shown that the Dragon (Luciferians) don't ultimately win the battles as many are born into their next station in their relationship with the Next Level Kingdom of God/Heaven. Even though some Souls lose their battle, if they had come with the incarnate Older Members (Ti and Do), having had a previous relationship with them, having passed a previous grade in their schooling, according to Ti, they will still return to the Next Level to get another chance to overcome. (Ti simply said, "all who came with us will return," though they also said those who failed to overcome, by staying in the classroom to it's conclusion, would be embarrassed upon returning, because they will see how they let seemingly insignificant things stand in their way of graduating. But they get another chance. Ti and Do also said in the Blackhawk tapes that Lucifer was given many chances to change as well.)

Breaking down Dan 7:7 (D77):

-(D77) "dreadful" or "exceedingly (preeminent or very) dreadful" in Dan 7:19 are more thoroughly translated: "TO FEAR OR CAUSE/MAKE FEAR), TO SLINK, TO CRAWL, CAUSE FEAR AS A WORM [DEATH?] AND/OR SERPENT [HELL?]." Rev 17:8 indicates this overall bestial entity ascends out of the bottomless pit, just as is related in Rev 9:1 when this Beast first appears in the late 1940-50's and Rev 12:3, though there as a "great red dragon having seven heads and ten horns, and seven crowns upon his heads" showing it's international makeup, the crowns on the head referencing kingdoms past as in the G7 countries today. Additionally described as "to slink, to crawl" reminds us of the way the Lord (Elohim) sentenced the "serpent," actually a "hisser," in Genesis 3, because of his subtle sounding predatory influence on Adam and Eve influenced them to break their instruction from their Older Member that started the experiment's motion towards the graduation, overcoming, conquering or prevailing as Jehovah

(meaning of the Hebrew word israel) of that temptation to remain in the human evolutionary kingdom.

The indication is that Daniel's vision of the "fourth king" qualifies well as the "green horse," conspicuously, most often translated as a "pale horse" considering it could be represented as "pale green" as "pale" is taken from the Greek, 5515 chloros which is rooted to the Greek Chloe feminine of apparently a primary word= green, young foliage (Verdant, epithet of the pagan goddess Demeter, the equivalent to the Roman goddess Ceres), a green herb and representing the end of the LAST WAVE of harvest time (that started while Do was still incarnate).

And "horse," as shown previously is a reference to a human mammal who in this verse has the name/identity of "death," from Greek 2288 thanatos from 2348 thnesko - to be deadly, exactly what this "horse" is described as fostering in a number of ways as shown literally and figuratively as in spirit death recorded as the "second death." This can become confused with thinking this king will be ordering peoples death as in wars, etc. and that will probably be the case, but perhaps not any more so than any countries leaders have done, but this person will simply be the figurehead in office during the time when many die in the fourth kingdom in particular where that fourth kingdom had previous to that experienced relative peace compared to other parts of the world on it's land mass.

Rev 9:1, having depicted the opening of the bottomless pit announcement as the events associated with that announcement, though can begin to some degree then don't come to full fruition until the time of the end, after the first fruit is harvested so to not interfere with the first fruit harvest, yet provides the environment for the remnant to show their allegiance to the Next Level in the period of time recorded as the "winepress" - aka tribulation. The Luciferian space aliens are those coming out of the Bottomless pit, their underground and undersea prison cells they were allowed to escape to during the Noah flood. Do writes among many points how the Luciferian space aliens, "war among themselves over the spoils of this planet," to be found in the Ad/Statement He with his student body Crew published on May 27, 1993 in the national and international editions of the popular, mainstream, widely circulated among millions, newspaper, USA Today under the title, "UFO CULT" RESURFACES WITH FINAL OFFER'. Here is that segment:

“These “Luciferian” space races are the humans' GREATEST ENEMY. They hold humans in unknown slavery only to fulfill their own needs. They cannot “create,” though they develop races and biological containers through genetic manipulation and hybridization. They even try to “make deals” with human governments to permit them (the Luciferians) to engage in biological experimentation (through abductions) in exchange for technically advanced modes of travel - though they seldom follow through, for they don't want the humans of this civilization to grow to be another element of competition. They war among themselves over the spoils of this planet and use religion and increased sexual behavior to keep humans “drugged” and ignorant (in darkness) while thinking they are in God's keeping. These Luciferians see to it, through the “social norm” (the largest Luciferian “cult” there is) that man continues to not avail himself of the possibility of advancing beyond human. Many things have become the accepted “norm,” but that doesn't make them right!”

The main push by the space aliens becomes unbridled during the time of this “fourth kingdom” increasing after Do and Crew's exit as the first seal of Rev 6 throughout the next 5 seals, described as “months,” but from the Greek “meno” describes five periods of affirmation when humans are being tested to choose who to show allegiance to, coming down to between Ti and Do (for those that hear about Ti and Do) and human forms of treasure in all ways, as Jesus called, “mammon” and thus the “beast.”

These space aliens are described as “locusts,” with shapes as “horses” - again the reference to being a mammalian shape - head, torso, four appendages (and a vehicle that serves a purpose for the Soul or spirit to operate through), and with “faces like men (humans),” with “hair like women” noting their DNA and appearance and “teeth as lions” having to do with the way they are savage predators and “on their heads as it were crowns like gold” - a pointer to the fact that they are a “remnant” from other gardens meaning their minds (souls/spirits) had a degree of advancement in some type of Next Level classroom, which Do indicates in points 13 and 14 of their sixth thunder/roar statement entitled, “UNDERCOVER “JESUS” SURFACES BEFORE DEPARTURE” that Do and His Crew posted to the World (edited/updated) January 1997 Wide Web and to 95 specific newsgroups on the Internet:

“13. There are space aliens (humanoid remnants from other civilizations)

who travel in the nearby heavens. They are dependent upon Earth's atmosphere for harvesting hybrid bodies to “wear” and they recruit the souls” who fail to become children in the Kingdom of God. We call them Luciferians because of their lineage.

14. These Luciferians (space aliens) “jump in” immediately after Representatives from the Level Above Human leave. They fill the “patriarch(s)” of the resulting new religion with mixed truths and misinformation, which reinforces the fact that accurate knowledge concerning that Kingdom seems to be available only while Representatives are incarnate.”

Here is another reference to how the Luciferian space aliens are allowed to fight over the spoils of the earth:

Rev 12:9 And the great dragon was cast out, that old serpent, called the Devil, and Satan, which deceiveth the whole world: he was cast out into the earth, and his angels were cast out with him.

This is indicating the Serpent (hisser), the Devil (deceiver) and Satan and his angels (adversaries) are cast to the earth again. Ti and Do said the Next Level gave Lucifer many chances to change from opposing the Older Members of the Next Level but has now lost that part of his Next Level Mind so is incapable of changing.

Rev 12:12 Therefore rejoice, ye heavens, and ye that dwell in them. Woe to the inhabitants of the earth and of the sea! for the devil is come down unto you, having great wrath, because he knoweth that he hath but a short time

The Next Level is shown to protect their own (the newly seeded shown as “grass,” the young shoots as “green” and the oaks as those starting to bear fruit) from the harm these Luciferian space aliens can do. Ti and Do said these space aliens were kept from interfering with those they wanted to protect as shown in:

Rev 9:4 And it was commanded them that they should not hurt the grass ((newly seeded)) of the earth, neither any green ((young shoot approaching harvest, aka “wine”)) thing, neither any tree ((oaks - those who are bearing fruit aka Oil)); but only those men ((human beings)) which have not the seal of God in their foreheads.

Rev 9:5 And to them it was given that they should not kill them, but that they should be tormented five months: and their torment was as the torment of a scorpion, when he striketh a man.

Note the reference to the “seal of God in their foreheads” - that's to date, deciding to show allegiance to Ti and Do. Plus note that those who are “green” are not harmed if they have been “sealed.” Do said that the space aliens were not permitted to abduct (torment) humans the Next Level had chosen to become potential recipients of the opportunity to enter into their Next Level graduation classroom.

Back to this “green horse” (of Rev 6:8 above) who is amid, accompanied (followed) by the unseen Hades aka Pluto, both of which are shown to be facets in the translation of the Hebrew words “dchal” corresponding to “zachal” as dreadful in describing this fourth king/kingdom leader. This relates to being dreaded aka feared as a harbinger of death, as the worm or serpent. Worm is often used to designate the way flesh was eaten by worms in it's decay and the serpent is always associated with becoming WASTE (desolate) eventually sent to the eternal fires (Lake of Fire) of Hell, the place and/or condition of no return from. Yet we know the GREEN HORSE is a living human being, that is “sat on” by this one named/described as “death” as was the relationship with the other three of these “horses,” though this fourth one is the only of the four given a name that identifies the nature of his time in office as “king” or in the current case, “president of the U.S. as the primary representative head of this “Beast,” the same “beast” in:

Rev 13:2 And the beast which I saw was like unto a leopard, and his feet were as the feet of a bear, and his mouth as the mouth of a lion: and the dragon gave him his power, and his seat, and great authority.

And this shows who is sitting on this human in the presidential role, which is not at all new or unusual but is perhaps at this time the most blatant. In this verse it's the “dragon” himself, aka Lucifer.

By the way Do was uncomfortable using the nickname “Luci” in the Beyond Human Video tape series but said he spoke to Ti about it and felt Ti helped him know that any human being who happens to have the name Lucille or Lucifer or shortened to Luci can “take it in the right way” and not be offended by the fact that the one who fell had that name. The name itself Do

said was a “beautiful name” that meant, “light bearer.” It's just the choices of this one individual who had that name that had become such a renegade against the Next Level.

So it is Lucifer that is giving Daniel's fourth Beast (king) “power, seat (position) and great authority” as he “sits” on this fourth GREEN HORSE with his “angels” (Those fallen angels who sided with Lucifer to become Satans (adversaries) against the Souls who were attempting to be students in Ti and Do's service) as his and the “Beasts heads” (false Christianized governments - G7-heads of states) and “horns” (financial and military instruments that are used to wield power) as represented by those who become the “crowns” - the G10-financial ministers.

Where it then says in Rev 6:8 that “hell follows with him,” Hell seems to be all those Souls who had convinced the Next Level that there is no possibility they will change going forward. The only ones I am aware of are the Souls associated with Lucifer - those listed as the 7 heads and 10 horns of the Dragon - 17 of whom are also described as being Lucifer's “angels” in Rev 12. I primarily say that because Hell indicates all those in that condition and even location are to be dissolved in the “Lake of Fire” and that doesn't take place until after the 1000 years following when the Beast is sent to the Lake of Fire, though “hell” could also refer to that sentence regardless of whether the dissolving has occurred yet or not.

-(D77) “terrible” - “loins, hips, side, to be slender” seems to refer to this “king” and subjects as descendents from the Children of Israel who once had been offered blessings with abundant FRUIT FROM THEIR LOINS AND FRUIT FROM THE HARVEST but during this kingdom's time would be subject to the CURSE of too many people and resulting war and famine as stated in Rev 6 as these two (GREEN HORSE and Hades accompanying) are given the ability and capacity, freedom, magistrate (power) to “..kill with sword, and with hunger....” In other words the Next Level stopped preventing them from exercising this power). This seems to be reflected in an initial curse issued by Jehovah/Moses:

Deu 28:18 Cursed shall be the fruit of thy body, and the fruit of thy land, the increase of thy kine, and the flocks of thy sheep.

-(D77) “strong exceedingly great iron teeth devoured pieces” - speaks to their

military power seen as EXCESSIVE. The U.S. for many years has actually annually spent double what ALL other military powers in the world spend combined. In 2010 a report concludes that the U.S. has 662 overseas bases in 38 foreign countries. Ron Paul said there were 900 in 2011. The U.S.'s biggest exports are weapons related technologies and supplies. It's the Military Industrial Complex President and General Dwight D. Eisenhower warned against promoting in his last speech while president. To DEVOUR is “to accuse, eat, burn up, feed off of” which is exactly what the U.S. has been doing in earnest all over the globe that follows in the footsteps of the previous empires that eventually migrated to the America's.

But today it's talking about happening in the “fourth” kingdom/quarter which is the U.S. mainland and we are seeing this beginning with the GREAT IRON TEETH referring to the “security state,” largely the police departments. It's interesting that “teeth” is also related to “ivory” as in the tusk of an elephant and the Republican party is known as the “elephant” party. Police departments are being given military hardware. In Ferguson, MO, when a white policeman murdered an unarmed black youth who spoke back to him, shooting him in the back several times and then when he turned and raised his hands in the air to surrender shooting him several more times that sparked riots the police addressed the demonstrators with armored vehicles like the kind used in wars. The powers that be know some of what's coming because they have the overview of the “alien” problem and what they see as rogue nations to deal with. With the alien phenomena, they know they don't have the ultimate control and that the people that are in the dark will be increasingly disturbed when it's more revealed as reality that there have been space aliens among us for decades. The unrest will mount because of that or because of all the hypocrisies and bigotries observed as the Next Level by revealing more of the truth of their reality is like putting a bright light and heat source on an ant bed. The ants start to get over stimulated and fearful and tend to strike out indiscriminately in the ways they have become hateful and mentally diseased, prone to acts of violence, etc.

It's not at all helpful that many who come back from the wars in Iraq and Afganistan have PTSD and are just seconds away from snapping at the slightest sign of dissident behavior and they often get jobs in the police departments. They tend to see all people of color as lessor and somewhat the enemy as they saw their buddies shot and killed by people of color. To

compound their distorted mindset, when they return and they become aware that their service was for lies they become enraged inside and most anything can trigger an extreme response of violence against whoever is in their way.

-(D77) “stamped residue with feet” - Stamped as “trample, prostrate, humble self, submit self” seems related to the way the U.S. portrays itself as coming to rescue of the nations of the world, with their militaristic “help.” For a long time foreign aid that appears to be self less and humble to give becomes an avenue to have more influence in the receiving nation, to get payback through deals for their resources or to allow a military base or corporation to exploit the people and lands or to try to topple a government and install someone more pro the USA. These are many times in the form of missionaries or the peace corps and no doubt are often helpful to people, but as with all colonial efforts can easily morph into trying to convert others to the American way as was done by previous empires and the way the America's were initially settled by the largely white Europeans. This can also seem to refer to the way the U.S. has exported much of it's manufacturing enterprises to poorer nations where labor costs far less. To those receiving countries it can seem advantageous but takes on the shape of subjugating others that don't have many labor laws. It's a new form of slavery and it's enacted by people thus “feet” and is also a footstool to the administering nation to build their own power over others.

Now it appears this time period will be marked by a clamping down on those considered to be the “remainder, remnant.” This can seem to only refer to those in the human kingdom who the Next Level had seeded to have the potential to be among the “second harvest phase” as shown in Rev 14 depicted by those harvested during the time of the “winepress.” They are the only ones from the perspective of the Next Level to remain after the first fruit harvest has transpired. These are then all those who don't accept the “mark of the beast” which includes all the ways in which one's allegiance is secured to be for the governmental BEAST and it's institutions that seems to include the right to buy and sell. Otherwise I imagine there will be underground buying and selling. One can think this is an unlikelihood but if one looks at Nazi Germany post WWI to the way the Jews and dissidents were treated - corralled into ghetto areas of the cities, marked and then forced to live in squalor with food and water shortages. This is why being in the cities when this comes down is a bad idea as there will be no recourse while in the

country and mountains there will probably be more freedom to grow food and hunt and barter.

People wonder what could bring this on. One example is with the mandatory vaccination program where people who are not vaccinated are prohibited from sending their kids to public school. That law just passed in California. There are no more exemptions there and that's a so called "blue state." The CDC and WHO and FDA and many other agencies can claim it's national security that everyone is up to schedule with vaccinations. There is even nano-technology which entails a microscopic identification (chip) inside the vaccination or a RFID technology implant that can be scanned to verify that you are safe to be in society because of having been vaccinated or for whatever reasons some would opt out of such a "marking." This can also be implemented as the best way to protect against identity theft. Today credit cards have a chip in them that works with a certain type of reader. The chip can be read from virtually anywhere and can include a biometric of your literal face which is considered to be as unique as a fingerprint. They take a photo and make the biometric number from it and once they have that all they need to do is install readers in the stores that snap a picture of you as the customer, make a biometric of your face and compare it as a number against their database to see if you are a dissident in some way or not. Those that refuse any of these measures could be locked out of being able to buy and sell:

Rev 13:16 And he causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads:

Rev 13:17 And that no man might buy or sell, save he that had the mark, or the name ((identity)) of the beast, or the number of his name.

-(D77 but only seen in Dan 7:19 version only) "nails (claws) brass (brazen, bronze, copper, metal, steel)" seems to describe the predatory nature of this King (kingdom) as nails are among the first tools of battle used to tear apart one's prey and metal depicts them as having great strength. Also it can be seen as a reference to the "belly and thighs" in Dan 2:31-45, of a statue (image) Nebuchadnezzar who conquered the Kingdom of Judah and scattered the tribe of Judah because of what he saw in a dream he asked Daniel to interpret.

In the dream Nebuchadnezzar's kingdom of Babylon is said by commentators

to be represented by a gold head on this statue, the breast and arms of silver represent the 2<sup>nd</sup> kingdom said to be the Medes and Persians, the belly and thigh of bronze stand for the Grecian kingdom of Alexander the Great and the legs of iron and the feet of a mix of iron and clay, the Roman Kingdom that becomes divided as iron and clay don't mix. These are seen by some Bible commentators as represented into the future to the end time and claws/nails relates to a bird which is the way the Luciferian space alien fallen angels are often depicted, as also having “wings” in Dan 7 and Rev 9.

Daniel 2 seems to describe the fourth kingdom (Dan 7 fourth king and kingdom) that is a divided kingdom, whereas the Dan 7 Third King, depicted as a Leopard was strong over the entire earth, which was the U.S. up until the second great fall in the eyes of the world, first when justifying the Vietnam War that included the carpet bombing of Laos and Cambodia - more bombs dropped than in all of WWII and the second in the completely unwarranted manufactured reason to invade Iraq with the second prong in that Fall being the fabricated wall street led Financial Crisis in 2008.

So Dan 2 describes a fourth kingdom that is divided which is clearly seen now in 2015 especially with Russia entering into the Syrian war against the alleged interests of the U.S. and China defying the U.S. economically and in terms of software hacking, and territories in the south china sea, which is also stated in:

Rev 18:11 And the merchants of the earth shall weep and mourn over her; for no man buyeth their merchandise any more:

In September of 2015 Russia banned USA corporation Monsanto's GMO (Genetically Modified Organism) seeds and products to include foods made with GMO grown ingredients. A number of EU nations, Japan, and many nations are following suite to degrees as the IMF (International Monetary Fund) that is U.N. associated is tying in loans to certain countries like Turkey who are otherwise defaulting on their debts and falling apart are being forced to take Monsanto's business to qualify for the loans. That used to be called blackmail.

This opposition to the U.S. is also shown:

Rev 17:16 And the ten horns which thou sawest upon the beast, these shall

hate the whore, and shall make her desolate and naked, and shall eat her flesh, and burn her with fire.

Rev 17:17 For God hath put ((1325 didomi= to grant or permit on)) in their hearts to fulfil his will, and to agree, and give their kingdom unto the beast, until the words of God shall be fulfilled.

Dan 2:40 And the fourth kingdom shall be strong as iron: forasmuch as iron breaketh in pieces and subdueth all things: and as iron that breaketh all these, shall it break in pieces and bruise.

Dan 2:41 And whereas thou sawest the feet and toes, part of potters' clay, and part of iron, the kingdom shall be divided; but there shall be in it of the strength of the iron, forasmuch as thou sawest the iron mixed with miry clay.

Dan 2:42 And as the toes of the feet were part of iron, and part of clay, so the kingdom shall be partly strong, and partly broken.

Whenever feet are shown, it is another way of describing human beings. In this application the clay are the humans that are native to the earth - made from the “dust of the earth” as said in Genesis, where “dust” is the earth elements that “clay” depicts where “iron” has to do with beings that are a mix - a hybridized creature as was depicted instigated in Genesis 6 when the “sons of god” (iron) had offspring with the “daughters of men” (clay). This is what the Luciferian space aliens have been up to since being allowed to come out of their underground prison cells round about the 1940's, when they began to establish “contactees,” and performed experiments with human eggs and sperm to try to grow vehicles they could then inhabit upon the death of their physical bodies which became known as the “abduction phenomena.” There are those who are the product of that hybridization among us walking around taking about the space aliens as our brothers and sisters and largely looking up to them as “gods” because they still have some significant technological advancement over humans (though that gap may be all but closed to date in 2015).

But they never really “cleave” to one another. These space aliens and their offspring really don't MINGLE well in society:

Dan 2:43 And whereas thou sawest iron mixed with miry clay, they shall mingle themselves with the seed of men: but they shall not cleave one to another, even as iron is not mixed with clay.

Though this has its application to some degree immediately following the time of Daniel, this is clearly talking about the END TIMES as it relates to Revelations and the only time when God's kingdom exercises judgment over the Beast (governments, institutions and corporations) and False Prophets (religion and spiritual leaders).

Dan 2:44 And in the days of these kings shall the God of heaven set up a kingdom, which shall never be destroyed: and the kingdom shall not be left to other people, but it shall break in pieces and consume all these kingdoms, and it shall stand for ever.

Dan 2:45 Forasmuch as thou sawest that the stone was cut out of the mountain without hands, and that it brake in pieces the iron, the brass, the clay, the silver, and the gold; the great God hath made known to the king what shall come to pass hereafter: and the dream is certain, and the interpretation thereof sure.

It is also shown how this verse is describing the characteristics of the previous three kings rule, the fear inducing Lion's whelp with Lucifer's space alien "wings" on the U.S. bestial resurrection of the unjust as the golden head of Nebuchadnezzar's dream of an Image, followed by the teeth of iron as shown in the bear like King followed by the nails of brass in their predatory fowl like wings of the Leopard who climbs trees to drop down on their prey from the air with bombs that includes today the ultimate air power in robotic remote controlled drone missile launchers. These drones even look like the depiction of locust like stinging insects (animals) in Rev 9.

Thus these three "kings" provide the background combination of characteristics in this fourth kingdom and who totally dominate the Earth as the head of the One World Order that will be fostering more and more killing (apokteino= separation by dying, to include separating humans from their potential to start a bond with the previously incarnate Older Members Ti and Do, as stated in Rev 6:8 using military/police, the creation of famine and/or toxic food, water, air, mentality, thus killing through not helping people even to help themselves with their hunger and pertaining to the way they teach against the real genuine Next Level spreading deadly thinking using the bestial humans to spread certain poisonous mis/dis-information to the people of the earth.

HORNS:

- THE FOUR ON THE JEHOVAH/MOSES CONSTRUCTED ALTARS
- JESUS IS DEPICTED AS “THE HORN OF SALVATION”
- TEN HORNS AS INSTRUMENTAL MOUTHPIECES OF POWER
- THE LITTLE HORN

Horns represent strength and power in word and deed, which is why there are examples of the usage as an instrument of sound as in a cornet (trumpet) and as an instrument of war (as in the horn of a bullock) or as representing the battle against the lower forces that results in the giving of our blood, as Jesus showed us as the way when he told his disciples they too would have to “drink the cup of his blood” - taking it upon themselves to absorb his example being, the “horn of salvation” that came from the four horns on the Altar before Jehovah's “tent” tabernacle dwelling place in the Moses community. Giving ourselves totally to our Next Level Older Members, to qualify to be brought into their family needs to be accompanied by the willingness to “give our life,” our human life as in who and what we ultimately work for and includes the life of our human vehicle our Soul is growing within. No that doesn't make believing in Ti and Do a death trip as some have said. That's misinformation as staying human is the only real death trip and we all have mountains of proof of that as thousands die everyday. According to Ti and Do when we die we get what we believed - really believed which is not just what we say we believe. It's what we give our life to. That's what we believe in and so that's what we seek to continue to have after we die. If it's going to heaven to be with Jesus I would guess one gets that though without knowing the realism of that belief, I believe it's at best a stage towards another opportunity to grow towards greater, more realistic belief that incorporates trust, thus faith - “the evidence of things unseen.”

By seeking to be part of Ti and Do's Next Level Family we are actually preserving our life and possibility even in the human kingdom if They determine we can best learn our lessons by having further time to build our bond to our Older Members by having us work through our human vehicles for as long as possible while further embracing the tasks they give us. While others are dying from disease or war or criminal behaviors or old age those who are beginning their bond by asking Ti and Do what they can do in their service can be provided helps that if applied might help them steer clear of a so called premature death, though there will come a time when we too will lose our human vehicle and when we do it could be because of our service to

the Next Level which then becomes a ticket to continuous forward motion. As Jesus said, if you attempt to save your life in this world, you lose having it in the Next World because you didn't get signed up in Their "Book of Life." Choosing not to adhere by and embrace the Next Level Older Members most recent instructions is to attempt to save your life in your human world.

When we abide by the instructions, commandments, behaviors and ways of the Next Level, at every stage or trimester towards our Mind's Soul birth, we are giving part of our human life because Their instructions are geared to reduce our humanness - take us out of our mammalian programming so we can replace that human mind with Next Level Mind - the behaviors and ways, instructions and procedures provided. A starting place for each of us, no matter whether we are the vehicle that houses a returned Soul or the vehicle with a new Soul just seeded, is to learn all we can of what the Older Members while incarnate taught and did and "take a stand" for them while accepting that it could result in our blood being shed because of how all those who don't have their Mind will respond against those who do, which includes all who in the records choose not to receive the various markings of loyalty to the "bestial systems." The more we embrace our Older Members Mind the more we want to embrace all of their behaviors and ways and that increases our capacity to SEE and HEAR more of what having more of their Mind includes. We get more common sense in our view of the world's ways. All of this entails a manageable level of suffering that shifts from longing for things of the world to longing for more of our Older Member's (holy) Mind/Spirit.

The effort to restrain the vehicle from what it is programmed to want to think, say and do and when we do and gain Mind from doing so, we can ache for ways to help others see more and we can ache to improve ourselves as well and even ache for those that hate us because we come to know that they would not hate us if they could see what we see. All this is suffering and like drops of our blood that we are offering to our Older Member in our sacrifice of self on the altar of the human kingdom on earth as set up for our choice to develop upon using our human vehicle as our primary footstool or stepping stone (instrument/horn).

An Older Member's (God's) strength is compared to a unicorn and was also taken as a 33<sup>rd</sup> degree Masonry symbolism describing the unicorn as a white horse with a single horn, as also related to the white horse of Rev 6:2 which

can be seen as the depiction of the returned Jesus with a new name/vehicle (horse) and as one of the many forms of antichrist because of the way Lucifer always stimulates among humans facsimile interpretations of the Next Level's prophecies and true information.

Now in the context of the Book of Revelations and Daniel's visions/dreams that prophesy of the END TIMES these HORNS largely represent specific instruments of the wielding of power by what is sounded as illustrated through the medium of a trumpet. They are depicted as horns on a beast because it is all within the mammalian kingdom that they operate and preach because the Luciferian fallen angel space aliens seek to use humans they have groomed, largely related in families to consolidate power to generate the largest and greatest following from the masses, depicted in prophecy as the seas or waters. This way the Luciferians try to maximize their influence that is generally three fold to:

- 1) Try to forward their agenda among human leaders to get off the planet before it's recycled and they are annihilated or forced underground again when they try to escape the civilizational spading.
- 2) Fight against those they see as another alien race like themselves but who they see as competitors to having complete control over the human race. This includes trying to stop anyone from coming to believe in the Next Level's Older Members and their teachings while simultaneously seeking to steal Souls into their camp as they can not actually create a "Soul" and a Soul affords and increased longevity and function. Do indicated for those in the spirit world, a Soul can go places a Spirit can't go into and the Luciferians teach souls and/or spirits to work for them. This would in particular apply to those souls that sprouted, so to speak regardless of how much Next Level Mind they acquired.

Do first described a Soul as a "pocket" and then after seeing the reports from Bob Lazar who said he was shown a "yellow book" that spoke of Jesus being a creation of the space aliens saying that the aliens saw humans as "containers." (The Luciferian space aliens did create the "Jesus" many Christians unknowingly worship - who overcame the world and died for humans SO THEY DON'T HAVE TO, the "saved by grace" doctrine that Paul, their primary infiltrator stimulated along with the "born again" equivalent to the level of belief in Jesus as if becoming a member of a

country club. It's a highly diluted Jesus message at best. So when people say the "Jesus" story is a myth they are correct because it's the wrong Jesus that the Luciferians certainly created to trick people to keep their eyes away from the genuine Jesus message. Do also went on to call the pockets or containers, "tags" and/or "deposits" or even "chips" (as in a computer chip) that he came to understand were of different makeup depending on the grade in school and/or task of the Next Level member or student member coming from their space based environment to take over (incarnate into) a human vehicle. There were "different sets of programs" associated with different types of tags and/or deposits.

3) Have new human vehicles compatible with their "mind/spirits" so they can inhabit them as their vehicles pass. (I believe the original ones named Lucifer and those who sided with him have long ago passed though they continued to date to secure offspring of both their physical seed as shown in Genesis chapter 6 and from their mental seed by taking over the new human and/or hybrid human containers. Thus the current batch of space aliens are their replacement vehicles and they too need replacements, the reason for the hybridization programs evidenced by their many abduction and contactee efforts. And of course that entire process has extended into the ranks of the human population which we see in those who rise to the greatest leadership of the countries all over the world. As the original Luciferians are discarnate they can zip around most wherever they want, unless the Next Level prohibits them from areas or from influencing certain human vehicles. Ti and Do said those who were to become potential new members of the Next Level were guarded by the Next Level crew so were not abducted onto space alien spacecrafts to be used for their hybridization programs. Now I don't know how that applies to those who had the opportunity to identify the Older Members when they came incarnate and chose not to start their changeover by belief and even literally following them while they were incarnate or thereafter, as it is clear from both Ti and Do that those that don't use what they are given lose even whatever they had. Of course we can't judge who has lost what they were given so we can't judge anyone in that respect.

THE TEN HORNS OF THIS BESTIAL KINGDOM ARE IN EVERY GENERATION THROUGHOUT HISTORY REPRESENTED BY WHICHEVER HUMAN VEHICLES THE DISCARNATE FALLEN ANGELS TOOK OVER TO FORWARD THEIR AGENDA. Their

objectives were in place all along and all are accomplished by pushing these human leaders to conquer, expand and dominate others with to have as much control over the entire globe (or as far as they could go and manage), thus they are the families of humans that became the kings and queens (emperors or czars (Caesars)) and/or popes, or other religious leader, family and belief or idea of God or gods and their financiers, for instance the feudal Lords. They were all being groomed to produce offspring of mind and body that had compatible thoughts, behaviors and agendas to the FALLEN ANGELS so these Luciferians could develop new vehicles to take over (the only way they could now experience life), and to enact revenge against the Older Members of the Next Level and upcoming new student members for their limited condition and new technologies from which they hope to escape their actual self imposed prison. They want to have vehicles that are aware of the same things they had become aware of, otherwise it would be like a programmer who was using a super computer before having to settle for a totally outdated and restrictive model to work through. A brain that had no capacity to understand, justify and implement all they had come to know from coming out of a former technologically advanced civilization past with tasks for the Next Level involving space crafts around the earth, and associated knowledge could easily short circuit and burn out or betray them if it's not prepared to receive what is often otherwise fantastical information about reality. One will note that most if not all who become world leaders have a large capacity to embrace all subject matter whether of spirit or science, while many other humans often become fearful of such openness as being natural to our reality to think on and consider and act because of.

There has been a great deal of research that shows how these Luciferians have worked through certain human genetic family strains throughout millennium throughout the world even spurn from the previous civilization Plato wrote about as Atlantis that is more or less encapsulated as the Masons, though has many offshoot organizations that to date are identified most in association with the United Nations (that began as the League of Nations) to include the Council on Foreign Relations (CFR), the Trilateral Commission and the many organizations of global scope often with global names, all geared to have a United One World Government to preside over what Barry Goldwater called the “four centers of power: political, monetary, intellectual, and ecclesiastical,” the same interests we have seen since the dawn of the

current civilization, such as in the Babylonian Empire.

It was an offspring of Noah, Nimrod that established the ancient city of Babylon and built the Tower of Babel that was Luciferian stimulated in competition with the One True Kingdom of God. That was the first attempt in this civilization to unite humans and the Next Level didn't allow it then, so caused it to break apart, though one can see throughout history that leaders kept rising up who attempted to conquer the entire known world to unknowingly fulfill the Luciferian desire to control the entire globe. The Next Level was not ready to allow it to happen until now and it will be short lived as we are in it's last generation. It is easy to see the many, many clues to how New York City encapsulates the NEW city of Babylon while the United States of America, the offspring of the previous largest empire of the world, the United Kingdom of Great Britain as it's Mother, is the NEW Babylonian empire as the head of the Fourth and last kingdom in this civilization on earth.

Even though it's clear that Daniels fourth kingdom doesn't most represent ancient or modern day Rome, except in the way many things Roman are evident in the kingdoms, empires and countries that came out from the Roman Empire, the idea needed to be entertained. One aspect has to do with the 10 horns, as some believe these are the 10 Caesars of the Roman Empire. In the way history repeats itself because the same players can be counted upon to have the same human agendas, prophecy also applies to a number of time frames, peoples and geographies. Because of all the prophecies that have shown current fulfillment, that of course many deny, but are shown evidence of in this book, the United States of America is most represented as one of the heads of this seven headed "Beast." America is therefore the Babylonian empire which is described as one of the heads of the Beast that falls twice, while NYC is the hub, the localized new city of Babylon where the focus of the falls manifest. The first fall occurred by the World Trade Center attacks and the literal fall of those two World Financial skyscrapers and the military establishment who did nothing to prevent it when they had plenty of signs. The second fall was the Global Financial Crisis that peaked after Barack Obama was elected president in 2008 seven years after the first fall. It's said twice for a reason and both were centered on NYC as the Woman who sits on the throne represented as the statue of Liberty, precisely what G.W. Bush went to ground zero to say was what the enemy was trying to topple - U.S.

Freedom. Except what he didn't say was that what he meant by freedom was the freedom to dominate and manipulate and take over or destroy others nations as had become business as usual.

Rev 14:8 And there followed another angel, saying, Babylon is fallen, is fallen, that great city, because she made all nations drink of the wine of the wrath of her fornication.

Again repeating the fact of the falling twice:

Rev 18:2 And he cried mightily with a strong voice, saying, Babylon the great is fallen, is fallen, and is become the habitation of devils, and the hold of every foul spirit, and a cage ((prison)) of every unclean ((impure)) and hateful ((persecuting)) bird ((a bird-ling, rising in the air, fowl)).

Note how Babylon has also become the CAGE (Ti and Do said the earth had become the Luciferian's space aliens literal prison which is the major reason I know they aren't circulating among the planets) for the UNCLEAN (uncleaned of human mammalian behaviors and ways) and HATEFUL (bring persecution against those who refuse to be marked in their allegiance) BIRD - the way the space aliens are depicted as birds because they are flying mammals and have what are primitive spacecrafts, compared to Next Level spacecrafts, for transportation.

In Rev 9 Space Aliens seem to be depicted as locusts with wings which we also see in Daniel's depictions of the Lion King having wings and the Leopard king's four chiefs with four wings.

The persecution couldn't have been more pronounced against Ti and Do in 1997 and in 1975-6 as Bo and Peep than in New York City where the book was published by the New York Post declaring Do and the Heaven's Gate group an evil cult that lead naive people to their death. Of course they weren't alone in taking that view. It was actually the voice of all the "horns" of the media that said that. Of course they were right that it was a "cult" - in fact Do referred to them as the "cult of cults" and the "cult of truth," but it was anything but evil unless one is a weed in the garden and then one would see the gardener's weeding them out as evil.

At the time I was working with a NYC publicist on a book deal that I had with the mother of Alxody's vehicle who I had become friends with and

visited at her home in California, after I left the group in 1994. She and I were to write a book that was two sided, one from her perspective and side by side as in chapter to chapter my talking about being inside the group, sort of representing her son's perspective. We had a deal with one of two publishers that were interested. They had a professional editor who agreed to take the job. As Nancy had been a high school and college level English teacher her writing was perfect. I was told I didn't need a ghost writer, that my writing was good enough but needed a good editor to fix it up. Before an actual contract was signed, there was the Princess Diana death story that replaced the head story about Heavens Gate and subsequent topics that had been the dominant lead story for months by then. Both publishers dropped the project saying "the public wasn't interested any longer" which we know was not true. Sure most of the public felt tortured by the story and it's longevity on the news but there would be plenty of interest in a book, like any story that becomes that big a headline, draws interest for years to come, though according to it's content. In this case the truth would be hard to take as it didn't jive with the way people most wanted to see the story. Weeks later the book came out by the NY Post that was simply a recap of the main story of their so called "suicide" and all the subsequent press coverage including a great deal of wrong and misleading information was is still repeated in books and articles and in web posts.

The NY Post book had nothing about the story behind the story, but it was clear the powers behind the publishers didn't want to give the story any more publicity than it already had. No doubt it would have been a money maker so they even chose to forgo the profits. The Luciferian controlled "beast" killed the truth, at least as far as the mainstream was concerned, that is until 2008 when the National Geographics channel documentary was aired, though it hardly said anything new except the huge prospect that Ti and Do and Students may have been the "second coming." But the Next Level fully anticipated their action and knew they could take advantage of that negative because it would allow those with some of their mind the chance to see through the party line to seek out the truth then or in the future.

Now this fourth king is shown to be a "change, alteration, transforming, different" characteristics from all the others. Plus there is some indication this person could be of the female gender as that tiny word "it" with "diverse" suggests. The remnant are being stamped by the "feet" or it's the "feet" of the

remnant being stamped. Either way, “feet” represents one's physical human body as one's “footstool” to becoming whatever they want to become. The records say that the Earth is God's footstool which refers to how the earth's environment for humans provides the opportunity through conquering our human nature to rise above our humanness to become a Member of the Next Level. So a human body is both a footstool for the Older Member of the Next Level to take over to demonstrate how that “stool” can be used to climb into Next Level Membership by those coming up also using those same “footstools.”

I'm not aware right now of who else, that is considered to be a front runner would be “different” unless by “alternate” it's meant there would be some alternation, as in taking turns, shifting back and forth in some way. In this case we had H.W. Bush a Republican followed by Bill Clinton, a Democrat, then G.W. Bush, H.W.'s first born son and also a Republican, followed by Barack Obama a Democrat (and also different due to being an African American), followed by, if not Hillary Clinton another form of alternate from her husband Bill Clinton, who are both very tied in with NYC, the new Babylonian city and epitome of the Rev 17 “woman” (Jerusalem/America) in it's being a highly Jewish influenced/run city.

Yet another candidate that is considered a long-shot is U.S. Senator Bernie Sanders. He is different in a number of ways. He is the only Independent U.S. Senator (though changed to Democrat to have a shot at winning) and he would be the first Jewish president, although he's really a secular Jew with a purely social-democratic agenda, both of which infuriate the Republican right to see, yet has the advantage of placating the public with the idea the rich will stand for more taxes (though will always find ways around, often called subsidies to their mega-corporations). Bernie is also pro LGBT rights and largely has a “green” agenda environmentally as well as politically and he is from the Green Mountain State of Vermont - it may not be an accident that Vermont literally means “Green Mountain.” Bernie is also from the Brooklyn borough of NYC.

Then there is Donald J. Trump who in his own way is very different as he has never been in politics before and is also a NYC billionaire who is liked by many because of his political incorrectness. I can't help but notice the name of Trump like the flip side of the “last trumpet” as all in all there may not be

another U.S. President. Trump came out as to some degree anti vaccinations in the current regimen where so many babies and children receive many shots. He also pointed out that G.W. Bush could have stopped the 9/11 attacks though I think he was thinking it was because he was inept - an easy way to explain the many, many irregularities to the entire event. After videos surfaced of Trump with Howard Stern glorifying womanizing and groping and now 11 women came forward to say they had been groped by Trump, he has claimed the election is being rigged and the DNC is behind it. It's most interesting how he doesn't give any examples and there are actually many.

Update: Donald Trump won the November 8<sup>th</sup> election by a wide margin in the Electoral College (though lost the popular vote by several million votes) so will be the next U.S. president. I left all this consideration in this book because it's all a process. I don't know if Trump was set up by the Next Level to become president. I tend to think any of them mentioned can fill the bill, but I could be wrong. I realized as I listened to the election coverage, even though I didn't vote this year and didn't like any of them because all are now especially the BEAST - the U.S. Secret Govt puppets with a slightly different face and manner and intention, though I sort of cringed as Hillary lost state by state. This goes to show the humanness I have not yet overcome as I was to a degree attached to Hillary as the woman in Revelations chapter 17. When I cringed though it helped me recognize it when it was happening the same as recognizing an influence of ego or an influence of sexuality or an influence that has us tempted to entertain any of those human ways, that we may or may not give into and to whatever degrees, that is the overcoming process to get better at conquering so they don't have any time in our consciousness (thoughts and actions). Now that Trump won I could even see how the Next Level can move the hearts of people in the direction that would most bring about what needs to happen in the closing up of the civilization and the salvaging of Souls and/or Spirits for the next lesson plan when an Older Member is holding a graduation classroom. That time seems to be indicated next as in the next age, 1000 years or so after this current lesson time is "done."

I believe the 10 horns of Daniels chapter 7 dream in association with this fourth king and kingdom are most represented by the 10 biggest power brokers for this fourth King/Kingdom, essentially the corporations with greatest influence on all things political, social (arts and sciences, physical

and mental as in the science of mind, as related to belief systems (religions) and/or spirituality in all their forms), economic and militaristic. These are most focused as the biggest financial institutions, the banks of the world but in particular those associated with the G10 nations which first formed in 1962, who supply the funds for the International Monetary Fund (IMF) and the World Bank that claims to help the poorer countries of the world (which it may but essentially for show or future investments). These are largely the western banks of Belgium, Canada, France, Germany, Italy, Netherlands, Sweden, The United Kingdom, and The United States and the eastern bank of Japan. It's interesting that Switzerland was added as number eleven while they still chose to keep the name as the "Group of Ten," (perhaps the Next Level fostered to stay in line with their prophecy so I and any others could find the relationships). Luxemburg is considered an "associate" member. The Financial Ministers are then the "mouthpiece" part of these horns, representative instruments from which decisions are made as to which countries and projects get funds from the IMF and as we all know money translates to power, the other primary definition of being horns. The IMF came about as part of the United Nations which started in 1945 drawing from the largely ineffective League of Nations that the U.S. was never apart of because congress wouldn't ratify it, though it was brought about largely by the leader of the "Big four," Woodrow Wilson in 1919 at the Paris Peace Conference that imposed very harse measures against Germany, having lost WWI that helped bring Adolf Hitler to power.

**THEREFORE THIS FOURTH KINGDOM IS ESSENTIALLY THE NEW WORLD ORDER AKA THE ONE WORLD GOVERNMENT.**

This consideration in definition of the horns works with this next verse in that the ministers don't actually have a "kingdom" of their own, yet they have the power as kings. (As with all things pertaining to the Next Level there are ranges of time and multiple applications to each part of prophecy.)

Rev 17:12 And the ten horns which thou sawest are ten kings ((reigns)), which have received no kingdom as yet; but receive power as kings one hour with the beast.

Where the "hour" falls seems to be the same 40 years where the Two Witnesses come public, starting over the course of their 1260 day prophecy period that began for Ti and Do on January 1, 1973 and ended half way into

1976, extended for 40 years (1 hour in prophecy) to the period from 2013 with the Chelyabinsk Meteor strike, many fireballs in the U.S., a near miss asteroid and two comets, one of which had a object flying ahead of it in one photo, to many events (signs) in the heavens (outer space with the Sun, Moon and planets (stars in prophecy) to include the dwarf planet Ceres lights and the Pluto “doors” - the 4 evenly spaced rectangular 200 mile wide by perhaps 400 mile long black “spots” as NASA called them, both of which were not allowed to be completely hidden from public view. To further substantiate that this is the same “hour” it is during this “hour” that the Two Witnesses come according to Rev 11:13 as the same time of the great shaking that is evidenced as the World Trade Center and Pentagon attacks on 9/11/2001 perhaps thought of as the 11<sup>th</sup> hour workman call Jesus illustrated. (Pictures: <https://sawyerhg.wordpress.com/2016/11/27/jesus-said-there-would-be-signs-in-the-sun-moon-stars-planets-comets/>).

It is during this period that president Nixon, having been in power from 1969 to 1974, besides escalating the Vietnam war and brutally trying to put down war resisters also presided over the elimination of the gold standard for the U.S. currency. France, Switzerland, Germany and other G10 nations were trying to put a stop to this one sided deal that had most of Europe beholding to the U.S.

Like said the biggest power these Ministers (horns) have is over deciding who gets money and though it was mostly in the form of loans to other member countries, it wasn't restricted to members. For instance Saudi Arabia just receive a loan in the billions. And of course those same banking ministers also have national operations that fund most all the major corporations together the biggest corporation, at least in the case of the United States, the Federal Reserve Bank.

Further a king is also depicting a “reign of power.” In 2015-6 which seems to be when this King and fourth kingdom begins to take it's final shape culminating with the November U.S. presidential election of the 4<sup>th</sup> horse and rider, 40 years (1 hour Next Level time) from the time when the “beast out of the bottomless pit subdues the Two Witnesses in 1975-6 - nationally announcing, all over the United States (street commons), them to be charlatans, thieves and evil minded cult leaders that were a danger to society through the use of mind control.

Where it says these “horns” will give their power to the Beast (Rev 17:13), it's not really a willing giving of their power. It's because of their own self interest as power brokers that they give and take thus at the same time they can hate the “beast.” After all the “beast” is the sum total of all those of a mammalian mindset (one mind) that wield the greatest power over the masses who know it or not are directly and indirectly controlled by the Luciferian fallen angels and their space alien human equivalent offspring.

Rev 17:13 These have one mind, and shall give their power and strength unto the beast.

Meanwhile the space alien and human allies, acknowledged or not war with the “lamb,” another way of saying they are anti the real Jesus which includes all the Christian hierarchy and many of it's constituents and the atheist and/or spiritual and paranormalists as prophesied:

Rev 17:14 These shall make war with the Lamb, and the Lamb shall overcome them: for he is Lord of lords, and King of kings: and they that are with him are called, and chosen, and faithful.

As it says in verse 18 below, the woman is the “great city that reigns over the kings of the human kingdom (earth). By referring to the woman as a whore it is not really due to sexual promiscuity. Fornication in it's highest overview application has to do with giving our love and allegiance to anyone and anything other than the Next Level most recently incarnate Older Member(s). It's become that cut and dried because it's the judgment time so that choice has to be made. It's a last chance for the occupants of the earth to see if they have any Next Level mind in them. Until now all things were opportunities along the same vein but now it's in the final hour and decisions will become final.

Now the “woman” who is equated with a “whore” is shown to be attacked, which epitomized as New York City would seem to collaborate with the 9/11 attacks on the World Trade Center, again a world wide established corporate financial conglomerate depicted as:

Rev 17:16 And the ten horns which thou sawest upon the beast, these shall hate the whore, and shall make her desolate and naked, and shall eat her flesh, and burn her with fire.

Where it can be shown that this could have been an international orchestrated conspiracy by the “ten horns,” to usher in the New World Order to secure all its power by that time of the fourth “pale Green” horse, presidential election in November of 2016 to begin officially in January of 2017 is shown in these criticisms of the Trilateral Commission by Barry Goldwater's suggesting the think tank was “a skillful, coordinated effort to seize control and consolidate the four centers of power: political, monetary, intellectual, and ecclesiastical... [IN] THE CREATION OF A WORLDWIDE ECONOMIC POWER SUPERIOR TO THE POLITICAL GOVERNMENTS OF THE NATION-STATES INVOLVED.”

Among the many voices that accuse various U.S. and International government and non-governmental influences responsibility for the 9/11 attacks was an accusation during a meeting given by Trilateral Commission director Zbigniew Brzezinski in April of 2007, when Luke Rudkowski disturbed his talk and accused the organization with others of having instigated the attacks of September 11 to initiate a new world order. This idea was also echoed by the John Birch Society and popular internet radio broadcaster Alex Jones who by the way, my research showed was financed by the Disney corporation along with their ABC media holdings.

If these attacks were by in large orchestrated by a combination of “horns” that were willing to sacrifice as collateral damage the 3000 or so lives and property damage that made NYC a “waste (desolate) and naked” (exposed for what is really going on there in the wall street investment bank global manipulations of finances is not as far fetched as it sounds to some. After all it was clear from PNAC, the think tank, “Progress for a New American Century”'s paper on “Rebuilding America's Defenses” that may have been since been renamed or eliminated as an official document, that called for a “pearl harbor” like event to provide a reason to stimulate defense spending to fight a two front war. To think about it objectively, isn't this what Hitler did when he blew up the Reichstag (parliament building) to blame Polish communists to justify invading Poland and the Gulf of Tonkin fabricated attack that justified president Johnson's further bombing of Cambodia and Laos. And of course it's not without evidence that Franklin Roosevelt wanted an excuse for the U.S. to enter World War II so he put a blockade on Japan and turned a blind eye to the impending attack on Pearl Harbor, as recently reported and written about in Howard Zinn's book, “The People's History of

the United States.”

Rev 17:17 For God hath put ((1325 didomi= granted, gave power)) in their hearts to fulfil his will ((1106 gnome= purpose)), and to agree ((4160 poieo= agreeing to band together)), and give their kingdom unto the beast, until the words of God shall be fulfilled.

The Next Level doesn't give them the ideas to foster their evil deeds. The Next Level simply removes their impediments to their desired instigation of evil deeds. In this case this verse echo's the idea that the 9/11 attacks were orchestrated by the upcoming secret global government conspirators shown as their “agreeing to band together” translation option). In other words they were giving their previous and spread out kingdom to this new Global Wide Kingdom. This is substantiated in prophecy by Rev 6:4 where it states about the Red horse who is shown to be George W. Bush has ..power was given to him that sat thereon to take peace from the earth, and that they should kill one another: and there was given unto him a great sword (military).”

And here is where the “woman” aka the whore is shown to be a “great city” which can be specific to NYC where lady liberty greets those who arrive and Washington District of Columbia, where the Lady Columbia was associated and where the 2<sup>nd</sup> part of the 9/11 attacks took place on the Pentagon. This provided the excuse to further organize the world wide war on terror that also brought destruction and a fall to the territory where lies the old city of Babylon as represented by the nation of Iraq where it was shown was the plan to attack well before the 9/11 attacks while that PNAC document was drawn up in 1997.

Rev 17:18 And the woman which thou sawest is that great city, which reigneth over the kings of the earth.

#### **III.D.4.c. BEAST ASCENDS FROM BOTTOMLESS PIT, WARS AGAINST THEM, SUBDUES (OVERCOME) THEM AND THEY SEPARATE/COMPLETE THEMSELVES BY DYING, (KILLING) THEMSELVES**

- ASCENDETH = (RISE, CLIMB UP) AGAIN - Literally, those who are allowed to come out of their secret underground and/or undersea (under ice perhaps) hiding places during different time periods according to the Next

Level's design. Rise can be both literal and figurative. Literally they physically come out of their hiding places and figuratively they are coming out of hiding to forward their various agenda's among humans. So they are rising in their power over humans and what humans and their governments will do with the recognition of their physical existence and the technologies they hold as shown on their spacecrafts. The Next Level started these new mindset directions by staging crashes of some of their primitive spacecrafts. This showed humans some of what was possible so began turning the wheels of the scientists on how to make these same kinds of machines and the energy systems to power them by and their navigational methods, etc. It had been reported that the beings on the crashed spacecrafts themselves were the pilot/navigators, possibly related to their one piece suit material construction and brain interface.

There were no steering wheels on the spacecrafts though there were seats. It was considered by scientists examining the crashed craft remains and the physical body remains of the occupants that the spacecraft moved in much the same way a human is able to move their appendages to perform actions. They simply will it. Just like we tell our arm to lift they could tell the spacecraft to lift. In other words it was a wireless (nerveless) brain wave piloting by thought. As a result of their physical presence all the societies adopted new thinking and new approaches to solve problems and develop new technologies to include microchips, laser and nanotechnologies. So the space aliens are literally the root cause behind most of what happens on Earth, though the Next Level regulates by providing their MIND through various channels; ideas in movies, books and all forms of expression, space science, social equalities, health consciousness, overcoming additions to substances, judgmentalism of race, ethnicity, religiosity, gender, class, wealth, intelligence, health and an advancing perspective of lifeforms who are advanced beyond the human kingdom and are even at the root, however now largely misinformed, behind all the religions in times past. All of a sudden the idea that Jesus was a type of extraterrestrial arises. That challenges many who had only spiritual ideas about who/what Jesus was and who he represented. Meanwhile the space aliens who are of a mindset that there is no Next Level but classifies the Next Level as "bad aliens" tries to commandeer all information that helps bring humans into a more realistic and truthful accurate awareness of the Next Level.

Note that “ascendeth” is listed as having a present tense, thus this is suggesting it is current to these Two's prophecy period.

- BOTTOMLESS PIT = representative of “hell” and literally inside/under the earth “prison cells” for the Luciferian human equivalent fallen angel space aliens:

Rev 5:13 And every creature ((2938 ktisma= an original formation (concretely), i.e. product (created thing))) which is in heaven ((3772 ouranos= elevations, sky)), and on (the) earth, and UNDER ((5270 hupokato= 5259 hupo= place under + beneath)) (the) EARTH, AND (such) as are in (the) SEA, and all (that are) in them, heard I saying, Blessing, and honour, and glory, and power, be unto him that sitteth upon (the) throne, and unto (the) Lamb for ever and ever.

There are four locations where there are original creature formulations of life; 1) heaven, 2) on earth, 3) under earth and 4) in or under the sea.

Along side this evaluation, by use of the word “creature” it may be referring to humans or equivalents which one might consider mammals to be, as some science tells us is possible. For instance just because dolphins and whales don't do things humans do doesn't mean they are not able to have experiences that the Kingdom of God/Heaven can use to advance/evolve the kind of genetic strain that can house Mind/Spirit and thus serve as a potential forerunner to human to become a vehicle for a “Soul container” deposit. I can't recall Ti and Do specifically talking about these sea mammals but they did say they were not privy to all the projects in the experiment the Next Level performs on the planet. I'm not suggesting sea creatures can become graduate students of the Next Level, as it's not an accident that the Lord said via Moses writings in Genesis:

Gen 1:27 So God created man in his own image ((06754 tselem= to shade, resemblance, EMPTY)), in the image of God created he him; male and female created he them.

Equating “image” with their being EMPTY is interesting as these were not created with the “breath of life” that made one of these “man” a “living Soul” as shown as part of the “sixth day” after the Lord created “man” in Gen 1:27:

Gen 2:7 And the LORD God formed man of the dust of the ground, and

breathed into his nostrils the breath of life; and man became a living Soul.

In other words, for this part of the experiment this new FORMULATION (created) “man” being was given something in addition that is what made him a “living Soul.” Ti and Do knew this Soul as a “container,” a “deposit” literally attached to each chosen human vehicle that only could contain Next Level Mind/Spirit “programs” that enabled continued growth, like a seed, to actually bloom as fruit into a Member of the Level Above Human, as they drew in (drank, consumed) the “holy Mind” from their incarnate Older Members Mind which is accomplished by applying the commandments and instructions they provide that constitute the qualifications for their “spirit birth.” The idea of SAVED BY GRACE only enters in because it's not about what we accomplish as we can't even measure that, but it is about how much we GIVE and how much that pleases our Older Members so that they keep on forgiving our shortcomings (sins) until we can stand in their light on our own. If the Older Members didn't give us many chances we might never make the grade. It is about not giving up no matter how we have failed.

However, saying these creature FORMULATIONS are “in the sea” could easily also refer to “under ice” as the glacial ice that cover the polar regions are actually frozen sea. With this premise one can't help but consider the documentation that the SS wing of the Nazi party in the early to mid 1940's was very active in the Antarctica region and there are records of one General boasting publicity how he had “secured an impenetrable fortress for our fuhrer” somewhere on the Antarctic continent. In the 1930's they had sacked the library at Alexandria, Egypt and found a map showing locations on Antarctica that were of interest and they sent a number of mapping expeditions to Antarctica taking photographs of the areas of interest, in which they discovered greenery and a subsequent warm water saltan lake that indicated there was sea access to it. Even since 2012 there have been recent discoveries of warm water lakes under Artic ice. And they brought tunnel boring machinery down there so presumably dug through the ice to make a uboat (submarine) entrance to the lake area. This was presumably where Admiral Byrd military expedition was sent just after the war as the allied forces knew a large number of German scientists and uboats and SS leadership were not accounted for amid reports of some of their arrival in Argentina and Chili. Admiral Byrd's fleet encountered a flying saucer attack, but there had been no indications any of the projects the SS had engaged to

build flying saucer shaped aircraft had anywhere near that degree of success, thus suspect that the Germans had fostered a relationship with a space alien group who had been moreorless locked under the ice and ground for even thousands of years in a hospitable environment. There is further documentation of these categories of humans and human equivalents in section III.C.5 FIFTH TRUMPET/FIRST WOE.

And of course these are just a few of many references to the hidden Shangrila like environments inside Himalayan mountains and/or from reports of space aliens in underground hiding places like Mt. Shasta and potentially beneath pyramids. There are many references to such kinds of activity inside the earth all over the world that have become mythological legend that probably started with the realities of at least one past civilization on the earth and it's end (i.e. Atlantis) that are represented by most every ancient culture in writings and drawings and paintings, etc. Ti and Do claimed there has been at least one past civilization. They simply said they didn't know if there have been more.

Being a creature UNDER the Earth is actually making two statements, as the Greek “hupo” by itself means “under” and in reference to a place, while “kato” means “beneath” as in “inferior” and/or “lower” such as in what Ti and Do termed the “lower forces.” These include all creatures and their genetic descendants who were spawned from the Luciferian space alien fallen angels in some time past and who were allowed by the Next Level to escape earth surface recycling (the great flood) by finding underground places. This is considered to be Hades or Hell because those who find themselves in this category no longer have any living mind in their Soul containers or genetic structures though they may have been able to extend their vehicle's life span.

The Earth was designed to be a location for Next Level gardening type projects where as Ti and Do said the Next Level set up experiments to put prospective new members of the Next Level to the test that would raise the bar of who can become a Next Level member, even at the elementary student level of membership, higher than what those who were called the “watchers” were required to meet. So the fact that the Next Level in various records indicated the existence of mankind “under the earth” and “in sea” was no accident. After all, islands large and small are simply the tops of mountains. Thus if one was able to enter such a mountain from the sea in which they

could come to the surface within, they could very well find a habitat that could be quite able to sustain life. More and more it looks as if the Next Level designed place in the planet they could allow the renegades to escape to knowing they'd be able to survive there no matter what they did to the surface which would insure maintaining an adversarial (satanic) presence that would be used to set up the arena of who to believe in, during future “classroom” periods when they would send Older Member representatives to be incarnate to lead. It is during and after an incarnate period that the prison cell doors are opened. The most recent opening was, at least on the United States continent in the late 1940's and into the 1950's. This is not to say there have not been a number of areas that were serving as prison cells for the Luciferian space aliens, perhaps including Mt. Rainier and Mt. Shasta areas.

As for those formulations in the heavens, these are what Do called “domestics” - student souls that were awarded “white robes,” specifically designed physical vehicles that were not yet absent of mammalian properties so could still choose to regress in behavior and ways. These were awarded new vehicles because they sufficiently to their grade in school “gave their life” (at the human level). I believe Their Soul container was moved into their new vehicle by Next Level “technicians” and were assigned what Do called “elementary” tasks circulating in the near heavens. I suspect a “watcher” task is one of those more elementary tasks.

Those ON EARTH are those humans of the genetic strains being nurtured by the Next Level and would include those who were discarnate who are part of that nurturing. These would be spoken of as “trees” verses those who were never seeded with Next Level mind who are the “grass” while those who were seeded but are in a very early growing condition, in the receipt of Next Level mind would be termed “green grass.”

Note that “make” as in “make war” is listed as a future tense relative to the beasts ascension.

- OVERCOME THEM = TO SUBDUE THEM, THEIR SELVES OR THEMSELVES as listed by Strong's as the primary definition of the Greek “nikao” though depending on it's context can equally mean to overcome, conquer, have victory and success over. Naturally, I see things in the context of what Ti and Do said and did. As said repeatedly, Ti and Do didn't teach out of the Bible, so never went over any of these verses in Revelations with a

tiny few exceptions.

These Two Witnesses, as the incarnate stage of the overall promised return of the Kingdom of God, Kingdom of Heaven that has been shown includes the same One incarnate as Jesus returning with his Heavenly Father in the first stage in their joint role is not inconsistent with what Jesus prophesied as their arrival in:

Luk 17:24 For as the lightning, that lighteneth out of the one part under heaven, shineth unto the other part under heaven; so shall also the Son of man be in his day. (Also see: Mat 24:27)

These verses are broken down in section: III.B.3. but essentially show this part of the return is to be seen by humans as a “star,” or better yet shining as a star, thus as a comet in today's terminology that occurs a number of times throughout all phases of their overall return. These were most apparent as what are called “great” or “naked eye” comets; Kohoutek, West, right before and during their public parts of the task as the Two Witnesses, signaling the gathering of their “lost sheep,” their student body (The Souls who were Saints with Jesus), to be their first fruit flock and then at the conclusion in 1997 with the Hale Bopp comet. (And there have been more “star like brightly lighted objects” seen as comet Pan Starrs, ISON and as of 2015 Lovejoy, each of which had major anomalies in the way they appeared and acted. More are to come, I'm sure, mostly every year around the anniversary of Ti and Do's arrival/exit periods from January thru March but with additions in the August to October time frame.

Thus when Jesus says in the next verse:...

Luk 17:25 But first must he suffer many things, and be rejected of this generation.

...where beforehand speaking of his return Jesus refers to himself as the returning “Son of Man” (Son of God in flesh) knows he will be REJECTED by the generation of people alive at that time of that return, which can only be what takes place as a response to his incarnate public presentations, even though in the first stage he is public in partnership with his Older Member (Father) as shown.

He can't be rejected until his presence is REVEALED. That clear individual

REVEALING comes after Ti exits her vehicle that begins in earnest about 3 1/2 years after Ti's June 19, 1985 exit with Do's telling he and Ti's story to correct the record which was called, "88 Update - The UFO Two and Crew," completed on October 18, 1988 and mailed out soon thereafter to New Age Centers, Health Food Stores, writers, preachers, ufologists, monasteries and so on.

The return, to include his REJECTION takes place BEFORE the event described as "the lightning, that lighteneth out of the one part under heaven, shineth unto the other part under heaven" takes place. Whenever Jesus was answering these questions it was clear he was already rejected so he wouldn't tell them to expect to see that past/present rejection. It is because he knew he would be rejected upon return as well. The entire context of his talking about his return was relative to the "end of the age," "end time," "judgment day" so it wasn't the return from the grave. If it had been that return, then he wouldn't have been rejected after that as he stayed around only for his disciples for about 40 days and then levitated into the cloud out of their sight. Also the term "generation" is by it's very nature implying a future gen-er-ation as a new age, the one he's referring to in this context that's in the future. The time of his REJECTION is also the time He is REVEALED.

Thus I would suggest being subdued was his first rejection. He was also rejected continuously throughout his 24 years incarnate and is rejected to date in 2015. Being Subdued is defined in this context as: 1) to bring a person or group of people under control using force or 2) to soften something, or make something less intense.

- KILL is listed in Strongs as from 615 apokteino which is from 575 apo and kteino (to slay); to kill outright; as a figure, to destroy= put to death, kill, slay. So this figurative translation, which is the way most words are translated, though also have their literal interpretation is leaving out a big part of the word by just saying "kill." If these two were to be slayed/killed then why complicate the word by choosing a compound prefix of "apo"?

575 apo= a primary particle; "off," i.e. away (from something near), in various senses (of place, time, or relation; literal or figurative)= (X here-)after, ago, at, because of, before, by (the space of), for(-th), from, in, (out) of, off, (up-)on(-ce), since, with. In composition (as a prefix) it usually denotes separation, departure, cessation, completion, reversal, etc.

Note, in this case apo is used as a prefix thus there needs to be some consideration of incorporating one or more of the ideas surrounding, “separation, departure, cessation, completion, reversal,” along with it's independent usage as “off” or “away (from something near).” One can think it is combining overcome with death except for the usage of “them” with each that makes each it's own sentence/event.

Here is a Greek Word Study (Transliteration-Pronunciation Etymology & Grammar) listing (paraphrased) for apokteino as: It's a verb that literally means to kill or slay, destroy or allow to perish, in any way. The problem with this interpretation is not accounting for the prefix “apo” which means when in combination as with kteino, that death would be the result of “separation, as a departure, to cease or complete or reverse.” Plus the context of it's use in the Two Witnesses Rev 11:7 instance includes the pronoun Greek “auto” related to the wind (that I remind Jesus compared the spirit birth to) and a indication to some form of “self” singular or plural. In this context speaking about the TWO Witnesses it would be translated as “them” that includes their litter/children - thus could realistically mean, to “separate by death themselves to complete their task.”

In the John Etheridge Peshitta-Aramaic NT (1849) translation the end of the verse includes “[and kill them]” in brackets as if apokteino was optional in the manuscript. In the James Murdock Peshitta-Aramaic NT (1852) - published three years later eliminates entirely “and kill them” ending with “overcome them.” Then in the W&H Greek New Testament literal English translation of 2009 shows those last three words as “and it-shall-kill-off to-them,” which at least provides that illusive “off” which is a key part of the APO part of apokteino.

There is no question that these two die, meaning they exit from their physical bodies, at least to the degree that Jesus did, where it was noted that he “gave up the ghost,” potentially visible for some.

At first glance it would appear these Two exit their vehicle right at the end of their prophecy period, but then that is actually when they are “overcome” or more directly translated to “subdued” with their separation from their vehicles coming at a future time - that includes their fold of Saints, the ones “treading under foot in the holy city” - the primary reason for their return and speaking what they had to say, referred to as prophecy.

The verse also leaves out the detail of how they exit which isn't an oversight proven that it was intentional in light of how in Jesus case we have Psalm 22 and Isaiah and other clues that indicated he would be crucified (pierced) and dozens of other clues.

As shown another keyword in this verse that needs to be considered is translated to “them”:

Them = 846 autos ow-tos' from the particle au (perhaps akin to the base of ahr - aer 109 through the idea of a baffling wind) (backward); the reflexive pronoun self, used (alone or in the comparative 1438) of the third person, and (with the proper personal pronoun) of the other persons= her, it(-self), one, the other, (mine) own, said, (self-), the) same, ((him-, my-, thy-)self, (your-)selves, she, that, their(-s), them(-selves), there(-at, - by, -in, -into, -of, -on, -with), they, (these) things, this (man), those, together, very, which.  
109 aer from aemi (to breathe unconsciously, i.e. respire; by analogy, to blow); “air” (as naturally circumambient)= air.

“Aer” seems to point to that invisible part of ourSELVES (implies the spirit or Soul). In this case it's plural selves. The only other ways we can translate this with the context of apokteino as “separate, cease, depart by/from death” is as “them” if we want to claim the “beast” is responsible for their death or “themselves,” which opens up yet another possibility: separate, cease, depart by/from death THEMSELVES.

We know that the bestial humans backed by the Luciferian space aliens are given the power to overcome incarnate Members from the Next Level, but we also know it's always a temporary overcoming and in both Jesus case needed to be shown to the disciples so they would have that reality in their “computer” (as Ti called our storage of data) that a Next Level Member can't be permanently killed and that they still even have a physical body even after losing their human physical body, that is when the Next Level technicians on board a spacecraft put their physical Soul container into a new physical body and it grows significantly to change over into a new “butterfly” body waiting to be released from it's human host.

But it's not very consistent with all else the Next Level has taught to equate this temporary setback with the idea of that adversarial Beast and Dragon backers to completely overcome, conquer, get the victory, prevail against, as

that is the primary task of a returning student and is what becomes a qualification for graduation into the Next Level as stated in Rev 2 and 3 eight times, plus Jesus said he had accomplished after he accepted his task to stage his own death and resurrection. Jesus was killed but he had the biggest hand in it, so he offered himself up to be killed as he even said:

Joh 10:17 Therefore doth my Father love me, because I lay down my life, that I might take it again.

Joh 10:18 No man taketh it from me, but I lay it down of myself. I have power to lay it down, and I have power to take it again. This commandment have I received of my Father.

If no man took his life from him, he was referring to his real life, that of his Soul body so wasn't really killed because of them though they were the instruments of the killing of his human vehicle, yet he even orchestrated that. He was using them as the instruments for the end of that phase of his task in which he would be moving to the next phase. It was part of the design. And so it is with these Two Witnesses. Their physical bodies die as a part of the plan as well, though by these verses not specifying who kills them and how, humans can certainly still be the instruments once again.

Ti and Do did initially think they would be physically killed as said in Statement One though beyond writing that they rarely talked to the student body about that part of the task description and especially after they felt they had been “shot down by the press.” However, Do did tell a story about he and Ti telling someone they thought they were the Two witnesses. (I suspect the timing of this event was in late 1973 or early 1974). Here is my paraphrasing of what He said in “Beyond Human - The Last Call” video session 11:

Do explains that soon after realizing they were fulfilling the task of the Two Witnesses, that He also explained in “88Update” was quite an adjustment to accept and be willing to tell someone, because of how they each were always turned off by people who would say they were the reincarnation of some Biblical character like Cleopatra, etc. They went to a New Age Center called Summit Lighthouse saying they wanted to talk to the leaders of the organization. While waiting a student of the teachers at this center asked what they were about, what was their information and They said they thought they might be fulfilling the task of the Revelations Two Witnesses, to which the student said that couldn't be so because her two teachers were the Two

Witnesses. Do said that was a kind of wake-up they didn't want to repeat as they thought whether they were or were not the Two Witnesses that was a good experience because it didn't matter to them what the reality of that was, as who is going to prove what that reality is and who might be the fulfillment of the application of certain prophecies pertaining to individuals.

There are times in prophecy where there are multiple adjectives describing one noun and there are multiple scriptures describing the same event but mostly when there are multiple verb/adverb/noun combinations following one another like these three: 1)...shall make BATTLE (WAR) against THEM, (THEIR SELVES OR THEMSELVES)  
2)...shall SUBDUE (OVERCOME) THEM, (THEIR SELVES OR THEMSELVES), and  
3)...shall KILL THEM, (THEIR SELVES OR THEMSELVES)

It is meant that each is reflective of it's own stage and associated events that come manifest and there is no telling how much time passes in between the stages. Note that “shall” is included because in all three of these cases of the tenses of:

“to bustle, battle, fight (war),” and “to subdue, conquer, get victory over (overcome)” and “to separate/exit by dying/death” or “to take away by dying/death” (kill), they are set to the future relative to the time in which they are, “to end, accomplish, make an end, expire, fill up, go over, pay, perform (finish) their evidence given, record, report, witness (testimony).”

As said these are three stages with events that manifest starting when these Two begin to deliver their new information from the Next Level and continues for the duration of their incarnations. That's in part why each stage is set into the future tense. Every minute they are incarnate (awake to their identity and task) reveals part of the overall TESTIMONY they came to provide. However, in the context of this verse where they do their revealing of new information over a 1260 day period, this is also the period in which the bestial humans, unknowingly influenced by the Luciferian space aliens also escalate their BUSTLE, BATTLE, FIGHTING. So here is a summary interpretation of these three events:

1)...Beast... make bustle, battle, (war) in accompaniment, association with and in succession of (against) THEM, THEIR SELVES OR THEMSELVES

The BEAST is evident at this time through the National Media of the U.S., which is the mouthpiece of the Beast which is the Secret Government aka Mystery Babylon (Rev 17) that formed largely in the 1940's-1950's because of and to deal with the Space Aliens who were released from their prison under the Earth and/or Sea to enact their agenda to get off the planet, stop the Next Level and/or build the technology to establish a colony off the earth. Their release was coordinated with the provision of physical proof of Beings on earth from outer space via so called UFO crashes that for some as they became aware of their reality provided an avenue to offset the misinformation of humans being the most evolved creatures in the universe and that such creatures were from a strictly spiritual realm which was all important to further prepare some for the incarnations of Ti and Do and Crew.

A number of the UFO crashes were staged by the Next Level and used for the arrival method of the Two Older Members and their “saints” - their students, some of whom were rewarded with physical bodies made/grown for them by the Next Level because they demonstrated their giving their all to the Next Level through their incarnate Older Member in the name Jesus, to include laying down their human vehicles lives witnessing for Jesus that got many of them killed for. It was “laying their human bodies down” in the example and instruction Jesus gave to them - telling the truth - standing in defense of all Jesus said and did, knowing that doing so would get them killed as it had to Jesus and as Jesus said it would.

Also on board one or more of the Next Level stimulated UFO crashes were those Souls without physical bodies who had been “saved” because of their degree of dedication to what Jesus taught and did. Those spirits who showed the Kingdom of God their allegiance apart from knowing about Jesus, perhaps from anyplace on the earth, it seems were to return as well, as Ti and Do said and Jesus indicated by saying the just and unjust would all be back during this End of the Age to stand in judgment, which is more of what's taking place since Ti and Do and Crew have exited the human vehicles they “borrowed.”

These battles are continuously waged thereafter the initial battle that caused these Two to be subdued (overcome), which Ti and Do called their being “shot down by the media” as They never followed the script of prophecy, though looking back on all they said and did were always right in line with

it's fulfillment.

So the Luciferian Space Aliens are the Souls and Souls with hybrid human equivalent vehicles, who ride the human Beast's that make them into the definition as “poisonous animals,” characterized through their various organizations and movements that cropped up during the same time period when Ti and Do and Crew were awakening and then publicly speaking (prophecy) the truth about the Next Kingdom they providing witness for with their personal testimony - that they had to draw into their human vehicles gradually, largely as a strategy to foster the graduation of their students who would become the First Fruit Harvest of new membership into the Kingdom of Heaven.

Meanwhile there were all sorts of facsimile “cults” cropping during the same time period and especially brought to a head in the 1970's when Ti and Do came to the fore. Even though they were facsimiles with leaders who were being influenced by the Luciferian Space Aliens, those that sought to follow many of them could have been taking their next best step towards being in a Next Level overcoming classroom which is actually being re-stimulated at this time of the fourth Seal “Harvest” period that will be further stimulated by the Next Level into 2017 by the way the Space Aliens and their discarnate minions “sit on” humans within the BEAST's governmental and institutional structures to seek their own “harvest” - depicted as their “consuming” humans because of their need for human DNA and an agenda of building a force against the Next Level and/or the plan to try to survive the upcoming spading/recycling by building cities underground and/or under the sea and if they can in outer space.

When these Two Witnesses came incarnate and began surfacing what they knew using new terminology and concepts, the war entered full swing. It always has been a war over Minds/Souls while the weapons are mouths speaking words and ideas and their associated behaviors and ways. Thus the media as a whole and as a MOUTHPIECE OF THE BEAST is what goes after anyone who spreads the truth. The Kingdom of God/Heaven's Older Members are telling the unvarnished truth while nearly everyone else are naturally, because of generations of programming disputing, ridiculing, redirecting, ignoring, misapplying, spiritualizing what is being provided.

However, mostly the effort against the Two Witnesses is to get them to stop

their dissemination of information, which in the case of Ti and Do was seemingly accomplished by discrediting them, which was largely like saying... “Isn't he the carpenters son!” as a reason Jesus was personally discredited as being the expected messiah which enabled their more easily ignoring all he said, an option the Next Level wants everyone to have, though they still continue offering until it's all over and it's recycle time.

2)...shall (in the future) SUBDUE (OVERCOME) THEM, THEIR SELVES OR THEMSELVES

The only reason an incarnate Member from the Next Level is subdued or overcome is if it's part of the Next Level plan from the start. The Next Level doesn't force anyone to be the instrument of subduing. They just know it's going to happen because that's why they provide the “lower forces” who have accepted programming to sow seeds against the truth so would seek to subdue any who bring/deliver that truth. Of course they don't see it as the “truth” or they wouldn't oppose it. I believe some see such “truth” as the programming of an evil alien race that imposes their will on humans and especially when they recycle the planet's surface that dissolves most if not all traces of a civilized infrastructure. So it's like the weeds of the garden calling the gardener evil for destroying them when they want to start a new garden (civilization) that has produced all the fruit it can produce.

For instance the misinformation sowed by the lower forces becomes so dominant in society that any suggestion that it is misinformation is met with laughter, scorn, sarcasm, arrogance and even hostility to stamp it out or ignore it or morph it into myth or science fiction to make it into a total illusion to actually believe in. An example that just came to my attention is the way training people to kill others as in the military has become an honorable well paid career choice. Even with all the wars overseas that have been proven to be anything but really protecting the country, life goes on for millions as if it's still honorable to serve those who fabricate the lies that convince people they are serving for the good of the people.

The irony is that they are serving what many of the people want as waring boosts the economy and that in turn provides millions of jobs almost entirely built on misinformation. Another example is in religion where millions are employed in all kinds of mechanisms that are also seen as career choices whether it's a professional beggar passing the collection plate quilting people

into supporting their infrastructure that is more about putting the hierarchy on the pulpit than anything the Older Member's who came incarnate actually taught and did. Ministers today largely teach how to be a better human while in the case of Moses and Jesus, they are teaching the requirement to separate from one's roots to humanness which happens in stages when we believe in the formula taught and put it into motion.

Everyone is not going to feel called to leave everything behind to give their all to the Next Level but if anyone wants to continue towards that step they need to believe in that requirement and share that with others as just keeping it to yourself is not doing any work for the Next Level. That's why Jesus said, if you have the "light" to see by, you don't hide it under a basket - you put the light on top the basket so that light can potentially enlighten others.

TI AND DO'S PUBLIC BEGINNING BECAME A GLOBAL NEWS STORY THAT RESULTED IN THEIR BEING SUBDUED (OVERCOME):

In early April of 1975, when Ti and Do were invited to give, first a private meeting in Los Angeles and then subsequent public meetings up the west coast of the U.S. and east from there, they referred to their being killed and "resurrected" as a "demonstration" of who they are and where they'd come from as being from the same family Jesus came from to bear the same truth as the promised follow up. Those who recognized their "voice" - the words and ideas they bore had no need nor desire to see them resurrected or to see or board a spacecraft (UFO).

In 88Update Do writes about the "demonstration" indicating it was one of the hardest things they had to do because students were told to go out and spread Ti and Do's information until they would hear about the "demonstration" as a signal to stop holding public meetings and "run" to where the demonstration would occur.

Backing up a bit: In their first private meeting that overflowed the North Hollywood, Los Angeles house they were invited to speak at, seeing some were still thirsty for more information when they had said their piece, they had another private meeting at the same location the next night and several dozen showed up who wanted to leave all behind to follow them which took them by surprise and was not all that welcomed, but felt they had to go with. That's when they started using the names Bo and Peep.

Ti and Do arranged to meet these new “sheep” at a campground. For those that were serious after camping with them and some of their friends, for a couple weeks they moved north, camping near San Francisco. These who were serious were instructed to wrap up the affairs of their lives as the modus operandi was that it was necessary to “leave our old world behind” to start this new endeavor. (That is one huge sign of a true Member from the Kingdom of God/Heaven). Since they now had students, Ti and Do felt their instruction was to see if there were others to gather. Before those North Hollywood, Los Angeles vicinity meetings Ti and Do thought they would just tell what they knew and move on to tell others. They weren't initially keen on having followers but accepted what was happening.

Prophecy didn't clearly reflect the Two having attracted students but they weren't going by prophecy anyway, except as used for clues about their task. As circumstances developed their instructions clarified. Instruction didn't often come as absolutes, for instance telling them to do this or say that. They always had to feel their way by taking steps. Often they would arrive at their best choice by trying certain directions and then realizing if they didn't feel right shifting gears to another direction so that step by step they often knew the most right directions by ruling out all the others.

Mailing out statements in March of 1975 that got to the new age meditation group in L.A. was an instruction and that led to what was to unfold next that proved to them whether or not they were on the track with their helpers in the Next Level. Do told us after Ti left her vehicle in 1985 how ironic it was, the way they received step by step instructions because it was Ti who left instructions, their Next Level helpers were to carry out, before she came incarnate, which included not giving them more information than they needed, according to the circumstances and student needs.

So Ti and Do decided to head north to the San Francisco bay area to set up a public meeting. But for reasons I didn't know about, some students gave the first public meeting at Stanford University in Palo Alto, California on Aug. 13, 1975. It was a packed house so from that response Ti and Do decided to make their first public appearance in Sunnyvale at Canada College on Aug. 24<sup>th</sup>. The line to get in was so long that they filled the college auditorium twice that day.

But it wasn't until the aftermath of the next meeting in Waldport, Oregon on

September 14, 1975 that because of one report of children being abandoned by some who were joining, that involved police and the press, that an investigation and type of manhunt for Ti and Do began.

Ti and Do didn't meet with everyone who joined from the Waldport meeting until later. The existing students answered questions at the end of the meeting and for those that wanted to join (as my girlfriend and I did) said a little about what to do to from then on. They said to try to tie up loose ends in 2-3 days but not to "leave a mess behind." They knew that staying in our "world" any longer could jeopardize one's exit from their worldliness as most of their family and friends would try to talk them out of going with what would be seen suspiciously. There was nothing popular about joining this group and it certainly hit the nation as about as bizarre as anything could get. It actually can't be seen otherwise unless you are one who received a deposit of their mind. That's the realism behind what's said as "to be drawn by the Father." It's not anything casual. It's planned vehicle by vehicle, though the choice always remains to not respond.

Joh 6:44 No man can come to me, except the Father which hath sent me draw him: and I will raise him up at the last day.

Joh 6:45 It is written in the prophets, And they shall be all taught of God. Every man therefore that hath heard, and hath learned of the Father, cometh unto me.

I had personal experience with the events that ensued in the aftermath of the Waldport meeting. The two children reported as being abandoned were a young woman I'm calling J's children; 4-5 year old Jennifer and 1-2 year old Noah. A man named R was J's partner so was serving as the childrens' step dad living with J in Newport, Oregon and it was their apartment overlooking the Pacific coast where I with my partner I'll call "S" spent a great deal of our time. S, J and R also went to the Waldport meeting and felt to join with Ti and Do. Children couldn't make that kind of decision so they needed to arrange for the care of the children. I recall at the Waldport meeting where Do said children could not come, a women in the back of the room shouted out very loudly, "you ought to be shot." J spoke to their biological dad who lived nearby in the Portland, Oregon area who as I understood agreed to take them. I wasn't involved in any of their decisions in these regards.

My partner "S" and I had been together for about 5 years before that and

came to Oregon together. S's younger sister, I'll call "C" had also moved out to Oregon to be near us soon after she graduated high school and lived with us for some months before she moved in with her boyfriend and was more or less living on her own at that point. When S told C of our plans to join with Ti and Do, who I was telling people seemed to me to be "the equivalent of Jesus" (that Ti and Do never insinuated) and that R and J were also joining and couldn't bring the children, she became very upset by it all and went to the police. I was leaving R and J's apartment with S when a police officer and C came to the door and asked me if children were being abandoned. I said "no" which was a half truth. That put it to rest for the moment. However, then C called her dad who was in New York to tell of our plans to join this group. They were immediately alarmed and the dad contacted their uncle and grandmother who all flew out to Oregon the next day. S and I met with the four of them in a motel in Newport, Oregon where they tried to talk S out of joining. S's family were all Jewish and blamed me for influencing S to belief in Jesus though I can't say I ever talked about Jesus to her, as though I held Jesus in a special place I knew little of what he said and represented and was not part of any group and had a certain disdain for the Catholics I was raised with. It was clear however from before we moved to Oregon that her family at gatherings I attended disapproved of S's relationship with this Jesus believing hippy.

There were two others of our friends that were planning to join with Ti and Do from that Waldport meeting. One owned a number of houses in Newport that he rented out to hippies. He was signing over the ownership of those houses to his friends. The other fellow was a musician I sometimes played with. He and I went to Portland to try to sell our instruments. Meanwhile S and I were telling all our friends in the Newport and Waldport areas of our plans to join this group. Thus the buzz around town was building and the police were no doubt still investigating what was going on. The press was involved and parents and family were very concerned so it was apparent to S and I that we needed to get out of town post haste.

We had instructions from followers of Ti and Do who were at the meeting to make a phone call at a certain time and day in which they would give us a place to meet. We made that call and were told to go to a park in Eugene, Oregon where we were told to meet at the Colorado National Monument a few days later. On the third day following the meeting the six of us left

Newport in two cars. S and I had \$50.00 in cash and I brought my flute which I never played after that and sold later on to buy a junk car with. As it turned out R and J and the other two left the group several months later while S and I, though no longer a couple continued for years - S until 1987 and me to 1994.

## WALTER CRONKITE OF CBS NEWS BREAKS THE STORY NATIONALLY:

At the National Monument campground we met with Ti and Do and were assigned to be in different groups that were in various camping locations between Colorado Springs to Ft. Collins, Colorado. I was assigned a group near Boulder. The plan was to hold six meetings in these towns. We did and gathered more followers and were given instruction to head to Chicago for the next round of meetings. By the first week in October the story broke nationally when CBS anchorman Walter Cronkite reported: "A score of persons from a small Oregon town have disappeared. It's a mystery whether they've been taken on a so-called trip to eternity — or simply been taken."

Now with our numbers around 70 camping at the Chain of Lakes north of Chicago, Ti and Do learned that there were two university students who had joined with us to write their thesis on the group, (Rob Balch and David (?) Taylor). That plus the national news breaking and our large number that could easily be spotted, caused Ti and Do to break us all up into smaller groups and send us into different directions while maintaining a system of contacts using Holiday Inn front desk messaging and pay telephone appointments with each group leader partnership.

The breaking national news was followed by reports in most every newspaper across the country. I know that because for months I, with the partner Ti and Do had assigned me back in Colorado criss-crossed the country largely by thumb, when our cars broke down, going town to town looking for people to spread the news to. We had become separated from any group so lost contact with Ti and Do and any other students and we did this through that 1975/76 winter all through the Midwest. To get out of the weather we spent time in libraries and saw articles about our group so new of the publicity.

The articles spoke of these TWO and how dozens had left all behind to follow them and that they would be rendezvousing with a UFO to take them

to heaven. I later learned that people began to fear fowl play afoot. Parents were getting letters from their adult offspring who had joined with Ti and Do, at least one, saying they would never see them again. When Ti and Do learned of that, they said that was “cruel” to say to someone being left behind. We were initially told it would be a good idea to write letters to any who would be concerned about us. I wrote a long letter to my vehicle's family but said nothing about never seeing them again, though the bizarre nature of the entire endeavor didn't really quell my mother's anxiety.

However it wasn't as if I was very close physically or mentally to my parents and hardly knew my younger brother and sister at the time. I left home when I was 18 to go to college in West Virginia for one year then when 19 traveled by thumb all over North America, then turning 20 rented a house with my girlfriend in New York, got jobs and saved and moved away permanently to live in the British Columbia mountains as homesteaders where a year later I was deported back to the states because I'd been living in Canada beyond a visitors stay and was working illegally - on a cattle ranch and for the provincial park service. So by 21 I was living on the coast of Oregon surviving off of odd jobs, music gigs and sometimes helped with food stamps. My mother had been against my rebellious choices from Junior high school so by the time I was 24 in a sense she was prepared as was my dad and siblings. However, this was still a doozy for them to handle.

It was just a couple weeks after the first report that Walter Cronkite on October 18, 1975 reported the “mystery surrounding the two” as solved. Ti and Do were at the time using the names Bo and Peep (Ti was Peep), which of course didn't give the authorities anything to go on to track them and their suspicious activities, thus the mystery of who they were and what became of those who had left all behind to join with them. So when they finally discovered the names of Ti and Do's vehicles and found some criminal history, it was reported that they couldn't possibly be prophets from the Bible as claimed because Do was a convicted felon.

**HOW DO BECOMES A CONVICTED THIEF - (even fulfilling that prophecy, which was mostly because of a misunderstanding):**

Do writes in 88Update about all that led up to he and Ti's arrest and his conviction as a “thief” that I have paraphrased to not be threatened by some who hold the copyright to the documents:

Do writes that he and Ti met a woman in Houston (around the fall of 1972) who wanted to stay in touch with them when they chose to leave all behind of their lives in the Houston and Texas area and they agreed. They met up with her in the months that followed and at one point she offered them the use of her gasoline credit cards which they used until they found out the cards were reported stolen by the woman's husband. They were traumatized by that.

Meanwhile their car broke down in St. Louis on Christmas day when comet Kohoutek was at perihelion. Do still had some of his old credit cards they hadn't been using, which he then used to rent a car. (This is interesting as if they were trying to get a free ride or be fraudulent one would think they would have used those credit cards by then. I don't why they didn't use those cards before then.)

As some time passed and they had kept the car beyond the time they rented it for, their thinking God would help them have the funds to pay the bill, not having the money, they wrote letters to the Rental Car Company saying they fully intended to pay for the car's use and that they were taking good care of it. Nevertheless the Rental car company reported it stolen.

They made their way to Brownsville, Texas and contacted a news organization telling the reporter they had the biggest story he had ever received for him. The reporter figured it was a drug dealing tip so contacted the police who went to the hotel with him. When Ti and Do saw a "hoard of authorities" they got frightened and tried to leave the motel abruptly which resulted in their being followed and apprehended and then arrested for stealing, Ti for the use of the alleged stolen credit cards and Do for the rental car, though both charges were eventually dropped.

However the St. Louis district attorney decided to prosecute anyway and after Do was in Jail in St. Louis for 6 months his trial finally came to the judge and he received a four month sentence, because he agreed to plea guilty to get out of jail verses go through a trial and still not know what he would be convicted of.

That time in jail is when Do wrote, Statement One. It was a growth experience for both of them having no history of any sort til then and they now thought no one would listen to them because they would have lost credibility, while they also realized their credibility and stability was now

“unquestionably questionable.”

Do makes note that he had to take a psychiatric examination before being released from jail as the Judge knew of his peculiar circumstances surrounding the arrest, and he passed with flying colors while a day didn't pass that he didn't question his own sanity.

While he was in jail Ti worked in a hospital in Houston to pay lawyer fees and was able to buy a car and camping gear and they struck out again but in such a way to take no chances and they were reminded how credit and credit cards are not the ways of the Next Level but rather Lucifer's ways of guaranteeing service to his world.

This is when they sent out Statement One to a total of about 90 ministers, evangelists, and awareness centers.

THEN DO WRITES ABOUT HE AND TI'S RESPONSE TO WALTER CRONKITE'S SECOND BREAKING STORY THAT TOLD OF DO's FELONY CONVICTION:

All the Television Network News programs broke the story that they had figured out the identities of those who before then were only called The Two or Bo and Peep, the leaders of the UFO Cult who people were leaving all behind to follow, while Ti and Do were in Las Vegas. This all added up to their feeling that “further meetings were pretty hopeless” because they figured most people had already determined them to be ridiculous, yet they also thought the “demonstration” (their being killed and resurrecting and ascending to heaven) might change that.

So they “grieved literally for days” feeling “shot down by the media” and basically killing their mission.

Again to show how little Ti and Do cared about matching prophecy, Do wrote how “they grieved literally for DAYS,” when he could have just as easily written, “they grieved for 3 1/2 days” to match what prophecy seemed to indicate, when no one could have proved otherwise, that is if they wanted to be more prophetically correct with Rev 11:9 as the time period in which their “dead (figurative killing at the hands of the press) bodies (shall lie) in the street of the great city,” which was, again, what until that time Ti and Do anticipated.

It will be shown in the next verse what that translation could have been as “shall lie” was absent from the Greek manuscripts and “dead bodies” was more accurately “ruined bodies” (though not the same word as subdued/overcome). By the way, they were not at that time looking forward to being killed, though they later spoke lightheartedly about that kind of event by saying they hoped whoever killed them, presumably with a gun, would “shoot straight,” (so they don't end up in a vegetable state).

This was typical to not try to be prophetically correct. One time years later we were fasting on what was called the “Burroughs cleanser,” as we had a number of times before. (It consisted of 1 oz. of fresh lemon juice, 1 oz. of grade B maple syrup to 8 oz. clean water and a pinch of cayenne pepper). This one time of the fast was in day 39 and Do asked the group of about 28 students if we wanted to continue to day 40 or break it now. The students didn't care, though at least one, Sawyer leaned a little to the 40 days as 40 was that proverbial number - how long Jesus was said to have fasted in the desert, the Noah flood was 40 days and 40 nights, Jesus stayed around for 40 days after his resurrection, etc. Do decided to break the fast right away instead and I felt a teeny tiny let down by not hitting that seemingly magic number because I was still thinking in a spiritual way and this was not at all a spiritual trip in most senses of the term.

After those “days” feeling “shot down” while in a Las Vegas hotel Do says they “received instructions to not walk into a physical demonstration” because their “killing in the street” was what took place at the hands of the media.

But considering what they had told students about anticipation of their being killed and resurrecting, they felt to tell the students this new understanding was a “cop-out” or a “chickening out” and were convinced without that demonstration their students “would have every right to call them charlatans.” But to their surprise when they told them, almost without exception they accepted the interpretation and were ready for the next step.

Ti and Do still felt it was one of their biggest tests but then continued with the instruction to hold public meetings that lasted for a little over ten months.

I believe I recall that sometime later, Ti said that the “demonstration” didn't happen as they first thought it would “because the students weren't ready to

leave yet,” as they needed more overcoming of their humanness. Thus perhaps it could have happened the way it was translated. This would mean that Ti and Do were led to believe what they believed because that was what their Next Level guidance felt was best for the student body to believe. After all it was clearly a way to vet the serious students from those who were really not ready to go the distance. This way, some were given the impetus to leave the classroom if they were banking on that “demonstration” coming to pass. I fully accepted their new interpretation and hadn't at that time ever dissected all the words anyway, though I did study scripture a lot once I joined.

It was only in the last 15 years that I came to examine this verse again and again and again to come to terms with the part that says “shall overcome them” that seems better translated to “shall subdue them” as subdue being more of the root translation also conveying less finality since Ti and Do didn't separate from their vehicles then.

Finally the translation to “them, themselves or themselves.” Actually all three of these usages work with what Ti and Do taught and experienced. Yes it was the “beast” that subdued/overcame them, their vehicles. It was actually their “human self” that was shot down and they actually brought that on of themselves by setting up the meeting with the press in Brownsville, naive to what that reporter would think their “scoop” entailed. I'm not suggesting Ti and Do made a mistake in that regard. To the contrary I believe they were following exactly the guidance they had even designed would be given them, before they actually came incarnate. It did fulfill the literal nature of that prophecy of his coming as a “thief in the night” and it provided the bestial lower forces the ammunition they wanted to cast them into the bucket called charlatans. None of this having to do with Do's conviction phased their committed followers because they were operating from a position of KNOWING who they were and knowing they could trust them 100% no matter what was said about them. Some were still tested of course but that was all part of the program though we students didn't know just how real each test would be.

3)...(and, also, even, or, then) KILL= (“apo” as prefix= separate, depart, cease, reverse) + (by, at, because of, from, in, off, with, take away) + (“kteino”= slaying, destruction, being put to death), or metaphorically to extinguish, abolish THEM, THEIR SELVES OR THEMSELVES

## THERE ARE THREE BIG REASONS THE TRANSLATION OF APOKTEINO TO THE ONE WORD, “KILL” IS HIGHLY QUESTIONABLE.

First off - it would be totally disregarding the prefix “apo.” There are plenty of words that have that prefix and in each case one can see the distinction from the part of the word it precedes so why wouldn't it have meaning in front of kteino which is said to mean, “to slay,” “kill,” “destroy” in any way. Some translators would say apokteino means “to kill in any way,” or even to destroy or eliminate, or as I contend to bring about separation of one's Spirit or Soul from it's human vehicle as additional verse re-translation and re-interpretations help bring out.

In some cases like with 622 apollumi which is mostly translated to “perish” or “destroy” which can also be “to kill,” even in the very same verse where apokteino is also used to refer to killing the Soul that is then “destroyed”:

Mat 10:28 And fear not them which kill the body, but are not able to kill ((apokteino)) the Soul: but rather fear him which is able to destroy ((apollumi)) both Soul and body in hell.

By the way I believe this refers to the Luciferians as no human without the Luciferian mindset/influence can take away someones opportunity to graduate the human kingdom, which results in the recycling of their spirit or Soul that needs the human body to learn the needed lessons through. Hell is the condition of non-existence with no potential to exist again regardless of whether or not a spirit and/or Soul still maintains an awareness of it's non-existent condition.

Secondly, this is not the only word used to depict the loss of life by a human's hand. For instance whether premeditated or not, the commandment from Jehovah given to Moses to give to the Children of Israel, as "thou shall not kill" became the Greek word, 5407 phoneuo translated 10 of 12 times to "kill," once as "do murder" and once as "slay."

When kill is used to refer to the killing of an animal, as for a sacrifice, yet another word is consistently used; 2380 thuō which is a root word also translated to "sacrifice" and in one case "to slay." Killing a human was certainly a unique word, though as we see with variation.

Thirdly the context in the next few verses doesn't support these two being killed, though the translators tried to make "kill" fit. They added several words and mistranslated another few seemingly to make "kill" work. That will be shown in the next verses. Plus it was clear these Two had power over their enemies so that anyone who tries to hurt them "must be killed" (Rev 11:5). Isn't killing someone hurting them, so this suggests they aren't to be conventionally killed by someone else's hand.

Again, apokteino here seems to also work better to be translated closer to "exit or separate or ceased or concluded by dying" because the Next Level Members are not "hit men," though in their "gardening" do instigate the death of human vehicles that show no signs of having their mind active in their consciousness. Ti and Do spoke of tornado's as specific stirring up people to help stimulate their growth and they indicated earthquakes were also like accelerators in the same way. Even with these forms of gardening it's not punishment. It's simply a fact that when people are faced with trauma, if they have any mind from the Next Level they will seek help from "God" in whatever terminology and concept they have. Then the Next Level can choose who to help based on their sincerity as anyone can talk the talk one

time when they are up against the wall, so to speak. But for those that they probably already know about because they have evidenced some regular contact (for instance, in honest talking to God, even if they lose their vehicle in the gardening event, their Spirit or Soul can be saved for a future opportunity or the Next Level could arrange for specific ones who cry out for help to physically survive the action and often for these their faith grows as they tend to have a knowing that God answered their prayers. In this example of someone seeking to harm these Two, they are sentencing themselves to “death” in several ways - first by choosing to go against the only source of future life, so however the death of their physical vehicle happens their spirit will not be saved for any future.

However, in this context, perhaps these Two only have the said authority during their assigned prophecy period. After all Jesus, when he was being arrested, according to the plan of his “laying down his life” as he called it, that he received instructions about during the “transfiguration” physical visit from two messengers that three disciples also witnessed said in such a way that looked similar as a type of karma:

Mat 26:52 Then said Jesus unto him, Put up again thy sword into his place: for all they that take the sword shall perish ((622 apollumi)) with the sword.

Mat 26:53 Thinkest thou that I cannot now pray to my Father, and he shall presently give me more than twelve legions of angels?

Mat 26:54 But how then shall the scriptures be fulfilled, that thus it must be?

As a side note, there has been a commenter on my blog that says he heard in one of the audio tapes that were made during most the entire classrooms duration where Ti was talking and said something about being able to easily beat the cancer that was diagnosed to be in her eye. Her eye was removed. This person, who seems to hate any notion of Ti and Do as who they said they were, yet said he listened to all the available tapes uses Ti's saying that as evidence that she couldn't beat cancer because a few years after she allegedly said that, her vehicle died and the cause as far as the doctors could tell was the cancer that had spread to her liver. If she said that about beating the cancer then wouldn't it be like Jesus saying he could have escaped his captors. But it wasn't part of the plan so Ti never felt to try to fight the cancer. By the way, Do said she “burnt out her vehicle” by the quality of mind she was drawing into it through or with the vehicle's pineal gland.

So if apokteino means what I say it does that I have synthesized down to, “(shall) separate/exit by dying/death,” it must no longer be the result of someone else murdering them. When we add “themselves” to the end of “kill” (as after SUBDUE (overcome) it takes further shape as a SELF DETERMINED EXIT, (AS JESUS EXIT CLEARLY WAS) because “them” are the subjects and as the active voice the “doer” of the “separation/exiting by dying/death.”

Furthermore, when SEPARATION BY DEATH/DYING (kill) comes after they are SUBDUED (Overcome) tied together by the Greek “kai,” defined as a copulative and sometimes also a cumulative force as; AND, ALSO, EVEN, SO THEN, TOO; often used in connection (or composition) with other particles or small words= AND, ALSO, BOTH, BUT, EVEN, FOR, IF, OR, SO, THAT, THEN, THEREFORE, WHEN, YET, the context with THEMSELVES (them) on the end of each of these event depictions stands out as independently cumulative. In other words it's not so much as accumulating multiple actions performed by the them because of the same primary cause of the bestial BATTLING.

So since these phrases can stand alone, each with a subject (them (selves)) that stimulates the future (starting when they are coming upon finishing their prophecy) events, described by the verbs (battle, subdue and exit by dying/death), we must look to further clues for more specific timing for the most accurate interpretation of each of these phrases.

Finally, there is other evidence of this suggested translation of “apokteino auto” to their literally “killing themselves” (their vehicle being their “self”) in:

Joh 8:21 Then said Jesus again unto them, I go my way, and ye shall seek me, and shall die in your sins: whither I go, ye cannot come.

Joh 8:22 Then said the Jews, Will he kill ((apokteino) himself ((1438 heautou from a reflexive pronoun otherwise obsolete and the genitive case (dative case or accusative case) of autos 846)))? because he saith, Whither I go, ye cannot come.

Joh 8:23 And he said unto them, Ye are from beneath; I am from above: ye are of this world; I am not of this world.

The only difference is in the case of the pronoun. I have already shown that

Ti also brought about her own exit of her vehicle

Backing up a bit, when examining the grammar of “ascendeth,” it is a present tense, active voice and participle mood. This means the “beast” is the doer of the action of “ascending” but is considered to be a verbal noun which is usually identified by a suffix of “-ing” or “-ed,” thus “ascended” and/or “ascending.” So the “beast” has both already ascended and/or is still ascending from their underground hiding places, potentially inside mountains and/or the sea, as in Antarctica and the Arctic, the Himalaya's, Mt. Shasta, Mt. Rainier, and/or where ever else they were allowed to escape/hide from the Next Level and the last recycling period documented as the great flood of Noah's time that may even be the same story as the Atlantis story and other cultural flood stories.

As shown the first indicator of the timing of the start of these Luciferian space aliens, who actually rule most of the humans on the planet, (unknown to them), coming out of their prison is during the 5<sup>th</sup> angel's trumpet sounding which began more or less in the 1940's- 1950's as previously documented.

THE SUBDUING OF THESE TWO DOESN'T OFFICIALLY START UNTIL TI AND DO MEET AND START AWAKENING TO THEIR TASK and delivering what they know to others that is officially thought of as January 1<sup>st</sup> 1973 when Ti and Do officially left all behind.

TI AND DO UNKNOWNLY SET UP THEIR OWN ARREST AND EVENTUAL SUBDUING:

Before Ti and Do came incarnate, as first they just “tagged” the vehicles they would later take over, they actually set this all up, so they are the ones who decided when to open the prison door of the Luciferian space aliens bestial humans/human equivalents. They also set up the circumstances that would lead to their arrest. They always felt a little funny using the credit card their first student gave them to use for gasoline. And use of an old credit card to rent a car when their car broke down in St. Louis when Comet Kohoutek, perhaps the “1<sup>st</sup> woe,” was at perihelion was also a little out of character for them, just trusting the Next Level would find a way for them to pay it off. They could have used those credit cards for the entire year they were traveling together but didn't. Ti and Do never approved of using the credit

card systems because of the way one becomes beholden to those corporations. (We did use credit cards in the classroom but only to rent a car or buy an airline ticket - things that could no longer be done easily any other way).

I don't pretend to know what they would say about using them now. I did when my partner left and her business was our main income stream and I couldn't find a job and had a house to pay the mortgage of when I was just really getting going on writing this book. I already had a lot of debt because of the financial collapse and the loss of revenue from my partners business. But having great credit with many 0% interest offers, I used them to pay all my expenses until I was able to collect social security. Ti and Do never hesitated to take advantage of programs some could qualify for though they preferred to work for income as we did throughout most of the classroom's later years. When traveling giving meetings we asked businesses and churches for help with food and gasoline and shelter and also offered to do chores and did them, but our first priority was getting the information out.

But in addition to taking a chance on the use of the credit cards, Ti and Do really stimulated their arrest by going to the reporter in Brownsville telling him they had a scoop that he took as info about a drug deal, so called the police. They were blinded to how he would take what they said. I suspect they were simply following their unseen leadership that was setting them up to be seen as thieves to fulfill prophecy of "coming as a thief in the night." Jesus also said not to be caught unaware because of his coming as a thief although they were actually stealing human bodies from their otherwise normal human destiny that Do semi-jokingly called "body snatching" after that movie the body snatchers, except of course the Next Level members were not at all hideous looking monsters. They weren't really stealing human vehicles any more than a human who takes baby chicks or eggs from a mother hen is stealing when the entire reason that chicken is living in their care is to produce eggs and/or new baby chicks. The chickens may think so, but they are none the wiser and just make some more. Humans and everything are actually owned by the Next Level.

So Ti and Do brought on their own arrest, less directly than the way Jesus did, but it goes to show who is in charge of all this. Lastly they also stimulated their own EXIT BY DYING. The first step towards the end of

one's human existence is to start one's metamorphosis, the changeover that entails leaving one's human styled life behind. Ti and Do said the Next Level helps us do that, when we make our desire known to them, either all at once or a little at a time that we can't fight or we don't really want it to happen.

My first time around was more or less easy compared to this second time of leaving all behind. Ti and Do would talk about how hard it is to leave all behind and I would wonder what they meant as for me, the first time, it was not very hard. The Next Level had already helped me detach from the vehicles human family years before and helped me detach from the woman I'd been living with for five years, when she found another guy. That was very tough as I thought I loved her but recovered and though we were back together when her affair ended because she wanted to be back with me, it was never the same and actually had lost it's steam anyway, which is part of why she found someone else. I couldn't cheat on her though I wanted to. So when we both saw Ti and Do talk in Waldport I was smitten and apparently so was she as we both joined and ceased any further physical relationship though there was some temptation I didn't give into. And for some reason my musicality wasn't that hard either though I let my band mates down when we had a really good thing going. I didn't think twice about leaving the self styled teepee shaped house I was building out of logs as a part of a communal homestead.

On this second time around for me, when I finally re-awakened with their help in dreams over years, I asked for the gradual method, so am no longer with the woman I lived with until a couple years ago and my daughter no longer lives with me (though I still see her and help her time to time with things) and I am no longer interested in any relationships, sexual or otherwise so I live alone now. I know this current circumstance will also change and with each of these stages of leaving all behind again it's difficult but I don't try to get back what has been gently removed from me. It still hurts to think and talk about it but I know I must keep moving forward and let Ti and Do and Crew lead me.

So by leaving all behind for their Older Members according to their lead, because of our continuous asking for service, one starts their “death” as a human. Providing service to our Older Members is always part of our application toward graduation, that involves everything we do to overcome

all our human ways, again according to the guidelines provided by the Older Members when they were incarnate, that are contained within the documents called, “The Seventeen Steps” and the “Major and Minor offense list,” but includes disseminating the new information these current Older Members left behind that in so doing begins to set into motion another aspect of our “death” - “separation from humanness.”

Both dropping human behaviors like sexuality is not actually as healthy for the human vehicle but if your priority is to preserve the life of your human body, then this isn't the trip for you, though that doesn't mean you cease doing things you have learned promote the health of the vehicle. We simply don't need to be reproductively healthy and do need to overcome addictions to sexuality. Also, we would end up not having one place to lay our head, as Jesus said and we would exist day to day and meal to meal, asking our Older Members who are our Father's in the heavens (as they are no longer incarnate) for help to find something to consume. However, we can't expect to have someone deliver food to us, though it is possible. We have to go look for who might be the instrument of providing us, the workman with food and then be happy with whatever is provided. We would be bucking the Next Level to insist on certain foods and/or certain preparations though Ti and Do were never in favor of dumpster diving.

When we seek to begin our metamorphosis we might attract discarnate adversaries who we will have frequent battles with in our heads that fighting against helps us to build our determination, endurance and strength. Ti called that “building your Mind muscle.” Lastly we will be subject to negativity from all directions. There will be thoughts that we've abandoned our families and/or responsibilities we must fight off. There will be thoughts of doubt about what we are doing and who Ti and Do are or are not and there will be people angry at us because when we share this information and some believe it and want to also put it into motion, their relatives will be against us and their thoughts will be like daggers sent to us. We can endure it all if we ask for help. This is how Ti ended up stimulating her exit of her vehicle by being the apex for a great deal of the Luciferian discarnate attacks. And before she came incarnate actually planned for it to happen that way, so she would exit at a time after she “got Do started,” as she often would say to Do that he didn't understand until she actually did exit. And if some exit by dying because someone hates what we say and do, though it's by another's hand, it's

because of our choice to press on with doing our task.

In a sense it's like anyone who is willing to give their life, whether it's in the military or as an emergency rescuer or as a political or social activist, but with one huge differentiation between these and what some will do for the Next Level - as it has to do with to whom we are giving our life to. If it's a time when the Older Members are not running their overcoming program, if we give our life to fellow humans, it can be a big positive. but when we become aware of the Next Level program then giving our life to fellow humans, for these becomes a distraction from the program that must be to give our life entirely to the Next Level through the Older Members most recently provided us.

It's not necessarily for all to embrace so we can't be critical of those who don't feel to engage this process as if they continue to seek the will of their Heavenly Father, they too will have their season, so in that way they are awarded when they give of themselves to other humans. It's simply not for us to judge one way or the other who qualified for what.

What we do know is that if we give our life to our Heavenly Father when it's offered, which to date is by following the teachings of Ti and Do then we get the reward they provide. We don't do it for the reward. We do it because we come to know it's the truth and we can't deny it and we feel compelled to keep moving in the direction we are pointed to go in by our Older Members as we seek their guidance day by day, even hour by hour and minute by minute.

Do and Crew gave their lives by laying them down, but that was after exhausting what they saw as all the other options and it remained a choice for each one that they had plenty of time to mull over every day until Ti made it clear it was a viable choice they could take. I believe most if not all took that choice to exit with Do in that way, because it was for their Older Member was also chosen for those that would come after them. Of course it ends up being for themselves but in the Next Level self is no longer a focus. We do have our self and actually have more of a self than while a human because of all the discarnate humans and living humans that become our influences every day of our human lives which in the Next Level we don't have any of.

The SUBDUING (OVERCOMING) verb is certainly tied to the time

(WHENEVER, DURING and/or AT CONCLUSION (FINISHING)) of their 1260 day prophecy period but doesn't have to be directly related in timing to the time when THEY SEPARATE BY DYING which is further indicated by the verb apokteino's future tense.

There is also a strong indication that there is a SHORT PERIOD OF TIME said as "3 1/2 days" their "RUINED BODIES" (mistranslated as dead bodies) are "IN (THE) COMMONS" (STREET) which I believe is talking about the time in which Ti and Do and their mission has been subdued, that is according to the "bestial" lower forces. This will be shortly detailed in Rev 11:8-9.

So, what I am saying is that their separation by dying does not have as defined a precise timing after they are subdued. Their RUIN (result of being SUBDUED) is observed for a short time relative to the Next Level's determination of timing as otherwise it would not have been given as "3 1/2 days" but would have simply been said as "3 days" if it was to be matching the time period of Jesus vehicle in the tomb and the time illustrated by Jesus as Jonah in the belly of the whale. The Next Level hasn't left precedent to think they do anything Earth based on half an earth day and especially not in prophecy.

Therefore I am saying their exit by dying/death comes in what ended up being 21.5 years after Ti and Do's vehicle's reputations were subdued (overcome). Operating as Next Level undercover agents having secretly taken over human vehicles to perform their tasks through, by the time of their subduing they had already gathered most if not all of the "horses" they needed for the graduate level Souls to take over, those they planned to bring through their metamorphosis "changeover" aka SPIRIT BIRTH (aka graduation and "harvest") that was to become the OVERCOMING OF HUMANNES (WORLD) CLASSROOM. Ti and Do actually start that experiential classroom by taking this group of 70, plus nearly 30 others that would quickly be filtered out of the program, because they weren't yet ready to give their all, into the literal wilderness of Wyoming as depicted in Rev 12:6.

Before going further in this Rev 11 chapter, describing how prophecy is further fulfilled by Ti and Do it seems there needs to be another segment as my saying this about these Two being SUBDUED and NOT KILLED, as in

murdered and the timing and whose hand it is really in to exercise is not exactly the way Ti and Do talked about it directly, though can be shown to not be in disagreement with their overall intentions, though that also will remain a choice to SEE or not.

Therefore, next I will consider this verse the way Ti and Do saw it and this will also include seeing it exactly the way it was translated, though Ti and Do did not follow that translation either. As said before, they did read all Jesus was quoted to have said and did refer to many of those things but they didn't base their decisions on what they read. Instead they used all Jesus said and did to help them awaken their vehicles to the truth that would also provide those same smelling salts to the student body (their church), who had stored in their Soul containers the very same experience hearing Jesus and applying some or all of what he taught so they could also take over human vehicles to complete their remaining metamorphic changeover through. Jesus also did this with the records of previous Next Level “seasons” on Earth, as pertaining to the writings of Enoch and Moses and Elijah, tasks performed by the same Older Member (Father) who served as Jesus and finally Do.

I believe all three translations and interpretations end up presenting different scenarios of the way it could literally occur, so none are actually wrong, that is, until one is fulfilled in the most literal way which then renders the other options obsolete. When the Next Level designs these prophecies they provide multiple avenues to become manifest. It's because the entire project to the Next Level is an experiment. Ti and Do said it was an experiment because they don't predetermine the human responses. If they did there would be no genuine free will. That's also why they literally provide those that go against them, so we can even choose to be like them.

The Next Level Kingdom has been designing and working to bring (harvest) new Souls into their Kingdom from gardens equivalent to Earth for longer than we have ways of counting, so they do have a great deal of foresight as to how humans will behave but what they don't know is how many of those humans they seed will sprout up, press their way towards the “sun,” so to speak, to survive and thrive, meaning to graduate, to both become and produce fruit - (useful service to their Kingdom).

So the Next Level casts their net into the human kingdom to catch many “fish” as Jesus illustrated and is why the idea of rapture really comes from

being “caught” though that only begins the program by providing an overall group. From there those “fish” that remain rebellious to the changeability as provided by their “captors” are helped back into their world, none the worse and even still having the potential to want to be in the keeping of their captors again. In this case a captor is not in any shape or form evil as human and human equivalent captors are, as these Next Level Rancher/Gardeners are providing the ONLY WAY to continue to LIVE. Thus these who are their “fish” are really being captured away from a certain death because the entire garden is set up to be an environment for continuous temporary life for every one of it's components in all forms. But that's why the Next Level Older Members are really “saviors” as without their interjection of the opportunity, all will eventually perish back into more base components.

But those who had once begun a relationship with the Next Level Older Members but chose to drop away from their family and even go against them are portrayed as going to eternal damnation:

Mar 9:46 Where their worm dieth not, and the fire is not quenched

In these experiments the Next Level always tries to improve every aspect of their gardening and all the details become the tasks of their crews to perform and those tasks fall first to those that graduate as they are closest to the upcoming fruit.

ADDRESSING A PRIMARY CRITICISM OF TI AND DO; THE WAYS IN WHICH THEY CHANGED IN RELATIONSHIP TO THE DEATH OF THEIR AND THEIR STUDENTS PHYSICAL BODIES

- 1) NOT WALKING INTO A PHYSICAL DEMONSTRATION (WITNESSED BEING KILLED, RESURRECTED AND ASCENDED TO HEAVEN) - SEEING IT AS HAVING OCCURRED AT THE HANDS OF THE MEDIA - AS PROOF OF WHO THEY ARE
- 2) FOLLOWERS DON'T HAVE TO DIE TO GET INTO THE NEXT LEVEL

Even though critics point to these things and a number of other ways in which Ti and Do CHANGED to their core students it didn't phase them at all because they recognized their Minds (Shepherd's voice) because their vehicles had been prepared from birth for their arrival and the returning Souls

were, according to Ti and Do, literally with Them (some with physical bodies and many more without physical bodies) on board the spacecraft during the “briefing” before they came incarnate, so each responded at the merger of these three conditions: (1) Ti and Do's public announcement of who they are and where they came from and why they were here to take some out of the human kingdom (2) The Next Level Student Minds that were invisibly with their chosen vehicles at the moment of Ti and Do's coming public in their area (3) Each vehicles history that made their minds open and seeking and thirsty to give their all when the time came, were not basing their following necessarily on any one thing. It was an “inner recognition” (as Jesus said it would be - The Kingdom does not come in an observable way - it comes from within you).

Ti and Do always said “change is the name of the game.” They always said they were only allowed to be one step ahead of their students and often didn't get a new perspective on something until an existing student who was entertaining doubts decided to leave the group. Also it seemed clear that Ti and Do's changing, when they did also became a big impetus for some who were “on the fence” about staying, to consider a change the “last straw,” so would leave soon after certain things didn't come to pass as they anticipated (pick up probably number one on the list). This also took place in a great number of ways. They would sometimes say something and with it say, “this understanding works for now,” and then in some cases they'd later get more info on the subject or even reverse a previous understanding or tell us to just drop thinking about a previous subject.

Ti and Do also explained how certain things would test us, which many more were not explained in that way. With all that said, here is more of the way two of the biggest changes came to be. There are a number of more. If someone seeks to list all the things they updated, they would have quite a list I'm sure and I don't want to take the time to address all of them because what is apparent to me who has been shown many proofs direct and circumstantial, through my life experiences and examination of the historic records of Next Level activity during this civilization, is that this is a real Next Level experiment that has at it's root true free will every tiny step of the way for every participant on Earth for every moment of each of our lives.

As we know from the Jesus record the Next Level provides the dropout

students from a past civilization to influence everyone in the civilization but then plans accordingly to adjust what they have their representatives say and do, when, how and where. As the Luciferian space aliens, whether discarnate or operating through human or human equivalent bodies and/or through technologies try to second guess the Next Level's strategy based on their experiences in times past, the Next Level, knowing what they know, if they have experienced undercover representatives like Ti and Do in the program know they can depend on them to put into motion exactly what is needed for the students and future students to tear down the veil these lower forces hide behind that takes the shape of facsimile events among humans that they instigate.

So another change I did not address here was timing. Ti and Do said they could be picked up very soon and spoke of “months” and when pressed said something to the affect of “5 years on the outset.” Their most stable students didn't care about a time frame as they weren't in it for the ride on a UFO. But when 5 years passed some did leave shortly thereafter and that was actually after Ti scheduled the first pick up date that didn't result in a pick up. I have no doubt Ti was given an instruction to set up a pickup date because the Next Level observers knew some were hanging in there on that basis and that would not work for their overcoming to become complete for graduation. With that said, two of the biggest areas of change follow.

Some of the data that brings more details of Ti and Do's earliest thought processes come from the book “UFO Missionaries Extraordinary,” written by Hayden Hewes and Brad Steiger from two major interviews with then “Bonnie and Herf” (their vehicles' first names used then) in July of 1974 and later using the names, “Bo and Peep” in January of 1976 which was after coming public and feeling “shot down by the media” in October of 1975.

## 1) NOT WALKING INTO A PHYSICAL DEMONSTRATION

As written earlier, Statement One was sent out in March of 1975 where they initially said they were “two” who have come from the Next Evolutionary (non-Darwinian) Kingdom and would, “soon demonstrate the same proof of overcoming death.”.. “within months.”.. that Jesus had demonstrated.

I can't recall seeing any place where they specifically said they were the Two Witnesses in Rev 11 but I know it was strongly implied as they said

everything but in relationship to those few verses in Chapter 11. Here they explain why...

“We are hesitant about telling the world that we are related to the passage in Revelation because they immediately, in their human way, think that what we're really saying is “Hey, look at us! We've come to fulfill that.”

“Though we know that scripture coincides with our job, we don't tell anybody about it, because it destroys, it inhibits them; it puts up more of a wall to their acceptance of what we have to say than they had without our telling them.”

Here is the way Do reported in 88Update how Ti and Do attempted to express who they were to the receptionist at the Summit Lighthouse one time late in 1973 after leaving Gold Beach; They asked to speak to the leaders of the center in Oklahoma City who were Mark and Clare Prophet, who eventually became led by Clare as Elizabeth Clare Prophet. “Well, we think that we might be fulfilling the task that was referred to as Two Witnesses in the Book of Revelation.” The receptionist told them, her teachers (Mark and Clare) were the Two Witnesses and Ti and Do were embarrassed and decided not to tell people that afterward.

It was in late October of 1975 after Ti and Do said the Demonstration was “the killing in the street of the Two Witnesses at the hands of the media” and that “the mission was dead” because the media destroyed any credibility they had, as authorities (beast) now had the names of their vehicles and their “criminal” reputations.

Yet to Brad Steiger in January of 1976 they still said things that showed they actually hadn't dropped the possibility that they might still perform a demonstration:

First off where they came up with the idea of the demonstration:

“The fact that we might have to do that demonstration did not come to our minds after reading Jesus' life.”

Note, “might have to.” This shows they were not certain. They said, they have a very real communication and can each be in a different location and receive the same impressions at the same time that showed them they were both being sent the same data.

Then they also said, “It was while we were at Gold Beach that we realized that we had, in fact, come from the next level, that we had to be the instruments of giving information about how others could reach the next level, and that this would probably precipitate a demonstration of our death and our subsequent resurrection.”

Note, “Probably precipitate a demonstration,” again not stating it with certainty while they did state as a fact that they came from the Next Level.

In response to where they expected to be picked up by a Next Level spacecraft, they said they would not go to Times Square to expect to be picked up unless “we were to do our demonstration there.” They went on to talk about how they will be led to where a pickup is to be. This seems to also indicate they didn't feel they would go to a public area for pickup unless it was to be coordinated with the demonstration but also said, “the public show will be our demonstration - if it is necessary.”

I remember Do telling us, I think after Ti left her vehicle that Ti was “upset or perhaps the word was disappointed” when we moved out of the wilderness and into houses in suburban areas of big cities. My impression was that this was because of their sense of the pickup location being somewhat more remote. I think they soon came to feel the Next Level could take the class away from just about any location secretly if they wanted to.

One can note that Ti and Do, as they said, stated things they knew as a fact - for instance that they “came from the Next Level” but when they didn't know they stated things as a an “impression” they were sorting out which was a big part of their task in human vehicles with a classroom of overcomers to bring to their graduation against the unseen but quite real “lower forces” that required some strategy step by step. Their teaching also meant they were going to be the instruments of providing tests to their students. It was natural for students to have doubts but if remained the students choice to overcome them or let them grow in their heads until they reached a point where they no longer felt to stay in the classroom.

Thus from all Ti and Do said after that, it's apparent they didn't know if that instruction would change yet again regarding a demonstration. Despite what many think the Next Level doesn't provide those serving as Representatives on earth with a predetermined, “know it all” mindset as some would expect

of Deity incarnate and one does get in a very general way from humans who have been lifted up by other humans to be considered “enlightened masters.” Next Level Reps give instructions in a step wise fashion to those that serve them and those instructions are mostly impressions that depend on the development of the receivers “feeler,” as Ti and Do called it, to consider the way to implement those instructions and adopting of Next Level behaviors and ways, while continuing to seek their help to implement as they think their Older Member would.

To my knowledge in the meetings times in their classroom, Ti and Do never went back to that prophecy of their being literally killed to try to examine it further. They concerned themselves with each lesson step in the “piano roll” to bring each of their students to a condition they called their, “viability” - in other words so they could be “born” into a Next Level physical body successfully. Just like any real birth there is a point where should the fetus be born out of the womb it can survive. They didn't want to cut short the time needed nor stay too long as either it seemed could jeopardize some of the births. The prophecy got them to where they were at and they had their instructions, so they stood up on their feet and continued, yet still not knowing exactly how and when and where the transition back into their Next Level dwelling places would be made.

It wasn't until Ti left in the way she did that the possibilities broadened further or at least that opened the doors wider to include leaving as she did through what humans would see as natural means - and/or via the body breaking down in some way. Do saw that since Ti left by her vehicle dying of what doctors called cancer in her liver, though nothing Ti was experiencing in bombardment of negatively from every which direction was natural, she didn't try to heal her body nor suggest she might resurrect it from death, so led to his further examination of how and when the Next Level would have him and his students exit their incarnate tasks.

## 2) FOLLOWERS DON'T HAVE TO DIE TO GET INTO THE NEXT LEVEL (paraphrased from Ti):

This brings up what is considered to be a change of Ti and Do's mind, because early on in their 1260 day prophecy period they said followers didn't have to die to enter the Next Level, but then Do and 38 of he and Ti's followers, 24 or so, having been with Ti for 10 years and Do for 22 years

voluntarily and without pressure or manipulation laid down their bodies to death, thus by their own hand.

LIKE WITH THE “DEMONSTRATION” THERE IS EVIDENCE THAT THEY NEVER ACTUALLY CHANGED THEIR MIND. For instance they taught all along that there were body changes occurring within the human vehicles they all took and those body changes involved actual glandular changes.

As just reported, in Oct. 1975 after feeling “shot down by the media” and grieving that the mission was dead for “several days,” then saying they got instructions to “not walk into a demonstration” (at that time), they still wondered if it might be necessary.

Then in about 1978 they told their student body that they might “have to leave ahead of you.” They said they just wanted to prepare us for their exit, presumably without a demonstration.

In about 1980 Ti set a specific date for a pick up while we were still living outdoors in tents at an old tourist stop called, “Cave Without a Name,” in Boerne, Texas. We prepared by packing a small bag to include toiletries as they didn't know what kind of facility the Next Level would have on board their spacecraft for us. We waited all night but there was no pickup. Ti told Do later that she felt like she “had egg on her face,” but it didn't change what they believed at all.

Not long after that we moved into houses from having been living on ranches and in national forests for over 3 years. Ti was troubled by that as she had thought we'd leave from a remote area and this signaled that we were going back into the world to a degree as about half of us needed to get jobs as the funds they had, had dried up. (We started out living in Wyoming with about 100 students and Ti and Do bought all the supplies and had outfitted everyone with sleeping bags, cots, form pads, two burner Coleman stoves, 5 gallon water jugs, and toiletry and food supplies for over three years without our doing any work for income).

They repeatedly talked about not knowing how the pickup would occur and whether or not the Next Level would take our vehicles. They questioned whether the Next Level had any use for our vehicles. They considered that

the Next Level might take our Soul out of our vehicles and let our vehicles just die from that exit. Or they said the Next Level may take all the vehicles and on the spacecraft put each on a table next to the new vehicle grown for them as their reward, to move the Soul into the new vehicle.

About that same time they instigated a liquid diet, all a part of overcoming food likes and dislikes. They were called “pink drinks” and they were made up of protein powder and then a number of supplements like wheat germ, bran, lecithin, etc. I got very sick during this time with a bout with what ended up being a vertigo attack, the first time in my vehicles life (though I had been prone to fainting in my vehicles youth, like from great heat). I was so dizzy I couldn't stand up and couldn't keep food down, though laying down I could get relief in certain positions from the room spinning around and around. It was because of that, that Ti and Do added “yeast rolls” to our diet. We made them ourselves as that was the start of the “yeast lab” that soon would become a bread bakery for the 50+ remaining students. Some days later my vertigo symptoms subsided. We stayed on the liquid diet for several months and then they became a lunch for a while when we returned to full solid fuel meals. Ti and Do referred to food as fuel.

In about 1983 Ti's vehicle was diagnosed with cancer in her eye. She had it removed. About two years later, about two weeks before her vehicle died the students were told she was sick and diagnosed with cancer in her liver.

Some months before she exited, Ti scheduled visits to vehicles families to help reduce their anxiety as we learned a network of parents had been set up to locate us. It wasn't required but was encouraged so most everyone was flown by themselves to wherever each felt would be the primary person or persons who most cared about them as before this there were seldom communications. I hadn't communicated to my vehicle's parents or siblings or anyone since I wrote a long letter saying I'd joined in 1975 and this was about early in 1985. Everyone returned and it was considered to be a type of passed test as everyone had an easy way to exit the classroom. It was always easy to leave the classroom but many chose to leave secretly in the middle of the night, I guess so not to face Ti and Do. Ti and Do preferred people leave by telling them and they always helped them with some funds and a plane or bus ticket to where they wanted to go. After someone left we would move so if they talked about where we were it would be hard to find us as we were

aware of cult deprogrammers and didn't want to be subject to such things as we were all adults.

Do said she said she wanted her vehicle cremated. (Thus there was no sense that her vehicle might resurrect). She was cremated and Do, Jnnody, Lvody, Jwnody and Lggody took her ashes and spread them in White Rock Lake in Dallas, Texas where Ti and Do had a house and where the student body's house was nearby. Do said she never ceased being who she was and mostly slept throughout the last days in her vehicle. Her only concern was how Do would handle her exit in the continuation of the classroom without her vehicle.

About a year or two later Do started a new dietary routine tailored after Dr. John Christophers mucousless diet. He said Ti didn't need to experience this. We learned that she could frequently only keep down tea and toast while her vehicle was sick. I never saw any sign that she was sick during those two years. The diet started with a 3 day apple juice fast and then became void of flesh foods, dairy, refined sugar and carbohydrates. We slow cooked wheat berries and lightly steamed veggies and ate a lot of baked potatoes with Tamari sauce (a soy product, before there were GMO's to be concerned with) and first cold pressed extra virgin olive oil and fresh green salads with spinach and a few other veggies and an olive oil vinaigrette dressings.

Do initiated the project of writing a book called, "The Transfiguration Diet" and published it and eventually sold it to Dr. Christophers son. I just started to use the supplement parts of that diet program - three times a day, about 20 minutes before each meal taking as a supplement 1/4 tsp of Cayenne pepper in a 4-6 oz. Glass of water and then chase it with another 4-6 ounces of water. (less if it's particularly hot cayenne). Then about a tablespoon of unfiltered Apple Cider Vinegar - diluted if need be. The 10 minutes after that a tablespoon of unsulfured molasses. First meal each day were fresh apples or other fruits trying to be mono one particular fruit for the best food combining strategy. For lunch a slow cooked grain casserole - i.e. barley, rye, wheat and veggies and for dinner a couple large baked Irish potatoes with garlic olive oil and Tamari and cayenne pepper. Raisin ball snacks were made, mixed with ground up nuts, while nuts could be a snack as well as carrot and celery sticks.

As we did many diets after this, for maximum function and use of our

vehicles and kept tailoring it to what Do felt after his and his students responses, I don't think this book was meant to be like the ten commandments or they would have found a way to include it in their Book.

Do arranged for me and a few others to receive colonic irritations. I was selected because of my bout with vertigo a few years earlier.

We experimented with many nutritional programs, some of which were to try to help Brnody with her rheumatoid arthritis. She had had polio as a child and when she joined there was no sign of it but over the years she got worse until she was in a wheel chair. Ti and Do felt part of it was to help her deal with lessons surrounding becoming flexible and more positive minded as she had a strong control streak and since the classroom was in part about relinquishing control upon others, she had a difficult lesson in that regard.

IN 1987 DO FELT HE HAD TO BE WHO HE IS AND WE NEEDED TO BE WHO WE ARE WHICH WERE THE SAME SOULS WHO HAD BEEN INCARNATE AS "JESUS" AND HIS DISCIPLES. It wasn't about identifying with certain individuals or about feeling some spiritual ego uplift as we were always taught that to want to identify with someone who lived before is like saying you haven't grown further so it was really a put down to consider. This was the first time we began to examine going public again. This was also when we really dug into all that had been written about UFO's and space aliens with a focus on the book, "UFO Crash at Aztec."

After the Cocoon movie that was released in 1988, Do bought a large yacht considering we might all get on it and go out to sea to get picked up, while I recall wondering to myself then how it would feel to die by drowning, should that be deemed the exit method. It's like I was prepping myself to consider it. I could picture myself going underwater and then with a gasp it would be over. I didn't relish the idea but it felt better than other ways to go. Ti and Do never held a meeting on ways to die or even talked about it, at least with me present.

However, it was about that time that I was in Do's quarters taking furniture to the moving van for one of our many moves when I saw the book by the Hemlock society. Do wasn't there when I saw it and I didn't look at it then but shortly thereafter Do added it to our classroom library and I read it. It talked in detail about all the ways to kill oneself. It looked quite old and used but I

don't know if he had it while Ti was in her vehicle. I don't know if this was before or after the cocoon movie, which by the way didn't end with anyone drowning. The ones that were from the Next Level who were wearing human vehicles like one would put on a suit, along with some very old humans who were offered to go with them were all picked up, boat and all by a hovering spacecraft while another boat full of humans that helped them get to that pick up spot observed but didn't feel ready to go yet.

After Ti left by her vehicle breaking down, it must have expanded his consideration for his and our exit. Do almost did exit in 1987 or so when he contracted Rocky Mountain Spotted Tic fever. I visited him in a house near Poudra Canyon, northwest of Ft. Collins, Colorado, where he and Lvvody and Innody stayed while the rest of the class was split between two crafts (houses), one up the Boulder Canyon on "Lost Angel Road" and in Littleton a suburb to Denver. I don't recall why Srrody and I were called up there but we only saw Do for a few minutes after Lvvody and Innody told us he had been very sick. He came out of his rest chamber that was always private from the rest chamber where his helpers slept, wearing a robe and walking very slow and looking very frail, a condition I had never seen him in. He always had great energy and a bright countenance. He didn't say much but somehow, perhaps later after he had recovered he held a meeting with the entire classroom where he said of that time how he knew he could have just curled up in bed and exited his body. He felt at that time that he'd done all he could do for us and just wanted to leave and how he missed his Older Member. He recalled that he asked Ti (who exited her vehicle on June 19, 1985) if he could exit at that time and said, Ti indicated he could exit if he wanted to. However, he decided he needed to follow through with the completion of the task Ti had left for him to complete without her physical presence.

The next event relative to the consideration of our exit occurred when we moved into the desert west of Phoenix one spring with tents and trailers and portable satellite dishes so we could observe what Christian evangelicals were saying as we considered also going public again. Do had us fast on air for one day, then added water for the next 12 days before ending the fast. The idea was to show the Next Level we were willing to exit our bodies in that way if that's what they wanted to see from us. At least one student never thought exiting in that way was being considered but come to think of it, it may not have been considered at that time openly.

Do had us move slightly further southwest in the desert where we camped on BLM land and planned another pick up date. It didn't happen though some large quiet lights flew over our camp at low altitude.

We experimented with more dietary programs and had a small fresh veggie company called, "Advanced Life Extension Research Team" (ALERT). This started largely because we were buying large amounts of organic carrots and other veggies for juicing so tried to sell some to offset the huge cost for then about 30 something students.

In 1992 we began public minded projects, video taping students talking. Do still wondered if we might exit by some who would hate what we had to say. When the Branch Davidians in Waco were murdered by the FBI and ATF under, Do began to consider if the government might be provoked to take us out.

After we went public for some 9 months starting on 1-1-1994 all over the U.S. in most major cities with face to face meetings and increased our numbers a tiny bit but were not met with any real hostility, Do felt the hand writing was on the wall that we needed to take exiting in our own hands and from then on he was giving students time to consider whether this was something they wanted to do or not. A number left for that reason.

They followed their instructions even when it didn't match up with the way scripture was written.

IN THE LAST DAYS THEY STILL WERE PREPARED NOT TO DIE. I wonder if Do considered where Jesus told them if they drank poison they wouldn't be harmed. The context of this verse is relative to Jesus disciples being commissioned to go "into all the world to preach the new information Jesus brought. Note it's those who "believe" which shall be "saved" from the judgment (damned) against which is to be included in what is recycling of their spirit/mind or Soul spoken of as the "lake of fire" as opposed to being kept from that recycling and thus saved for another opportunity to make the CHANGEOVER. Belief is from "Pistis" which really entails "faith" and "trust," which is why a rich man can hardly make it into the Kingdom of God/Heaven as they will trust in their riches to bail them out of problems instead of looking to one's Father in Heaven for help with each problem that arises. Also note that casting out devils was telling the discarnates that would

be tempting them or causing others doubts and mental distress to get away from themselves or others, so that person can have a chance to believe. Also note that new wasn't related to a new time frame but to fresh "tongues" as language and terminology. Finally the reason I'm quoting this section is because of the possibility that drinking a deadly thing wouldn't harm them, again speaking to Jesus disciples, yet wouldn't these things potentially still have application with any disciple. Do and crew did ingest a deadly dosage of phenobarbital to exit their vehicles by killing them-SELVES, yet each member also packed a bag of a change of clothing and toiletries, their passports and a little money that each one set next to their bed where they layed their body down, as if they were being prepared to take their human vehicle with them. The amount of money matched the fare Samuel Clemens, wrote as Mark Twain as the fare to take a trip on the tail of the comet in the story, "Captain Stormfield's Visit to Heaven."

Ti and Do were amazingly unassuming with students, with one another and I believe especially towards the Next Level. One of their example slogans was "cover your bets." Prophecy had it's value but it was secondary to what they felt led to do. It was uncanny they way what they said and did ended up being more in line with prophecy than what the prophecy at first look appeared to be indicating. If the Next Level wanted them to do something else they were prepared. If the Next Level wanted, they could have forced the authorities to have to leave their bodies where they layed down so they could rise up again after the 3 1/2 day time period of healing.

Mar 16:15 And he said unto them, Go ye into all the world, and preach the gospel to every creature.

Mar 16:16 He that believeth ((4100 pisteuo from 4102 pistis= to have faith (in, upon, or with respect to, a person or thing), by implication to entrust, put trust in)) and is baptized shall be saved; but he that believeth not shall be damned.

Mar 16:17 And these signs shall follow them that believe; In my name shall they cast out devils; they shall speak with new ((2537 kainos= especially in freshness as opposed to 3501 neos that refers to age)) tongues ((1100 glossa= language));

Mar 16:18 They shall take up serpents; and if they drink any deadly thing, it shall not hurt them; they shall lay hands on the sick, and they shall recover.

Here is an example of why Jesus felt it was his task to allow himself to be executed. He self sacrificed his physical body, to prove he had the power to take it up again, so by his doing so, would show others that if they abide by what he taught and demonstrated in the ways he lived his students would also become such examples to others - spreading their Holy Mind seed. When his disciples put his teachings into affect they were further building their Soul so when they exited their vehicle and were brought back 2000 years later they wouldn't need further proof as they would retain all the strength and recognition of what's true they would then try to get their new vehicle to draw into it's consciousness to continue in their needed lesson plan to graduation. Ti would always say to the students, “get your mind in your vehicle” talking to the souls who were taking over and “standing up in” those vehicles.

Joh 12:23 And Jesus answered them, saying, The hour is come, that the Son of man should be glorified.

Joh 12:24 Verily, verily, I say unto you, Except a corn of wheat fall into the ground and die, it abideth alone: but if it die, it bringeth forth much fruit.

Joh 12:25 He that loveth his life shall lose it; and he that hateth his life in this world shall keep it unto life eternal.

Ti and Do said those who BELIEVE AND DO the metamorphic “changeover” process of overcoming of their humanness that includes “doing their Heavenly Father's work” would not die and would be literally lifted up and would enter a spacecraft in which they would receive a “final ingredient” that would complete their changeover in a “twinkling of a eye” (in time) and thereby become eternally living members of The Evolutionary Level Above Human, thus saved from death, the natural condition of those who remain in the human kingdom. Those who didn't complete their changeover by that time would have their chance to graduate the human kingdom in the same way during the next “season.” (They said the last season was when Jesus was incarnate)

**I SUSPECT THE ABDUCTION INSURANCE POLICY WAS IN CASE THEY DIDN'T DIE AND/OR WERE RESURRECTED:**

Another indicator that proves they were not certain they were going to die and stay dead (their vehicles that is, as they knew their Souls would not be dying) was their taking out an abduction insurance policy with Lloyd's of London shortly before they laid down their lives. Do and Crew did nothing

like that causally, though it doesn't mean they had a specific reason for doing so beyond Do's feeling it was "instruction" from Ti to do. However, with instructions often came understanding the implications which go hand in hand with understanding the instruction as Do didn't hear voices and never indicated receiving essential instructions via dreams, but has said they had developed very "sensitive receivers" that gave yielded specific "feelings" and "impressions" that when examined and talked about helped bring into focus enough to take steps in the implied direction that in so doing proved whether that direction was in fact an instruction. After Ti, his "check partner" on the task left her vehicle, Do used some or all students as "check partners" depending on what he wanted a check on and then he would make a decision. I learned this from being among those used at times as his check partners, which included brainstorming with the entire class over going public again which began in the late 1980's. Do's including some or all students in his process also served as a lesson ground for the students on how to think as a member of the Next Level would think about something. One of the tests was gaining confidence in our ability to think like a member of the Next Level. A member of the Next Level in the human environment is not generally confident, which is why they are constantly scanning the options with the desire to know what their Older Member would choose to do and ready to change their direction when they see signs of doing something another way or even not at all.

With that said, here is my best shot at why they had instruction to take out the insurance policy. I suspect it had multiple benefits but they were all based mostly on their vehicles not staying dead, which is why this is a type of evidence that they were not sure they would. By that time in 1997 they had come to know that Ti approved of their exit at the time they had been planning, at the spring equinox, at the perihelion of the unprecedented characteristics unique to the Hale Bopp comet and suspected companion object reported and photographed, and in the way they had been considering for at least 2 1/2 years before.

The primary proof of Ti's approval was evidenced by Neody, (known to the public when his face was put on the cover of People's magazine, whose name, used then, he asked me not to use in this book), in the book he published after he left the classroom in early 1997 named, "Beyond Human Mind." Neody was the last student to leave the classroom just weeks before they laid down

their lives. I had met him when he joined in 1994 and for a short time he was in the group I was an assigned overseer of as we traveled around the U.S. giving meetings as the second period of face to face public offering of Ti and Do's information.

Neo reported how one night while they were living in Tucson, Arizona in 1995 he dreamed about seeing what looked like two, “six year old, hairless, little boys, glowing like white phosphorescence with a blue tint and wore one piece, form fitting outfits, like Olympic speed skaters. In the dream they were walking around our bunks checking the Soul development of each student. Some students seemed to be doing better than others. They would seem to communicate by thought and just look at each other nodding and smiling. I was fascinated and elated at the same time.”

Neo continues to report that the next morning people were grinning with a secret knowing in their eyes whispering with overseers when Do came over for an emergency meeting smiling bigger than usual too. Do said he was pleased with everyone's raising of their vibrations.

Before this event Do often reminded everyone to “raise [their] frequency,” saying when we did it affected others around us to help them also raise theirs. It was raising our vibrations to a purity of a non-human frequency to be acceptable to the Next Level. Do had said “Next Level helpers are all around us but we wouldn't be able to see them until our vibes elevate.” Neo reports how he would meditate during sleep time, asking for help to raise our vibrations so we might see our Next Level helpers. He reports that “seeing them would be a big indicator,” presumably that they had successfully raised their vibrations.

So at the meeting according to Neo's report Do went on to say, “because of it [raising our vibrations] we had a little surprise last night. It seems as though three of our classmates saw our Next Level helpers. They all saw them at the same time at different angles. One student saw them standing next to someone's bunk. Another student was walking back down the hall from getting a drink of water late at night and saw them crossing the hallway. The third saw them standing face to face next to her bunk. The descriptions were precisely the same and accurate to each other. We were all very excited at this obvious indicator that we were on track with our lessons.”

Neo writes that, “Two other classmates also had dreams like mine and Do said it was likely from our descriptions that we saw them too, but were asked by them to go back to sleep, so it seemed like a dream.”

Then in a clear reference to Do's continued thinking about the possibility of their being physically lifted up to the spacecraft, Neo writes; “Two weeks later at another meeting with Do, He mentioned another reason our Next Level helpers were seen was to show a new student that was having trouble accepting Do and the whole concept of the Next Level and ascension, that they do exist. One week prior the student left the group. I say then, even with proof it is tough for some to believe.”

I have questions about this I never asked Neo and he has since asked not to be contacted anymore saying he did his part by writing the book. But Ti and Do were always very clear that the Next Level was would not give proof to anyone who is in this third trimester graduation classroom, in other words anyone they know is still on the fence, so to speak. Apparently the three that were awake and saw the two small child like looking beings from different angles at slightly different times that night were not on the fence. But those that only had dreams, it seems were on the fence, as we saw Neo report and that the other left the class shortly after their dream. It would seem the Next Level wouldn't consider a dream proof of anything which his consistent with what Ti and Do always taught about dreams. The Next Level uses them as classroom time but can also be infiltrated by the lower forces so are not to be trusted.

After all, Neo also left having had the dream of seeing the two beings and we know he was on the fence, writing in his book that he never believed Do was the Second coming of Jesus and also wrote that he never intended to lay his vehicle's life down as they had thoroughly talked about many times, starting from at least August and September of 1994 before I left. Neo writes, “I went along with the idea and possibility of Do being the “Second Coming” just for learning purposes. I knew that leaving the body behind was not for me but wanted to stay to the end.”

Neo was clearly on the fence to say the least. He never made the commitment to Do the others had and was required to Ti's standard He was certainly monitoring from a spacecraft, thus at least part of the reason for the “semi-proof.”

I'm not knocking Neo by saying this but it is an example of how we can appear to be committed, whether to Jesus and/or to Do and Ti and Do and yet might not even realize our lack of commitment until we are out of the influence of other members of the group, perhaps not occurring to him in as clear a way as he wrote about it.

If he was fully conscious of these doubts he would have had to hide it a number of times, though could be somewhat beneath the surface of one's full consciousness. For instance, when we had a meeting in September of 1994, which I attended, when Do went person to person asking whether each had reservations about "exiting by our own hand" after Do described drinking a barbiturate mixture to basically put the vehicle to permanent sleep. I only recall one person expressing at that time a reservation, possibly "Sekody," who left the class the next day. Arrody may have also expressed reservation then or perhaps later privately but he also left the class around that same time. I know it's possible he expressed his reservations to Do privately but I can't imagine it being that clear a reservation and still being permitted to stay in the classroom. However, I could be wrong about that but as it turned out Ti allowed him to stay in the class longer.

I know well how doubts can be very illusive. After all the doubts would be the Luciferian space alien adversary and associated discarnate thoughts we each draw to us and especially when we are in the process of overcoming because the Next Level uses them to test us in that way. I can recall having thoughts while in the class that I have expressed in this writing that doubted something Ti and Do said. It wasn't like I don't believe that. It was just being disturbed by what they said like when Do compared the Next Level to the Borg of Star Trek (in the way they were dependent on their "death star" connection for life and were 100% dedicated to their task and were selfless).

Doubts are not always that blatant except to a mind sensitized to recognizing often very subtle thoughts and feelings. In other words the cleaner one becomes the more sensitive to "dirt" they also become, so it becomes a constant test to rise up to discarding that dirt. But if we never see our thoughts or feelings as an entry point for dirt or we don't seek help from the Next Level and use the techniques they gave us to discard them again and again, then they remain and fester until one day that doubt becomes a reason to separate more from our Older Member's mind in a number of ways that

can become permanent if we keep on doing so.

In either case providing this level of proof via a dream seems to have served a number of purposes, one of which seemingly being, to put some to the test to see if they were graduation ready or not. Those who were not, as was the case with me as well, were tested in such a way that by their choice on how to handle the test could make or break their continuation in that “Classroom.” In the case of these two, the one mentioned by Neo and Neo himself, they left and Neo went on to write about the Class, mixed with briefly seeming to go with building his self up as evidenced by some interviews he gave, followed by dropping out of any public discourse, at least that I am aware, but that he told me of, which makes sense with his admission of never being committed to Do or believing who he/they said they were in the records and represented. However, that's not to say that couldn't change as it can for anyone and everyone in either direction, so there is no judgment.

In the reference Neo makes to what Do said about the classmate who was having trouble accepting Do, Neo included that the classmate was also having trouble accepting the “whole concept of the Next Level and ascension,” if that was an accurate record of what Do said, the use of “ascension” is particularly telling that Do had not disqualified the possibility of their leaving in the manner Jesus did - called his ascension, taking his physical changed over body with him into the cloud.

Neo even confirms this ascension idea was still on Do's mind at that time when he writes: “there was only one other option discussed which was being picked up by a spacecraft while still in our [human] bodies,” which Neo says he didn't see any evidence of and talks about how such a pickup had been scheduled years back as it was but didn't happen and because of not happening caused at least one student to leave immediately thereafter.

What Neo didn't know was that for years this had been on and off talked about with many variations as I've already mentioned before this part of the book.

But to sort of complete this tiny analysis of Neo's book, he writes, “We also knew that at graduation we could leave the Class or exit the vehicle. It was our choice.”

To me that makes it sound like going back into the world was an option for a graduate student which to me doesn't jive as said with anything else Ti and Do taught so I either don't understand what he meant or it reeks of misinformation.

Do, as representing his Older Member, Ti on earth, for the completion of the task would have thought about many ways it could go as that was the way of the Next Level to do. Ti and Do compared maintaining communication with their Older Members in space to the way radar works - sending out a pulse - a thought and possibly taking an action in a task that thought starts, followed by checking before taking the next step and each time seeing how it feels to proceed even getting a no feeling so that sometimes what one arrives at is a process of eliminating all the options they disqualified. They wanted to know because they wanted to be at the precise location on earth as well, perhaps in part the reason Do during those months visited Israel very briefly with Lvbody and Jnnody and said they didn't feel any of Ti's mind there anymore.

Thus perhaps Do did show some contingency plans in case Ti's chose to step in and not allow the barbiturate (poison) to work, as Jesus said his disciple would be protected from or to take them with their bodies after stimulating an event at the house peraps with spacecrafts and live cameras so the world could watch or take the vehicles (alive or having passed), revive them as Jesus did and transport them all over the world via spacecraft and giving them a task to explain who they were - prepared for doing so having packed a travel bag (as the Next Level doesn't keep human wardrobe on their crafts (Ti and Do once indicated), with passports so they 'd be seen as legal, etc. and even covering his bets by having each student have a little money on them, in their example, \$5.75 in case they needed a little money for some reason. That amount was what Samuel Clemens said was the fare to ride the tail of the comet Halley's to heaven in his short story entitled, "Captain Stormfield's Visit to Heaven" that Thomas Edison helped him film a little of.

These records all provide pieces of the puzzle pertaining to whether or not Ti and Do actually changed from believing no students would need to die to their laying down their bodies to their death.

NEXT I WILL SHOW HOW THEY ACTUALLY BELIEVED BOTH WERE IN THE PICTURE BUT WHAT WASN'T REVEALED TO THEM WAS TO WHOM EACH APPLIED AND WHEN.

Incidentally, I know I have said that Ti and Do didn't take steps based on prophecy, but they all along said part of the function of prophecy was to help them awaken to their task by seeing the history, just as Jesus used as well. What they didn't do was quote chapter and verse or teach from specific verses as is done in Bible schools and they didn't base what they said on reading Jesus life. Reading and/or observing anything, whether in a book or in the news all contributed to the formulation of their ideas they primarily got independent of one another as impressions that they would then come together to verify and ponder further.

#### HOW TI AND DO FIRST THOUGHT ALL MUST DIE TO ENTER THE KINGDOM OF HEAVEN AS JESUS DID:

Ti and Do had awakened together but in stages as shown first upon meeting, then upon leaving Houston and spending over a month in a ranch house in Boerne, Texas where they started to write a book. They named it "I CAN'T BELIEVE THAT BUT I MUST" and it seems by it's content to be largely from Ti's experience before they met as it refers a great deal to ideas that reference Madam Helen Blavatsky Theosophy that involves the Hindu Vedas and the Mahatma Letters, which we know Ti as Bonnie Nettles was very studious of in the years before meeting Do as Marshall Applewhite. Plus some of it is handwritten and I recognize Ti's handwriting (though I could be wrong about that) but a clincher is that at one point the writer sets up a comparison between the way Jesus was not believed to be the messiah because he was just a carpenter from Nazareth so what if this time the return is through a "man from Texas," are people going to respond the same way, the writer poses. I highly doubt Do would have written that but then they did tell Brad Steiger that "they wrote [it]." So I'm claiming Ti simply took a primary role in it and probably did the actual writing and typing. I know she typed up Statement One several years later. After all, Do claimed that Ti awakened him to his task and always told him early on that she was here to "get you started" and indicated afterward she was going to return. As said before, he couldn't figure out who or where she was going to return to, that is until she left her vehicle in 1985. Then he fully understood.

I point this all out because of how psychologists seem to rally around the premise that Do led the way from the start, as can be seen on the Marshall Applewhite Wikipedia page that I tried to change but they won't let me

because I can't point to published documents, never mind that I am a key eye witness to 19 years with them. Plus there are others like Professor Robert Balch who infiltrated the group in 1975 to write his university thesis and then went on to publish articles in Psychology Today and obtained various book deals related to the group after becoming a professor at the University of Montana at Missoula so became considered the leading authority on the group. These by and large walk in step seeing Do as steering the group off track and to the resulting deaths of it's students because he freaked out after Ti's vehicle died and/or he was taking out what they surmise were homosexual frustrations on his students somehow by leading them to their deaths. It's so easy for these academics to pop out theories that then become published and are then quoted back to me by readers as if what they said were facts.

It is clear in their writings that they believed each person that could enter the Kingdom of Heaven would have to duplicate what Jesus Christ did in overcoming the human world by leaving all behind and then getting themselves killed (crucified), rising from the dead because of having changed over their physical body into a new physical body and then ascend into the heavens. In other words these things were the "Christing" process that they later explained in Statement One. But it was absolutely necessary to die to complete it.

Re: this book, Ti and Do told Brad Steiger in their January 1976 interview that this book they began to write in Boerne was "the beginning of understanding what our responsibility was." (They also told Brad Steiger that they "threw it out" (yet the book was mailed to me not long after they laid down their bodies in 1997. I hadn't seen it before then). With that said, here is a section from it I've included to demonstrate some of the awakening process they went through:

"The writers of the Christian Bible, especially those of the New Testament, discuss so thoroughly that man must be born of Spirit. And the first step is being baptized, in the sense that we have quenched the fire of lust and passion. The ramifications of these lusts carry into the love for anything or the need or desire for anything. It is an admirable thing to be able to enjoy things but dishonorable to need them or desire them for any degree for self gratification, whether it's a ring on the finger or a babe in the crib. What is

then 'being born of Spirit?'

Jesus told us that the Spirit/Mind birth must be had during a lifetime. HE, in the Christ image or illustration, found His murderer which provided his Birth of Spirit and made him capable of responding as a member of the Next Kingdom, this being the final step in Killing out Self.

The crucifixion, the death, and the ascension are necessary. When the total physical life has been killed, man is then prepared and eligible to be a new member (born of spirit) of the Higher or Next Kingdom. His new found ability to vibrate on a higher density makes it possible for him to appear to be invisible, levitate into the Heavens, change his vibration level even low enough in density to sit and eat food with others, seem as they are, or transform, and change his density vibrations to such a high level of refinement as to appear to disappear in their sight. He did all this, or was sent to do all this, to show us how we must do the same. In that sense, we must each become as he was and not expect to get to heaven 'on his coat-tails,' for all that he experienced was HIS “graduation,” and we must EACH have OUR OWN “Graduation.”

Christ participated in healing, miracles of numbers, multiplicity of giving, the so called magic of dispelling evil spirits or demons (exorcism), levitation, and intuitive knowledge. (He knew their thoughts and named them), and yet the Christian church as a whole no longer accepts or participates in these normal practices of a spiritually developed or awakened Soul.

The awakening, which is spoken of in all major ideologies, is man's realization of what he must overcome in “becoming” or the conversion process necessary between that awakening and his Death-resurrection and ascension. This awakening requires of him, proportionate to how deep his feet are in the mire, to leave his career, his social respectability, his family, all of these or anything else that stands in the way of his development in his new life. It eventually requires his shedding of all identification with the world.”

TI AND DO STATE THAT “IT IS NOT NECESSARY FOR FOLLOWERS TO DIE TO REACH THE NEXT LEVEL.” Here is how that statement first came about with some interesting background first:

From Hayden Hewes interview of Bonnie (Peep/Ti) and Herf (Bo/Do) on

July 13, 1974:

“As the interview was ending, “Herf” gave me a simple thought-code sequence to use if I ever needed to get in touch with them to know the truth. Shortly afterward, The Two said good-bye and walked out of the office toward the street. I accompanied them to the road and started to return to the office. I immediately turned around—and they were gone. There were no cars on the street, either parked or passing by. It appeared that they had simply vanished.”

Years later in the 1980's, Ti and Do told their student body of how this was reported in the media when they did nothing miraculous to leave Hayden but walk off. However, one can wonder if the Next Level crew even unbeknown to Ti and Do cloaked Ti and Do from Hayden's view to impress upon him the event. The fact is that either Hayden or Dan Garcia, the only others at the interview with Ti and Do actually reported that “Herf was asked for a demonstration of these power,” referring to Do's talking about how members of the Next Level and their spacecrafts can change their “vibratory control rate” so can “appear and disappear in front of your eyes, because he has developed that capacity,” but was told by Do, “the proof would be given with their assassination three days after which they would arise in full view of the media.”

As Jesus said, ask and you shall receive so since Hayden presumably asked for proof of their ability to change their vibrations and become invisible, perhaps the Next Level gave him the proof when they left and as he said, “vanished”?

Now the part Hayen reports about followers not needing to die:

'It would be almost 15 months later and after Ti and Do had begun public meetings and there was a great deal of media coverage that Hayden said he, ..decided to use the mental code to find out “the truth.” It was my understanding that it was necessary for followers to undergo death to get to the next level, but I wanted to know for sure. So I used the code while asking for the truth in the name of our Father in Heaven. The following morning, I received a telephone call from a young man who professed to be a follower of The Two. He said he had been directed to contact me. “What do you need to know?” he asked. After several minutes of conversation, it became plain to

me that this individual did possess information that had not been related in the media. He advised me that they would always be in touch with me when I needed him. I tried the code again that night, and the following day the young man called once again. He wanted to talk in person, so I gave him my address. Less than three minutes later, he was standing on my front porch with another individual. They explained to me that only The Two would die-not the followers. "It is not necessary for followers to die to reach the Next Level," they said.'

It was odd that Hayden had this question and actually thought the followers would die to reach the Next Level, because during the July 13, 1974 interview Hayden said he had on tape, regarding a question about why it is necessary to convert to the next kingdom, Do included in his response, "...you would never need to die again." Perhaps he forgot about that or didn't see it's relativity.

Also at the end of Statement One Do wrote:

'Those who can believe this process and do it will be "lifted up" individually and "saved" from death - literally. If you seek those two while they are here they will gladly fill you in on the details and assist those who wish to follow in this "path."'

In the interview given by Brad Steiger in 1976, the question arose whether or not The Two's followers were prepared to fast to the point of starvation addressing whether or not followers must die to gain the price of admission to a UFO to the next level above human. The Two replied, referring to those following the "path," that "they do not have to die any more than Moses died or Elijah died or Enoch died." The Two said, "their metamorphic conversion, their change, will be accelerated."

For the record, the records indicate that Enoch was taken by God, Moses walked off and no sign of body or bones were ever found where he walked off and Elijah was with Elisha his student when they and many others knew Elijah would be "taken away" and there appeared "a chariot of fire and horses of fire" that separated Elijah from Elisha and then Elijah "went up by a whirlwind into heaven (sky)."

Before Jesus left he demonstrated that he had the same body that was

crucified though it looked a little different, but they recognized his voice and when he showed them his palms and feet wounds and appeared in the room with doors closes and at another time vanished and was able to hover above the stormy sea and then rise up into the “cloud,” these all provided clues to Ti and Do that the body could experience a changeover that would enable it's lifting up, levitating if you will.

I'm not saying Ti and Do needed to read these records to know that this was possible and even a probable manner of exiting the human kingdom and the earth. When they said, you would not have to die to reach the Next Level, it can be said that these records prove it in the cases of at least Enoch, Moses and Elijah.

Ti and Do didn't quote to us these scriptures. And in those early days especially they didn't sit with those of us who joined from the Waldport meeting that much before we were all split up into groups and sent in different directions to hopefully thwart the authorities from apprehending us for whatever reason they might conjure up. We did nothing illegal or immoral or harmful to ourselves or others (though of course to many vehicular family members we were considered duped, there is no law against that yet anyway).

Incidentally, the FBI did come to a meeting Ti and Do were speaking at and wanted to talk to them, but Ti and Do left quickly - I don't know if they were told the FBI was there or not. I would not be surprised if they got instruction to leave post haste so did. There was at least one time we were aware of that we left Dallas, Texas and learned later when Jwnody visited with her vehicle's family that an investigator Jwnody's vehicle's brother, who was a police officer, hired to find her showed up in Dallas a very short time later. Coincidence? Well, of course it could have been, but I think Ti and Do were very in tune with their Next Level helpers keeping away interference of the classroom just the same way they kept the religious from capturing or killing Jesus.

#### WHAT I THOUGHT ABOUT, “NOT DYING” TO GO TO HEAVEN:

So there were many things some of us knew nothing of. We largely only had Statement One and the poster and a little from the meetings we did attend before the scattering out of Chicago in October of '75. I remember telling people I wasn't going to die. I actually didn't believe it 100% but nor did I

disbelieve it. Ti and Do had talked about each of us experiencing what they called, “body changes” and we knew that it was a metamorphic process so I simply trusted something was changing inside me. But I can't recall ever thinking about being lifted up in to a spacecraft. I didn't have any thoughts about how that would happen. To be honest I thought I would be killed by someone who hated to hear the truth. I expected it, yet I didn't look forward to it and I knew that was not what Ti and Do said would happen. Ti and Do also said early on that “this is not a martyr trip” and yet, I was of the mindset that in a sense wanted to be a martyr because my ego had been inflated by a discarnate influence that thought martyrdom was equivalent to being heroic.

My vehicle grew up looking up to those depicted in movies like Spartacus who when the Romans were seeking him among all those they captured from his army it was depicted that each of the 300 men stepped forward one by one saying, “I am Spartacus” so they were all strung up on crosses to die. I hoped I could be as heroic. And of course from the movies about Jesus and his suffering I thought there would be no greater honor, though it was largely a fantasy the way I saw it. I had that mindset to some degree even in 1993 when I asked Ti who was outside her vehicle to give me a more challenging task - “like Do's,” I kind of demanded in a thirsty kind of way. The truth was I had no idea how the Next Level was helping us at times, by keeping our “boogers” (assigned adversaries, perhaps one of the Luciferian fallen angels who was then discarnate) at bay until we could develop enough strength to fight off their attacks.

As a side note, I remember how we left the Salt Lake City, Utah area because Ti and Do felt we had been subject to enough of that low vibration there. That's when I began to understand that spirits gravitated to where there are vehicles that they can time share a humans brain and body and thus mind and activity with. After all the Latter Day Saints began when Joseph Smith, born in 1805 in Sharon, Vermont was living in western New York with his family and said when he was between 14 and 15 years old experienced some visions; one of a light that rested on him and then he saw “two personages” and because one pointed to the other and said, “this is my beloved son, hear him” it is assumed they were the Father and Son. Some years later he describes a visit from Moroni who wore only a robe with no shoe, human feet and hands and the robe was open to see his “bosom” Joseph reported. There is nothing in common with Next Level Members in this story. Joseph Smith became a

contactee for Luciferian space aliens who probably knew the prophecy spoke about the Father coming with the one who was Jesus so they took their stab at the timing to make contact with this man to start a facsimile of the genuine return of the two Older Members as Ti and Do.

Describing a discarnate's attack; I had slipped to some degree in my control one night in about 1990 while in Albuquerque, New Mexico. I got up at night and went to the large meeting room. It was a very large house with very high ceilings and I remember my vehicle feeling stimulated sexually but without any real thoughts and I didn't touch myself, but would fight it back and then let it build again. I recall wishing one of my female classmates would sense my desire and come downstairs to be with me. Had that actually happened, I doubt I would have seen anything through as there were a few times a female classmate seemed to come on to me and I wanted no part of it. It was years before that one female classmate was in the top bunk while I was in a bottom bunk. I remember laying in my bunk when she looked down on me and I could have been wrong but she had lust in her eyes. I ignored her. She ended up leaving the classroom soon after that and married a policeman she met at her out of craft waitress task at a Denny's. A few years later after her marriage fell apart she came back into the classroom and I was her partner for a while and we worked together at Wyatt's Cafeteria. My vehicle was a little attracted to her but my guard was way up so I didn't ever entertain thoughts about her or anyone else for that matter. My vehicle was clearly attracted to several of my female vehicle classmates but I was largely successful blocking out related thoughts and feelings except for that one time in Albuquerque. I remember telling Do about the Albuquerque event, sheepishly telling him I was not as "good" as I appeared, to which he finally said to me something to the affect of, "if you are going to insist that I see you in this light I guess I will have to." He always expected our best and yet was never condescending or crude or authoritative when we didn't measure up. He simply wanted to help us regain our strength to fight the next battle and grow even stronger from our failures.

## WHAT IS LIFE AND WHAT IS DEATH

In the Jesus records LIFE is defined as having a graft to the Next Level through one's Older Member (heavenly Father), who the Father assigned his Son incarnate as Jesus to fulfill the role of. Thus Jesus became Father to

Their student body. Thus death meant to the Next Level not grafting to them, because you would remain on or in the Earth when it's recycle time. Students were absolutely required to sacrifice their human life. That's what started when one was awakened by hearing one's Older Member's voice/words/Mind (spirit) and they moreorless dropped whatever they were doing and literally went to FOLLOW him as he required of those who felt ready to grow as fast as they could those who would end up becoming the first fruits of the harvest/graduation aka Mind/Spirit birth. From there one had to start converting all their energy to the Next Level through service to their Older Member. That's what Jesus meant when he said, you must "deny yourself." You would do nothing your Older Member didn't give you to do. That's a process.

With this process is the first task - to tell others the new information about the Next Level and the presence of your Older Member. He was "at hand" - that's in reach - present to contact in the flesh (hand). He wasn't in the book. The records showed the data from the previous season but in them there is no moving forward if one doesn't get connected with the new Representative as that's the only way one can move forward. Many Christians today, like many Jews 2000 years ago think all they need is in the Bible or records and that was true until the new Rep comes incarnate to set that record straight as it becomes corrupted by the lower forces, which is understood by the Next Level to happen as it then acts as a filtering out of those who they don't prepare for their return, though those are still given the chance to see the truth in those records after the first fruits have completed their task. That is now with this book for many, not that one needs this book. They don't but for many it can help or at least become a help to show those that are divided the real path so they can choose one way or that other, what is in progress as the judgment time.

During Jesus time, death of his disciples was a given because they weren't ready to graduate. They needed more lessons and more time. But they were required to as Jesus said, "drink the same cup he was required to drink" which was the cup of his blood. They had to "die in Christ." As Jesus said, if they hate me, they will hate you just the same, thus if they kill him they will try to kill his students. So most if not all Jesus disciples did give their lives, though there are no records of most of their deaths. We do know they were hunted down and that would have applied anywhere they went if they

continue to talk about what Jesus gave them to talk about, because as soon as some heard the information, if the Next Level had prepared that vehicle with a deposit of their mind, a seed that provides a program of recognition and that person believes and leaves all behind, all the family and friends of that individual will see them as being duped and will try to get rid of what they see as the source of that alleged duping.

BUT THEN WHY DID TI AND DO SAY IN 1974 THAT THEIR STUDENTS DID NOT NEED TO DIE? First off I believe it was what they felt was their instruction/understanding to say even though it wasn't Biblical. But looking back on it, I BELIEVE IT WAS BECAUSE THIS FIRST FRUIT STUDENT BODY HAD ALREADY PROVED THEIR WILLINGNESS TO DIE IN THEIR LAST INCARNATION WHEN THEY DID IN FACT LOSE THEIR VEHICLES IN SERVICE TO JESUS. And perhaps some of them also served in between when Jesus left and when Ti and Do came incarnate. Perhaps one was working with St. Francis of Assisi for instance. I don't know but it's very possible for the "24 Elder" students and/or those who were the "Four Living Beings" And because they did prove that before, at that time they actually became children of the kingdom and were given physical bodies appropriate to their station of growth that still needed more time before they could receive an incorruptible Next Level body and full adult membership in the Next Level. So they were the ones in bodies that Ti remembered she saw on the spacecraft during the briefing before coming to incarnate by crashing a few primitive spacecrafts they had been assigned to while they were working for the Next Level doing elementary tasks like as a watcher - an observer.

Speaking of an observational task, Ti and Do started one they called "eyes" in the classroom. Eyes was an assigned task to watch others. Everyone was assigned the eyes task at first. It would rotate on the hour. There would be two serving the task every hour. They had a clipboard and would write down their observations of others if they questioned what they were doing. Someone could have been reading and started to pick their nose. If eyes knew of a procedure to not pick your nose they would right it down and the report was sent to Ti and Do everyday and they followed through on what they wanted to follow through on, sometimes with a new procedure if it hadn't been covered or an adjustment if it had and needed adjustment. The new procedure would be given to a partnership who would write it in the

“procedure book” and make a copy that they would send to Ti and Do to double check exactly what they wrote. In the case of the picking of the nose, the procedure was to use a tissue and do it in the “bath chamber,” what humans generally call the bathroom. We were responsible to read the procedure book often throughout the day. If you didn't want to follow all the procedures you needed to tell Ti and Do why. Perhaps they would make an exception for you. But if they didn't and you didn't want to adjust it was a sign that you did not want to be their student in which case you were free to leave. Of course we were always free to leave.

THERE WAS ONE EXCEPTION TO ALWAYS BEING FREE TO LEAVE: This had to do with a student who went by the name Flxody. She was the first full time student of Ti and Do. Her vehicle's daughter who became Wndody also joined from the Los Angeles meeting. We were in Kerrville, Texas very near San Antonio and it was about 1980 and right about the time about a dozen of us got jobs in the world. Flxody starting having problems. Her vehicle was in her early 60's by then. She started having outbursts of anger, didn't want to follow certain procedures or ignored certain ones. I remember being assigned as her partner for a short time. She became generally rebellious when for the 5-6 years before that she was very sweet and kind and gentle and acted as if she was the mother to all the students. That wasn't really an appropriate place to be exactly but it wasn't offensive. However, I'm sure eventually the partners she was assigned would bring it up as there were no mothers or fathers or any other human type relationships in the group, real or imagined. We were all students.

It got to the point that she said she wanted to leave. (Looking back, I wonder if it had something to do with her vehicle's daughter Wndody who had left. I'm not sure of the timing exactly but it would have been very close to that time). Ti and Do didn't let her go and fearing she might hurt herself, assigned her to be in a room, they called the hospital where a student was assigned to keep a eye on her. Right when she was put into the hospital Ti and Do told us that after Flxody first joined, she made Ti promise that if she tried to leave, to end being their student, she wanted Ti to not let her and Ti said she reluctantly agreed. Ti later said she made a mistake to agree to that. Anyway, Flxody was in the “hospital” for at most a week and at one point she tried to escape and Ti and Do were worried she would try to hurt herself. So they decided to let her go and they bought her a plane ticket to Missouri where she

had originally been from. Upon leaving we all said goodbye to her and wished her well and she cried a bit it seemed. Her daughter rejoined a couple years later and was among the 38 that graduated. Flxody became partners with a man she went to grade school with and in 1993, as Do and crew knew her whereabouts sent her the Beyond Human tapes and she wanted to rejoin and did and brought her partner to join as well. He took the name Abel so became Ablody. Do said Abl was the sweetest person, but they were then in their early 80's and we were getting ready to go public in a big way by selling everything we had and outfitting ourselves to travel the U.S. giving public meetings for the second wave and they really couldn't keep up with the pace and follow new procedures so Do suggested they could have their classroom back in Missouri where Flxody still had a house where her son lived. I visited her in 1995 and she was leading a spiritual group. She was also on a YouTube video shaking her head in disbelief of the New York Post book on Heaven's Gate, saying, "this ain't right!." She also received a packet from Do and Crew by FedEx the same as 5 other former members who wanted to still remain connected and in service to Ti and Do to some degree but for whatever reasons couldn't handle the classroom.

After all, what Ti and Do actually said was;

- "It is not necessary for followers to die to reach the Next Level,"
- "...you would never need to die again"
- "Those who can believe this process and do it will be "lifted up" individually and "saved" from death - literally.

It's not NECESSARY..., you would never NEED to... you WILL be "saved from death."

Ti and Do were always very precise with the words they chose and most always qualified ambiguous sounding statements. Anyone can see this apparent in all their published writings and throughout the entire 12+ hours of video tapes Do and Crew made identified as the Beyond Human - The Last Call" series, as they did throughout the hundreds of hours of internal meeting tapes they had us record.

They were speaking to their first fruit students in all three of these examples because for them it was not NECESSARY/NEEDED, but apparently it was an option and may have been needed for some of the 38 and probably would

be needed for any that had never given of themselves to that degree.

SO LETS SAY THE ABDUCTION INSURANCE POLICY WAS IN CASE THEY DIDN'T DIE (because Ti somehow rendered the drug (poison drink) didn't have it's affect on them) OR THEY WERE RESURRECTED and ASCENDED INTO A SPACECRAFT IN THE SKY IN VIEW OF THE PUBLIC AS Rev 11 suggests:

Taking out a policy like this and in a foreign country with a well known firm could have been a way to further insure their story would be covered. Let's say the police and emergency workers and media descended on the scene (as they did) and the Next Level had decided to make a resurrection demonstration so that they somehow kept anyone from seriously disturbing their bodies for a short time, even 3 1/2 days as the prophecy can be interpreted to indicate and as most interpreters expect. And then they all stood up on their feet and magically all lifted up into a hovering spacecraft of some kind, perhaps looking like a ball of light that then drove off and it was all captured on film. Considering that Do and Crew sent out video's and packets with a written press release to CNN and other media and certain individuals to include a mirrored web site host and a number of believers that were not ready for the step they took, it would be very hard to cover it all up. Lloyd's would have to have an investigation as video would prove they went into some type of spacecraft so even if they brought it to court before paying the claim it would get more publicity. The Next Level could see to it that it wasn't completely covered up.

Now I'm not suggesting Do and Crew thought about all this. They may have and they may not have. Do could have just felt it was instruction to get the insurance policy. Doing so it even could become an additional test for some to handle then and even now and if it paid off those funds could help in the dissemination of their information after they left. They did give the two former class members, Mrcody and Srfody a five figure amount of cash to use to keep the web site going and for related expenses that they hoped would go towards further dissemination of their information.

=== end of section on primary things that Ti and Do changed ===

Continuing the evaluation of Rev 11:7:

LET'S SAY THEY WERE SUBDUED (OVERCOME) AND DEAD FOR 3 1/2 DAYS (Rev 11:8-9), HOW DO ALL THE OTHER KEY PROPHECIES COORDINATE?

First off, it jives better with Ti and Do's receiving instruction "to not walk into a demonstration," as they said. Initially it was that they would be killed and their bodies would be in the street for 3 1/2 days untouched by humans, which Do addressed with Brad Steiger saying the Next Level would see to it that the bodies were not taken to the morgue or tampered with, following Rev 11:7-10 as it was translated/interpreted. When the media story broke about the missing Waldport 34, (The number Do used was 34 in this interview. Newspaper accounts varied in the 20's), and then two weeks later, as the investigation unfolded came the breaking story that the identity of these Two was no longer a mystery, as Walter Cronkite announced the names of their human vehicles and revealed their arrest record that highlighted Marshall Applewhite's felony conviction (without saying anything about how the charges were all dropped on both he and Ti and how Do took a plea bargain to get out of jail with time served so he could get on with he and Ti's task, rather than have to go through a lengthy trial to at best clear his name, because of how the St. Louis D.A. decided to prosecute anyway because of the strange circumstances of Ti and Do's story about being from outer space, etc. Do said he was looking for easy re-election points).

From that National news story, Ti and Do said they felt "shot down by the media and the mission was dead" but after that said they "grieved literally for days and received instruction to not walk into a physical demonstration but rather to know that the 'killing in the street' of the two witnesses had occurred at the hands of the media."

However, when they spoke to Brad Steiger on January 7, 1976 a couple months after they got instruction to continue without the demonstration, ("they stood upon their feet" (Rev 11:11)), they still kept an open mind to performing the demonstration of a more literal slaying in the street, they would resurrect from and literally ascend in their changed over physical bodies, in view of their enemies (Rev 11:12), but this time, as they said to Brad Steiger, not into a cloud but into a spacecraft."

In this scenario SUBDUE (OVERCOME) and EXIT BY DYING (BEING KILLED) would be seen as two descriptions of one event, as opposed to my

saying it represents two events separated by ~22 years (a short, less than 1/2 hour Next Level time that 3 1/2 seems to actually depict) and it's altogether possible this progression of events could have unfolded just as it's presented in next to all Rev 11 translations I've seen. Also, I believe I recall Ti saying at one point that it didn't happen that way because the students weren't ready to leave then so needed more time (to complete their overcoming, aka make their changeover). As Ti and Do always said, the Next Level doesn't predetermine the human responses. That's why it's an experiment. They have the structure and plans but they designed it around human free will, so they remain flexible about what they will do until they see how humans respond to their plans.

Some evidence of how the Next Level, through Ti and Do were open wide to adjusting their strategy is found in this excerpt of the statement entitled, “What is Happening in the Heavens at This Time!” in the back of “UFO Missionaries Extraordinary”:

“If the forces of those who have chosen to be slow growers again choose to reject this truth and it's bearers, then the two of us will again demonstrate that changed-over individuals can repair their so-called “dead” bodies in three and a half days. IF THAT MUST HAPPEN IT WILL BE SOON - AND AT THE TIME THAT WE HAVE COMPLETED OUR TESTIMONY.”

HOW PUTTING “SUBDUE AND BEING SEPARATED BY DEATH” AS ONE EVENT MEASURES UP WITH OTHER PROPHECY: This scenario could have still matched the Rev 14 two student harvest periods as Ti and Do's “ascension,” from the Greek anabaino= “go up, come up, climb up, spring up, ascend up,” to rise, mount, be borne up” wouldn't be considered part of the two harvests as they were already members of the Next Kingdom. Thus as Ti and Do said, they would EXIT BY DYING and then “shortly after” those who had completed their overcoming changeover would EXIT BY ASCENDING INTO THE SPACECRAFT (The Christian “rapture”) depicted in Rev 14:13-16, where one must then replace all references to death or dying with the fact that they must “die to their humanness,” which comes about by the sword (or sickle) of the angel or Lord's mouth that has set that standard for graduation into the Kingdom in the literal heavens.

In Rev 14, this first fruit harvest is followed by those who go through the “winepress” - the tribulation period as “wine” are the younger Souls (“wine”

as compared to the older Soul “oil”) that are “in the process,” needing to be “pressed” toward harvest by being persecuted for their service to Next Level information dissemination that can be a large step towards completing their own overcoming changeover as depicted in Rev 14:17-20. Some of these may actually lose their physical bodies while serving by disseminating Ti and Do's new information that is seen as influencing other loved ones to their “cult.”

But under this scenario, considering that Ti and Do said in mid '75 and early '76 to all their students and also to Hayden Hewes and Brad Steiger that their, “followers don't have to die to get into the Next Level,” the “blood” from that winepress is far from just theirs because by this time there will be a great deal of bloodshed perhaps not seen before in the U.S. and throughout the world, brought about by the bestial humans in all nations who know it or not are the result of the agenda's of the Luciferian space alien fallen angels, whether discarnate and/or working through living humans and from spacecrafts that over hundreds and thousands of years have sown their seeds of lies, deceit and misinformation about the Next Level so that many don't know any better, so are simply striking out at whoever and whatever sets them off, that in return causes greater escalation of the security state and suspicion of anyone who is considered to be a dissident against their bestial systems.

Incidentally, this time seems to begin in earnest by the arrival of the Green Horse (mistranslated to pale horse) come the November election into the January 2017 inauguration of the next president of the United States, though has certainly shown signs already, essentially beginning soon after the March 1997 exit of Do and the 38 first fruit student graduates.

Finally all those who have shown the Next Level, in whatever way, shape or form that they want to give their allegiance to the Kingdom of God/Heaven to their human detriment because in doing so, they must reject showing allegiance to the bestial systems that put into place an identification system depicted as the “mark of the beast” that it seems will soon entail conceding to some type of biological implanted identification that will determine who is permitted to “buy and sell,” as prophecy depicts in Rev 13:16-17. I believe these who refuse to side with these bestial human authorities will have their spirits and/or souls “saved” by the Next Level when they die. This seems to include those who come to believe in Ti and Do but have not begun their

metamorphic changeover. Perhaps these would be like the thief on the cross with Jesus who was promised the opportunity to complete an overcoming changeover classroom in the future.

Do spoke of these as the “2<sup>nd</sup> and 3<sup>rd</sup> types of individuals that will go with him” as opposed to being left to be dissolved in the recycling. He addresses this in the videotape “Planet About To Be Recycled - Your Only Chance to Survive - Leave with Us. All three types will leave with him/them. He was including his students which were the first type who completed their changeover, though a few of those might really come under the 2<sup>nd</sup> type who still have some overcoming to do that they will return to do after the recycling period. The Third Type are some that may or may not have heard of Ti and Do but have in their own way sought to break away and not give allegiance to the bestial human kingdom who have sought to abide in the best way they could with the behaviors and ways of the Kingdom of God, Kingdom of Heaven.

And this scenario also wouldn't negate the Rev 12:16 depiction of Ti's exit of her vehicle as the “earth helped the woman, and the earth opened her mouth, and swallowed up the flood which the dragon cast out of his mouth” as “earth” is also equally translated to “human kingdom,” which is the mammalian “bestial” kingdom led by the Luciferian space alien (dragon). What I have interpreted as the Earth representing a HUMAN CAUSE FOR HER EXIT - CANCER, as opposed to someone literally killing her or them, could just the same be representing the humans who could have SEPARATED THEM BY SLAYING.

It's interesting how all Ti and Do taught and the various ways one can translate and interpret and prove the meanings of these verses and what Ti and Do said and how things progressively broadened at the same time as information got more specific to reveal all the layers of the whole truth. For instance this view of some of what Ti and Do said in 1974-76 as recorded in “UFO Missionaries Extraordinary” coincides more with the way many Christians depict what they call the “rapture” from Paul's letters but translated as “caught up”:

1Th 4:15 For this we say unto you by the word of the Lord, that we which are alive and remain unto the coming of the Lord shall not prevent them which are asleep.

1Th 4:16 For the Lord himself shall descend from heaven with a shout, with the voice of the archangel, and with the trump of God: and the dead in Christ shall rise first:

1Th 4:17 Then we which are alive and remain shall be caught up together with them in the clouds, to meet the Lord in the air: and so shall we ever be with the Lord.

Do said those who “sleep” are the humans who have not yet accomplished the CHANGEOVER. He said for those humans that die physically before sufficiently completing their changeover, when it's time for the ascension of those who are still living, they will not ascend but would be given another chance during the next “springtime” (harvest season) (which would be during the next civilization). This means that their Souls or Spirits will be saved for the next opportunity.

Thus the “dead in Christ” do rise first in two ways. First, to be dead in Christ means one has taken on the metamorphosis during a previous experience taking over a human vehicle prepared for their use. They made the vehicle “dead” to it's humanness, depriving it of all the ways in which a vehicle is programmed to spend it's energy - procreation, sexuality, pursuits of a career and family relationships, certain pleasures and favorite pass times, pride, competitions, etc. With all the energy they had for those activities they gave them to their incarnate Older Member to be in his service and as they did this their body begun to change, but at that time not so much that they were ready to graduate. So then to finish their metamorphosis which requires a human vehicle to use for the cocoon stage of becoming isolated from their past caterpillar world, they once again leave all behind when the Older Member blows the trumpet. Doing so they are “rising up,” waking up, and then when they graduate they are rising up again as the first fruit.

Note that it's by the “voice of the archangel” that they rise up on both occasions. Voices is rooted as a disclosure communication from the Greek “phone,” like from the movie, ET where he repeats “ET Phone Home” because he wants to return home, an inside joke in the classroom as Ti and Do also wanted to return home. Note it wasn't Jesus they said issued the voice. That's because the archangel is whoever is assigned that “captain of angels” task. That's the captain of the “riverboat” that has a position on the river in Daniel's prophecy. The Riverboat's captains deck is called the

“Texas” or “Tejas” in Spanish as related to “Mark Twain.” The “shout” is the blowing of the trumpet, the 6<sup>th</sup> trumpet to be precise as that is the number of a man: Man was created in the 6<sup>th</sup> day of creation of the current experiment and comes to graduation during the 6<sup>th</sup> millennium's incarnate Older Member (1=Adam, 2=Enoch, 3=Moses, 4=Elijah, 5=Jesus, 6=The Two Witnesses, Ti and Do) timed to the 6<sup>th</sup> angels trumpet sounding their incarnate arrival in the 1970's.

Ti and Do told Brad Steiger that Jesus would head up the “7<sup>th</sup> closeness” which is when the Older Member who performed the task of Jesus, in his Next Level body, a “body dipped in blood” (Rev 19:13), 2000 years ago returns to collect those Souls who are by their choice among the second harvest. More on that later, but I know Do gave his students the choice to remain after he exited by laying down his body, in which case they would ascend (rise up) with their physical body as first understood after his (and Ti's) exit or they could lay down their body with him as an offering demonstration to those that would see their sacrifice and believe in it for themselves, (however Ti handled their exit) that would over time help others start their own metamorphic changeover. After all, those Souls who are among those “first sealed” are followed by six more sealing periods of time all shown in Rev 6 and 7.

Thus they too need not necessarily “die in the Lord” (For Ti and Do's truth) but they do need to at the least begin their separation from the human kingdom by providing service to the Older Members according to what is currently instructed, which always entails spreading the information provided by the most recent Representatives that will correlate with all previous Representatives closeness that all prepares “the way, or path” to this harvest time.

This is clearly expressed in Jwnody's paper on Do's behalf (as Do's primary scribe) entitled: “Away Team” from Deep Space Surfaces Before Departure”:

“In order to get saved for further planting, the overriding requirement is to recognize that this is true (these are the facts). You must believe that we represent the Kingdom that created this planet and all of its inhabitants. And you must be willing to take a stand in defense of that belief, and sustain that stand until the end - your departure - regardless of the consequences.”

Taking a stand is left for your interpretation but one isn't standing for something by not expressing what it is you are standing up for to others. However, it does say "willing" so we can take our chances of course as it is always the way of the Next Level to provide us with choice. I know how carefully these documents were worded. Every word was considered. We even had a professional technical editor on staff who held jobs in management with Texas Instruments and other corporate software companies that had documentation that she was in charge of. That was Nrrrody. Do had her go over all his writings and all the others as well.

Regardless of which way we see the prophecy, that is for those willing to consider that Ti and Do were fulfilling the task of the Two Witnesses, where many Christians are missing out is by thinking they get to go to Heaven more or less on the coattails of what Jesus demonstrated, which is impossible. Nobody can do our changeover for us. We are shown how by Jesus and of late by Ti and Do but then we must act on what they have provided us to understand about the overcoming of humanness process. Whether an ascension is with or without one's physical human body, there are no groups that will ascend, only individuals. We don't ascend in family units or with significant others. We only can ascend alone and as a result of a burning desire to only have a relationship with our "Fathers in the literal heavens," our Older Members, Ti and Do.

This viewpoint works with what most Christian teachers are saying, except they largely think they are going to ascend without having "overcome," meaning without having changed their human physical body by consolidating "All our Heart energy, all our Mind energy, all our Soul energy and all our strength/will energy to our Heavenly Father's service, the number one commandment Jesus taught and Moses primed the first classroom of this civilization for.

"Thy will be done on Earth as it is in Heaven," means one doesn't want to do anything differently than "our Father in Heaven" would want us to do while on Earth, still in the human condition. That's what it means to, as Jesus said, to be his disciple required each to "deny yourself" - give him your will, want to consciously choose to become His puppet (though He won't actually let you be a puppet. A puppet doesn't have free will). What the Next Level gains in adding new members are new hands to do the work of helping others

evolve beyond the human condition and thereby into a new Family that is real in every way, shape and form.

In addition to denying self, he said you must “take up your cross” - that means “give your life” to his service and in doing so you will lose your life, if not physically, absolutely mentally because you can't stay in your world - going to the job, caring for the kids, having relationships with a mate, building a career, donating time to this non-profit, going to a synagog, church, mosque or temple, etc. and still be “giving your life.” Granted, not very many are ready for such a step, but to not teach what is required is not teaching what Jesus taught. This is why most Christian clergy, priests, pastors, teachers don't teach much of what Jesus actually said as most of their congregations might not come back to church the next week and pretty soon they'd have no one donating and tithing to support their so called Godly career.

Now the Lord doesn't require all at once when someone doesn't have the strength to give it yet, but if someone hears this and doesn't ever start talking with their Father in the literal heavens about it, or better yet to Ti and Do, asking for help to come closer to Him then they won't come closer to him and will soon be lost from ever having the opportunity again. But if this does speak to someone - if it resonates in their heart as true and at the very least they talk with their heavenly Father about it and like said are willing to “take a stand for this truth,” accepting what happens to them as a result, then after they lose their vehicle by whatever means, the Next Level, based on their standards may take that Soul into their keeping - what Do called being “put on ice,” (but not literally) so when you are brought back during the time of the next visitation from an Older Member and the Older Member starts expressing these same ideas, you will be alongside a human vehicle that was also prepared to hear that truth and you will know that it's the truth so will try to take over that assigned vehicle and will have help because you have stayed the course with your Older Member.

If you stay with that Older Member through thick and thin, you will grow stronger and will eventually come to giving your all and it will feel natural to do, though still will require effort and commitment and there will be trials and tribulation in the world, as that's the lesson ground we each need to step through until we are changed over into a new creature, like the butterfly who

is no longer restricted to the earth yet has a physical body and a new family to interact and live among. It sounds lacking of warm fuzzy emotional connection, but the truth is that you do retain emotion and the joy of connectedness but without the self-centered, needy, possessive jealousies that are included in human relationships.

#### FURTHER DEPICTIONS OF THE BEAST IN THE RECORDS AS THE RETURN OF THE UNJUST TO PHYSICALITY:

The bestial humans in this passage represents The Two's human opposition driven secretly, largely unbeknown to humans by the Luciferian space aliens and discarnate humans who are allowed by the Kingdom of God/Heaven to rise/resurrect (STAND UP again by taking over human beings) to oppose Kingdom of God/Heaven (Two Witnesses and Crew)'s mission.

Act 24:15 And have hope toward God, which they themselves also allow, that THERE SHALL BE A RESURRECTION OF THE DEAD, BOTH OF THE JUST AND UNJUST.

Additional verses that relate to the opposition to the Kingdom of God/Heaven having a physical presence in the last/end days:

Mat 13:49 So shall it be at the end of the world: the angels shall come forth, and sever the wicked from among the just,

2Pe 2:9 The Lord knoweth how to deliver the godly out of temptations, and to reserve the unjust unto the day of judgment to be punished:

What is very interesting is that much of prophecy seems to be to help those on the cusp of belief verses those who don't seem to need any proof of that sort to dive into studentship with the present incarnate Older Member. As the record indicates, Jesus hardly said much at all and he had a dozen or more very serious followers. These followers in some ways evidenced not understanding all of what he was saying, though they had some kind of core draw to him. I believe that is explainable as those who followed him had been well prepared for his public surfacing. That would have happened genetically by their being the mental offspring of followers of Moses (as opposed to those with Moses who were always fighting him and even seeking to overthrow his leadership and even kill him).

Another reason Jesus acquired followers so seemingly easily would be because they were also probably prepared through associations with the Souls of those who were the staunch followers of Moses whom upon death of their physical body were taken into the equivalent of the “temple” area in the literal heavens (aka Paradise or Abraham's Bosom) having been prepped to begin an interface with a new physical body that had also been tagged with it's own Soul pocket. That preparation could have also entailed a degree of interface with that human being with the new Soul pocket, before Jesus came public, to where when He did come public, it would have seemed like a completely natural choice to leave all behind to follow with this person. There is every reason to consider and even know that such preparation would have also been carried out for those returning Souls (saints) and the regenerated tagged humans to have their own opportunity to join in such an overcoming program while serving to host one of those returning Souls who needed a flesh body to draw in more of their Older Member's mind from, in order to advance in their schooling toward becoming a successful graduate.

With this in mind, the Two Witnesses could just say a very few things and that prepared regenerated gnome that includes the equivalent of a “program” would identify the way in which an Older Member would speak/act and require of their students to where they would follow with them just as easily

as Jesus disciples did, as they would be the same Souls and genetic offspring as were literally with Jesus. Ti and Do used to say, the felt like they could just say the “ABC's” to us and we would follow them.

However, just because these returning Souls who would have participated in preparing new human beings for their minds, that were also given, tagged with a new Soul body, doesn't mean they will all make it to their graduation at that time. What they are assured of is that if they give it their all and don't drop out and turn against the Kingdom of God/Heaven's Older Members and program, they would be given continued chances. Such a continued chance might even be what we are seeing depicted in the second harvest of Rev. 14. If this is the case more of a supernatural showing of proof might be justified by the Older Members as some students might need that help to get on board, just as some of Jesus' disciples needed it.

Thus as a result of some who don't need much proof and some who might, the Older Member(s) (Two Witnesses) would be directed to either set up their own exit via allowing themselves to be killed versus steer them away from such a set up, so they can spend more time helping certain of the students who may have needed it. This entire program that results in a graduation does not predetermine how many and which students will succeed. The Older Members know how many positions (aka seats) they have available to fill, evidenced by Jesus saying:

Joh 14:2 In my Father's house are many mansions ((dwelling places)): if it were not so, I would have told you. I go to prepare a place for you.

Joh 14:3 And if I go and prepare a place for you, I will come again, and receive you unto myself; that where I am, there ye may be also.

Because these Older Members don't know exactly how students will respond to the program they manage, after all, the entire idea of creating beings with a certain amount of free will is to allow them to exercise that free will, which in fact they hope will evolve to be their decision to give their free will to their creators, (through those sent to be incarnate), in fact to Them, those who are incarnate to represent the Kingdom of God/Heaven's birthing, aka harvesting aka graduation from the human kingdom. Thus they don't try to second guess what students really want. They simply accept what they say, to a degree but then by what they DO has the ultimate weight that demonstrates what they (the students) really want, which in process the students themselves are in

discovery and a type of evolving of. These Two will certainly be testing student's resolve and hope they pass the tests that are geared to help them arrive at their own strengthened resolve to “overcome the human world,” but they don't go so far as to try to second guess what students might choose as that can tend to be a set up to fail. Instead they expect their best effort and adjust their strategy as they see a need to do so, as they know this is no easy task to overcome/conquer one's moreorless natural mammalian inclinations to put self and other humans first, as opposed to putting their Older Members first. It's also not that the Older Members want or need others to put them first. It's simply the way the Older, Older Members set up the program with the end result being that they would be able to trust them to be one of their crew, in which they would be doing their best to follow instructions and carry out tasks thoroughly yet with flexibility and tenaciousness, in all the ways of the Kingdom of God/Heaven. One can consider the task Jesus did as an example of how tasks are defined and what kind of challenge they can be to the one performing it. These who go undercover, to, for all intents and purpose be “human” is like a human deciding to live with a herd of horses, even mixed with reptilian predators snapping at the horses feet all the time, hoping to communicate that there is a human kingdom they might some day aspire to becoming a member of where there are no predators.

Here is the verse in “The Literal Translation of the Greek New Testament” which I’ve included to show there is no sign of “dead body” to be found in it, nor is “shall lie” seemingly added to support their being literally dead, which further brings into question the translation of apokteino to kill:

Rev 11:8 And the-one a-en-falling-to of-them upon of-the-one of-broad of-the-one of-a-city of-the-one of-great, which-a-one it-be-called-unto unto-currenting-to-belonged-of Sodoma' and an-Aiguptos, to-which-of-whither and the-one Authority-belonged of-them it-was-en-staked.

The tense of all the verbs in this verse are set to the current time of their ruin/fall.

- “(dead) bodies” was translated from the Greek, “ptoma” which by it's few other New Testament references is certainly not clearly “dead bodies,” though is included as a primary one. Ptoma in it's root means “to fall” as indicated as having come from the Greek word, “pipto” which shows many references to “fall” as in “fall down.” Now in one of five verses that use “ptoma” it is listed as a “corpse.” This is talking about John the Baptist's execution:

Mrk 6:29 And when his disciples heard of it, they came and took up his corpse ((ptoma)), and laid it in a tomb.

This seems to fit the context but could still be said as “ruin” or “fall” just like talking about a “fallen soldier” to still get the point across. However, the

Book of Revelations isn't relaying history as these other verses that use ptoma are doing so a metaphorical translation would certainly carry more weight even though it will still become literal as it's fulfilled. Again, I would say that the Next Level planned it that way so it would work literally or figuratively with it's eventual literal application depending on human responses to the Two Witnesses. If it was meant to be clearly a dead body or corpse, then the Greek word would be Nekros.

I believe I recall Ti and Do talking a bit about how the Luciferians have done a thorough job of influencing humans to what has become a complex variety of ways to look at all these records that adds up to total misinformation (while the Next Level, according to Ti and Do “had to work really hard” to keep the core formula of overcoming that Jesus taught still apparatus in the records. Most can't see that core anymore even though they can quote all the verses that show it. However, some do see it and those are who are most in line to see it again in Ti and Do, especially now when this aid to understanding how the scriptures show Ti and Do's role in their total fulfillment.

Yet the flood of misinformation that was fully anticipated by the Next Level to saturate the human kingdom, once the Next Level shines their “light” on the planet as they have with the arrival of the Older Members and crew of returning students only acts as a motivation to reject the institutionalized religions and all their related sects. Yet if the misinformation conglomerates are rejected if one also throws away all the evidence of the Next Level behind Earth and all it's life forms then they are filtering themselves out of the opportunity to enter Ti and Do's program, while they were here incarnate and now, until the recycling brings the civilization and all it's infrastructures to a violent end.

Do wondered if part of the reason Ti was sent could have been because he needed that help. He didn't care what the reason was as all he wanted to do was what his Older Member gave him to do and every member of the Next Level feels totally joyed to have their Older Member to be their check partner/teacher. Perhaps the Next Level sent two with one being the “Father” as insurance and a learning experience for Do's awakening and completion of his task under these complex circumstances. In fact I believe Ti and Do briefly mentioned how the strategy of the Luciferians this time was to have

humans largely ignore those who return rather than go against them to kill them right away. This way, if they weren't literally killed there would be no demonstration of proof in another resurrection and ascension as was the case with the proof Jesus provided.

Furthermore, why was ptoma used for “body” when soma is the primary word for body, used that way 145 times as used here in the New Testament and referring to a “dead body” as well:

Mat 14:12 And his disciples came, and took up the body, and buried it, and went and told Jesus.

Now the other of only two usages as a carcass is:

Mat 24:28 For wheresoever the carcass ((ptoma)) is, there will the eagles be gathered together.

While the nearly identical verse in Luke's account uses “body” from Greek “soma” in place of “corpse” in Matthew:

Luk 17:37 And they answered and said unto him, Where, Lord? And he said unto them, Wheresoever the body is, thither will the eagles be gathered together.

It's interesting that there is no evidence that Jesus refers to his students as a “body.” He refers to his body as “bread” that his disciples need to “consume” - ingest, take in, make their own which is a reference to taking his energy. Ti often told us how after a meeting if the classroom of students were thirsty for what they had to say, where Do did most of the talking, Do's physical body became so depleted of energy that he could hardly stand up to leave the meeting, though we rarely got a hint of that, though others may have, as I was probably oblivious to a lot of those kinds of observations.

Now Paul of Tarsus uses “Body of Christ” and variations many times which I imagine he got from Peter or another who spent time with Jesus, though if so a curiosity why we don't see any evidence of in the gospels and alternative records. We know Paul used a great deal of his own Luciferian influenced mind that came to define many characteristic saying of many of today's Christians. After all why would Jesus describe the student body as a corpse in Mat 24:28 as Jesus is answering the question about WHERE he will return to.

Yet the use of ptoma, mostly defined as “fallen,” with a reference to “lighted down” from petomai stimulates an entirely different picture of the way in which these Two and crew arrived with their physical bodies by intentionally crashing primitive spacecrafts. I give more detail to this evaluation in section II.B.2., but I will add that I believe “eagle” in these two verses is better translated to “air flyers” and therefore could refer to UFO's that could accompany the student body's arrival.

Also “fallen” or “ruined” relates directly to the Two being “subdued,” that is from the world's perspective and from Ti's and Do's perspective as well, but with them it really marked a turning point in their task thinking and subsequent direction.

Finally it is interesting that the Greek word 4431 ptosis from pipto is a cousin to ptoma - to ruin/fall but translates more to “crash.” In fact all of the words that stem from or to ptosis have to do with “falling” in a financial and/or social and/or mental way or being spit upon and caused to close whatever one was up to.

It's also quite possible that ptoma/pipto/petomai could legitimately been translated to “alighting,” or “lighting down,” but not so much in the current English translation, but from a Hebrew point of view which an example follows in:

Isaiah 30:30 And the LORD shall cause his glorious voice to be heard, and shall shew the lighting down ((to rest, set on, quietness, quiet, quiet attitude, rest (of death), descent (of judgment))) of his arm, with the indignation of his anger, and with the flame of a devouring fire, with scattering, and tempest, and hailstones.

Do wrote in 88Update speaking in the third person about he and Ti:  
.”..However, they grieved literally for days, feeling like they had been shot down by the media and the mission was dead.”

- “shall lie” was simply added to give the translation stemming from the initial translation to “kill” from apokteino that ignored how they are first “subdued” (overcome) and assumed apokteino meant they are murdered (killed) that as described in detail ignores the “apo” prefix that qualified their dying.

- “street” - this is a noun so as it's tied to “great city” is zeroing in on

describing an area in the larger/bigger “city” where “molding” takes place as regardless of whether these Two had their selves subdued (overcome) or in the one way of translating at the same time became “separated by death” the event(s) are serving a purpose for the Next Level students at that time and for potential future students. Molding is a good way of describing the process of attempting to shape the mindset of the people to allow more of the deposited seeds to sprout and flourish into fruit, the purpose for it all.

Note the only other use of “street” in Revelations refers to

Rev 22:1 And he shewed me a pure ((clean)) river of water of life, clear as crystal, proceeding out of the throne of God and of the Lamb.

Rev 22:2 In the midst ((middle)) of the street of it, and on either ((kai= both)) side of the river, was there the tree of life, which bare twelve manner of fruits, and yielded her fruit every month ((period of affirmation related to the moon cycle of festivals, thus in some cases yearly and overall pertaining to each millennium)): and the leaves ((5444 phullon= a sprout)) of the tree were for the healing of the nations.

The water of life is the (holy) Mind of the Next Level. The River is the local source of that water (Mind) as a chain of that Mind of the Older Member (God and Lamb) vessels for it. It is clear as crystal because it is pure (clean), (gold is clear once purified of other elements thus light coming through it shows as bright white literally) when all it's impurities are purged out of it.

Next street is mentioned as having a tree of life on both (either) sides of the river. I believe the river comes out of Texas. The two trees of life are on one side and the other side as Daniel expresses:

Dan 12:5 Then I Daniel looked, and, behold, there stood other two, the one on this side of the bank of the river, and the other on that side of the bank of the river.

That's a bit of confirmation that there are two “trees of life” being spoken of even though they are the same tree of life. The word “Texas” among it's several etymological definitions refers to the Captains deck on a Mississippi River Boat. Ti and Do said the Mississippi River to them was like a border of the area they felt they were to perform most of their service in. But the tree of life is actually on both sides it the two trees represent two opportunities.

The twelve manner of fruits are the twelve foundations - pillars which are the eldest graduate students, probably distributed as 1 + 4 + 7 where the eldest student was the one who served as Aaron, then Elisha and then John the Baptist and one of Ti and Do's most trusted students but who took the least of a front seat at any given time, but also walked away from the most in the life of his vehicle, who I would surmise was Lggody. I would then say the 4 living beings might be Lvvdody, Jnnody, Jwnody and Lggody. The remaining seven I would say might include: Srrody, Dstody, Nrrrody, Sngody, Chkody, Glnody and Jmmody. I know none of these would be upset if I didn't include them. I can even picture some giggling as I write this. I could be wrong about this but it's my sense to date that includes some evidence that I won't go into at this time except to say it's partially related to dreams I've had since re-awakening more after having fallen away and nearly asleep.

While I'm at it, dreams can be a way the Next Level can work with some. Ti and Do taught that dream time was a lesson time to prepare us for upcoming lessons. It's not to say the receiver of the dreams is advanced above anyone else. I've had a number of dreams with Do in them where he was correcting me to help me have a better control over my vehicle when I was tempted to do otherwise. And I have had dreams to help me with certain perspectives and in answer to certain questions and most of those classmates mentioned were the deliverers of the help.

Perhaps if I was more in tune with my Older Members mind I would not need the dreams. Ti and Do never indicated being guided by dreams though they did relay a couple in the 19 years I was with them. A couple new believers have told me they had Do in a dream. You can ask him directly for that kind of contact and then let it go and let them determine what is best for your growth as there are other ways He will let you know he's there for you, but keep in mind that the Luciferian Space Aliens and discarnates can also pretend to be him in a dream. The only way to know the difference is in what "impression" you get from it. A Next Level impression would relate directly to all that He and Ti said and taught and did which involves service to the Creator's Kingdom They are a part of and overcoming our humanness and "self." One person I know began to think he was channeling Do and started to reprimand another former student - something Do would never do or lead anyone to do. They don't take over human vehicles unless they are incarnate. Otherwise they look for those humans who are seeking or showing signs of

discontent and/or separation from the status quo human pathway, who are asking the highest source they can imagine in the universe for help in some way.

We won't be told what to do in a dream or with voices in our heads or by other humans saying they are acting on behalf of God or by channelers or psychics or priests or spiritual teachers directly or indirectly. Once we ask to be of service then it's up to us to start putting what they said about being an active student of there's into motion - asking for help with each step - to be shown where, to whom and when and what to say in each circumstance. Standing for Ti and Do and all they taught is the overall task.

We keep aware of what's happening around us as we often get clues that can sometimes be answers to certain questions. Of course learning their material is important to standing for them but you don't have to have all the answers to work for them. Knowing their keywords - the terms they used and using them is a huge part of standing for them as those humans who received a deposit might still be able to identify those keywords as something to pay attention to. Push nothing on anyone but take a chance on a positive rather than justify saying less or not going someplace. Others can be asking even if they are talking politics and seem set in their ways. If they are disturbed with the way things are, that could be a sign they are open to something new but one can overload someone before they are ready for it, so though out some of the keywords when it seems fitting and if it brings questions give more. We are not graded by getting others to believe. We are graded by the effort we put out to perform the task and most importantly how badly we want to do it in the way our Older Members would have us do it.

The sprouts (leaves) of the tree are the new believers that are tasked to help awaken those who the Next Level gives their “seed” to and by doing so are becoming useful fruit to the Next Level's harvest of which souls will be “saved” for the next classroom when an Older Member is incarnate again, perhaps after the 1000 year period after the harvest and judgment day is “done.”

Daniel records an end time prophecy pertaining to the STREET BEING BUILT AGAIN. I don't think this is referring to the middle east Jerusalem time when Jesus came incarnate because I believe the “street” was already built at that time, indicated by depicting the “instruction to restore AND to

build Jerusalem unto the Messiah the Prince” before the Street is rebuilt. In other words there seems to be two building processes going on which makes sense with Ti and Do's teaching that the Next Level crews do a great deal to make deposits and encourage certain migrations of even specific genetic strains, to build that street/path each time before an Older Member comes incarnate.

The STREET is the pathway/journey, mission territory where the trumpet is primarily sounded with the prophecy of these Two Witnesses that become the “smelling salts” for those who were selected for tagging and/or depositing of a Soul container. Jesus laid the first pathway, did the groundwork as he showed the “WAY” to get into the Next Level (Kingdom of God), Kingdom of/in the literal heavens. It's also said as part of the restoration of both the city and the street (that is within the bordered region (city) as the places where the people can hear the truth:

Dan 9:25 Know therefore and understand, that from the going forth of the commandment to restore and to build Jerusalem unto the Messiah the Prince shall be seven weeks, and threescore and two weeks: the street shall be built again, and the wall ((2742 charuwts= determination, decision)), even in troublous ((6695 tsowq= a strait, anguish, oppressed, distressed, constrained (op-)PRESS(-or) (WINEPRESS (See Rev 14)))) times.

To restore and build Jerusalem:

“Seven weeks” was a way of depicting the taking of an oath. One would say what it was they were wanting to commit to 7 times to imprint it in their brain. The restoration takes place in two periods of a “seven” which is an affirmation period. stages referred to in Revelations as the Seven Angeles that sound trumpets. The street is therefore the areas within the “larger or greater city” part of the world where the people are most prepared for the return. It is also called a “strait” and is where the Two Witnesses trek upon to deliver their prophecy and experience being “shot down by the media” which is shown in the remainder of this verse and subsequent verses to include the western U.S. which is the part of the street's wide “platt” or “place” that the ruin of these Two is spread out among by the media.

- “great (large) city”- refers to the geographical area for the return. I believe this is also akin to the Temple and the New Jerusalem described as about

1378-1420 miles square to where it's base is literally on the Earth which is why Rev 11:2 speaks of those who in the "holy city," "shall tread under foot," being the student body whom are chosen among all who are called to be the human vehicles the returning Next Level "children," the 24 Elders and youngins try to take over to complete their metamorphosis/change over aka graduation aka Spirit Birth aka harvest to adult membership in the Next Level through. I believe the "court" is not in this measure, though is the "other side of the river" that I suspect is the ground where the "winepress" period of trial and tribulation largely takes place that seems to include other English speaking areas of the world: England/Ireland, Belgim, Australia, New Zealand, Canada all place Do had the crew place large full page ads in new age periodicals in 1993.

- "spiritually" - by saying the Great City is Symbolically or Non-Physically called Sodom and Egypt means the Great City is not in the same area as the Middle Eastern Sodom and Egypt and would not have those same names but is equating the new geographical area and their mindsets (Spirit) to those they refer to in the Middle East. Thus the new area of Sodom would have many of the same characteristics of thought and behavior and ways as found in the ancient city Sodom. Likewise for Egypt.

- "Sodom" - refers to a scorched or burnt region and an area that is representative of the area in the Middle East thought to be in the area that the Dead sea is over now, that was destroyed by the Kingdom of God/Heaven by "fire and brimstone." In the Hebrew, Sodom= Cdom and means "burning," but in Greek, "a dry, scorched, burnt district." Many Christians teach that Sodom was destroyed mostly because there was an abundance of homosexuality there. They arrive at this because of the story of Abraham and Lot and their visitations. When three men, (from Hebrew 582 'enowsh= man, mortal man, person, mankind, individuals) inform Abraham and Sarah that Sarah would conceive a son, Abraham also learned from them they were next going to check on what's going on in Sodom and Gomorrah, as they received an outcry of distress, a clamor that there were very grievous sins there and they were going there to verify it. Lot, Abraham's nephew, lived in Sodom with his family so Abraham tried to find out if the Lord would destroy Sodom if there ended up being just 10 righteous people there and the Lord said no, they wouldn't destroy it if there were ten.

Next in Genesis 19, Lot greets two “angels” (messengers/representatives) at the gate of Sodom. Lot “pressed upon them greatly” to enter his house and feast and they did and they ate. But before they lay down Lot's house became surrounded by people from all around Sodom who called out to Lot and said they wanted “them” brought out so they could “know” them which is 3045 yada'= “perceive, acquaint, understand, consider, declare, know carnally” them. Lot goes outside and tells the people not to be so bad, wicked and volunteers to give the men his two daughters who have not “known” man, thus “carnally” whom he says they can do as is “good in your eyes” to as long as they do nothing to these “two men.” One of the “men” pulls Lot in the house and says he will deal with Lot worse than with those men. The outside men were going to break the door down so they were “smote with blindness and they couldn't find the door.” The next morning, these representatives told Lot to take his family out of town as they were going to destroy it. Then to hasten their exit the Lord brought Lot, his wife and two daughters outside the city and told them to escape to the mountain for their life and not to look/consider what's left behind. The Lord rained fire and brimstone from heaven on both Sodom and Gomorrah and many Christians say it was because the inhabitants were homosexual. It's not until we read Ezekiel's report that we know the truth:

Eze 16:49 Behold, this was the iniquity of thy sister Sodom, pride ((arrogance, exaltation, majesty, pomp)), fulness ((satisfaction, satiety, one's fill)) of bread ((food)), and abundance of idleness ((rest, quiet, peace)) was in her and in her daughters, neither did she strengthen the hand of the poor and needy ((needy feelings)).

Eze 16:50 And they were haughty ((high, exalted, arrogant, lofty, tall)), and committed abomination ((disgusting things)) before me: therefore I took them away as I saw good.

Ezekiel doesn't even mention fornication or anything sexual besides “committing abomination” that could be related to the sexual rules Jehovah gave Moses that included in Lev 18:22 ... “shall not lie with mankind, as with womankind: it is abomination ((8441 tow'ebah= a disgusting thing)),” yet it's interesting that the next verse says, “Neither shalt thou lie with any beast to defile ((2930 tame'= unclean, polluted, impure)) thyself therewith: neither shall any woman stand before a beast to lie down thereto: it is confusion ((08397 tebel= a violation of nature).” So bestiality was in a

different category than what I suspect meant “anal intercourse” - lying with a man as with a woman. I'm not sure that it's “anal intercourse” that is being prohibited against as another verse in that list indicates “not to lie carnally ((2233 zer'= seed, sowing, offspring)) with thy neighbors wife to defile thyself with her,” and yet it did address removing someones clothes in a number of circumstances as being “unclean.”

In any case saying the people of Sodom were killed by the Next Level because they were homosexuals doesn't seem to be accurate to the records and of course Jesus said nothing about it. It was Paul who sowed the seeds of anti-Jesus teachings in this regard. Today Sodomy has taken on the characterization specifically geared to male with male sexuality and/or in some case geared against what has become known as oral sexuality, excluding mouth to mouth kissing.

After Do and his crew left in 1997, as investigators sought to interview anyone who knew Ti and Do and/or those who knew their human vehicles before or during their awakening in the early 1970's, one of those investigators, perhaps Rob Balch seems to have interviewed someone, perhaps Ti's vehicle's oldest daughter Terri who somehow gave the impression to Rob that Bonnie Lu Truesdale Nettles (Ti) wanted to have a human styled physically intimate relationship with Marshall Herf Applewhite (Do). As I've already reported, Do told the student body with Ti present, so it may be on a audio meeting tape, that he “wondered at first” if Bonnie was seeking that kind of human relationship or affair with him. Perhaps it was that statement that was twisted as like I said, I don't know the origin of the statement that has today become a fact because an academic has said it and written about it, even though Do says there is no truth to it.

This is addressed indirectly in Do's words in the last section of Session 12 of the 12 Session “Beyond Human - The Last Call” video tape series that was recorded in 1992 while I was present and on the video crew and was assigned that task of “helper” for several hours on some of the first sessions. Here is my paraphrased report including some direct quotes on key points but I encourage everyone to watch the video and or read the transcript at the links posted after these excerpts:

Do talks about being the Lab Instructor assigned to take student through the transition into our Father's Kingdom and how when that lab instructor is

present - incarnate for those wanting to get in line to get into our Father's house, if they learn of the Lab Instructors presence must leave everything behind to literally follow every step provided by that Lab Instructor, at this time "Do." He talks about how then adultery in respect to our Father's house is "sleeping with anybody else to any degree" which is why that analogy is given in:

Rev 14:4 These are they which were not defiled with women; for they are virgins. These are they which follow the Lamb whithersoever he goeth. These were redeemed from among men, being the firstfruits unto God and to the Lamb.

It's talked about as a bond like marriage because it's a bond with one's Older Member, with the Next Level.

Then Do talks about how he as the Lab Instructor "has no interest in your plumbing, no interest in your sexuality." He says "my Older Member certainly had no interest in me, would not want that kind of humanness."

He goes on to say that's not the way children are made in our Father's kingdom and how it's a "reproductive vibration of the human kingdom."

Then he says, "And I can honestly say that any relationship of that nature certainly never happened with me and my Older Member, certainly has never happened with any of these class members and their Older Member. And if you can find a class member that can tell you it has happened to any degree, to either one of these lab instructors, you've found the liar you were looking for."

Note he also said that about Ti, his partner in the first part of the task of lab instructor.

He explains how our relationship with our Lab Instructor must be a "pure" one within the boundaries of behavior in our Father's house. That's why in the analogy a bride (active student) needs to give their attention and affection to their groom - their present Lab Instructor. Giving any degree of attention and affection to someone else is adultery - a compromised relationship.

Do goes on to explain how this doesn't dawn on people that they shall love the Lord, thy God, with all thy heart, with all thy mind, with all thy Soul,

which “doesn't leave room for an affair. It doesn't leave room for promiscuity. It doesn't leave room for any sexuality, any disloyalty, any affection, to any degree to any source other than to the Next Level” and must “remain purely within the confines of appropriate behavior” citing a big difference between certain little behaviors as a “kiss on the cheek, a kiss on the forehead in the right spirit can mean a very nice thing from my Older Member to me, because it's done so rarely that when it's done it's so special.”

Do goes on to say that his Older Member wouldn't “dirty my Older Member's mouth by pressing that mouth against this mouth and participating in anything that would lower my vibrations or hold this vehicle in a way that would stimulate lower vibrations of this vehicle.”

He says that would be “animal” and a kingdom level beneath the Next Level.

Do goes on to say that those who are even giving themselves totally to Jesus at this time are not doing any significant overcoming because they are not connected with a midwife - the current Lab Instructor, though that doesn't mean their Soul or spirit could not be “salvaged for another time.”

He talks about how some Christian preachers can even recognize that quote from Jesus that says:

Luke 14:26 If any man come to me, and hate not his father, and mother, and wife, and children, and brethren, and sisters, yea, and his own life also, he cannot be my disciple.

... and think He meant they should not love those things more than Him, but are mistaken except for when the Next Level has not come in close and made a physical presence (as He, Do and Ti and crew have made).

He goes on to say that “when the Next Level has made a physical presence, you're on the spot. And that spot says, “If you know me, you don't share, you can't share, I'm not going to share. You can't be my wife and cheat on me. You can't compromise it. I'm the only one. I am the focal point. I am the object representing my Father's Kingdom. You're moving into a crew consciousness, into a force of labor as a servant in our Father's Kingdom that can't be distracted by lusts of the physical flesh or of the human flesh or desires of the human flesh. That's the whole reason for overcoming - to have you understand that.

Do also references Jesus saying you also need to 'give up everything of the world, break all those ties, give everything away to the poor, and come and follow me.' and how preachers say Jesus meant, 'Just don't let it mean anything to you.', which is not it for those entering his “classroom in the transition in order to grow to be in our Father's house.”

Do says, “Those who are entering this classroom in this transition in order to grow to be in our Father's House, they have to literally and physically leave everything behind and will not have anything from the time they do that until they get out of here.

Do then says, “So, they leave everything behind. Those relationships that won't let them do what they want to do, they have to sever because they interfere, they get in their way. This is the requirement, was the requirement, and always will be the requirement.”

Note he is not saying one must sever a relationship that doesn't interfere or get in the way of these requirements.

Finally in this last tape of the Beyond Human series Do talk about the circumstance that could come up, where he leaves his incarnation while his students are still here, something we also talked about while in the class as a possibility even back when Ti was still incarnate.

Do says, “Now, the last little thing that you must understand. If this world exists beyond our departure, then there is no longer that closeness, there is no longer a Representative. Now, I am a physical Representative. These of the classroom, they are physical representatives. Should I leave this classroom and return to my Father's House, they would still be your door for whatever time one of them was still a faithful wife, faithful in all behavior, faithful in all belief and practice, wanting nothing of this world, establishing nothing of this world that could be called a church or a belief system that would be accepted by the masses. As long as one of them remains, your door is open. If that one remaining remains faithful to the full degree.”

This was insinuated in a few other documents Jwnody wrote - referring to one of these students as “active students” but not at that time defining what constitutes an active student, but then that definition seems to be provided here.

Continuing with section: III.D.5 regarding the non-physical “great city” compared to Sodom in Rev 11:8, where Ti and Do are subdued:

Thus to select a city in the U.S. that most has a reputation like Sodom could be “Las Vegas” as one nickname suggests as “sin city.” Do called it “Lost Wages.” Ti and Do were in a Las Vegas hotel when the national news broke the second time to name them by their vehicle's names as two criminals from Texas instead of Two from The Physical Evolutionary Level Above Human here to take their believers to their kingdom via the student's metamorphosis (changeover) and by way of a physical spacecraft, popularly referred to as a “UFO.” These tapes were made for the public in what was their second taking of their information to the “street” that in 1994 encompassed meetings throughout the United States.

- “Egypt” - comes from the Greek 125 Aiguptos meaning “double straits.” A strait is also synonymous with a “street” or a path or way, probably regardless of whether it's on land or on water. Egypt is a nation state while Sodom a city. Egypt in Hebrew is 4714 Mitsrayim the dual of matsowr 4693 in the sense of a limit or border of a besieged place.

Hos 11:1 When Israel [was] a child then I loved him, and called my son out of Egypt.

This was referenced by Mat 2:15 as the fulfillment when siting the human parents of the vehicle Jesus was to take over departed to Egypt to flee King

Herod's decree to try to kill off any of the Jewish people's (sons of God) first born as he feared the Messiah's coming. The real student body are the real Israeli's as Do said they are the "overcomers" regardless of ethnic/racial genetics. Thus they are the returning Souls (sons) that with Next Level direction and help have prepped many human vehicles to become their instruments to finish their overcoming and service through taking them, their vehicles over, what Do called "borrowing" them since they would be returned (to the dust of the earth from whence they came).

Thus I suggest the non-physical Egypt represents the U.S. besieged by the Luciferian space alien fallen angels that has two sections or bordered areas that can be defined as the Temple area west of the Mississippi river and the primary Courtyard area east of the Mississippi river that is where returning Souls primarily but not exclusively arrive to take their chosen vehicles out of bondage to the human condition (Egypt) according to the timing of the FIRST (approx. 1973-1977 to 2013-2017) and LAST (approx 2017 to 2021 and 2021-20??) HARVEST WAVESs. The times are just a general idea only to show that the LAST stage is not finished/Done beyond the life span of people who were middle aged during the FIRST HARVEST WAVE (as Ti and Do seemed to indicate as the timing, though I could be wrong about). There is a basis for all the date spans, sort of surrounding the two time frame structures in prophecy - that of the 7 Seals Opening and the reference to the FIRST and LAST (Judgement) HOUR which is about a 40 year human time frame.

Egypt at the time of the Revelations writer was a province of the Roman Empire but is actually considered to be the first civilization or perhaps even the remnant of the previous civilization on earth who are thought to be Assur, the ones referred to as "giants" - Nephilim in Genesis chapter 6.

It's interesting that the Egyptians were considered to be a white race as opposed to the Adamic (ruddy/red - blood in face race). Egypt is also defined in the name etymology as the "border" and/or "frontier." The primary defining characteristic of a "city" is a bordered area and the western U.S. was considered by the original U.S. 13 Colonies as the "frontier" and that many ventured to the west in search of opportunity, even wealth in gold.

Egypt as a country name is considered to be "black ground/soil because of it's very fertile soil along the Nile River. We know that California is considered

to have some of the most fertile land in the U.S. Egypt also means, “home of the Ka (life-force and Soul (ba)) of Ptah” and the religion of ancient Egypt, that is very much consistent with what is today called New Age Spirituality, to where the Space Aliens appear to be depicted as the “gods” with their statues of humanoids with reptilian or other animal faces/heads. It seems this is also where the idea of the “trinity” of the Catholics came from and possibly the practice of preserving and burying the dead, even becoming a distortion of the prospect of resurrection from the dead as if those bodies could live again, yet understandable in some ways considering that some did live again after being considered dead. Plus the idea of the Afterlife which is considered to be a spiritual realm only.

Today religions evidence the same distortions to keep people from seeing the fact that the Creators are Living physical Beings, who have overcome their humanness. are evolved above the human condition and are individuals in a many membered kingdom. Even the Soul is a physical container that grows to be a bigger and more dense new creature that can alter it's vibration of it's physical suit (body) They wear. I'm only describing this because of how apparent it is how Egyptian beliefs are depicting the overall distortion of the Next Level's reality that has been evidenced to repeat itself in many ways in the America's.

Two Straights or Streets (pathways) or banks - (partitions of land that are where the classrooms will be held) could geographically refer to the Nile as one and to the Mediterranean or Red Sea as the other and in the U.S. to the Pacific and the Atlantic or the Pacific and the Colorado River or the Pacific and the Mississippi River.

After all, this is outlining an area in the “Great City,” shown in other ways to be the U.S. Revelations chapter 17 “Woman” as Lady Columbia and Lady Liberty, which again has “two banks” with a Great River dividing it into two parts, one for the primary territory of the FIRST Harvest testing area and the other (east of the Mississippi) the setting for the LAST Harvest testing area. This LAST area happens to be where most Christians are, where the Christians are like those Souls/Spirits who were using vehicles during the time of Jesus, but in Jewish vehicles then - that originally came out of Egypt and by the way may have just largely elected Donald Trump president for the start of the Great Tribulation that could become their test by the content of

this book.

It is also interesting that the Colorado River starts in the Rocky Mountains of Colorado, where Ti was taken by “two wings of a great eagle” - to Blackhawk, Colorado, shown in Rev 12:14, that goes through the Grand Canyon and forms the southern border between California and Arizona, while outlining the area mostly south of it, where Ti and Do spent most all their time with their classroom.

It is also interesting that there seems to be significant documentation through the Smithsonian Institute from discoveries in the late 1800's - to 1896 (the year of some Great Comets and the Aurora, Texas UFO Crash, that there were Egyptians in America around 1700 BC. They built shrines, smelted gold, built pyramids, brass and gold statues and several “tunnel cities” with man made rooms, one of which had a wall full of mummy's for their dead. Many artifacts were found all throughout the Grand Canyon as well as in Illinois, Ohio and Georgia. Incidentally another word for Egypt was Memphis. Names are not automatically coincidental. There are also ties to the Old Testament records of Joseph and Moses, both of which were dignitaries in Egypt and may be where Jesus was saying he was going when he was leaving and told his disciples he was going to tend to his “other fold” that I sort of thought might have been in India where Buddhism sprang up, since Do talked a little about how they had some of the same teachings or renunciation of the world, which also made it's way to the Americas in the 1960's budding New Age movement. So Jesus with his “changed over” vehicle he left via a spacecraft in the cloud of light may have had a number of stops to include in the Americas. The Hopi Indians knew a lot of the Egyptian names for shrines and the depicted pharaohs in statues, etc. though they couldn't read the hieroglyphics on them and the walls.

This also puts another light on the Two Witnesses being “ruined” and even exiting from the vicinity of this new symbolic part of “Egypt.”

- “where also our Lord was crucified” - Jesus said The Kingdom of God, whom he represented to humanity would be “given to a 'ethnos'(Greek); race,

tribe, specially non-Jewish, pagan, gentile, heathen people (nation) that brings forth fruit” In other words, at his return he would not be coming to those people known previously as the chosen “children of Israel,” which included, of course the geographical area where they were led by Jehovah through Elijah, Moses, Enoch and at first Adam to start the experiment. We know he's talking about returning to a new geographical area because he also spoke about how Jerusalem's house would be left desolate, which means it will be deserted by the Kingdom of God/Heaven's use for Their next physical incarnate presence, because of the repeated rejection representatives from the Kingdom of God/Heaven received each time they came, as depicted by the Old Testament prophets records and of course from Jesus experience.

One way to look at this part of the description of where these Two Witnesses and Crew exit their incarnations is to look at the wording, “where also our Lord was crucified (extinguished/subdued, impaled, staked to a tree) as indicative of “whatever place” where these Two actually find themselves figuratively “shot down” and/or “exit by dying themselves” (apokteino auto). The prophecy could have just said “Jerusalem” as when it was given it was a fact that Jesus was killed in Jerusalem. As this was all intended by the Next Level to be a mystery so they could unravel it when they wanted to see it unraveled, as before then the Luciferians would be stimulating humans to unravel so they could distort it further and further from the truth. In other words it's Next Level strategy to provide information on a need to know basis to their servants. Ti and Do set it up this way so that even they would be in the dark until the time was ripe for the truth to be told. Thus it seems apparent that this prophecy is saying wherever the Two Witnesses are will have it's figurative relationship to where Jesus was killed, as well as being a type of match for the geography of a desert area (Sodom) with water bodies on both sides - the Pacific and Colorado River as the Altar part of the greater Temple area that extended to the Mississippi river.

Here are four strong pieces of evidence further supporting these interpretations:

1) Nation in the following passage is actually taken from the Greek “ethnos”

Mat 21:43 Therefore say I unto you, The kingdom of God shall be taken from you, and given to a nation\* bringing forth the fruits thereof.

\*nation= 1484 ethnos most likely from etho 1486; a race (as of the same habit), i.e. a tribe; specially, a foreign (non-Jewish) one (usually, by implication, pagan)= Gentile, heathen, nation, people.

2) Jesus said of the city of Jerusalem specifically that their “house”

Mat 23:37 O Jerusalem, Jerusalem, thou that killest the prophets, and stonest them which are sent unto thee, how often would I have gathered thy children together, even as a hen gathereth her chickens under her wings, and ye would not!

Mat 23:38 Behold, your house ((3624 oikosof= household, family of God, stock, descendants, dwelling place)) is left unto you desolate.

3) As they will NOT SEE HIM, they will have to see someone acting on his behalf which I suspect is related to Jesus saying his return would not be in the NAME of Jesus. In other words, they will be faced with seeing the new vehicle this new Representative takes.

Mat 23:39 For I say unto you, Ye shall not see me henceforth, till ye shall say, Blessed is he that cometh in the name of the Lord.

4) Here Jesus messenger is saying, not only will he be giving them a name of God\*1, which he didn't give last time because this person he is referring to didn't come incarnate last time so didn't need a name but only was spoken of as his role/position of “Father” or Father in Heaven/sky/stars (The location is given because that is where this individual dwells and so incarnates and space aliens couldn't intercept people's desire to commune solely with their heavenly Father). If this individual wasn't coming incarnate He wouldn't need a name.

But he is saying there is going to be a new Jerusalem\*2 with it's own name, and He will have a new name\*3 as well, because he will also be newly incarnate - not planning on bringing with him his Next Level vehicle.

\*1 Rev 3:12 Him that overcometh will I make a pillar in the temple of my God, and he shall go no more out: and I will write upon him THE NAME OF MY GOD,...

\*2 ...and the NAME OF THE CITY OF MY GOD, WHICH IS NEW JERUSALEM, which cometh down out of heaven from my God:...

There are twelve pillars in the temple. Each pillar is one graduating student from among the ones recorded as the “4 Living Beings” (obviously mistranslated to “beasts” in many translations) and “four and twenty Elders.” I believe these can be identified among the 38 to 42 who laid down their lives with Do in 1997 (and four who laid down their lives following soon thereafter).

By the time of the making of the “Beyond Human - The Last Call” video series, in the first tape that I participated in as a helper for him, Do said the students in the classroom that remained were “a couple dozen.” As I had become a researcher of the records by Do's instigation and my initiative with specific assignments, like to research the non-Hindu/Buddhist modern beliefs in “reincarnation” in the records, I did become aware of the “four and twenty elders” in the Book of Revelations, though I don't recall Do ever talking about that part of the record except for this one reference in video, “Session 1 of 12” (paraphrased to not be challenged by those who hold the copyright to the Beyond Human transcripts):

Do says his “classroom” reduced to 50 (from about 100 initially who gathered in Wyoming in 1976) and then to “a couple dozen” who he says have overcome the human condition enough to relate to others coming up in their overcoming as “Elders or Older Members.” He then says this applies to two students helping him with that Beyond Human tape which happened to be Jwnody and Swyody. He says they know how filled he is with the Kingdom of Heaven and knows how filled they are with it.

Video: Beyond Human - The Last Call - Session 1  
<http://www.youtube.com/watch?v=ocsToPN3JnQ>

This segment of the Beyond Human series was brought to my attention by a relatively new believer in Ti and Do. He reminded me of it because of the way Do states that the two student helpers sitting opposite him, called June and Sawyer for the public, but Jwnody and Swyody as internal classroom identification, were “Elders or Older Members to anyone else that they can help in their own overcoming.” This new believer in Ti and Do, (and by the way belief has always been representative of someone we put our trust and faith in. It's not just thinking they are who they say they are, though that's a very early stage), wanted to look to me as “his Older Member,” which,

though I could understand his wanting to do so, I knew I wasn't in the context that he was using the phrase. We only have One Older Member and that's Do, for both Elder and new believers, and there is nothing to stand in the way of a new believer excelling in their relationship with their Older Member past any Elder. In fact Do said that theoretically there is nothing to stop someone from surpassing their Older Member in growth. That is theoretical because an Older Member is one who is growing very fast and growth has to do with how we perform tasks given us by our Older Member and thus how we please our Older Member. It's not like a good grade in a university that you can earn by doing all the lessons well. The Older Member must also be "pleased" with you.

Now Do's Older Member, Ti also loves all the elders and youngins and so is also our Older Member but has assigned us to look to Do. In that way Do will assign those he chooses to assist in bringing up new believers, thus in this instance those named in the video, though there is one wrinkle in this as Sawyer "fell away" from that position he was being given the chance to rise up to perform. The details of my fall have already been recorded in this writing, but I didn't remain in that fallen state though whether I have been restored to that level of trust from my Older Member, Do remains to be proven. But at this time I don't have any indication that Do would want new believers to think of June as their Older Member even though she didn't "fall." If that actually becomes a reality in a time to come, that's another story. Our instruction for those that remain, that were in Ti and Do's classroom and for those who newly come to believe in Ti and Do is to look to Do as their Older Member which is also looking to Ti but is going through the channel given us. Rev 19:10 and Rev 22:8 illustrate John "fell down to worship before the feet of the angel which showed him these things," to which he was told by that "angel John was a "fellowservant" and "brethren prophet and of them keeping the sayings of this book: worship (work for) God" - one's Older Member.

Ti actually instructed those in their classroom to make our "committal" to Do. Making committals was a very big step in the classroom. And words alone is a start but it needs to grow to service and again, at the pace any of us wants to grow. Above the fastest we can grow is by frequently asking for maximum growth. (Don't worry if what you get is more than you feel you can handle, you can ask for a breather and Do and Crew will help you). When

asking for more growth, know you will get it and there will be challenges with it, but the new growth opportunities always come with support to apply them, especially as you ask for that help with the details as they will also include service to bringing about new fruit to the Next Level Kingdom.

This new named area compared to Jerusalem (The Two Mountains (Kings) of Peace) wouldn't need a new name if it wasn't a new geographical area, regardless of size, and though it comes from "heaven" (sky to outer space, but from the Kingdom of Above Human beings whose abodes are among the literal heavens) it's a new location as it is being depicted as moving (coming down from). Looking at it realistically, this "city" is a type of spacecraft, so it's like moving it from one dock to another and thus becomes a localized "heaven" on Earth, even potentially resting upon the Earth while extending even a great distance away from the surface of the Earth to where it is considered to have compartments (like on a ship with the captains deck up top), spoken of as having three Heaven's by some and seven heavens by others. This is also a depiction of the literal Temple because it is the area where members of the Kingdom of God/Heaven are both serving and helping those who are inhabiting human physical bodies, having been called by the incarnate representatives "trumpet" - public announcements of their presence and opportunity to overcome their human mammalian perennial seed bearing nature to graduate into their above human family as directed by the incarnate Two Witnesses delivering their exemplified prophecy.

So there is a new name for the Earthy part of that new replacement for the way in which the middle eastern city of Jerusalem was used before.

\*3 ...and I will write upon him my new name.

So the new students will get the new name the one who was Jesus last time incarnates into for his return as one of the Two Witnesses to take the student Souls he was given by his heavenly Father to birth into their new kingdom.

### **III.D.6. REV 11:9 - THE "PEOPLE AND KINDREDS AND TONGUES AND NATIONS" THAT SEE THEIR RUINED BODIES - "THREE AND A HALF" - NOT PUTTING THEIR RUINED REPUTATION "GRAVES" AS "MEMORIAL" - KEEPING THEIR MEMORY ALIVE**

Rev 11:9 And they ((991 blepo= to look at, perceive, regard, take heed,

behold, beware)) of ((1537 ek or ex= denotes the origin (whence action or motion proceeds) from, or be-caused by)) (the) people ((2992 laos= general public)) and kindreds ((5443 phule from 5453 phuo= offshoot, kin, “sprouts,” germinated, to spring up)) and tongues ((1100 glossa= a language)) and nations ((1484 ethnos= a race, (as of the same habit, (those not tagged or deposited)))) shall see ((991 blepo= to look at, perceive, take heed)) their ((846 autos= theirSELVES)) (dead) bodies ((ptoma/pipto= ruined, fallen)) three days ((2250 hemera= +/-or to sit for periods, (by context) an age, year, judgment)) and ((2532 kai= or)) (an) half ((semi, part(-ition), division, split, short season)), and shall not/nor suffer ((863 aphiemi= cry, forgive, forsake, lay aside, send away)) their (dead) bodies ((fallen/ruined)) (to be) put ((5087 titheimi= to place advise, appoint, bow, commit, conceive, give, X kneel down, lay (ASIDE, down, up), make, ordain, purpose, put, set (forth), settle, sink down)) in graves ((3418 mnema from 3415 mnaomai= A MEMORY, a memorial as in becoming a fixture in the mind or having a mental grasp, be mindful of, abide/continue/dwell on))

- “they of people” = the people who CAUSE their ruined/fall of their human vehicle/reputations SUBDUING and/or “SEPARATION BY DYING”

- “kindreds” - These would be those who were tagged and deposited with Next Level mind at whatever times the Next Level chooses to give them what amounts to a “seed” that can become a new Next Level member “embryo” attached to the human vehicle they give it to. Being among these does not insure one's success in germinating which takes place when one hears the information from the Next Level, feel like they recognize it as the truth and leave all behind to follow or seek out the incarnate Older Member that is the Rep from the Next Level. If the Older Member has exited his incarnation, if there are still existing Active Students still incarnate they can seek to “connect” with them. If they feel they have the strength to leave all behind, they will be stimulating the start of their own metamorphosis. They can ask Ti and Do for the strength to do so. Whether they have the strength to leave all behind or not, the overall requirement to be counted as a new prospective candidate of the Next Level is to “be willing to take a stand” for Ti and Do, believing all they taught, accepting the ramifications until your vehicle expires. Taking a stand is serving by disseminating all Ti and Do taught that when applied begins to convert all that energy once spent laterally, vertically instead to literally make a Mind graft to our Older Members who are

observing all from their spacecrafts in the near literal heavens.

- “tongues” - a language (specially, one naturally un-acquired) - the language or dialect used by a particular people distinct from that of other nations. It's interesting how this Greek word seems to be rooted to the English “glossary” which is a dictionary of word meanings. Given this is saying the word implies a language “not naturally acquired” it seems it is referring to the new terminology used by these Two Older Members and how it's not common. This would make more sense with the other usages of “tongues” in prophecy. For instance:

Mar 16:17 And these signs shall follow them that believe; In my name shall they cast out devils; they shall speak with new tongues;

New TERMS will set them apart, while pertaining to when this prophecy was given, there was already the plan afoot for the Next Level to bring their return to a new land where these who make up the student' “CLASSROOM” will stand out as having new terminology.

Examples of new terms that accumulated over the years: Instead of Kingdom of God or Kingdom of Heaven, it was “THE EVOLUTIONARY LEVEL ABOVE HUMAN” or “NEXT LEVEL,” REDEFINED “EVOLUTION” that had nothing to do with Darwin's usage, saying instead that the Next Level was a next step up the evolutionary ladder from the Human Evolutionary Kingdom which was above the Animal Kingdom which was above the Plant Kingdom which was above the Mineral Kingdom. They REDEFINED “REINCARNATION” saying the Hindu/Buddhist way of thinking about it was not accurate. They spoke in terms of “MIND” saying it was synonymous with “spirit.” They said a Soul was a “DEPOSIT,” a “CONTAINER,” a “POCKET,” a “CHIP” as in computer chip that had it's own set of programs with it. They said our human bodies were “VEHICLES.” They said our “heavenly Father” was an “OLDER MEMBER” in the Next Level and Heaven was the “literal heavens,” meaning all elevated areas from the sky to deep outer space. They called the Oldest Older Member of the Next Level the “CHIEF OF CHIEFS” instead of the term God since the term God had become bastardized into anything but it's original meaning.

A new member of the Next Level was a “YOUNGER MEMBER.” They called reproductive organs, “PLUMBING.” Clouds of light, chariots of fire,

whirlwinds were “SPACECRAFTS.” A woman's bra they called a “SLINGSHOT.” A fart was a “POOFOOFUS” (that we needed to only release in the “BATH CHAMBER.” We rested in the “REST CHAMBER.” They talked about the changeover recorded as happening as a “twinkling of an eye” as a “METAMORPHOSIS” compared to that of the Caterpillar to a Butterfly. We did not eat, we “CONSUMED” and it wasn't food, it was “FUEL.” The brain was a “COMPUTER.” Meals were “EXPERIMENTS.” A recipe was a “FORMULA.” The houses we lived in were “CRAFTS” as if they were spacecrafts, but they did nothing to make anything look that way. A job was an “OUT OF CRAFT TASK.” The kitchen was the “Nutri Lab.” The laundry was the “Fiber Lab.” The workshop was the “IMPRO LAB,” impro standing for Improvements. The administrative team worked in “COM CENTER,” where “com” stood for “communications.” They said they came from “Headquarters” in deep space. A toilet was a “COMMUNE.” Feces was “SOLID WASTE” and urine, “LIQUID WASTE.” The auto repair shop and the hospital were referred to as the “HORSE-PISTOL” as both our automobiles and VEHICLES were also considered to function and serve us as horses can be taught/trained to. Assigned watching the heavens at night was called “Night-watch.” Our internal bakery was called the “YEAST LAB.”

- “nations” - These are all who have not been tagged or seeded with a deposit. We don't know who doesn't have that seed as one never knows when a seed can become activated to begin to germinate.

- “see” - look at (literally, because for this many peoples from different walks of life to all look on this event means it is either in a very large international representative city during a large general public gathering (town square) and/or is covered by the media. It's interesting that Ti and Do told Brad Steiger in response to his question about whether they would have to go to a certain place for the pickup by a spacecraft to happen, said, “No, we do not have to be in a certain place. We, of course, would not head for the middle of Times Square - unless we were to do our demonstration there. We would probably go out to a spot that was relatively remote, but we wouldn't go there until we felt led, until we felt it was time to go there. Our Father's kingdom will wait until the world has decided about us. If the world decides that we must follow through with the demonstration, then we will go into our Father's kingdom.”

- “ruin/fallen” (dead bodies) - whether as a figure dead as in ruined reputations or literally fallen as in dead.

- “three days and (an) half” - as a phrase this is only used here and in Rev 11:11 though a similar type of time reference is listed in Rev 12:14, Dan 7:25 and Dan 12:7 though in place of the word “days” is “time or times” and in Dan 12:7 uses “divided” instead of “half.” Throughout the rest of these records “half” never refers to a time frame.

Since this appears to be depicting a repeated “demonstration” of rising from the dead condition, it's important to compare it to Jesus rising from his dead condition which he states in:

Mat 12:40 For as Jonas was three days and three nights in the whale's belly; so shall the Son of man be three days and three nights in the heart of the earth.

Joh 2:19 Jesus answered and said unto them, Destroy this temple, and in three days I will raise it up.

Joh 2:20 Then said the Jews, Forty and six years was this temple in building, and wilt thou rear it up in three days?

Joh 2:21 But he spake of the temple of his body.

Joh 2:22 When therefore he was risen from the dead, his disciples remembered that he had said this unto them; and they believed the scripture, and the word which Jesus had said.

However, in both of these references there is no “half” indicator, yet when one researches all the references to the time frame when Jesus is killed and rises from the dead state, it can be shown based on the year of Jesus final days incarnate as AD 31 that he was potentially in the tomb 3 1/2 days. But Jesus said “3 days and 3 nights,” clearly not a representative time frame of anything but what it actually represents in time.

I wouldn't normally put too much investigation to get this date/time frame as accurate as I can, except for the fact that in two different interviews with Ti and Do in “UFO Missionaries Extraordinary,” Ti and Do state in two ways that, “It is characteristic of the members of the next kingdom to be able to heal their bodies in three and a half days,” that is after having completed the “changeover” compared to the metamorphosis of caterpillar to butterfly that

they said took place for Jesus when he went up the mountain and was reported as being “transfigured.” It's interesting that in:

Mat 17:2 And was transfigured before them: and his face did shine as the sun, and his raiment was white as the light.

Transfigured = 3339 metamorphoo from meta 3326 and morphoo 3445; to transform (literally or as a figure, “metamorphose”)= change, transfigure, transform.

Who would have thought that Jesus was becoming a “butterfly” via his “metamorphose”? I don't know if Ti and Do were aware of this definition before their usage in 1975. They only talked in terms of a “changeover” or a “transition” or “Christing” in their interviews and earliest writings pre 1975's usage in Statement One.

On this basis “three days and an half” is just what it says, yet why then did Jesus compare his demonstration of proof as “three days and three nights” when he was incarnate to his disciples and then after he exited his incarnation express via his messenger the time period of the Two Witnesses in their subdued (overcome) time period and/or “exit by dying” seemingly differently UNLESS, in the Revelations he wanted there to be an option. It seems to be just like the Rev 11:2 usage of “forty-two months” when in reference to the ones trekking through the holy city, the student body and their time of prophecy to gather them as a “thousand two hundred and threescore days” when as far as time it's the same. In the former example it wasn't changeable. He was going to be in the literal grave for three days and three nights - spelled out literally in such a way that it would be hard to justify it as a figurative expression but in Revelations it needed to be able to go in at least a couple different ways.

This is further evidenced by the more general references to time, yet in the same format of the use of a “half”:

Rev 12:14 And to the woman were given two wings of a great eagle, that she might fly into the wilderness, into her place, where she is nourished for a time ((2540 kairos= season, due measure, measure of a large or small portion of time)) + ((1563 ekei= there, thither (-ward) in or to that yonder place)), and times ((2540 kairos= season, due measure, measure of a large or small

portion of time)), and half ((2255 hemisu= neuter of a derivative from an inseparable prefix akin to hama 260; at the “same” time, denoting close association, also, and, together, with(-al)), through the idea of partition involved in connection and meaning semi-; (as noun) half= half)) a time ((2540 kairos...)), from the face of the serpent.

Which references Daniel's prophecies with the exact same kind of wording and association of the meanings of the word “time” and “half/division” with the added implications of some plural usage and time as not only a season or appointment but includes the reason for the appointment as set time for a MEETING OF INDIVIDUALS. What became very interesting was how “time” in Dan 7:25 where Aramaic 'iddan translates “TECHNICALLY, to a YEAR” and “by IMPLICATION” the option to include this time as “a PLURAL,” thus as YEARS and/or APPOINTMENT TIMES/SEASONS.

Dan 7:25 And he shall speak great words against the most High, and shall wear out the saints of the most High, and think to change times ((2166 zman (Aramaic) from 2165 zman (Hebrew)= an appointed occasion from 2163 zaman= to fix (a time), a season)) and laws: and they shall be given into his hand until a time ((5732 'iddan (Aramaic) from a root corresponding to that of "ed" (5708); a set time; TECHNICALLY, A YEAR= time, periodical, BY IMPLICATION IN PLURAL)) and times ((5732 'iddan...)) and the dividing ((6387 plag (Aramaic) from 6386 plag corresponding to 6385 palag (ancient root)= to split, divide, half)) of time ((5732 'iddan...)).

Considering that in Dan 12:7 that translates a Hebrew word for “time” is also defined in one context as, “CONVENTIONALLY A YEAR” though shows no indication of a plural context, yet the translators do list one of those instances as “times” in all three of these usages regardless of the language... Hebrew for Dan 12:7, Aramaic for Dan 7:25 and Greek for Rev 12:14. The reason I'm focusing on the plurality, is because if we translated “time” in most all these cases as a YEAR, then it could be considered in all three cases to be; A YEAR(1), YEARS (2 or more) AND HALF (DIVISION/SPLIT) A YEAR, which could be roughly 3 1/2 years depending on the DIVISION of the last year in the series.

Dan 12:7 And I heard the man clothed in linen, which was upon the waters of the river, when he held up his right hand and his left hand unto heaven, and sware by him that liveth for ever that it shall be for a time ((4150 mow'ed or

moled or moweadah; from 'ya'ad' (3259); formally, an appointment, i.e. a fixed time or season; specifically, a festival; CONVENTIONALLY A YEAR; by implication, an assembly (as convened for a definite purpose); technically the congregation; by extension, the place of meeting; also a signal (as appointed beforehand)= appointed (sign, time), (place of, solemn) assembly, congregation, (set, solemn) feast, (appointed, due) season, solemn(-ity), synagogue, (set) time (appointed), betroth, gather (selves, together), set (a time))), times ((4150 mow'ed)), and an half ((2677 chetsiy from 2673 chatsah; the half or middle= half, middle, mid(-night), midst, part, two parts, cut, split in two, divide, live out half)); and when he shall have accomplished to scatter ((5310 naphats= overspread, dispersed)) the power of the holy people, all these things shall be finished.

Now it will be argued that these verses in Daniel are referring to different time periods based on various ways of looking at various time frames and numbers within the prophecies, yet in these two examples there are very strong clues that they are referring to the END TIME that even Christian theologians from most all vantage points know we are in the midst of today in 2015. Daniel 12 has already been largely re-interpreted in a previous section. But for Daniel 7, one can see that evidence as well. For instance here is the vision/experience Daniel had with a messenger who interpreted one of his visions. A tiny case in point that leads up to Dan 7:25 can be found in:

Dan 7:17 These great beasts, which are four, are four kings, which shall arise out of the earth.

Dan 7:18 But the saints of the most High shall take the kingdom, and possess the kingdom for ever, even for ever and ever.

The saints don't "take the kingdom and possess the kingdom for ever..." until they graduate by overcoming their humanness during the time of an incarnate Representative from the Next Level who leads them through their remaining overcoming. This is why Jesus said his Kingdom would return, so when he left next time they would leave at that same time to go with him. That's for the first fruits while all of this only takes place during the END TIME. There are many clear indications in Daniel's visions/experiences as recorded in chapters 7-12, that were prophecies pertaining primarily to this END TIME that also show direct correlations to things Jesus prophesied and were included in the Book of Revelations. No doubt Jesus read Daniel's prophecies

and provided him with verifications of what he knew was to occur as that is in part why prophecies are given - to assist the new Representatives for the sake of their student body which is pertinent to what he projected as well.

However the point of dissecting the usages of the phrase “three days and a half” as potentially related to the phrase “time, times and half time” is to show how this is a method of outlining time and associated events in such a way that provide for the actual outcome as both specific as needed and in-specific as needed while showing the relationship with previous prophecy to serve as proof of the forethought planning by the Next Level Crew, all for the benefit of those that seek to start their overcoming of humanness program. When the timing of events is meant to be 100% specific the Older Member's spell it out as when Jesus said the only proof he would show of being from the Next Level was Jonas in the whales belly three days and three nights.

However in this Two Witnesses context it looks as if this time frame was meant to be fairly literal. Since it is referring to a recovery from a subduing (overcoming) of these Two and depending on the human response their exit of their incarnation by dying their Selves 3 or 3 1/2 days would match the time in which Jesus' vehicle was in the dead/healing state as well, though it was forecast differently here in Rev 11:9 because it was laying out a plan that had built into it an alternative strategy should the humans not mount an attack on these Two that both subdues them and results in their exit by dying themselves. After being subdued they could have also chose to lay down their lives at that time and still “stand upon their feet.” But then when it came down to the actual time of their closing in on their time of prophecy completion it took yet another course.

Since humans did not kill Ti and Do in 1975, though some clearly wanted to, (some family members of their followers issued threats against them, and I actually heard one person loudly threaten them with death, shouting, “you ought to be shot,” while they were talking at the Waldport meeting) and since Ti and Do said they, “grieved literally for days, feeling like they had been shot down by the media and the mission was dead,” and I know those “literal....days” in that statement were 2 or 3 at most, because of the timeline I witnessed at that time, I would say 3 1/2 in this verse is simply providing an open ended but short time, before they would “stand upon their feet” (Rev 11:11).

Ti and Do both knew of this verse that said it would be 3 1/2 days until they “stood on their feet,” but never did try to abide by prophecy in word and/or deed. As shown they just said they felt shot down for the time span of “days.” Prophecy only provided clues and support for what they knew because of the communication they both had independently with their Next Level Older Member.

However, I would also propose that this time frame actually had two applications relative to Ti and Do's mission. Yes it was the time frame in which they were subdued but even if it could have defined the time their killed bodies were laying dead, if that was how it played out, which as said I believe now was a strategy to trick the Luciferians, it also seems to represent the time period from the end of Ti and Do's prophecy period, roughly in May/June of 1976 - 3 1/2 years into the time Ti took Do and their student body into the “wilderness” that traveled between southern Wyoming during the spring/summer months to southern Texas during the fall/winter months. That period ended by about 1980. It was around that time that Ti and Do moved the group into large houses, starting in Wheatridge, Colorado.

Now the reason I'm suggesting this was the “3 1/2 days,” where “day” also has a “yearly” translation was because during these 3-4 years is when there remained continuous press related to cults, when articles appeared in Psychology Today and in 1978's Jim Jones murders well documented on video, etc. forced and manipulated suicides took place that kept so called related stories of cults in the media, before the people that was finalized in a sense by the movie, “The Mysterious Two,” a grade B sham made for television movie broadcast that was about Bo and Peep but didn't report anything accurately in 1982. Most all times given are all general as the Next Level doesn't operate by human earth clocks and calendars, though they do things by seasons, solstices and equinoxes, new and full moons.

- “and shall NOT send forgiveness (suffer or disregard (into the future)) for their ruined/fallen (dead) bodies (vehicle's reputation or life) to be laid aside (put) resulting (in) memory (graves).” In other words these people who were part of the system that caused their ruin and/or separation by dying, the “bestial governmental systems and media” (that came about because of the Luciferian space alien fallen angel influence on them over millennium) would not forgive or put to rest or lay aside what they had against them that caused

their ruin and/or “separation by death.” So Ti and Do's arrests and Do's felony conviction were not forgiven them even though the plaintiffs both dropped the charges as it was really based on misunderstanding and Ti and Do's keeping the rental car too long, which given how attentive Ti and Do both were to the laws of the land throughout their vehicle's 40 something years before then was probably because the Next Level wanted to use them in that way so there would be grounds to shoot them down and make them according to the government and it's followers, “thieves in the night.” And if they had literally “separated by dying” at that time it could have followed exactly as translated. The Next Level would make sure the humans didn't take their bodies to be put in graves.

### **III.D.7. REV 11:10 - HUMANS REJOICE OVER THEIR DEMISE**

Rev 11:10 And (they that) dwell ((2730 katoikeo= to house, reside, inhabit)) upon (the) earth ((1093 ge= country, region, ground, land, world)) (shall) rejoice ((5463 chairo= to say farewell, at their parting))) over ((1909 epi= about, after, because of)) them ((846 autos= these things)), and ((kai= even, also)) (make) merry ((2165 euphraino= put in a good frame of mind, sense of success as a job “well done”)), and ((2532 kai= (cumulative to) therefore)) (shall) send ((3992 pempo= to, pertaining to the future, subjectively (of the mind) dispatching, transmitting, bestowing, wielding, sending, thrusting in)) gifts ((1435 doron= as a; presenting, giving, offering, bestowing)) (one to) another ((240 allelon= each or one another)); because ((3754 hoti= as concerning, how that)) these two prophets ((4396 prophetes from compound of 4253 pro= above, and 5346 phemi= inspired speakers, fore-tellers)) tormented ((928 basanizo= to torture, pain, toil, toss, vex, through the notion of going to the bottom, a touch stone, walked on foot)) (them that) dwelt on (the) earth ((1093 ge= country, region, ground, land, world, human inhabitants)).

The Next Level Older Members and Crew are strategic in their “gardening” efforts on the earth because as Ti and Do said from the start it is all an “experiment.” Like a human gardener, they prepare everything that includes weeding, but also provide the equivalent of “fertilizer” in the Luciferian fallen angel space aliens and non-seeded humans who with the discarnates all amount to what Ti and Do called the “lower forces” and who are all “influences” on those who are the recipients of Next Level seeding of their

Mind “deposits.” All these lower force influences also have degrees of free will, at least the living ones, as once discarnate they probably do not. (That's the reason we need to overcome our humanness while alive in a human vehicle - it's our footstool or “stepping stone,” the caterpillar that can become the butterfly). I'm addressing this because a number of the responses from many humans to what these Two Witnesses bring public with their prophecy of new information is described as happening in the “future” relative to when the events take place.

Specifically, in Rev 11:10, “SHALL rejoice and ((shall)) make merry” and “SHALL send gifts one to another.” Meanwhile “tormented” and “dwelt” are in the present tense and each of these is separated from the other in such a way to indicate they each stand alone as descriptions of events.

These are strong indicators that it was never intended that these Two Witnesses were both subdued (overcome) and killed or SEPARATED BY DYING as one event with multiple actions described because they would have used all present tense words to depict the events. If that is the case my explanation for Ti and Do believing they would be killed and even they only would have to die to go to the Next Level were literally strategy because they knew the Luciferians would be planning to have people ready willing and able to die for their beliefs so when the Next Level came they and their students would look no different. Thus the Jim Jones event and the Solar Temple, though each of those events were shown to be shrouded in murder and both involved children who would not be able to make such a choice to die based on belief. The Luciferians were so bent on portraying the Next Level as a suicide cult that they influenced humans to make the grade B movie, “The Mysterious Two” that came out in 1982, which had on the VHS cover what might have been a real picture of all the dead bodies from the Jim Jones murder/manipulated/forced suicides that took place in 1978, when Ti and Do at that time believed and said their followers “would not have to die to get into the Next Level.” Therefore Ti and Do were the perfect Representatives as they, like Jesus said they would only say and do what they felt their Older Member gave them to say and do.

Plus it faced those students who believed upon joining they would be martyred for Ti and Do with changing their thinking/feeling to align with what Ti and Do taught. Just as Ti and Do knew to follow their guidance

students needed to learn to follow their guidance. In fact Ti and Do even made a lesson of this. It was referred to as the “polka dot leisure ports.” A “leisure port” was a type of tent brand name. One could buy only the main part which consisted of a tall top that had four V shaped fabric parts that were staked into the ground that each also had a pole to support the canopy. Along each of the V shaped fabric legs were zippers so they could be zipped together and one could put either a door or a window or wall in any of the inverted V openings created by the V legs. These were all the same colors. They had white tops and light blue green V legs. and white inserts. Ti and Do bought as many as 20 something of these tents and we had them all zipped together in different configurations. One was a big circle with a court yard in the middle. Then they changed the configuration into two long corridors that were parallel to one another. At night when there were lights inside, as we had generators we buried to keep the noise down keeping lights on for a while each evening they looked like two scientific stations one might see on the Artic ice. So the lesson was simply, if your Older Member said the leisure ports were polka dotted then you would want to believe that they were actually polka dotted.

Mind you, the Next Level doesn't operate as commanders giving orders and expecting robotic compliance. But it is part of the training program to adopt everything we are given trusting them and in that way they could trust that we would follow their instructions as once on a Next Level spacecraft if we can't be trusted we can't be part of a crew and they don't want us there, so we need to learn the lesson while in a human vehicle on earth first. So the first two of “The 17 steps” were:

1. Can you follow instructions without adding your own interpretation?
2. Can you deliver instructions as you receive them or do they change according to your computer?

- “they that dwell upon the earth shall rejoice over them” - There is a reason this was stated as if to repeat the last verse stating how “people and kindreds and tongues and nations see their ruin/fall (dead) bodies...” but this time referring to those that “dwell, inhabit the Earth.” This seems to differentiate how the media were those that “see” their ruin, while inhabitants refers to those who become personally aware of their activity and those who left all behind. After all the people seeing this on the news don't have a personal

connection so they have no reason to care about these Two so they aren't going to rejoice.

- “rejoice (and, also, even) merry” - Soon after the national news broke with Ti and Do's vehicle's names one person quoted in the media said, “I feel relieved knowing who they are and having the mystery cleared up.” Saying “rejoice” and “merry” are not as accurate, as if people were holding parties and ceremonies upon the mystery being cleared up. “Rejoice, from the Greek word, “chairō” is especially used as a salutation expressing gladness at their parting with an eye to their future departure from their lives. “Merry” as a passive verb shows the “dwellers on the earth” are by the clearing up of the mystery put in a “good frame of mind” related to feeling relieved, again of any future stress their presence has caused, feeling the job of ruining/falling them was, “well done.”

- “and send an offer (gifts) to each/one another, concerning how these two “Above inspired, to shine, by rays of fire/light made manifest, speakers (prophets) PAINED, CAUSED TO TOSS, AND BRING THOSE ON FOOT ON EARTH (DWELLERS) TO THE BOTTOM AS HUMANS” that offers relief from what they were prophesying:

In other words, people felt put down by what these two were saying so those that were seeking to ruin, cause them to fall, by doing so were making their offering to humanity to not consider themselves lessor as these two are saying. Ti and Do taught that the human kingdom was a stepping stone to the Next Evolutionary Kingdom but were saying that there is no automatic rising out of. Each individual had to rise out of their humanness while still a human, to overcome all their human ways through the direction of a Representative from the Next Evolutionary Kingdom who had been through the same process before, even many times, so could show that it can be done, because they demonstrate it once again. That's what these two show the evidence of, what they are the witness of - the overcoming process. And the biggest part of it is how, IF we FEEL this SPEAKS TO US then we need to accomplish it by beginning to TRANSFER/CONVERT ALL OUR HEART as our senses, emotions and feelings, ALL OUR MIND as thoughts, hopes, desires, ALL OUR SOUL as the desire to become greater (enlightened) to be above animalistic beings and ALL OUR STRENGTH as in shifting all our efforts TO the Representative sent to us incarnate to go through it and lead us

through it step by step by following their instructions, which for one classroom is being physically dwelling with the Older Members and the next classroom abiding by what they taught and left us to do to be in their service upon their physical absence.

At first when I tried to translate this I wondered if the “gift” giving was evidence of the timing of Ti and Do's being “shot down by the media” as that took place in mid October so I wondered if it was coinciding with the gift giving of the upcoming Christmas John was being shown. I have no idea whether that does have a relationship or not but if I doubt it would be a primary one.

To show how some felt “tormented” by Bo and Peep's teachings, here is a quote from one who dropped out of the group a very short time after joining from the North Hollywood, Los Angeles meetings in early April of 1975. I'm omitting her name but she was reported as a Houston housewife saying “I would do anything in my power to keep anyone else from going through what I have. It is obvious that these people are on an ego trip. They have set themselves out to be something important. There is a danger of suicide for the followers. They are suicidal anyway, having already killed off their lives as they have known them. When I was involved with them I thought about suicide many times myself.”

This is a very telling statement as there was never ever any talk of laying down our lives until around August of 1994 while I was still in the group. As I reported there were indirect insinuations that we might choose to exit in that manner but that only goes back to the time of the Cocoon movie that came out on June 21, 1985 which was two days after Ti left her vehicle, but I can't really say even then included talk of exiting except by way of a boat out on the sea as in the movie. Ti and Do and then Do alone always saw things that came to his attention as potential ways in which Ti was provided clues, but one can see that he never took those clues as instructions on what to do unless he took steps in the direction they suggested and got more clues that it was a direction to continue to head in or to abort for the moment or entirely or adjust in some way.

So where did this early student get this idea? It's true people who joined with Ti and Do needed to leave their former relationships and activities and thus “lives” behind and that certainly was a type of death or killing off or “denial

of self” as Jesus taught was necessary to being his disciple thus fully consistent with Jesus real teachings. And as said before it was still several years before the Jonestown and Solar Temple murders/forced or manipulated suicides as well documented by survivors and tapes and crime scene evidence that the Ti and Do's group don't coincide with at all in any shape or form. She got this idea from the lower forces, from the Luciferian fallen angel adversaries to Ti and Do and crew just as the Next Level planned and therefore made available so the strongest students could recognize and push through keeping them from turning back to their former lives. This person wasn't ready or flunked out by taking that attitude, though if she is still in her human vehicle now, she can still recoup if she seeks to.

So the people, at least in the media and of course in all the many mainstream organizations, but perhaps most everyone would be happy that these Two are no longer gaining publicity with what is seen as a very strange offering that becomes evident in the media. What They say and do, and even more so, the nature of the response to what They say is very upsetting to most and especially to Christians as Bo and Peep claim to be the promised return of the same Family from the Kingdom of God/Heaven having new instructions that include the requirement to overcome the world as Jesus not only said we must do but demonstrated so we would know how to do so - by following the “way” that was through his life example upon awakening fully to his task.

Thus the investigative effort that would ensue in many of the towns where there were new spontaneous following of these Two would likely build into a national effort to try to catch these perceived “thieves/adult-nappers.” Since they were acting in a secretive undercover way, they certainly would not be broadcasting the names of the human vehicles they took over for their task, not to hide behind what those bodies did before awakening but because they would no longer identify with those bodies, any more than Jesus used whatever his last name was. That was because he identified with his “task/mission,” thus when the investigation caught up with Ti and Do and their pictures were circulated it would cause alarm to anyone who saw them and even if they did nothing “wrong” going forward they would be could easily be reported to authorities who could jeopardize their task completion of being the instruments of the application of the human footstool for students to step up to the Next Level through.

They might feel that certain authorities would be present every time they showed their face, or broadcast their message again as would be the case in each subsequent public meeting or media interview/broadcast. One can imagine all this by following the Jesus story, though in a modern setting where there is this vast electronic media. They would even be seen as criminals, like I said, even accused of kidnapping, especially depending on the ages of those who sought to literally follow them. These new followers would not even have to be by the nation's law, "underage" to incite outrage. They could be any age and certain of their relatives will think they were manipulated into believing, even brainwashed and mesmerized, even comparing them to mesmerizers like convicted murder instigator Charles Manson and later Jim Jones.

This mounting hatred of these Two should come with no surprise as in both Moses and Jesus day as well as all the Old Testament prophets, what they said was met with extreme hatred and opposition to where they imprisoned or murdered most all who were the mouthpieces for the Kingdom of God/Heaven:

Few would think Jesus was the deliverer of the same kind of "torment" described here of the Two Witnesses, which of course is the way those that dwell on the earth respond, but Jesus himself said up front that "peace"\* was his and his disciples way to act one with another, but that when it came to whom to give/show allegiance to, it was between our human family and His Kingdom of God/Heaven family, thus was not bringing peace in the continence of those human relationships. To those relationships he brought the "sword of his mouth/tongue as he expressed the requirements for disciples to leave all behind to literally follow him, cutting their ties to the human kingdom.

Mar 9:49 For every one shall be salted with fire, and every sacrifice shall be salted with salt.

Mar 9:50 Salt is good: but if the salt have lost his saltness, wherewith will ye season it? Have salt in yourselves, and have peace one with another.

Mat 5:9 Blessed are the peacemakers: for they shall be called the children of God.

Luk 12:51 Suppose ye that I am come to give peace on earth? I tell you, Nay;

but rather division:

Luk 12:52 For from henceforth there shall be five in one house divided, three against two, and two against three.

Luk 12:53 The father shall be divided against the son, and the son against the father; the mother against the daughter, and the daughter against the mother; the mother in law against her daughter in law, and the daughter in law against her mother in law.

Mat 10:34 Think not that I am come to send peace on earth: I came not to send peace, but a sword.

Mat 10:35 For I am come to set a man at variance against his father, and the daughter against her mother, and the daughter in law against her mother in law.

Mat 10:36 And a man's foes shall be they of his own household.

Mat 10:37 He that loveth father or mother more than me is not worthy of me: and he that loveth son or daughter more than me is not worthy of me.

Mat 10:38 And he that taketh not his cross, and followeth after me, is not worthy of me.

Mat 10:39 He that findeth his life shall lose it: and he that loseth his life for my sake shall find it.

Mat 10:40 He that receiveth you receiveth me, and he that receiveth me receiveth him that sent me.

Joh 14:27 Peace I leave with you, my peace I give unto you: not as the world giveth, give I unto you. Let not your heart be troubled, neither let it be afraid.

Joh 16:33 These things I have spoken unto you, that in me ye might have peace. In the world ye shall have tribulation: but be of good cheer; I have overcome the world.

Part of the test and task is to tell others about these unpopular leaders and accept the ramifications:

Mat 10:32 Whosoever therefore shall confess ((homologeo= profess, acknowledge)) me before men, him will I confess also before my Father which is in heaven.

Mat 10:33 But whosoever shall deny me before men, him will I also deny before my Father which is in heaven.

In this day and age, telling someone they believe in Jesus or quoting him is hardly a challenge as it was for the believers of him when he was incarnate and in the next generations that held memory of his teachings, behaviors and ways. But the task Jesus, I believe was referring to was equivalent to today, “standing for, in defense of Ti and Do” as the overall criteria to starting one's metamorphosis (growth of the Soul) while providing service that could be met with violence by some to try to stop.

### **III.D.8. REV 11:11 - THE SECOND “THREE DAYS AND A HALF” PERIOD - SPIRIT OF LIFE ENTERS THEM - THEY RECOVER FROM BEING SUBDUED “STOOD UP ON THEIR FEET” - THEIR SECOND PUBLIC EFFORT - ROARS 2-7 ARE VOICED**

Rev 11:11 And after ((3326 meta= denotes accompaniment; “amid,” with, after, behind, beyond, again, follow, hence, hereafter, in, since, when))) three days ((2250 hemera= +/-or to sit for periods, (by context) an age, year, judgment)) and ((2532 kai= or)) (an) half ((semi, part(-ition), division, split, short season)) (the) spirit ((4151 pneuma= current of air, ghost, life, mind, spirit, quickening (life energy), blast of mind)) of life ((2222 zoe= from zao 2198; life, lifetime)) from God ((2316 theos = the general name of deities or divinities)) entered ((1525 eiserchomai from eis 1519 and erchomai 2064; of men, to come before the public, to come into life, of thoughts that come into the mind, to enter= X arise, come (in, into), enter in(-to), go in (through))) into ((1909 epi= superimposition as a relation of distribution, about, above, after, against, among, as long as, because of)) (that which they) saw ((2334 theoreo= (were the) spectators, beholder, looked on, perceived)) them and (they) stood ((2476 histemi= upheld, continued, committed)) upon ((1909 epi= further, have charge of, towards, with)) their ((846 autos plus 848 hautou= their own/selves, together)) feet ((4228 pous= foot or footstool)) and ((2532 kai= both)) great ((3173 megas= large, big)) fear ((5401 phobos= alarm, fright, dread, terror, reverence, from phebomai= to be put to flight, panic)) fell ((4098 pipto= of falling)) upon ((1909 epi= (see “into” above))) (that which they) saw ((2334 theoreo= (were the) spectators, beholder, looked on, perceived, saw)).

As the primary definition of “after” denotes accompaniment, with the action that the Kingdom of God's Mind(spirit) enters or arises, comes into or through them in relationship to the timing of three and a half days can as

usual be seen to depict several manifestations, again, based on the responses of the humans to their public prophecy period.

Of a primary consideration, this is the second of two depictions of the same time frame of “three days and an half.” Now the way it's worded the second usage may well be a reflection of the first time frame, but to assume that would be illogical and especially with the verse in between the two verses with the time frames having three event descriptions that are in the future tense as previously described of: REJOICE (say bye, bye to them), MERRY (glad to see them go), and SEND (transmission) of GIFTS (offer of relief from the torment their prophecy presented) from Rev 11:10. This is also compared to other verbs/adverbs; dwell and tormented in the verse that are in the present tense, which suggests some time passes before the second three days and a half time frame.

In other words, if three days and a half was meant literally as the resurrection time, why repeat it after some description of the time in between that projects the continued future responses to them. These little inconsistencies do resolve themselves in the way the Ti and Do story played out.

If they were subdued and killed as more or less one event as most interpret is the case then it's simply a repeat of the Jesus resurrection that by the way has the least evidence when looking at the rest of the prophetic records of Revelations and in respect to some of what Jesus was quoted to have said about he with his Kingdom's return. If one understands the overview there would be no need for a repeat performance even though that was Ti and Do's instruction to say. Why give the same student body the same proof. They don't need it. It was a new lesson step and one that had no proof. Jesus even said that it would be the lower forces that would show “signs and wonders” that would even fool some of the elect. Many people wouldn't believe because of a resurrection just like they didn't believe 2000 years ago. But today it would be even more so. It would be called trickery and a conspiracy.

But if that was a strategy to among other things provide ammunition to the Luciferian space alien fallen angels and the “bestial human” organizations under their influence and to serve as a filter of those who were not the human vehicles prepared for the returning “saints” then this verse has two possible interpretations in consideration that Ti and Do were the Two Witnesses:

1) This 3 1/2 is simply recapping what would be happening AFTER that same period of time passed that began after they were “shot down by the media.” So Ti and Do said they felt that way for “days” and then received “instruction” to keep going with holding meetings telling the students the demonstration was canceled and let the chips fall where they may among the students if they found that too challenging to accept.

2) This is actually a second 3 1/2 time period (day) and that saying “one (Greek, 846 autos) stood upon his footstool (4228 pous)” to indicate that Do stands up again alone a short Next Level time later in the 1990's and actually the 2<sup>nd</sup> half of the task he came to do, with the first half literally with Ti.

In either of these interpretations the Mind (Spirit) of the Next Level Older Member (God) “COMES INTO THE MIND TO COME BEFORE THE PUBLIC TO COME INTO LIFE” (entered) that motivates them (now Do on behalf of his Older Member Ti and Their students (them) to STAND, bring, covenant, hold up, present, stand by (stood) further, have charge of, with (upon) their own footstools (the human kingdom vehicles they took to overcome/conquer).

We can not discount that the students are with them this entire time as that's why these two Older Members come and Jesus did say he would return with his “Mighty” or “Holy” or just “angels,” which took place at...

AS THE FIRST PHASE OF HIS RETURN CAME “IN THE GLORY (VERY APPARENT TO THE EYES) OF HIS FATHER” IN 1975-6 (Mat 16:27), AS THEY CAME INCARNATE AND PUBLIC TOGETHER.

THE SECOND PHASE IN HIS RETURN IS IN HIS OWN GLORY (VERY APPARENT TO THE EYES FROM THE WORLDS VIEW) starting with the Beyond Human Video Tape series and concluded by his final video's sent to CNN following he and his student body's laying down of their human vehicles - the death of their vehicles. That second time was not “in the glory” (apparent to the eyes while Ti was incarnate) of his Father (Ti). And this matches with Rev 12:5 where he (a man child who was to rule all nations with a rod of iron (a strict standard) was caught up to God and to his throne that became his “glory” as he had by then “overcome the world” and had entirely filled his human vehicle with “light” as Jesus taught was the meaning of becoming anointed as a Christ, that each student must also come to

accomplish under these specific Older Member's tutelage. He had Christed before via the vehicle he took as Jesus and perhaps before then.

(This second time may be part of the fulfillment of the Rev 12:14 ... “time, and times, and half a time” as the first listed “time” can be a reference to this event of Do coming public by himself as opposed to with Ti for the initial coming. This TIME comes after Ti has exited her incarnation though she is still very much a part of the entire project but from a new vantage point spoken about as “her place.”)

Jumping past this verse in the timeline...

THE THIRD PHASE OF THE RETURN TIME THESE STUDENT “ANGELS,” HAVING GRADUATED, RETURN WITH HIM. THIS IS AFTER THE TRIBULATION PERIOD THAT THESE FIRST FRUITS DON'T NEED TO EXPERIENCE WHICH IS SPOKEN OF IN REV 14 AS THE “WINEPRESS” for the Wine (the second fruit to be harvested) as shown in Mat 19:28 saying those “who followed him in the regeneration when the Son of man shall sit in the throne of his glory, ye also shall sit upon twelve thrones, judging the twelve tribes of Israel.

(This third time may be part of the fulfillment of the Rev 12:14 ... “time, and times, and half a time” as the second listed “time(s)” can be a reference to the event of Do being described as the promised Jesus return through the Revelations that come from deciphering the most accurate translation/interpretation options that show how both Ti and Do fulfill(ed) all prophecy from the “records.”)

This time twelve of his students are also on thrones which means they graduated and received full fledged Next Level immortal bodies to wear to perform their tasks through. To sit is to have a position, a task and that task involves “judging” the “144 and myriad of thousands” who also were brought back when the Kingdom returned. Thus the task is to help those find the human vehicles tagged for their use among the entire human population that are probably found mostly in the United States, Canada, England, Ireland, Belgium, Australia and New Zealand (the areas Do had us advertise in once, though could potentially be from anywhere on the planet), but open to anyone from anywhere according to their thirst to learn the truth about the Kingdom of God/Heaven.

This third and last return phase isn't incarnate so the judgment criteria is

based on Ti and Do's 24 years of teaching that they left behind for others to understand if they sought it out, to include this part of the record revealings for those most prepared via Jesus' mission, prophecy and related Old Testament and other prophecy.

(This third return phase, the second of the Rev 12:14 "TIME(s)" is followed by that same verses, "half a time" which can refer to the official "dividing" (also seen in Dan 7:25) found starting in Rev 16-17+ - when judgments become finalized. Judgment is being initiated for everyone starting when these Two Witnesses come public as humans choose what to believe or not. It continues throughout each life span of those humans, who as they die have their spirits sorted into the "boxes" for future opportunities to grow further or to be left for the recycling of their spirit/Soul.)

If this verse was simply repeating the "three days and a half" this "standing up" would be when Ti and Do felt they received instruction to continue holding public meetings after being and feeling shot down by the national media. But that's not my choice of interpretation. Instead it seems this "three days and a half" can be thought of as each "day" as a "period of time," a perfectly legitimate translation listed in Strongs. Therefore there are three of these periods of time and then a halving or a division. So here's how it lines up with the main events in the Ti and Do time frame. I am starting the time line from this verse which is after they are subdued which took place in October of 1975.

- 1<sup>st</sup> Event period: October 1975 - April 1979 (a 3 1/2 year period) - Living on the road giving meetings while camping takes ends by June 1976 and we are called to the Wyoming desolate, dry wilderness where we lived outdoors for the years until close to 1980 when we moved into houses. This was also when Ti said she had instructions to prepare for exit and literally wait for the spacecraft to pick us up. The pickup didn't happen and some who were banking on that pickup ended up leaving soon thereafter though it's hard to tell if that event caused their exit entirely. For one I believe it did. But this was a significant time in the timeline.

- 2<sup>nd</sup> Event period: April 1979 - September of 1982 - This period living in big houses in Texas and Colorado came to a head with recognizing that the students had also come with Ti and Do to incarnate. I am speaking of the Minds that took the human vehicles. This was the time of Blackhawk,

Colorado that was the preparation of “two helpers” I have related to the Rev 12:14 “two wings of a great eagle” that was providing for Ti's exit (even though they didn't know at that time Ti would be exiting ahead of everyone else). This also began the time of having a new interface with the public. Ti and Do started a project called “Astrologics.” We rented an office space and gave meetings to the public on “spirits” and other new age subject matter. We didn't talk about who we were. Ollody continued his drawings/paintings and we put them up all around the office space. Mrcody began making stained glass pieces. Mllody played piano for our start up chorus led by Do by Ti's instigation to teach us to follow Do better. And we did astrological charts for the public. Snnody and Dncody did natal charts. Swyody (Sawyer) and Srrody and Rthody did 6 and 12 month progressions. The three of us never met with clients. Cddody communicated with the progression clients. I think I did two or three progressions over a month or two and then we closed up shop and moved away.

- 3<sup>rd</sup> Event period: September of 1982 to March 1985 - It was during this time that we learned Ti had cancer in her eye and she had it removed. (Rev 12:13 shows the start of the persecution she suffers by the Dragon's stimulation.) This was also a big change and during this time Ti had us visit our vehicles families to try to relieve any anxiety they may have had. This relates to Ti being so flooded by negativity against them both but as Ti was Do's Older Member she had a greater burden to shoulder. This is record in Rev 12:15 and brings us to her exit of her vehicle in June of 1985, listed in Rev 12:16 with the “Earth swallowing her up.”

(These verses in Rev 12 are analyzed in detail in the section: II.A.5.g. REVELATIONS 12)

- The Half way point or “division” of the task: So that brings us to a time of division or halftime. Ti had been with Do for 12 years nearly exactly. And Do and the students exited nearly exactly 12 years later.

This HALF consists of a new sense of having a new public interface. In 1986-7 We dealt with the space alien information in a thorough way. Do started up a video project and a few students went to several UFO conferences and filmed speakers. We studied the entire subject a great deal. During this time Do felt we “needed to be who we are” as the ones who were with Jesus 2000 years ago. However, he didn't want us to stay with him

because of who he and Ti said they were. So he put it to us as...“what if I'm not who I said I was, would you still want to be my student.” It's clear that most did, though some did leave in the next 7 years, but probably had a number of reasons accumulated. At that time Mrcody started having problems with the lesson step “I could be wrong” that was a way to overcome our ego. After Do tried to help him with it, it was clear he didn't want to abide by the lesson step of qualifying we could be wrong in regard to statements of fact, so he was told he had to leave the class and Srfody sided with him and both left but were told if they wanted to abide by that lesson step they could return.

They were given the chance to return in 1994 or thereabouts but chose not to. However, they did want to have continued contact, still believing in who Ti and Do are, so Do, mostly through his “helper” kept in contact and ended up giving them tasks in preparation for their exit. Various evidence suggests Mrcody and Srfody had little to no idea they were actually planning their exit. Over the years, Ti and Do often had a team do a lot of tasks to prepare for an exit. They would have those assigned to oversee financial and legal matters do whatever it took to not leave a mess should they exit. For example I believe that would include signing over titles of cars to someone who would not be exiting with them. I wasn't ever part of that kind of crew so I don't know the full extent of that kind of preparation, though I do have the letters sent to Mrc/Srf with instructions on what to do with the cars and other possessions, so I suspect it was similar in times past. Mrcody and Srfody were fully aware of how Ti and Do had done this kind of preparation a number of times over their years in the group, having both joined in 1975 so I suspect they saw the tasks they were given in these regards as repeating that previous preparedness except this time they really did exit.

At this time we also began work on our diet, even more than at times with Ti incarnate. Do later said that Ti didn't need to experience overcoming our likes and dislikes and other consuming habits. We began to fast and study all things about nutrition. A team wrote a book called “The Transfiguration Diet.” It was published. We called ourselves, “The Littlegreen, Inc. Think Tank.” A year or so later it was sold to Dr. Christopher's son and it can still be found for sale on line. It was fashioned from our experiences and modifications of Dr. Christophers mucousless diet system, also associated with the work of an early health pioneer, Professor Arnold Ehret and others.

However, these efforts were not directly STANDING ON THEIR FEET.

- “they stood on their feet (footstool)” - Standing up refers to literally “standing up for something” and in this case “on their feet” refers to their using their physical vehicles to stand up by. That vehicle is also their “footstool” as is the entire human kingdom (earth) because it is through overcoming our vehicle's human characteristics that we empty our human mind (to become more like a child) to then fill ourselves up with new Mind by drawing it from our Older Member's Mind by trying to be “in tune with” Their Mind and “abiding by all they give us” - especially relevant to the most recent “mind” they give us through the most currently incarnate Older Members; Ti and Do.

This STANDING UP began in earnest when Do wrote the “'88 Update - The UFO Two and Their Crew” that was mailed out to a bunch of people and organizations late in 1988 to early 1989 while we lived on a ranch north of Dallas, Texas. Do wrote it to correct the misinformation about he and Ti's start. He didn't address specific misinformation. He just told what happened as he and Ti experienced it. For many who wrote articles to include what's in Wikipedia they didn't seem to refer to this record though it was freely available on the Heavensgate.com web site that was maintained by Mrcody and Srfody. Perhaps they didn't count his writing as legitimate, maybe because it was never that I know about put on bookstore shelves. I tried to update the Marshall Herf Applewhite page and whoever was monitoring my updates wouldn't let me because I was telling much of my first hand experience. I didn't give opinions or beliefs. I just wanted the facts to be available.

From then on Do opened the door to writing projects. Most all wrote something like what we see posted by the students on Heavensgate.com. Some took to it more than others. Meanwhile we were also exploring all kinds of ways to bring our message back to the public again.

It was the same kind of process Ti and Do always used to implement new steps whether for themselves or once they were leading the classroom of students. They would have an “impression” or “idea” and would try things that occurred to them to try to manifest it and as they took steps it would clarify into instruction, (though I'm not saying that's the only way things happened as sometimes they just knew something needed to be instigated or

that a procedure needed to be designed to solve a problem and that to the students then became “instruction” from them.

Accordingly, over the next 7 years there were 6 more major efforts to publicly express the information Ti and Do were the instruments of. I have since determined these were the “Seven Thunders” (Roars) as noted in Rev 10:3-4 that were in those verses being scheduled for dissemination. It's even interesting that this scheduling seems to include on the heels of the Seven Thunders, this “little book” from Rev 10:2 slated to be offered during the “days of the voice of the seventh angel” (Rev 10:7-11) that is to be prophesied (spoken) “before many peoples, and nations, and tongues, and kings.” which I suspect indicates it's published on the internet. (Now someone reviewing these verses will see that it is John who is given this task to deliver this prophecy. I am not insinuating I am that same Soul that was using the vehicle that was named John. I don't actually think so. Nor was it planned for me, the Soul that is in this vehicle to drop out of the classroom to perform this task. However, it may have been known that I had not overcome certain Luciferian influences and certain human behaviors that would have to be brought to a head with “tests” that I could pass or fail. Ti and Do told us that the Next Level doesn't give us anything we can't handle. The students environment of lower forces influence on us was very controlled by the Next Level so the students would not be overcome by having greater tests than they could handle.

Thus my failure, that was not so great that I disbelieved in Ti and Do and all they taught that if it had could have led to even speaking out against them as some of the dropouts did (Dnc on public talk shows, Rth on Larry King, etc. and of late by making up things - beliefs not in Ti and Do's mind and talking publicity about them as Mrc has done a number of times found in my critiques in the appendix of this book. One example was when Mrc was quoted to have said in an email, “There is no heaven and there is no hell” and much more. This is not said to judge these two as that's not in my capacity to do, and this is not to say they couldn't still change and seek to correct things said against Ti and Do's teachings and thus against Ti and Do. Mrc for one, I don't think would think he was going against Ti and Do. I've heard him say he loves them. But I think it becomes a slippery slope to say one loves someone but then separates by saying things that directly contradict things that can be clearly shown they never said or even implied. That smacks of

religion - praising the names they used but ignoring or skewing or diluting their teachings that Jesus addressed by saying:

Mat 7:21 Not every one that saith unto me, Lord, Lord, shall enter into the kingdom of heaven; but he that doeth the will of my Father which is in heaven.

Mat 7:22 Many will say to me in that day, Lord, Lord, have we not prophesied in thy name? and in thy name have cast out devils? and in thy name done many wonderful works?

Mat 7:23 And then will I profess unto them, I never knew you: depart from me, ye that work iniquity.

This is not to say I'm perfect in sticking to everything Ti and Do taught. I've been accused by many of adding my own beliefs and I have tried to examine each criticism and have found how I had slipped to dilute certain things so have tried to correct them as I see them surface. It can be very subtle to see. We can become over confident in our interpretation but there is nothing to be gained by holding the line when things that are questionable surface. As Do had said to me about criticism sent in my direction - does the shoe fit? We can always benefit by examining whatever is said to us. However, in this task you can be guaranteed to have a constant barrage of criticism that has next to no truth in it, often delivered with no specifics and if there are no specifics there is nothing to become a pointer to something to examine changing.

Anyone can still fail again or fail even further - separate more from our Older Member. It's always a possibility that's up to each of us to try to fortify ourselves against - looking to Ti and Do for help. If we don't seek their help with our failings then further failure is assured as the lesson steps get harder the more we fail to embrace them and build up our "amour" against repeating them.

So, this is a task that goes to whoever the Older Members want to give it to and the actual provision of the material in this "little book" then becomes open for anyone that wants to participate in disseminating it, making each of those a crew-member in the fulfillment of that prophecy that was given to "John." John just becomes the task-holder name.

The Next Level is not a kingdom like the human kingdom where members are most interested in standing out as an individual. Members of the Next

Level don't care to stand out. They want their Older Member to stand out. They are simply overjoyed by being in the pipeline of the Chief's mind from Older Member to Younger Member. That joy is very, very satisfying. Even if the Mind that is trying to work through this vehicle was the same Mind that was called John (which as I said I actually doubt as I suspect he graduated) for me to associate with that Mind would be to drag myself back to a former grade in school or if I'm not even living up to where that individual was then, then I am living in an illusion to compare myself to him. The only thing that's of any value to us is what we are doing now and that is only really relevant in our relationship with our Older Members not with fellow student classmates, whether they are classmates that are ahead of us or not.

- "great fear (alarm, fear, dread) fell upon them which saw them" - I don't really have examples of this since I was in the group when we came public again (stood upon their feet) starting in 1993 but in person in public meetings across the U.S. for about the first 9 months of 1994. I was an assigned overseer, with my partner that was at first Chkody, then Mllody and then Evnody of one of our three groups that grew to four when we gained some new members. We did quite a bit of media in every city we came upon in Portland, OR, Seattle, WA, Vancouver, B.C., Tucson, AZ, Dallas, TX, Boulder, CO, Albuquerque, NM, Missoula, MT, Chicago, IL, Portsmouth, NH, Portland, ME. and I can't really recall meeting many people that recognized us as the same group who were known in 1975. I met with Rob Balch in his University of Montana office and helped him edit a chapter in a book he was contracted to work on. That had been arranged by Do for me to help him with when we hit the road.

However when I traveled around the U.S. when I first joined from September of 1975 to April of 1976, I spoke to many Christian preacher/teachers, priests, deacons, pastors, evangelicals of most every denomination. Most did not enjoy hearing the information that Bo and Peep were the Two Witnesses and of course didn't believe it or for some perhaps didn't even seem to consider it, though who knows if they did at a later time. Some were visibly shaken and some quickly ushered me out of their church building calling me a servant of the devil.

In 1982 we were portrayed as equivalent to the 1978 Jim Jones murder/forced and coerced suicides. (That's what being forced and manipulated really looks

like as was later revealed having video tapes of Jim Jones demanding the people to drink the poisoned Kool-ade. Some probably thought it was another rehearsal. On several occasions before that event Jones had people rehearse drinking the alleged poison but didn't tell them it was a rehearsal and none died so it became a conditioning to be ready to do it when the time came. Ti and Do did nothing of the sort ever in any way shape or form. In fact it was the opposite.)

So I think it can be assumed that those that did recognize we were the same group could have responded with “alarm, fear, dread.”

Rev 11 doesn't reflect the exit of the “Father” from his female human vehicle yet still refers to the Two of them throughout. If someone wants to use that to discount all that has been shown, then that's their choice. But the Next Level doesn't operate as humans do in their sense of self that has them think they are operating as an independent being, when they are actually a composite of discarnates using and influencing each of us. Next Level members have no discarnates yet want to be absolutely dependent on their Older Members though that doesn't mean they don't have many very difficult tasks that require significant decision making and exercising of judgment, some of which can be exactly as the Older Member would have done in a circumstance and others may not be what the Older Member would do. That's how growth continues. Older Members on the other hand are not bent on younger members doing exactly as they would do because every circumstance is new so sometimes the Next Level Older Member when they receive the report of what we did might just say to things we may question if it was from their mind or not, “that it was okay.” There aren't any power trips or ego battles among Next Level members Older or Younger. Older Members don't try to hold back younger members. And no members try to race ahead of others. There is no competition except within each individual who wants to do a better and better job. It's that task that is most important which includes how it's done because all are in a constant desire for self improvement.

So with that said, “They” whenever used can relate to however many are serving as One Mind. As said before there were options built into these prophecies and strategies as the Next Level is always making a positive from the negatives they provide in the Luciferian presence and influence upon themselves and their students. We also can't assume the Next Level didn't

intentionally leave out a reference to the incarnate Older Member “Ti’s” exit in Rev 11 to throw the Luciferians off that trail. Theoretically it could have even been a mistake, even one that they caught but decided to allow to remain in the record. Ti and Do always said that the Next Level had to work very hard to keep enough of the record in tact, speaking about the red letters in those Next Testaments that put what Jesus said in red.

It also could have been a translation/interpretation error that for whatever reason wasn't corrected. After all I have surfaced a number of translations that don't seem to be as specific as I believe they can be. Yet like I said, if this becomes the straw that breaks a potential believers back then they are choosing to let it be and then they should have what they want. This wasn't the only point that becomes just such a test criteria and it won't be the last for any serious student.

Finally, which is what I feel best about and coincides with Rev 12:14-16 is that Ti did exit with Do and the first fruit student body as depicted in Rev 11:12 ... “ascended up to heaven in a cloud...” as in Rev 12 it indicates she “fly into the wilderness, into her place, where she is nourished for a time, and times, and half a time, from the face of the serpent.” That “place” does not seem to be “heaven” as the same location Do and the 38 and I say she ended up “ascending up to.” It seems she left her vehicle of course but then stayed in close proximity to help Do and the Class until they were ready to leave, which she then presumably joined to do with them. As I said in the Rev 12 section that I won't repeat now, I had several dreams with Ti and with Jwnody and Lggody that seemed to correspond with this viewpoint.

**III.D.9. REV 11:12 - THEIR EXIT BY DYING - A NON-PHYSICAL (BORN OF SPIRIT/MIND) ASCENSION - SEEN AS THE HEAVENS GATE “SUICIDE” CULT - WHAT DO CALLED THE “CULT OF CULTS” AND THE “CULT OF TRUTH” - WERE NOT PRO SUICIDE BUT SUICIDE TO THEM WOULD HAVE BEEN TO REJECT THEIR OLDER MEMBER (TI’S) DISCLOSURE (VOICE) TO “COME UP HITHER”**

Rev 11:12 And (they) heard ((191 akouo = to hear (in various senses) come to ears of or to understand, to be given audience of, is reported)) (a) great ((3173 megas= great/big/large of age [Older Member], eminent for ability, virtue, authority, power, highly esteemed, weight, importance)) voice ((5456

phone= disclosure, noise, sound)) from heaven ((3772 ouranos= through idea of elevation; the sky, air, abode of God)) saying ((3004 lego= to “lay” forth, describe, give out, put forth, shew, speak, tell, utter)) (unto) them; (Come) up ((305 anabaino from baino= to walk. a pace by foot, be borne up, to go up, to rise, mount, spring up + 303 ana as a prefix; repetition (again), intensity, reversal)) hither ((5602 hode= here, in this same spot/place)). And (they ascended) up to heaven ((3772 ouranos= through idea of elevation; the sky, air, abode of God)) in ((1722 en= +under, at, as, by)) (a) cloud ((3507 nephele= cloudiness, covering, covertly)); and their enemies ((2190 echthros= from primary echtho= to hate; hateful (passively, odious, or actively, hostile); usually and in this case as a noun an adversary - a Satan, a foe)) beheld ((2334 theoreo from derivative of 2300 theaomai= been a spectator of, considered, looked on, perceived, saw)) them.

- “and understood (heard) Older Member's (great of age, authority, ability) (great) disclosure (voice) from Level Above Human (Kingdom in the heavens) to LAY FORTH (saying) their own (them) to be borne up, by their footstool to rise AGAIN (up) to the same spot (hither).”

Ti and Do often spoke of communicating with their Older Member who was in the heaven's while they were incarnate as picking up the phone. I don't know if they adopted that terminology from the movie, “ET the Extraterrestrial” as that ET character in that movie who wanted to get back home, “ET Phone Home!” which he would do with his Mind. Ti and Do felt it was just as real and said that sometimes no one picks up on the other end, which tells them to wait for an answer or rephrase the question or ask it at a future time. In this case, Ti and Do and student Crew are receiving the “phone call.”

Ti and then Do, after Ti exited her vehicle, were from the start anticipating exit time via a spacecraft but what they didn't know was more than a general sense of when, where and how. They knew where was the U.S. and west of the Mississippi River but even more specifically in the southwest, as that had always felt like their territory. They generally felt it wouldn't be in a big city unless a demonstration (death and resurrection) was to be held, which they thought was the modus operandi at first but after feeling shot down by the media on the national stage (street= broad platt - town square) the demonstration was in question, though they never actually abandoned the

prospect. Even at their exit time from Rancho Sante Fe, California, they packed a travel bag, in case the Next Level wanted to take their vehicles alive or not. This was the way of Ti and Do from day one that I observed. They were like deep undercover operatives behind enemy lines trained to see clues to find their crew and show them how to find their way out of danger.

For anyone that thinks the Next Level sounds like a boring life, they can look at their 25 combined years to see how challenging it was for them as they assumed nothing and given the humans, their enemies, the Luciferians and their allies, their returning students had free will to choose what they did or didn't do - their time was filled with adjustments as they encountered reactions to their presence and task. They had to remain exceedingly flexible yet with the strength and tenacity of a metal. And this way, they were giving their Next Level Older Member on board a spacecraft overseeing their operation as many options as they could think of, requiring them to “turn on a dime” as needed.

A human would think the Next Level could do anything and it's not that they can't. However, many things that humans use they would have to find from the human kingdom. They weren't going to look for sewing machines to make clothing as if they wanted to use those graduates in their vehicles for a task, say in another part of the planet, they might want them to fit in, so they would want them to have clothing fitting the environment. It is really that practical. I remember once Ti and Do were laughing at a report of someone picking up someone hitchhiking who was wearing clothing that were too big for their vehicle and way out of date and this person appeared and disappeared in the report which is what made it most noteworthy. Ti and Do figured if it was a Member of the Next Level on a task, they needed to improve their wardrobe department.

“How” they would exit their task remained a big consideration. Like I've said repeatedly, it is often their considering an idea, like scheduling a pick up as they did twice and engaging a fast or buying a boat like in the Cocoon movie, that revealed to them in the doing that it didn't feel right. It became clear that we were not going to exit by another's hand as occurred during the Jesus classroom. That was verified to Do in two phases, first after finishing 9 months on the road giving meetings for the second time in 22 years and second while building a “compound” of the “earth-ship” design - stuffing

tires full of a mud and straw mixture for the walls, which was like considering the government might have a reason to take them out like what happened to the Branch Davidians. To play that out, Do even purchased two rifles and a member or two (Strody was one, who had a 60 something grey haired female vehicle by that time) learned to shoot with the idea that the government might be provoked to help them end their task, that is if their Next Level Older Member, actually Ti in the heavens at that time, wanted to allow it to go in that direction.

I don't think the Next Level would force someone to take someone else's vehicle's life, but they would set it up as they did with Jesus exit so someone who chooses to be one's enemy can become the instrument of their exit. Of course there are examples where it was written in the records that the Lord put it in their heart to be the instrument of waging war against someone else, but what that actually means I don't think is a manipulation though after all vehicles are the Next Level's design and they are designed to die eventually and the Next Level does instigate events that take human lives but what we never know is whether they are salvaging spirits from those times for any reason.

Do considered the idea that each would naturally exit their vehicle but whenever he did it just never felt right. If there wasn't a task to do to interface with the public anymore because no one really wanted to hear what they had to say, as became evident by the time of the end of the 9 months in 1994, then they had no reason to stay around. I think the meeting my group put on in late August or early September of 1994 just south of Portsmouth, New Hampshire had one person in attendance and he was a newspaper reporter. We even advertised that meeting by saying we might have to take it upon ourselves to exit.

But although Do knew the U.S. was the location for exit, he didn't know exactly where in the U.S. he should be at. It was about a year before their exit that he knew where to go. It really looked like their specific exit location was meant to be kept a secret from the Luciferian space aliens. After having arrived at the prospect of "laying down our own lives" to exit he took the classroom to Dallas, Texas for a short stay, then back to San Clemente, CA then to Tucson, AZ and then to Manzano, to Paradise Valley, AZ and finally to Rancho Sante Fe in California all in the course of 2 years. I am sure in

each location he was asking Ti if this was the place to be to exit.

Do even switched gears completely when he abandoned the Earthship designed building project, according to Neo's book (which has many errors in it) they called "The Launch Pad" and a "Monastery Fortress" they had spent 8+ months working very hard on. They had even bought the 40 acre pine tree covered x-boy scout camp which was also a change from leasing as before then they never wanted to get beholding to one spot. If I recall correctly, Ti and Do felt they made that mistake once in Amarillo when they bought a house and then had to leave the area when some students left the classroom (that Ti and Do knew could bring investigators to our door because of), and it took years to sell it. According to those they interviewed in March, after their exit, from Manzano, who knew them and knew of their project, having watched them for those months bringing truckloads of materials to the site "all summer long," who also rented them out office space to manage their web site building business (and I'd say possibly the work they did for a Computer company in Laguna Hills, California, remotely, that we did while I was with them, they said they had plans for a "bakery, a pharmacy (that is hard to understand unless it was to be an herbal pharmacy or of some equivalent, as I can't imagine a typical drug pharmacy), and a lookout tower amidst a Nutri-lab (kitchen), mess hall, showers, etc. They told those humans "they had been called to California and that their superior had been afraid they would get snowed in at their retreat and they'd be back in the spring" which some of was verified by Neo when he said they stopped building in November of '95, not having completed the project, because of the anticipated cold weather that would come upon them. It was the case that Ti and Do had us move to areas of better weather, especially when we lived outdoors though they had fixed up the scout bunk houses to bed down in.

But that would be so unlike them to say they were going to California if they thought they were as they were always conscious of the potential that some family members could put an investigator on them so they didn't want to leave a trail. They then moved to Paradise Valley and Scottsdale instead. I wouldn't be surprised if Do didn't give instructions to say "California." I can't tell you how many times we moved and I gave notice to the humans I worked for and at times Ti and Do would tell us where to say we were going or not to say I was moving somewhere else, though I often did have to make up an excuse, that was true but not the total truth. To say the total truth I'd have to

say, My Older member whom I believe was Jesus but who was in the news as the leader of the UFO Cult told me we had to move. That would have also been a no no to say because of how it would be burning that bridge should we need to come back to that town to get employment again, which we did do a few times and a number did recover old jobs. (By that time the jobs we had were professional positions that are not that easy to find - Manager jobs in department of corporations (Nrrrody - Technical Writer manager for Texas Instruments in Austin), Lead Project Manager for IT at MTech or Hewlett Packard (Mllody) for examples. My jobs were not so high up but I was a software applications programmer like for Peachtree Software in Atlanta as another example.

They leased houses and began to write their book and began to build their Heavensgate.com website once they got to Arizona. Alxody and Vrnody went to Colorado, got jobs and stayed with an x-classmate so they could get castrated according to instructions as their option to do. When they came back by Christmas of 1995 according to Neo others went to get castrated including Do who had some complications. Neo reports when it started to get hot they moved to Rancho Sante Fe where they put up the Web site Heavensgate.com that became the avenue for the one in a female vehicle who took the name David that became named Dvvody and her vehicle's husband to join, though he soon left the class shortly after joining, I understand saying he had a health problem.

In part I'm thinking there was some diversion tactics being employed by Ti through Do to prepare for their exit as no doubt before they moved to Rancho Sante Fe, the Luciferian space aliens knew well of their exit plan and they also would have known that the spring solstice was a likely timing and by then would have known about the Hale Bopp Comet's discovery in 1995 with it's highly erratic course, and speed changes and spiral looking movement and enormous size as it was talked about on the Art Bell show, but the Luciferians are aware of what NASA scientists know about and I would suspect knew that a comet is what humans would see that could be a spacecraft or harbor a spacecraft as even Mark Twain wrote about and was depicted in ancient paintings and perhaps was known when the Luciferians were in their equivalent of a classroom. The Luciferians would also know of the exit plan of laying down their lives. It was interesting that in that 1978 movie, "The Mysterious Two" that was supposed to be about Ti and Do but

was about as off as one could get from the truth on the cover of the movie it showed a picture from the Jonestown murder/forced suicides. Now perhaps that pic was put with the video after Do and Crew exited. I didn't recall that cover initially, but I do know that one of the rumors that was going around in 1975 about Bo and Peep's group was the fear they would commit suicide which was years before Jonestown and Solar Temple events. The Luciferians knew the modus operandi of the Next Level was for students to "give their lives" - the lives of the human vehicles they incarnate into and they had worked their distortions and dilutions so thoroughly that there was next to no possibility humans would deliver their exit as occurred with Jesus and his disciples.

But what the Luciferians wouldn't know is exactly where and exactly when though how was by then fairly clear. What would they do with that information, one might ask? Well, they would do with it what they always do - try to create a facsimile event of some sort that would serve their purpose of drawing Souls (those humans with deposits) away from the Next Level because of. So somehow the Next Level might have blocked the Luciferians from knowing they moved to Ranch Sante Fe. I know the Next Level controls the areas where they are holding the classroom. They protected students from the biggest boogers according to what they thought each could handle. The Next Level never gives us more than we can handle.

Thus the Luciferians tried to steal the headlines with the very blatant "Phoenix Lights incident" on March 13, 1997 less than two weeks before the group voluntarily and joyously exited their vehicles from Rancho Sante Fe, California. Had Do and Crew exited from that Phoenix area there would have automatically been more talk that the space aliens and the Heaven's gate group were related and/or that they were really abducted by the space aliens or picked up by them which would also to some make the space aliens the ones Ti and Do said were from the Next Level. The Next Level sought to keep their appearance a secret entirely. Their spacecrafts were always "under cover" (clouded) where the space aliens couldn't help but be seen at times and made a point in some cases to pose for photographs that would show metallic looking flying saucer shapes.

Comets have always been used by the Next Level as a sign. It's likley that the "star of David" that led some to where the Jesus vehicle was born was a

comet, though it could have been a spacecraft and actually a comet could be a spacecraft, manned or remote controlled the way many bodies are directed throughout the heavens. (I'm not saying what they are or are not.) But what I do know is that they can be used as signs to humans and/or those doing tasks on the planet. Therefore this verse is a way of stating that ahead of a Next Level event there will be a sign from the heavens, from outer space. The word "lightning" comes from the Greek 796 astrape from the root 792 - a star and a comet certainly looks like a star and is seen from earth perspective traveling along the ecliptic, the same path in which we experience the Sun, our Star that rises in the east and sets in the west:

Mat 24:27 For as the lightning cometh out of the east, and shineth even unto the west; so shall also the coming of the Son of man be.

So I would say the Hale Bopp comet with the report of the companion object with it, together by a visit of physical beings as Jesus experienced to inform him of his exit plans, were together quite the "great" disclosure (voice). It didn't really matter whether there was a companion with it or not. The fact that it was reported by some to be there was all it took in combination with what Do felt and no doubt added confirmation when it's perihelion fell on the Spring Solstice, as Ti was always attuned to the solstices and equinox periods as significant lesson times for the classroom and times when events often began or concluded.

"and (they ascended) up to heaven in a cloud" - up in Greek is "anabaino," with "ana" as a prefix indicating repetition and/or reversal, while what is being repeated/reversed is several fold for those who were these first fruit students of the Two Witnesses. These were the same Souls who took human vehicles at the time Jesus came public to seek them out. And it was these same souls that then took what Jesus taught to the public to their human detriment so they "died in Christ" literally, first by dying to their human family and responsibilities, pursuits, behaviors and ways and then "taking up their cross" by being willing to lose their physical body in service to Jesus and what he taught. Thus this was a repeat performance though with a different modus operandi as the returned One who was Jesus wasn't going to show them the same proof as they didn't need it and it would actually inhibit their completion of their overcoming because it's the human vehicle we are overcoming so if the vehicle sees proof We don't need to grow to override the

vehicle when it puts up doubts. The Greek part of this word is “baino” which refers to what will be repeated, the incarnation and overcoming, and in this case exit of the human vehicle they took for their task as “baino” refers to one's “foot” or “footstool.”

They are therefore using the vehicle to rise or resurrect to Life as their new body growing with the human body Ti and Do called a Mind, being the grown “Soul pocket” is what literally “rises” out/away from the human vehicle. Perhaps it could have gone either way, being a rise of both the vehicle and the Next Level Mind growing inside of or attached to it or just the Next Level Mind could do the physical part of the rise, leaving the vehicle behind like the old caterpillar body is left behind.

-“heaven” - refers to both the location as in “elevated areas” and new Above Human condition as new adult members of the Next Level.

-“in cloud” indicates they are rising into a “covered up” cloud covered spacecraft. It was never meant to be seen for what it really is yet. This is so those remaining who witness their exit, spoken of as the nations and kindred and such still have their own chance to be harvested so no ultimate proof is given. Ti and Do said that if there was no chance for some to graduate during their time of closeness then the Next Level may show more proof. Since no such proof was given in Ti and Do and Crew's exit it must mean that some don't need it and can still graduate to whatever will be their next station towards Next Level membership.

So their human vehicles became the instruments of their graduation into the Family of their Older Members. It was interesting to see “under” listed as a viable definition for the Greek “en” before “cloud” as Ti and Do always said they were on an “undercover” mission, having to incarnate into human vehicles as their modus operandi that made them look exactly the same as everyone else. All through the Old Testament, the Hebrew for “cloud” meant “covering” and/or acting covertly.

Exo 13:21 And the LORD went before them by day in a pillar of a cloud ((6051 'anan from "anan' (6049); a ancient root; to cover; as a figure, to act covertly. (Of course this can also be applied to those humans who act covertly which is not at all for the same reasons the Next Level acts covertly))), to lead them the way; and by night in a pillar of fire, to give them

light; to go by day and night:

- “and those that were hateful of them (enemies) beheld them” - By saying they rise under cover into the heavenly abode where they came from, means it's not apparent to the observers eyesight as that's what's being hidden from them, yet those who are their enemies literally were spectators of, or saw or looked on (beheld as an aorist tense that in English usually refers to the past tense) them in the past or at present.

Those who were their enemies, no matter to what degree of hateful (passively, odious, or actively, hostile) would qualify no matter when or how they actually saw them with their eyes or heard of them. That would have occurred to literally many thousands of people from 1975 to 1997 when they exited their bodies. Additionally, all their space alien enemies would become aware of their exit.

On NBC's tonight show, when Jay Leno was still hosting shortly after Do and the 38 layed down their lives before the world, they played a tape that showed some of the faces of the 38 who were on exit video's as if they were on their spacecraft with the Hale Bopp comet. They were all giddy and partying and waving to the humans in his audience live and via television. Yes, it was funny, but from where I sit, not something I could participate in. In fact for a very short time when I was first being helped to re-awaken, while I was working a job as a computer programmer on Long Island, NY, I would commute about 45 minutes each way to where I was living and in the morning commute would often listen to Howard Stern's radio show. He would have the strangest guests, a two headed woman, women that would have body contents and would disrobe and subject themselves to having bologna thrown at their butts, etc., so I thought maybe I can develop a comedy act. But it just never seemed like that was from Ti and Do's mind and I always felt it cruel to flaunt what to some was a tremendous loss of their loved ones, even though in all cases they were at least young adults who had been living away from their vehicles families for some time before they had joined with Do and crew during or after the 1994 public meetings.

Again, perhaps the Two Witnesses method of exit could have occurred as mostly translated, though like said and described some, it looks more and more like this was recorded to provide options and to hide the most likely scenario, based on the anticipated responses of the society, as then by

surfacing the truth, could further aid some to see the truth of how Ti and Do were the expected “second coming.”

Those being given the help are those in this potential second harvest, not because they are lacking but because of how thoroughly corrupted the truth had become by the hand of the Luciferian fallen angel discarnates and/or their operating through space aliens and humans to try to second guess the Next Level. The Next Level can observe their choices as well as human choices so can adjust their strategies accordingly and still be in line with the prophecy they initially provided.

After all, we know that the Next Level planned for this to be a mystery to figure out, as stated in Dan 12:4 to seal what was shown him until the “time of the end” and Rev 5-10 to have the meanings of these records fully revealed in stages (seals 2-7) but primarily only AFTER the Two Witnesses and Crew exited their incarnation (seal 1). With that said there is yet one piece to this Rev 11 Two Witnesses part of the mystery to be revealed here. This has to do with Ti and the fact that she exited her incarnation at the half way point in the total time of Ti and Do's joint incarnate task. As said Ti according to Do and the evidence presented in section II.A.5.g. was the one Jesus referred to as his Father, who Do called his Older Member (and Father, as the One who gave him his birth into the Next Level, as they, through him was doing for his students).

Part of the reason it occurred to me that this depiction of the exit, as in Rev 11:12 may or may not include both Christs at exactly the same time is because of the way the Woman in Rev 12 is spoken of vanishing or fleeing to a “wilderness.” It simply seems to be depicting her exit and the man she gives birth to and his students are still around. Thus this is suggesting she “exits” in some way first, yet her exit doesn't take her to “heaven and/or a cloud” as Rev 11:12 depicts, thus it seems her “prepared place” is still within the Earth Temple area versus being in a Heavenly Temple spacecraft.

If there wasn't so much evidence that the Father was one of the Two Witnesses, and that this Woman was the Father, one could put some other meaning to these “fleeing, vanishing to the wilderness,” but there is enough evidence that we need to evaluate Revelations chapter 12 in great detail as well, to see how it correlates with the account of these Two Witnesses.

However, at this point, I'll proceed with the idea that both the Father and Son and potentially their students are all called up to Heaven, as that is the entire point to all this, that the students would be harvested by the efforts of these Two. The Father simply exits her vehicle first and then stays in the same vicinity of the Son and students until it's time for them to exit and then “rises” with them into the cloud covered spacecraft.

-“Same hour be brought to pass, assembled, befall, generated (there)” - This prophetic context I believe is referring to a Kingdom of God/Heaven time frame. With the 1000 years human to 1 day in a Next Level comparison of time, student of Jesus, Peter wrote about, an “hour” would be 40 years, which is one of those common time frames in the records. (Ti and Do and Crew wrote about this time frame). Moses and the children of Israel were in the desert 40 years, Jesus fasted and was tested in the desert for 40 days and Jesus stayed around after healing his wounds and proving he was still physical with Above Human abilities (invisibility (changing his vibrations), defying gravity, etc.) for 40 days. This “hour” of 40 years I would say began with Ti and Do's awakening as the Two Witnesses which came essentially starting on January 1, 1973 as they left their human world behind in Houston, Texas that culminated by the end of that year with comet Kohoutek's perihelion in December of 1973, which would start the “hour” with the end point starting on January 1, 2013, within which this big/great shaking (earthquake) event would occur.

-“big, large, fear, strong (great) shaking, rock, vibration, agitation, tremble, throw into a tremor of fear or concern, move, tempest (earthquake)” - As one can see the Greek word was “seismos” relates to seismology. This is where the English word came from and they did have seismic events during the time of Jesus and afterward so it can be exactly that but the actual translation of the word doesn't mean the same thing necessarily it's the literal earth shaking, or caused from underneath as coming from a tectonic plate shift. Regardless it can certainly include a literal shaking of the Earth. As with all these verses it usually refers to events that must take place to continue preparing and providing all humans with circumstantial evidence of who these Two Witnesses really are and in accordance with the prophecies they delivered. As is always the case with prophecy there are several, even many things one can point to as fulfilling prophecy and in both physical and non-physical ways. But even the physical have non-physical manifestations and the non-physical have physical manifestations.

The Kingdom of God/heaven, by their mission of sending Two of their Officers (Older Members who had been Christed (graduates from the human kingdom many times past, even long, long before the Earth existed)) to Earth undercover (in-carnal (flesh) form) can't help but provide significant and repeated “shaking up” of what otherwise would remain asleep, as in ruts, the

garden having been largely overrun by weeds, the result of the presence of the Luciferian space alien fallen angels sentenced to jail on earth. A rut or a stagnated or asleep creature, as humans relative to the reality of the Next Level Kingdom, are those that are not seeking a greater understanding of why we exist, are on earth and/or are those who have become satisfied with the human condition in life, though getting to that satisfaction is all a part of the schooling to potentially get out of, be born from thriving upon and thus ready to give up having and even wanting anymore.

As Ti and Do said, the human kingdom on earth was like being in school where the grades are stages of potential growth. Using the analogy of school in the U.S., They taught that grades 1-6 are when a human gets more and more into being the best human they can be. It has nothing to do with the technical advancement of the civilization. For instance, by the sixth grade they have become successful in every respect - socially (ethically, morally), financially, physically and even spiritually (non-physically). Someone having reached this condition, has a family, a career (that might be and/or include the raising/support of that family). They give and/or participate in civic and/or religious and/or spiritual and/or secular humanitarian causes and organizations. They follow the rules in their society. They may even become responsible in what happens to their assets upon their death, with insurance policies and may even have burial plots for their loved ones arranged. Then from grades 7-12 it's getting out of what they got into during grades 1-6.

As all humans are as “leaves” on the genetic tree, they play out their lives in one of these grades in the overall school. So when we see someone not succeeding, not able to cope or act responsible, prone to this or that “deviant” behavior, breaking laws of the land, thrown in prison, even for heinous crimes where they need to be isolated from others because of how they could interfere with others choices, rebelliousness against authority or the status quo, looking to usurp, use or abuse the system for their own gain, wrought with sickness of the mind and/or body and even becoming militant against existing governmental organizations, etc., we are potentially seeing someone who is in process of expressing their condition in the break away group, the group that regardless of their consciousness of it or not, don't fit in because the Next Level is removing what were the pillars in their human foundation to help them become ready for the arrival of Next Level Older Members in the next accelerated program to consciously evolve Beyond the Human

kingdom's condition of life.

This is not to say the Next Level condones violent ways of striking out against others and/or the system. They are simply understood and are part of what's been called the karma of the choices of those who are at varied grades in the human school. At any grade one can become comfortable though the Next Level helps us remove our comforts when we show signs of dissatisfaction with the current options.

Thus the shaking up of this world, that helps motivate us to advance up the grades in school is built into the human kingdom even if by the one fact that all human vehicles are designed to die. Additional shaking and thus motivation comes from those in the earlier grades in school or from those that are not in the school at all. We see this whenever there is an aggressive effort to conquer others, their lands and goods. I suspect that those in the upper grades in school when confronted with such aggression choose to flee rather than to fight tooth and nail to stick it out. They don't hold up their roots in tradition and even to their human family and to the literal earth they call their home, to include the property they think of as their own and their possessions, etc. as worth fighting and dieing to preserve. So they become war refugees and that enables them to experience a degree of disconnect from their otherwise very real and strong roots in whatever garden patch of the human kingdom. Thus because of this kind of shaking up of their lives, the Next Level can help them get to a place where they can continue to grow in the direction of eventually graduating the human condition which by the time they are in twelfth grade one must choose to do without the impetus of some marauding army or suppression of their rights and certain freedoms to motivate them. This is why the United States of America became a place to escape to or to find new opportunity in, being relatively free of wars and other events that motivated people to leave because of. Sure there were always problems but one in general couldn't see fleeing to another country as a way to solve those problems.

For those who were ready to graduate the human kingdom, the stimulus to exit their former human lives came not from any of the traditional threats or motivations, but because of the physical presence and information Older Members of the Next Level provided when they came to earth and made invisible deposits of their mind into those human vehicles they thought had

the characteristics to be a match for the returning souls specific needed lesson plan. For those receiving such “deposit” they had a stronger dosage of the “seeker” mindset questioning more and looking for answers to common long held questions about our human origin and ultimate purpose. For these and there can be many of these, materialism just didn't seem to be worth pursuing, nor to make a name for oneself, to stand out as someone special or necessarily even motivated to help others out of their problems. Thus in the early stages of the 19<sup>th</sup> century not only were there continued migrations to the U.S., but there were also major migrations west, at that time still to find gold or escape persecution and limitations, but by the 1950's there seemed to be less obvious tangible reasons. The western U.S. and California were simply seen as “the in place to go to” or to remain if one was already settled in that vicinity. It was seen as the wild part of the country where anything goes and self expression and related opportunities were abundant and with far fewer limits.

The full extent to the shaking up of our lives to help us move closer to the 12<sup>th</sup> grade and a possible graduation isn't necessarily directed by the Next Level, except in how the Luciferian space alien fallen angels are permitted to influence humans. The Next Level makes a positive out of what the Luciferians do and many humans are actually not acting as the Luciferians would prefer either but are the result of Luciferian breeding gone bad over millennium as we see examples of in Genesis chapter 6 where their offspring became terribly violent so the Next Level sought to start over as depicted by the great flood. However, as I've surmised before that didn't get rid of those that could hide with the Luciferians in spacecrafts underground, or under the sea, perhaps under icecaps at the earth's poles, for instance. Nor would the Next Level want to eradicate the Luciferians until they are ready to do so for the sake of the continued growth of their student body.

So further shaking of our human foundations often come from the accumulation of hatreds, jealousies, greed, desires and vengeance as a result of those who manipulate others who are unknowingly slaves to acquire power/treasure (money) on a path to fulfill a Luciferian agenda. Every time there is an exploitation whether between individuals, family units or countries/nations, the victims increase the blowback spoken of by the eastern religious as “karma” and this actually has a direct and equal accumulation in the spirit world.

When people are murdered, mutilated, ruined and displaced by a destroyer whether a governmental or private entity, often motivated largely by business enterprises, not only are most people of conscience alienated from them and not only do most in observance become filled with rage, but all those sent to the spirit world also die with that hatred and they know who was the cause and they potentially haunt them for the remainder of their lives. Soldiers can't get the images out of their brain and it becomes what today is called PTSD - Post Traumatic Stress Disorder, which is a fancy name for what used to be called "battle fatigue" or even "shell shocked" (as no doubt loud noises of explosions dramatize in our physiology).

Besides wars, there are examples like in Bhopal, India with the Dow Chemical plant that exploded and spread toxic waste for hundreds of miles that caused disease and mutations for decades thereafter. And then there has been Monsanto's GMO machinery (not yet shown obviously), Mad Cow disease, various virus prolongations (AIDS), cancers galore, etc. that have more and more links to the fossil fuel industry and the chemicalization of modern life where energy, mining and chemical companies are doing most of their toxic activities outside the U.S. to avoid the more critical U.S. watchdogs and public. These activities are even sold to the public as humanitarian ventures as with the vaccination programs. I just heard a report that said the Ebola disease that started to hit hard in Liberia and other African countries this year in 2014-2015 came from monkeys which begs the questions of how. How much interaction is there between monkeys and humans and can it have anything to do with the fact that certain vaccines had simian flesh (monkey) in them to help provide a virus with nutrition for it to work better. But will the vaccine maker industry consider that. No, but what happens is that as people get sick and make the links of how and why, the karma is building so it takes the shape of shaking up the people that previously had faith in these governmental approved corporate enterprises - horns of the "Beast" which puts forth a choice of who to serve. We are shaken when we wake up to see more of the truth on any level.

In another recent case of the Zika virus allegedly starting in Brazil said to cause skull malformation in a new born so said to endanger those about to give birth. They say it is transmitted via mosquitos and their solution is to spray insecticides over areas, while the affects of inhaling the spray are worse than the Zika virus. The story continued as a literal handful of cases surfaced

in Florida. As is reported by alternative media, Monsanto was seeking to genetically engineer a mosquito so that its eggs or fertilizer results in death to keep down the mosquito population some suspect it's their engineered mosquitos that cause the skull malformations or some vaccination they are trying to cover for. So the CDC declared it an emergency. In any case Barack Obama just passed one billion in funding against Zika which seems to be yet another robbery of the treasury to do.

Ti and Do always said the Next Level was holding back what could be happening in the U.S. to provide time and freedoms to persist so their “classroom” can proceed un-interfered with. If such a group as Ti and Do's started up now it they would have less and less of a window in which to operate without being subject to disruption as more and more people in every community are watching strangers like hawks. Had not someone reported Trevon Martin's walking through their neighbor hood looking to the one who reported him as suspicious because he was wearing a “hoody” and because he was black and a stranger, he would still be alive instead of being shot to death by a neighborhood watch volunteer who claimed self defense because he shot Trevon Martin with his own gun. Yes, I said that right. Trevon was shot by George Zimmerman's gun and Zimmerman claimed the “stand your ground” justification in Florida which says you can shoot someone who presents a threat to you, even though Zimmerman started the altercation with Trevon.

And this kind of incident is now happening regularly with police quickly killing anyone who they determine is a threat to them and a threat can be their saying something some police see as a disrespectful remark or if they resist arrest in the slightest way or try to fight back when they are being apprehended by the police. Some of the police are Afganistan and Iraqi war veterans who did who knows what to Afghan's and Iraqi's now playing out their learned hatreds, intolerance, ego battles, short fuses to major anger on Americans and mostly on those who are non-white because in America African Americans and other people of a darker skin color are largely seen by the unawakened populations as lessor and not deserving of the same rights afforded whites. This is for many a deep seated programming they often don't even know they have. And of course these bias are inherent throughout the human kingdom with each country playing out its programming whether in terms of race or ethnicity, skin color, wealth, religion, gender and even sexuality.

Had Ti and Do's group formed in the 21<sup>st</sup> century, they would have been under more and more scrutiny and could have become the focus of even more hate crimes. I've already reported that Ti and Do's group had some of this in a house we leased in the San Antonio area in the early 1980's. Today I suspect it could have become a bigger story if the authorities had investigated and learned it was the UFO Cult living in their neighborhood. And this wasn't by far the only situation where we were suspected of strange behavior and that fact is that we were exhibiting strange behavior. It just wasn't violent or immoral or unethical, or in the abuse of anyone in any way shape or form (despite accusations, none of which have ever had even a shred of evidence of. Since they layed down their lives, they are assumed to have been abusive or manipulative but those same people who make such accusations don't want to see the mounds of evidence to the contrary).

So what I am saying is that this “shaking” - vibration, agitation marks a major turning point in the United States of America where the first fruits were harvested from and I'm going to suggest up front that it was what became known as the 9-11 attacks on the World Trade Center in New York City that became the justification for the rising BEAST to wage “endless war” that looks very much like the fulfillment of the prophecy of the SECOND SEAL OPENING:

Rev 6:3 And when he had opened the second seal, I heard the second beast say, Come and see.

Rev 6:4 And there went out another horse that was red ((fire, firey, lightning)): and power was given to him that sat thereon to take peace ((1515 eirene= peace, prosperity, quietness, one, rest, set at one a again)) from the earth ((human occupants)), and that they should kill ((4969 sphazo= to butcher, slaughter, maim (violently), kill, slay, wound)) one another: and there was given unto him a great sword ((3162 machaira= as a figure, war, battle, fight, judicial punishment, sword)).

Note this comes AFTER the “pure, holy, filled with light (White) Horse” of Rev 6:1-2 has conquered (overcome) the world with his “litter of those students who had been in covenant” (bow as in “rainbow”) to also overcome/conquer the human kingdom (world).

Regardless of our ideas about that attack, as far as who was ultimately behind them, why and how they were set in motion and succeeded, I suspect no one

can legitimately deny that the events of that day “shook the world” and that since that time nothing has been quite the same overall. The shaking up and agitation was by far not only in the loss of life and demolition of those symbols of American and global wealth and power, they also, to me had a direct correlation with the TWO MOUNTAINS OF THE LORD'S PEACE WHERE THE NAME JERUSALEM COMES FROM, but it's flip side. When Jesus said you can only serve one master and it was between God (Deity-Level Above Human, Older Member from the Next Level) and Mammon (humans and human treasure in all it's forms to include human equivalent space aliens as one's masters), The Father and Son in the names of Ti and Do were in my opinion the “God” representatives while these two towers represented the epitome of human treasure in the financial capital of the world in the new promised land that was to serve as the temple and courtyard grounds for the establishment of the NEW Two Mountains (Ti and Do as the Two Witnesses) of the Peace of the Lord (Jerusalem). And the ground also shook when those towers came down.

That event marked the start of the TIME OF GREAT TROUBLE, spoken of as the tribulation as the Next Level was no longer holding back the karma that had been building, what Christians call the vengeance of the Lord. And the anticipated and desired by some, Third World War had thus begun - called the “War on Terror,” except the terrorists were not only those who used airplanes as bombs, they were also those that use airplanes to deliver bombs in the entire state sanctioned Military/Corporate industrial complex, that had been until then primarily exported all over the world. That event was moreorless a blank check issued and paid to the order of the new Department of Homeland Security (DHS) State. Any remaining democracy quickly became a name only form of government which is interesting as that's what also happened to Jesus and before then to Moses teachings.

Religions are distortions and facsimiles of what really happened in the past, thus the truth in what was taught diminished and became distorted into representing Jesus and Moses and now democracy in name only. No where is this more apparent than the way the Supreme Court afforded corporations the same rights as citizens. Now a corporation can say anything and are not held to it being true as they have “freedom of speech.” The practical example of this is the way only brand name pharmaceuticals are required to have warning labels of side effects. The lead Justice and four other justices said

that a generic doesn't need to have the same labeling as the FDA requires of a brand name of the same drug because it's a "copy." Thus if someone gets sick from a generic drug since there is no warning label the drug company is no longer liable. That's just one example of many related rulings to where citizens become the losers of all their rights. The great Democracy has fallen and according to prophecy will fall one more time as it seems to have recovered, that is in appearance from that first fall.

-“tenth (part)” - In this context the number 10 in the records seems to refer most to the way the United Twelve Tribes of Israel split, after King David's Son and heir King Solomon died and left the throne to his heir Rehoboam who 10 of the 11 territorial tribes (as the tribe of Levi had no territory, though had 6 cities) rejected causing a split into two Kingdoms, one in the north consisting of 10 tribes, spoken of as the Kingdom of Israel and the Kingdom of Judah in the south. The split was said to be based on who was still following the core laws and ordinances (Ti and Do called in their classroom, procedures) from Moses and Yahweh (Jehovah) and who had strayed, though in the records most all had strayed in degrees by then or soon thereafter. Solomon was known for great excess in taxation and had many “strange” wives and built the first temple in Jerusalem that supplanted some of the authority of local surrounding temples. And Rehoboam was going to continue in Solomon's ways and was even going to bring even ten fold more taxes and be harder on the people than Solomon. Islam considers Solomon a prophet and according to the records despite his excesses he didn't thirst for more riches or power but asked God for wisdom and was granted it. For years there was friction between the two Kingdoms until Egypt invaded the Kingdom of Judah and Assyria invaded the Kingdom of Israel, causing considerable periods of deportation and transplanting of them all.

Thus we hear talk of the 10 lost tribes of Israel and there are records that suggest groups ended up populating themselves as far from the middle east as China and South America, not to leave out all points between to include the North American continent via the crews of the many explorers sent from Europe or even perhaps over the Bearing Strait. Jesus indicated that all would be brought together again in the last day and that became a debate as to where and when that would take place, but without going into all that, suffice it to say it has taken place in the great migrations to what became the United States of America's “melting pot,” the New World and the last

continent to be colonized, at least during the current civilization.

Ti and Do said that at this time all souls who had any significant relationship with the Next Level, (for or against) were back which is kin to Jesus saying upon his return there would be a “resurrection (rising again) of the just and unjust.” That is speaking of Souls, Spirits and the descendants of those who were among those tribes and to include those who became the enemies of those tribes. Bringing them all back assures that those who went against the Next Level incarnate member and Their Students in all times past get a last chance to change while those who were the students get their chance to advance to their graduation or to their next step (grade in school) towards graduation. At this time this event marks the negative polarity of the graduation of the first fruit harvest, led by the incarnate Older Members through their task as the Two Witnesses.

Therefore this tenth may very well be an indication of the total fall from grace, so to speak, of the current leaves on the genetic tree that were comprised from the 10 ancestral tribes who as descendants became the leading people (nations) of the world economy. At the same time it is the 10<sup>th</sup> of these 10, the last great nation to rise and to date the biggest and most powerful of them all that is experiencing the greatest fall/fail as brought to a head by this “great shaking” (earthquake) that various leadership figures stated in general terms they actually felt needed to happen to preserve the “Rebuilding of America's Defenses,” regardless of how directly they were involved in making or allowing the shakeup/fall to happen.

As with all prophecy the physical manifestation of this fall was in the collapse of the Twin Financial Towers that represented the New Global Economy. And a short time after the 9-11-2001 attack was followed by a worldwide financial collapse/crisis officiated seven years later in September of 2008.

Further support that the 9-11 event was this fulfillment of prophecy is of course related strongly to the location where the attacks focused, not only on the financial capital of the world but moreover the capital of the developing global One World Government that began in earnest with the United Nations headquartered in New York City as was established after World War II to replace the League of Nations. This also gave rise to today's G10 or Global Ten or Group of Ten, the alliance of Ten financial powers (financiers of

governments) who all contribute to the International Monetary Fund (IMF) and the World Bank as the two pillar organizations that now manage the overview of much of the world's economy who are under the U.N. These entities first began in 1944. They include financial ministers primarily from and related to the kings or Kingdoms of Belgium, Canada, France, Italy, Japan, the Netherlands, the United Kingdom, and the United States and the central banks of two others, Germany and Sweden.

It was very interesting how the G10 retained their name even after Switzerland was added as a member. Other nations were added as “associates,” incidentally like Saudi Arabia and Luxemburg but Switzerland as a member state and that should have made it into the G-11 but they wanted to keep the name G10. I suspect if members were asked why they kept the name G10 they might have things to say that had to do with practicality or legality, but it is also just as possible that those reasons were made into a consensus because the Luciferian Space Alien fallen Souls (who use human and human hybrid vehicles) like the idea of mimicking fulfillments of Next Level prophecy.

The Next Level does see to it that their prophecies come to pass. They can have multiple ways of doing that as far as I'm aware to include allowing the Luciferians who are behind the effort to keep humans asleep to the Next Level's reality. Luciferians do that by having humans preoccupied largely with their families and passions as they do not want humans to evolve out of that human consciousness and actual enslavement to animal behaviors and ways (that is unless they can capture them in the process to make them one of their own, as those who sided with Lucifer and we see today as the influx of “contactees” that often promote many of the behavioral characteristics that are natural to Next Level Members and Their Active Students.) Therefore they enjoy making certain parts of the prophecy come true.

For those that believe in those Luciferian interpretations of prophecy it can filter out those that the Next Level tags who will “know it when they see it” as their “tag” will include that recognition or as is often the case, those tagged/deposited will have the sense of “what is not true” regarding information about or concerning the Next Level, but perhaps in many avenues. As Ti and Do often said, sometimes they would proceed on what they felt was a new perspective to share with the students knowing it “worked

for now.” This way, the Next Level could regulate their strategy to combat the Luciferian's continuous attempts to confuse things. This way the Next Level can administer lesson plans appropriate for the souls who are moving up which is part of why Ti and Do called it an “experiment.” So for many Christians who didn't expect to see the mysteries unraveled, they hadn't been yet, that is until now when a great deal of what was a mystery is being lifted. Then the test begins, whether they can accept that they could be among the “last” rather than the “first” to harvest. It shouldn't matter. One can be just as joyous to be in the second harvest group.

The Luciferians toy with Christians all the time by pointing them to ways the most insignificant of prophecies are being fulfilled. A case in point among many is the way a number of Christians are watching these largely female pop stars use what has become known as an apocalyptic symbol of the 666 sign. Various stars will hold their right hand in such a way that closes their forefinger tip to the thumb tip while keeping the remaining three fingers extended. The closed portion looks like the bottom circular portion of the 6 and each of the three fingers become the top of each of three 6's. I don't doubt these pop stars are consciously using this symbol. I suspect it's their way of mocking the Christians that so oppose their artistic expression. Katy Perry in particular seems determined to represent in her concert act the so called stereotypical evil and Christian leaders are eating it up and I'm sure banning their kids from watching or listening to her music which actually in many cases backfires and makes them want to listen to it more as teenagers especially see the breakdown between what their parents say versus what they want and thus do. All the while these same Christians are often completely missing how the Luciferian mind has become instilled upon society that the religions are all 100% in bed with. It's not that being a part of a religion is wrong. It's not because many do so because they enjoy the social connections and some like mindedness, so they take the good with the bad.

When I say religions, I'm not referring to individuals unless they identify themselves by that religion whereas one can identify with the original teachings of the religion's founders historically and yet would not consider themselves religious, even though many times they were taught they were because they were born into some religious tradition. As Do and Crew said, “religion is the number one killer of souls.”

For a religion to form it has to distort the true information because the true information will separate one from the human kingdom while a religion seeks to turn that information into a glue to hold humans in the human kingdom. Therefore religions as with any pursuit in the human kingdom all become potential stepping stones, that is if one uses them as a stepping stone by always looking at new ideas about our reality with their mind's eye focused on the commandments and on having regular communication with Next Level Members - "Heavenly Father, God, Jehovah, Allah."

But getting humans to knowingly or not act like they are fulfilling prophecy or seeing it fulfilled also works to enslave those who are the new religion, that of the secular humanist, often defining themselves as people of science though mixed with people who have embraced the new spirituality. New Spirituality often has nothing to do with the core of where that label comes from... spirits aka discarnates aka ghosts aka dead humans who programmatically continue to exist (not live) for a time, which is largely because the Luciferians don't want too many to look into that reality, as they might get found out as a part of it. However, if they do get into it, then they try to get them real into it, so they can think of themselves as a psychic or healer or channeler that heightens their self worth so they find a niche and don't have the foggiest idea that they are serving the dead. They aren't dead people - they are angels or ascended masters or wise elder shamans and they become filled with a whole assortment of paraphernalia of the mind. They receive visits from some and healing from some and before they know it they are all but dead themselves because they fade from the realities of the physical world and believe whatever these spirits tell them.

Many of the new spiritual, like many of the religionists embrace a few things Jesus said and yet believe it is they whom Jesus was addressing and promising a future to. It is true that it can be they, but before it is, they must at the least believe EVERYTHING he said and did according to the eye witnesses and that does not include Saul/Paul's letter record (except where it can be verified in what the eye witnesses said).

Atheism, another completely useful, but temporary mindset to explore, as a break away from religion, as with spirituality, if one attaches to also becomes yet another entrenchment into permanent humanism and the death of a Soul. So any way you play it the Luciferians have a way to entrap us. However,

whenever we ask the Creators, but better yet to date in the names of Ti and Do the latest Reps from that Kingdom Above Human, who abide throughout deep space for the truth, we get glimpses of the truth that goes a long way to help us get out of traps. We simply have to be willing to see the trap for what it is and take the chance of getting out of it while trusting you will be shown your next steps, which one needs to continuously ask about.

The entrapment is so thorough that to date we have many believing that humans can control the literal heavens and/or the Earth's weather systems. For instance some think the High Frequency Active Auroral Research Program (HAARP) in Gakona, Alaska is able to stimulate tornadoes, earthquakes, hurricanes and volcanoes, because they do experiments to locally affect the weather as admitted by the Air Force publicly and suggest more control over the weather in the next 30 years. People assume a great deal from tiny seemingly successful experiments. That's how confused many become not able to actually think critically about anything because their minds have become saturated with misinformation and their behaviors and ways keep them physically anesthetized to what is potentially true about any subject. They don't know when they don't know and therefore can't compute distinguish between misinformation and real information.

The Luciferians who have programmed many to think don't exist, stimulate lies and deceit to take people's eyes off of any reality, while moving them to develop the technologies they want and need to try to escape their prison that they don't necessarily see as their prison because that would be admitting someone else keeps them from leaving. The bottom line on this topic is that even if humans can learn to stimulate earthquakes and volcano's and hurricanes, the Next Level will never allow them to interfere with the function of their planet if it puts at risk the development of those humans they are nurturing to have the opportunity to graduate from their human kingdom.

However, back to the “ten” in it's varied interpretations that no doubt can ALL apply. After all the U.S. was the last 10<sup>th</sup> great financial power listed as one of the G10. But the greater perspective seems to be that this “10” refers to the rogue 10 tribes of Israel in how they were spread out via the Holy Roman Empire and then ended up in great numbers in the U.S. especially during and after World War II, thoroughly interwoven among the biggest financial powers of the G10 all represented by America's real capital, NYC -

the Rev 17 “Woman” - Mystery Babylon - the U.S. “secret government” behind the government.

It's interesting how there have been prophetic correlations of Old Testament events and prophecy with both the 9/11 attacks and the global financial crisis by both at least one Christian pastor named David Wilkerson of the Times Square Church in NYC and Messianic Jew Rabbi Johnathan Cahn. Cahn generated a video on Sid Roth's show to be found on Youtube with links to their own web sites that talks about 9 harbingers of God's judgment related to the 9/11 attacks that brought the Two Towers down:

Isa 9:10 The bricks are fallen down, but we will build with hewn stones: the sycomores are cut down, but we will change them into cedars.

Cahn is saying that this verse is referring to the way the Syrians attacked the Kingdom of Israel, which I believe was 10 of the 12 tribes, minus the tribes of Judah who split after Solomon's death and that the tribe of Benjamin later joined with Judah, and destroyed Israel, but then those remaining chose to rebuild and did so with “hewn stones” a prohibition of God to not build the temple by changing stones by human handiwork as it was a way of saying to God, we can do better and in that way were in competition with God similar to the way Nimrod did in leading the construction of the Tower of Babel. So Cahn was relating this story to how the U.S. swore to rebuild the twin towers and how several politicians referenced Isa 9:10 on the floor of congress as the example of rebuilding, namely John Edwards and Tom Dashiell who both “fell” thereafter. He talks about how Governor of NY George Pataki said on July 4, 2004 while laying a new cornerstone for Freedom Tower, “Today we are the heirs of that revolutionary spirit of defiance, lay this cornerstone and unmistakable signal to the world of unwavering,” which is what God saw the Israelites were doing by rebuilding... defying God by having strayed from God's laws for them and not taking the sign of their destruction to heart as a call to repent from their ungodly ways.

Cahn also points out how George Washington's first inauguration was at what became known as Ground Zero and he led a procession to the same Church now called St. Paul's Chapel to pray for God's mercy there in 1789. That church was miraculously not destroyed by the twin tower destruction and was thought by Cahn to have been saved by a sycamore tree, the stump of which remains there as a monument, that again refers to the Isaiah prophecy as

being cut down by the enemy, while it was replaced with a cedar - a conifer tree.

Cahn makes more connections to various monuments around Wall Street but talks about how a big part of what the Israelites failed to adhere to of God's laws was the forgiveness of debts at the end of the 7<sup>th</sup> year, which is also the year fields were to be left fallow. This 7<sup>th</sup> year was called the “shemitar” and Israel at the time of their destruction, if I understand it correctly, had ignored the forgiveness of debts for 70 years which sheds more light on what Jesus said in response to his disciples asking him how many times to forgive their “brother” - saying was it 7 times as Moses said, while Jesus said, 70 times 7. Thus Cahn was pointing out that 9/11 was the end of a shemitar year and that the Financial crisis was also the next shemitar year and debts of the big corporations like Fanny Mae and Lehman Brothers and Freddie Mac were more or less forgiven. The Federal Government bailed them out and no one went to jail and many even profited a great deal, even though some paid relatively small fines in comparison to how they profited. Thus Cahn was saying that the U.S. will be judged harshly for not abiding by the same lesson of changing their ways back to the ways of God. Sid Roth concluded with saying people needed to except Jesus as their savior to get in God's good graces again which I hate to have to say but seems to relate directly to another Isaiah prophecy:

Isa 9:13 For the people turneth not unto him that smiteth them, neither do they seek the LORD of hosts.

Isa 9:14 Therefore the LORD will cut off from Israel head and tail, branch and rush, in one day.

Isa 9:15 The ancient and honourable, he is the head; and the prophet that teacheth lies, he is the tail.

Isa 9:16 For the leaders of this people cause them to err; and they that are led of them are destroyed.

Isa 9:17 Therefore the LORD shall have no joy in their young men, neither shall have mercy on their fatherless and widows: for every one is an hypocrite and an evildoer, and every mouth speaketh folly. For all this his anger is not turned away, but his hand is stretched out still.

Isa 9:18 For wickedness burneth as the fire: it shall devour the briers and thorns, and shall kindle in the thickets of the forest, and they shall mount up like the lifting up of smoke.

The entire way in which many Christians or in this case Messianic Jews teach being saved by the blood of Jesus completely misses the point of why Jesus gave his life, layed down his life and indicated his disciples MUST do the same - “drink the cup of my blood.” Each who wants to follow in the footsteps of Jesus must stand for what he taught and one can not ignore how he had returned as Do to set the record straight and restore the truth of how to become a member of his Above Human Kingdom. To teach otherwise is to be a “false Christ(ian)” or “false prophet” and thus the “tail” of the beast that would be cut off.

So the ten seems most to relate to how the U.S. and in particular NYC is a Jewish led city but the Jews being referred to are the descendents of the rogue 10 tribes of Israel. I understand to date Jews mostly only SYMBOLICALLY FORGIVE DEBTS on the shemitar but that's not what was commanded of them to be considered to be “children of God.” However, here is another reference to the ten as horns (kings) seen referred to in a number of prophecies:

Rev 17:12 And the ten horns (keras= fruit, seed, gain, winnings of the head [Luciferian space alien winnings/fruit])) which thou sawest are ten kings, which have received no kingdom as yet; but receive power as kings one hour with the beast.

The “horns” are Kings - instruments, mouthpieces of the beast who are driven (sit or rode upon) by the Luciferian fallen angel space alien Souls (who also propagate physical vehicles from human DNA mix they use), but are not referring to kings at the time this prophecy was given. They are given power, which simply means the Next Level is allowing them to have power as if the Next Level didn't they would have none. The Next Level can simply weed them out of Their garden. But for the sake of the Souls They plant that do want to grow these “kings” are allowed to rise to power and are representations of all kings before them, largely from the time of the Roman Empire when these same Luciferians having become discarnate even long before that, were wielding their influence on the humans that gave them the most potential to build into a global-wide power.

But during the “Two Witnesses incarnate hour” part of the END TIME, these seem to simultaneously be represented by the U.S. presidents (generally from 1947 to 1997), (i.e. (Truman?), Eisenhower, Kennedy, Johnson, Nixon, Ford,

Carter, Reagan, George H.W. Bush, Clinton and G.W. Bush, (Obama?), as Jesus said even those who “pierced him” would see him though would not recognize him any more now than they did when he was incarnate before. And they only have this power for “one hour.” There is that “hour” again as in this Rev 11:13 verse, so it very much seems to be referring to the same event time period of 40 years which is the time period in which the first fruit “Mind/Spirit births” take place. (Actually that's what a “Mind/Spirit birth” must be. It's of the Mind/Spirit that's being born. Ti and Do always knew this. They always knew we were, “growing our Next Level body inside of our human body” through overcoming the human body's behaviors and ways, most importantly, TO THEIR CURRENT SPECIFICATIONS and FILLING THAT NEW GROWING NEXT LEVEL BODY WITH THEIR MIND THAT CAME FROM THEIR OLDER MEMBERS AND ULTIMATELY FROM THE “CHIEF of CHIEFS”).

Do once referred to Ti as “chief administrator” so one could take that to mean HE (though took a female human body) was one of those “chiefs.” That tells you something about the Older Members of the Next Level. No matter how far advanced they have become and no matter what new models of physical vehicle they call their home vehicle they are not beyond going into the trenches with those who are, relative to them, their apprenticing Older Members or “offspring or son” to help bring in a new liter of Next Level Members. Ti once compared being in the human kingdom to a snake pit. Before forming a picture of Ti based on that, go listen to her on the available audio tapes as she (and Do for that matter) were nothing like any other, not even close. In fact atheists who listened to the tapes to find dirt on them, when they can't find any, tell me they seemed like nice people, however delusional and they can't actually see that they were teaching anything. They simply don't have much or any of their same mind, as mind translates to information, words, ideas, perspectives and perhaps most of all “recognition” that they are exactly who they say they are and it's only our problem if we can't or don't want to try to receive it.

Yet another way of looking at the “ten city fell” - getting rid of the words put in to round out the sentences could be saying that literally 10 cities, I suppose related to those G10 nations all experienced that “fall.”

- “city” = “bordered (walled) bustling area,” falling/failing (fell)” - The City

is America as the New Babylonian empire, but specifically as represented by it's first capital, what was New Amsterdam that became named, New York City as was prophesied to fall:

Now in the timeline these new few verses of Rev 14 (below) are indicating what a messenger is bringing news of. That's what "preaching" and "evangelizing" is. It's supposed to be information delivery, not talking down to people and since it's delivered through our human instrument it will have degrees of less than the highest truth but it's the job of any who choose to be such and instrument to seek help from Ti and Do to recognize when they are going astray so they can correct it. In a real sense Next Level members are always talking down to humans. It can't be any other way, but the Next Level Members don't do so as a competition or as a grandiosity. A decent human wouldn't talk down to a toddler but they will be firm about what the rules are for their own good which in the Next Level's case is done to provide the choice of whether or not any one human wants to grow up to enter the family "business."

Telling the truth is different from telling people they are going to hell if they don't mimic what others say and do. That's no way to help anyone except it helps others NOT listen to what is being said and it's not accurate either as we don't know who will or will not please the Next Level and when that might happen in their life. Even someone who participated in and/or killed someone is not abandoned by the Next Level, though they will no doubt have major demons to confront but they can do it if they seek the help as all demons become major demons to all of us. This is where Christians have it right - all have "sinned" and all can be "saved." But that's not a static process of once a believer always a believer and thus always the recipient of the maximum rewards promised to Active Believers - those who put into motion all the things their Older Members taught when incarnate that will hold them in good stead to meet the requirements in the next lesson plan as shown by Ti and Do.

Rev 14:6 And I saw another angel fly in the midst of heaven, having the everlasting gospel to preach unto them that dwell on the earth, and to every nation, and kindred, and tongue, and people,

Rev 14:7 Saying with a loud voice, Fear God, and give glory to him; for the hour of his ((their self)) judgment is come: and worship him that made

heaven, and earth, and the sea, and the fountains of waters.

These verses seem to apply starting with Do and Crews Sixth Thunder/Roar as Jwnody wrote on behalf of Ti and Do and Crew the document in their BOOK entitled, “Overview of Present Mission”:

“Then on September 25-26, 1995, from a secluded location, we issued a statement that went out - “on line” - around the globe, for our sixth public interaction. The statement entitled “Undercover 'Jesus' Surfaces Before Departure” was posted to the World Wide Web and to 95 UseNET newsgroups on the Internet, potentially reaching millions simultaneously. And in keeping with our policy of “speaking in tongues,” on October 11, 1995, we posted a higher, more generic translation, entitled “95 Statement by an E.T. Presently Incarnate.”

I say this because of how it satisfies the “midst of heaven” part of the prophecy that goes throughout the world and especially noteworthy because it was the boldest announcement declaring that Do was the same Soul who was incarnate in the vehicle named “Jesus” and preceded the Seventh Thunder/Roar - public interaction, by Do and Crew's posting of their web site, so once again was expressed in the “middle or midst of heaven” called, Heaven's Gate with Their Book, (sometimes referred to as the Purple Book that was originally a Blue Book) entitled, 'How and When “Heaven's Gate” (The Door to the Physical Kingdom Level Above Human) May Be Entered,' (Purple Book). The BOOK that is still available for free download on Heavensgate.com or for purchase (that I have no affiliation with though I know those who run the web site, and I can also send you the free book in text format) includes documents Do and Crew wrote that forecasts the upcoming recycling (by Next Level time frame years, even decades away) necessity because of how the Luciferian Space Aliens, through humans have rendered the planet destroyed as to it's purpose to be a training ground for new members which is clearly indicating the equivalent to “Babylon's” double FALL, shown in 2001 and 2008:

Rev 14:8 And there followed another angel, saying, Babylon is fallen, is fallen, that great city, because she made all nations drink of the wine of the wrath of her fornication.

The Financial Crisis came to a head in 2008 focused on Lady Columbia that

became known as Lady Liberty by the installation of the Statue of Liberty in New York City, the most capital of the new Babylonian Empire. New York is considered the “Empire State” for a reason, perhaps one of the many ways the Next Level chose to help provide proof of prophecy fulfillments. After all the North American empire shows every sign of being a “resurrection” of the Roman Empire, as Jesus said, of the “standing up again (resurrection) of the unjust” and how “those who pierced him would see him upon his return, complete with the return of the “third” of those of original Tribes of Israel who would be as new leaves on the same genetic tree to witness “Jesus” return FIRST as one of the Two Witnesses and then as the Heaven's Gate Key Representative in the vehicle named Do and then in his “glory” from his “armada” of spacecrafts (horses).

Plus it's referring to the “hour of Judgment” that is also referenced in Rev 11:18 which is into the 7<sup>th</sup> Angels sounding period.

Perhaps the third angel that follows these first two delivering Next Level messages through the internet reflects upon this books publication/distribution as an Ebook as it does address the remaining prophecy fulfillments that includes explaining...”

Rev 14:9 And the third angel followed them, saying with a loud voice, If any man worship the beast and his image, and receive his mark in his forehead, or in his hand,

Rev 14:10 The same shall drink of the wine of the wrath of God, which is poured out without mixture into the cup of his indignation; and he shall be tormented with fire and brimstone in the presence of the holy angels, and in the presence of the Lamb:

But this “city” is also spoken of as a great idolatress (whore in the sense of selling their selves to serve a false “god” of mammon stemming even to the way Eve was led by the Luciferians to influence Adam's falling which brought to pass the generation (woman) of “humans”:

Rev 17:2 With whom the kings of the earth have committed fornication, and the inhabitants of the earth have been made drunk with the wine of her fornication.

Rev 17:3 So he carried me away in the spirit into the wilderness: and I saw a woman sit upon a scarlet coloured beast, full of names of blasphemy, having

seven heads and ten horns.

In this context the Kings of the earth, depicted here, are those who were made “kings” by being given Next Level membership that included new physical bodies and service in the near heavens. These are the one's spoken of as the fallen angels, related to the one's Enoch described as the “watchers” and who Moses described in Genesis chapter 6 as those “sons of God,” having become “kings of the Earth” who fell by breaking the Next Level instruction to not interfere with the behavior and ways of the humans on earth, by propagating with the human mortal WOMEN (generators) which is where “unlawful sexual intercourse and thereby serving themselves as opposed to their Older Members” (fornication) interplays and where today's human kings genetically descended from as the head and horns of the beast that were driven UNDER THE EARTH/SEA (ice?) when the Next Level brought about the global flood. (It doesn't seem these “kings of the earth” are the kings and queens of countries on earth because they would also be “inhabitants of earth” so would have been worded differently).

A city consists of a population living within certain borders. This “city” is called the “secret, hidden, mysterious, religious” (Greek 3466 musterion) Babylon (Greek 897 Babulon= confusion) as humans are increasingly being “confused” from being able to recognize the truth of their origin and who to serve because they don't know how to identify who is telling the truth or don't want to see the truth. Humans become fully enslaved to their human behaviors and ways, often thinking they are free. Sure there are various freedom levels in the world but the ultimate freedom in the human kingdom is to learn that there is a “Next Level” or kingdom they can graduate into.

Ti and Do said that humans were “not the result of a natural evolutionary process.” They are the result of a “reverse metamorphosis” as “Adam had a Next Level physical body.” I wonder now if Adams body was intentionally made in the likeness of the physical body made for Lucifer and perhaps some of the fallen angels or whether he, the Mind graduated into the Next Level when Lucifer did but did not fall, but agreed to take this newly grown physical body named Man (Hebrew, adam).

Ti and Do did say the Adam and Eve arrangement was purposely set up by the Next Level to put these new members of the Next Level to the test of whether they could fall as Lucifer and his angels did. This way any new

members of the Next Level (kings) would have the chance to gain strength, making a positive from Lucifer's negative. So Eve was the mortal woman taken from Adam's genes after Adam received the "breath of life," the Mind from his Older Member. In other words that's when the Mind of the Older Member's loyal "son" was put into the vehicle named Adam. Eve didn't get that so she was easily influenced but Adam did have the capacity to abide by their simple instruction, but didn't and because of that woke up his animal genes that were attracted to Eve's same animal genes which is why it became a reverse metamorphosis. The genes that were triggered had the capacity to put into motion their reproductive hormones. Adam then had to get thoroughly into the animal behaviors, so he could, if he sought the help of his Older Member re-build the strength he would need to rise above what was now considered to be a human - a shade or hue or resemblance of a Man.

Ti and Do said whenever we fail a test the next test gets harder. If we don't see ourselves as having failed a test then we might not gain the strength to pass the next test as we would essentially not believe we have anything to change to try harder to pass it next time. We might not even see that we are being faced with more tests thus we separate more and more from our Older Members. We end up not asking them for help to pass the harder tests as we can become so inundated with discarnate influences we have a hard time even wanting to pass tests because our vehicle doesn't really want to change it's behavior and ways as they become comfortable to maintain. If the Next Level feels you are doing the best you can under the circumstances they will continue to help you as long as you look to them in some ways but you will still need to rise to passing the same tests again and harder ones to be given a new Next Level vehicle when you exit the one you have now. So the Mind that was in Adam came back and took the vehicle Enoch that he was able to raise the vibrations of so that he, with his physical vehicle was taken onto a Next Level spacecraft.

So the woman as now considered to be a "city" of humans who were the descendents of all the fallen angel minds who first mixed their seed among humans, grooming them for their occupation as their physical bodies died off, were now operating in the vicinity of the United States territories. The Next Level Older Members and first fruit harvest had left their incarnations so it was time for them to wage war against the "remaining" Minds/Souls from the Next Level who still had the opportunity to graduate to their next lesson

grade.

Thus the “fall” was both applicable physically in the fall of the symbols of idolatry in the twin towers (babel) of the new Babylonian (American) financial capital of NY city that includes in its borders representatives from the original 10 Tribes of Israel both genetically and in the “resurrection of the dead” where the dead are all those who are no longer growing in the Next Level school.

Therefore the Kings of the Earth are the Souls planted in times past who fell away from looking to the Next Level and as discarnates stayed among certain families to bring rise to human genetic offspring to become the Kings and Queens of countries. I suspect the Next Level saw to their continuous migration north and west so became the families that eventually dominated what became colonial powers that began to spread out around the globe more and more as we saw with England, France, Spain, Portugal, and the largely Germanic Dutch who have since fallen in their greater overall power.

Today most of these who are behind these ten countries, former kingdoms, who are all under the influence of the original fallen angel Luciferian space aliens operating through these governmental human puppets, that at the very least want catastrophes to motivate humans to not stand in the way of their agendas, as in having an excuse to propagate “endless war” they can use to justify to the people the building of their power over the world so there would be a maximum facility to direct monies and forces through to secretly fund and support many black budgeted projects that they see as having no other choice to pursue to survive the “space alien invasion,” but which are akin to Lucifer and his associates agenda which is basically six fold.

- 1) Build technology to literally get some off the Earth permanently, the real reasons for the huge space program.
  - 2) Use technology to develop hybrid physical bodies they can use as slaves and to occupy that have a potential endless longevity - the reason for in Vitro fertilization, cloning and designer babies.
  - 3) Develop non-fossil fuel energy systems to power their spacecrafts and to maintain a life sustaining environment for colonization whether in space, potentially on another planet or moon and/or in support of underground and/or undersea (ice?) facilities like they have had to some degree before.
- This is the true reason for the promotion of Nuclear Energy despite its huge

very grave ill affects on the majority of the humans on Earth. Fossil fuels are too cumbersome where a relatively small amount of plutonium can be made into a very powerful energy source that can be active for tens to hundreds to thousands of years.

4) Develop self sustained environments whether for use on or under the earth/ice or to sustain a colony on a planet and/or moon or for long distance space travel.

5) Develop weapons systems to fight against the Next Level who are being portrayed by the so called good space aliens as the Bad Space Alien Reptilians who they say use greys as clones, robots or they say come from the Orion nebula coming to earth to destroy the Earth and enslave it's inhabitants.

Note that Ti and Do said when they look into the heavens they were most attracted to the Orion constellation. Also how Ti and Do described a Next Level vehicle as having no coloration and being 4-5 feet tall and have a slightly larger skull than what humans have. (Ti and Do had Ollody paint an Older Member according to their sense). It's available on my Facebook photos at:

Sawyer's Facebook Page

<http://www.facebook.com/sawyer.heavensgate>

The irony here is how the so called good aliens are actually calling the Next Level the bad space aliens as the Next Level is coming to recycle when they feel people have been given a more than adequate time to show their allegiance to Them or to human wealth in all it's forms; treasure, intellect, philosophy, science, govt, socially, etc.

6) Keep the populous in the dark and CONFUSED (root meaning of "Babylon" is confounding or confusing) and relatively content for as long as possible, so monies and efforts to accomplish all of the above can proceed as quickly as possible. This means getting rid of dissidents and whistle-blowers who can do damage to their plans. This means increasing the security state for this purpose and to control the masses who's lives are collateral damage and fodder for their projects, testing drugs on populations, engineering of food supplies, taking over seed stocks and securing gold and silver and other elements and gemstones for various usages and technological system development.

All this and all related activities like development of so called alternative energies have unlimited costs to produce and experiment with. That's what the financial collapse that started in earnest with the 9-11 attacks helps provide. When you see big multi-million dollar fines paid by big banks, etc. it can easily be a way to take money from stock holders of those corporations within the laws with or without hardly anyone knowing the reasons why. It's the reason trillions of dollars were reported missing from the U.S. Accounting days before the 9-11 attacks and were never spoken of again except on conspiracy web sites.

Rev 17:4-17 describes the “city” (woman), United States of AMERICA as represented by Mystery Babylon, New York City (Lady Liberty) and Washington D.C. (District of COLUMBIA, the first womanly representation of the USA):

- “GREAT WHORE THAT SITTETH UPON MANY WATERS” - Waters are people. This group of people, call them the Illuminati if you wish are some of the humans who have been groomed to be the instruments to wield power (position = Sit) over the masses and whichever human vehicles have that influence on humans are also the human vehicles most used by the Luciferian space alien fallen angels whether via the spirit world and/or through controlling them through programming, even remote controlled using implants.

- “KINGS FORNICATE WITH” - These Kings are the Luciferian space alien fallen angels who once were new members of the Next Level with vehicles still with a limited life span and service doing Next Level tasks. Through abductions and hybridization programs in underground bases or on spacecrafts they are using sexual reproduction and the extraction of sperm and eggs and other hormones from humans and animals - all breaking the law of the Next Level against this kind of engineered mating that destroys the human kingdom as a kingdom level to be used by the Next Level as a stepping stone into Adult Membership in the Next Level, receiving a physical vehicle with a limitless lifespan and many facilities humans don't have the capacity for. Weightlessness, appear or disappear, healing of others, walking through solid objects, moving things with their mind, telepathy, knowing another's thoughts, etc.

- “INHABITANTS OF EARTH MADE DRUNK WITH WINE OF HER

FORNICATION” - this is the way sexuality keeps a Mind from growing to know more. Sex stimulates drug production in one's body that is anesthetizing of consciousness. As long as we are giving away our energy via sexuality we are in a state of constant intoxication so we can not begin to recognize truth from lies. That's what is called “confusion.” We are in the dark the more we are engaged in our sexuality. We will literally not be able to physically see what's around us all the time because the brain will be so drugged it would not have the neurons and electrical force needed to make certain connections that literally form thoughts and ideas.

- “ARRAYED (dressed) IN PURPLE AND SCARLET (At most lighter shades of Blue and Red)” - on one level these are the colors the kings of the earth gravitate to. The Cardinals of the Catholic church, one representation of those who have as a unit become anti-Christ, being they don't teach overcoming the human kingdom, are all dressed in Scarlet (red). The seal and flag of New York State has two woman, the Liberty Lady on one side of a shield and Lady Justice on the other side of the shield. Both wear a red robe. Liberty has a blue gown under her red robe. The New York City flag is Blue (like purple) and dark orange (like scarlet/red). Columbia was actually the first womanly representation of the United States of AMERICA. There are many examples of the use of these colors among the Kings of the earth and their minions in the military and religious hierarchies.

- “ADORNED WITH GOLD AND PRECIOUS STONES AND PEARLS” - The seal and flag of New York State has two women. Both Lady Liberty and Lady Justice are wearing a pearl strand around their hair. Lady Justice has a gold gown under her red robe.

- “GOLDEN CUP IN HER HAND FULL OF ABOMINATIONS AND FILTHINESS OF HER FORNICATION” - A cup represents one's lot in life. In the life of a particular people in a fixed area in the various hierarchies Gold as wealth is the greatest treasure and no where is it more emphasized than in New York City. Incidentally there were reports that indicated there was as much as 500 million dollars worth of gold, silver and platinum bars in a two story tall vault maintained by the Bank of Nova Scotia underneath World Trade Center Building 4. Another 12 tons, about 1/5<sup>th</sup> of the amount under building 4 was reportedly moved from a vault under Building 5 that was maintained by the New York Mercantile Exchange, known as Comex. It was

apparently being moved out the morning of September 11<sup>th</sup> as a 10 wheel truck and a number of cars had been in a service tunnel crushed by falling steel. The official story only talks about the Bank of Nova Scotia gold. I remember in the few days after the 9/11 attack while I was living just 40 miles east of ground zero a report that there was like a billion dollars of gold found in a vault under one of the collapsed towers that belonged to Deutsche Bundesbank. What's interesting is that recent reports about Germany's gold was verified to be at the headquarters of the Federal Reserve Bank at 33 Liberty Street in New York City, yet in 2013 when Germany sought to have it shipped in stages from New York, they only got 5 tons when they were expecting 50 tons a year. The Fed said, "The organizational preparations were very time-consuming since the required agreements and contracts are voluminous and detailed." Then they were told that some bars in New York had to be melted and recast which meant original serial numbers were wiped out. In any case New York has been the biggest holder of gold for the richest countries in the world for a long time.

- "ON HER FOREHEAD A NAME - MYSTERY (3466 musterion= a derivative of muo= (to shut the mouth), thus not spoken of, kept hidden as a secret, confided only to the initiates, not obvious) BABYLON (897 Babulon from Babel from 1101 balal= to overflow and MIX, [perhaps as in mixed up because of mixing of the sources of Mind/Spirit, even genetically]) THE GREAT MOTHER (GENERATOR) OF HARLOTS ((4204 porne= feminine from pornos 4205= fig. idolater, whore (selling body and/or mind/spirit (mental servitude and/or allegiance) for carnal (flesh/mammalian) "self" profitability (monetary or ego as pride))) AND ABOMINATIONS (946 bdelugma= from bdelusso 948= a detestation, to stink, abhor, be disgusted, [mammalian behaviors covenanted to rise above enacting) OF THE EARTH."

So this is indicating these people in America (city) are identified (named) by the content of their mind/spirit (forehead) that has been kept in the dark. What is real and true has been HIDDEN and hence is a SECRET, thus they exist in a condition of CONFUSION in part that comes from being OVERFLOWED with dis-mis-information.

Confusion is defined as a muddled or tangled condition of bewilderment, perplexity, puzzlement and interestingly mystification. Isn't it ironic that in

some circles of thought to be a mystic means to have embraced mystery as a higher state of consciousness so that others look up to one who is actually thoroughly confused but appears not to be.

So where else is this more apparent than in the United States where data (information) is manipulated to fit the agenda of profitability or as a control mechanism, whether in the business/corporate sectors, academic (religious or secular) sectors, governmental sectors as seen by the abundance of lobbyists on capitol hill seeking to influence the politicians to their cause/company, literally, though slightly indirectly buying votes on legislation amidst promises of various forms of cooperation for projects in politicians individual and collective constituent best interests. Where else is everything made into a conspiracy so that conspiracy is a way to shut up the truth and cause for responsibility for certain decisions. This is where if you question the authorities whether a religious institution or institution of so called higher learning or corporation or governmental action to those in allegiance to whatever their particular affiliation is you are a quack or a dissident or a rebel or are superstitious or a terrorist. Those are all labels I regularly receive as I remain very active in the various internet media chat/comment rooms/boards on a variety of subjects.

One case in point: Since I remain skeptical of the so called science of the true value of the huge growing vaccination program in America, I am called superstitious and even a bio-terrorist that needs to be removed from society because it is believed that not being vaccinated puts others at greater risk of incurring disease. Meanwhile the numbers keep coming in year after year that diseases keep going up in proportion to vaccination rates against those same diseases and it's the vaccinated that are actually boosting those numbers as even though there can be a benefit to vaccinations there is little to no effort to minimize the very grave side effects and the fact that new strains of viruses are growing faster than the vaccinations can be made and administered so many are getting vaccinated against viruses that are not as threatening because of this ongoing mutation - adaptation of these viruses.

On virtually every issue there is a huge polarizing tendency. One is either pro abortion or against, pro climate change or a "climate denier," even when someone doesn't deny climate changes seeming to be in a trend of warming, if they don't necessarily agree that humans are the most obvious cause, they

are labeled a climate denier by many. If you question the use of vaccinations or even want the option to pick and choose what vaccines to receive or not, you are now an “anti-vaxer.” If you use any terms that are determined to be “religious,” you are against science and are superstitious and a sheeple believing in a myth. The data called the Bible for many ceases to be a compilation of historical records. Now it's all propaganda to control the unintelligent masses. If you don't have a degree or a title like Dr. or Phd., etc. by your name what you say has no weight. If you spend thousands of hours researching the meanings of words from the Hebrew and/or Greek but don't have a linguistics degree you are at best an armchair theologian so anything you say is taken with a grain of sand if heard at all. If you don't say the same keywords about your faith then you are a heretic and a danger to others faith. If you question the authorized explanation for an event, like 9-11 or the Kennedy and Martin Luther King assassinations you are a “conspiracy nut” that also believes there was never a moon landing or that the earth is flat.

I could go on for hours with more examples but it's to the point that it's nearly impossible to get at the truth about anything or if you do to stand any chance of revealing that truth to others who don't really want to know. They have many times chose to remain in a condition of ignorance, another synonym of “confusion” - choosing to ignore anything that challenges one's happy place. This is certainly not restricted to America. America just happens to be where it's probably at it's worst. Most people believe what they are told by the corporate owned media or don't pay any attention to the media. By and large the public is confused and some know it but the ones who are most confused think they see perfectly clearly and resent any suggestion otherwise regardless of how much evidence one can show on the subject. For many their mind is made up on whatever is their favorite subject and their eyes glass over when someone is talking about something not on their radar or not in the way they are comfortable hearing it. I am not faulting the people as most have been subject to various misinformation campaigns from the unseen lower forces since their birth so they are essentially not brain “washed” but brain saturated with misinformation that has even been drummed into them for many generations.

Saying this name is on her forehead is saying they are of the mind of the Luciferian fallen angel space aliens. Ti and Do said there are only two sets of Minds on Earth. There are the Luciferian fallen angels, each of which is a

Mind and there are the Older Members and Elder Students Minds, who came from the Next Level. A Mind is equivalent to a King. Like Jesus said, even the “least in the Kingdom of Heaven is greater than the greatest human.” The Luciferians were at one time “kings” in this regard but they fell away and lost that Mind, though they still have the experience they gained while in service to their Older Members and in that way take over the one's in the human kingdom that have the most influence on the most humans - the Kings and Queens and their family strains. Because of receiving that attention from the Luciferians these humans become natural leaders and they look down on the masses because they take on the Mind of their “Father,” the Father of lies. These become slaves to the Luciferians and the entire society tends to look up to these leaders out of fear and/or in awe of them as they feel the Luciferian power with them.

- “WOMAN IS DRUNKEN WITH BLOOD OF THE SAINTS AND BLOOD OR MARTYRS OF JESUS” - The Woman is the City which consists of the genetic strain the Luciferian “kings” bred for their usage to fulfill their agenda. Therefore these are the descendents of those who held power during the times of the Old and New Testament records. Jesus referred to how the “Fathers” of those Scribes and Pharisees:

In Mat 23:29-36 Jesus is calling the Jewish Pharisee religious sect hypocrites who today build and decorate the tombs of the prophets and righteous past in honor of their sacrifice, claiming that they wouldn't have partaken of their blood as their fathers did. Jesus knew that they were the children of those who killed the prophets past. He called them a generation (1081 gennema= from gennao 1080 offspring; by analogy produce, fruit) of vipers (2191 echidna= adder or other poisonous snake (literally or as a figure), cunning, malignant, wicked men). Jesus then relates to these that he is in the process of sending them inspired speakers (prophets), wise men and writers (scribes) saying some of them they will crucify (a violent painful death by impaling) and some would be whipped in their synagogues and persecute (pursued, run after to apprehend to cause fear and suffering to) from city to city.

(Incidentally Saul/Paul was a Pharisee and he literally did oversee the persecution of those new believers in Jesus, so would have been one Jesus was speaking to here as being a descendant of the same ones who have done this over and over to those sent to the people by the Next Level). Jesus indicate these will have the blood of Abel to the blood of Zacharias on them.

Then Jesus says that these things would come upon this future generation (age) which we know from history did take place as after Jesus left and his disciples brought his teachings to others and were prosecuted for doing so it was Jews that sought to stamp out this new budding movement, working together with the Romans who had no idea what would occur by executing this little ole dissident Jew. The Next Level proved to hundreds of those who had followed Jesus to degrees throughout his 3+ years teaching. There were so many credible witnesses it could not be denied by anyone with any Next Level mind in them that he was exactly who he said he was. This en-flamed the Jewish leaders all the more so anyone that believed in Jesus were apprehended and thrown in prison or killed on the spot to try to keep what they saw as the blasphemy from spreading.

Meanwhile Rome saw this as a Jewish insurrection so began a campaign to eradicate Jews altogether not distinguishing between new believers in Jesus or not. That was the first genocide that came to a head around 70 AD with the sacking of Jerusalem and the destruction of the temple that King Solomon had built. The Romans certainly looked upon Jews as a superstitious bunch of rabble rouses, though they employed some to rule local areas, like Herod. These would become the lineage of the Jewish hierarchy who had intermarried with Romans and Greeks to further mix up their bloodline as they were to fulfill what Jesus foretasted would befall future generations. They would be hunted and persecuted as they and their forefathers had done.

Jesus followed his forecast with his recognition that what set Jews apart from others was no longer going to be found in their strain from this point onward. Here Jesus is talking about the city of God as the people that comprise the population of that city, named Jerusalem, the City of God's peace. The city of Two Mountains. And he refers to this group as a mother hen just like in these verses referring to the city as a woman (generator). It had been that geographic area that the Next Level made a point to gather both the human vehicles of that strain they had prepared and where they would bring back the Souls to inhabit those vehicles to enter into their second trimester towards their Mind/Spirit birth.

Mat 23:37 O Jerusalem, Jerusalem, thou that killest the prophets, and stonest them which are sent unto thee, how often would I have gathered thy children together, even as a hen gathereth her chickens under her wings, and ye would

not!

And again it was this same City of God's people whom the Jewish leaders rejected, thus they would be rejected:

Mat 23:38 Behold, your house is left unto you desolate ((2048 eremos= lonesome, deserted, solitary, wilderness, waste))

That is the “house (family) of Israel” - the 10 Tribes (Families) that broke away from the “houses (families) of Judah and Benjamin,” (Judah was the house of Jesus' vehicle's lineage) would be left without Next Level Mind or their physical presence upon the next incarnate return.

Mat 23:39 For I say unto you, Ye shall not see me henceforth, till ye shall say, Blessed ((2127 eulogeo= to speak well of, thank, praise)) is he that cometh ((2064 erchomai= accompany, appear, bring, light, next))) in ((about, by, for sake of, because of)) the name ((3686 onoma= called, authority, character, to know)) of the Lord ((2962 kurios= supreme in authority, master)).

Rev 17:18 And the woman which thou sawest is that great city, which ((3588 ho= who, whoever)) reigneth ((2192 echo= to (be)hold, enjoy, fear, eat [lives off of], follow, have, possess)) over ((1909 epi= the kings of the earth.

These “horns” are also the Luciferian(Dragon)'s WINNINGS but they are the parts of the Human Kingdom now Global Government that acts in a completely bestial (human) way.

This same Beast is described consistently as having 7 heads (2776 kephale from the primary kapto (in the sense of seizing); the head (as the part most readily taken hold of))). Thus it could include individuals, as in the Luciferian space alien “fallen angels” who all along are provided knowing how they would stimulate humans to become conquerors, colonial empires, SEIZING lands, people's loyalty out of fear or by appealing to their own profit desires to seize for themselves, and thus overall power.

Rev 17:3 So he carried me away in the spirit into the wilderness: and I saw a woman ((1135 gune, most likely from the base of 1096 ginomai= to cause to be generated; as a wife, arises, divides, befalls, ends)) sit ((2521 from 2596 kata and hemai as a figure as used here as, to remain, reside)) upon ((1909

epi= about, have charge of, wherefore, on behalf of, because of, by the space of, through(-out))) a scarlet colored ((2847 kokkinos from kokkos 2848= crimson, scarlet but also describing the insect seed used to derive those colors)) beast, full of names of blasphemy, having seven heads and ten horns ((kings)).

So this “beast” is further described here as reddish seed (colored) which seems to relate to the part of the human strain that developed from Adam and Eve's seed as Adam in it's root Hebrew means, “ruddy, or “blood in (red) face.” The red (scarlet/crimson) part of this also seems directly related to the “dragon” in Rev 12 being “red” and in:

Rev 6:4 And there went out another horse that was red: and power was given to him that sat thereon to take peace from the earth, and that they should kill one another: and there was given unto him a great sword.

Red also relates to “blood” as in bloodshed and/or bloodline and it's interesting that some have research that indicates all of the presidents of the United State are related as distant cousins. I know everyone can be thought of as related but certain branches of our human genetic tree originally stemmed from the start of the experiment Moses documented in the records in the Book of Genesis, chapter 2 primarily and the other branch in what the Luciferian fallen angel space aliens did before, during and after the Next Level experiment, by breeding with the biological equivalent to humans, just those that didn't have the same initial Next Level seed, who were recorded as having their current civilizational beginning in Genesis 1 who are equivalent in biological structure to the humans in the Next Level experiment. I don't believe there is any way for any of us to know who is originally from what strain as it's been so intermingled by now and even for those on the strain that got the chip, it's needs to survive to continue to thrive. By survive we are talking about the program the chip contains that provides the recognition and desire to know the whole truth about any subject. We all come in and out of stages. From an overview it's like we take steps forward and then take some back. As long as we don't throw in the towel on the ideas that keep that chip's consciousness alive we can still move ahead. But if we get so set that there is not truth to any of it, we may be close to a point of no return as occurred with Lucifer and those that fell with him.

Despite the things David Icke says that I would find to be misinformation, he

has researched and written some about bloodlines in England, and Europe and contends the Bush family came from the Pearce family which were originally the Percy family in England, but changed their name from Percy to Pearce because Percy's were alleged in the records to have included ones that were behind a plot to blow up the House of Lords in 1603 that was called the "gunpowder plot," though it failed. Thomas Percy was later killed but his relatives when they decided to flee to the "new world" got rid of the Percy name and changed it to Pearce to lose that unpopular association. Isn't that an interesting twist and potential way as they say "history repeats itself," perhaps a type of karma, related to the programming of those who died with a cross to bear and a tendency to stimulate similar ventures to play out their program. This has further credence in light of how the 9/11 attacks occurred during the G.W. Bush regime who evidences being the "red horse" of Rev 6:3 and the fact that the U.S. government in terms of the Pentagon were among the targets and an abundance of evidence of foreknowledge of that attacks and diversions from the truth of just how much could have involved "king" (President) George W. Bush. Icke also allegedly shows that Barack Obama is an 11<sup>th</sup> cousin to G.W. Bush and that Bush's lineage as partially stated seems to show links to kings of England and Spain and even to the Kingdom of Judah, one of the original twelve tribes.

Note Obama chose to do nothing to further investigate or bring charges against G.W. Bush and company for manufacturing the evidence that Saddam Hussein of Iraq had "weapons of mass destruction," congressional members said they were told could be upon the U.S. shores lest they act and invade as was planned even before 9/11 and was immediately put in motion after 9/11 alongside the Afganistan war. I suspect Barack Obama was told it was hands off any effort to prosecute the Bush administration and after several incidents at the white house where there were security breaches that easily could have threatened Obama and his family, I have little doubt he was not going to push against that part of the "beast."

Considering that the "horse" here is representative of the way a human being is to the Next Level and their enemies as well, like horses to be ridden. The difference with the Next Level is they groom humans (horses) by a free will model of offering their Mind in doses over millennium that their Minds/Spirits (aka Souls) may grow from, according to what they receive and apply. But the human (horse) this "woman" is "sitting" on provides a

facsimile of free will that doesn't provide choices that differ from what this “beast,” as a composite representation of human mammalian creatures desire.

Now to further describe this “beast” we see in:

Rev 17:9 And here is the mind which hath wisdom. The seven heads are seven mountains, on which the woman sitteth.

Mountains are land mass that rise above plains. But considering this bordered (walled) populated area (city aka woman) has a fixed abode/dwelling in concern over (sitteth) these seven mountains and we know generates for the kingdoms (kings) of the earth's people what held, enjoyed, lived off of (eats), shown to follow and to have, possess (reigns), this city and “woman” as the generator of all these others want is geographically located in the fixed dwelling of the United States of America.

So these seven mountains are seven territories that are kingdoms, in other words at one time or another had global reach, probably within the time frame of the “last day,” 1000 years. I suspect these would be the kingdoms or colonial powers that gravitated to the America's. The “light” that the Next Level provides in their physical close proximity with the incarnations of Jesus and his students and any number of support staff working from their spacecrafts to include the Older Member Jesus called his “Father in Heaven,” having completed their last assignment and enough overcoming, when they gave their bodies in Jesus service and joined Jesus on a spacecraft, took the bigger portion of that “light” with them and began to refocus it on the new land Jesus said his Kingdom would be given to, since he was treated so badly by the Jews (the ones who had been prepared for him). Thus these Kingdoms would be Spain, Great Britain, France, the Dutch Netherlands aka Holland and a number of other countries represented into the 1600's. However, as these prophecies are all focused on the “last day” during the time of the return incarnate of Older Members of the Next Level as shown, these Seven would probably most be represented by today's G7

Now remaining or abiding (sits) with and has charge of and operates on behalf of and because of and through (upon) this beast is a “woman” giving an gender identity as a “wife” but rooted in being a “generator” that, arises and divides, befalls and has relationship with the end of the time period to show our allegiance to the Next Level or mammon, as whatever is treasure to

humans.

### **III.D.10.A. THE TEN HORNS OF THE BEAST**

The Ten Horns are ten “strong/mighty (aka giants as shown in Genesis chapter 6)” outcroppings (hair of the head) of power, know it or not from and under, “bound to” (diadem/crown) the Seven Heads (Lucifer's primary associate fallen angels (souls), evident as the space aliens, the latest generation of humanoid physical vehicles they propagated by some form of hybridization of their DNA with the “daughters of human” DNA. They represent Ten human families who are evident most today, by their appointed figure heads known as the G10 financial ministers that have “crowns” (are bound (crowned)) like kings without a kingdom (as shown in Rev 17) because they don't generally hold public office, so work behind the public scenes yielding a huge amount of influence. Perhaps some of these primary families are known by the names, Bilderberger, Rothschild and Rockefeller with history related to various groups and/or clubs, perhaps like the Masons, Skull and Bones, the Bilderberger Group, the Council of Foreign Relations (CFR), sometimes grouped together with the catch all label, The Illuminati.

The Dragon in Rev 12:3 represents Lucifer, in particular, (who Do mostly called, “Lucifer” and meant no offense to anyone with that name, saying it was actually a beautiful name), the chief fallen angel. The Seven Heads and Ten Horns describe the parts of what have become the bestial (mammalian) world government, the G7 western overview of governmental alliances (Heads) and the G10 (Horns) as the Financial ministers that are instrumental in providing the corporate banking capital that increasingly shores up all the governments. The United Nations is largely their public relations front to which certain powers are delegated who feed the International Monetary Fund (IMF) and The World Bank (WB) as United Nations Institutions whose North American headquarters is in NYC.

Rev 12:3 And there appeared another wonder in heaven; and behold a great red dragon, having seven heads and ten horns ((keras= fruit, seed, gain, winnings of the head)), and seven crowns upon his heads.

Rev 13:1 And I stood upon the sand of the sea, and saw a beast rise up out of the sea, having seven heads and ten horns ((keras= fruit, seed, gain, winnings of the head)), and upon his horns ten crowns, and upon his heads the name of

blasphemy ((988 blasphemia= from blasphemos 989 vilification, evil speaking, railing)).

The Ten or Tenth seems to also potentially relate to a bastardization of the tithe. In other words, The Luciferian Space Aliens, perhaps as at least Seven Heads, elder drop-out now Souls working against the Next Level, who have reigned over the Kings of the Earth, before this civilization, and now during this civilization, when allowed by the Next Level's releases from their underground and/or undersea prison "hell," to wield their physical influence upon humans in the new territory of the United States, since about the 1940's, having allowed their mental influence before then and/or a physical influence elsewhere before then, stimulated humans through various forms of profiteering, provocation and/or justifying turning a blind eye to, the most recent 9/11 attack event on NYC and the U.S.

There is a great deal of reason to recognize that leaders will justify even significant loss of life to forward their cause. Even the Normandy Invasion was just one example. The entire prospect of military aggression propagandized into defense whether it actually is or not is part of the human and human equivalent Luciferian space alien mindset. The Luciferians even can pull that mindset from their experience with the Next Level, as Ti and Do always said that Lucifer especially knew a lot about how the Next Level did things. The Next Level knows that the physical vehicles are all designed to have a very limited life span because it is through the use of vehicles that Souls They plant in vehicles, something the Luciferians can't do, can advance towards even becoming Members of the Next Level.

The Luciferians can claim the same idea though twisted 180 degrees, because as humans do their bidding, however unknowingly, they are serving Lucifer's agenda which is two fold - 1) get planet earth before they are once again shut up underground again for another 1000 years as "rumor" and prophecy outlines is upcoming and 2) defy the Next Level by stealing Souls to his/their allegiance, which then become their new membership and his delegates (apostles) like the many contactees, channelers and spiritualists to include paranormalists, shamans, mystics, yogi's, priests, self declared prophets and all manner of teachers and leaders of various religious doctrine and as seen in the records regarding the Paul of Tarsus example.

Thinking about all this, it's important to keep in mind how there were ten lost

tribes of Israel who once made up what became known as the Kingdom of Israel that the tribe of Juda and Benjamin broke away from because these ten were corrupting the teachings Moses was the Rep for. Thus it's no wonder, the Older Member who represented his Older Member Jehovah, whom he called his Heavenly Father took a human vehicle that was a descendant from King David from the tribe of Juda.

However, the Next Level doesn't ever “sacrifice” humans or for that matter any life forms, I don't think, though they do “borrow” human vehicles that are actually theirs anyway since none of them would even exist had the Next Level not designed and developed the life promoting processes in the first place, that the Luciferians have tried to direct humans to learn to manipulate some. And the Next Level doesn't have any degree of selfish motivation when they use human vehicles. They will kill humans if those humans are acting like weeds in their garden putting undo stress on those vehicles they are nurturing to become vessels for Souls to grow within to eventually have the chance to graduate into their Kingdom as youngins. These Next Level adult members have no need for new members, nor for anything offered by humans or human equivalents though will influence the ones who are coming up with suggestions, ideas, helps of any sort to foster their recognition of the reality of the Next Level and that can also include keeping humans and/or space aliens and/or discarnates away from having too much influence any part of their experiment and especially upon those souls and vehicles who are coming up.

So I'm trying to show how the Luciferians create a facsimile to what the Next Level does for real. The Luciferians have only one interest - themselves and those that support themselves where Next Level Members have only one interest - their Older Members and how they can best serve Them. It is possible that the 1/10<sup>th</sup> that was often used in making offerings may be related to these Ten Horns (human tribes and the descendant leaders they developed with their various family names) as the “tenth” applied to these Revelations prophecies came about after Jesus was incarnate so was after the Ten Tribes broke off and even that was to be expected well before then because the Next Level knows how many have the capacity to grow by how many Soul seeds they give out as my understanding from Ti and Do is that each Soul seed is an individual implant (not to be confused with space alien artificial implants).

Thus we see humans being motivated to foster a New Age of cooperative global governance and ecumenical religion to save the earth from the evil minded humans (dissidents who don't accept the mark of the BEAST or to work for (worship) the Beast's Image (All the facsimile “copies” of the Next Level, including spirituality and religiosity and even actual Holograms like Fatima) or some apparent random changes to the earth and/or via environmental collapse (as prophesied) and/or a warming trend (as prophesied) or nuclear war or because of the “bad reptilian space aliens” as they think their space alien contacts are the “good” space alien “brothers” and similarly to the need for capital towards otherwise black budgeted programs they thought they talked about beforehand and thought they needed the 9/11 attacks for, as a way to bring more funding and justification for whatever they want to do, while also policing the rogue factions around the planet that further justify their surveillance and sting operations, drone programs and otherwise bloated military budgets and underground city construction efforts as they anticipate what prophecy describes as the “war of Armageddon.”

The U.S. first of two New Babylonian falls started with G.W. Bush being manipulated into the presidency by the ruling of the U.S. Supreme Court who ruled against the Florida Supreme Court's ruling to recount votes in a number of Florida counties where there were a number of proven irregularities that could have shifted a very close race for the Florida electoral college votes to favor Gore verses Bush to win the presidency. This may have been a type of Coup d'etat as it's debatable whether the U.S. Supreme court has jurisdiction over Florida's supreme court rulings in regard to voting in a presidential election.

This represents the first falling of two falls. All the positive parts of the United States of America would be collapsing as a result of these events and the responses to follow with the wars in Afganistan and then Iraq and to date in degrees in Pakistan, Yemen, Somalia, Libya, Syria, Egypt, Sudan and no doubt to spread to many other countries like Iran and Ukraine to no end, at the least through the drone program and in proxy wars.

The second fall seems to have been the Financial Crisis of 2008.

Rev 14:8 And there followed another angel, saying, Babylon is fallen, is fallen, that great city, because she made all nations drink of the wine of the wrath of her fornication.

As with many numbers given in prophecy they are most often approximates. Here are some ways to think about the “tenth”: This can be interpreted from Greek “deka” as 1/10<sup>th</sup>. Since this seemed like it would have to be an approximate as if there was an earthquake who could say 10 out of 100 buildings would fall. One could think, I'm bringing unfounded reasoning to this, as God can do anything right, can know anything and it's not that that's not so. The question is why would the Kingdom of God/Heaven go to the kind of effort it would take to make sure this shaking takes out exactly 1/10 of the city and how is that to be shown. What part or objects in the city are included in that number? Does that mean that 1/10<sup>th</sup> of the traffic lights fell off their wires, etc. It seems absurd to think this was the intention to their prophecy. Thus since John is the writer and he sees this city falling and relates it to a tenth, what is it he is referring to. Thus I searched the Old and New testaments for “tenth” and what came up was very, very interesting. First off, in all cases but one “tenth” applied to various instructions for the making of food offerings, using flour and barley and oil, etc. in Moses camp, so it had to do with commodities. In one instance this verse depicts how a tenth part of the tithe is called a “heave offering.” The term “heave” struck me as very close to the idea of a shaking or quake - the literal earth, the city, it's people heaving.

Num 18:26 Thus speak unto the Levites, and say unto them, When ye take of the children of Israel the tithes which I have given you from them for your inheritance, then ye shall offer up an heave offering of it for the LORD, even a tenth part of the tithe.

Heave offering defined as:

Heb. terumah, (Ex. 29:27) means simply an offering, a present, including all the offerings made by the Israelites as a present. This Hebrew word is frequently employed. Some of the rabbis attach to the word the meaning of elevation, and refer it to the heave offering, which consisted in presenting the offering by a motion up and down, distinguished from the wave offering, which consisted in a repeated movement in a horizontal direction, a “wave offering to the Lord as ruler of earth, a heave offering to the Lord as ruler of heaven.” The right shoulder, which fell to the priests in presenting thank offerings, was called the heave shoulder (Lev. 7:34; Num. 6:20). The first fruits offered in harvest-time (Num. 15:20, 21) were heave offerings.

What jumped out at me was the term “elevation” and how the Rabbi's signaled the presenting of this heave offering with an “up and down” motion.

Offerings were often thought of as sacrifices in the sense that we would be sacrificing our free will to abide by the specific instructions of any sacrifice and following instructions was one of the first primary lessons being taught by the Kingdom of God/Heaven to the beginning “overcomers,” the Children of Israel. (Do said, Israel means the overcomers - to define it in the dictionary - it means, “he who prevails as Jehovah” and to prevail is equivalent to “overcome” and equivalent to “conquer”). Of course when talking about an earthquake in a modern city where there is falling, one naturally thinks about the elevated buildings falling.

However, if we look up “tenth” in Hebrew we get one of it's usages as, “a tithe part”

04643 ma'aser or ma'asar and (in pl.) fem. ma'asrah= tithe 27, tenth part 2, tenth 2, tithing 1;

Since the heave offering was offered when the first fruits were offered in harvest-time and this earthquake occurs after the FIRST Harvest ascension of “Soul bodies,” (though invisible to human eyes) with the Two Witnesses depicted in Rev 11:12, it seems more the intention that John was saying “a heave offering tithe part/portion of the city fell,” in a real sense the response of the Earth/human kingdom to the ultimate pulling up of the roots of the human vehicles that were harvested. In other words the event of the birth of Souls into membership in the Kingdom of God/Heaven, via the death of their physical vehicles, had it's own response with a trauma to the “great City” (Rev 17 “Woman”) in the new Babylonian styled Empire (U.S.) that though they didn't consciously know was hosting the invisible Temple spacecraft, so like any “mother” that is giving birth, as the Earth represents to those who were Soul born, there is an equal and opposite (like Einstein) reaction - the Earthquake that falls a significant section of the City and causes the loss of human lives in the process - the earth yielding it's sacrifice. One may note that there was recorded a significant earthquake/shaking when Jesus' vehicle “gave up the ghost/spirit.” This is also considered to be the ultimate meaning of resurrection - rising out of the human condition, going from a type of “perennial” (Ti and Do's term for humans) life form (bodies like leaves on a tree that come alive for a season, then die until next spring growing season begins when new leaves come up again) to what has been termed an eternal life form, not having a limited cyclic nature to their existence, which is

equated to a type of evolutionary (NOT Darwinian) progress.

But while interpreting the time that the Tribulation, Avenging and Judgment was in process of manifestation, that includes the Two Falls, examining further the “ten horns” that “burn (the “woman”) with fire” (Rev 17:16), another additional perspective developed, actually keeping to the same vein. NYC's financial center, as related to the “One World Order” headed by the Woman (those of the original tribes of Israel and thus related to Jerusalem) sitting on the U.S. BEAST - the secret government that came out of dealing with the Luciferian space aliens who came out of the bottomless pit, that Lucifer and his associate fallen angel Space Alien Souls use, manipulate and thus give power to humans and their organizations that add up to the Luciferian fallen angel space alien influence of the human agendas and is one of the ten “horns” on that BEAST. The horns are also “Ten Kings without a kingdom” according to Rev 17 and thus the G10 - global ten financial ministers who feed the International Monetary Fund and The World Bank as United Nations Institutions whose North American and first capital is in NYC.

Continuing with Rev 11:13 interpretation:

- “in the earthquake were slain of men seven thousand” - Since the Next Level is all about free will and encouraging the positive to include humans acting civil to one another, (while also showing that we are all in their creation entirely so what they do on their garden and with their life forms is up to them. They leave it entirely up to each person to come to realize this and the rest get whatever they and their environment deals them for whatever time they are alive).

I know in Moses classroom time there are reports of wars and what's been called genocide said to have been stimulated by Moses instruction but those reports are not necessarily trustworthy and some of which came about by the insistence of some in the Moses encampment of the said, “600,000 men” so if they were going to insist on going to war against another tribe, the Next Level through Moses had them do so looking to Moses to lead them and tell them when to fight and when not to. It was said he stood on a high spot and when he raised his staff in the air was a signal for his army in the valley to attack those who were threatening them or would not allow them to pass through some lands. When they listened to Moses lead they won every battle,

no doubt because there were invisible forces helping in some way. If they attacked without Moses signal they lost their battles - so to show others the Lord's workings to teach them to follow instructions and trust Jehovah/Moses.

The Next Level has lots of ways to remove any humans that would prohibit what they need to accomplish with their “classroom” even if it means wiping out a large amount of human vehicles. Humans were commanded not to do that, though a Member of the Next Level like Moses could make an exception. Luciferians have capitalized on that of course in all ways.

There are many examples of the Next Level instigating events that result in the loss of human life, as with weather systems or other environmental looking events that always seems to include warnings. Earthquakes tend to occur in areas that have had earthquakes and are usually preceded by smaller tremors so people can try to locate themselves to a safe place, that is if they insist on living in a known earthquake zone. With tsunami's, the first wave is not generally the largest and the ocean tide is pulled back way below low tide mark before the larger waves come in. With tornado's they can be seen and heard from miles away. Volcano's smoke sometimes for years before a major eruption.

Even human wars come with many signs, even for years that allow those that see the handwriting on the wall to move away or become refugees rather than be caught in the war. The people accused of plotting the first World Trade Center bombing in 1993 said they would try again and there were many signs received by the U.S. government from intelligence agencies and other governments months, weeks, days and hours before the airplanes hit their targets. In this way, whether man made or nature made, the Next Level uses such events to stimulate change in their human garden so humans can be reminded of what's important, though many who become attached to their material wealth and sense of security and comfort often ignore the signs so often perish because of.

With that said, it's highly unlikely the Next Level had anything to do with the 9/11 attack or other events and wars that came from them among humans. However since they allow the Luciferians to have influence on humans, they know such things will always be in the works and they can pinpoint when they will come to a head as in this prophecy because they literally prevent

things from escalating to war during the time when their representatives are incarnate and most active with gathering their student body and preparing them to graduate the human kingdom. So when they left in March of 1997, as Ti and Do indicated would be the case though gave no examples of the details, nor said it this way; all hell would break out soon thereafter, literally essentially starting in the dot com crash in and illegal election of G.W. Bush as president, by Supreme court decree in the fall of 2000 after a slight grace period of about 3 1/2 years as it turned out.

Yet, now those are simply in history and life goes on and most are none the wiser about how the public opinion was manipulated like robotic sheep to support the Luciferian stimulated agenda. Now Lucifer doesn't like violence either and he also wants order among his subjects, thus promotes abiding by selectively killing and stealing raping and pillaging, but as his slaves show, justifies “collateral damage” among the masses, as what he seeks above law and order are the benefit of increased technological development because of more funding to build better weapons and delivery machines, etc. The more technology humans develop the better his chances of hitching a ride off the planet and/or more comfortably surviving being locked back in his prison cell underground somewhere. So he and his comrades using whatever human or space alien human equivalent bodies he can need spacecrafts, life support environments and energy systems.

- “seven thousand” - The origin of this Greek this word for a “thousand” equally refers to multiples of thousands, thus a large multitude of people as illustrated in the Old Testament's usage:

Num 1:16 These were the renowned of the congregation, princes of the tribes of their fathers, heads of thousands in Israel.

In the OT the Hebrew word often translated to “thousand” equally referred to a family as a part of a tribe and related to people that were in process of learning to upgrade their behavior and ways, which is what the Kingdom of Israel was all about, that is for those that embraced doing so. The Hebrew word “Israel” is translated to, “one who prevails as Jehovah.” Do simply said it meant, “an overcomer,” which is equivalent to “conquering” the human kingdom's mammalian behaviors and ways and adopting the behavior and ways our Older Members give us. That's what Jesus intended by saying “I am the way, the truth and the life....” Those who choose for him to be their

teacher each need to adopt/abide by his “ways” which becomes the stepping stone path that uses our human vehicle and kingdom as our footstool to step up to the Level Above Human by transforming human ways to Next Level ways according to the design of the Older Members. It is like “taming” as we are taming our animal passions by restraining them according to the stage (grade in school) we are in.

- “Seven” in this figurative context has several applications. It could be referring to the origin of the people who die in this shaking event as having their ancestry from ancient Rome and/or Constantinople, both of which were known as being constructed on “7 hills” but that Rome is frequently named by writers; the seven hilled city, and sometimes Septiceps, “the seven headed city” and upon the addition of the seventh mountain there was a feast kept, called Septimontium. Pliny a contemporary to John, disciple of Jesus, said in his time Rome “took in seven mountains,” where mountains were both the hills the city was built upon but more so foundations of power even related to various religious sects who built buildings. Ancient Rome then was the capitol of the biggest world power as it was over seven universal “God-opposed monarchies; Egypt (the first world power which came into collision with God's people), Assyria, Babylon, Greece, Medo-Persia, Rome, and the Germanic-Slavonic empire, referred to as the Holy Roman Empire that the Frankish Charlemagne and Roman Pope Leo joined to stimulate.

Note how in Rev 17:9 the “seven heads” of the BEAST - the U.S. secret government (Mystery Babylon) the people of which constitute the “great city” - the people who make up what's called the “woman,” those that support the U.S. Government policies of waring all over the planet and especially in the middle east, are also considered to be “mountains.”

However I don't think this “seven” is just referring to the genetic heritage of America's citizenry. Seven, as has already been shown from the Old Testament examples was related to taking an oath. Entering into a covenant involved the swearing of an oath. The Hebrew word for swearing an oath is sheva, which literally means “to seven-oneself.” It should not be surprising then that “seven” and covenant oaths are often linked together. For example, in Gen 21:31, Abraham swears a covenant oath to Abimelech near a well, which comes to be called “Beer-sheva,” which translators either render, “the well of the oath” or “the well of the seven.”

It seems like it's referring to those who are killed by this “shaking” (earthquake) event, thus presumably not those who maintained their oath to the Next Level. And even though that may apply, perhaps more so it is referring to those who were once the chosen descendents of the original Israelites who had taken their oath (the seven) that were largely slain. The oath itself was finalized as lost and that would render all who entrusted themselves to the Beast as fallen.

Among thousands of people who were from among the same tribal background who often were saying they were Jews or Christians or Islam in their faith, many would call for war over this shaking event. There is no question that many in America didn't see the 9/11 attack as a crime but an act of war. The problem was it was not conducted by a nation that is clear cut to see, at least one that wanted to take credit for it, or one the U.S. wanted to accuse, as most of the alleged hijackers supposedly came from Saudi Arabia. Thus it became a war against the Arab and Muslim people, that is specifically against some, many in the U.S. didn't like and happened to be most vulnerable and/or most profitable to invade and give the appearance of a just response. Afghanistan was an easy target and in a sense so was Saddam Hussein as both were damaged by many years of warring in Afghanistan's case and U.S. imposed sanctions in Iraq's case with Saddam's rhetoric against Israel and the U.S. following his failed Kuwait attack a few years before, that added fuel to the fire against him. (It was revealed years after the Gulf war that Saddam had asked the U.S., if they would stop him from claiming a certain part of Kuwait and the U.S. indicated they wouldn't stop him. Remember they were so called friends during the Iran - Iraq war, of course while they were also providing weapons to Iran.

The third characteristic of “seven” is that of its reputation for COMPLETION. In other words this event was putting a period on the stage of the Two Witnesses and student body coming incarnate. In a sense one can even look at the tenth as a tithe, in this case where the Next Level is tithing but only taking 1/10<sup>th</sup> of the stature and financial wealth away.

Yet another additional way to look at the use of “seven” in this verse comes out when using the literal translation, written as:

.”..unto-a-shaking-of names of-mankinds thousands seven,....”

When examined in this way, 7 could refer to the fact that there were 7 building officially in the WTC complex and that then “thousands” died. The seven can also be saying that humans from the 7 “heads” aka “mountains” and continents died, to where the heads are the G7 countries that were all represented as the Global 7 financial and military leaders of the world.

Finally, perhaps one of the most obvious applications of “seven” would be in the way “September” comes from seven as it was the seventh month in the old Roman calendar which began the year in March. and is the end of the Jewish year.

I would say all these usages can work. That's the way things work with the Next Level. They literally see to it that there are many answers that all can work but are only going to become options in a seekers mind when they are provided with additional clues to their further interpretation, as I continue to show examples of.

-“remaining ones (remnant) were fearful and attributed the event (gave) as apparently from (glory) God of heaven” - The remaining ones, whose oath was not slain or who were not destined to be recycled (slain) because of going back on their ancestors oath that they maintained in appearance only as card carrying Jew or Christian, as they worked their financial manipulations and profiteering, would be those who still had some of that oath allegiance to the Kingdom of God/Heaven in their hearts and minds (lives). Otherwise these remaining would not be seeing this event as God's doing in some way even though the Next Level would not be the instigators it was foreseen and thus known would occur after they exited their incarnations as Ti and Do and Crew.

Rev 11:14 The second woe is past; and, behold, the third woe cometh quickly.

A woe is an alert. It's a heads up - a broadcast of something to pay attention to - the delivery of a sign - the handwriting on the wall, so to speak. The first woe had to do with the arrival of the Luciferian space alien fallen angels, being let out of their prison cells in their underground bases that started the entire contactee and abduction phenomena. This second woe is the alert to the way the bestial humans are driven by the Luciferian space alien fallen angels, “dragon” (serpent/devil, adversary (Satan).

The Third Woe comes as a series of events that take place after the Seventh Trumpet Sounds, described here as:

The Third Woe - Started on Feb 15, 2013 with the Chelyabinsk Meteors and a huge sonic boom/wave that broke windows and smashed out warehouse steel doors and caused about 1000 people to see care from flying glass but no serious injuries or fatalities.

This was followed 16 hours later by another object said to evidence the same trajectory. On this same day, there was a fireball seen over northern California and a giant asteroid flying close by Earth that was as close as 17,000 miles which is inside the Moons orbit and was the closest near miss yet.

Days later there were fireballs reported all over the world and there were some days before as well. Then there was a fireball that looked more like a craft as it had no tail or sonic boom or fragments that caused a huge stir from the great lake Ohio area of the U.S. to the Virginias but was also reported seen from Maine to Florida and finally the Pan Starrs comet that made perihelion on March 10, 2013 and was visible to the naked eye for some days before and after than, curiously during the anniversary of the Hale-Bopp Comet Do and Students considered their “sign” for the timing of their exit by Palm Sunday on March 21-24 of 1997. Pan Starrs was not just a curiosity in it's timing but also showed a companion object with it that was on the internet briefly before being whisked away. The companions was explained as an anomaly, perhaps evidence it was breaking up, yet the object was quite large and was away from the head of the comet, thus as if flying in front of it and as it was reported as one of several pictures couldn't have been part of the comet breaking up or it would have simply become part of it's tail, logically speaking as to be projected in front of this massive object would seem to defy physics as humans understand physics, which in reality is very little. Another curiosity was the way Feb. 15, 2013 was to the day or two 40 years (1 hour by God's time) from the day that Ti and Do left Boerne, Texas armed with having significantly awakened to their mission for what they both believed to be from their Heavenly Father from outer space (the literal heavens).

**III.D.11. REV 11:15 - SEVENTH ANGELS TRUMPET SOUNDING -  
DISCLOSURES (VOICES) FROM HEAVEN DESCRIBING THE  
OWNERSHIP OF THE WORLD AND ALL IT'S SYSTEMS AND**

**OCCUPANTS AND THE TEACHINGS OF THE LORD'S CHRIST AS THE RULES (REIGN) FOREVER. October 17, 2008 ON THE WORLD WIDE WEB'S NATIONAL GEOGRAPHIC'S CHANNEL'S SEASON 3, EPISODE TWO ENTITLED, "FINAL REPORT: HEAVEN'S GATE", THAT BROADCASTS FOR THE FIRST TIME BY A MAINSTREAM POPULAR MEDIA ORGANIZATION, A STRONG QUESTION THAT SUGGESTS TWICE IN THE BROADCAST THAT THIS HEAVEN'S GATE COULD BE WHAT CHRISTIANS REFER TO AS THE "SECOND COMING OF JESUS THE CHRIST"**

Rev 11:15 And the seventh angel sounded; and there were great voices ((5456 phone= through the idea of disclosure, sound of uttered words, speech, of a language and tongue)) in heaven, saying, The kingdoms ((932 basileia= sovereign foundation of a king and footstool to a higher realm)) of this world ((2889 kosmos most likely from the root of komizo 2865= orderly arrangement, human kingdom, tended inhabitants)) are become ((1096 ginomai= "gen"-erate (as a mother), arise, assembled, become, behave self)) (the kingdoms of) our ((2257 hemon plural of ego 1473= of or from)) Lord ((2962 kurios= supreme authority, [Older Member of the Next Level])), and (of) his Christ ((5547 Christos from chrío= anointed - anyone who makes contact, to consecrate an office - fulfills an assigned task [as Jesus did but as all Members of the Next Level must do to reap the same reward])); and (he shall) reign for ever ((165 aion= a course, beginning of the world)) and ever ((165 aion= an age)).

The word "kingdom" is rooted in, among other words the idea that it's a "realm" as a foundation that has to do with "walking," a pace ("base") with the implication of being a foot, and we all know that Jesus referred to the Earth, but actually the human kingdom (realm) as a footstool. Ti and Do primarily said it was the NEXT Evolutionary Kingdom LEVEL Above Human. This gives rise to the premise that there is a progression afoot that humans are given the opportunity to engage that by completing will bring each one to their NEXT LEVEL of life as part of the evolutionary process of Kingdoms on Earth, Mineral to Plant to Animal to Human to Level Above Human. So it's not the same definition Darwin argued, though there was some merit to what he did describe. It was simply the observation of adaptability of the parts to the creation, which was part of an intelligently designed multifaceted and interdependent system. There are no examples of

anything on Earth coming into being without that interdependency. Even a computer system requires intelligent direction of each of it's components in order to generate support systems for the whole.

-.”..The COMPONENTS (kingdoms) OF THE FOOTSTOOL REALM (human level) of this ORDERLY ARRANGEMENT OF INHABITANTS BEING TENDED (world) have been generated/assembled (become) OF/FROM SUPREME AUTHORITY (Lord) and his APPOINTED (ANOINTED/CONSECRATED) TEACHER BY DEMONSTRATION OF THE OVERCOMING PROCESS (Christ) AND INSTRUCTIONS/RULES (reign) for a COURSE/[CLASS], BEGINNING NEW AGE OF THE WORLD.

In other words, with the sounding of the seventh trumpet's disclosures in words (voices) (not mysteries or parables as Jesus did with the general public) the criteria for the second fruit harvest of Souls is established. The qualifications are set in place. The instructions for their behavior and ways to qualify for the next classroom have been provided and thus SHALL continue to be made available, but the full reign is in the future tense so seems to be meant to apply to a time after the 1000 years, during which is when the Luciferians are forced back into their underground prison cells to be released for a short time after the 1000 years has passed (See Rev 20).

So backing up again in the timeline to the current generation in 2015, the Seventh Angel's initial disclosure (voice) was at this point in the timeline after the Father (Lord) and Son (Christ) as the Two Witnesses have exited their incarnation having conquered, which is also expressed in Rev. 6, the one sitting on the white horse that has his litter of covenant takers in his hand and is conquering (for each in his litter) puts him in charge from henceforth. Thus the conquering is accomplished during the time of the OPENING OF THE FIRST SEAL THAT IS ON THE BOOK, which is the body of information being expressed in the first thunder depicted here.

Rev 6:1 And I saw when the Lamb opened one of the seals, and I heard, as it were the noise of thunder ((roar)), one of the four beasts saying, Come and see.

This includes the part of the 40 years (hour) of Ti and Do's 6<sup>th</sup> angel's trumpet sounding where they disseminate their information to the world but primarily

to the occupants of the United States mainland that includes the Seven thunders (roars) from 1973 to 1997. This next verse shows their conclusion in the seal timeline:

Rev 6:2 And I saw, and behold a white horse: and he that sat on him had a bow ((covenant with each member of the student body)); and a crown was given unto him: and he went forth conquering, and to conquer.

A Christ is a task definition of someone who has overcome the human kingdom's behaviors and ways equated with the process of pressing oil from the olives. That oil not spent on human fires (passions) then generates more awareness - can SEE more and fuels one's delivery of that "light" so others can benefit and potentially engage the same process for themselves. If one engages this process for themselves.

This sounding has it's starting point but does not have an ending/completion point until the opportunity to bond with the Older Members Ti and Do has passed as depicted by the time of:

Rev 16:17 And the seventh angel poured out his vial into the air; and there came a great voice out of the temple of heaven, from the throne, saying, It is done.

It is during the Seventh Angel's trumpet sounding that the remaining "mystery of God should be finished" as forecast during the start of the sixth angels sounding, before the Two Witnesses came incarnate as shown in:

Rev 10:7 But in (the) days (of the) voice (of the) seventh angel, when (he shall) begin ((3195 mello= about, after that, be almost, to come, be yet)) (to) sound, (the) mystery (of) God (should be) finished ((5056 telos= finishing, aimed at as a limit, resulting, purposed, ending)), as (he hath) declared (to) his (Their) servants (the) prophets.

This "mystery" seems directly related to the prophecy of Dan 12:4,7 - where he is told by an angel to "shut up the vision until the end time," when he was also told he (his Soul) would stand up again (incarnate into a new human vehicle prepared for him to overcome).

The mystery "revealing," what the Book of Revelations was to provide is further OPENED, as depicted in the 7 seals of Rev 5-7, by "the Lamb" who is

the Soul who was incarnate as Jesus but who during this END TIME incarnates into the “white horse,” which is describing the human vehicle this same Soul takes over to perform his task (to sit) through. It is throughout his incarnation, as begun with his Father that He shares the truth that was formally hidden. I believe it is hidden so the Luciferians don't have much notice to build up their offense against it, by sowing seeds of deceit as misinformation that twists and distorts the truth. We can see this happening at a very fast pace now that the incarnate stage of the Older Members is over. However, the task of this “little book” is hopefully opening up - shedding light on remaining mysteries as related to prophecy to show how they relate to what Ti and Do revealed. Anyone that is sharing Ti and Do's information with others is participating in this task of further revealing as those who were given souls are helped to awaken to see so they can be among the next harvest, though not by laying down their lives in the same way as for those readied for the first fruit harvest, but by GIVING THEIR LIVES IN SERVICE, more kin to the way it was done by Jesus disciples. (For any who think they would not come upon the same fate as Jesus disciples, because no one cares about Ti and Do, they only need to start telling the truth at this time and even relate it to the many prophecies that will find ears, probably mostly from younger human vehicles.

If believers in Ti and Do were armed with knowing all about Ti and Do, together with this books material and they went door to door to the mega churches they would find some ears but mostly would be cast out. Then if some who had an ear for what they said began to believe and the church elders and parents of the younger ones saw how the truth was drawing some of their own, their wrath will escalate to doing all they can to stop any further spread of what they would consider Luciferian new age space alien teachings. As long as we remain in our comfort zone on the internet, we are shielded from the greater wrath of the hierarchical Christians. Plus we don't know what Ti and Do and crew will do in the next years to “turn up the heat” in many ways that could also put us on the firing line. (I am not talking about this as if I am eager for that time, but that's my human mind talking as my Next Level Mind would want to get it done with to graduate to whatever next station might be available).

Thus after the Kingdom of God's Two Witnesses and first fruits have exited their incarnation there is a series of events/periods during which all living

will be shown the truth of the remaining mysteries for them to understand or choose not to. They must seek out understandings and as they do they will come upon the documentation of the time period of the Two Witnesses incarnate stay because it will still be talked about unfavorably by most, which will continue to alert those that have Next Level help to see through. These will come upon the truth and it will serve as a smelling salt to those who are ready to embrace it, but the truth will also become enshrouded in further misinformation. That's a big part of what Ti and Do did by speaking with new more direct “generic” (non-religious/spiritual) terminology that strips away misinformation. The whole truth will remain bizarre to those who don't have the inclination (ears/program) to receive it. Even those who do receive it will remain aware of how peculiar it is, but if they push past those doubts will also recognize it's a truth they have a hard time denying after seeing some of it, though it always remains a choice to deny.

Meanwhile the “time of great trouble not seen since the foundation of the current civilization (world)” aka the tribulation period (as it's called by many Christians) will be very gradually in motion, starting with the opening of the 2<sup>nd</sup> seal of Rev 6:3 that starts after the Two Witnesses and Crew have exited, which took place by March 24, 1997. About 3 1/2 years later the “Red horse” - of Rev 6:4 comes manifest.

This first fruit harvest occurs during the end of the 6<sup>th</sup> Angel with trumpets sounding, thus still before the seventh sounds.

This would then be the time prophesied as:

Rev 10:11 And he said unto me, Thou ((4571 se= your “house” - Family of Minds that came from the same ancestral human family)) must prophesy (4395 propheteuo= speak by divine inspiration, to predict, declare things only known from Older Members revealing them)) again ((3825 palin= through the idea of oscillatory (vibrational) repetition; anew, once more, or as a conjunction, furthermore or on the other hand)) before ((1909 epi= as a relation of distribution, among, beside, throughout, toward)) many ((4183 polus= abundant, common, far, great, sore)) peoples, and nations, and tongues, and kings.

So this Seventh disclosure (trumpet sounding) by voices attempts to shed light on what are still mysteries for many, thus for those that would not find

what the Two Witnesses have said as digestible by then without some additional help, understood as needed because of the condition of the human kingdom being filled with misinformation about the reality of the Kingdom of God/Heaven. What these Two Witnesses say is the only information needed to absorb to become an applicant for their future crew, aka Soul birth, harvest, graduation, after the 1000 year recycling period has concluded. Thus there is zero need to start a new group or new classroom or new organization with structured beliefs as the Older Members come incarnate to do so, thus to do so now could open the door to get in league with the Luciferians who then can make it into a new religion and build you up as a foundational leader of it which could lead to the loss of your own opportunity to graduate as it's a kind of trap.

The information these Two Witnesses directly provide is the entire basis from which their servants can draw in relationship to what Jesus prophesied just like Jesus fulfilled what Elijah/Moses and Old Testament prophets said and how Moses drew from what Enoch wrote that probably had relationship with what Adam passed along. This is the modus operandi of the Kingdom of God/Heaven's Soul Gardening project, to provide the building blocks that can take a Soul as a seed to a mature new member of their Family. The students are always groomed to be the teachers. The Older Members of the Kingdom of God/Heaven could do all the tasks themselves but then they would not have dependable Older Members in the making. They are not like humans, coveting their positions of power and influence. They are overjoyed to provide the tasks they once performed, while still doing those same tasks repeatedly as well. With each repeat the student body gets stronger.

#### HOW THE SEVENTH TRUMPET PLAYS OUT IN TI AND DO'S TIMELINE:

I believe the National Geographics Channel's Season 3, Episode 2 entitled, "Final Report: Heaven's Gate," that first broadcast on October 17, 2008 on cable and the internet was the Seventh Angels sounding.

National Geographics channel is one of the most popular television publishers in the world, so this would have been seen by even millions of people potentially and in the byline and in two places in the documentary it is brought up to consider that Ti and Do's Heaven's Gate cult could have been the so called, "Second Coming" of Jesus. I was interviewed for the

documentary and appear in it briefly suggesting that. I had asked the director/writer that if nothing else of what I say is useful to please included this and she did. It talked about how hundreds of members had abandoned their family, friends and former lives in search of spiritual fulfillment and dissects how the cult succeeded in disconnecting it's followers from the bonds of life on earth. To anyone who knows the full Jesus story, they could have had their ears perk up to want to hear more about this group.

Here is a third prophecy I suspect applies to this “7<sup>th</sup> Angel's trumpet sounding”:

Rev 14:6 And I saw another angel fly in the midst of heaven, having the everlasting gospel to preach unto them that dwell on the earth, and to every nation, and kindred, and tongue, and people,

Rev 14:7 Saying with a loud voice, Fear God, and give glory to him; for the hour of his judgment is come: and worship him that made heaven, and earth, and the sea, and the fountains of waters.

The Midst or Middle or Mid Heaven, is not a causal description. It means it's not the area outside of the Earth's immediate atmosphere so could very well be referring to the way the Next Level knew humans would develop communication technologies that are by in large transmitted to and fro through satellites, thus today's “internet” and incidentally named, “the cloud” which I doubt is coincidence but the idea for it probably came from a mockery of prophecy by humans who are overall influenced by the Luciferian space aliens, though the Next Level also suggests terms to some who name certain things, though Ti and Do referred to that mostly through the media, movies, though it could have certainly trickled down because the truth is prophecy said Jesus would come from among the clouds and then we saw the way Do and Crew put up the document, 'Undercover “Jesus” Surfaces Before Departure’ to about ninety something Usenet sites as their sixth (thunder/roar) and followed by the seventh as the Heaven's Gate Web Site and Book, so again both from the NET that, though all the data is stored on land based network servers, the exchange of that data is happening a great deal via satellite communication networks, thus from among the upper atmosphere - in the clouds.

About a month after this broadcast Barack Obama was elected the first African American President of the United States and came into office to deal

with the biggest financial crisis since the Great Depression in the 1930's that rippled throughout the world and still does. This was 7 years after the World Trade Center and Pentagon attacks.

I had two dreams right before this documentary came out and one was right before election day on November 4<sup>th</sup> 2008 when Barack Obama won the presidency. Here they are:

September dream - Jwnody and Lggody, two of my classmates that were among the 38 that layed down their lives, though in separate visions in which Lggody said nothing, but Jwnody after him was briefing Sawyer that he was among some being considered for a task and that they were leaving to get their Next Level vehicles to then return with to finish the task. Jwnody delivered this information by thought transmission but while face to face with his memory of the vehicle Jwnody had incarnated into. Sawyer knew well and frequently worked with Jwnody as her classmate. If someone wants to see Jwnody and Sawyer, (who in the classroom was named Swyody), they were helpers of Do on the Beyond Human, The Last Call, video tape series, introduced by Do as June and Sawyer as the “ody” names were only for usage among fellow classmates and with their teachers Ti and Do.

October dream - Dstody seems to answer my question about whether to vote for Barack Obama for president: Dstody, who first took the name Destin, was the only student with an African American “black” male vehicle in the classroom from 1975 to October of 1996 when the last member of the group joined, having an African American female vehicle who chose the name, David that became Dvvody. (According to Neo's book, “Beyond Human Mind, The Soul Evolution of Heaven's Gate” she chose the name “David” because when the name was shortened to 3 letters to go with the “ody” extension all student members had it would sound like “Devotee” (Dvvody)). Dstody's vehicle's sister played Lt. Ohura of Star Trek's fame. I was Dstody's partner several times over the years. We did most everything in what we called partnerships of two and occasionally, if there was a odd number as a threesome so no one was without a partner. It wasn't until after the election that I realized the primary message from Dstody was referring to the Rev 6:5 depiction of a “black horse” as being fulfilled by Barack Obama. By telling me this I felt I was correct in thinking of President George W. Bush (and on the Great British, even E.U. side Prime Minister Tony Blair) as the Rev 6:4

“red (ruddy) horse” that would bring with them great military power which I saw as the endless war on terror they were figureheads to launch.

This is not to suggest these were Next Level Souls holding task positions (sitting) on the Red/Ruddy, Black/Blue and subsequent Green (or perhaps Pale/Green) “horses” in these prophecies. Ti and Do said the Luciferian Space Alien fallen angels take over human vehicles that rise to have the most influence over other humans to best forward their agenda. Ti and Do also indicated to Hayden Hewes that when someone asks Them (as Ti had indicated when humans pray to God, again by whatever language and cultural viewpoint, “those prayers go to where we are”), if what they are asking for is something they want on the human level, They will sometimes arrange for a human to have what they ask for to then show them their prayer was heard, even though they hope the asker will come to see what they asked for as not really what they wanted. The ultimate prayer is to want to do the will of our Older Members on Earth and for help and strength to do their will which can become a constant desire for one's entire life (but doesn't mean one would then become a monk/nun to manifest). As Ti and Do always said, there are many ways to the top of the mountain but there is only one way off. Monks and Nuns and equivalent have often traded in one set of addictions to humanism for another set. Religions can be very soothing and thus morph into stagnation or “lukewarm.”

The Luciferians are drawn to those who rise to powerful positions to forward their agenda to develop technologies related to getting off the planet and/or controlling others and to provide an opposition to the Next Level as a competition to win over the souls the Next Level plants. Luciferians can not create a Soul and they value souls so seek to steal them from the Next Level. I would guess that this has more to do with souls that have had some awakening as opposed to souls that never awakened or awakened some but then lost what they had gained because they didn't seek to grow it and instead used what they had gained as the drive to be successful in the human world. That used to be called, “selling your Soul to the devil.” It's building your “self” into something great in the human kingdom instead of losing your “self” for the sake of our Next Level Older Members from their Kingdom in the literal heavens. Each have their rewards but one is very temporary at best while the later can become an eternal reward with the production of more fruit to Next Level Membership.

Ti and Do said each of their students was assigned an adversary (the meaning of the word translated to Satan) whom we called “boogers.” If we could rise above their influence to have us drop out of the classroom then we would graduate. When put to a certain level of tests that surfaced a weakness, I failed to rise above their influence and dropped out, though it isn't over yet.

It is also stated in this next verse that “he shall come in his glory” which is not the incarnate stage. There was no glory (aka VERY APPARENT, MAGNIFICENCE, BRIGHTNESS OF LIGHT depicted to occur via the Two Witnesses prophecy period, the only concrete evidence of “speaking inspired by God” by Two Older Members - Olive Trees, Anointed, Lampstands before the God of the Earth. And there certainly wasn't any “glory” seen by humans in any of Ti and Do's presentations of their information. They were always seen as misguided UFO cult leaders that were lumped together with mass murderers like Manson and Jim Jones and the like, often blamed on Do's vehicle's homosexual lifestyle before becoming awakened. By the way, Ti explained that Do's task was to thoroughly get into most all the things humans were engaged in so he could overcome those human behaviors and ways and then speak from practical experience for the sake of his students that would have picked vehicles that got involved in many of those same things.

Mat 25:31 When the Son of man shall come in his glory, and all the holy angels with him, then shall he sit upon the throne of his glory:

Mat 25:32 And before him shall be gathered all nations: and he shall separate them one from another, as a shepherd divideth his sheep from the goats:

Mat 25:33 And he shall set the sheep on his right hand, but the goats on the left.

Mat 25:34 Then shall the King say unto them on his right hand, Come, ye blessed of my Father, inherit the kingdom prepared for you from the foundation of the world:

Glory is equally translated as brightness and being made apparent, observable as opposed to undercover, unseen as when incarnate. He doesn't sit on the throne alone during that incarnation until he is “birthed to the throne” in Rev 12 by his Older Member who is incarnate in a human woman's body, fulfilled by Ti. It's that return of his graduate first fruits who are at that point “holy angels” - pure - having no faults, have overcome their human sensuality

(recovered their virginity, having become celebrate of mind and body - no longer sexual at all or reproductive having overcome those human behaviors as shown in Rev 14 as requirements for their graduation. Some of the first fruit harvest of Souls among the 38+4 finished their overcoming of humanness so would receive an adult Next Level grown/made vehicle and significant task assignments. Do said some would have to come back incarnate again to finish their overcoming which sounds just like when Jesus said his disciples had to be “born again of water” to come back incarnate again to finish their overcoming - washing their human vehicles clean of human behaviors and ways.

Giving the physical life of one's own vehicle, whether by one's own hand, if that's the way the Next Level Older Members choose the when, where and how to separate the Soul from the body, so the Soul can be put in a new physical “suit” (white garment, clean white linen, white robe), prepared for them or separating by giving one's own vehicle's life by telling the truth from the current Older Member that meets the same kind of hatred to result in one's loss of their physical vehicle by another's hand, as the genuine Saints and Prophets experienced. Exit of our vehicle for the Next Level, for “God,” by seeking to be pleasing one's Heavenly Father, by abiding by what we are given to do by the most recent incarnate Older Member is the key and a huge part of the formula to complete our show and service of allegiance. This idea that showing the Kingdom of God, that we want to serve them by belief and good works alone is misinformation. Good works are those “works” that are serviceable to the current Older Member. If we don't believe ALL the teachings of the current Older Member(s) when we have been able to see and hear them in their latest incarnation, whether in person and/or on audio's, video's and through their written words, then we can't expect to be included in their family to any degree. For those that never become aware of the most recent Older Members incarnation, they have a different criteria to be judged by and we have no capacity to judge who is or isn't pleasing their Older Member. We need to keep our eyes on our own pleasing of our Older Member.

Nor can we rest on our coattails of past belief and service provided as that can easily turn into service to the Luciferians while saying we are in service to the Older Members. This is shown by all those who say, as Jesus illustrated, “Lord, Lord...” this and that or today, “Jesus, Jesus” yet don't

know him because they haven't really sought his Mind by often classifying some of what he taught as extreme and fanatical. An Older Members teachings will always be extreme and fanatical to those that don't recognize his “voice” as their “shepherd.”

Thus the Matthew 25 RETURN begins the Judgment time. It's when Do and his student body of graduates come back, having laid down their “borrowed” human suits (bodies), with their new physical bodies that were specially grown for them, not born by animal propagation, to take on the task of “HOLY ANGELS” that entails ways of stimulating humans to divide themselves into one of two categories. These graduate students now have the discernment to be servants to facilitate that dividing of humans into the two camps, spoken of as the sheep and goats. It's accomplished as each person is shown the truth about Ti and Do and how they respond to it that then judges whether or not the Next Level chooses to “save” their Soul for a future classroom or to recycle it. This judgment is referring to Souls in relationship to vehicles tagged for them to take over. If one vehicle dies before deciding where they stand I suspect Ti and Do's crew will help that Soul find another “deposited” vehicle they can awaken to belief in Ti and Do through. As some “sprout” by beginning to believe and offer their service to Ti and Do, a survival past the seed stage, the Next Level Crew then keeps a watchful eye on them and doesn't permit the Luciferian space aliens to steal their vehicles. Ti and Do said that all students who came with them would be going back, thus it seems they get another chance even if they went against the Older Members while incarnate. Soul can be lost though it's after the Next Level Older Members have given them many chances to pass their tests in the human or equivalent kingdom. Each of the seals are presenting new battlegrounds.

Thus this is depicting what I am calling the second stage of the Older Member from the Next Level's return which is NOT INCARNATE. It is after he left his incarnation, though it's the same person who exited but whose face all will see while many will not know what they are seeing, as many don't know or want to know anything about Ti and Do. There is indication he returns after the incarnate stage in the same vehicle he repaired and proved was physical and used to levitate it over the stormy sea and then later on into the spacecraft behind the cloud (covering). Up until then many Christians who could be doing the best they can do under the saturated programming

from the Luciferians will be faced with the truth contained within Ti and Do's new generic, rather than religious or spiritual terminology. Do said he is "never going to come showing his old vehicle with it's scars." The showing of scars was for Jesus disciples, to help them become even more motivated to tell all and for all who would believe after his exit to prepare them all for the END TIME. During the END TIME 3<sup>rd</sup> Trimester classroom no proof can be given as proof would be a manipulation when it's graduation time. When they get certain proves when they are not ready to graduate, they will lose that human vehicle and thus will not have that conscious memory of that proof, though will the memory in their Soul so when they hear about such things through the new vehicle they incarnate into, it will be natural to believe what others who had not that experience think foolish.

ARE THE CERES LIGHTS ONE MAJOR "BRIGHTNESS" AND "APPARENCY," CALLED IN HIS "GLORY" IN HIS SECOND LAST HARVEST WAVE, NOT INCARNATE RETURN.

But as to the way Jesus describes his return in this brightness and apparency one could consider the recent discoveries of bright lights on the dwarf planet Ceres. One "bright spot" was first pictured by the Hubble spacecraft on December 29 and 30, 2003 as well as into January 2004. As Dawn got closer in January and February of 2015 the one light now looked like two with one clearly bigger and brighter than the other. By June when Dawn began to orbit Ceres from about 2700 miles and the two lights were documented as 14 or more lights of varied sizes and shapes and one large one was distinctly rectangular. They look like a city from space just as human cities might look. As of December of 2015, Dawn has orbited Ceres at both 1800 miles and 900 miles above Ceres. To me it's clear seeing these is the biggest "sign" from Ti and Do showing their literal presence in a way they haven't done before, at least during this civilization.

(For pictures: <https://sawyerhg.wordpress.com/2016/11/27/jesus-said-there-would-be-signs-in-the-sun-moon-stars-planets-comets/>).

Those that can see who Ti and Do are will in some way have the chance to consider Ti and Do, that these "signs" are designed to gradually introduce. Ti and Do could make themselves even more apparent but that would finalize the judgment faster and the Next Level isn't into giving humans more than the most open can handle as it could be like putting too much fertilizer on a

plant. It can be harmed by the fertilizer. Of course there is an ongoing effort to explain the “spots” as NASA calls them publicity, as sand or ice yet, they did some tests and one light was clearly a light while the other had some additional properties. They took pictures from the side and it didn't change them so indicates they are generating the light not reflecting it. The latest announcement they are careful to say “may be a special kind of magnesium salt.”

This seems a moot point to try to discount their being lights as who could make out a large sand dune from the Hubble space telescope that was very bright and millions of miles away. Of course they can always just say they don't know what it is and they would be honest to say so. Many people will default to it being some natural phenomena, like salt or an out-gassing that they simply haven't seen yet. They would rather see it that way than as a base for living intelligent beings.

I too should not be so quick to call it a base as it could very well be a type of mine for the very element humans and space aliens may be looking for that they learned was used in some of the spacecrafts that provide the power for flight, etc. and anti-gravity. However, whether it's a base for the Next Level or a staged base made to look like a “city” or a mine for some new element, the fact of it's appearance at this time for consideration is a huge sign of the timeline in the prophecy because of the approaching 2017 “pale-green” horse that seems to have been a U.S. president before.

Thus it's the “great day of God Almighty” and the place in which they gather, in the Hebrew tongue is “Armageddon.” Some humans led by the space aliens, know it or not are being told these aliens on Ceres, etc. are the “bad aliens” while they who are saying these are the “good aliens.” The good aliens want to help humans in several ways - to develop weapons to combat the “bad aliens” and/or to find certain elements used for anti-gravity and/or to build underground facilities to hide within should there be devastating environmental disasters, human or otherwise generated and/or attacks from asteroids, etc. or severe weather events that destroy large population centers. They also want humans to develop ways of keeping a body alive indefinitely, grow or construct new organs, genetically engineer human bodies to desired specifications and have energy systems that are not reliant on fossil fuel's as they are too costly to refine and store for both usage in underground facilities

in the event they need to hide, even for a lengthy period like prophecy mentions in Rev 20 as a thousand years. And the Luciferian space aliens, who are Souls using their hybridized vehicles so resent the Next Level so will say and do anything to keep people from gravitating to what their REPS (Ti and Do and Jesus, etc.) have said and intended. They can not create souls so this also affords them the ability to add to their ranks so those that were in Ti and Do's classroom would be some of those they most want in their camp.

Meanwhile the Next Level is fostering changes on Earth and in the heavens to alert humans to their real existence. The final phase to the battle called Armageddon takes place as a part of the Sixth Angels pouring out of their vial (plagues). The plague that follows this battle appears to be an earthquake (shaking) and hail storm so large and powerful that literally causes every island to disappear. The new BORDERED BUSTLING OF PEOPLE (city) of Babylon is the United States of America with both it's original capital, New York City in it's representation and Washington D.C. (District of Columbia) as shown in many ways but most in the use of the figurehead woman "Columbia" that was first used in it's representation of the "new world" in 1697 and thereafter, though largely replaced as it's primary icon by the "statue of liberty," though remain together as Lady Liberty and Lady Justice on the New York state flag and seal.

### **III.D.12. REV 11:16-17 - DESCRIPTION OF HOW THE TWENTY FOUR ELDERS LAYED DOWN THEIR LIVES THEMSELVES (FELL ON THEIR FACES IN SERVICE TO GOD - THIS IS NOT "BOWING AND SCRAPING" - THEIR FACES ARE THEIR GIVING UP THEIR HUMAN IDENTITY VIA USE OF THE HUMAN VEHICLES TO "OVERCOME THE WORLD" AS IS REQUIRED FOR MEMBERSHIP IN THE NEXT KINGDOM**

Rev 11:16 And the four and twenty ((1501 eikosi= a score, complimented by 5064 tessares= four, thus potentially= 24)) elders, which sat ((2521 kathemai= sit/set (by, down), dwell, fixed abode)) before ((1799 enopion neuter of a compound of en 1722 and a derivative of optanomai 3700; in the face of (literally or as a figure)= before, in the presence (sight) of, to)) God ((2316 theos= deity, magistrates, Officers in the Kingdom of God/heaven's organization)) on ((1909 epi= among)) their ((846 autos contracted with hautou= their own)) seats ((2362 thronos= thrones)), fell ((4098 pipto (2<sup>nd</sup>

aorist tense usually rendered the aorist past tense), (probably kin to petomai 4072= to fly, through the idea of alighting); to fall (literally or as a figure), descended from a higher place to a lower, lighted down, to descend from an erect to a prostrate position)) upon ((1909 epi= BY, before, on, at)) their ((846 autos contracted with hautou= their own)) faces ((4383 prosopon= the front (as being towards view), person, outward circumstance, external condition, surface, (but complemented with 483 antilego)= dispute, refuse, oppose oneself, decline to obey (self), declare oneself against, refuse to have anything to do with, deny)), and ((2532 kai= also, both, but, even, for, if, or, so, that, then, therefore, when, yet)) worshipped ((4352 proskuneo= forward the Master's will, [Do called, "to work for"], serve, as "a faithful dog want's to serve their human master," that the human master loves as their child [because of their desire to serve as they too desire to serve their Older Member], prostrate oneself for)) God, ((2316 theos= supreme Divinity, magistrate [Older Member]))

- "faces"- There are two Greek words associated with this English translation as noted in the verse. Together they paint a picture of these 24 each having a physical vehicle (face). The other aspect has to do with these; denying their selves - opposing their self, declining to obey self, have nothing to do with self that is what Jesus said was a primary part of being his student (disciple):

Mat 16:24 Then said Jesus unto his disciples, If any man will come after me, let him deny himself, and take up his cross, and follow me.

By "self" they are speaking of the will of the human vehicle they occupy that they are seeking to overcome. This is the same as Jesus taught to include in our prayer to our Older Member - Father in Heaven - saying "thy will be done on earth" - a plea to again give our will to our Father - to be in His service on earth that must become our giving of all our love, mind, Soul, heart and strength - when we are called by our Older Member's voice when He is incarnate. Before he is incarnate or we know about his incarnation the best we can do is to show our Father our desire to give our will to Him by adhering to the Second Greatest Commandment - to show love to one's neighbor as ourselves - do to others as we'd want them to do to us.

Since these 24 are depicted as having sat in view of the throne - their Older Members - in other words literally having task positions with the Older Member, even before coming incarnate this time, the "face" they have is their

current physical vehicle and the falling down is referring to “laying down their lives” which happened when they came to earth again during the 1940's and 1950's in some of the so called UFO crashes, sacrificing their Next Level made/assigned physical body (face) at that time which is described by “fall” as through “lighting down” related to Greek petomai= to fly, so flying down. Lighting down or alighting down can be seen as a lighted object descending as well as an object somewhat gently coming down and bringing “light” (holy Mind) with them. Some of the UFO crashes were preceded by sightings of a lighted object (cloud of light) descending slowly before crashing.

Since pipto can also mean: “to descend from an erect to a prostrate position,” since we know the Next Level has no bowing and scraping (though understandably some who experienced the Next Level's physical presence and bright light were reported as having fallen to the ground from feeling weakened and/or thoroughly humbled by the experience) - this verse can also refer to these 24 giving their will to their Older Member Do (and Ti who was not incarnate then, but who the 24 also knew as Their Older Member's Older Member for 10 years) by serving Do's decision to lay down their human vehicles (faces) which is also their service to their Older Member but is also followed by their service thereafter as Jesus said they would be given the task to separate the sheep from the goats, the tares from the wheat during the judgment time following their exit during the time of the sounding of the seventh angels trumpet shown in the verse before this one:

Mat 13:41 The Son of man shall send forth his angels, and they shall gather out of his kingdom all things that offend, and them which do iniquity;  
Mat 13:42 And shall cast them into a furnace of fire: there shall be wailing and gnashing of teeth.

Next Level Members have physical bodies grown for them that for our understanding are compared to “clothing.” (They don't change clothes often so it's not like that. If they have a task that has requirements of function that another “clothing” design would be required to perform then they would be issued another vehicle and depending on the task could put their existing vehicle in storage. Do said he put his vehicle “in a closet” before he came. He also said that some of the Students that came with him did the same. I suspect that of the “four living beings” but I could be wrong about that.

One that becomes familiar with this timeline may wonder why the Seventh

Angel's Trumpet is sounded BEFORE these are depicted as “falling on their faces.” One explanation of this is in the tense of the words used.

The way the Greek *pipto* is used it's in the 2<sup>nd</sup> aorist tense which is just indicating a different spelling but is treated as the aorist tense which is translated as the past tense as noted in the use of “fell.”

Included with their “fall” was their giving of service with and by their “fall” (death of the vehicle) as the word “worship” really means. As said before, the Next Level members don't bow and scrape. It is a humble act to sacrifice your vehicle. It's not something the vehicle wants to do and especially if the vehicle is relatively happy as I can confidently say all the students of Do were. That is even evidenced by Neo's own attitude and description, being the one who left the group two weeks before they exited who actually said he didn't even believe Do was the Second Coming of Jesus and never intended to lay down his life, which was well talked about among all for years before that I experienced before I left and Neo reports as well and there are other proves of.

Here is where these same student Members of the Next Level that again might be interpreted as “four and Twenty four” are first shown to be “falling down,” even indicating they are throwing down their crowns. In other words they are giving up the reward they got for bonding with Jesus that resulted in their detaching from their human world and then self sacrificing their vehicle's life (as Jesus did) by telling the truth to a hostile barbaric populous, just as Jesus said they must do. (He said they must “drink the cup” he drank contained his blood. In doing so they earned their “crown” but some or all still had not overcome all their mammalian human behavior and ways. That's why they had to return as Jesus said to be “born again” of water, the flesh birth, as the human baby is born in the water sack and the mass of humanity was also depicted as the “waters” and/or the seas. (They were also depicted as as plants at different grade levels - seeds, grasses, leaves and trees or as animals such as horses):

Rev 4:10 The four and twenty elders fall down before ((799 enopion= in sight of and for sake of)) him that sat on the throne, and worship him that liveth for ever and ever, and cast ((906 ballo= to throw, more or less violent or intense, throw down)) their crowns before ((799 enopion= in the presence of and/or for the sake of)) the throne, saying,

In this case they also are “casting down violently their crowns in view of the throne in addition to “fall down” in view of and for the sake of the one who sat on the throne as a task for the throne. The violence is the “falling by their own person.” In other words their person causes their fall down and then that's followed by a statement of thanks as in Rev 11:17.

Additional evidence that this is a “falling upon their own person,” another way to word it, seems to make more sense in the light of Rev 4:10 also referring to their sacrifice of their vehicles in the planned crashes. Since Do didn't think all the crashes around that time were Next Level necessarily in studying the crashes I added up the body count that came to 108. It may be that there was some number close to that as there were just under a 100 original students after the 1260 days of Ti and Do's prophecy was over.

Then when they first assigned us Star Cluster identifications there were about 60 students. A short time after that when the number further reduced I want to say the numbers went down somewhere in the vicinity of 49 or so who were then “adopted” as Ti and Do called it. That was when we were each given a name with an “ody” extension. I had been named Sawyer by Do but then became “Swyody” thereafter. If there were around 100 who came but only 42 who laid down their lives, there would be another 58 or so returned Souls that may still be looking for vehicles now. There is no way to know and it doesn't really matter but the Next Level does have certain positions they sought to fill by this experiment. Ti and Do said the positions the Luciferian fallen angel space aliens had were being replaced by the graduate students from this experiment.

The Dragon (Lucifer) is depicted as having Seven Heads and 10 horns and 7 crowns on or by the Heads (If by the heads the 7 crowns would be different ones). But the horns may not be part of this number so with all these considerations the number could be 7 or 14 or 18-25 positions being refilled by the new graduates.

Rev 11:17 Saying, We give thee thanks, O LORD God Almighty, which art, and wast, and art to come; because thou hast taken to thee thy great power, and hast reigned.

Of the 38 students who laid down their lives in March of 1997, 35 gave a video testimony. All of these had different things to say that directly or

indirectly expressed appreciation and thankfulness to Ti and Do. Some gave a little advise and some addressed how skeptical they had been about life before joining but how Ti and Do's information could not be denied. Some expressed how they recognized Ti and Do immediately or how their information spoke to them in a way they needed to put their total effort into. This was across the board whether they joined in 1975, 1994 or in one case 1996. Their testimonies are recorded in Neody's book while the video's are as of 2015 available on YouTube and perhaps from the Heavensgate.com web site that 2 former members who dropped out years before I did were given by Do to maintain. I have nothing to do with that web site.

**III.D.13. REV 11:18 JUDGMENT PERIOD BEGINS - AKA GREAT TRIBULATION - AKA TIME OF THE WINEPRESS OF REV 14 AND A SECOND HARVEST TIME BY THOSE WHO CHOOSE TO BELIEVE IN EVERYTHING TI AND DO SAID AND DID AND TAKE A STAND FOR THEM ACCEPTING THE RAMIFICATIONS OF HOW IT WILL BE THEIR SEPARATION FROM HUMAN WORLDLINESS IN SO DOING AS THE LUCIFERIAN DRIVEN SPACE ALIENS ARE TRYING TO REAP THE SPOILS OF THE PLANET BEFORE RECYCLING**

Rev 11:18 And (the) nations ((1484 ethnos most likely from etho 1486= a race, people, non-believers in the [real] Kingdom of God/Heaven)) (were) angry ((3710 orgizo from orge 3709= provoked, enraged, moved with anger (wroth), stressed, indignant)) and ((2532 kai= that)) thy ((4675 sou= of you, X home (showing possession)) wrath ((3709 orge from oregomai 3713 formally= desire for vengeance, to punish)) is come ((2064 erchomai= accompanied, appear, brings, comes next into being)), and the time ((2540 kairos= occasion, opportunity, (due) season (short) time, a while)) (of the) dead, (that they should be) judged ((2929 krino formally= to distinguish, determine, ordain, sentence to)), and (that thou shouldest) give ((1325 didomi= give adventure, tasks)) reward ((3408 misthos= pay for service, (literally or as a figure), good or bad, hire, wages)) (unto) thy ((4675 sou genetive case of su 4771= of you, X home (showing possession)) servants ((1401 doulos from deo 1210 voluntary subjects)) the prophets ((4396 prophetes= inspired speakers)), and to the saints ((40 hagios from hagos)), and (them that) fear ((5399 phobeo from phobos 5401 are in awe of, revered, frightened [about crossing as one could lose their gift of recognition and

-“And non-believers in the Next Level Creators (nations, tribes, gentiles) were provoked and enraged (angry) and of you (thy), (the ones who are angered) are accompanied by a desire for vengeance and to punish (wrath) whoever they are told is responsible which also begins the TIME OF JUDGMENT of the dead.

In this timeline “the dead” constitutes all people who have no interest in giving and showing their allegiance to the Next Level (Kingdom of God/Heaven); creators of the Earth, the heavens and all the life forms. This does not necessarily eliminate religious or spiritual and does not automatically include any group or mindset, for instance atheists. Jesus spoke to that saying just because you call on the name of the Lord, i.e. Jesus, Moses, doesn't automatically mean the Lord considers you as striving to be in their Family. Belief in a previous Representative really entails belief and trust and faith in all He taught and did, not just the convenient things. Now we are probably all falling short in that regard but at least we should know what those things are that Jesus taught so upon his return (which I say the first stage and only incarnate stage already passed) we stand a chance to recognize him by the same teachings, though updated in terminology, priorities, application and timing.

Thus knowing what Jesus actually taught still gets our foot in the door, because it can ready us to see how those same things are included by the new representative. if one doesn't believe much if anything he actually said, that does not include what others say he said, then when the same talk returns as it has with Ti and Do, that previous belief could go by the wayside.

Since Ti and Do arrived and especially with this book that's showing how the prophecies can be translated and interpreted to show them as Ti and Do's

doing, to say we instead believe in Jesus is equivalent to the Jews saying they believed in Moses, when Jesus was the most recent Representative and was “at hand” - in their reach, incarnate. We can't ignore Ti and Do's teachings and expect the Lord to consider us believers while often clinging to a diluted at best understanding of what Jesus taught. If one really looked at what Jesus taught, they would see that Ti and Do were/are teaching the same exact things, fulfilling what Jesus taught.

So the “shaking” (earthquake) seems to be what is being spoken of here as provoking and enraging (anger) these. It is what set off what George W. Bush seemed to have slipped to call a “crusade” as the WTC attackers were said to be Muslim related to Osama Bin Laden, a Saudi Arabian who had been instrumental in helping the U.S. through their intelligence services fight a proxy war against the Soviet Union in Afghanistan. He and the fighters he enlisted to fight against the Soviets were paid by the U.S. via monies funneled through the Pakistani intelligence service. But essentially it became a religious war on terror and still goes on and is escalating. Some people ask what happened to the predictions of WWIII while it's in progress.

In the timeline this takes place after the Two Witnesses and first fruit (Four Living Beings and Twenty Four Elders) have risen/graduated (ascended) - invisibly rose from their human condition to start their next task working for the Next Level in the judging process that is based on everyone's choices going forward until it's over as illustrated in the remaining opening of Seals. This demonstration of the anger being expressed in the “great sword” that takes peace from humans as they kill one another, thus a military/violent “sword” not like the Next Level Older Member sword of the mouth:

Rev 6:3 And when he had opened the second seal, I heard the second beast say, Come and see.

Rev 6:4 And there went out another horse that was red: and power was given to him that sat thereon to take peace from the earth, and that they should kill one another: and there was given unto him a great sword.

This “power...to take peace from the Earth” was given to George W. Bush and company (who had been eager to do so, from at the least 1997 when his backers entered into agreement to look for a way to stimulate a rebuilding of America's defenses to a degree of being able to fight a two front war which they saw as requiring another event like Pearl Harbor to win the minds of the

people to. It came out in the press through a dissident U.S. General, that even before the U.S. invaded Afghanistan the Iraq invasion was being planned so they got their two front war and it actually had no face except to be against those who were of Arab descent who largely abide by degrees to the religion of Islam.

Do spoke well of the continence of a greater degree of chastity among many Muslims that is compared to American Christians but he also knew that since this new age those called Christians were the greater target by the Luciferians to turn their eye away from anything and everything the Next Level would be teaching upon return through the tasks described as the Two Witnesses.

With these who exercise and/or are aligned with their actions of predatory murder, robbery, lies and deceitful manipulations of people with self righteousness and arrogance often in the name of their anti-Jesus religion (for those that think they have belief in Jesus, but actually believe in a false Christ that largely to date has the title of “Christian”), they will be **DISTINGUISHED** by the Next Level's graduate Four and Twenty Four Elders (angels), from those who don't accept that loyalty “mark of the Beast.” One's chosen allegiance determines where their spirit or Soul is sent, after they exit their physical body. Those that side with this “beast” the governments and institutions religious and secular will be **SENTENCED** to the “second death” which is the dissolving of their spirit and/or Soul in what is described as the “lake of fire.” Those that don't are in the “first resurrection” having been included in the “Book of Life,” the database the Next Level has maintained since the beginning of this recent civilizational “overcoming process” experiment.

-“give adventure, tasks (give) pay for service, hire (reward) of you (thy), becoming voluntary subjects (servants), inspired speakers (prophets), and those who are clean, chaste, pure (saints), and in awe of and frightened (in the sense of not taking our being in their good stead for granted, thus motivated to try to meet or exceed their requirements so to stay on that narrow pathway they provide us) (fear) home/house (Jesus called a Mansion/dwelling place) (thy) called, to know, be sure, understand, be aware (of), feel, (have) know (ledge), perceived authority (name), least (small) and greatest.”

The usage of “thy” twice in this verse was of special interest as it is a genitive pronoun that is singular and shows the noun to be possessive. In this second

usage it seems to refer to those of the people reading this who have been servants of the Next Level, whether as speakers disseminating the teachings of the Two Witnesses, Ti and Do (prophets (careful not to let that word fill up your ego) and of those who are Saints who in addition to speaking about Ti and Do wash their robes, clean their vehicles using the guidelines given by Ti and Do, remaining celibate in mind and body, giving your whole self to Do and subsequently to Ti as said about the 144 and a myriad in Rev 14:1-4, which is the summary of the entire graduation regardless of whether you are among the first fruits who each graduated to their next station in the Next Level in March of 1997 or graduated to their next station when the gate opens again after 1000 years. More on that in the next verse.

-“and corrupt inhabitants (destroy) rot and perish (destroy) earth's function as a garden (earth)”- Do said the planet was still a good planet to serve the Next Level. He said it was the occupants that would need to be recycled to restore it to the Next Level's usage.

Those of us who remember the time in the last years before the year 2000 that on top of the regular talk about the end of the world, the secular community got on board with fear of what would happen to the mass of computer systems when the date changed, because most computer date systems by then had a two digit year that would now become 00. Most corporations and governmental organizations had been hiring contract programmers to fix their code. Like so many things, the media drove a frenzied fear by reporting it over and over. It was tagged, “Y2K” where Y=year and K=kilo as 1000. It came and went with very little disruption of computer services but the hype made one wonder if anything and everything could stop working as no one knew which computer systems were 100% fixed if at all and what those computer systems managed in the infrastructure. So it was “fear of the unknown.” That same fear is just a hair away from exploding at every given moment of life. We see it with every disease that comes up. The Swine Flu, the bird flu, cancer, HIV, AIDS and of late Ebola. Those that are most fearful of what they know they don't know are the ones to push their fear onto others and thus we have the forced vaccination effort led by the “beast” who are filled with fear. And some people are pushing for full disclosure of the UFO - space alien among us facts, when they have no idea how that kind of fear will no doubt create mass hysteria.

Nevertheless, on the heels of the fizzling out of the Y2K fear in the spring of 2000 came the “dot com crash.” Before that it seemed anyone who brought their product to the internet had a huge profit, at least on paper because the world wide web showed so much promise. However, companies were overvalued compared to actual sales thus a crash. In fact the software company I was working for put it's bread and butter product on the back burner to make a public offering on an internet version at the time of the crash and as a result the company lost their shirt and I ended up losing my senior programming position to a new hire that the owner admitted to me was about finances. Next came the November election wrought with corruption seen mostly in the Florida vote that the Supreme Court of the U.S. topped off by stepping in to overturn the Florida Supreme court by ruling Florida NOT to recount the very close and disputed vote, propelling George W. Bush to the presidency. Then in the actual 2000<sup>th</sup> year of the millennium, considering that there is no year zero, came the 9/11 WTC “shaking of the Earth,” with wars, pointing the finger at Islam to secure the mindset of the largely conservative Christian religionists, closely followed by the charade that global warming was caused by humans that secured the more liberal minded, often anti-religious, pseudo-spiritual and/or atheistic environmentalist population's mindset. Then by the time of the 7<sup>th</sup> year of the new millennium the Global Financial collapse secured largely disabling resistance by putting a much greater yoke on the middle class so they simply had less time, energy, direction and facility to fight against any of the forces that were behind all three agendas. To date the propaganda machinery that still touts itself as free and democratic, though funded largely by the corporations gives the appearance of democracy by encouraging talk shows that are regulated.

Each of these three global wide crisis points are driven by deceit that is not necessarily born by the humans, though they are now party to and certainly foster for the good of their agenda that's seen as necessary to save the planet and it's people. All that is true, because their existence and their use of the planet is what is under threat, so they can't very well see it any other way, that is for those that don't have the eyes to see as Jesus often said. They want to try to mount a defense against what they increasingly see as a malevolent space alien threat so all they can do to both have a defense and a way to survive whatever comes is their agenda, though how many know this consciously I don't know. Certainly many are considering that scenario might

be playing out when they continuously see signs in outer space and on Earth that no matter one's beliefs spell big changes afoot. Therefore anything that interferes with their maximum ability to build their defense, like the interruption of energy supplies or by building support against any that are part of their plan is a threat to all. Plus it's not like everyone has the same information nor the same interpretation of information or the same agreed way of dealing with the information they do have in common. For this reason, government is only for the people to the extent that it keeps them placated or squelched enough to not rise up against them and make any headway towards revealing the truth as there is no way the masses can deal with the truth, so telling them would just bring more anarchy that would drive the state to be more inevitably totalitarian. Any dissident behavior will be seen as the enemy so will be disposed of if anyone takes it seriously. It's only the Next Level that is keeping that from happening more quickly as the Next Level Older Members and Crew are using this to help awaken those that still have a chance to align with Them.

Thus this verse is outlining the start of the entire time of great tribulation as Jesus said:

Mat 24:21 For then shall be great tribulation ((2347 thlipsis= pressing, pressure, oppression, affliction, distress, straits)), such as was not since the beginning of the world to this time, no, nor ever shall be.

This is identified in the verse by the the people's being moved with anger, stressed (anger) and their own (thy) desire for vengeance (wrath). This is what brings about the pressure that results in more and more oppression, affliction, distress, which is related to “pressing,” said as “winepress” in:

Rev 14:19 And the angel thrust in his sickle into the earth, and gathered the vine of the earth, and cast it into the great winepress ((trough (container))) of the wrath ((2372 thumos= passion)) of God.

The Next Level Older Members passion is to provide this opportunity to pass through the eye of the needle, to come through the birth canal out of the human condition a new being with the strength of mind needed to become the pilot of a full fledged adult Next Level body.

Rev 14:20 And the winepress ((trough (container))) (was) trodden ((path

under foot (human vehicles as the footstools) must take to overcome)) without ((1854 exo adverb from ek 1537= away, out(-side, of doors), out from among, away from)) (the) city ((4171 polemo= to bustle, warfare, single or series of encounters, battle, fight, war)), and blood came out of the winepress, even unto the horse bridles, (by the space) of ((because of)) a thousand and six hundred furlongs.

This usage of city seems to refer to The United States of America, aka one of the heads of the Beast where those who are to be among the second harvest must path on foot, with their vehicles as their footstool into Next Level membership AWAY from allegiance to America, the “woman,” the New Babylon. The winepress is their “cup” (trough(container)) - task to turn their blood (literal and figurative) because of their effort encountering the pressure, affliction, etc. into “wine.” In other words this is the price every member of the Next Level, student must face to become an elder student that is rewarded with a “white robe,” a new vehicle prepared for them that includes having service on a spacecraft for their Older Members until the option arises to complete their overcoming by sacrificing that new vehicle to be in a classroom on the garden to incarnate (take over) a new human vehicle to take it through the overcoming process with their Older Member showing them the way. This is slated to happen 1000 years after the winepress tribulation period is finished when the civilization is recycled to start a new garden.

Those Christians that are saying that these are all “birth pangs” in front of Jesus return are correct. The problem is not whether the same vehicle that Jesus took with him comes back or not, staying among the clouds to receive those who have shown allegiance to him. The problem is who has shown allegiance to him. If we don't know what Jesus taught and why and how to think about it now because the record though still very much in tact in the “red letters” is translated and interpreted to dilute the truth into a country club affair then we won't recognize how the same teachings were provided by Ti and Do, so we won't have any interface with his Mind and thereby won't see him as the one in the clouds. They would see him as a space alien devil lumping him in with all the real space alien devils.

This next verse depicts the END OF THIS TRIBULATION testing period.

**III.D.14. REV 11:19 THE DWELLING (TEMPLE) OF GOD REOPENS IN OUTER SPACE (HEAVENS) SHOWS THE TIME PERIOD WHEN**

**THE NEXT LEVEL TI AND DO'S SPACECRAFT WILL BE LITERALLY VISIBLE (SEE THE CITYSCAPE OF LIGHTS ON CERES (SEE REV 6:8 GREEN/HARVEST=DEMETER/CERES)) THAT THE NATIONS OF THE EARTH SEEK TO WAR AGAINST - SPOKEN OF AS THE BATTLE AT ARMAGEDDON WHICH PROMPTS THE BEASTS (US AND EU) AND FALSE PROPHET (ALL THE RELIGIOUS, NEW AGE, SPIRITUALIST PREACHERS, TEACHERS, CONTACTEES AND CHANNELERS, ETC.) TO THEIR END**

Rev 11:19 And the temple ((3485 naos= dwelling)) of God was opened ((455 anoigo from ana 303 (in compounds)= again and oigo= open up)) in heaven, and there was seen ((3700 optanomai= to look at, behold, to allow one's self to be seen, to appear)) in ((1722 en= (as the instrument (medially or constructively)), about, after, against, altogether, among, (because) of, for sake of, + give self wholly to)) his temple ((3485 naos= dwelling)) the ark ((2787 kibotos= a box)) of his testament ((1242 diatheke= dia as the channel of an act, because of and tithemi= to place in a horizontal posture - which was the contract, covenant, thus to lay down (give) one's life)): and there were lightnings ((796 astrape from astrapto 797, most likely from aster 792 most likely from the base of stronnumi 4766 = lightning; by analogy, glare= lightning, bright shining, a star (as strown over the sky) [thus potentially what we see as signs and events from the Sun, Comets, Asteroids, Meteors and Fireballs])), and voices ((5456 phone probably akin to phaino 5316 through the idea of disclosure (also from 5457 phos from obsolete phao= a tone (articulate, bestial or artificial); by implication, an address, saying or language, to lighten (shine or make manifest), disclose thinking, be seen via noise, sound, voice, [further revealing of “backside of book” mysteries prophesied by “John”])), and thunderings ((1027 bronte akin to bremono= to roar, thundering)), and an earthquake ((4578 seismos from seio 4579; a commotion, tempest, to rock (vibrate, formally, sideways or to and fro), i.e. (generally) to agitate (in any direction; cause to tremble); as a figure, to throw into a tremor (of fear or concern)= move, quake, shake))), and great hail.

The dwelling (temple) of Deities (God) in outer space (heaven) is OPENED UP AGAIN (allowed to be seen and entered) with eyes and understood as the instruments (to learn ABOUT and be for or AGAINST and to come AFTER that) FOR THE SAKE OF GIVING SELF WHOLLY, TO HIM who dwells

(temple) with them (Do incarnate on in the earth temple area in the western U.S.), as their CHANNEL OF CONTRACT/COVENANT (ARK/BOX/Vessel (area of heaven (spacecraft) to be saved from destruction (Second Death in Lake of Fire)) as determined during the time of JUDGMENT/DISPOSITION of whether we show allegiance to HIS Testimony (what he came to be a WITNESS to, in GIVING - LAYING DOWN HIS LIFE (as He, incarnate in the vehicle named Jesus first demonstrated) all importantly while IN HIS SERVICE TO HIS OLDER MEMBER to show us, so we could chose to do it too.

Ti and Do talked about how human's souls, spirits/minds were being “saved” into “BOXES.” This is just one of many of the proves that they were from the Next Level. Anyone else would have described being “saved” as being saved to “paradise” as Jesus said to the thief on the cross next to him when he said he believed in Jesus. And anyone else would have thought that also meant that person's Soul saved would be in “heaven” because Jesus said he would be with him, but no one else but the genuine REPS would know that stage of being saved was not equivalent to becoming a member of the Kingdom of God, Kingdom of Heaven where they would be like the “angels” who are awarded a Next Level made vehicle and are given service according to what they deserved and worked for, instead of just being “saved into a box,” so to speak, a particular location in the first part of the overall “heaven” that is part of any number of their dwellings “many mansions” in the literal outer space heavens (temple of God in heaven).

TEMPLE OF GOD IS OPENED IN HEAVEN MIGHT BE THE CERES LIGHTS AND CRYSTALLINE TOWER:

That dwelling (temple), at least in one of them, because members of the Next Level are not limited to one dwelling place, (remembering how Jesus said, “..in my Fathers HOUSE there are MANY dwelling places (mansions in most translations),” seems to have become visible to earthlings (opened) as the ARRAY OF LIGHT SOURCES ON THE DWARF PLANET CERES, photographed extensively at various distances, the closest so far reported as 900 miles away, by NASA's Dawn spacecraft from June 2015 til the time of this writing in August of 2016, as it orbited Ceres in that year at about three different elevations.

The lights look similar to what a earth city looks like from a similar distance.

One person compared it to Las Vegas, with what looks like a string of lights going off in an arc in one direction and another array in a type of rectangular shape with lots of two and three groupings. The biggest light source was what the Hubble Telescope first photographed in 2003 that prompted NASA to build Dawn to get a closer look at. It was much brighter than any mere reflection seen before. Dawn was launched in 2007 and by January of 2015 when Dawn computers were taken off sleep mode and took pictures, what was one light now looked like two and one was noticeably brighter than the other. When Dawn began to orbit the Occulus crater where this array of lights were (although there were other lights and a strange pyramid shape that was also luminous on one side and had a number of very straight equidistant vertical ridges), NASA had some on board tests of the quality of the light and the brightest one wasn't from a thermal source - in other words had no heat signature while another section did have a heat signature to the light emission, ruling out coming from a volcano or flammable liquid ignition source.

When Dawn got to it's 900 mile orbit that main light was clearly shown to look like a huge tree stump (without branches) that was calculated to be 5-10 miles tall and that the light was coming from inside it so it was thought to be some type of crystalline structure that had huge root looking sections extending out to form it's base, where it met the ground but as if it was a tree whose earth was washed away at it's base showing darkness underneath it.

There are a number of signs that these Ceres Lights were and still are a big SIGN in the heavens, among the Sun, Moon, stars (planets), as Jesus said we would see at this end time that there have been many to document to suggest this as perhaps the biggest sign so far which was just ahead of the 4<sup>th</sup> SEAL OPENING - Daniels MID WEEK affirmation period (a SEVEN is how oaths were taken, repeating something we were shooting for seven times).

For pictures: <https://sawyerhg.wordpress.com/2016/11/27/jesus-said-there-would-be-signs-in-the-sun-moon-stars-planets-comets/>)

The Next Level had the prophecy laid out to cross reference one another and it's not an accident that the "temple in heaven is OPENED" while the 7 seals are also described as being OPENED. The SEALS opening were first spoken of in Rev 5:1 pertaining to the revealing of the content of the BOOK that had both it's primary part "written from within (the Throne)" - In Ti and Do's

classroom, published in 1997 and it's "Backside" part, described in Rev 10 as the "little book" that John is told he must prophesy about during the time of the Seventh Angel's trumpet that sounded soon after the Two Witnesses and graduate FIRST Harvest Student body "ascended," which would have been the first time the "gate/door" to the spacecraft "Heaven" was opened.

So each seal opening also provides stages in which humans who were deposited with Next Level "souls" were nurtured by a Next Level crew that OPENED Heaven to them by helping them SEE the Truth in what Ti and Do taught and how it's context is 100% consistent with all Jesus taught. However for most the content of the BOOK as the whole truth remains mostly a mystery as there is a timing to when certain grade levels RISE/AWAKEN to SEE. The Next Level doesn't stop anyone from reaching for the truth so it's not restricted in that way. Some just are not yet ready and the Next Level knows many who are approaching readiness for them to take their next step towards graduation and that includes Their helping them break away from their humanness at a pace they can handle that is also according to each of our asking - regardless of the terms we use to describe our faith and trust in the Next Level we know created everything and all the life forms and our desire to grow closer to Their kingdom.

Considering it's name Ceres, named after the Roman goddess of the harvest, from it's forerunner the Greek goddess Demeter it's name stems from the Greek word chloros translated by most Bible translations of Rev 6:8 as "pale" while in three of the four locations where it is listed is clearly translated to "green," which is a natural color depiction to a degree of harvest. Jesus referred to the ultimate readiness for harvest as "white" (pure), (Jhn 4:35), which is also the color of chlorine (rooted in chloros) and when applied to plant matter turns white (as in bleach).

A recap of some of that evidence of which "horse" of the four associated with each of the first four SEALS opening, the White Horse (The Next Level Older Member who was incarnate in the vehicle named "Jesus" most recently incarnate named Do on his Marshall Herf AppleWhite vehicle), The Red Horse who is given power to make war as seen by the endless war on terror began in 2001 is the "horse" named G.W. Bush who is "sat on" by a Luciferian space alien Soul, and Black Horse, named Barack Obama a Luciferian space alien Soul sits on that brings taking the yoke of Two

BEASTS by assisting with the endless global effort to siphon money, funds into the coffers of those who were preparing to fight against and/or hide under the earth and/or escape from earth that we saw as the Global Financial Crisis that started in 2007-8 as Obama came into the presidency.

Note, since there has been a correlation with the presidents and even can see the White Horse depiction with it's flip side reference to how White Light is related to the meaning of Lucifer's name - Angel of Light and it is the BEAST that is ridden upon by Lucifer, depicted as the dragon that subdues the Two Witnesses, via a media shooting them down in 1975, and even through president Bill Clinton, when Do and Crew exited, his being quite "white" in every way kin to the Luciferians, when he spoke out against Do and Crew's exit as if he knew it was wrong and evil, which of course is normal for a programmed human vehicle captured by a Luciferian Soul to think and feel compelled to say.

Perhaps the greatest evidence of the time of the 4<sup>th</sup> SEAL opening as the Green Horse is through the United Nations based front organizations set up by pawns of the U.S. Secret Government as the Global BEAST's Elite (The US and EU) agendas who curiously tout "Saving the Planet/Earth" - from what they have successfully propagandized as a HUMAN CAUSED GLOBAL WARMING PHENOMENA using the truth that THE END OF THE WORLD IS NEAR, that is the human world and the Next Level says they will simply refurbish/recycle, spade under the current earth and it's civilization to start a "new earth," (Rev 21:1). So they are led to use the truth from prophecy and ignore the Next Level's part in it because after all the Luciferians resent the Next Level has power over them and it all and have their various agenda's they need humans for and actually lost the Next Level degree of consciousness they once had, so they are bound to creating facsimile causes they can use to garner support among humans.

Humans who are especially among the liberal intelligentsia have become so distant from the One True Kingdom of God's reality that they can't even imagine or at least are not willing to admit it publicly that the Kingdom of God is most responsible by a vast long shot, for climate change, when it's also throughout prophecy in the Old and New testaments that says the world would be actually be destroyed by "fire", to include heat, this time around and the evidence of that is a great deal of increased volcanic eruptions since

the late 1990's when Do first went public as the return of the same Older Member Soul who had been incarnate in the vehicle named "Jesus." He wasn't "Jesus" because Jesus was the name of the vehicle prepared for his Soul to incarnate into to perform his task through.

So these human bestial elites unknowingly powered by their Luciferian Space Alien influences, largely turn away or re-direct into an illusion any remaining hint of the fact of the Next Level Above Human's existence and ruler-ship over the earth and everything. For the religious they even shift the way prophecy fulfillment is evidenced that the Two Witnesses must have come incarnate already and how they were to be the return of the Father and the One who was incarnate last in the name of his vehicle then, "Jesus," into mutating the Two Witnesses prophecy into more symbolism to ignore its literal depiction that would then point to looking at Ti and Do's authenticity. So they see all the signs of Jesus return but most often miss seeing all his prophecy that said he would be talking to us again, so just anticipate his return in/among the clouds which is slated for his return before judgment is finalized, when that judgment is based mostly on what Ti and Do taught that many, even most probably refused to look at. (I have spoken to many and that is the consistent consensus).

However I don't actually believe this OPENING OF THE TEMPLE OF GOD IN HEAVEN is the event of the discovery of the Ceres Lights and Crystalline Tower though it does seem the Ceres lights ongoing event is the SIGN of that opening. Perhaps this is why this OPENING is written as a RE-OPENING. The SIGN was the first opening as it certainly is opening many minds among those who are observing it, though most are just puzzled and a tiny tiny few have heard my interpretation so at the least it becomes a potential seed. Those in the higher echelon of governments to include the Joint Chiefs of Staff - the military are watching especially close while they have already had 70 years of proof of space aliens on earth and have even had some degree of joint operations with space aliens, however short lived, but which became a huge help with technology development, that is according to a number of reports.

These military chiefs know they can't tell the public what they are up to and only some politicians are in the loop and some corporate moguls as well I imagine as they look for ways to hide sucking money from every source they can to use to build their war machine. There is no better way to build up that

war machine than to be quick to go to war and quick to stimulate wars and quick to arm both sides of any conflict, to make more money from all aspects, which has been going on for decades now but was really stepped up in the late 1990's when Do and Crew were preparing to go public again, but this second time as the document, 'Undercover "Jesus" Resurfacing Before Departure' - the Sixth Thunder reveals found posted:

Undercover "Jesus" Surfaces Before Departure By Do

<https://sawyerhg.wordpress.com/2015/10/22/undercover-jesus-surfaces-before-departure/>

Revelations 15:5 seems to indicate the same OPENING which is followed by the 7 Angels pouring out their vials - the plagues and calamities over the earth and especially on the U.S. and E.U. territories that seem to show their biggest manifestation (since they have been being shown in limited ways before now), during the time of the Sixth Seal Opening starting with a "great earthquake," the sun becoming blackened" and the "moon becoming as blood," followed by stars of heaven falling to earth" (in this case perhaps meteors, etc.) and then the spacecraft called "heaven departs as a scroll" that maybe what causes "every mountain to move out of it's places" that all signals the "kings of earth and most everyone related to them, even some wishing they would die, while fleeing to the hiding places many of the elite humans have prepared, "in the dens and in the rocks of the mountains" as they try to "hide from the FACE (presence) of him sitting on the throne and from the wrath of the Lamb" in Rev 6:12-17.

At this point the Next Level may have a way to project the truth of who they are, so like it or not everyone will be forced to deal with the truth of who it is that's causing all this calamity, though who knows how each person may translate that information - some probably thinking they are the evil space aliens, especially since Bob Lazar reported he read in the "yellow book," that was provided to him, allegedly initially written by space aliens, that said they had created Jesus as a way to enslave mankind and had video footage of Jesus on the cross to prove it. I guess if the space aliens can make holograms like the virgin Mary at the Fatima sightings that Ti and Do said was not the Next Level and said they could do, they could also come up with some type of video footage as well. I guess it's possible, since at least some of the space aliens look no different than humans, that they could walk into a store and

buy a video camera or get one of their abductees to do so and then pick them up again and transfer their footage. I don't pretend to know if that was even a real event and if it is how many ways there are for them to manifest what they want to do.

But this event of fleeing from the face (vehicular presence, identity) they link with having authority over them (throne) and being related to the Lamb - the Older Member who served as the Lamb, namely to date in the name Do - thus would seem to be a depiction of the return spoken about as “in His Glory” and from a vantage point in the sky, upper atmosphere and/or near space, that triggers the start of the greater part of the “great day of wrath” referenced to Rev 15's description of the Seven Angels pouring out their vials - plagues/calamities described in Rev 16.

One might wonder throughout all these different ways of pointing to the same events why not use the same illustrations, the same terms even, but this was meant to be a mystery to figure out and present when the time was right and of course with a great deal of evidence to show that it's all through and giving credit (glory) to Ti and Do and their teachings. (I remind, that as I understand it from Ti and Do, They have no need of receiving credit and glory as they are just fine without any of it. It's purely so we can each decide whether to recognize them or not, regardless of how we show them, so they can determine who to work with and save the Soul of for a future opportunity to grow into their Next Level Above Human.

Also I don't think these events of the presence of his face, however that is manifest, is the same as when the Ceres lights were discovered for two reasons. One, the timing of the Ceres lights discovery being 2015 is far before the Opening of the Sixth Seal. If the Next Level is following the same pattern of time then there are about 7-8 years for each seal opening period and the evidence is that 2017 starts the opening of the fourth seal. This OPENING would then follow the time depicted in Rev 11:18 as when the “time of the dead are judged (separated, picked out, selected, chosen, approved, preferred, determined) which seems to be right in line with the way Rev 6's fourth and fifth seals are the times that the “prophets, and to the saints, and them that fear thy name, small and great” are rewarded for their “standing for Ti and Do and/or against showing allegiance to the BEAST, by receiving it's marks or it's Image (spirituality and religiosity - including

looking up to space aliens and even to holograms like Fatima that would seem to be expected.)

Also, the CERES lights of 2015 were only visible through NASA and I don't think the Next Level would plan on that medium being in between their fulfillment of prophecy so people could easily write it off as done in Hollywood or via some other human technical means - though some will always take that view anyway no matter how much evidence there is to the contrary.

(Ceres pics: <https://sawyerhg.wordpress.com/2016/11/27/jesus-said-there-would-be-signs-in-the-sun-moon-stars-planets-comets/>)

I would also suspect these events with the opening of the Sixth Seal will be a signal to some Ti and Do believers and others who can be thought of as the “meek” - the humans who are kind, gentle, compassionate, non-violent, forgiving, tolerant, etc. according to Jesus saying, “the Meek shall inherit the earth,” to leave all behind to share with people face to face their belief in Ti and Do if they know about them, while perhaps eventually making their way to the area described in prophecy as Armageddon, that I believe to be the Magdalena and Manzano, Mountaineer, New Mexico area, which would also be during some of the manifestations of the Vials being poured out - the calamities that remove the “tares” which has been happening in degrees ever since Ti and Do and Crew exited their incarnations but will escalate significantly it seems as of 2017.

Leaving all behind to give our total will and allegiance to the Next Level, through the most recently “present - incarnate” Older Members is the only true definition of what Christians are calling a “rapture” - a catching away from the world - being willingly caught like a fish by the Next Level to become part of their program to gain membership in the Next Level via overcoming the human evolutionary condition under the direction of Ti and Do's instruction they left behind. Thus these verses below automatically and generally refer to when Ti and Do started publicly speaking - “blowing their trumpet” but seems to have even more application when for the second time during this third trimester the Older Member - Do shows in some way his presence (Face), though this second time NOT incarnate, as the pathway through the Heaven's Gate has already been laid by Ti and Do and Crew of returned “saints” so this second coming will be what was described by Jesus

as “in his glory” - brightness and apparency in the elevated areas for every eye to see:

Mat 24:37 But as the days of Noe were, so shall also the coming of the Son of man be.

Mat 24:38 For as in the days that were before the flood they were eating and drinking, marrying and giving in marriage, until the day that Noe entered into the ark,

Mat 24:39 And knew not until the flood came, and took them all away; so shall also the coming of the Son of man be.

Mat 24:40 Then shall two be in the field; the one shall be taken, and the other left.

Mat 24:41 Two women shall be grinding at the mill; the one shall be taken, and the other left.

Mat 24:42 Watch therefore: for ye know not what hour your Lord doth come.

Mat 24:43 But know this, that if the goodman of the house had known in what watch the thief would come, he would have watched, and would not have suffered his house to be broken up.

Mat 24:44 Therefore be ye also ready: for in such an hour as ye think not the Son of man cometh.

I have described the evidence of choosing Manzano and Magdalena area in the section: **IV.F.2. THE GATHERING AT ARMAGEDDON** - In short Manzano is the nearest town to where Do and Crew began to build what they called, (according to Neo's book which has many errors in it), “The Launch Pad” and referred to as their “Monastery Fortress” that was to contain a building made out of recycled automobile tires packed with adobe that was known as a “earth-ship” design by it's originator who they sought out. Their plan for the “fortress” included a lookout TOWER, perhaps to watch for the Lord's arrival by or to see anyone approaching or simply because that was the instruction Do felt he got from Ti (who was outside her vehicle by then but who Do knew was present helping him from a new more advantageous to that stage of their task, vantage point). I bring up the “watching for the Lord” because while living out doors in Wyoming mostly, we often had what Ti and Do called, “Night Watch” all through every night, with a fire and it was scheduled for a partnership to perform the watch for an hour each night. We would watch the heavens and record anything noteworthy we would see. After each hour the on duty partnership would wake up the next scheduled

partnership by tapping on the outside of their tent.

This 40 acre piece of land that was covered with pine trees that Do and Crew bought (and sold before exiting their human vehicles), that had been an old Boy Scout “**camp**,” is most interesting in the way the prophecy was worded as a “**camp of the saints**” arising in Rev 20:9, noting how they called it their “Monastery Fortress” (relating to that **battles** listed to occur at the “spot” called Armageddon in Rev 16:16 and to the depiction of the Saints, (those Souls in human vehicles who gave their human lives up in service to Jesus) who then graduate the human kingdom, depicted as the 4 Living Beings and 24 Elders, when they became the student body crew of the Two Witnesses, then coming back with their new “fine linen, white and clean” made for them physical bodies, as the Lord's **army**. (Rev 19:14).

That Camp of the Saints prophecy is referencing the time as 1000 years after the “wrath of God” (7 plagues/vials) have been “poured out,” and is “done” (with that stage) that seems to be after the BEAST (U.S. Secret Govt) and False Prophets (Christian Leadership) are cast alive into the Lake of Fire (their vehicles and their Souls (as a Soul is counted as living because until each individual in that mindset goes against the Next Level, they have the capacity to become really alive) in Rev 19:20. But that can mean that the gathering to the Armageddon area starts before that 1000 years time and that one battle does transpire then and then again in a final way after the 1000 years.

The part of the word Ar in Armageddon means, “city and/or tower and/or hill/mountain.” Magdalena comes from “Lady on the Mountain” and I recall Ti and Do indicating was part of a triangular area in New Mexico that had some special significance. I don't know what significance it had, but the “camp” was near Manzano not Magdalena that is about 100 miles away.

So the Sixth Angels pouring out of the Vial (calamity) seems to bring to a head the biggest manifestation of the three unclean spirits in Rev 16:13-14 that are used for the gathering of “Kings of the earth,” etc. to the great battle. These three are described as “like frogs” - seemingly depicting them as reptiles, aka serpents, dragons, hissers (with forked tongue as they spoke about the “White man” in the Americas) as they are deceivers and likely the Fallen Luciferian Space Alien Souls, who come out of the mouth of the Dragon (Lucifer and his fallen Associate Souls), The Beast (U.S. Secret Govt

Elites who formed the New “Babylon” World Order because of the Space Alien's being allowed to come out of their underground and undersea prison cells in the 1940's and 1950's presence) and The False Prophets (those who are the religious and/or new age spiritual leaders, preachers, teachers - to include contactees, channelers, etc.).

These three groups of humans led by the Lower Forces Souls and discarnate spirits using physical bodies or not are given the freedom to lure humans with their “wonders”: Ti and Do gave the example of what they called a hologram in the Fatima, so called Virgin Mary sightings and others of that nature over the years such as bleeding and crying statues, etc. There have been a number of events people are reporting of late, like seeing a cross in the sky, an angel on the top of the World Trade Center Memorial lights, fire from the sky (Rev 13:13) - Fireballs similar to what the Next Level did before, like the recent 2016 Fireball that changed directions or like the Norway Spiral in December of 2009, that occurred at the Global Warming Conference (I claim is a front to talk about the Space Alien problem with some) and when Obama was in Finland to receive the Nobel Peace Prize or like the California fireball looking display in 2015 and no doubt many more), along with more general UFO sightings that can be anything from drones to new military aircraft to photo-shopping and video “cgi” technologies to where there is no longer a clear sense of what is real and what is contrived or done by space aliens unless it's happening in deep space and then we know most of it is most likely a result of something the Next Level instigated and wanted us to see, though some think all that is also human fabrications. That's all our choice as a test to consider.

But then in Rev 16:15 the Lamb of God is depicted as saying he is coming again to “gather them together,” speaking of, “he that watcheth, and keepeth his garments” into a “place” - “a marked off space, an inhabited place as a city, village, district, opportunity, occasion for acting” “called” - named - in reference to the Hebrew, Armageddon” thus indicating someplace similar even in sound in this new temple area of the U.S. Southwest.

It hardly seems like a coincidence at all that the Manzano Mountains are generally northeast of Magdalena, New Mexico and south of Albuquerque and Sante Fe, and most especially Los Alamos National Laboratories, the hub of technology development for the entire U.S. and all it's related history

regarding Space Alien contacts and alleged joint operations as described in an underground base called Dulce, New Mexico.

This gathering seems to start in earnest sometime during 6<sup>th</sup> seal opening, simultaneous with some still delivering the truth about Ti and Do to others, that for most may be on foot and may start at any time, leaving areas east of the Mississippi that appears will be dried up by then and to where the U.S. infrastructure has been destroyed by water on the east coast perhaps through the Rev 18 “Millstone like object cast into the sea” that seems to result in submerging all islands, thus Manhattan and Long Island, and in the western region destroyed largely by fire and volcanic eruptions, ash and smoke - perhaps brimstone also stimulated by whatever is like the “millstone” but perhaps into the Great Salt Lake area, etc. and/or having something to do with a Yellowstone eruption that again may include the way the people in allegiance to the BEAST who hide in their underground facilities are “dissolved in the Lake of Fire” because of.

- “SEEN IN HIS TEMPLE THE ARK OF HIS TESTAMENT”:

The same gathering before the recycling and before the 1000 years and during the end of the 6<sup>th</sup> Angels Vial is poured out is shown from another perspective AFTER what I'm calling Do with his Armada shows themselves more apparently in the near heavens - for every eye to see described in Rev 19:11-16 which I believe is the manifestation of the next part in Rev 11:19, that of Their being “SEEN IN HIS TEMPLE THE ARK OF HIS TESTAMENT” where “ark” refers to his spacecraft described as a “white horse,” that contains the instrument of the Student Body's COVENANT - THE WORD MADE FLESH - PRESENTLY IN THE NAME OF “DO,” returned with all the graduates who were with him also in spacecrafts described as their “white horses” while all of these graduate “Saints” have new Next Level vehicles, described as “CLOTHED IN FINE LINEN, WHITE AND CLEAN,” while Do's vehicle is described as “CLOTHED WITH A VESTURE DIPPED IN BLOOD,” indicating how he was the same one who performed the task of shedding his vehicle's blood 2000 years ago while incarnate in the name of “Jesus,” and took that vehicle on board his spacecraft in the clouds, where according to Do he then exchanged it for his Next Level grown/made vehicle so that in this return he had a vehicle that was “like the son of man” as said in Rev 14:14 which was what He and his

Student body TESTIFIED OR WITNESSED to would happen by their adherence to Their covenant with He and His Heavenly Father.

This then is when the division of sheep from the goats is finalized and the Luciferian space aliens, “fowls that fly in the midst of heaven,” are allowed to have at those separated out as the “goats” before the BEAST and False Prophets are completely dissolved in the Lake of Fire. This would also be the completion time of the pulling up of the TARES Jesus spoke of. (The Tares are those who the Luciferian space alien Souls influenced to be in their camp so they look like the wheat the Next Level sowed the seed of, but are only a facsimile. They may be some who have peaceful and talk of love and enlightening thinking but who are among the Spiritual New Agers who no longer have any concept of Creator Beings but have been led to think they are the “gods” because of this convoluted thinking that God is everything so all are parts of God and thus all will find Heaven. Even some former members of Ti and Do's group are thinking like this now.

Rev 19:17 And I saw an angel standing in the sun; and he cried with a loud voice, saying to all the fowls that fly in the midst of heaven, Come and gather yourselves together unto the supper of the great God;

Rev 19:18 That ye may eat the flesh of kings, and the flesh of captains, and the flesh of mighty men, and the flesh of horses, and of them that sit on them, and the flesh of all men, both free and bond, both small and great.

Rev 19:19 And I saw the beast, and the kings of the earth, and their armies, gathered together to make war against him that sat on the horse, and against his army.

Again, this shows that the Next Level has shown up in the most apparent way by this time, not simply as lights on dwarf planet Ceres but in a way that identifies them as Living Beings, the Kings of the earth, no doubt seen by many as the evil space aliens, though also recognizing their great authority and power they still seek to battle against.

Ti and Do's Armada which is the last straw before they are all dissolved while alive. I suspect this means their human vehicles are living at the time when they are swallowed up by the Lake of Fire, possibly by volcanic lava being directed into their underground hiding places:

Rev 19:20 And the beast was taken, and with him the false prophet that

wrought miracles before him, with which he deceived them that had received the mark of the beast, and them that worshipped his image. These both were cast alive into a lake of fire burning with brimstone.

The space aliens then have access to those remaining who had given their allegiance to the BEAST and/or False Prophets (e.g. False Christians who went along with teachings Jesus didn't provide while using the name Jesus as their Lord):

Rev 19:21 And the remnant were slain with the sword of him that sat upon the horse, which sword proceeded out of his mouth: and all the fowls were filled with their flesh.

This form of “slain” is with the mouth. In other words, the Next Level by making their truth available for decades served to separate by those words, roars, disclosures those that believed in Ti and Do and/or the Next Level, so were kept from being harvested by the Luciferian Space Aliens so may become those salvaged when the rest are recycled in the events depicted in the Seventh Angels pouring out of his Vial:

Rev 16:17 And the seventh angel poured out his vial into the air; and there came a great voice out of the temple of heaven, from the throne, saying, It is done.

Rev 16:18 And there were voices, and thunders, and lightnings; and there was a great earthquake, such as was not since men were upon the earth, so mighty an earthquake, and so great.

Rev 16:19 And the great city was divided into three parts, and the cities of the nations fell: and great Babylon came in remembrance before God, to give unto her the cup of the wine of the fierceness of his wrath.

Rev 16:20 And every island fled away, and the mountains were not found.

- GREAT HAIL - not ordinary hail is shown:

Rev 16:21 And there fell upon men a great hail out of heaven, (every stone) about (the weight of a) talent ((about 75 pounds in weight): and men blasphemed ((railed against)) God because of the plague of the hail; for the plague thereof was exceeding great.

This is shown as being “done” before the 1000 years starts.

#### **IV. THE OPENING OF THE SEVEN SEALS ON THE BOOK IN REV 5-7**

Rev 5:1 And I saw in the right hand of him that sat on the throne a book written within and on the backside, sealed with seven seals.

See section II.A.5.B.i. for the details in how the Seven Seals relate to the opening of the Front of the Book and related to it's "backside" (written after and about the history leading up to the current BOOK) and in Rev 10's depiction of the Little Book being prophesied during the time of the Seventh Angels sounding.

The usage of "horse" in the following verses is symbolic of a human being. As with all human vehicles they are influenced by unseen entities, discarnate spirits and/or Souls, either from the human kingdom or from the Next Level Above Human. What they think, say and do is what shows the origin of who they are in service to, between the Next Level Older Members (God) and Mammon (What Humans consider to be wealth and treasure in all it's forms, physical or mental). It's apparent that the White Horse has an Older Member Soul filling the task position, said as "sitting" on the human vehicle (horse) showing how his actions are to assist his litter of students who have formed their covenant with him and his Father to overcome aka conquer the human world. The Next Level doesn't have human weapons (bow and arrows). Their "sword" is their mouth - the requirements humans need to meet to make application to join their crew. That "sword" ends up cutting away at the human root systems of those who have entered into that covenant.

The second seal opening has a Luciferian space alien sitting on that vehicle described as a Ruddy/Red Horse who is given the power to kill with a sword which is a reference to a human military might and thus from which camp the one sitting on the horse is from. Remember, there are only two camps, though there are degrees of loyalty and/or belief in them, which constitutes the battle to decide to whom to give our final allegiance. The one sitting on the 3<sup>rd</sup> horse described as being Black and/or a Blue Horse has the mission to bring balance to two opposing Mindsets - Republican Conservative and Democratic Liberals and the two BEASTS, the U.S. and the E.U. and a big part of what transpires during his reign is related to high finance, Wall street banks and buying and selling. Finally, the 4<sup>th</sup> Pale/Green horse is named "Death" and "hell" follows which then goes on to describe a time of death in general but

in specific of men by the hands of the BEAST, via weapons/war and famine.

The original Luciferians are now discarnate Souls. A Soul is a “container” deposited into a human in a “seed” form that contains a set of programs that provide the avenue to grow to become an adult member of the Next Level, so is like a Next Level larva. It grows when we think and act in ways provided by our Next Level Older Members when they come incarnate and leave record of what they said and did to show us the way to membership. A student can not accomplish the task without their hands on Older Member's participation. A Soul can only contain Next Level true information but can be used against the Next Level. Those who are called the Luciferians are souls that received degrees of Next Level information which gives them an advantage as they know how to easily manipulate a human to become a slave to their agenda. One of those agenda's is to steal the allegiance of humans who have received souls away from their capacity to form an allegiance to their Next Level Older Members and/or add them to their ranks to serve as ambassadors, teachers, guru's, leaders to have influence over larger groups of humans.

All humans have either Souls or Spirits. Our spirit is mostly built from Luciferian influenced thinking and acting that Do called “misinformation mind” to where spirit is synonymous with the word “spirit.” When humans die the Soul or spirit leaves the vehicle but doesn't generally go anywhere so mostly remains to circulate in the same circles of humans and human families as they did while having their own human vehicle. They try to influence living humans to entertain their programmed thoughts, behaviors, ways and activity. What we accept or reject is what we then become. We are the chooser. These discarnate spirits share time trying to experience life through us, using our brain and body, since they can no longer experience anything without a vehicle. Souls, at least the ones who grow to the degree of a Luciferian try to direct humans with souls away from developing a stronger and more real relationship with their Next Level Older Members, aka one's “parent” (Heavenly Father).

Ti and Do said the Luciferians teach these spirit/discarnates how to use human vehicles to get what they want. In other words we decide what thoughts, behaviors and ways we will make our own. That becomes the content of our Mind aka Spirit but also becomes what we must overcome IF

we choose to enter an Overcoming Classroom when the Older Members come incarnate to offer it as Ti and Do did and are still offering a first stage of for a short time more. The human vehicles the Luciferians use are depicted in prophecy as “horses.” These are different from the human equivalent vehicles the Luciferians try to develop, foster, propagate to become the next human vehicle they will need to occupy to continue to have their own vehicle.

Also, it seems this these verses in the later part of Revelations chapter 9 are depicting the 2<sup>nd</sup>, 3<sup>rd</sup> and 4<sup>th</sup> horses in this section that coordinate to Fire (war) and Smoke (illusion and kindling of fire) and Brimstone (sulfur) as a purifying fire (red) with a blue flame and a green antibacterial killer of parasites - the weeds and Tares of the planet:

Rev 9:17 And thus I saw the horses in the vision, and them that sat on them, having breastplates of fire ((4447 purinos= red color, shining like fire, fiery)), and of jacinth ((deep blue color)), and brimstone ((2306 theiodes= sulfurous, yellow at room temperature, when melted turns blood red with a blue flame and as an organic phylum chlorobi a “green sulfur bacteria that is used in pharmaceuticals to kill parasites, bacterias, mold, mildew, fungus, as a fumigant)): and the heads of the horses were as the heads of lions; and out of their mouths issued fire and smoke and brimstone ((2303 theion probably of 2304 (in its original sense of flashing)= brimstone, divine incense, because burning brimstone was regarded as having power to purify and to ward off disease))

It seems the “horses” he sees in the vision are indicated to be three horses in Rev 6, the Firey Red horse of Global wise endless war on/with terror set by the G.W. Bush administration, followed by the DEEP BLUE/Black horse noted as jacinth, set by the Barack Obama administration, who reigns in the New World Order BEAST (US secret Govt) and the E.U. little Beast (horn) as provoked by the Wall Street Investment Bank manipulations (depicted in Rev 6:6 as the price of the commodities of wheat and barley) endless Global Financial Crisis of 2009, and third, the Green (pale) horse - marking Harvest time noted as Brimstone. Considering this 3<sup>rd</sup> horse, opening the 4<sup>th</sup> seal is named “death,” it seems appropriate when thinking of Brimstone as Sulfur that has properties related to Green Sulfur Bacteria to destroy bacteria and disease. That is the relationship to green and the related Greek word chloros

in Rev 6:8 wrongly most translated to “pale.” And along with “death” is “hell” following which again relates to how sulfur is associated with the devil in hell and this particular strain of Green sulfur is found at the greatest depths in the pacific ocean.

**IV.A. FIRST SEAL - WHITE HORSE(HUMAN) VEHICLE - NAMED MARSHALL HERF APPLEWHITE WHOM AS AN OLDER MEMBER FROM THE KINGDOM OF GOD IN THE LITERAL HEAVENS (ALL OF THE SKY TO DEEP OUTER SPACE) TOOK OVER (SITS (TAKES THE POSITION) ON FOR HIS TASK), WHO TAKES THE NAME BO IN 1975 AND FINALLY DO (AS IN DOE A DEER) - BRINGS THE RETURNED (RISE AGAIN) COVENANTED STUDENTS (BOW, FROM RAINBOW, RELATED TO HIS LITER OF NEW BIRTHS INTO HIS NEXT LEVEL KINGDOM) THROUGH THEIR OVERCOMING (CONQUERING) OF THEIR HUMAN VEHICLES TO BECOME THE FIRST FRUIT HARVEST (REV 14) FINALIZED BY THEIR VOLUNTARILY LAYING DOWN THEIR LIVES (FALLING ON THEIR FACES (REV 11)), THE CUTTING DOWN OF THEIR STALK AS JESUS FIRST PRESCRIBED BY BEING THE EXAMPLE OF DOING TO PLEASE HIS HEAVENLY FATHER AS HIS ASSIGNED TASK FOR HIS DISCIPLES**

Rev 6:1 And I saw when the Lamb opened one of the seals, and I heard, as it were the noise of thunder, one of the four beasts ((Living Being)) saying, Come and see.

Rev 6:2 And I saw, and behold a white horse: and he that sat on him had a bow; and a crown was given unto him: and he went forth conquering, and to conquer.

These first two verses that depict the opening and revealing of the mystery in the First of the Seven Seals is thoroughly deciphered in Section II.A.7.

Continuing from that section further reveals how Rev 14:1 outlines the same part of the End Age/Time timeline with a more specific description of the Student Body - the returning Souls, some of whom were the ones who were called the Saints because they gave their lives standing for Jesus - working for him according to the instructions he gave them to “drink the cup of the shedding of their own blood” knowing they would be treated (killed) as he was treated for saying the things He was saying. This time around, after they

all exited their incarnations, not needing that same exact lesson step, the Next Level gave them the challenge of laying down their lives without the aid of their opposition which was the final ingredient of their changeover that is described as their conquering, aka “prevailing as Jehovah,” the meaning of the word Israel, Do summed up as the Overcomers and aka their Overcoming of the human kingdom.

Jesus said his disciples needed to return to complete their Spirit Birth by working through a “water birth.” Ti and Do referred to the Spirit birth as a graduation that was set up to work up to by three periods of time they called trimesters, just like the time periods in the birth of a human baby. The first was with Jehovah and Moses with apprentice Aaron, followed by their being with the Father and Jesus with John the Baptist (in another type of apprentice task) administering the second trimester and where Ti and Do gathered them again for the completion of their third trimester.

Note in Rev 14:1, the “Father” has a name as also said would be the case in Rev 3:12 and they all have that name on their minds. If the Father was not going to have a physical presence he wouldn't need to have a name. Even Jehovah was a name given to Moses upon his request and Jehovah had a physical presence in their camp and on Mt Sinai when He allowed Moses to touch his shoulder or back, but wasn't allowed to see His face. That name was Ti as in this verse Do is represented as having served last as the “Lamb,” though during this trimester he also graduates to his next station in the kingdom like hierarchical structure of the Physical Evolutionary Level Above Human.

Rev 14:1 And I looked, and, lo, a Lamb stood on the mount ((3735 oros= to rise or rear)) Sion ((of Hebrew Tsyown - a hill of Jerusalem, figuratively the church, conspicuous Sign, title, waymark, the same as tsiyah (6723) (pronounced tsee-yaw) rooted in - to parch, aridity, concretely, a desert, barren, drought, dry (land, place), solitary place, wilderness)), and with him an hundred forty and four thousand, having his Father's name written in their foreheads.

Mount Sion can be shown to be most focused on the continental “mountain” - what rises out of the sea to be the location for the “rearing” of those to become the next graduates into the Kingdom of God - the western half of the United States, where that land has always been largely thought of in history,

and especially in the Southwest from Texas to California as largely a parched, arid, literal desert, barren, drought stricken, dry land, place and a wilderness.

Re: “wilderness,” note how Rev 12:6 depicts how Ti took the class to live outdoors in the parched barren high plateau of Medicine Bow National Forest in Wyoming and to South Texas, traveling back and forth to avoid the harshest parts of the seasonal differences, from July 1976 - 1980 and in Rev 12:14, depicting when Ti and Do had their quarters in a house in the Rocky Mountains at over 9,000 feet in elevation, above the tiny once upon a time mining city of Blackhawk, Colorado. (For Jesus indications of moving the location for the Kingdom of God's return, see Section II.B.1.).

It's also interesting how Jesus spoke about the dry places where an overcomer finds themselves where they are challenged further to go back into the world:

Mat 12:43 When the unclean spirit is gone out of a man, he walketh through dry places, seeking rest, and findeth none.

The hundred and forty four and a myriad of thousands are all those Souls, also considered as a group to constitute the “church” and aka “Sion” or those “reared” as “Jerusalem” (city of God's Crewmembers (Angels), also indicated as the basis for the name of the U.S. southwest's biggest city of Los Angeles, California), returning to move up in their Overcoming of the Human Kingdom School (experiential classroom) with some graduating the human kingdom.

Here is a further description of the time period that is the opening of the First Seal:

Rev 14:2 And I heard a voice from heaven, as ((after, with all speed)) the voice of many waters (peoples), and as ((after, with all speed)) the voice of a great thunder: and I heard the voice of harpers ((lyre singer)) harping ((playing a lyre)) with their harps ((lyre)):

This first group, the harpers harping with their harps, where the harp is their human vehicle they have made into their instrument to perform before (in view of) the throne (The Father with the new name and the Lamb with the new name who serves with the Father on the throne and then is birthed to perform the throne task incarnate by himself when the Father, the Rev 12:1

woman exits here incarnation when the earth opens it's mouth to swallow her with the flood of negativity from the dragon, Luciferian Space Aliens shown in Rev 12:15-16).

Also notice the reference to “great thunder/roar” to be shown relevance to shortly.

Rev 14:3 And they sung ((singing the praise of someone)) as it were ((in that manner, about, according, like)) a new song ((5603 oide, from aido (103)= a chant or “ode” - the general term for WORDS sung (psalm))) before the throne, and before the four beasts ((2226 zoon= Living Beings incarnate in mammalian vehicles and not the same word used for “The Beast” which is 2342 therion= brutal bestial, savage and poisonous human wild animal)), and the elders: and no man could learn that song but the hundred and forty and four thousand, which were redeemed from the earth.

This next group don't have harps yet but do use words to “sing” the praise, not only before the Throne but also before the four Living Beings and the Elders. This would seem to depict that new students Do and the Twenty Four Elders gathered during the second time they went public face to face in 1994 where they nearly doubled their numbers that were down to twenty four. For them, Ti is not incarnate, nevertheless fully aware of them while Do manages the Throne task.

Since we know there were only 38 students who laid down their lives with Do in March of 1997, there are to be more students to come after that. Otherwise there would be no reason to say that “no man could learn that song but the 144,000 - The Redeemed - meaning those who were purchased, bought, to go to market (become fruit) and of that large number. It must be that the Next Level knows exactly how many Souls they deposited in times past who I would say were also brought back (as Jesus and Ti and Do said would be happening at this time) from having had a relationship with Jesus and/or His Elder Students and/or the Four Living Beings who seem to be of some equivalence to archangels (captains of angels) or are in the making of becoming archangels. These all are thereby the only ones who can learn and sing the new song.

Rev 14:4 These are they which were not defiled with women; for they are virgins. These are they which follow the Lamb whithersoever he goeth. These were redeemed from among men, being the firstfruits unto God and to the Lamb.

Rev 14:5 And in their mouth was found no guile: for they are without fault before the throne of God.

These 144,000 are all who can become part of the first fruit harvest. They are all Souls that are working to take over their human vehicle. They all either don't have commitments to a spouse and/or human family or break those commitments for the Kingdom in the Heaven's sake,” as there is no marriage and no children for those that are found worthy to rise from the dead:

Luk 20:34 And Jesus answering said unto them, The children of this world marry, and are given in marriage:

Luk 20:35 But they which shall be accounted worthy to obtain that world, and the resurrection from the dead, neither marry, nor are given in marriage:

Luk 20:36 Neither can they die any more: for they are equal unto the angels; and are the children of God, being the children of the resurrection.

Stating, “that world” would refer to their souls being saved, to be brought back for the next trimester and the resurrection from the dead is the actual rising out of the human kingdom enough to have life, even though it doesn't guarantee becoming an adult member of the Kingdom of God, since that requires graduating all three trimesters (at least the way this civilizational

experiment was set up).

Once they have risen from the dead (human kingdom's condition is one of death since even their spirits die when the Next Level recycles. It's just referred to as the “second death” after the vehicles first death whenever that occurs). They are then equal to the angels - the ones who became members of the Next Level where while in a human or human equivalent condition their only family became those who also had risen from the dead. They don't have any sexuality. They have recovered their virginity. Do said that virginity does mean the vehicle is pure in the sense of not having had sexual intercourse, but it's a wrong definition to take it to mean that's the only meaning as virginity can be recovered by cutting off one's sexuality.

The rest of those in human vehicles, who may or may not have souls but whose Spirit is each judged according to their works in life and would seem to be the ones in the third category who Do said could escape the recycling who have never heard of Ti and Do.

Section II.C.4.a.i. provides a more comprehensive word by word deciphering of Rev 14:4.

The FIRST SEAL ON THE BOOK IS OPENED WITH THE FIRST OF SEVEN THUNDERS (ROARS) FROM THE LION OF THE TRIBE OF JUDA: Here is how Ti and Do and Crew naturally ended up manifesting them, since I was there for the first five and know that it wasn't layed out ahead of time and wasn't tailored to fit the prophecy. As I've said many times, Ti nor Do took actions based on prophecy. They even knew they were Two from the Kingdom of Heaven before they saw that recorded in chapter 11 of the Book of Revelatons. Since I wasn't there for their last 2 1/2 years incarnate perhaps they did talk about it but that would only be in time to enact that 6<sup>th</sup> and 7<sup>th</sup> thunder/roars. Jwnody does lay these out, without these terms, in her document entitled, “Overview of Present Mission” written in April of 1996 where she even says their Book was to be “phase one” as their “farewell legacy...” that is their “seventh” and suspected “final, public involvement,” but that “Nothing is predetermined” because the Next Level makes decisions after they see that “worlds response” that is “monitored very carefully” and how it is up to each reader, what they do with what they say.

-FIRST THUNDER/ROAR started by Ti and Do's first Statement mailed out

in March of 1975 from Ojai, California that resulted in their being invited to speak (prophecy) at a home where a meditation group held meetings, in North Hollywood, (as in Isaiah's description of Jerusalem as the “valley of vision”) in April of 1975.

Because several dozen wanted to follow them, to their initial un-welcomed surprise they took the names Bo and Peep because they now had sheep and preceded to see if others felt the same way about the information they were delivering. They held meetings in the San Francisco Bay area and then Waldport, Oregon and Colorado that resulted in about 70 students following them wherever they chose to go.

All told between the meetings they spoke at and the ones the student body was split up to organize they held at least 144 public meetings in 43 states and several Canadian provinces. About 17 of these were in cities east of the Mississippi river that all took place from April, 1975 to June of 1976. Because of their bizarre claim to be from the Physical Evolutionary Kingdom Level Above Human (aka Kingdom of God), from outer space, having arrived in a “cloud of light,” what was called a UFO, while saying they were here to gather their students and board such a spacecraft and because they required people to leave all behind if they wanted to follow them, including family, houses, relationships, careers, possessions, their story went national when around 30 or so people left all behind after attending their Waldport, Oregon meeting.

In October of 1976 stories started to appear in perhaps every city newspaper in the U.S. This included the cover of the magazine section of the New York Times and in the magazines Time, Newsweek, Psychology Today and others and covered by all the Network National Television stations, NBC, CBS and ABC and many local radio and television affiliates.

Following this time period a number of books were written including, “UFO Missionaries Extraordinary” by Brad Steiger and Hayden Hewes that was exclusively about Bo (Herf) and Peep (Bonnie) - later taking new names of Do and Ti.

By 1978 a grade B movie, entitled, “The Mysterious Two” was made for television but had next to zero accurate information in it.

To put a “period” on this “thunder/roar” Do wrote a booklet entitled, “88 Update - The UFO Two and Their Crew” he designed to “set the record straight” following the many lies and misinformation and distortions spread about he and Ti before then. This was made public to a minor degree through mailing to some New Age centers, Health Food Stores, writers, preachers, ufologists like Walt Andres of MUFON, monasteries and more.

It was most interesting that Ti left the human vehicle she took for her task in 1985 and had always talked about how when she got back, if she learned that some of the UFO abduction and contactee accounts were the actions of Members of the Next Level, some “heads were going to roll.” As it turned out it was about this time that a great deal of new information began to surface to include the book UFO Crash at Aztec where about 18 bodies were allegedly found. The book included autopsy reports and lots of details surrounding this crash so became the start of the classroom waking up to the UFO/Space Alien phenomena, all before the 88 Update was written.

-SECOND THUNDER/ROAR: The “Beyond Human - The Last Call,” 12 Sessions (total of approx. 13 1/2 hour) video tape series made by Do with various student helpers recorded in late 1991 to early 1992 when they were broadcast by satellite uplink. We used the name Total Overcomers Anonymous and provided a post office box and began to communicate with people who wrote to us. To the surprise of Do and the Crew instead of receiving a public response, it was seen by former dropouts who wanted to return to the classroom and did. Among them was one former student named Jhnody who was from and then lived in Venezuela coincidentally saw the video over satellite.

-THIRD THUNDER/ROAR: Published in USA Today Newspaper an Ad Statement entitled, “UFO CULT' RESURFACES WITH FINAL OFFER” that fills a 1/3 of a page (they paid for themselves), in very small type size that appeared in both the national and international editions on May 27, 1993.

-FOURTH THUNDER/ROAR: Published a similar statement to the USA Today Ad Statement entitled “Last Chance To Advance Beyond Human” in over 20 weekly and monthly alternative newspapers and magazines in the U.S., Canada, England, Scotland, Australia and New Zealand between June and September of 1993. The names of the publications were Creative Loafing, Spectator, Twin Cities Reader, The Boston Phoenix, Omega New

Age Directory, PhenomeNEWS, Nexus, LA Resources, Free Spirit (in NYC) Dimensions, New Texas, Common Ground (in Vancouver B.C., San Francisco and Puget Sound Area), Pathfinder, Crosswinds, Steam Shovel Press, Reflections, Arizona Network News, Orange County Resources, Baltimore Resources and San Diego Resources.

This began communication with readers by letter where we sent people Beyond Human Tapes if they wanted more information. As a result Slvody and Jstody returned to the classroom and a new student was accepted into the classroom who took the name Ready or Rddody, but he only stayed for maybe a month or so, having a hard time adjusting to the many routines, schedules and procedures and ways. He was provided with his request of a Greyhound bus pass that was good for unlimited travel for a year. He had been living homeless for years before joining with us. We communicated with a number of incarcerated prisoners and quite a few interested parties from Australia.

-FIFTH THUNDER/ROAR: Starting with two trial public meetings in 1993, starting out on January 1, 1994 began about 9 months of what ended up being 63 public meetings to begin what the class called the “Second Wave” since the First Wave was from April of 1975 to June of 1976 at the following locations:

(\*Denotes the late 1993 trial meetings in preparation for the 1994 meetings.)

- Alabama - Birmingham
- Arizona - Phoenix, Tucson
- California - Anaheim, Berkeley, Carmel, Chico, Eureka, Fairfax, Garberville, Marina Del Rey, Mt. Shasta, Pala Alto, Sacramento, San Diego, San Francisco, Santa Cruz
- Colorado - Boulder, Denver\*, Ft. Collins, Littleton
- Florida - Ft. Lauderdale, Sarasota, St. Petersburg, Tampa
- Georgia - Atlanta
- Idaho - Boise
- Illinois - Chicago, Glen Ellyn, Palatine
- Louisiana - Baton Rouge
- Maine - Portland
- Massachusetts - Amherst, Boston, Cambridge, Hyannis
- Minnesota - Edina, Minneapolis

- Montana - Livingston, Missoula
- Nevada - Lake Tahoe, Las Vegas, Sparks/Reno
- New Hampshire - Portsmouth
- New Mexico - Albuquerque, Santa Fe, Taos
- Oregon - Eugene, Medford, Portland
- Texas - Addison, Austin, Dallas\*, Houston
- Utah - Salt Lake City
- Washington - Olympia, Seattle, Spokane
- Wisconsin - Madison, Milwaukee
- Wyoming - Jackson Hole, Laramie
- Rainbow Gathering (I believe was in Pennsylvania)

It was realized that this effort wasn't for the general public but to locate our additional crew members who nearly doubled our numbers. This could also be called the “second rapture.” The rapture was misunderstood from Paul's writings to mean physical bodies would be lifted up into the clouds as occurred with Jesus. Even though that could be possible if those being lifted up had completed their changeover into a viable Next Level vehicle as occurred to Jesus because he had overcome the human world. The more accurate interpretation of Rapture - the “catching away” was just as Jesus said when he began to round up his disciples telling them he would make them “fishers of men” - human vehicles caught by the Next Level student level Souls who had prepared those vehicles for capture. Ti and Do once spoke about how the Next Level were like ranchers who round up wild horses and try to train them. Those that don't take to being trained are let loose back into the wild. Those that do take to the training program become serviceable to the rancher and the the rancher treats them as extended members of his family (that is if he's a good rancher). At that point even those horses will have bonded so with their masters that given the opportunity they would likely not want to return to running with the herd though as far as the Next Level each member always retains the choice to stay with their new family or not. Thus the first catching away occurred in 1975-76.

Starting in September of 1994 these who joined began to experience an accelerated version of the metamorphic classroom that lasted for about a year.

-SIXTH THUNDER/ROAR: This began on September 25-26, 1995 from a secluded location by issuing a statement to 95 UseNET groups on the

Internets World Wide Web entitled, “UNDERCOVER “JESUS” SURFACES BEFORE DEPARTURE” that they followed with more of a higher generic translation that was speaking in a different “tongue” of terms entitled “95 STATEMENT BY AN E.T. PRESENTLY INCARNATE” on October 11, 1995. They were both met with a mixed reaction but dominated by hostility and people that were quick to judge what they could not comprehend which signaled them that it was time to return “home” to the Next Level, which they had been considering doing by their own hands since August of 1994.

As Do said in the USA Today Ad, - the weeds had taken over the garden and disturbed it's usefulness beyond repair so it was time for the civilization to be recycled - “spaded under.”

-SEVENTH THUNDER/ROAR: This began in April of 1996 with what they called their “farewell legacy” in the writing of their book entitled, “How and When “Heaven's Gate” (The Door to the Physical Kingdom Level Above Human) May Be Entered,” (Purple Book), what they called an “Anthology of Our Materials” that was “phase one” that became their web site:

Note as of 2016 I believe this site has been left as Do and Crew designed it. If anyone contacts the Webmasters, they should be careful to research what they say, that is if one asks about the Teachings of Ti and Do. They have logistical information that may be of interest to you if you want to write an article, but their opinions have become in large part far afield from what Ti and Do taught. I've mentioned this several times in this book and can show where my concerns are on my blog by accessing the links provided in this books appendix that demonstrate in three interviews these webmasters gave that strayed from Ti and Do's teachings significantly. One example is their saying, “There is no Heaven or Hell.” (Even though that's a quote they may deny, it's just one of many things they have been reported to say in these interviews. They didn't give interviews that showed their faces and none of these included audio. They were done by email exchanges. Otherwise the web site still provides the entire Book that can be downloaded for free in text format:

Heaven's Gate Web Site

<http://www.Heavensgate.com/>

I believe this Book is represented as the “book written within”:

Rev 5:1 And I saw in the right hand of him that sat on the throne a book written within and on the backside, sealed with seven sea

“Within” would seem to refer to what was written from “within the Throne” that Do was birthed to by Ti - the Woman, shown in Revelations chapter 12 (the only part of the bible Do spent one meeting interpreting for the class but didn't go through more than a few verses saying this “woman” was referring to the vehicle Ti took to perform her task of “getting Do started.”

This writing of the BOOK from within the Throne and the publish of the web site and their Exit of their human vehicles that demonstrates how Do and his students had “conquered” the humanness they had entered into covenant to do depicts the opening of the first of Seven Seals on what was to be the revealing of Do as the return of the same Soul who had served incarnate in the vehicle named Jesus, spelled out in:

Rev 6:1 And I saw when the Lamb opened one of the seals ([[on the book]]), and I heard, as it were the noise of thunder ((roar)), one of the four beasts saying, Come and see.

Rev 6:2 And I saw, and behold a white horse: and he that sat on him had a bow ((litter [of new offspring to become members of the Next Level])); and a crown (([new physical Next Level grown (not begotten) vehicle])) was given unto him: and he went forth conquering (([for each of the students he brought through their Spirit/Mind invisible to humans Birth])), and to conquer.

So the Rev 5:1 description includes both what was written from “within” and what was written on the “backside” - what comes AFTER their exit and refers to what happened BEFORE - in the “Records.” What they wrote in the front of the BOOK was done by he Lion of Juda is the same as in:

Rev 5:5 And one of the elders saith unto me, Weep not: behold, the Lion of the tribe of Juda, the Root of David, hath prevailed to open the book, and to loose the seven seals thereof.

The context to the “thunders/roars” was first given by:

Rev 10:1 And I saw another mighty angel come down from heaven, clothed with a cloud: and a rainbow was upon his head, and his face was as it were the sun, and his feet as pillars of fire:

Rev 10:2 And he had in his hand a little book open: and he set ((to place)) his

right foot upon ((epi= above, over, have charge of)) the sea ((sea of salt [those who were being accelerated to grow - like when Jesus said they, his disciples were the “salt of the earth” - those who were the enhancement, the product and to be preserved from the earth garden])), and his left (foot) ((well/good-named/called)) on ((among)) the earth ((human kingdom)),

Announced during the time of the 6<sup>th</sup> Angels Trumpet Sounding that lead up to the Two Witnesses Prophecy period and exit by their Souls “ascending” (the Spirit Birth was to be an invisible to humans event) back into the Next Level spacecraft, I believe this “mighty angel who comes down from the heavens” is depicting the Older Member Do. Note that he is a “mighty angel” which is a reference to an Archangel - a Captain of Angels that Do is depicted as having served using the name Michael with Daniel and shown as waging war against the Luciferian Dragon and his associates (angels) in Revelations 12 (alongside Ti when Ti took him and the students into the “wilderness” (Wyoming). It's describing him as having a “rainbow upon his head” to shows he has his litter's covenant on his Mind, his task (Rev 6:2). He has this Little Book ((bibliaridion)) in his hand. A hand is one of his crew-members who want to serve him.

The Little Book seems to be the Rev 5:1 “Backside” part of the overall BOOK.

The Right foot (footstool) from the Old Testament represents those he counts his Primary incarnate - on foot (footstool) - his Crew of the returned Saints that were with him when he was incarnate in the vehicle named Jesus):

Rev 11:2 But the court which is without the temple leave out, and measure it not; for it is given unto the Gentiles: and the holy city shall they tread under foot forty and two months.

His Left foot are like those in a Secondary task position, who are those who are “good” among the human kingdom.

Rev 10:3 And cried with a loud voice, as when a lion roareth: and when he had cried, seven thunders ((roars)) uttered their voices ((disclosures of their information)).

Rev 10:4 And when the seven thunders had uttered their voices, I was about to write: and I heard a voice from heaven saying unto me, Seal up ((set to

(one's or the first) seal)) those things which the seven thunders uttered, and write them not.

Note how it's the Lion from the tribe of Juda (that is the one who was Jesus who is at this time incarnate in the name Do) that opens the seven seals that depict the opening to the book. However the book thereafter it's initial provision via the Seven Thunders John is told NOT to WRITE those same things that were uttered then.

Rev 10:5 And the angel which I saw stand upon the sea and upon the earth lifted up his hand to heaven,

Rev 10:6 And swore by him that liveth for ever and ever, who created heaven, and the things that therein are, and the earth, and the things that therein are, and the sea, and the things which are therein, that there should be time no longer:

So after the thunders have all roared, Do “lifts up” whoever on earth he chooses to perform a task for he and Ti.

This is the same One whose hand had the Little Book in it. The Little Book is not the hand. The hand is his servant he is lifting up to work for headquarters in Heaven.

Rev 10:7 But in the days of the voice of the seventh angel, when he shall begin to sound, the mystery of God should be finished, as he hath declared to his servants the prophets.

The timing to provide this service is during the days of the Seventh Angel sounding. That is after the Two Witnesses and Crew have exited their incarnations, shown by:

Rev 11:12 And they heard a great voice from heaven saying unto them, Come up hither. And they ascended up to heaven in a cloud; and their enemies beheld them.

Rev 11:13 And the same hour was there a great earthquake, and the tenth part of the city fell, and in the earthquake were slain of men seven thousand: and the remnant were affrighted ((alarmed)), and gave glory to the God of heaven.

Rev 11:14 The second woe is past; and, behold, the third woe cometh quickly.

Rev 11:15 And the seventh angel sounded; and there were great voices in heaven, saying, The kingdoms of this world are become the kingdoms of our Lord, and of his Christ; and he shall reign for ever and ever.

The cloud indicates their ascension is “covered” - hidden and can be seen as relative to the Hale Bopp Comet “cloud of light.” The Earthquake is a great shakup. It seems this was fulfilled by the 9/11 attacks and collapse of the Twin Towers of the World Trade Center and Pentagon attack that shook the planet, literally and in terms of every country in observance and was used to generate the Endless Global War on Terror that continues with no end in sight in 2016. I believe this was also the first of two falls of Babylon described in Rev 14 and 18. This was actually part of the 2<sup>nd</sup> Seal to be described next.

The Remnant or Remaining that were alarmed by this and may have seen it as a type of apocalyptic event probably had a sense that the Kingdom of God - the Next Level was responsible for letting it happen. Ti and Do always said that the Next Level was holding back anything that could cause interference to their classroom.

It was after the 9/11 attack that Ti came to me in a dream and left me with one thought - that I should write. At that time I thought I would entitle the book, “The Message” but it took me years of false starts and not getting any positive responses from would be publishers to finally get on track.

It was 2009 after the Second Fall of Babylon with the Global Financial Crisis when the Nat'l Geographics channel “Final Report: Heaven's Gate” came out and suggested twice per my request that Ti and Do and the Heaven's Gate Group were the “Second Coming.” This was also about the time I finally came up with my approach on this book though had a huge design problem I ended up scrapping as it would have made this book much bigger than it is.

This time frame is also shown by the rising of the “BEAST” shown in:

Rev 13:1 And I stood upon the sand of the sea, and saw a beast rise up out of the sea, having seven heads and ten horns, and upon his horns ten crowns, and upon his heads the name of blasphemy.

This rise out of the sea of humanity was stimulated by the rise of the Luciferian space aliens who had been shut underground being allowed to

come out of their prison cells as shown in Rev 9:1 to wage war as shown in Rev 11 who use humans to subdue the Two Witnesses but not until they had gathered their potential first fruit graduate student body who came with them having had a relationship with these Two before. After the first roar began the Overcoming classroom in the wilderness of Wyoming occurred for about 3+ years that was also a battle with the Luciferians, shown in Rev 12 in the heads of every potential new graduate student.

This First Seal includes most of the Chapter 11 of Revelations prophecies fulfilled.

(See section II.A.7. for the details)

During the years of 1997-1998+ by the efforts of Rkkody (Rkk) and Crlody (Crl) (aka Carlan) this was followed by their distribution to libraries and universities and anyone who wanted them, CD's of the 218 internal "overcoming classroom" audio meetings tapes recorded by Ti and Do from 1982 to 1985. (The tapes recorded from the late summer of 1985 until 1994 have not been publicly released as of September of 2016. They are being held back by Mrc/Srf who were given the choice to handle as they decided by Do and Crew, though can be shown by the letters they and Rkkody received that Do and Crew fully hoped would be made available to the public. It was a test that Do didn't spell out what to do with the audio tapes as he did for the video's and their Book entitled, 'HOW AND WHEN "HEAVEN'S GATE" (THE DOOR TO THE PHYSICAL KINGDOM LEVEL ABOVE HUMAN) MAY BE ENTERED - AN ANTHOLOGY OF OUR MATERIALS,' (Purple Book). The disagreements between remaining believers in Ti and Do became many and are outlined in the section: IV.D.1 REV 13:7-11 WAR AMID/AMONG THE REMAINING (REMNANT) SAINTS.

**IV.B. SECOND SEAL - RED HORSE(HUMAN) VEHICLE - 43RD U.S. PRESIDENT, GEORGE W. BUSH 2001-2009 IS "GIVEN POWER" TO WAGE WAR (GREAT SWORD) IN THE U.S. (FOLLOWING THE PLANNED EXIT OF THE INCARNATIONS BY THE TWO WITNESSES OLDER MEMBERS TI AND DO AND THEIR 4 LIVING BEINGS AND 24 ELDERS AND OTHER GRADUATE (FIRST FRUITS)) VIA THE 9-11-2001 NEW YORK CITY WORLD TRADE CENTER AND WASHINGTON D.C. PENTAGON ATTACKS THAT "WOUNDED THE BEAST" PROVIDING THE IMPETUS TO START**

## THE ENDLESS GLOBAL WAR ON TERROR

Rev 6:3 And when he had opened the second seal, I heard the second beast ((Living Being)) say, Come and see.

Rev 6:4 And there went out another horse that was red: and power was given to him that sat thereon to take peace from the earth, and that they should kill one another: and there was given unto him a great sword.

The Soul that “sat” on this horse described as ruddy/red would primarily be instrumental in “taking peace from the earth.” He was “given” a great sword is a reference to the military. The Next Level doesn't promote the waring nor help them build up their military might. They just know this is the direction the Luciferians always try to influence the humans to, but They for a time HOLD BACK the larger part of their efforts to allow Their incarnate Older Members “Overcoming Classroom” to operate, since during the time of this waring there will be increased scrutiny of dissident groups that strange cults could then become targets of. Thus when the “overcoming classroom” was completed and they exited their incarnations they removed the restraints they put upon the Luciferian influences thus “giving” the humans the freedom to re-engage their quest for power.

Note the Greek word translated to “kill” in this verse is sphazo, which is a straight forward way of describing “slaying, slaughtering, butchering, to put to death by violence, to mortally wound” others. And that's what the world got primarily from the one sitting upon this Ruddy/Red horse - ENDLESS WAR using the 9/11 attacks as the justification.

So this time period is marked by the establishment of the New World Order with the U.S. having it's seat and authority. The Luciferian Space Aliens (the Dragon) provides the ultimate power in the technologies their pawns, the space aliens had been sharing with the U.S. government since the 1940's and 1950's crashes and other cooperative efforts reported since, to include an alleged meeting at Holloman Air Force Base in 1979 and an alleged jointly operated U.S./space alien underground base near Dulce, New Mexico where hybridization experiments were being carried out. (It's not important that these are totally accurate in terms of times and locations as in part it could be misinformation or a mix of real and disinformation. However, overall, Do came to know some cooperation were going on and since my study of prophecy that has been born out, however unofficially documented.

It's because of the U.S. knowledge of the space alien presence and help with technology that many humans in positions of power were motivated to do whatever it took to steer the country in directions they could not tell everyone about because they felt it had to do with both survival of the current way of life and even the human race, while enabling the potential to rival the power of the space aliens. These objectives were significantly moved ahead at various stages over the last 40+ years but seem to have been secured more formally in the government when the U.S. Supreme Court illegally stepped in to instruct the Florida Supreme court not to recount the Florida 2001 presidential election votes, amidst many irregularities that surfaced, after the Florida court voted to do that recount. Though it's a continued debate, there is at least one report that claims Gore would have won the presidency, while the greater awareness of the space alien threat seemed to be held among those more in line with George W. Bush and his Republican party and their military and security affiliates who had become the basis of what became known as "The Shadow Government."

The plan to fully take over the U.S. government was hatched in 1997 officially through the documentation produced by the private think tank/committee called, PNAC, "Progress for a New American Century" that called for "Rebuilding America's Defenses" which they wrote required a Pearl Harbor type of event, so America could be prepared to fight a war with two major fronts. So that is what they got and the 9/11 plan was hatched, though no doubt was taking advantage of those who hated the U.S. who were behind the first bombing attempt of the World Trade Center. (Again, for all I know some of this is inaccurate. It's not that important how it was done and who was behind it the most. It's all lower force Luciferian driven space aliens getting humans to do their bidding in one way or another and deceit and lies are always part of their modus operandi, to get humans to develop the technologies and will to use them so they can hope to get off the planet before the next recycling period forces them underground again.

This verse describes this effort and how it was orchestrated by the Luciferians for the creation of a one world government with all it's allies to include all human interested organizations and governments who had become programmed to think the earth was their planet to do with whatever they wanted, though little did they know that period of their having such power was coming to an end. Some of the space aliens know the ones they think of

as just another race like themselves have significant technologies to try to combat or escape from, thus the more governments cooperating the better, while also keeping the worlds so called rogue governments ineffective in reducing their largely hidden agenda to war against the Kingdom of God as depicted in Rev 16's battle of Armageddon. (There will not be any contest in this battle).

This next verse describes the formulation of that One World Government that is called the Beast - a wild, poisonous animal because to the Next Level they are mammalian humans who work against the Next Level's plan for the garden, though the Next Level takes advantage of their choices by subjecting their upcoming students to their Luciferian mindset and it's influenced over them, as when the students conquer caving to their influence they show they are ready to take over the positions the one's called the Luciferian fallen angels forsook when they broke ranks with their Next Level Older Members.

Rev 13:2 And the beast which I saw was like unto a leopard, and his feet were as the feet of a bear, and his mouth as the mouth of a lion: and the dragon gave him his power, and his seat, and great authority.

To review alot of the details that show the assent of this BEAST to it's One World Domination, see sections: III.D.4.b.i., ii., iii., and iiiii. that describes a significant description of the way the 4<sup>th</sup> kingdom's Beast rose to power as shown by the Old Testament Prophet Daniel's night visions.

This extends to the opening of the 4<sup>th</sup> Seal which is when the New World Order is in place in a cooperative attempt to prepare to fight against what one part of the elite, who lean to Atheism and/or New Age Spirituality, are behind the governments under the impression the Reptilian Space Aliens are mounting an attack on Earth, while another part of the Christian leaning elite see the space aliens rightly as all Luciferians but don't distinguish how they are actually under the spell and misinformation of the Luciferians to continue to think the Kingdom of God/Heaven is a spiritual realm. Thus both factions that are global in scope are preparing to war in the heavens against space aliens, while they have become the puppets of the space aliens to be mounting an attack/defense against who really are the Evolutionary Level Above Human whose Older Members literally created by hard work our entire reality - the stars, planets and all the life forms as their hothouse to grow Souls upon for their new membership opportunity.

Further details are provided in section: III.D.10. re: Rev 11:13 - The Same Hour (40 years) great shaking... Rev 6:3-4's Second of Seven Seals being opened).

Rev 13:3 And I saw one of his heads as it were wounded to death; and his deadly wound was healed: and all the world wondered ((admired)) after the beast.

I believe the U.S. is one of those heads and it's wound was the 9/11 attack on the World Trade Center and Pentagon that shook the world and also stimulated the Red/Ruddy “horse” figurehead, U.S. president, George W. Bush to start a global wide “endless war on terror.” For a brief time world opinion of the U.S. sky rocketed. The beast, the U.S. was “admired.”

This might have to do with the timing of the instigation of the U.S. war on Iraq, when the U.S. leaders were trying to gather support to go to war against Saddam Hussein working (worshiping) the Luciferians interests of building U.S. technologies that are accelerated by war in the increased funding and manpower and related developments:

Rev 13:4 And they worshipped the dragon which gave power unto the beast: and they worshipped the beast, saying ((lay forth, set discourse)), Who ((what, where every man)) is like ((similar in character)) unto the beast? who is able to make war with ((amid, accompanying)) him?

Also this might be setting the stage for what Rev 16 calls the war of Armageddon which is against the ones the “Beast” - bestial humans loyal to governments, institutions, corporations and supportive individuals knowingly or not fostering or turning a blind eye to what has become called “business” but is actually highly predatory “poisoning” human mammalian behaviors and ways that are stimulated by the remnant of offspring who all become referred to by their ancestors, the Luciferian space aliens aka fallen angels.

These space aliens, largely through contactees and abductees and their hybridizing and technical development projects and through talk among some in the various UFO phenomena related communities directly and/or indirectly involve themselves with earth governments to influence humans to think they are the “good aliens” and that they need to work together to combat the approaching “bad space aliens,” depicted as the Reptilians and their robot

Grays.

Some of the space aliens have told humans they are from various star systems that make them into Pleiadians, Aetherians, Arcturans, etc., all of which and more having associated human groups, more or less led by various contactees such as Frenchman Rael's, Raelians, that either say directly or strongly imply are also the returned Jesus and/or Buddha or Maitreya or a devotee, teacher, diplomat, ambassador or some sort of go between to humans, just like we saw developed throughout history that is apparent today as the Holy Roman Catholic Church with its hierarchy that directly consider themselves God's authority on earth.

Some of these Space Aliens with their human groups claim to have physical bodies and others claim their natural state that they say their followers can also look forward to is having a "light or spirit body," thus prompting some humans to embrace death and/or not fear it, thinking instead like other religions that it's a welcomed condition that is elevated above the physical realm where they can be "free" so they can even travel to other planets at will and help others transition to.

Thus they want to be dead, a twist to what Jesus and Ti and Do taught of growing from overcoming our human ways to where death simply provides the final detachment to our humanness IF WE HAVE "CHANGED OVER" INTO A NEW BEING THAT IS COMPATIBLE WITH A NEXT LEVEL BODY that is grown for each one who has graduated.

These space aliens in bodies or not teach what they actually believe but what they don't know is that their reality is about to be dissolved so is a dead end way of thinking because becoming spiritual is another type of human level addiction that promotes the heightening of self as a destination "heaven" or "bliss" - universal or cosmic consciousness that the Next Level when they are ready just flips a switch, so to speak and is gone, or perhaps vacuums up into and/or by a "Lake of Fire" somehow. I don't know the mechanics but there are indications it's not a pleasant condition to be in and is said to be eternal but I suspect that's because their energy is recycled as waste. I don't suspect they retain consciousness of having gone against the Next Level as I don't know why the Next Level would care. If they no longer could influence humans, why keep them around though I can imagine that allowing some to exist in some way in a perpetual type of "longing to be alive" even though by

then it's strictly programmatic as they have no sensory system, could be sending out a message that such a condition exists that is undesirable to find oneself in, where the idea of Hell came from as a disincentive to thinking the spirit world is a desirable destiny. This can be seen as part of the Next Level's way of preparing the planet - seeding it with all the options that humans can choose from, as Ti and Do spoke a little about.

Note Ti and Do said all the space aliens were Luciferians as they have bought into the Luciferian misinformation and they are all also “human equivalents,” proven by their values and spiritual belief systems.

We worship who/what we “work for.” The Luciferian space aliens are more and more being worshiped by all those who are seeing the space aliens as “brothers.” After all they promote peace and good will and environmental care because they are knowledgeable as to the value of those things for their people and for humans to survive and thrive as they NEED them to. Worship of the beast is in patriotism to the systems of governments most directly applied to working for the United States and Western powers like the EU. Allegiance has to do with putting the systems first in any battle of mindsets.

Though one can not judge any one person, as we never know when someone can change their behaviors, who we show our allegiance to is what will show the Next Level to whom we really love and support the actions of. The system, even though one can say it's needed to keep the peace, so to speak is totally corrupted as it is a product of the entire Luciferian misinformation mindset and priorities though most don't know it but the Next Level is forcing the show of, while it's up to each to choose to seek to recognize and SEE or not.

For instance, increasingly during this time in the early 2000's more than at any time before there is an abundance of evidence to provide ample reasons to distrust governments, institutions, corporations, religious and/or secular and all those who are their leaders and staunch followers.

With most young and older adults in the U.S. and Europe and actually all over the world having cell phones with video capability hardly anything is missed. More and more police are being shown to be violent and brutal and breaking their own rules because of their bigotries, hatred's, poor judgment and personal conflicts.

With the U.S. and Great Britain and allies unjust invasions of Afganistan and Iraq and the blatant profiteering from those wars by corporations like Halliburton, even linked directly with G.W. Bush's vice president, Dick Cheney as the tip of the iceberg, showed more and more the basis for this distrust. The election of a African American “black” president drove many white conservative Republicans and fringe groups over their edge of civility. Proof of major coverups keep coming to light. The latest I saw offered simple proof that the Twin Towers couldn't have free fallen from the plane crashes into them because of how many seconds it should have taken to do so, against how they fell several seconds faster, proving they were pushed down by the explosive charges that were also heard going off on tapes and heard by witnesses. This simple idea was introduced on top of a huge amount of collaborating evidences leaving any discerning mind knowing the party line 9/11 commissions explanations was overall a deceit.

Rev 13:5 And there was given unto him a mouth speaking great things and blasphemies; and power was given unto him to continue forty and two months.

- MOUTH - The Internet seems to me to be the biggest “mouth” the Luciferians are using through all the BEAST's infrastructure of channels. The overview of the mouth of the beast is the corporate/governmental media complex that has become consolidated to 6 conglomerates that corner 90% of the market, promoting all forms of allegiance alongside every form of misinformation and even disinformation in all forms, while truths are previous misdeeds are brought to light. Meanwhile new discoveries are skyrocketing in all fields of research and development while existing trains of thought still drive the larger part of the corporate and institutional organizations increasing the gap between what used to be considered a fact and what might be pure fiction. One example is that on the news a comet will be spoken about as a snow ball made of ice and rock while landing on one comet and shooting another with a rocket and close snapshots of others and many unusual characteristics across the board of many observations keep on showing that humans know little about them. The same holds true with lots of earth science, finding bones that show as humanoid with unusually large skulls and finding ancient tunnels in the Grand Canyon that have large man made rooms underground that show Egyptian hieroglyphics on some walls and all sorts of new revelations behind the wars and coverups and on and on

and on that makes a great deal of what's taught in the high schools obsolete yet kids and young people are still being brainwashed to believe.

There are so many varied viewpoints and considerations and conspiracy theories being floated about. For many of the mass bombing and shooting events in schools and other public places come the “false flaggers” - normally thought of intelligent people who don't believe what the government tells them so they don't believe much of anything anymore and because of coverups and conspiracies they know about think most every event has been staged. It used to be thought the moon landing was staged in Hollywood. Now there are people who others listen to who moreorless say anything that's too challenging to hear is staged which goes along with saying the Jesus story was staged and that the lights on Ceres were staged in a studio somewhere. It's like a plague of distrust and rightfully so but often seemingly misapplied but it's so hard to sort through and especially when we're a society that is losing common sense which I believe Ti and Do equated with giving away one's force all the time through sexuality and propagation of the species, where that energy can actually assist in consciousness expansion, though can also be misdirected into fostering more human behaviors but in more of a “spiritual realm” of further illusion promotions and tricks and a false sense of well being and satisfaction and comfort from practicing.

One can talk peace and love and God in all the depictions and/or Jesus, Mohammad, Maitreya, Messiah, Mahdi, or any other identifications while anticipating a return of a previous personage as prophesied and still not be showing the genuine Kingdom of God from the literal Heavens, the Next Level their allegiance. It's easy to slip into. Taking so long to complete this book I was wondering if Ti and Do saw me as “dragging my feet” because I still spend most of my time with mammalian interests and behaviors.

I had a dream with Do in it and I was sitting at a long table and there were maybe ten or so other people I didn't see clearly and had no sense of recognition of who they were, who were at the table along both sides and Do was at the head of the table. I was struggling to see him as if I had just awoken from sleep and was squinting to see him. After awakening I had a particularly hard time waking up. I was squinting the same way for some minutes, not like ever before and I have nothing to account for it other than the dream. As with every dream I've had with Do and/or students there is an

overall message with it, which in this case was that I was “barely awake” equated to being able to see him for who he is at all, which was something Carlan (Crlody) would say to me he remained thankful for and I sort of took it for granted.

The next night I had a dream with Jnnody and Smmody that I don't recall the detail of now but it was about being of service which I knew I was at best dragging my feet on. Sure I would go on the internet everyday and spend some hours responding to people's comments and posts, often with Next Level and Ti and Do references and I would work on this book for hours everyday and give some personal testimony in some small or large way among acquaintances and friends and even the vehicle's family, but all that only amounted to being “barely awake” and I later could see how all of a sudden I could think I am this big shot with this vast experience with Ti and Do while slipping into the same stupor those I talk about who are into their religiosity and spirituality and atheistic self aggrandizement as intellectuals and scientists and artists, etc. have become, though with most of them, they may not have had nearly the chance to rise out of it as I have, so I may in fact be more asleep than they. Of course there is no competition in this, except as a competition with the Luciferian space alien adversaries and other “boogers” - discarnate influences and the humans most used by them.

The Next Level crews will decide who has the capacity to know Them better and thus who will sort themselves into which category (Ti and Do called a “box”) of “saved” or to be disposed of as waste, and it will have nothing to do with what label one puts on their belief or non-belief system. It will simply come down to who each one of us is talking to in the Next Level and whether or not we have expressed to the highest Beings we can imagine in that Level Above Human our desire to be in their service or not. If that is not what we ultimately want, no matter how many good works we do, the Next Level crew may or may not help you by keeping you from having your spirit/Soul recycled. They don't need anyone who doesn't want to work for them yet they are willing to help each of us come to terms with what we want, verses what we are attached to of/in this world, though to not act quickly when it dawns on us we have the option is also a way we can be entrapped by the lower forces.

Members of the Next Level don't think or teach that anyone SHOULD leave

all behind to become a full time servant and disseminator of their most recently provided information provided when Ti and Do were incarnate. Nobody should do anything they don't want to do. But it's actually real employment that includes eventually separating from all our attachments in relationships and addictions to reap the promised rewards to become a Member of the Kingdom of God/Heaven. So one that receives this information about Ti and Do - the most accurate portrayal of the reality of what was in the records called by Jesus the Kingdom of God and Kingdom of/in the Heavens, must be willing to “stand for them.” “Standing” for them means believing in everything they said AND telling others about them while accepting the consequences to our human condition, as most we tell about Ti and Do will not respond favorably and will begin to ignore, shun or oppose you. We shouldn't push things on anyone or even suggest it's an ultimatum or route to “pie in the sky” as is done by religions.

It's not meant that we impose Ti and Do's information on others without seeing some kind of asking but nor can we just sit back and wait for people to ask or require a certain form of asking. We simply ask Ti and Do to lead us to what they want us to do, who might have an ear that may take us to certain events as they know who else they have given a seed to that they can help find you, so they can wake up a little more by what you might say to them when you come together.

We are not limited to any one way of “standing for Ti and Do.” Ti and Do's examples were to put things in the media wherever possible and communicate with people who want more information or are seeking for answers Ti and Do have provided. We're not trying to start a new study group or “cult” or “overcoming classroom” as such will be started by an Older Member upon their return after the spading and recycling of the civilization has completed. They are basically taking applications to be in a future classroom.

Ti and Do didn't have us guilt people into paying attention to the information, though would tell what we were given as the truth as it's drawn from us. For instance, when traveling sharing information in 1975-6, having no income/funds they sent us out to go to a destination city and said to “test” the churches on the way for your needs of food, gasoline and at times shelter. It was a test because Jesus told his disciples that Christians claim to be, to give

to those who asked something from you. We were not instructed to ask for money, nor to specify what kind of food.

Incidentally, Ti and Do did not approve of “dumpster diving” that they learned some were doing at some Dunkin Doughnut shops. They also didn't limit the asking to churches and we never just asked for help without stating that we were working for the Kingdom of God, mostly in that terminology, but not as an instruction, but according to the context of the desired interface.

In this day and age I suspect using Ti and Do's terminology might be met with more recognition if they were given a deposit so could help them awaken more. Perhaps saying both terminology in some way will feel best. If they are glued to terminology so intently that you use a term and it causes them to reject you outright, they may not have a deposit or it might take your leaving their presence for them to think about what you said. The point is to open as many doors to Ti and Do as we can. Let them close the doors if they choose to. In some situations you will be rejected. It's not a pleasant vibration to deal with so just excuse yourself and like Jesus said, “knock the dust off your feet” - shake off the negativity they will have to embrace to reject you. We didn't make a point to go to every church in a town. Even Jesus said not to go “household to household” like some Christian evangelicals do. Nor did we tell people to change their ways or burn in hell. It's so general and prone to misinterpretation and a false sense of piety to talk like that or to read those scriptures to people. or think we can make that judgement on another. When it does attract someone, what does it attract them to. Often it's another form of misinformation. (See Luk 10:1-24 for Jesus instructions for disseminating his info). Yes the recycling will come when the Next Level is done making Their offer.

Doing this more and more will bring about your separation from the human kingdom's behaviors and ways as you also seek to adopt more of the behavior and ways taught by Ti and Do. That is all part of the separation formula and what goes along with it as you feel to, is regular asking what more we can do in their service, always using the names Ti and Do as our “address” for contact and learning while being keen to recognize their responses not by voices or words in our heads or by visions or even day dreams or remote viewing or psychic reading techniques. Even dreams are suspect. One will not get new information or new instructions but one may get what they

recognize is an answer to their questions that could be in a dream, but it won't suggest you to do something. Nor will someone else direct you in any way that you would take as instruction. Those are all tricky ways the Luciferian discarnates can and will work against us. I suspect even dreams if they feel to send you communication that way will be far and few between, if at all. One isn't elevated by having dreams, as I have had many of. I needed them, so they may be a sign of how far I fell, but it also may be a little different when someone had a face to face relationship with the Older Members, Ti and/or Do, though it guarantees nothing about them and what they do with having had that relationship. It doesn't automatically mean anything to one's forward growth, though I admit the dreams do make a lasting impression, but again, if I don't grow from them, then I could be worse off than someone who has had no dreams from them as we are each measured in comparison to our Older Member and not to fellow students as I am to other believers.

We don't need to fear the Luciferians or humans, in the sense of a scifi horror movie, though fear of how they could influence us from further growing our relationship to the Older Members of the Next Level would be healthy to fear, as with fearing our Older Member's judgment that can be a motivation to stay on the straight and narrow path. We don't try to test ourselves by engaging in behaviors and ways that we were once addicted to - like sexuality for instance. Next Level Members don't have sexuality thus would be new members need to outgrow desire for it and learn how to cease re-engaging and as with any human behaviors if we “slip” (the term Ti and Do used to replace “sin”), try to learn what led to the slippage and get back on the straight and narrow. In our classroom community we had “slippage meetings” where everyone would take a turn expressing things they did that they considered to be a “slip.” We were not allowed to talk about sexual things because of how even talking about it can stimulate some so if we had a slippage in a sexual way, we would say we “slipped in sensuality” and we would also say we wrote a note to Ti and Do with the details. One student would volunteer to record what everyone said and send it as a report to Ti and Do. We needed to include a “remedy” with every slippage. Slippages should never mention another nor imply another's fault for our slippage. If someone said something angry to you and you responded back in an angry way, then your slippage would be that you had an angry response and it was important to say what it was. That was not considered the same as a sensuality slippage.

We had these meetings about once a week.

Jesus gave guidelines on how to handle problems which I think would apply to this time just the same and especially since there is no Older Member incarnate to report to and to put a student in that position, I believe would be like what we see today with priests hearing confessions that I believe in most cases probably does more harm than any little good that comes from telling another one's slippages.

Another meeting we had was called a “help wanted meeting.” If we wanted help from our fellow students we could call such a meeting for ourselves, again not to use to get one's beef off on another. The same rules applied as with the slippage meetings. Also the craft overseer partnership could call a help wanted meeting for someone else whether they wanted one or not. Do wouldn't attend either a slippage meeting or help wanted meeting notes were taken and a report was sent to him.

Part of the problem with this information age is that there is so much information, unless one seeks out all that's happening with any one subject, all they have time for are “sound bytes” in the headlines from mostly the mainstream media that includes all the internet browsers like Google, Bing (Microsoft) and Yahoo, etc. These stream stories but if you don't look at all they reported each day, it's easy to miss a great deal, yet one can think they are well informed. Since most people have jobs they travel to and from with varied commutes, by the time they take care of their needs to eat and sleep and some chores everyday, they are mostly exhausted so only catch certain news in little in between spurts.

-MONTHS in Rev 13:5 could be translated in the same kind of Rev 11:2 reference, noting two meanings in it's root, one pertaining to 30 days and another to a period of time when individuals can show their affirmation of allegiance to the Next Level.

-FORTY TWO in both verse can also seem to have the same meaning, referring to both an amount of days and the affirmants during that time and pertaining to the time period allotted for these 42 affirmants.

Forty comes from the Greek tessarakonta which actually translates to, “the decade of (four, forty, fourth)” which is all interesting and especially in the

context of each of its two usages in these Revelations prophecies because they seem to be relating to the FIRST (Rev 11:2) and the LAST (Rev 13:5) harvest WAVES Do spoke about but may be about four decades each. This could have been said as “hour” but then it wouldn't have simultaneously described how many affirmants there would be and the time period of their affirmations.

The Next Level could know exactly which souls are attempting to borrow human vehicles that were tagged from birth for their usage at this time so they would know what number to describe.

But back to the two periods and how they could be related to the opening of the next two “seals,” the fourth and fifth, both of which are described as times of the continuation of the “overcoming of the saints” by the Dragon/Beast shown in Rev 13:7 to where this depiction of Saints are those who “remain,” aka the “remnant” who have committed to the Next Level and Ti and Do in particular to give their lives, literally, mentally and physically in service to Ti and Do that does bring about their “separation (from their human lives and perhaps from their vehicles) by dying,” literally and figuratively dying to their humanness (in Rev 6:8 - the time of the fourth seal) but said as their being “slain,” a more literal translation of the physical death of the body in the Greek word, “sphazo”= to slay, slaughter, butcher, put to death by violence, mortally wound, stated in Rev 6:9 during the opening of the fifth seal.

In any case, the death of the human vehicle affirms one's allegiance, whether to the Next Level or to the Mammalian Human kingdom because of what we think, say and do up until then that Do talked about as being taken into whatever “heaven” we believe in. Heaven in that context, I believe referred to whatever literal location one's spirit and/or Soul is taken to because of who/what they believe in when their vehicle dies as the vehicle is necessary to form that commitment so without it, one has solidified their sealed/marked allegiance.

Rev 13:6 And he opened his mouth in blasphemy against God, to blaspheme his name, and his tabernacle ((4633 skene= habitation, tent, vessel [human vehicle He takes over for his task], implement, fig. specially, a wife as contributing to the usefulness (goods [fruit])) of the husband, tent built for Jehovah in the Moses camp, movable temple of God)), and them that dwell in

heaven.

Blasphemy has to do with saying things that are against the truth provided by the One true God. Obviously for anyone to say that a Kingdom of God/Heaven doesn't exist and teaches such are influencing others to go against the same recognition and thus would qualify as “railing against the truth” (blasphemy). The Luciferians influenced humans to think they had the judgment to determine who was blasphemous and some say the penalty Moses gave was to execute them, which is what the Jewish high priests used to justify having the Roman government execute Jesus for.

Regarding that history, Ti once said there were parts of the Bible she didn't think was representative of Next Level behavior and no doubt there was tampering with what Moses wrote just like there has been tampering with what was written about Jesus. I don't recall Ti saying specifically what she questioned but I have always wondered how the Lord could say it was a major commandment for a human to not kill another human (which by the way, Jesus supported so we don't have any reason to think that was misinformation) to then order Moses to order those that sided with him to kill those that didn't agree to the covenants to those commandments. The same with the penalty for blasphemy that said one who blasphemes shall surely die or shall be put to death.

I could see at that early toddler classroom, where Moses was up against many who sought to kill him or supplant his leadership that the Next Level was not going to let those bad apples spoil the batch of vehicles and spirits and/or souls in development. After all to the Next Level all human vehicles are no more than plants. If a weed comes up in our vegetable garden and we kill it, is that an ugly thing. The problem comes up in plants determining who are the weeds. Ti and Do said there was no justification for a human to kill another human. In other circumstances the Lord gave certain warnings and said the penalty for disobeying was death and when some disobeyed, the records say they were killed. It's possible some of that was a distortion just like we always see after the Older Member exists their incarnation. One time the Lord made fire come down from the heavens to consume those who disobeyed and another time the Lord opened up the earth and swallowed up those who were bent on overthrowing Moses rule.

The Lord also said he would clear the way, when there were tribes who could

threaten the Moses classroom and at one point when some in the camp insisted on fighting, Moses let them and they were defeated badly, but then Moses said if they looked to him during a battle as when to fight and when not do, then they would win. They followed that lead and sure enough they won easily because no doubt the Next Level saw to it that the enemy was easily defeated which taught them to look to Moses. That sounds like Next Level to me to make a positive out of a negative. And it was a serious rebellion to ignore the sabbath rules.

We must not forget that it was the breaking of a simple instruction that cause Adam and Eve to fall so following the rules was crucial to showing the Next Level we wanted to be counted theirs, but Moses may have counted it a mistake to order the killing of that one who disobeyed even though the Lord didn't intervene. However, all of that was updated by Jesus who did not agree with the penalty for adultery when caught in the act - being stoned. Thus those humans who had become blood thirsty against Jesus were from a long line of human plants that were using the Moses laws to maintain their own power, not because it was the right thing to do so much. They were assuming they were of the equivalent authority over others that Moses had which continued with Christians who then persecuted anyone who appeared to “rail against the Lord's truth,” that they, like the Jewish leaders were influenced to think again that they were in a position to judge. But the positive that came out of that was that generations then flew away from what had become named Christianity, though it also became a test of whether they would still see the truth in what Jesus taught and how what those Christians were teaching and/or doing as contrary to what Jesus taught.

Speaking in some way is the biggest part of what defines blasphemy, reason being I believe because of how it can then influence others to one's own believed and accepted misinformation. This is also the only unforgivable sin according to Jesus because someone who is actively promoting this kind of misinformation (of course not really knowing it is or having ignored clues that could have led to knowing that it was) is programming themselves in that same misinformation that becomes “burned in” to the hardware of our brain - mind/spirit after a while.

Misinformation is also evidenced through those who preach about how we are “saved by grace,” that is, by Jesus blood as if his dying was for us so we

don't have to, instead of the true information that he demonstrated overcoming to include physical death, because we DO HAVE TO DO THE VERY SAME OR EQUIVALENT THINGS to reap the said rewards, leaving those who fear the changes we must make, that is, if we want to become members of his team in the literal heavens, to “bide their time,” doing some minor good deeds here and there and teaching humans to be good humans with their families and in the propagation of their species and some accumulation of wealth and happiness in the human kingdom that ends up replacing a real relationship with the “God” they say they love and worship. This is also where the dissatisfied for whatever reason, those who are poor in any number of ways have an advantage over those who are rich in any ways, as the rich have a harder time believing in the truth because the truth will separate them from the riches they often become attached to and rely upon. This is why Jesus said, it's not really possible for a rich person to enter into the Kingdom of God - though he left it up to his “Father” to make that judgment upon anyone, that is from that vantage point.

As these “false prophets,” or “false Christs,” that I wonder is also saying “false Christians,” as one is not a Christ-ian if they aren't an “overcomer” as the overcoming process is the “Christing process,” teach others to become their followers no matter how they word it, they are not telling the truth about what Jesus actually taught about separation from the human kingdom to apply to be on his team. Again, we can give our all now but it's not only for those who have the strength to give their all. It's about believing in the real formula to give our all and spreading it in it's most accurate form which can only be achieved by studying everything Ti and Do taught and for those that do want to start their metamorphosis (Christing) spreading that information far and wide and adopting all their behaviors and ways, they certainly can and will be rewarded accordingly.

Do did say, about the time after his exit that it's not going to be like after Jesus to where there will be thousands of years to study it all. It's all going to be “done” during the current generation this time around, as it's graduation and judgment time to conclude with a recycling period and then a new opportunity for all souls saved during this time to further progress to overcome their human condition.

But specifically to Rev 13:6 shows that this “mouth” is railing against God or

“deity,” which we have clearly seen done plenty in various New Age and/or atheistic teachings with movies like the Zeitgeist that tries to document how the Jesus story was made up or the web site “think atheist” which I am a part of as there can certainly be those that are only aligning with that site to have less restriction of thought than one has with any of the religious institutions who are often the most entrenched in misinformation. There are organizations directly confronting the religious with large mailings and such and though I would agree with them on some points they tend to fall into the same trap of not discerning the differences between what, for instance Jesus said and what the religions say, seeing it all the same way.

- BLASPHEME HIS NAME - The only application of NAME would be related to the name of the vehicle an Older Member from the Next Level took to perform his/their task through. In the context of the Judeo/Christian/Islamic “records” that would be at the least being against Moses or Jesus but though I don't equate them, there is certainly railing against Mohammad who Ti and Do never addressed as working for the Next Level or not. They did count favorably those that wanted to preserve their instructions of being modest pertaining to showing skin, which I believe was given to help them keep out promiscuous thoughts that needed to be overcome to advance to Next Level membership though are part of the options for humans that don't care to advance to Next Level membership.

But the biggest name that the internet was used to rail against was Do and interestingly enough that sort of stopped after the 10 year anniversary of Do and Crew's exit in 1997. From 1997 on one could count on at least an flurry of anniversary stories about how Do was compared to Charles Manson and Jim Jones and other mass murderers as if he murdered anyone or led anyone against their will or manipulated anyone to make choices they didn't demonstrate over years wanting to make even when it was made easy to not choose to make, as was the case for all the students who were with Ti and Do, that I can attest to during 19 years with him as his fully dedicated student.

- BLASPHEME HIS TABERNACLE - This seems most to be referring to the fact that the Older Members from the Next Level came incarnate and made their abode/dwelling among us, and literally lived in tents (tabernacle). When Ti and Do left Boerne, Texas where they received a chunk of their

awakening and were staying in a little “ranch house” since January 1, 1973 having left Houston in a hurry due to the mounting negativity they were facing there, they began to live in a tent as they traveled all over the U.S. When they sent out their first statement and were invited to speak to a group in North Hollywood, they had those that wanted to follow them meet them in a nearby campground and then went up to Gold Beach where they had camped before in a camping area called, “hideaway.” When I joined them in September of 1975 from the Waldport, Oregon meeting they had us travel to the Colorado National Monument near Fruita, Colorado and we slept in sleeping bags under the stars. Then we were sent to a camping area near Boulder, Colorado where we stayed in tents and then went to a camping area on the Pourdra River, near Loveland, Colorado where Ti and Do outfitted everyone who didn't have one with sleeping bags, a tent, cots, foam pads, a two burner Coleman gasoline stove, and a few cooking tools. I went to Ti and Do's camp in Cherry Creek, Colorado and saw that they had the same equipment. I think it was about a year later that they got a small one room trailer. Therefore, I believe this tabernacle is referring to their earth dwelling. Thus to say, this “mouth” is railing against “his name and his tabernacle can be seen as claiming Ti and Do are not from the Kingdom of God, not incarnate with the names Ti and Do and not dwelling on earth and don't have a dwelling in the literal heavens and are not the return of the Father and the One who was incarnate in the name, “Jesus,” etc.

The lines are all very grey anymore as all countries have had their experiences with the Luciferian space aliens so on that basis have in common a desire to work together on certain fronts while putting up pretenses of conflicts for the public face. It's not that those in government are putting on false faces consciously. That's simply the way the game is played. They are 7 heads and 10 horns that are often snapping at one another but all need to cling to their sovereignty to keep their constituent public on board for them to keep their various focus. The biggest way in which the dragon has power is by their existence along with the facts surrounding all the things the Next Level is doing at this time especially to show the powers in each country that big changes are on the horizon for the planet as a whole. Thus began the push to “save the world” used to give people an enemy that is out of reach to fight and is endless to fight and will have the least affect on governments ability to control the masses and their various agenda's to try to “save their own

worlds” by the rush to build underground bases to potentially hide within, and to build technologies to consider shooting down or diverting incoming asteroids, etc. All the while maintaining control over the people to be able to keep their machines operating which means building the security state larger and larger as described in Orwell's 1984 which has been long surpassed with the amount of surveillance and data that can be used against anyone who is seen as threatening their agendas.

Where the SEAL ON THE BOOK - is opened further is shown by the provision of Ti and Do's information in new outlets, starting mostly with YouTube.com in February of 2005 that would include documentaries and books that were laden with misinformation but included radio and video and written materials generated by new and former believers/students of Ti and Do to include Sawyer's post of some of his 19 years of experience in Ti and Do's classroom. Here are the links to the internet sites where Carlan, Sawyer and others still disseminate Ti and Do's information while in Sawyer's case also providing perspectives from personal experiences and how what Ti and Do taught relates to the teachings and prophecies of Jesus and other biblical materials, to include current events that suggest prophecy fulfillments:

Carlan has provided access to the 218 digitized audio meeting tapes. When 4shared.com started up it was a completely free service. A few years into it's inception it began to charge for downloading what they were providing space for, though I believe one can still download freely but with limitations daily, otherwise one can pay to download as much as they want. Carlan doesn't financially benefit from any download purchases:

Audio Meeting Tapes Ti and Do Made in the 1980's of internal “classroom” meetings

<http://www.4shared.com/dir/14534948/45fa3e91/sharing.html>

There is at least one YouTube channel providing the Beyond Human video tape series and Do and his 38 students “exit” video testimonies. It was last noted at the channel name: heavensgatedatabase but I will be posting them on my youtube page with the channel name: 3spm.

The last former student to dropout of Ti and Do's classroom was named in the group Neody or in short Neo, known in the press by his human name he asked me not to use, when his picture was put on the front cover of People

magazine soon after the groups 1997 exit of their physical vehicles. He published a book of his experience in the group from when he joined in 1994 that he named: "Beyond Human Mind - The Soul Evolution of Heaven's Gate." (I have already addressed one inaccuracy in it pertaining to the origin of "ody" names, and there are other areas that in my opinion and perhaps others who were in the classroom might suggest changing but by in large it can be of value, but I understand it's very expensive and not provided freely so I don't think anyone would miss anything by not buying it. I enjoyed most the description of the time the class was visited by physical members of the Next Level, which was after I left, which I have described in this book.

There are all kinds of frauds popping up with websites and social media sites, using ody names and even saying they are in communication with Ti and Do or speaking for them and it's all lies and deceit to try to muddy the waters.

**IV.C. THIRD SEAL - BLACK/(BLUE) HORSE (HUMAN VEHICLE) - 44TH U.S. PRESIDENT, BARACK OBAMA - 2009-2017 - HAS A "PAIR OF BALANCES (BURDEN/YOLK TO JOIN TWO OXEN (BEASTS-U.S. AND E.U.) IN THE ONE WORLD GOVERNMENT (NEW WORLD ORDER) PRESIDING OVER WHAT BECAME KNOWN AS "THE GLOBAL FINANCIAL CRISIS"**

Rev 6:5 And when he had opened the third seal, I heard the third beast ((Living Being)) say, Come and see. And I beheld, and lo a black/blue horse; and he that sat on him had a pair of balances in his hand.

Rev 6:6 And I heard a voice in the midst of the four beasts say, A measure of wheat for a penny, and three measures of barley for a penny; and see thou hurt not the oil and the wine.

This third "horse" has a black (and potentially blue or dark, as in a blue Democrat) coloration. What's in the "hand" of the one in the position (sitting on) this "horse" (chosen human vehicle), describes what his primary focus will be, having the ability to "join" (balance) various forces, a BALANCING BURDEN - a yolk - as related to directing two oxen (Beasts), to get them to join in pulling the weight. The weight is all that's involved with what amounts to the New World Order, putting into place the mechanisms for the One World Government while returning to a more covert "Global War on Terror," both in the Heavens (outer space) and on Earth and "under the earth" - a reference in prophecy that seems to be literal as in the "bottomless pit"

and/or geographically in the southern most continent of Antarctica where there is of late reports of Russian, Chinese, E.U. and U.S. presence and with a history related to Hitlers SS and U.S. Admiral Byrd's expeditions.

To recap a bit, the Red Horse was brought into power with the 2000 presidential coup d'etat via the Republican lead G.W. Bush administration to start the ENDLESS WAR ON TERROR, followed by the ENDLESS FINANCIAL CRISIS, that was passed on to Barack Obama immediately upon his taking presidential office, that is described as this balancing (joining) forces shown in the prophecy as related to matters of buying and selling (trade/stocks exchanges) referred to by the reference to commodities of "wheat" and "barley" during his term.

On another level of representation the prophecy states that the events that take place are not allowed to "hurt" - interfere with those who qualify as the "oil" or as the "wine," who are the "remaining or remnant" of "active students" of Ti and Do who have chose to "give their lives" to "standing" for Ti and Do's information. OIL is the Next Level Mind/Spirit fruit yield from the olive (the human vehicle), the "pressing" (service) of which produces light for others to see by. Those who are beginning to engage active studentship (service) are the WINE whose stage of development is likened to the - Next Level Mind/Spirit fermentation like process, that is also "pressed" to bring to fruition - as Jesus and Moses illustrated.

This Third Seal's opening that began with Barack Obama's presidency in the way it began with the Global Economic Crisis of 2008 is still into 2015 very much reverberating throughout the U.S. and it's allies and the world and will only continue because the bigger part of it seems to have been orchestrated and/or taken advantage of, directly and/or indirectly as a way to move huge sums of capital into un-budgeted projects that certain ones need to keep largely hidden from the general public to not foster outright rebellion when they become more aware of the depth of the deceit and manipulations and sowing seeds of confusion about what's real and what's fake and why.

Examples of the need for funding are seen in the huge escalation of outer space projects, space telescopes, the quest for new elements for further anti-gravity and/or energy generation research and development (eg. CERN, etc.), continuation of nuclear technology development with as little public scrutiny as possible, the very large effort to continue to build and develop long term

underground facilities and tunneling networks between them that are essentially little cities where many of the elite can purchase space to flee to for whatever reason, i.e. - a meteor, asteroid or comet strike, nuclear attack and/or accidents due to earthquakes, tsunamis or volcanic eruptions and the general havoc that is inevitable and that some even suspect is attributable to “God's Wrath” as shown in a great deal of prophecy from the Old and New Testaments and in what Jesus said about his return and the “time of great trouble” (tribulation) through the Book of Revelations. The Luciferian space aliens spin the interpretation of the biblical records as a war against the bad space aliens when in reality there is no differentiation. The space aliens are all “bad” from the perspective of Ti and Do and Crew because they are against them as the Representatives of the Creators of the Universe and all its life forms.

All this stimulates an increased need for security to deal with continued, dissident rebellions and general increasing unrest around the planet, as the Next Level stimulates the SIGNS OF THE TIMES, on/under and above the Earth with a large part in deeper outer space, while the Luciferian Space Aliens still clandestinely try to garner support among humans via creating more contactees, spiritualists, paranormalists, religionists, agnostics, atheists, humanitarians, environmentalists, socialists and virtually all human condition behaviors and ways to keep as many eyes away from the real Physical Evolutionary Level Above Human's Older Members, Ti and Do as they can. The humans who received a “Soul deposit” from the Next Level, whose eyes are turned away from Ti and Do and/or the Next Level Above Human then become unwitting allies of the Luciferians and a pseudo spiritual and/or humanitarian/environmentalist agenda at a time when the lesson plan is to separate from humanism to show allegiance to the Next Level through belief and service to Ti and Do and Their Crew. Before this time giving one's all to humanity was a positive step out of one's self centered mammalian mind, in accordance with Jesus teaching to “love your neighbor as yourself,” not that one doesn't continue treating others with the same respect and consideration even as they give their all to Ti and Do and Their Next Evolutionary Kingdom as that is the “way” of a member of the Next Level, which is why Jesus listed such as the “second greatest commandment.”

This third opening of the seal on the Rev 5:1 “book” as with the second seal's opening ushers in the start of the time described as the 7<sup>th</sup> Angels Trumpet

Sounding and seems to be most apparent as stimulated to start with the airing of the National Geographics Channel's Season 3, Episode Two entitled appropriately in the series, "Final Report: Heaven's Gate," first broadcast on October 17, 2008. This is one of the most popular documentary television publishers in the world, so this would have been seen by even millions potentially and where it differs from all others before it, is by it's posing the question, whether Ti and Do were the prophesied fulfillment of the so called, "Second Coming of Jesus."

It's been shown throughout the scriptures referred to in this book that it never was Jesus' return alone as he comes with his Father, thus as TWO WITNESSES, the Jewish requirement for any Judgment, and both come incarnate - in the flesh, again as always, to bring their student body to their "spirit/mind birth," never meant to be a birth in which the human physical body is taken into the heavens (clouds) which is the misinformation "rapture."

The accurate way the "spirit birth" occurs is through the returning Soul's use or "borrowing" of a prepared human vehicle that is SEPARATED (caught away) from it's human family and relationship root system and mammalian behaviors and ways such as propagation of the species and all forms of sensuality with elevating self to some degree of godhead and sexuality the biggest forms and "overcoming" aka conquering or prevailing against the influences that would have us fall away from that separation.

This process can not be accomplished without the hands on direction from an Older Member who had been through the overcoming process before, even many times, who becomes the equivalent of our "parent" - Jesus termed "Father," at that time in "heaven" (in Earth's atmosphere and/or in near to outer space) according to the steps provided that become an actual metamorphosis that used the human body to change and grow one's Soul body within that can even make it into a Next Level physical body that Jesus demonstrated but had to be taken on board his Father's spacecraft to complete enough to return to Earth to prove he was still physical and the same one who was crucified and was with them for those years.

However, Jesus compared one's "spirit birth" to the "wind" - something a human can not see but exists and is still physical so can be felt if touched by it. Ti and Do's students apparently were not needed to perform an equivalent

demonstration of their new “butterfly” body, so ascended into Their spacecraft while leaving their “caterpillar” shells behind. Jesus had given the proof to those he was primarily midwifing through their human kingdom birth canal. Such proof was not given to those at this time because there is still the potential for some to graduate and Ti and Do taught that when the possibility to graduate is still available those students in their human vehicles can not be given any proof - they need to derive their proof by taking in the Mind of their Older Members who are/were incarnate, although Do prepared for their “exit” in such a way as to provide Ti with the option to provide such an equivalent demonstration as Jesus gave or for some other task that might entail their keeping their human vehicles for a while.

The Greek word, “apokteino” that was translated to the Two Witnesses being “killed” was not the most accurate translation because “apo” as a prefix modifies the “kteino” (to slay) part with the prefix to separate or exit or go away from, or by or through dying and apokteino is followed by the Greek “auto” which is most often used as a pronoun in the plural context as “them” but in the added context pertaining to “self,” thus they “separated by dying themselves” rather than being killed by others, as was the design for their exit during the second trimester as Jesus instructed for his disciples. They were commanded to tell the world what Jesus taught and demonstrated to them. That seems to be the same kind of stage, those of us who are seeking to be Ti and Do's active students must experience to show the Next Level our trust in Them that will come about for some as they “stand for Ti and Do” in the upcoming months and years before all options to graduate or be saved are “done.”

A more thorough description of this time period can be found in section **III.D.11. REV 11:15 - SEVENTH ANGELS TRUMPET SOUNDING - DISCLOSURES (VOICES) FROM HEAVEN...**

**IV.C.1. THERE ARE TWO FALLS OF THE UNITED STATES (THE NEW BABYLONIAN EMPIRE) FOCUSED ON NEW YORK CITY; 1) THE ENDLESS GLOBAL WAR ON TERROR AND 2) THE GLOBAL FINANCIAL CRISIS WAR ON THE MIDDLE AND LOWER CLASSES. BOTH REPRESENT A LOSS OF ANY REMAINING DEMOCRATIC PROCESSES, THE PATRIOT ACT'S, A BIGGER SURVEILLANCE STATE, AN OVERLORD HOMELAND SECURITY**

**DEPARTMENT OVER ALL OTHER “INTELLIGENCE” AGENCIES,  
MAKING CORPORATIONS EQUAL TO PEOPLE SO UNLIMITED  
FUNDS CAN EVEN MORE OPENLY BUY ELECTIONS AND EVEN  
TECHNICALLY ENABLING A CORPORATION TO RUN FOR  
PUBLIC OFFICE**

Two falls depicted. The Kingdom of God/Heaven don't repeat themselves without a reason and as with all the prophecies they show the events a number of times from different perspectives, the first from more of a student perspective and the second from the worldly perspective:

Rev 14:8 And there followed another angel, saying, Babylon is fallen, is fallen, that great city, because she made all nations drink of the wine of the wrath of her fornication.

Rev 18:2 And he cried mightily with a strong voice, saying, Babylon the great is fallen, is fallen, and is become the habitation of devils, and the hold of every foul spirit, and a cage ((prison)) of every unclean ((impure)) and hateful ((persecuting)) bird ((a bird-ling, rising in the air, fowl [fowl seems to depict all humans that have become predators, which is a space alien mindset stemming from Lucifer and his associates])).

And so it is with many, many stories past to present that show how many manipulations there have always been, though the surfacing of are at this time being brought to the “light” in an unprecedented way. Yet, even still, everyone is put to the test because just seeing this and talking about it doesn't preclude choosing to side with those fostering the deceit when it becomes a challenge to our lifestyle to counter. That challenge really comes into full swing during the time of the fourth seal's opening starting officially in 2017, but is already showing a major acceleration since the blood moon of September of 2015.

**IV.C.2. REV 13:7-11 WAR AMID/AMONG/WITH THE REMAINING  
(REMNANT) SAINTS**

Rev 13:7 And it was given unto him to make war ((battle)) with ((3326 meta= amid, among)) the saints, and ((2532 kai= even)) (to) overcome ((3528 nikao= subdue, conquer, prevail against)) them ((846 autos= themselves, theirselves)): and power was given him over all kindreds, and tongues, and

nations.

Because of where in the timeline this verse refers, “saints” does not seem to refer to those who were among the first fruit harvested with Do in the Heavens Gate group. There were 38 students with Do at that time in March of 1997. Before the year 2000, 4 more students who had been in the “classroom” layed down their lives. Thus I have settled on the number 42 as part of the first fruit harvest.

Therefore the “saints” in this context would be those referred to by Jesus as the “remnant or remaining” who choose to offer themselves to Ti and Do's service entirely, after they and these 42 have exited their incarnations. They are referred to as “saints” because they have chose to put their lives in the hands of Ti and Do that would mean they seek to make significant changes to their behavior and ways, as was required for the first fruits that includes “giving their lives” by not clinging to their human SELVES and root systems (family), leaving all by bonding instead with Ti and Do that will be completed when they lose their human life while still in Their service no matter how that occurs. That giving of self in total is what defines a “saint.” It has nothing to do with what a religious organization deems a saint as in the Catholic and Hindu religions. No human can assume they qualify as one of these saints or know who does or does not. It would be a human ego trip to take or accept such a title or designation as only the Next Level Older Members can read our hearts and determine whether we qualify. One can see how making that designation leads to worshiping of students, a way the Luciferian space aliens dilute and distort the truth that can easily become a corruption of our minds.

Do referred to these who can still advance to their next station towards complete overcoming of the human kingdom and the receipt of a Next Level vehicle and service in a Next Level off earth environment as the “second type, or group or kind” who would not be among those in the upcoming recycling/spading of the garden. The first type are those who complete their overcoming while with the incarnate Older Member which is not only about separating from human behaviors and ways and root system (family) but must include pleasing both Do and his Older Member Ti. Otherwise it would seem separating alone would be the criteria. This is required because of how Lucifer, though he had accomplished some part of his lessons that got him

into some service in the Next Level, rebelled against losing his ego, his sense of self importance and individuality aka separateness from his Older Members mind, and because of was not someone the Older Members wanted on their crew as he would prove to be an interference in their work if he had to do things his way. It's not that the Older Members have any desire to control us, but they do need to see that we don't still harbor our own self interest that would result in our wanting to control others. They only want to have their Older Members mind flowing through them. That then teaches those coming up the same thing and it becomes a safeguard to not get tricked into serving another's self interest as Lucifer and his associates did.

These REMAINING SAINTS will be subdued, the root meaning of Greek nikao translated to “overcome” a potential synonym. It's not indicating these are necessarily killed at this time as is indicated could happen to some or even all of these during the time of the next 5<sup>th</sup> seal's opening. This verse here shows a strong correlation to Rev 11:7 with the lower forces being given the power to battle the Members of the Next Level, Old and Young and having some success to subdue/overcome them or even cause them to bring about their own (self) subduing ahead of their exit of their in the flesh presence (incarnation) by turning against the Next Level.

In the first subduing/overcoming event is shown in Rev 11:2-7 when the beast from the bottomless pit is at war (of lies verses truth) with the Two Witnesses and subdues (also translated as overcomes) them, as shown by Ti and Do, then using the names Bo and Peep, called by the press, “The UFO Two” when they were as a figure “SHOT DOWN BY THE PRESS” in October of 1975, in the U.S. national street/town square (the media) as they were finishing their testimony that gathered their “lost sheep,” those who came with them (resurrection of the just) aka the “saints” depicted as those incarnate (treading by foot (footstool, their human vehicles) “under” the “holy” (sacred/saints) city (temple geographic area).” and hovering New Jerusalem spacecraft. Then sometime later these Two and student Crew (saints) “separate by dying (or even killing) themselves,” a completely legitimate translation option of the Greek “apokteino auto,” as “auto” is a pronoun that is strongly SELF based and even related to the “baffling wind” that Jesus had compared to a “spirit” in his talk about the need for his disciples to be born of flesh to be born of spirit.

This idea that those and these bring on their own subduing and the death of their physical vehicle is reminiscent of how Jesus brought on his own vehicles death as the exit plan that in that trimester was used to show that he really wasn't dead. Jesus talked about how regarding his life, "no man takes it from me." He "lays it down" and he does so "for his Father." It was his assigned task that though very difficult he was wanting to do and he knew that by his doing it, he was also showing his disciples that he prepared well for this part of his task that they too must do the same "drinking of his cup of the self blood sacrifice of his body" in service to Him, as he did for His Father in Heaven as He was their "Father" about to return to his station on board the spacecraft in the literal heavens. The service he laid out for his disciples was not to turn themselves in as he did. The task was to lay down their lives by performing the task of telling the truth about him and what he said, which He knew would if they persisted would get them killed, thus they chose to take on that task knowing they would meet the same fate as their teacher Jesus did and that was directly self stimulating the death of their vehicles. Stepping ahead to Their return they took that yet another step by all self initiating their exit by laying down their human vehicles to their death so they could take up new Next Level bodies and service and membership in the Next Level as adult members. That process is then repeated during this second stage harvest.

After the first fruit lay down their lives the second fruit group then are commissioned by Do to disseminate with their mouth the truth about Ti and Do and their first fruit and in so doing draw to themselves the battle with the lower forces - the Luciferian dragon and bestial human equivalent space aliens who whether discarnate or through human or human equivalent vehicles and/or technologies are beaming down their mental bullets upon those attempting to wash their robes. There is some indication these are subdued even from within their own ranks of fellow believers, thus "themselves", being susceptible to the Luciferian bombardment. These don't necessarily lose the human vehicles they are using during this time, though as always they can lose their Soul's connection to Ti and Do if they cease seeking their guidance. According to prophecy it is during the time of the fifth seal that many servants of Ti and Do could lose their human vehicles via service though that seems to extend into the 6<sup>th</sup> seal and 7<sup>th</sup> seals as the seals are both representing openings or revealings of mysteries and times when

prospective candidates to membership in the Next Level are affirming their candidacy by making significant changes to separate from their humanness and giving service to Ti and Do by “standing for them” or at the least not choosing allegiance to the “bestial” human governments and institutions and/or space alien Next Level facsimile IMAGE of the BEAST individuals and/or organizations.

It is said as the Dragon/Beast being “given to make war/battle...” because Ti and Do and crew are pulling away certain protections so the remaining student body can have the chance to further build their strength by working against. In Rev 6:4, this same idea of the Next Level giving bestial humans their power is indicated when it states how the one sitting on the “red horse WAS GIVEN...to take peace from the earth,” which is reflective of this same time after the Two Older Members and their first fruit student body have exited their incarnations and returned to their Next Level “seats” - task assignments on their spacecrafts.

However, during the time of the “red horse” prophecy fulfillment, as shown by George W. Bush's regime, the Next Level may have withdrawn certain protections of those they were working with from being overcome/subdued or “hurt/wronged/damaged” by the lower forces. I say that because in the next period of the 3<sup>rd</sup> seal opening in Rev 6:6 throughout Obama's “black horse” regime protection seems to be indicated where the prophecy states “thou hurt ((91 adikeo= act unjustly to, sin against, wrong, damage or harm or act wickedly towards)) not the oil and the wine.” These seem to be the first two of the three remaining “types” of humans who Do spoke about who could still “leave with them,” meaning they would not be recycled in the Lake of Fire. These type included FIRST those who are giving their all by starting/continuing their metamorphosis by separating from their human lives and engaging in the overcoming process by applying everything Ti and Do taught - to include giving service to, “standing in defense of Ti and Do,” described as the “oil” and LAST those that are not yet strong enough to leave all behind and fully engage the overcoming process but try to make significant changes and believe in everything Ti and Do said and provide service by “standing in Defense of Ti and Do” and maintaining that defense until the end, accepting the consequences described as the “wine.”

It's also interesting that three once long time members of Ti and Do's

classroom who had dropped out of the class exited their human vehicles during the time period of the 2<sup>nd</sup> seals Red horse. They were known as Echody, Prkody and Dncody. I don't know why Echody's vehicle died but Prkody's vehicle died from cancer and Dncody's vehicle died by complications from I believe the AIDS virus. I had visited with him in 1995 before he was diagnosed HIV positive (though perhaps he knew but didn't tell me). He tried many things to fight against it but I don't know if he asked help from Ti and Do but it's probably unlikely as once someone left they are letting their adversary take over their vehicle, though probably in degrees so might not ask them. I at one point thought I had a serious medical problem soon after I left and thought it was a punishment. Ti and Do never spoke that way about those who left and in the classroom they tried to help us get rid of any guilt we still may have had from things that happened to us, (our vehicles) before we awakened in them. Thus it was my own conflict and I nearly fainted considering the problem's severity yet didn't ask Ti and Do to help me even though I never disbelieved in who they were. Asking for help would have been like saying I want to be your student again. But at that point in late 1994 my portion of Next Level Mind in my vehicle's Soul had withdrawn from my vehicle's consciousness so much that it didn't even occur to me to ask their help. I don't know how other dropouts thought. But when Dncody was in a hospital in Florida well after Do and the 38 left, near where his parents still lived, he was on the telephone asking me to come down there to I think help him with moral support as I had when I visited with him in Sedona. Arizona and he was very unhappy. But now I was in New York with my partner and our very young daughter and believe I had a full time job and didn't know what I could do for him so I said I'd do what I could on the telephone which he understood and was thankful for. He passed away soon after that.

Incidentally, the third type who Do said could go with him in some sense and be saved from the spading would be those who never heard of Ti and Do but were in their own way separating from their human kingdom attachments and giving their lives to their understanding of the existence of Creator Beings. It has occurred to me that those who don't accept the "mark of the beast" maybe some of those who are of this type because not accepting whatever marking represents, not giving our allegiance to the bestial acting human governments and institutions, religious or secular, which will be a big step for many to

take, as it may mean one is no longer in their system that could inhibit their buying and selling of goods as prophecy indicates is to come. It also states that those who do accept the mark of the beast will be subject to the plagues that are the seven angels with vials I believe begin to show their arrival at anytime now and may have already begun that are in addition to other methods of providing opportunity for some to change their mind (repent) and recognize and give their allegiance to the Next Level as a show they still have some Next Level mind in them. We can talk about what Ti and Do said it takes to graduate the human kingdom but as far as who will be “saved” for a future classroom, it's really not for us to say.

A confirmation of the time frame of this Rev 13:7 battle with the saints is indicated by the beforehand Rev 13:3 depiction of the “wounding of one of the beasts heads” which most seems to apply to the 9/11 and Pentagon attacks that SHOOK the world and was the first of two “falls” for America (new Babylon) having already occurred before this 2<sup>nd</sup> subduing of the remaining students of Ti and Do. (Also see Dan 7:25 that seems directly in sync with Rev 13:5-7).

Again, Rev 13:7 indicates how this subduing or conquering of the saints can also be a battle “amid and/or among themselves” - an internal battle and one in which they are pit one against the other and is totally parallel to the way there was discord and competition between some of the disciples of Jesus, especially seen after Jesus exited.

There was even competition between Paul of Tarsus to be equated with the 11 Apostles (those who Jesus specifically assigned as his delegates because of their personal experience). It's similar now, the reason being we are all subject to the same Luciferians and have the same kinds of lessons to learn to overcome our humanness that sets up the criteria that triggers another's area to gain strength to overcome.

For Paul to come to refer to himself as a delegate (apostle) equivalent to those Jesus assigned shows Paul was in competition with them. Perhaps he was jealous of what they had and it wasn't really his fault entirely because the Luciferians were there and were permitted to attack more after the Older Member leaves - even immediately after as Jesus indicated would occur and would even come saying he was “Jesus.” Thus when there are differences of opinion of what Jesus said and taught and did, they were all faced with any

that had their own ideas or about things that Jesus didn't cover directly. The Next Level can even leave out clarifying some things as it then provides a testing ground for the remaining students to pull on his Mind for answers and come up with answers they can agree make the most sense, according to all they learned from being with Jesus personally and/or from the body of information he left as in the case of Ti and Do. I am not separating those who had experience personally with Ti and Do from those who come to believe in Them after they exit, because at this time there is a great deal of information they left behind that if studied can yield the same recognition of how to treat certain circumstances as They might.

At one point the Apostles decided to write a letter on a number of topics and send it back to groups of potential new believers in Antioch and Syria and Cilicia with Paul and Barnabas who would be accompanied by Barsabas and Silas whom they counted “of their own company” (Act 15:22). The letter pointed out what was told them that was not correct. (Don't forget that Jesus told them as he was leaving that whatever they bound on earth would be bound in heaven - so they did have the authority to settle disputes). Here is a segment of the way they settled the issue by letter and by mouth:

Act 15:24 Forasmuch as we have heard, that certain which went out from us have troubled you with words, subverting your souls, saying, Ye must be circumcised, and keep the law: to whom we gave no such commandment:

Act 15:25 It seemed good unto us, being assembled with one accord, to send chosen men unto you with our beloved Barnabas and Paul,

Act 15:26 Men that have hazarded their lives for the name of our Lord Jesus Christ.

Act 15:27 We have sent therefore Judas and Silas, who shall also tell you the same things by mouth.

So Paul and Barnabas went with these others back to Antioch to deliver the message and stayed for a while until Paul wanted to move on by himself with Barnabas to revisit others they had visited before in different areas and this became another point of contention on who was going to go with who:

Act 15:37 And Barnabas determined to take with them John, whose surname was Mark.

Act 15:38 But Paul thought not good to take him with them, who departed from them from Pamphylia, and went not with them to the work.

Act 15:39 And the contention was so sharp between them, that they departed asunder one from the other: and so Barnabas took Mark, and sailed unto Cyprus;

## THE LUCIFERIANS IMMEDIATELY ATTACK THE REMNANT OF “SAINTS”

What many don't know is how much discord there has been among the ones remaining behind that still believe in Ti and Do starting from immediately after Do and Crew exited in March of 1997 that continues to date in August of 2015. Some has dissipated with time and there seems to be little to no contact between some or to the public I am aware of and it all started centered around the letters that the class provided Mrc/Srf that contained instructions on certain financial loose ends, management of their web site, Heavensgate.com and ESPECIALLY REGARDING THE SUGGESTIONS ON HOW TO HANDLE THE CONTENT OF THE STORAGE ROOMS they were leaving behind. Three letters I was given by Carlan (Crlody in the classroom) who got them from Rkk who got them from Mrc were addressed to “Mrc/Srf,” one dated March 22, 1997 and were signed by “The Class” in two of them and the third by “Pursers (Sng, Slv, Mll, Gld)” all three giving various detailed instructions on how to handle legalities and their small fleet of automobiles and funds to pay certain bills and expressed their desire that funds be made available to those who support them and choose to assist in providing their information to others.

One letter spoke in general about the content of one storage room, though made specific mention in how to handle certain exercise equipment that belonged to the owner of the house they were currently leasing, thinking he would want the equipment back. But this was also where the audio meeting tapes were that Ti and Do had made from 1982 until Ti exited on June 19, 1985 which were 218 tapes as well as the audio tapes made by Do after that until they exited in March of 1997 that amounted to about another 266 more tapes. The instructions in the letters left it up to Mrc/Srf to decide what to do with the contents of the storage room (except for the exercise equipment) and even suggested Rkk and Osc to retrieve the contents if Mrc/Srf for whatever

reason didn't want to.

They made it clear that they wanted the content of that storage room to be divided among those who wanted to participate in disseminating their information as they also stated wanting the public to have a chance to have more knowledge of who they were/are and what they were about than what they knew the public would get from the media coverage. The division specified that if any funds came from the sale of things in storage those funds could be used by those involved in the project and they didn't limit who could help with it, though they gave the names of all they thought wanted to help with the project at that time. Do and crew didn't want the authorities to get the content of those storage rooms and Carlan said, I believe from Rkk, that they had put the cases of tapes right in the front of that storage room. There was a separate storage room that had a 20 foot yellow truck in it that they thought could be used to remove the contents of the other storage room.

As it turned out Mrc/Srf didn't want to go to the storage room so arranged to meet Rkk (and perhaps with Osc) to give him all the letters addressed to them along with the keys to the truck, etc. Rkk/Osc retrieved the audio tapes and soon thereafter Mrc/Srf seemed to change their mind and wanted it all back, Rkk, I believe didn't feel he could trust Mrc/Srf for a variety of reasons but possibly the biggest being, according to Crl, the way the names on two of those three letters apparently addressed to them ("Mrc/Srf"), were blacked out, as if whoever did that didn't want to be associated with the task. It was strange that those two letters were the ones filled with the legalities and automobile instructions, while the third letter that talked about the storage room content and intentions for the items of value in them still showed being addressed to "Mrc/Srf."

Regardless of why two letters had names blacked out and one didn't, Rkk with Osc (as was also suggested by Do's crew (if Mrc/Srf chose not to perform the task)) went to the storage and took all the tapes and began to copy and digitize them and accomplished doing so for most all the tapes that were recorded while Ti was still in her vehicle, which numbered at about 218. At some point Crl, who had joined the class in 1994 and was with them for a number of months got involved with Rkk and the digitizing process and they began to send cd's with the digitized tapes on them to libraries and universities. By this time Mrc, and presumably Srf who was largely quiet in

communications, wanted them to be given back to them thinking it was their task. My understanding is that Rkk did end up giving Mrc/Srf all the audio tape masters, while retaining copies of the 218. (I took Rkk's giving them back as his recognizing that Mrc/Srf were given the instructions to manage the distribution of the tapes, as shown in the letters).

Mrc/Srf hired a lawyer to bring a lawsuit against Rkk and Crl's dissemination of the digitized tapes now on compact disks. I know some of this story from the contact I had with Rkk and Mrc by phone during this time period. I was trying to offer help but I was not in a frame of mind to get that involved. Even though I had gone public with my continued belief in Ti and Do, I was not an active student. I had started a new human life, had a partner and she just gave birth to our daughter.

I had been in contact with Rkk before Do and Crew had exited because I traveled all over the western U.S. meeting up with all the dropout members I had addresses for and Rkk was among them, as was Cdd, Dnc, Mrc, Srf, Jst, And, Pmm, Hvv, Osc, Pyp and Flx, while I heard about Abl (joined briefly in 1993 having been Flx's partner in the world, who she returned to when she dropped out in around 1981, so joined when Flx rejoined) and spoke to Gnr (had become a human partner with Rkk when he was outside the classroom. She was in the class for some weeks in 1994, joining when Rkk rejoined following the dissemination of the Beyond Human video tapes they were among the receivers of) on the phone and in email. I knew these well from being in the classroom together, most for about 12 years or more depending on when they dropped out, though also because some rejoined before I left and dropped out again after I dropped out, namely, Rkk and Jst. I visited with them, seemingly as a matter of convenience as my new partner wanted to travel to certain places out west from New York to invest in land. I told her I knew a lot of people and we could stay with them along the way. We did that and we also stayed with people I knew in Newport and Waldport, Oregon from before I joined with Ti and Do.

During the greater part of seven years I was what might be called an “inactive believer,” roughly from when I left in September of 1994 to 2001. During part of this time Crl, with Rkk at first and then Crl on his own after Rkk layed down his life, were active in talking to people, digitizing the approximate 218 audios created by Ti and Do from 1982-85, that Rkk/Osc had kept from

Mrc/Srf, to send to Universities and libraries and people with additional packets of the information Do and Crew left behind; The Book, video exit tapes the "Beyond Human - The Last Call," twelve video tapes. I understand all they charged was for the cost of shipping.

However after the 9/11/2001 attacks while I was living and working on Long Island close enough to see the smoke from the burning WTC, I felt it was quite apocalyptic and began to study what led up to it politically, in conjunction with searching the Bible for indications of it and then began to write about what I was discovering, relating it to the "end times" or "last days" Ti and Do mostly referred to as the recycling time. Before I lost my full time computer programming job on Long Island I was attempting to write a book with the title in my mind as "The Message" when I had a bunch of dreams, the first with Ti by herself simply approving of my writing. After that I had dreams with Srr with Do and Crew, Do by himself and many other signs that helped me begin to re-awaken to wanting to serve Them again and by 2002 I had committed to do so though understood it didn't have to entail leaving my new human family to do so, as I had become attached to them.

I knew re-engaging service to Ti and Do would mean detaching from my human family eventually but I didn't dwell on that as at that time I did not have enough Next Level mind in my vehicle to accept it. It is still hard to swallow but Ti and Do have gradually and gently helped me a great deal to where at this time my partner has left me and my vehicle's daughter is just about on her own at 18 years old. I don't have any reason to believe leaving where I currently live is an automatic condition when there is no Representative incarnate offering the overcoming classroom and of course it also depends on whether staying a little engaged in my vehicles family life becomes an interference with the service I can provide that will continue to face me with what I needed to learn to overcome. I have to be prepared to leave should Ti and Do require it of me.

By 2003 I was on the internet searching for Heaven's gate and came across Crl who had approached the one who later became known as XF (who was never in the class), who was tricked by the lower forces to create a group of four additional new believers that turned out to be of XF's fabrication. This is referred to by a number of us as "the Hoax."

Crl had continued problems relating with Mrc/Srf due to Mrc's insistence on

keeping the tapes and because of things Mrc said that He and Rkk saw as disinformation - for example according to Crl, Mrc said, “no one will benefit from exiting their vehicle” and “The door is closed. to (leave) is a fruitless act. Your task is to stay here and grow forward,” among other things. (I agree those are not statements that relate to what Do said, thus Mrc's opinion based on some other source, while claiming to be the “gatekeeper” because of his task to maintain the web site and handle tasks to do with the groups legal affairs, finances and physical property that was left behind.).

Neo, (known in the media by a different name, he asked me not to use) published a book in 2007 about his experience in the class having joined in 1994 (when I met him) and left just two weeks before Do and crew exited. He and Mrc had said things against Rkk and Crl publically on the Art Bell radio show and Mrc still wanted to stop any dissemination of materials. I pointed out to Neo via email that what he said about the origin of the “ody” names, in his book was all wrong. He stated his understanding as if it was a fact, which shows that even being in the classroom does not mean one absorbs all that's taught and can be subject to misinformation as well). Crl took issue with other things Neo said and did or didn't do. I went through Neo's book and highlighted a number of other things that didn't seem to express Ti and Do's teachings exactly but he told me by his silence he didn't want to know and never responded to the part about the ody names, at least that I ever saw. Neo later started a YouTube channel named, “riverofangels” and on it he posted the Beyond Human tapes. Then one day he closed the channel and later told me in so many words in an email that with the publish of his book, he was done with his contribution regarding Ti and Do.

When I got back in the fray I began conversing with XF's imaginary believers via email in great length about my experience of 19 years in the classroom and I began to communicate with Mrc/Srf in an attempt to find out why they were holding back the remaining tapes and never got any concrete reasons except that Mrc said he and Srf were left with the task and that Srf told me they were afraid people would portray Do in sexual ways if they had them, to which I responded that nothing we did could prevent that if someone was a mind to do so. Years later Mrc was helping me with certain memories of the early classroom. (They left the classroom in 1987 being told by Do and Crew they had to leave until such time that they wanted to abide by the lesson step surrounding breaking down our ego - giving the Next Level our will that was

entitled, "I could be wrong").

During that time in 2014 Mrc, at one point confronted me with why I was wanting to be so detailed on the past history (for the purpose of this book) yet not that detail orientated on the fact that he and Srf were trusted by Do and Crew to decide on how to handle the tapes. So I asked him again why they weren't providing the tapes and he referred to something Do once said on the tapes about how humans may not be able to correctly see what he and Ti said on the tapes and might twist things as they did to the Moses writings, trying to adhere to certain things that were meant for their classroom specifically that could do them harm. (I have yet to find that segment, but as I was there for all the meetings up until nearly 1995, I do recall some talk about that, but at the same time also heard a great deal more talk about expecting that humans will hear those tapes and how the letters spell out their intentions, while giving them the option to accept their intention of wanting people to have a chance for a more in depth understanding about them. He told me all the tapes were digitized but didn't want them made available to the public and didn't trust that I wouldn't provide them. He felt, if I understood him correctly, that they were for only the classmates which I don't agree with at all even though many lessons were specific to that classroom.

Crl sent me copies of the letters Mrc had turned over to Rkk so then I knew what was going on and at the time didn't recognize how Do's not being specific with what to do with the tapes and leaving it up to Mrc/Srf was a test setup for all, so I more or less sided with Crl so tried to appeal to Mrc/Srf to make them available but I had no influence on Mrc/Srf. Crl has most of the details of what was a great amount of discord between him and others that I got somewhat in the middle of. The person that did the hoax came clean and asked for forgiveness but Crl last told me he doesn't trust him though I tried to help him see we don't need to trust him as we have no group or plans to coordinate or events to do together and that people can change, which XF was showing a capacity for off and on. XF admits struggling all the while, having a short temper and being prone to defensiveness as areas to overcome. Because of my activities, starting a blog and making video's of me talking about my experience with Ti and Do for the last 12 or so years, Crl has expressed how he believes, is about my building myself rather than being in service to Do.

I at one point wrote in a post or comment to someone that I believed myself to be the “most outspoken” about Ti and Do's information. Crl saw it later and called me on it and I owned up that it was an ego building influence with me that I let use me to try to impress this other person by. It's a human way to try to impress someone with our self importance and in some competitive way to boot. Plus Crl has I'm sure sent out more of Ti and Do and Their Class' Books and tapes than I have by a long shot, though all in all it's a human type of comparison.

There is a great value to disseminating exactly what Ti and Do said and did in their words and in the words of the 38 active students. But it can also be quite valuable for any “active students” to share their personal experience as a number in the class did, to be found in the Purple Book's materials posted on the Heavensgate.com web site, still maintained by Mrc/Srf that is good for copying and/or to downloading the free text/zip file of Ti and Do and Crew's Book. The evidence in this statement is in the way those classmates wrote their own papers, giving examples and talking about all they gleaned from Ti and Do over the years, saying that they could be wrong about this and that perspective. They were with Do physically. He most likely read all their statements or at the very least his Helpers and writing task Overseers read them. I witnessed how even Do had some go over what he wrote and was open to corrections not in the content but in the grammar that can open doors to misinterpretation, doors Do preferred to close.

Slv was one student among those who wrote documents who had been a dropout from the 1980's to her return in the 1990's. Ti and Do can be heard on the audio tapes talking about how their students all represented a genetic strain of humans who might most identify with the way in which one particular student expresses him or herself. Crl has put down my vast verbiage as nonsensical and rambling and I don't disagree, though I hope it has improved over the years and have been told by some it has. He has accused me of acting as if people should look to me, to replace looking to what Ti and Do have said, but as of yet haven't seen any examples, though his criticism has put me on my toes more as I know I can slip into over-confidence, especially when it comes to what I believe I am seeing in scripture that Ti and Do didn't talk about directly.

Of late Crl has told me a number of times now that he knows that I am a

“charlatan” and am really about promoting myself. I'm not saying I don't have many things to overcome and one of them is an ego but nor do I believe dissemination of Ti and Do's info is restricted to only what they wrote when I have 19 years of personal group communications with both Ti and Do and with one on one with Do in their classroom in which I also had writing tasks and was on the Beyond Human tapes as a helper to Do, was a “craft overseer” and gave many meetings around the country on Ti and Do's behalf in 1975-6 but especially in 1994 as a group overseer and primary speaker and communicator with the media. Now those are not qualifications as they were simply the avenue for my own lessons that also provided service to the mission. They just show the “tests” I was subject to that in so doing, as with all overcomers, would surface the influences with me that sought to build up my ego into being someone special. However, even though those positions seem lofty they didn't keep me on the straight and narrow because I still dropped out having failed to graduate with my class. But we all get chances to try again, which I am in process of doing.

Even so, just because I can see how having so called lofty looking positions in Ti and Do's organization were lesson opportunities, that's the way it works in the Next Level. The more we serve the more lesson opportunities we get and the more responsibilities we get assigned that give us more lesson opportunities. Ti and Do said that never stops even after graduation. The lessons just become different. In this way Ti and Do also felt they got lessons. One big lesson they said they got was by keeping that rental car beyond its turn in date. They considered it a lesson, yet we have no idea if their Older Member who there was some indication from Do was the other part of Ti's mind that he, Ti, didn't need to bring with him to perform the task through the female vehicle he took, led them to keep the rental car as long as they did to fulfill prophecy by. It gave the human authorities and media a clear reason to discredit and condemn them - to subdue - shoot them down in the street commons of the national media as occurred and was the way the prophecy of the Two Witnesses proceeded.

Plus Ti and Do spoke about how students remained individuals. It's true that they would grow to not want to be individuals, knowing that they thrive on every jot and tittle from their Older Members mind, but the Older Members don't want robots or slaves. They want to trust each younger member will seek to do the most right thing in each new circumstance, because they will

“pull” on their Older Members mind that includes all the parts of their mind they made their own mind. Thus for many things, they don't have to ask their Older Member, though they still will remain sensitive to changes. Ti and Do called that being “in tune” with our Older Member. When we are with them physically, in tune mostly means asking them by the mechanisms that were set up, how they would do this or that and then following what they receive. When the Older Members are not incarnate, we still have all they taught us to draw upon but with a mind to how to apply certain parts moment by moment instead of an automatic kind of adhering to the previous guidelines.

Now there are certainly some big areas that aren't going to change. They aren't going to approve of talking about the Next Level in inaccurate ways - diluting the information to make it more palatable for the masses. Yet to some it can seem to be a dilution. The key is to continue to check and the attempts to see how each circumstance may require a certain different handling. It is easy to be tricked and even if we are, if we continue to ask for help and to seek correction we will be shown where we get off the track. Even though Crl, I don't believe was tasked to point out to Sawyer his slippages (missing the mark aka sin), I have actually asked Crl to do so repeatedly so he has the right to say what comes to his mind and he has been helpful to me in trying to stay better on Ti and Do's straight and narrow. But nor does everything someone says about us mean we must take it to heart as some are acting out their own lessons under discarnate influences whether they know it or not. Sure all things said can be worthy to consider but if we do consider things said to us with a mind to what Ti and Do think about it, and if we don't see how it fits, then it would be a mistake to try to make it fit.

I have had many more dreams mostly personal to my own growth. Having dreams doesn't make anyone better. I believe when I have one, I need it. I don't get new information from dreams and believe from them and prophecy and many things Ti and Do said over the years that they gave me a task to take advantage of my dropping out to re-interpret Jesus prophecy to include the Book of Revelations. Ti and Do had once assigned Dnc the task of rewriting the Bible, but he never got going very far on and then left the class. As I see more and more in prophecy being fulfilled by Ti and Do and current event signs and governments behaviors and I write and talk about it on the internet and elsewhere I do get some attention from. If I am letting it go to my head, time will tell for sure as I am prepared to exit my vehicle because of "standing for Ti and Do" at which time I will be judged by Ti and Do. But meanwhile I remain open to criticism but am not going to make every shoe fit as the saying goes. If it fits I will try to change those ways that apply. Thus this has been a summary of some of the discord. There has been more. The Luciferians especially attack those that may or do choose to give themselves to the Next Level's service but we don't need to fear that as long as we ask Ti and Do for help to deal with it as they would and keep pressing on. Everything is a test of whether we will respond as a member of the Next Level or not. And the tests are to help us build strength while being of service.

Regarding not having the remaining tapes. I understand Crl wanting them if only so he can hear what he wasn't in the class to hear. I wish they were available to everyone. I have tried to help Mrc see that opinion and what seems to be quite clear as Do's highest intention as stated in the letters themselves. Yet, I contend that if we needed them to be of service to Ti and Do we would have them. I trust that Ti and Do made sure Rkk got those tapes with Ti on them so we could hear Ti's voice and observe how they worked together and what they covered. It's a treasure trove of data though some who don't believe in them at all don't see anything they said as of value. Some appear to listen to them to see if they can find dirt on Ti and Do. One new believer has in times past got very angry with Mrc's holding back of the tapes and I keep saying it's not a Next Level way and to trust that we have exactly what we need. He seems to agree and disagree. I understand that but anger can be just as strong a sensuality as sexuality so we gain strength from converting it into a positive. The positive is that we have so much information from Ti and Do that we could listen to over and over and over and still not get all they were saying. Mrc answers to Ti and Do, though we can continue to ask for the tapes which Mrc said were all digitized years ago.

I hold nothing against Crl and still know he seeks to contain Ti and Do's mind and serve. I only say this in this book to show how this battle waged against all those who are showing their allegiance to Ti and Do is fought and how we can be subdued by it if we don't push past each battle and take away from them our own lesson to change by. Jesus also taught that if you have something to say to one's "partner" (brother, but it's not a gender thing) say it.

Rev 13:8 And all that dwell upon the earth shall worship him, whose names are not written in the book of life of the Lamb slain from the foundation of the world.

All on the earth, who have not sought to show their allegiance to the Next Level's Older Members in whatever ways the Next Level decides is the criteria, according to the three types, from the start of the civilization's human kingdom experiment will directly or indirectly be giving their service (worship) to the Luciferian space alien (dragon and associate fallen angels). It's key to see the real meaning of the word translated to "worship" as bowing and scraping, as many of the religious do. That's a misconception of showing respect though perhaps it's better than ignoring or claiming there is no Next

Level, (thought that can be a good step away from religion). Do said “worship” was to “work for.” That's doing tasks for - becoming the employee of, except in the Next Level all members couldn't imagine doing anything different. None want to be leaders. None want humans serving them. If they wanted servants in the context it's often seen, the Next Level would make or grow robots. They are way above that primitive mindset. Their membership thrive on being of service to their Older Members. The opposite of that is the way all who are not giving service to the Next Level are giving service to the Luciferians because the Luciferians have used their influence from the discarnate world where they trained spirits to work for them to keep humans in their mammalian behaviors and ways because then they will never wake up to what more there is. They become addicted to giving away their force in many ways but mostly through procreation, sexuality and by this time whatever they gravitate to that they are passionate about that didn't come from Ti and Do with the exception for those who never hear about Ti and Do.

For example, when these who are not written in the book kill someone directly or indirectly, as we see increasingly in wars and police actions, I suspect all who justify this behavior are showing who they “work for,” the “false god,” even “false Christ” (as many would say they are Christians) and that's just one example. Even killing others in self defense is breaking the Next Level's rules though you can be forgiven that “missing of the mark” (sin). That is because when you lose your life from another hand because you don't want to fight back you send that signal to the Next Level monitors and they know that you have a Mind that has some of their Mind still alive inside yourself so they take your spirit or Soul and save it for a new opportunity to grow closer to Next Level membership. Thus you are not dead. This is why Jesus said,

Mat 16:24 Then said Jesus unto his disciples, If any man will come after me, let him deny himself, and take up his cross, and follow me.

Mat 16:25 For whosoever will save his life shall lose it: and whosoever will lose his life for my sake ((1752 heneka= on account of, for the sake of, for this cause, therefore)) shall find it.

Mat 16:26 For what is a man profited, if he shall gain the whole world, and lose his own Soul? or what shall a man give in exchange for his Soul?

Mat 16:27 For the Son of man shall come in the glory of his Father with his angels; and then he shall reward every man according to his works.

A key here is that one is losing their life “on account of, for the sake of, for this cause.”

At this time even becoming a humanitarian or an environmentalist when one has been shown how it can become a time to give our all to Ti and Do may be a lesser choice from one's highest potential. This is the time to decide whether or not to seek to apply what Moses and Jesus later said was THE GREATEST COMMANDMENT to “love the Lord your God with all your heart, all your mind, all your Soul and all your strength.” This has nothing to do with joining a monastery or becoming a priest, reverend, pastor whether in a Buddhist, Hindu, Jewish, Islamic or Christian religious orientation. It's not even a time to put ahead of “giving our all to our Older Members” service to help the homeless, the sick, the abused, the hungry, the depressed, etc. That was the lesson step Jesus gave, instructing his disciples and any who followed in his footsteps/teachings related to the SECOND GREATEST COMMANDMENT, to “love your neighbor as yourself,” which doesn't get dropped as we must continue to treat one another with that example. Perhaps even the Luciferians may have passed that grade in school and they still fell away from completing their metamorphosis because what's most important is to connect with the Next Level through their most recently incarnate Representatives, by adhering to all they taught that by doing so will show 100% consistency with all that the Reps taught in millennium past.

So this mouth of this Beast and Dragon amounts to all those who are empowered to wage battle (war) with those who have committed to serve the Next Level Older Members, Ti and Do with their life. That's the definition of a “saint.” It has nothing to do with what any religion calls a saint if it doesn't meet this criteria, of course applicable to times when there was an incarnate Representative to give that commitment and service to. No human has any business saying who is or who is not a saint or the equivalent designation in any language or culture. Humans do this because of the misinformation sowing of the Luciferian space aliens seed aka the “tares” among humans. This is why the Next Level was so against making statues and pictures of people who were then often worshiped (the term for pretending to “work for” them) in some way, that over generations and Luciferian distortions ends up “working for” an illusion of what they taught and did as we see now in all the religions with many Christians, whether they have a clue or not, as the epitome of false Christ worship of Jesus. The protestant reformation did

correct some of these distortions that had crept into Catholicism but then they embraced equivalent or even greater demonic misinformation with the “saved by grace” distortion, propagated mostly by Paul's letters, teaching that “Jesus died for us,” so we don't have to do what he did, even saying we'd be sinning to “try” to do as he did as if it would insult him because he loves us so much he wanted to pay our price for admittance into his kingdom. And then there are all those rituals of being “born again,” born into that saccharine distorted “love” ignoring almost entirely everything he stood for and was trying to teach us to stand for, if we wanted to be with him in his Kingdom.

Many, even most have become their own dreaded Antichrist as they are now anti the entire Christing process, making what Jesus taught about moving closer to overcoming the human world null and void and more like a country club to belong to and then think are qualifying to reap the rewards of going to some Heaven. Ti and Do indicated that taking an atheistic viewpoint can be a healthy step, having recognized the fallacies in the religions, though also a trap if it stops one from further seeking of the truth of where this vast world came from and by Whom and for what reason.

For a number of reasons I believe Pope Francis is one specific manifestation of this “mouth” who is doing this “blaspheming” (railing against), because he's not teaching the actual Christing Overcoming of humanness Process, yet misleading people to think he is God's Representative on earth to millions - using the name of the Lord in vain, participating in the speaking of vain repetitions, making a show of piety, building statues of humans to bow down to, dressing as if they were kings, amassing fortunes of gold and the like, calling their priests “Father” as if to say “heavenly Father” when there is only one who is the Heavenly Father Jesus was referring to with that name. Not talking about how Jesus saw peace and love but making those words into a human meaning.

Mention of God's “Tabernacle” in Rev 13:6 may also refer to the recent observations of the TWO HUGE VERY APPARENT OBJECTS OVER THE SUN on July 21<sup>st</sup> 2014 video photographed by NASA's space telescope and the MANY LIGHTS IN THE SHAPE OF A LAS VEGAS SIZE CITY ON CERES photographed by Hubble space telescope in 2004 and Dawn spacecraft in July 2015, and the FOUR ~200 MILES WIDE EQUIDISTANTLY SPACED FROM ONE ANOTHER, RECTANGULAR

(HANGER/DOORWAY) LOOKING “SPOTS” (AS NASA CALLED THEM) ON PLUTO photographed by New Horizons spacecraft in July of 2015, because I'm not aware of any comments by him in any of those regards. However, saying nothing is also a strategy because we know well that the Vatican has it's own observatory and works with others all over the world and has made statements about the prospect of space aliens or extraterrestrials that didn't address them as “fallen angels” and/or descendents of the fallen angels, at all, so it seems he is siding against the real Next Level to not see that and express all the evidence in that determination.

I say this about Pope Francis because of how much media he has gained since he came to the papacy, largely because of his ecumenical (One World Religion) preaching before and during his visit to the U.S. from September 24 to 27<sup>th</sup> of 2015 and how this was during this years Jewish Shemitah, a Jubilee year that follows each 49 year period (seven weeks (yearly sabbath re-affirmation times) at the time of the harvest moon. This moon just so happened to be a very apparent BLOOD MOON ECLIPSE and the Moon was reddish because I saw it live.

It was also a Tetrad year which means there would be four blood moons in 2015 which hadn't happened on a Shemitah year since the year 1919-1920, which is especially interesting as that is the decade Do said he and Ti came to “tag” the vehicles they would awaken in later. Ti's vehicle would have been tagged then and Do's in the early 1930's.

This would not seem like a prophetic correlation if all these other events had not transpired but are especially interesting given that Ceres is the Roman mythical goddess related to the Greek Demeter which are related to GREEN as in the upcoming GREEN HORSE of Rev 6:8, who I've interpreted is the next U.S. President about to be inaugurated in 2017, that is also represented as the “goddess of the harvest” that would refer to both the way the Luciferian Space Aliens are harvesting the “tares”, those they sowed, as Jesus described that Do said were “weeds” to be pulled up from the “garden”, and to the way it's also the time of the LAST WAVE “fruit”.

The winner of the presidency will then take on the name NAME “death” - Greek, Thanatos because they will be in office presiding over and trying to put a smile upon or to give a sense of hope to, what will be the start of the “winepress” of death including more waring, crime, famine, social unrest,

and anarchy from all directions not only from those who are called Islamic terrorists - but this time including it's manifestation in the U.S. Geography, while the Next Level kept that away during the time their Ti and Do Overcoming Classroom was present til 1997.

The bottom line on this 4<sup>th</sup> Seal is that it's harvest time into the Kingdom of God/Heaven in the “Winepress” great tribulation LAST stage when some will “give their lives for God” and that of course will be met by those who “kill others for god,” except that's the false god in whatever form one serves the Beasts and their Image (spirituality and religiosity - including looking up to space aliens and even to holograms like Fatima that would seem to be expected). Giving one's life for God is through asking our Heavenly Father for that service and trusting what we are shown is what we need to experience, which will always be a choice to do or ignore or slant in some other direction to avoid that hard choice. Some may actually lose their physical life in service to disseminating Ti and Do's information and reality because it will be seen as the ultimate blasphemy by all religious and spiritual (false prophets) and space alien worshipers (image of the Beast) and by the largely atheistic leaders of the U.S. Beast and the E.U. little beast (in comparison).

It is said another one of these types of Tetrads of blood moons won't happen like this for another 33 years. In paying attention to these events and time frames, it's interesting to back up 7 years from 2015 that brings us to the time I have reported I suspect was the Rev 10 and 11 prophesied, “Seventh Angel's trumpet sounding” in the airing on October 17, 2008 of National Geographic channel's, “FINAL REPORT: HEAVEN'S GATE,” that broadcast for the first time by a mainstream popular media organization, as a question, whether this Heaven's Gate group/cult could be what Christians refer to as the “Second Coming” of Jesus the Christ. The reason I am paying notice to that timing is because of:

Rev 14:7 Saying with a loud voice, Fear God, and give glory to him; for the hour of his judgment is come: and worship him that made heaven, and earth, and the sea, and the fountains of waters.

This Judgment Hour time period here seems to be announcing the start of the LAST 40 year time period that may include the half hour, perhaps a 20 year period as the Seventh Seal's time of “silence in heaven” shown in Rev 8:1.

At this time it seems the beginning of the previous “hour” was the 40 years, within which the BEAST, as the U.S. fell from the heights it held in the world's eyes following World War I and II. I believe this falling hour began officially with President Richard Nixon's resignation in 1974 to avoid a certain impeachment and forced removal from the presidency over the Watergate burglary and other “dirty tricks” that gave him the nick name, “Tricky Dicky.”

Nixon's fall was followed in 1975 by the United State's first clearly lost war over Vietnam, as the Korean war ended in a type of stalemate that divided the Korean peninsula that still stands today, however tentatively. 1975 was the same year, starting in late March that Ti and Do spontaneously began public meetings in North Hollywood and the San Francisco bay areas and in Waldport, Oregon that gathered the bulk of their students from, their leaving all behind to follow with them, that by late September became a mystery about where these dozens of people went to. In early October these TWO, claiming to be from the same literal Heaven's (outer space) and Heavenly Family that Jesus came from, were as a figure “shot down by the press,” the media mouthpiece of the U.S. BEAST.

Ti and Do, then using the silly names Bo and Peep, had been tagged by the press “The UFO Two” and/or “The UFO Cult” that seems to have been the “subduing” (overcoming) of the Two Witnesses in Rev 11:7. That was followed by an unprecedented 20 years (1/2 hour) of relative peace in the mainland U.S. that allowed all manner of alternative groups to operate freely to include Ti and Do's group they called their “class” of students, mostly in the western U.S., the modern “temple” area. Ti and Do's group were branded a dangerous cult that the FBI suspected could have been responsible for a rash of most mysterious cattle mutilations and were compared to Charles Manson's murdering manipulations of others and a few years later to the Jim Jones murder/forced suicides as was clearly shown by the video footage from Guyana.

This U.S. “fall” was secured starting at about the half hour point of 1997 by the PNAC group who planned for a new Pearl Harbor event to provide motivation to rebuild American's military industrial complex to plan for a two front war, which culminated with the 2000 coup d'etat via the Federal Supreme Court stepping in to interfere with sovereign Florida's supreme

court decision to recount the Florida vote by ordering them not to recount. Then came the first fall event of 9/11/2001 in the WTC/Pentagon attacks that correlate with the timing of the Rev 6 Red Horse in a reason to have “endless war” and a huge reduction of rights.

This verse shows the 9/11 attacks happen in the same hour that began some part of 40 years earlier:

Rev 11:13 And the same hour was there a great earthquake, and the tenth part of the city fell, and in the earthquake were slain of men seven thousand: and the remnant were affrighted, and gave glory to the God of heaven.

(I've already fully interpreted this verse in the Rev 11:13 section).

Even though it was said the primary reason for the Pope's visit was to attend the “World Meeting of Families 2015” in Philadelphia, he combined it with addressing a joint session of congress that included President Obama's cabinet and the Supreme Court Justices and the next day he gave a talk at the United Nations General assembly which is in the process of celebrating it's seventieth year since being founded on 24 October 1945.

I suspect this “seventy” has a direct relationship to Daniel's reference to Jeremiah's prophecy in:

Dan 9:2 In the first year of his reign I Daniel understood by books the number of the years, whereof the word of the LORD came to Jeremiah the prophet, that he would accomplish seventy years in the desolations of Jerusalem.

(See Jer 25:11-12 and Jer 29:10 for what Daniel is referring to)

Now one could interpret this as many have into referring close enough to the 65 or so years that passed before the Kingdom of Judah broke off from the other 10 Israeli Kingdoms (tribes) and then were all scattered by the Syrians.

It's interesting how in September of 2015 many thousands of Syrians chose to risk death on the Mediterranean Sea to get to Hungary where they were briefly stalled but then allowed into Hungary but the trains ceased running so many began to walk to the Austrian border and were allowed to enter and many of which made their way to Germany before the EU started insisting on border

countries closing their borders and primary route to asylum. After all they were trying to escape the ongoing war in Syria that was escalating with Russia joining in on bombing ISIS - the self proclaimed Islamic State in Syria, aiding Assad's government while the U.S. has been bombing as well (as well as other EU nations like France - all wanting a piece of the pie or whatever advantage they each feel they have by being there), but want to oust Assad which is like the reverse of when Syria invaded Jerusalem and Judea and sent Jews scattered abroad.

Whether we admit it or not the U.S. is largely run by Israeli interests, money, people, corporate ties. The Jews in the U.S. own most of the media (mouthpiece) and the entertainment media is included in that along with most of congress and it's well known Wall Street Investment banks and dominate President Obama's cabinet.

And though I don't doubt that "seventy" could have also applied to then, the prophecy in the visions of Daniel were most applicable to the end time as Jesus indicated and that time period coordinates with the end of World War II, the establishment of the Jewish state in the Palestinian territory and the opening of the bottomless pit shown in Rev 9:1 which is most represented by the times of the crashes of spacecraft in the U.S. southwest, called Roswell and Aztec, Laredo and a few others, that by the way the Luciferians also stimulated as "copy cat" crashes by some of the space aliens groups who at that time were let out of their underground hiding places where they largely were locked up during the time of Noah's flood, where they have been surviving for generations since.

During those 70 years the United States "fell," depicted in prophecy as the new Babylonian Empire with the "woman" of Rev 17, Lady Liberty as the new city of Babylon being New York City dominated by Jewish Zionist and Christian Zionist business leaders fully sympathetic and supportive of the new state of Israel their ancestors saw to establishing by deals surrounding the U.S. entrance into both WWI and WWII and continuing to date against that Arabs all over the middle east. These who are Jews no longer have any real relationship to much of anything Moses taught, just like those who call themselves Christians have little to nothing to do with what Jesus taught. They are all products of the Luciferian misinformation campaign, as are we all unless we are given a seed by the Next Level and wake up to the truth and

choose to pull on those threads of truth to discard the misinformation from our Mind/Spirit and/or Soul filling it instead with the true information about the Next Level, the Older Members Ti and Do provided.

The falls were gradual until the end of the age began in the year 2000 with the Supreme court ruling to stop the Florida Supreme courts recount of the Florida votes to insure G.W. Bush would be elected and would preside over what would take place as a result of the 9/11 attacks that produced the first fall and the global financial collapse as the second fall. This was followed by a recovery of that wound on the Beast's head.

All this is ushering the globe into the “time of great tribulation, not seen since the beginning of this civilizational human world” as prophesied by Jesus and a number of Old Testament prophets.

On September 26, 2015 at the United Nations both the president of Russia, Vladimir Putin and president of China, Xi Jinping gave speeches. Supposedly Xi Jinping was there to talk about giving more rights to women in China while Putin was supposedly there to talk about the Ukraine but ended up being more interested in showing their interest in the Syria conflict.

Rev 13:9 If any man have an ear, let him hear.

Having an ear means you recognize what's being said as having validity, truth, accuracy, a reflection of reality, so can become further understood by paying attention to and applying what's provided to enable further “hearing.”

**IV.D. FOURTH SEAL - GREEN/PALE (DEMETER/CERES HARVEST GODDESS) HORSE(HUMAN - WHOSE NAME/REPRESENTATION IS DEATH (THANATOS) AND HELL (HADES/PLUTO - PERSON, CONDITION AND/OR PRISON LOCATION, NOT SEEN) FOLLOWS WITH, AFTER, BEHIND HER. THIS IS THE BEGINNING OF THE FOURTH QUARTER IN THE KINGDOM OF GOD’S PROCESS TO BRING SOULS TO THEIR VOLUNTARY HARVEST THROUGH ENGAGING THE OVERCOMING (CHRISTING) OF THEIR HUMAN EVOLUTIONARY CONDITION AND TO OTHERS THEIR SUBSEQUENT SECOND DEATH (OF THE SOUL)**

As I'm about to send this manuscript to the publisher on this December 6<sup>th</sup> day in 2016 I learned that Comet 45P/Honda was on it's way to being quite the special event. It is headed to be a naked eye visible comet for weeks starting around New Years Eve and extending to mid February. That in itself is very significant to Ti and Do's history while incarnate as they left Houston and their human families, careers, friends and lifestyles behind on New Years day on 1/1/73, they actually told us around midnight. Ti and Do then went to a ranch house in Boerne, Texas, just north of San Antonio and South of Austin in the Hill Country. It was during their stay there that they were independently receiving ideas and understandings that they were from "outer space" (their Souls), were here to bring "updates to the Bible" and to "fulfill prophecy". They stayed in Boerne, Do said for "less than 6 weeks" which means they left to learn what Prophecy they were to fulfill by Mid February. This comet is also passing close to the Earth in between the Sun and the Earth right on the ecliptic which relates to it being a Sign of the Son of Man (in His next stage of what amounts to the LAST Harvest before recycling that the CERES cityscape of Lights and Temple like Tower also heralded. And there are one or two more comets scheduled as well and for the last week or two there has been a major earthquake most every day and the U.S. is on the brink of a type of civil war with the president elect Donald Trump taking power.

Rev 6:7 And when he had opened the fourth seal, I heard the voice of the fourth beast ((Living Being)) say, Come and see.

Rev 6:8 And I looked, and behold a pale ((5515 chloros from the same as 5514 chloe (Khloe) feminine of apparently a primary word= green, greenish, young foliage (The Verdant, epithet (descriptive characteristic) of the Greek goddess Demeter, the equivalent to the Roman goddess Ceres; of the harvest, corn/wheat, fertility), a green herb, a Christian female, [possibly related to chlorine and its green colored nature that purifies (makes white) via the death of the negative elements])) horse: and his name ((3686 onoma= everything which the name Represents, covers and arouses in the mind)) that sat ((2521 kathemai= from 2596 and hemai= to sit, occupy, have a fixed abode, dwell)) on ((1893 epano= above, over)) him was Death ((2288 thanatos= Greek god of death, Roman Mors or Letus/Letum)), and Hell ((86 haides= not; seen, be aware of, discern, experience, known, understood, aka Hades a person or place, Pluto; the ruler/judge of the lower regions, the realm of the dead, grave, death, receptacle of disembodied spirits, Ruler of Wealth)) followed

((0190 akoloutheo= from a particle of Union and a road or path, to follow one who precedes, join him as his attendant, accompany him, join one as a disciple, side with his party)) with ((3326 meta= with, after, behind, among)) him. And power was given unto them over the fourth part of the earth, to kill ((apokteino= cause to separate by dying [solidifies one's judgment of self used by Next Level to divide the tares from the “wheat,” “sheep” from “goats”])) with ((instrument)) sword ((weapon of any kind - shootings and bombings and the like)), and with hunger ((3042 limos from leipo 3007= idea of destitution, scarcity of food, famine, dearth)), and with death ((ie. the humans that are moreorless the walking dead do the killing, perhaps as vigilantes and in terrorist attacks, home or foreign born)), and with the beasts ((ie. Governments and their institutions public and private)) of the earth.

This seems to be the time and place referred to in Daniel chapter 7's fourth (and last) Beast (king) as the Fourth Seal presented by the Fourth “Living Being” (wrongly translated to beast) from the Kingdom of God/Heaven (Next Level) that is focused as most affecting in some ways the fourth (and last) part (quarter) of the world, that the evidence points to being North America.

- This “Green (pale) horse named death” is described as pale in most translations, but as shown it is from chloros, a primary Greek word for “green” so seems to be another mistranslation. “Greenish” is also a usage thus shades of green. In July of 2015 the dwarf planet Ceres was revealed by NASA for the first time to have many lights in one large crater even though NASA knew about the lights by December of 2014 and saw them as one light via the Hubble Space Telescope in 2004, the reason for the Dawn spacecraft being built and launched in 2007 to take a closer look. As I was working on this verse to try to understand it more fully, I came across a reference to chloe or spelled Khloe, which is shown to be an epithet - a descriptive term, word or phrase in this case, and/or byname in place of the word/name it describes, in this case, Khloe which is therefore a nickname that offers shades of meaning to the Greek goddess of the harvest and fertility and those who are “becoming green,” thus can be a tint or shade of green which in turn can seem to be a yellowish or pale green of a new shoot.

(Ceres Pics: <https://sawyerhg.wordpress.com/2016/11/27/jesus-said-there-would-be-signs-in-the-sun-moon-stars-planets-comets/>).

Since this is prophecy that is relative to the time and state of the Next Level's

“garden,” during the harvest LAST days this seems to be showing the one who will be the next ruler who will become an instrument to represent the necessary “death” of the gardens plants, regardless of who, how, when, where and why. It is a time when the “tares” as Jesus called them will continue to be “weeded out” of the garden that will help some others “become green” - awaken to potentially be harvested into the Kingdom of God's “heaven,” via the avenue of separation from their humanness in that ways Ti and Do described in the remaining two of Three Groups of People (Souls) who can survive the recycling as the FIRST Group have exited and their type of classroom is no longer offered by the Next Level during this civilization.

Represented as a harvest time could also be seen as the beginning of the time of afterbirth following what Ti and Do described as the Three Trimester birth periods, the Third being now, completed in the graduation of the Souls (Saints) who had had a previous relationship with Older Members from the Next Level. (Perhaps their students even had several periods of relationship with Older Members as in the first trimester with Moses and/or in the second trimester with Jesus and then with Ti and Do for this third trimester that yielded their “Mind/Spirit”'s birth as the first fruit harvest into membership in the Evolutionary Level Above Human that Jesus said would happen for his disciples at this time of his return.

Therefore this afterbirth time is an opportunity for another birth, but to one's next grade in school, verses a graduation from the school as probably occurred for about 28 of those that layed down their lives with Do in 1997. Do said he thought some would have to come back to finish their overcoming. There were 38 students with him and 4 former students exited before 2000. (It's possible there could have been a few others that went unreported, but that's doubtful and even so would probably be among those Souls who would need to come back).

For the sake of this prophecy, Demeter/Ceres is the Greek/Roman mythological goddess of corn/grain and the harvest, thus seeing what looks like an array of city lights on Ceres at the start of the election cycle for this next GREEN HORSE, while I am re-translating and re-interpreting this very verse, asking to see more, was a huge verification that my interpretations of the other three horses and our position in the Next Level's garden conclusion timeline is accurate.

Note that Ceres is also in the constellation of Draco, I just learned, which is interesting in the way the so called “good aliens,” (that don't really exist, because all the Space Aliens are anything but “good” by Next Level standards) are programming some humans, who are looking to them as “brothers”, to think are the bad aliens coming from the Draco constellation and are the Reptilians. Meanwhile the Reptilians are already among us possibly in their underground and/or undersea hiding places, who abduct humans but may wear suits/masks (as Rael reported during his abduction that they told him was so he wouldn't be frightened by them). Do said the Luciferians were all Souls, though had initial vehicles that could live much longer than today's human vehicles. So perhaps they do have certain lizard like characteristics to their physical humanoid vehicles they hybridized over many thousands of years, largely underground, away from much natural light, where they performed genetic engineering as well and perhaps live largely on human and/or animal blood - as they told Credo Mutwa, as shown in his interview with David Icke. And they also told Credo they could extend the life of their vehicles by smearing gold in salve form all over their bodies. They told Rael that they clone new vehicles from their own DNA in a computer system so just get a new vehicle when theirs gets old or infirm, they reported, saying also that in this way they “outlive planets” perhaps a reference to surviving recycling periods that they experienced on Earth in previous civilizations or while on another planet they originally came from as we heard about from contactees and abductees. Ti and Do did talk about how the Next Level put the word out (somehow) to draw all those from other planets who were in an equivalent to Luciferian Student Level Membership in the Next Level, to offer them the opportunity to sacrifice their existing human equivalent student model physical vehicle to enter into the Overcoming of Humanness Process they were starting up on Earth. I think they indicated some didn't take them up on that offer so I believe they were “cast to earth” anyway which may be what is shown in Rev 12:4.

I have wondered if “pale” was influenced by the name “death” in the verse. It may simply be a misinformed translation to use “pale.” But if it's of value one could begin to play it out in the primary contenders for the next presidential election and in this case to both Hillary Clinton and Donald Trump. Pale would have nothing to do with purity but certainly would have it's deadliness to give/show our allegiance to them or anyone in government or actually to

any human or organization at this time. And Bernie Sanders, should he become president shows “green” connections galore in his policies related to the “green” progressive party in the U.S. that Ralph Nader tried to run on previously. And then there is the “green” agenda related to “climate change” that Bernie and Hillary are big talkers about. But overall, the biggest aspect I think applies at this time is “green” as it's related to the “harvest” time and how every harvest requires the death of the vehicles that in the example of wheat/corn hold the seed/grain (fruit), thus “death” is depicted as necessary to obtain. Plus the green climate change agenda seems to be linked directly to the relationship Space Aliens play with humans and the projection that the so called bad aliens are coming to earth to destroy them, which of course is the task the Next Level will perform when they are ready as is being escalated as we speak in 2017.

Human Caused Climate Change is considered an absolute science and people are treating it as if it's a matter of life and death to address, even willing to force people to obey their wishes in how to combat it. Meanwhile next to nothing substantial is done to change the way the environment is increasingly ridden with chemical toxins causing people to die by the many thousands of “fire” inside of them - tumors, cancers, severe allergies, asthma, brain disorders, HIV, diabetes, on and on and on that they propose treating with drugs to mask the symptoms or by cutting out tumors or using radiation treatments. Perhaps many of the disease is the result of “fire” in the form of radioactive particles in our environment but there is no push in the US against eliminating nuclear power plants.

- “death” - This describes the character and what this “green (pale) horse (human pawn of the Luciferian space aliens)” has authority over in their position (seat) which comes from the Greek Thanatos - the “God” of Death. It's interesting how in one ancient painting Thanatos is shown as a white skinned human with a pointy black beard who has a helmet that looks like a big white alien head over his vehicle's head and has a cloak that has black wings coming out from it, as if it's a Luciferian “sitting” on the human, thus the human serving as his “horse” as this verse describes.

Here is another part of the prophecy that speaks of “death” and “hell” as people that are in those conditions. I would say that “death” in this context in Rev 6:8 as well as in this next verse is referring to the “spirit world” while

“hell” is referring to where the Luciferian space aliens are sentenced for when it's time to dissolve them in the “lake of fire”:

Rev 18:8 Therefore shall her plagues come in one day ((2250 hemera feminine (with hora 5610 implied) of a derivative of hemai (to sit), as a figure, a period (always defined more or less clearly by the context)= age, judgment, (day) time, year)), death, and mourning, and famine ((3042 limos most likely from leipo 3007 (through the idea of destitution); a scarcity of food= dearth, famine, hunger)); and she shall be utterly burned with fire: for strong is the Lord God who judgeth her.

And in this verse it makes mention of “famine” the same usage as in Rev 6:8 with this 4<sup>th</sup> horse, linking them in time frame.

The 7 Angels who pour out their Vials seem to be referring to the plagues/calamities that offer a last chance to recognize the Living Beings who were incarnate from the Kingdom of God/Heaven as the Creators of everything and all the lifeforms and can be interpreted in this verse as coming during one “sitting.” Each of the four horses in Rev 6 are described as having someone “sit” on them which refers to having a certain position, except in the case of “horses” 2, 3 and 4 it's clearly a Luciferian Soul who is doing the “sitting” on, while in other context refers to tasks/positions fulfilled by the Next Level graduate students, for example where they exercise the tasks involved with the judgment of those who remain, as this seems to refer to as well.

In the next verse “death and hell” seem to be two different conditions and locations. I would say death is the “spirit world,” where discarnates circulate among humans and perhaps for some in areas elevated above the surface of the earth but where some still have the chance to be saved by the Next Level to brought back in some way in the future after the recycling is done, while “hell” would seem to refer to gated area perhaps extending inside and/or under the earth that is a more permanent condition where Souls that went against the Next Level are sent - or gravitate to during recycling time when the vehicles they attach to try to escape the Next Level's wrath on the surface, as occurred during the Noah flood and is to occur again, but with Fire at the end of this “end time” period. I suspect they would only be allowed to come out of that area if the Next Level still had a use for them, as a catalyst to promote accelerated growth for graduate level students to overcome/conquer.

Rev 20:13 And the sea gave up the dead which were in it; and death and hell delivered up the dead which were in them: and they were judged every man according to their works.

Then the contents of Death and Hell are recycled:

Rev 20:14 And death and hell were cast into the lake of fire. This is the second death.

The Luciferian space aliens are hard at work as we speak trying to win souls to their allegiance which includes allegiance to the religions to include to the governments and all their interests. A tiny few will stand up for Ti and Do who by looking to will help each take steps to start or continue their metamorphic process of separation from their human condition. There is no quick fix. Another came to me to suggest he was ready to exit this incarnation because he was miserable here thinking that insured his coming back to be incarnate during the time of an incarnate Older Member again. That sounds to me like more pie in the sky thinking that death insures anything. I'm not one to say what someone else chooses to do but if they write to me to present their idea I'd rather be wrong in suggesting they scream to Ti and Do for what's right for them and read EVERYTHING they said about what constitutes service to them before making an irreversible choice that may or may not yield what they think they want, considering they may not have actually started a relationship with Ti and Do yet. This person also told me he wants to be a "teacher" - just so happens the same as two others who were telling me they wanted to exit their vehicle, because they were miserable. I will remind that Ti and Do were miserable for the entire time they were awake but knew they'd come to perform a task. That would also be the case for those who by their actions are attempting to be "active students" who have the chance now to work through their misery to learn the lessons they must learn by looking to Ti and Do and their information, behaviors and ways as our instruction for our task of gaining strength that will find us in good stead toward our own graduation into the Next Level.

Rev 13:10 He that leadeth into captivity shall go into captivity: he that killeth with the sword must be killed with the sword. Here is the patience ((endurance)) and the faith of the saints.

Leading into captivity is leading people into believing in misinformation,

what the human kingdom at this time is saturated with that came from the Luciferians planted here by the Next Level to provide a testing ground for upcoming members of the Next Level to work against to graduate into the Next Level by conquering and riding themselves of misinformation mind and filling themselves with only the true information (holy Mind, behavior and ways from the Level Above Human via Ti and Do and their Crew of Active Students).

Do indicated that those who kill one another are unknowingly assisting the Next Level in the “spading” of the garden. The refugees fleeing war torn areas instead of taking up the fight for their lands and possessions and homeland are in a Next Level way benefiting from their plight because it's an early degree of detaching from their root system and if they seek out a more open society some could even have more access to what the Next Level is doing to provide opportunity to start their metamorphosis by hearing about Ti and Do or simply being saved by the Next Level for a future opportunity.

- “Hell follows” in this verse comes from the Greek Hades which in mythological history related to Plouton which is a conflagration of Pluto, said to be a person who rules the Underground and Underworld that is the location under the earth for that disposing of waste, thus a condition of no return thus Hell, while Pluto is also the provider of wealth and a transformer or agent of metamorphosis. Hades is a noun so can refer to a person and/or a place and/or a thing (condition) and in some of the Greek stories Hades represents a different person than Pluto.

Now without suggesting these designations, referred to as mythology, have absolute truth to them, it's interesting to look at them in the same sort of way we look at most all history, as a mixture of truth based information and misinformation. I don't recall Ti and Do exactly talking about the mythologies, but since Ti and Do did say the Revelations prophecies would all be fulfilled and the times are showing to be advancing to this “green (pale) horse,” in the 2016 election in the U.S. and the related One World Government, it seems these major revealings by NASA on both dwarf planet's Pluto and Ceres and the Greek Thanatos, all in this one verse at this particular time in history is quite significant and timely.

Thus the definitions that go along with these mythological figures, said as ruler-ships, sort of the way in astrology planets have ruler ships, work both

ways to depict the character of Next Level Members and Human and Human equivalent creatures. Luciferians are the ones who influence humans to go after human forms of wealth and do preside over the “under world,” even relative to the earth itself and/or beneath the surface, that is, for a time, while Next Level Older Members are the ultimate rulers who even send certain of the Luciferian fallen angels to given humans who have become their active students, to challenge them to further growth towards overcoming their influence. Having a certain percentage of Next Level Mind in one's Soul seems to thwart much drive to excel in wealth accumulation in any and all of it's forms. They will not be satisfied for long with what wealth can buy and they won't be likely prone to leading others, which are characteristics the Luciferians promote as a means to satisfy their various agendas that includes in a large way, influencing humans against the recognition of the Next Level supreme Beings who created everything, and for a purpose to provide an avenue to serve among them.

It's interesting that Jesus said one could only serve one of two masters, between “God and Mammon” and the Greek word Mammonous is defined as “treasure” or “wealth.” Pluto was said to be the provider of wealth thus if one made wealth into their “god” by idolizing the acquisition of treasure and wealth they would find themselves in opposition to the Kingdom of God's hope for that person, to instead look to the Creators of the Universe and all it's life forms as their master to “work for” (serve), the true meaning of “worship.”

I've gone through these mythological stories in part and can come up with some ideas of how they might correlate with the Elohim, Adam, Eve and Lucifer “hisser” (serpent) event, etc. but I don't think that is important to try to sort through here. However, I don't doubt that Ti and Do and Crew could have easily had something to do with the naming of the bodies in space to correlate with these Revelations representations. For instance an 11 year old is attributed with telling her grandfather to name the new planetary discovery, “Pluto” after the Roman God by that name. One could say that could have been stimulated by the Luciferians or by the Next Level because Pluto mythologically speaking can be seen as supporting either.

There is a similar way of looking at Demeter/Ceres and the relationship to death as a part of the harvest. Jesus often used the analogy of humans as

plants - referring to them as “grass” or as stalks of wheat/corn (same word) that all needed to die to produce their fruit, as he demonstrated and talked about being necessary - to “drink his cup” - the shedding of blood in service to the Lord. Ti and Do called the human vehicle a “plant,” saying it too had a strong root system though unseen, which anyone who has offspring and cares about them knows exists as is also evident in relationships towards one's vehicles parents and siblings, of course when those structures were strong. (Though it can be very difficult, when those structures are not strong, that can be a blessing as then it's easy to cut those roots and become closer to the potential of grafting to the Next Level's vine instead. That would be called making a positive from a negative.)

For instance, in Ti and Do's movie script, Pluto was a hollowed out laboratory with a working model of the earth inside used by the Next Level to manage the earth experiment. It's very interesting how these reports from New Horizons spacecraft reveal many earth like features on Pluto - mountains, canyons, red ice, volcano's, geysers, sand, a very large smooth area and other crater pocked areas, more geologically diverse than any other planet observed so far besides earth. Perhaps the Next Level uses the entire planet as their model or they have a planet model inside Pluto. Pluto orbits the sun on a 17 degree different angle from all the other planets and also allegedly has a far more oval orbit. It rotates on it's side, it's axis tilted about 120 degrees different from all the other planets except is like Uranus. It's orbit period is allegedly 248 years though has only been observed, in theory starting in 1905 and then 1915 and verified as a planet in 1930. It spins on it's axis from east to west as opposed to the earth's spinning west to east.

All this has been coming to light, right along the times I'm spending trying to understand these prophecies so are becoming the corner posts to this re-interpretation.

I already knew that the Rev 6 White Horse was fulfilled by Do, the Red Horse by G.W. Bush's presidency and the Black/Blue Horse by Barack Obama's presidency as I have reported during those times. But since the word “pale” was used by translators for no reason that could be backed up by the Bible records, I thought it a mistake, even potentially a convenient mistake, but one the Next Level, as with everything can be taken advantage of. So I began to look at how the upcoming candidates could be related to the pale

description and/or pale green, as I've shown looked most likely.

Now in terms of coloration that all 3 previous “horses” show some identity with, which is not to imply any rating as the Next Level has zero racial bias having created humans with a number of skin pigment coloration, starting with the 2<sup>nd</sup> horse, they can be identified by;

George W. Bush's, though not having red skin color has been shown to have an English (red coats) even back to Hebrew blood line roots that going back to the Adamic race can be described as ruddy, the actual meaning of the Hebrew “*adom*” - or “blood in face,” and also represents what has come to be identified as the “Red” Republican party, who was the figurehead ushered into power through the Supreme Court led coup d'etat by overriding the Florida supreme courts ruling to recount every vote in Florida due to a number of highly questionable irregularities Jeb Bush presided over to get his brother to win Florida. This was done to bring someone into the presidency to preside over what would become the stimulus for the endless war on terror coming from the 9-11-2001 World Trade Center and Pentagon attacks. The ensuing wars in Afganistan and Iraq and expanded from there are fulfilling the prophecy, said in Rev 6:4 as “to take peace from the earth, and that they should kill one another: and there was given unto him a great sword (military might).

War has always been associated with red, the color of blood and the planet Mars and in some of these prophecies the mythological planetary designations are embedded in the Greek origins of the English words they were translated to. That is shown especially in regard to this Rev 6:8 verse. I would add that through the Bush presidency, largely because of the wars and the other deceits and manipulations that are little heard of that can be shown to relate to the Federal Reserve, like the alleged disappearance of trillions of dollars, the U.S. debt reaching new highs that to date many Republican leaders are pushing to use as an excuse to rape the country of their humanitarian programs.

Barack Obama's African American skin color (which is really brownish and he is actually a mix with his Hawaiian, but “white” mother), popularly referred to as black, and mind you seems to have a relationship to dark blue at times in the Old Testament, to potentially relate to the popular blue color of the Democratic party, he represents. As he came into the presidency at the

peak of what is now called the 2008 Financial Crisis that was on the surface led by Wall Street investment bankers activity, being talked about in prophecy in terms of the price of commodities of wheat and barley, associated with how many pennies each would cost shows further how the time of the Obama presidency was fulfilling the slot of the 3<sup>rd</sup> Seal Opening prophecy. This view got a huge boost in my mind when Dstody came to me in a dream and responded to whom I wondered about voting for and said only, "Obama" that later on I realized was related to prophecy. Also previous stock market crashes were named by the popular culture "black" as in the great depression.

So how does pale or pale green or just green play out. Is skin color even much of a factor? It didn't perfectly describe Bush, nor Obama, but not any less than most any "white" person which takes us back to looking at the first "white horse" that I say was Do, though some Christians say is referencing Lucifer because he also has a relationships with "light" the meaning of the Greek leukos that is rooted in the Greek "luke" that means "light" and has additional context as "to make white" or "become white," also having relationship in language to the tribe of Levi, the group of Israelites Jehovah/Moses assigned to serve the overall camp with certain administrative duties as priests.

Lucifer means "shining one, light bearer" or "morning star" or "bringer of dawn," yet Jesus said he was coming as the "bright and morning star." Both the Member of the Next Level who had the task of Jesus and the fallen angel Lucifer, who was a significant student member of the Next Level at one time, had a type of relationship from the start, even before the Adam/Eve event it would seem. If I recall correctly, though I can't quote the words, Ti said Lucifer was Do's adversary(satan) and I do recall Ti saying Do encountered him in a book store, I believe sometime in 1973-4, I suspect after they had awakened more fully while at Gold Beach, which was after they stayed at the Ananda Marga house in Portland, so may have been in that general vicinity at that time. I don't know exactly what Do saw in that book store as they didn't say more, but I believe Do said he was frightened by what he saw.

I suppose it could have been of some equivalence to that entity I saw where I lived at the time in Vermont when I was re-awakening and I had a dream with Ti in it and awoke and saw this dark figure glide by me. It took me a few

moments to realize what I'd seen but I tried to follow it as I have reported before. This figure was so dark it stood out in a dimly lit room as if it was about 4 1/2 feet tall as if a black sheet had been draped over a youngster of that height so I could see the head and shoulder shape.

Like the one sitting on the white horse, Lucifer, it seems also has a covenant with his followers, (that can be seen in Rev 12:7 referring to the Dragon and his angels battling with the Archangel Michael and his angels), just as Ti instructed their students to form with Do, (they called a “committal” that we practiced writing to Do) which resembles the covenant Jehovah instructed their Israeli (Ti and Do said meant the “overcomer”) students to form with Moses and the Father required of their students to form with Jesus (The Father expressed that several times vocally heard by some). Do's task was to bring each student to a “pure” condition of faith in he and Ti, having adopted all their behaviors and ways that included “giving our life” to them which included having the willingness to give the life of their vehicle, all importantly “in their service,” as overcoming human behaviors and/or leaving all behind and/or giving one's life for any other reason than for Them, given one knows about them wouldn't yield the same result necessarily as the Luciferians also have their student body willing to do the same things to please him, even though they don't necessarily know it's Lucifer they are pleasing. The only exception I am aware of that can get one's Soul saved for a future classroom would be to give one's life for another human as Jesus described to be the “greatest love” one could show for another. Since Jesus commandment at his exit was to focus on the second greatest commandment of “love your neighbor as yourself” - for those that never heard of Ti and Do to give their lives to save someone else, regardless of whether they know about what Jesus said or not would seem to meet that qualification. I may be wrong about that and there may be other ways of looking at it.

Even Jesus disciples were giving their lives on Jesus instruction to drink the same cup of his blood (red/fire) he was choosing to drink - by telling the same truth to those who would want them dead because of. And in these ways, as Jesus said, one was “making their eye single” that “filled their body full of light,” which is the overcoming process that Ti and Do called the “change over” and “metamorphosis” and is the definition of a “Christ” (and the caterpillar's chrysalis), as one who accomplishes that process that yields them a new body that becomes eternal for as long as they continue to choose

to fill themselves with the Mind that comes from their Older Members. That Mind comes from the Chief of Chiefs of Older Members in the Next Level. (Do said we would understand more about where He came from once we become Members of the Next Level - the human brain doesn't have the capacity to understand much about that).

One big proof that the “white horse” is depicting Do, who was the same Soul who performed the task in the vehicle named Jesus is because the first horse doesn't open his seal until after there is a “disclosure roar” in Rev 6:1, translated less literally as “noise thunder” which relates to the fact that it's only “the Lion of the tribe of Juda, the Root of David, hath prevailed to open the book, and to loose the seven seals thereof” in Rev 5 who is also the one who is described as a lion roaring seven roars that were disclosures/roars in Rev 10.

Yet with that said, Lucifer is also compared to a Lion. Thus the Next Level is providing a total opportunity to believe what we choose to believe because of what they give those that want to be in their service. We can't ever go by scripture alone. The one safeguard that always works is to do our projection of asking or screaming for help and to know the truth and how we can serve - as far out into the distant heavens as we can imagine - but directed to the one who is assigned as our “heavenly Father” in whatever language. As long as we do that, we will be led to see the truth in the scriptures. Even if we use the names Ti and Do, it seems to me we need to think of them in the distant heavens to assure it gets to them, because even as we speak there can be those the Luciferians could instruct to try to interfere with anyone who calls on those names. If it's a casual asking, there's no guarantee they are going to see your petitioning as a meaningful request.

Also, it's clear that this is a time when the Luciferian space aliens are coming down on us in a way and to a degree not permitted when Ti and/or Do and Crew were still working on their overcoming process until at least 1997 as it says in the end of Rev 12 and other places occurs and is spoken about in Do and Crews writings as well, some of which I included in the section on Dan 7:7 prophecy.

Also, Do is depicted as sitting on the “white horse,” where white also means “made white” or purified his human vehicle making his “whole body filled with light,” as Jesus said was the goal accomplished and described as

Christing, where pure light looks white. It was also said this way, using “white” because his vehicle was slated to be “white as snow” (Rev 1:14). Of course this was totally distorted by the Luciferians to influence certain humans to think anyone with a very lite pigmented skin coloration was somehow special or supreme over those with a body with more color pigment. I believe it's worthy of consideration that the Next Level chose to send their Representative to take a whitish pigmented body, as did most of the student body because I suspect it's genes were more kin to the white body's the Luciferian fallen angels had when they fell. Ti and Do said that they thought their current student body, if they conquered the Luciferian influence on them to fall away would be taking over the positions those Luciferians held for the time they were working for their Older Member. I suspect some of those Luciferian space aliens may have served as those referred to by Enoch as the Watchers from within spacecrafts that would have also been provided to them, (though craft that were more primitive but fitting for their task but potentially in advance of anything humans had at that time or in the previous civilization on earth.)

It could make sense that the Older Member and crew might choose vehicles that were difficult in the way they were bred to think they were “supreme” as said in the Luciferian stimulated white supremacy movement that is clear to be related to the time of Hitler, but probably well before that into the Roman, Greek and Egyptian kingdom and into the previous civilization perhaps. Thus these vehicles genetic programming, to include thinking they were equivalent or greater than those who really were their Older Members became the prime reason given for their fall, thus would need to be overcome by the returning Older Member and Crew.

That overall sense of self importance or to “want to be seen as special” or being “a little too pleased with self” are both probably characteristics of some or all of these Luciferians who fell and in fact were what Ti said I needed to overcome to board the spacecraft, so dealing with became the characteristics my assigned adversary we called our “booger” would employ against me.

Incidentally, Ti and Do said from the beginning that their teachings about “discarnate influences” doesn't have to be 100% accurate as it just works to think of it that way to mount an effective defense against. However, as time went on it became clear what they meant by saying that. It was not the only

way humans were influenced in an unseen way, which they compared to a human going to their computer to type in a command, programming the computer equivalent to a discarnate spirit doing so with a human vehicle.

I realized later that they had also talked about “thought forms” as another form of influence, saying that the space aliens could bombard humans with certain thoughts/programming to keep them asleep. Sometimes when we moved into a new craft (house) we would get instruction to rid the house of any unseen influences be they discarnates or thought forms. It was a silly time and I'm sure it tested some to do, but it entailed taking a broom or dust mop or something of that sort and going around the house into all the corners and closets as if we were sweeping them out of corners, etc. while verbally telling them to get out, I guess assuming some were there from the last occupants of that house, since we rarely moved into a brand new house. If we did it in a house, we did it one time and it was always done with lightheartedness, not like a solemn ritual. I never saw Ti and Do do it. On one of the last exit video's, meant for the world to see, days before they exited their vehicles, Do was anything but lighthearted.

Most of the Classroom's internal meetings Ti and Do gave were certainly serious minded. There were not always lighthearted moments. Their intention was to stimulate our growth not to entertain us. But it didn't mean Ti and Do were “down in the mouth” and certainly did no raising of their voice or talking down to anyone while it remained clear they were pushing us to complete our tasks of taking over our human vehicles while also sending out Next Level Mind to the world.

Ti and Do always instilled a sense of urgency to student's accomplishment of the lesson plan though when delivering lessons mostly addressed the entire group instead of singling any one of us out in a meeting.

They would often talk to the entire class as if all needed the motivation that comes when the teacher is trying to accelerate a students growth that sometimes resulted in a student leaving the classroom thereafter. During those times, they would sometimes say, this doesn't necessarily apply to all of you. I don't want to mislead anyone. The classroom was always a very serious effort but part of it was learning to not slip into human casualness, called “familiarity” with one another or with the teachers while not letting the seriousness cause us to have a disturbed “down in the mouth” countenance,

nor a noticeably bubbly one. The goal was to operate on an even keel, no highs or lows in our manner though there certainly was a great deal of smiles and laughter, even fun and pleasure. It just would include only pleasures and fun the Older Members determined and regulated for us and taught us how to experience as a member of the Next Level would. After all the entire experience was considered to be like a “God Astronaut Training Program” and/or a laboratory. When we see humans working in a laboratory, even in a university, it's not a time to joke around as we want our focus on the success of the experiment as the priority. This is why they set the atmosphere of the craft (house) to be what we would find on a Next Level spacecraft laboratory. We had no props to give the appearance of a spacecraft. It was all in our attitude. There was never room for chit chatting, or slumping down in a chair, taking our shoes off and putting our feet up kind of relaxing or dosing off. We were “on duty” all the time and the biggest part of being on duty was to be in total control over our own human vehicle both with the content of our thoughts and our actions to include our outward appearance.

I did fall for that booger's influence that sought to build “self importance” even though I was not aware I was being taken in that direction but it took me some ten years after leaving Ti and Do's classroom to recognize. But relating these characteristics to that prospect that the original fallen angels had “white” looking vehicles, which may not be accurate, does not suggest it's any less a task to overcome any race of human vehicle as all have Luciferian characteristic misinformation programming and genetic mammalian programs to rise out of and above. In fact the difficulty Dstody had in the classroom was compounded because for over 21 years in the classroom, he was the only “black” African American vehicle and it was tough, because his “booger” would try to have him think he was looked down upon by his fellow students with “white” shaded vehicles. I know this as I was sometimes his partner and Do also talked about it in meetings - that he had to rise above identifying as his vehicle (as did we all) but his programming in that area was that much harder to override than those in white vehicles because by in large white vehicles made up the majority in the U.S. and what went with that was the programming many were even born with in degrees and/or became fostered in their upbringing that assumed even subconsciously they were in general above non-whites.

Ti and Do always said that we had a hand in picking out our human vehicles

to take over to perform our task through but that the Next Level helped us, so our vehicles would be a “match” for the growth our Minds still needed to accomplish to qualify for graduation that would then provide us with ever more responsible tasks on a Next Level crew. One can be rest assured that the vehicle we each have, speaking to those who are giving themselves to Ti and Do's service now, are exactly what they need and were picked to receive their “seed” because they have the potential to both graft to the Older Members vine and overcome their humanness, whether one is a returning Soul or a new Soul - which makes no difference.

But in relating Pluto to a large planet size craft with an “experimental earth” inside as Ti and Do built into what they called a “fictional story based on the truth,” though not saying what parts were fictional, it's interesting that Pluto has a huge white heart shaped spot on it that is totally smooth looking verses the rest of the planet looking like earth minus the oceans, while also having many areas that have craters on them. I also realized that this spot they say is heart shaped is like totally white and Do (Jesus) returns one more time but not incarnate according to prophecy on a “white horse” which is said in two places in prophecy that show a different meaning.

Rev 19:11 And I saw heaven opened, and behold a white ((3022 leukos from luke (“light”), white)) horse; and he that sat upon him was called Faithful and True, and in righteousness he doth judge and make war.

Rev 19:12 His eyes were as a flame of fire, and on his head were many crowns; and he had a name ((surname, was called)) written ((graven description)), that no man ((no one)) knew, but ((if not)) (he) himself ((auto= “his own”)).

(In other words, no one knew his name except his own, those he reveals it to (Rev 3:12) and who write it on their own forehead as shown in Rev 14:1).

Now the timing here is well after the first way he comes sitting on a “white horse” in Rev 6:2 as a part of the opening of the first seal. This is shown in the next verse where he is described as “clothed with a vesture dipped in blood”:

Rev 19:13 And he was clothed with a vesture dipped in blood: and his name is called The Word of God.

This means that the “horse” he is seen sitting on is not their physical body (though can still be a Next Level Member's biological body whose service is as the equivalent of the way a human would relate to a living form of transportation but seen by humans as a “white light,” which is what Jesus said was his modus operandi in returning, though referring to the stage that was more for the ones who were potentially in the “last” harvest, mostly x-Christians, where they are, “x” and/or “christian” by birth/upbringing and/or choice, but does not disqualify anyone who ever thought the real Jesus (not the Christian largely false Jesus) was someone extraordinarily special and perhaps really from those who created our reality. His modus operandi for those who were “first” was with “plainer/bolder,” as Ti and Do called more “generic” non-religisized, non-spiritualized terminology.

Ti and Do used to refer to our cars as horses. Mostly we didn't call the cars horses but when one had to go into the shop for repairs Do would say the car or “red van.” for instance was in the “horsepistol.” Plus Ti and Do said Next Level members “wear vehicles” like humans wear a suit - using the example of a space suit or underwater suit, something that provided facility to perform certain tasks by. They also said that one could have a suit that was actually a spacecraft used to transport a crew to perform certain tasks with. Imagine that, which puts a new meaning to the idea of Jonah being in the belly of a whale, though I'm not saying a whale could be a suit for a Next Level member. A whale is a mammal and Next Level Members don't wear mammalian vehicles unless they take one to incarnate into to serve on their needed task of bringing some up. (There is no sense in wondering if there could be an in the sea among mammalian whales and dolphin graduation classroom as we know that human beings were made to appear like Next Level Members, but of course I'm not one to say what is impossible).

Also this “vesture” is “dipped in blood” which may be a reference to the Older Member's vehicle named Jesus as it was certainly dipped in blood in that it didn't stay dead - it was briefly dipped in death, which may be a way to see that. But even if that same vehicle came back piloted by Do's Next Level Older Member Mind/Soul, Do said he wouldn't be showing “scars” to anyone (which I doubt he would have in that vehicle anymore if he did decide to bring it back to satisfy prophecy in that way. Do did say that the Luciferians might portray that same vehicle in some way to trick people into worshipping them, perhaps as a hologram (Image of or with or coordinated with the

Beast).

So it seems this Rev 19:11 reference to a white horse is actually speaking of the spacecraft, Do returns in, while occupying the vehicle he “changed over” into a Next Level vehicle 2000 years ago. Do didn't address this except to say if Jesus came back he would not be showing his scars. He also considered that he might return with an “armada” of spacecrafts which then looks like the next verses:

Rev 19:14 And the armies which were in heaven followed him upon white horses, clothed in fine linen, white and clean.

Again, these are on “white horses,” their spacecrafts and they all have new vehicles (clothed) depicted as “fine linen,” which is a reference to the way the priest in the Moses camp wore “fine linen” the most delicate fabric and known to be worn by human kings and royalty that these have just graduated to receive by both overcoming their humanness through Ti and Do's direction and once again “laying down their human vehicles lives” having trusted their Older Member and having come to be one mind with him.

Rev 19:15 And out of his mouth goeth a sharp sword, that with it he should smite the nations: and he shall rule them with a rod of iron: and he treadeth the winepress of the fierceness and wrath of Almighty God.

Rev 19:16 And he hath on his vesture and on his thigh a name written, KING OF KINGS, AND LORD OF LORDS.

Again this last verse ties into the Jesus physical vehicle that all the commentators I've reviewed on this verse read seem to miss entirely is said this way to show his vehicle's physicality equated with an article of clothing as a “vesture,” also translated to, “apparel, cloke, clothes, garment, raiment, or robe.”

It might be that the white spot on Pluto is a door or a spacecraft itself that is on the surface or just below the surface and/or inside Pluto. The “New Jerusalem” is described as a spacecraft some 1378-1420 miles square (or perhaps in diameter, so round). Pluto was just re-measured to be 1473 miles in diameter thus who knows if this is possible.

Since the Next Level can change the vibration of a spacecraft like they can change the vibration of the cells of the physical bodies as Jesus demonstrated

with his changed over vehicle, appearing and disappearing, and since Ti and Do told us that the Next Level could have a spacecraft right on top of our “craft” (what we called the house we lived and worked in) though unseen to us unless we raised our vibrations to see, it seems possible that the New Jerusalem could be literally inside of or above and below what we see as Pluto. This gives a new meaning to the term “UNDER WORLD” that is one of the primary definitions of what the deity identified as Pluto is in charge of. Additionally, if what we call “heaven,” is as the Jews defined as having three parts, the 1<sup>st</sup> could be where Souls are saved, termed Paradise (by Jesus) or Abraham's Bosom, after their physical vehicle dies if they have pleased the Next Level to qualify. Ti and Do said this “heaven” has “gates” and/or “boxes” that are not freely passed between equally by all the inhabitant Souls. I would suggest these in this “heaven” would be those in Do's 3<sup>rd</sup> Group who could be salvaged from the recycling.

I would suggest the second heaven is then related to Do's 2<sup>nd</sup> Group which may be where some have been given Student model vehicles to serve the Next Level and learn some more lessons until they are brought back to finish their overcoming, while the Heaven or 1<sup>st</sup> Group actually have Next Level physical vehicles assigned them and significant service and dwell in sight of the Older Members - Ti and Do.

Ti and Do did indicate that the “garden” is provided with all the options humans can then “pull in” by their thirst to want to know about as their civilization progresses. If virtually all the humans are cleaned off the planet that have not shown allegiance to the Next Level as prophecy indicates and the Next Level then dissolves all the spirits in that first heaven, then when they restart the next garden experiment on the NEW Earth, then having also a new “heaven” it will be like giving all the remaining humans a fresh start since all the “tares” would have also been removed - even if some of them escaped underground. (The Next Level would know who went where so could decide to preserve some to become the catalyst adversaries (aka satans) for the next civilization's planting, even depicted as happening as soon as 1000 years after these stages are “done.”

I am surmising that the New Earth is speaking of the refurbished earth as Do said the earth was still a good planet to serve the Next Level. It just needed to be spaded and the weeds need to be recycled. But the “heaven,” this first

heaven, it seems will be removed, as shown, which takes place after what seems to be a bombardment by objects in space that causes all those on earth at that time to run to hide in their underground hiding places.

Rev 6:14 And the heaven departed as a scroll when it is rolled together; and every mountain and island were moved out of their places.

The removal of this “heaven” or “sky” portion of the “elevated areas” appears to be the spacecraft referred to as the city of God that was originally moved to North America from the Middle East, as Jesus indicated would occur when he said the Kingdom of God would be given to a new nation (ethnic people) and that Jerusalem would become waste because of how the religious had stoned and killed the prophets sent there. By being moved it became the New Jerusalem prophesied in Rev 3:12, where it was said would have a New Name given to His students who were to return with Him to take human vehicles again (one meaning of resurrection), who were described as the “overcomers,” which is the actual meaning of an Israeli as “one who prevails, conquers, overcomes as, by, through Jehovah's lesson plan” that was given to the one who was Jacob when he successfully wrestled with the “fallen angel” and prevailed. That new name would identify it's new location, installed over the United States mainland, though in particular over the southwest part of the U.S., covering the general territory from the Mississippi river to the Pacific ocean - about 1360 miles, with Los Angeles, the “city of God's angels” being where Ti and Do first spoke to a group who leave all behind to follow them in early April of 1975 that starts their gathering of that student body. This removal of this “heavenly spacecraft” may have been tied into the great earthquake (shaking) that is sited in the verse before this removal is depicted, but is soon followed by a new earth and new heaven installation, once again referred to as the New Jerusalem in Rev 21:

Rev 21:1 And I saw a new heaven and a new earth: for the first heaven and the first earth were passed away; and there was no more sea.

As shown in Rev 19 and 20, this New Earth and New Heaven is slated to be installed after the 1000 years, during which the Luciferian space aliens are again locked up underground, in their “under world” which may include any humans still alive and in their service, occupied by them, who, whether they know it or not aligned with them so became of one mind with them and were allowed to escape the surface recycling.

I imagine the Next Level can see exactly where humans have their new facilities they are working diligently on as we speak and is what is behind some of the financial scheming the “secret government” has engaged to keep funding while keeping it's accounting away from government budgetary scrutiny.

Imagine after 1000 years in their Under World to where they could potentially produce ten or so generations of offspring, how far removed those offspring would be from all that happened in the 21<sup>st</sup> century. All their electronic media would have degraded along with documentation that there would be little of anyway since everything is made more or less digital and what was passed on between generations would be like playing that game telephone as memories would also fade and change and so what one would probably have would be not a whole lot different from a mythological story of gods (seen as the space aliens) battling one another with the mortals siding with one or another and getting caught in between. Meanwhile in whatever location on the planet the Next Level wanted to foster the start of a new experiment to grow souls from, these would be of a different mindset also having their stories but with the seed of truth in their souls and their lineage of genes, mental and physical that knows there exist “creators” who have the overview of it all and the Next Level seems to give some generations proof of their existence shown in Rev 21 and 22.

Ti and Do said that the only time proof isn't given, that is, in a way that is very hard to ignore, though can always be seen differently, is when there is a chance for some to graduate during the END TIME, as they must come into full trust in the incarnate Older Members on the basis of their INFORMATION and EXAMPLE alone, which is what Jesus described as the “Word” - coming in the flesh, made to inhabit flesh, made flesh. That “truth” must be taken into one's Soul container through the human vehicle's sensory systems and primarily through the eyes and ears - sight and hearing while under the influence of those who became by their own choice adversarial (a Satan). The process of sorting out and discarding the misinformation from the adversary that becomes the dominant mindset on the planet from Next Level Mind provides the mechanism that literally builds strength of our own Mind and is a literal grafting to our Older Members Mind.

It's like having an interface between two computer systems. The better the

interface the stronger the graft and the more they can operate as ONE, while each remains an individual instrument to assist others “coming up.” The further along one gets in having that graft to their Older Member the more distant they become with those who are first “coming up.” For this reason, while Ti was incarnate they spent most of their time keeping distance from the student body. But as the student body numbers diminished because people left or because Ti and Do arranged for some to leave the group - feeling they weren't demonstrating the degree of readiness they needed, Ti and Do could spend more time with the student body. Even so there were some they could spend more time with, without distractions that would come as our influences sought to weigh on them. They came to identify which student had which influences by the thoughts and feelings they would have, that they wouldn't otherwise have if such and such a student wasn't in close proximity.

Thus throughout the classroom Do was attempting to communicate with the student body and often saw the need to say more when he knew some students weren't getting it. Ti would often say a few words to a few sentences and it wouldn't seem like she was saying anything extraordinary to understand, but Do would then come at the subject from several vantage points and we'd basically, if we were being good students would be just sopping it up like a good sponge. One hardly could have a question if one was listening because we were taught to linger on every word, at least that's the way I thought of listening, so that there was no room to think about a question or to judge if I believed it or not. To each students efforts and capacity they were totally trusting them, yet if we received each “dose” it would be shown in our thoughts because we were often given assignments to express ourselves in notes to them and sometimes we'd have time for questions and answers at the end of a meeting, while at other times they would hold another meeting a day or so later to give us a chance to absorb/digest the “medicine” the new perspective contained. No one was becoming a robot from this experience though if a student was progressing they would want to be robotic in their adoption of everything they were given because they knew and felt there could be nothing greater than to be a clean “pipeline” for one's Older Member's mind, as Jesus demonstrated he was and wanted to be for his “Father.”

Someone giving their life in service to Ti and Do will increasingly become

aware of the huge gap between the norms of society and the reality from the Next Level, the reasons we even exist and our ultimate hoped for purpose we must choose to pursue or not. There will be so relative few who choose to pay attention to anything Ti and Do said and that will also go for the reality of what Jesus taught, so that there will be few and far between those one can relate to on any more than a superficial level. This requires “endurance” to keep on trying to provide the truth when most will call them crazy or misled by Satan or some equivalent with hardly anything to go by at all. Even armed with all these new interpretations will be hardly paid any mind to unless the Next Level has given them a seed. In that case, when those with that seed hear the truth, a light will turn on in their head, like a smelling salt of some recognition. A few will want to pursue the truth from Ti and Do full out and this would be one of the ways those providing the truth will face further persecution, as when some of these begin to separate from their world, whoever is left behind will blame what they looked to and lacking Ti and Do's incarnate presence, the next avenue to attack will be those that become Ti and Do's “active students” and this will require them to have “faith” that when they are apprehended or hunted down, if they keep their faith in Ti and Do and “stand for them” when challenged, that no matter what they then experience they will reap the reward of being accelerated to their next station in Next Level service.

-“kill with sword, and with hunger, and with death, and with the beasts of the earth” - Kill is translated from Greek *apokteino* = separation by death. I suspect this interpretation includes how this is a time of separating the tares from the wheat as there are clearer terms to depict the act of killing as in the slaughter of one's physical body.

This “killing” takes place in the fourth part of the earth (essentially the U.S. and it's closest allies with/from weapons (sword - at this time with guns and bombs, possibly seen as the increases in school, mall, movie theater, sporting event shootings and bombings, political rallies, abortion clinics, on military bases and virtually anyplace public or private) and with/from famine, destitution, scarcity of food and/or from highly toxic food, water, air, perhaps like GMO's and by the dead (those who are dead to the Next Level seeking to silence or get revenge against what they may see as heretics or blasphemers according to whatever their beliefs are, religious or secular) and by the hunting and traps set by the governmental “BEAST's” (the U.S. and the E.U.,

and any employed by or in league with their behaviors and ways of thinking, laws and nationalism, etc.) as we see by increasing FBI, ATF, CIA sting operations like we saw at Ruby Ridge and Waco, Texas re: the Branch Davidians, by police departments that target any form of dissidence against the establishment that often makes people of color prime targets. To include institutions like the World Health Organization (WHO) that seek to make vaccination programs mandatory despite the consequences, or via man made pollution they won't fix like the way lead and various petrochemical carcinogens and radioactive waste is allowed into our air, water and food supplies.

For additional considerations in the relationship between this Fourth Seal and Dan 7:7's Fourth Beast (King) see section: III.D.4.b.iv. DAN 7:3 - DAN 7:7 INTERPRETATION.

**IV.D.1. REV 13:11-18 - THE SECOND BEAST - DANIEL 7'S "LITTLE HORN" HAS TWO INSTRUMENTS WHO ARE FALSE CHRISTS AND FALSE PROPHETS IN REPRESENTATION OF THE LUCIFERIAN MISINFORMATION MIND AS SEEN AS 1) NEW AGE SPIRITUALISTS AND SPACE ALIEN CONTACTEES, CHANNELERS OR CLAIMANTS OF CHRIST AND/OR MAITREYA ENLIGHTENMENT, CHRIST CONSCIOUSNESS, UNIVERSAL MIND, ONENESS REPRESENTATIVES, ASCENDED MASTERS AND THEIR DISCIPLES WITH THE DAHLI LAMA FIGUREHEAD AND 2) THE HOLY SEE STATE AS LED BY THE MOST ECUMENICAL FIGUREHEAD POPE FRANCIS AND HIS VATICAN CITY STATE AND BANK ENCLAVE OF CARDINALS AND WORLDWIDE ORGANIZATION OF WHAT HAVE BECOME ALONG WITH THEIR OFFSHOOT SECTS FALSE CHRIST-ANS**

Rev 13:11 And I beheld another beast coming up out of ((out of, from, by, away from)) the earth ((ge= country, region, occupants, soil)); and he had two horns like ((similar (in appearance or character), manner)) a lamb ((a Christ [one who has given up their life overcoming the human kingdom for the Kingdom of Heaven])), and he spake as ((which how, like, to wit, with all speed)) a dragon ((drakon= fabulous kind of serpent)).

Rev 13:12 And he exerciseth ((4160 poieo= make, band together, bring forth, commit, content, continue, agree, appoint, avenge)) all the power ((ability,

privilege, capacity, competence, freedom, mastery, superhuman, strength, right)) of the first beast before him, and causeth ((4160 - poieo)) the earth ((1093 ge= countries)) and them which dwell therein to worship ((kiss the hand of, serve like a dog)) the first beast, whose deadly wound was healed.

These descriptions seem to be spot on with the “little horn” and how it has “eyes” - The Holy See - the Holy Roman Catholic empire's hierarchy and/or the European origin Masonic “all seeing eye” from the far east “third eye” shown to be of the mindset of the founders of the U.S. as seen inside the dollar bill's pyramid.

Dan 7:8 I considered the horns, and, behold, there came up among them another little horn, before whom there were three of the first horns plucked up by the roots: and, behold, in this horn were eyes like the eyes of man, and a mouth speaking great things.

Another indication of the identity of this other Beast is in Daniel's dream/vision reference to how “before” this time of the emergence of this other Beast, three of the first Beasts ten horns (Dan 7:7 documents for this context), though is often referenced here in the Revelations, really points to England, France and Spain's (including in lessor ways; Italy, Belgium, the Netherlands - the Dutch from Holland) various claims and colonies on North America that were all three uprooted from North America by significant wars in the foundation of the U.S.

Also, this second Beast comes out of the human kingdom on/from earth. Like the first U.S. Beast it's development began at about the same time though at a different pace, but essentially it seems as a result of the emergence of the space aliens from their underground prison cells (bottomless pit), as first shown in Rev 9.

Here is a little summary of that part of Rev 9: It describes “locusts with tails that sting like scorpions.” Whenever tail is used, it often has to do with, in this case indicating these are creatures that procreate like mammals, which we know is of primary interest to the space aliens. Also in the abduction reports most were put into a type of comatose state of semi-consciousness but had no capacity to run or fight back (though there are exceptions, that did still have a capacity to resist), but they were made into the walking dead for the time, no doubt through the use of some type of drug, even administered with

a “beam of light” hitting them, as was described by Travis Walton as “blue” and a similar report from Credo Mutwa and others. It's interesting in the Travis Walton as reported by his companions who observed some of his abduction, a beam of light seemed to pick his body up and pull it into the spacecraft. That's particularly interesting as one of a number of indications that this “second Beast” does great wonders including “making fire come down from heaven on earth in the sight of men” from Rev 13:13 and the name of Travis Walton's book and/or made for television movie I believe was “Fire from the sky” - sky is another translation for Greek ouranos with it's equivalent as “heaven.”

The timeline of these events of the emergence of this second Beast is like most all prophecy in stages - degrees of application starting in this case of Rev 9 in the 1940's and 1950's but demonstrating these characteristics in the decades thereafter and seemingly brought to a head some time after the first Beast's head wound is healed which shows as when the U.S. seemingly recovers from the two falls of the 9/11 attacks and the global financial crisis of 2009. But these “wonders” are technological and some of the space aliens had spacecraft with these facilities, though related to this second Beast, humans seem to now have developed some of the same technologies. Russia recently announced having a beam weapon they could use to disable anything that uses electronics. The range of operation is the greatest challenge though.

They are described as on “horses dressed for battle” which sounds like primitive (compared to Next Level) spacecrafts, and are said to have the “faces of men (humans)” with “hair like women,” perhaps depicting females and/or males with long hair.

This is interesting in the light of the report of a Swiss man named Billy Meier who reported in 1975 he met face to face with a human looking female space alien named Semjase who had hair down to her waist and said they came from a star system just past what we call the Pleiades. Billy's first encounters were claimed to start in 1942 when he was 5 years old, a common claim from contactees and abductees to start with them when they are very young. It is interesting that many of the abductees and contactees say their captors say they came from primarily the same star systems as see noted in the book of Job:

Job 9:9 Which maketh Arcturus, Orion, and Pleiades, and the chambers of the

south.

Job 38:31 Canst thou bind the sweet influences of Pleiades, or loose the bands of Orion?

Also, Meier in 1963 said he discovered what he said were ancient Aramaic scrolls in a tomb south of the Old City of Jerusalem. From them he wrote a book called the Talmud Immanuel that claims to be the original teachings and life events of Immanuel who Meier says is the same one who was called Jesus Christ. I have reviewed parts of it as it was written in German but certain parts were translated to English and it seems to be another spiritualized distortion/dilution that can be put alongside the Urantia book.

Also in some of the pictures from other abductees and contactees there were at times some that looked like “grays” but when they had problems with their victim (who often later thought themselves elevated to a “chosen one” contactee) they brought in a more human looking being that sometimes was illustrated as a male with long hair who would put them at ease. These became referred to as Nordics and that is especially interesting as they were mostly related to the Scandinavian European countries that are now mostly part of the EU.

THUS IT SEEMS MOST LIKELY THIS SECOND BEAST IS MOST ENCAPSULATED AS THE EUROPEAN UNION WITH IT'S TWO LAMB LIKE INSTRUMENTS (HORNS) THAT SPEAK THE LUCIFERIAN (DRAGONS) MIND:

1) One horn seems to be the Tibetan Dalai Lama as the biggest figurehead that has attracted many New Agers to, in both north America and Europe that has spawned many associated movements and practices. Offshoots who often align with the Dalai Lama and Tibetan Buddhism, if not culturally, by adopting their thinking and techniques include many Space Alien contactees, abductees bearing hybrid children who become channels and leaders of believers. Some think of themselves as a returned Maitreya, considered to be a title of some equivalence to, “Christ” in Buddhist eschatology that does have some similarities, but all and all seems to be another “copy.” However, the source of this Buddhist thinking/behaviors, lessons may have stemmed from the work of an Older Member from the Next Level, as Do indicated was possible because of similar doctrine of renunciation of the world and conquering of the senses, etc. and because Jesus said he had another “fold” he

was to attend to after he left via his “cloud.”

Northern European New Agers seem to have been especially gravitated to Buddhist influences, and some of those are focused on a belief in the returning Maitreya. There are a number of Space Alien contactees that have even shared information that is kin to Buddhist ideas - and of course it's predecessor religion Hinduism. Rael is a prime example of a leader of some 65,000 Raelians (they claim) worldwide who claims space aliens, even some with the names Satan and Lucifer, whom Rael reports he met face to face during one episode, were the Book of Genesis Elohim and thus created all humans and also created Jesus. Rael currently uses the title, “Maitreya” and he may be the biggest European manifestation of this “horn.” It's interesting that those same two Space Aliens who told Rael this, also said they didn't create the planets, which according to the Genesis account that Moses wrote was created by the Elohim as well, which then becomes confirmation as to who these Space Aliens are. They are the Fallen Angels who did engineer or propagate and hybridize their seed with human seed to produce those called the Nephilim who could be considered the “tares” Jesus spoke about, the seed from the enemy sown in the same “field” of the garden as Their “wheat/corn seed” was sown.

Regards to the Maitreya portrayal, there is another who has for many years gone by the name Benjamin Crème who has an organization called “Share International” who says there is an India born Englishman who is the Maitreya but who isn't going to show his proof of that until the world has fallen to a certain condition of degradation that he will then save humanity from, as I generally understand it.

Another who claims some spiritual elite status is Billy Meier and there are various believers in him who became channel's of the Luciferian Space Alien souls and/or discarnates known as Pleiadians. There are many others to include Aetherian and Arcturan contactees and groups which have formed around them, some of which also have contactees who insinuate or directly say they are the return of Jesus (what I heard on a meeting tape implied by Alex Collier and from reports of what David Icke said when he first came on the public scene) or say they are both the return of Jesus and the Buddha, especially in the case of Rael.

David Icke, a contactee who I've read a little about said or implied he was the

return of Jesus. Most of these seem to gravitate most to Hindu and Buddhist beliefs and practices thinking that traveling to Tibet and India is a way to reach for further enlightenment along with certain yogic practices. They seem to have in common believing in the practice of meditation, they suggest if everyone did would bring about world peace through the idea some have called the “100<sup>th</sup> monkey.” That's saying as soon as the 100<sup>th</sup> one did something the entire community would just begin doing it. I don't deny there could be truth to that, except it's really happened in reverse to where most are pro killing whatever they see as their enemy and even doing so in the name of their “god” who of course is a “false god” - the IMAGE or copy or facsimile of the Real Members of the Next Level.

I would say most of these don't generally acknowledge the presence of a real being named Lucifer who because of his agenda to get off the planet stimulates further efforts among humans to develop their sciences and technologies to where human's death and destruction and coveting of resources and those who suffer because of, become “collateral damage,” as we also see certain humans talk of, they use to justify their killing of civilians in their various warring.

These New Agers generally replace the fact that there are Living Beings who designed everything. Instead they promote thinking of the creation in nebulous ways removing the Chief of Chiefs (what Ti and Do called the Oldest Member of the Next Level) with his being a “Cosmic Consciousness” or “Universal Mind” or “Oneness” no one need answer to as an authority over us and all of the creation, replacing the reality of the many membered kingdom that created the Earth for a purpose to grow souls upon who can graduate from their human condition to the idea that we are already living eternally in spirit form in an endless cycle of reincarnation or that we can overcome the world without appealing to Older Members from the Next Level to achieve eternal life as a spirit and not have to return to incarnate again. It's telling how the two webmasters of the Heavensgate.com web site have seemed to adopt quite a few of these frames of thought as their new philosophy, while portraying themselves as the authority over all the information Ti and Do and Crew left behind for us.

For example this view of “endless reincarnation” (according to reports from the interviews given by webmaster and former student of Ti and Do, named

Mrc, in the group, who was instructed by Do to leave the group in 1987 for not wanting to abide by all the lesson steps talks like this, while they say they are also working for Ti and Do, turning into quite the contradiction since Ti and Do never even insinuated such a concept in all their tapes and writings and what I personally heard from being with them for a combined 19 years.

These former students are the very ones who are maintaining the Heavensgate.com web site Do and Crew set up and gave them as a task to keep up. This and many other things they say (presuming both are of one mind in their statements as they no longer use names) in their interviews are seeming to move far away from Ti and Do's Mind that I can bring a great deal of evidence for saying. However, they can still change as can we all when we learn about how we have gotten off the straight and narrow.

But here are links to the blog posts I made to try to bring more truth to what they provided in their interviews:

Ti and Do spoke of how Lucifer gradually slipped to become more and more separately thinking from his Older Members until he didn't even know he was separate from them. Ti said he still knows the Chief exists but he so resents being jailed on earth that he is bent on battling against the Next Level even though he was given many chances to change. I have to wonder if one of those two webmasters is so resentful of being told to leave the class because of his not wanting to embrace the lesson referred to as "I could be wrong" that is behind his reason to withhold about 266 more audio meeting tapes Do made from 1985 to 1997.

These new age contactees often quote a tiny few of the things Jesus said to the general public, often focusing on two verses where Jesus says, (out of context), "The Kingdom of God is within you" where within meant both that it starts as a seed put in each human vehicle, but then that receiver fosters to grow and allows to be nurtured. Another quote describes how the incarnate Older Member comes from the Kingdom of God as one of it's Representatives "from among you" (which is also the way Moses said one like him would return), used to justify an earth origin to the returning Rep's incarnation. Another is where Jesus said, "God is a Spirit" which is synonymous with how Ti and Do said that every Member of the Next Level was a Mind to where a Mind is the stuff that they have filled their Soul container with and that they are still physical beings because of but use physical vehicles they grow on vines to wear like a human would wear a special suit for a special task like as astronaut or diving suit. What Jesus seemed to mean by saying that, was that Next Level members were not seen and like said are composed of their Older Member's Mind which is synonymous with the term, "spirit."

These often focus on Jesus' call for peace ignoring that he meant as a behavior among others, while not meaning contentment and inner peace in ourselves as within ourselves he wanted us to have "salt" which as one of it's main properties was that of a great enemy to bacteria to preserve life while enhancing it's value:

Mar 9:50 Salt is good: but if the salt have lost his saltness, wherewith will ye season it? Have salt in yourselves, and have peace one with another.

2) The other of the Two Horns of this second Beast would then be the latest and perhaps last New Agey styled Pope Francis as the leader of the Holy See state, the Holy Roman Catholic Church that is over the Vatican City State, who to date preaches an ecumenical doctrine now that has very little to do with anything Jesus stood behind except for rhetoric of feeding the poor while he sits on one of the wealthiest banks in the world, that is every bit as much a corporate profiteer/capitalist as exist in any of the strictly secular states and entities in the world. The position of Pope was separated from being in command of the Vatican Bank legalistically but with his Cardinals remains it's head. His talk that boils down to a One World Religion and One World government is right up Lucifer and his associate fallen angel's alley to

have a One World Order. Pope Francis does seem to want to emphasize the plight of the poor and has taken a strong stand on “healing the earth,” at least in rhetoric, but perhaps with his chemistry background is also convinced that the climate change is as he said “mostly man made.” On May 1, 2013 he said, “The book of Genesis tells us that God created man and woman entrusting them with the task of filling the earth and subduing it, which does not mean exploiting it, but nurturing and protecting it, caring for it through their work.” I believe what was meant by “subduing it” really meant “overcome/conquer” the lower evolutionary levels of behaviors and ways.

But perhaps the biggest clue that Pope Francis in his focus on the poor is literally neglecting teaching the most important teachings of Jesus is how he is quoting only the things Jesus taught the general public that he mostly spoke in parables - stories about so they would NOT SEE:

Luk 8:10 And he said, Unto you it is given to know the mysteries of the kingdom of God: but to others in parables; that seeing they might not see, and hearing they might not understand.

They, the general public were not ready to see and hear the full truth. It would have been too challenging to them and they would have fell prey to the lower forces more easily and would have fed the forces against him. His 3 1/2 year ministry wouldn't have lasted even that long I imagine before he would have been thrown out for sounding like a babbling idiot or possessed by devils all the more. Of course some and probably many Jewish leaders demonstrated they did think those thoughts - it was just less which afforded him more time to help his students, who he did reveal some mysteries to, further opportunity to draw everything from him they could, so they could stand for him when he left and in so doing be sacrificing their physical life which would be their ticket to their next grade in school at graduation time upon his incarnate return. (dying isn't the ticket by the way - service to their Older Member that will result in their death is their ticket. It's just a different focus. There are plenty of people that give their life for another and that can have it's merit but to graduate one must not be giving their life for their own sense of self importance as a martyr that they feel makes them a spiritual hero or some sort of thing in the eyes of others. That's a distortion. Ti and Do always said theirs was “not a martyr trip.”

To top this off, Jesus said upon return he would no longer be talking in

parables thus to still be preaching the parables is like sharing maybe 9<sup>th</sup> grade lessons when it's at the least 11<sup>th</sup> or 12<sup>th</sup> grade time when those in the 11<sup>th</sup> and 12<sup>th</sup> grades with Jesus would at this time be graduating. This dilution is also seen in many churches around the lands to where they teach the parables and miracles and even the Old Testament toddler lesson plans. It's not like those are bad things to teach but the priority could be preparing people for the return by sharing with them the things Jesus shared with his disciples that he didn't talk to the general public about.

Ti and Do said Lucifer likes “order” in his kingdom so if you break that order, you end up in one of “Lucifer's jails” - the various governmental prison systems. Together these Two Beasts are leading the social and technological aspects of the war of Armageddon which for the Next Level is really a battle for souls between the Luciferian space aliens and the Next Level that humans are the Luciferian pawns of, though some can see through and results in their rebellion and separation from allegiance to either of these two Beasts.

Rev 13:13 And he doeth great wonders ((4592 semeion= sign, wonder, token, mark, prodigy, portent)), so that he maketh fire come down from heaven on the earth in the sight of men,

Rev 13:14 And deceiveth them that dwell ((house permanently)) on the earth (by the means of those) miracles ((4592 semeion= sign, wonder, token, mark, prodigy, portent)) which he had power to do in the sight ((in the face, presence, before)) (of the) beast; saying ((to lay forth, relate)) to them that dwell ((house permanently)) on the earth, that they should make an image ((1504 eikon from eiko 1503; a likeness, (literally) statue, profile, or as a figure [even an actual Hologram like Fatima]) representation, resemblance, akin to being weak or a faintness as a copy)) to the beast, which had the wound by a sword, and did live.

The context of who performs these “great wonders aka miracles, (Luciferian signs)” is from the perspective of this “other Beast” of prey, organizations of humans' (mammals) countries, institutions and corporations of the E.U. who like the larger Beast the U.S. are now in various ways under the influence of the Luciferian space aliens and those who carry their seed (misinformation mind).

By the way, it's the false Christs (false anointed ones and/or false Christians) and false prophets (speakers/teachers) that show these “great wonders” and

“miracles,” not the once incarnate Two Witnesses nor their “Active Students.” (That's a phrase Jwnody wrote on Do's behalf that referred to his students that he indicated new believers should try to “connect with” in he and Ti's physical incarnate absence. I suspect he said that to cover his bets, should he leave before his student body, something he always considered could happen. Then new believers would know to seek out those Active Students.)

Mrk 13:22 For false Christs and false prophets shall rise, and shall shew signs and wonders, to seduce, if it were possible, even the elect.

Rev 16:14 For they are the spirits of devils, working miracles, which go forth unto the kings of the earth and of the whole world, to gather them to the battle of that great day of God Almighty.

This is why one was not going to see the Two Witnesses, bringing on plagues like Moses did nor calling fire down from heaven as Elijah did. Those were listed as their characteristics because it was to show they had the same authority. Ti and Do wondered at times why they didn't seem to have powers like that. They knew they were those in the prophecy and there were times they thought about trying them out, which they said somewhat humorously as they recognized that wasn't really their role at this time. They didn't abide by what prophecy said. They used it for clues of what they knew they were being fed in information. By the way, they said they would both receive the same impressions at the same time that they would only recognize when they came together and checked with one another when they felt something was coming in. This way, it was a check system so one wasn't really leading. They worked as a partnership though Do knew Ti was his Older Member and yielded if the came upon something that seemed to differ though often it didn't really differ except in how they each registered it. They had different brains so in talking about what they were receiving they would talk about them differently at times and that was useful as Do had a closer interface with the student body where Ti had a closer interface with Do and was more distant from the student body. Relating with the student body was primarily Do's task to perform which is part of why Ti left before him.

The great “wonders, miracles, signs, tokens, marks, prodigy, portents” are all on the human level and thus earth based and are things what Ti and Do called “tricks” the Luciferian space aliens stimulate to try to fool people into

thinking they are God or that God was them all along. They are also technologies that have been gleaned from or provided from the space aliens to humans while are also being developed or the subject of experiments to create that are giving rise to more and more advancements in all fields that are to humans WONDROUS to observe and/or be a part of developing. However in the context of this EU beast, European based technological developments and apparent space alien activity put's front and center the many wondrous experiments in atomic and sub atomic particle and energy physics at CERN, the "Council European Research Nuclear" known the most for it's Large Hadron Collider (LHC) that is geared to create antimatter by powering atoms to smash into one another at incredible speeds and then watching the sub atomic results that they recently feel demonstrated the existence of antimatter as described as the Higgs Boson particle.

More directly related to "fire from Heaven" is the CAST telescope recently installed that uses dipole magnets and pipes associated with the LHC that generates x-rays into the Sun looking to discover "axions" that they think will explain subtle differences between matter and antimatter in processes involving the weak force but not the strong force they think can make up dark matter. Now I don't pretend to understand all that except that dark matter in my thinking is what Ti said was "frequency." Human scientists are talking about this as parallel universes - in existence all the time which one can imagine if we knew how to turn on and off, one could make matter invisible yet still have mass as Jesus demonstrated and Ti and Do said could make it so there could be even another civilization on a planet we think is barren but we can't see them because they are on a different frequency our brain/eyes Mind has not developed to be able to see/comprehend.

Another project is called the High Luminosity LHC which is a cutting edge Tesla superconductor quadrupole magnet and incidentally 2015 they, related to the United Nations EU headquarters in Geneva, Switzerland declared to be the "International Year of Light" (Fire?).

"Fire from heaven" in it's most base understanding would involve the sun and the significant production of heat these experiments generate that are all doing very wondrous things on a huge scale relative to human achievements to date. Some people think they are going to create a black hole.

I have suspected for a long time that one primary desire for these particle

accelerators is to try to create new elements that could be used to manufacture an element that would provide an anti-gravity field that could become the energy source of a spacecraft to just lift away from the planet instead of having to thrust our way into space as has been shown to exist in some of the crashed or provide space alien crafts.

As a side note, I can imagine that one of the ways the Next Level might have grounded the Luciferian space alien fallen angels was by knowing they had a very limited supply of the element needed to power their spacecrafts or by making changes in the sun's output so that those elements no longer stay charged as long or as well or with as much force as they once had. I'm just guessing of course. By giving humans some spacecrafts as reported by Bob Lazar and others, the Next Level were helping humans see the possibilities so they could figure out how duplicate them and the elements that power their engines and generate the anti-gravity field. I don't know if the Next Level did provide these crafts in tact enough to provide much data on this, but it seems the Luciferian space aliens did foster facsimile UFO crashes after initial Next Level staged crashes at the Plains of St. Augustine near Roswell, New Mexico, Aztec, New Mexico and Laredo, Texas, in other U.S. southwest and other locations and also in England known as the Bentwaters incident and at least one in a northern, remote are of the Soviet Union.

Do indicated the Luciferian fallen angel space aliens might not have the expertise nor tools/labs, mining and refining systems available so need humans to develop the technologies they need to use to try to escape from their prison on earth. If they do get humans to escape and they tag along with them in their spirit form and/or with some of those they nurtured to be their pawns then I doubt they will get very far and may not survive very long - like on Mars, for instance. NASA just announced a program looking for people to colonize Mars. G.W. Bush had announced this project during a state of the union address in one of his last years as president so this is not new and his announcement came days after China announced colonizing Mars and the Moon. The Luciferians know a lot about what's possible, having had experience with what Do called “elementary service” in the Next Level, so they can point humans in the right directions.

Lasers are another way to look at “fire come down from heaven (sky/outer space).” As said 2015 is the International Year of Light as declared by the

U.N. which combines activities of both Beasts (US and EU) with it's bases in NYC and Geneva, Switzerland. During this year there have been successful use of lasers to deliver video communications from both the International Space Station (ISS) and a the European Space Agencies (ESA) probe on the moon which is many times faster than previous transfer mediums. Laser surgeries are now routine and use for weaponry.

Further wonders are in progress in the area of cloning and bio-engineering, growing human organs, even having ways of automating their design, called "3D printing." A device has all the components within it that outputs a mesh shape of an organ that used stem cells genetically engineered to grow flesh over the mesh and that has been accomplished for some organs.

Interestingly, it was in Rael's book, the Frenchman UFO contactee who started the Raelian religion, that he reports being shown on board one of their crafts a computer that two beings named Lucifer and Satan described as a cloning device. The premise was they could take a piece of one's forehead bone and put it in the computer and it would produce a clone of the person at a younger age they then could take over, presumably when their existing body died. They told him that they "outlived planets" in this way. By the way they said they didn't create the planets though they claim to be the Elohim "Lord" in Genesis who created humans. I later realized they might not be lying but are mixing up the story so that they were indeed the fallen angels that created the hybridization program or just had sexual reproduction with the "daughters of humans" to seed the ones called Nephilim who became very mighty and even giants physically who ended up being very violent and seems to even feed off of humans prompting the Next Level to choose to wipe them all out and start over, thus the Noah flood. But it's interesting that Rael went on to found a company called Clonaid that clones animals and Rael though he claims to be the returned Maitreya and/or Christ claims there is no Kingdom of God and that all humans came from his space aliens and that technological development is the solution to all the worlds problems - which amounts to yet another type of "false idol" worship.

I've read that South Korea excels in organ manufacturing (and by the way cloning of animals) technology which I became aware of having application for already, when I saw a report of a new city like facility being built under the cover of a ski resort in what is called the Northeast Kingdom area of

Vermont. They were describing the businesses they were drawing to the facility and one was a South Korean human organ manufacturer. To me that was some icing on the cake of what was really intended for this facility, having an airport and entire infrastructure planned and in development subsidized in part by Federal monies like the recent shift to a digital wireless electric company monitoring throughout the state. All this in a very rural sparsely populated area, though a stones throw from the state capital of Montpelier that I remind has a statue of the goddess Ceres on its statehouse. I would venture to gamble such a facility is being installed nearby every big city in the U.S. and no doubt Europe and probably throughout the world, for the leaders of the countries and their rich backers to literally buy quarters within in the event of a need to flee underground from any number of regional and/or global-wide catastrophic events or uprisings or wars. The Next Level may allow certain ones to survive their spading, recycling as indicated in prophecy so they can be used as catalysts for the growth of those who survive this judgment time the Souls who don't show their allegiance to the Beast or its Image (Spirituality, even to a hologram like Fatima).

Drawing fire from the heavens can also refer to doing things in the atmosphere of Earth that can stimulate thunder and lightening storms. There has been considerable indications of this with the talk of NASA's project Blue Beam and the HAARP project in Alaska that as one of its missions is weather modification using an array of antenna that transmit frequencies anywhere on the planet that can be made to affect the planets electromagnetic field and potentially stimulate storms or perhaps a reduction of the way that field is a shield against the suns solar wind. If that shield is altered or disrupted, perhaps also related to the ozone layer more of that solar wind can get to the surface. CERN maybe engaged in some of this as well. And there are new plans for even bigger facilities in all these respects all over the globe.

As fire is related to Hell, and Hell to the Luciferian fallen angels who are in hell in that they can not escape their fate when the Next Level is done with using their desire to combat the Next Level, they are also drawn with their space alien descendents and human pawns to the earth that includes the fact that they will be judged by "fire" - cast into the "lake of fire," perhaps a multiple pronged strategy of recycling using both forces outside the earth as in the Sun and forces inside the earth as the molten core that we see in the last decade being stimulated in volcanic eruptions. Mt. Etna, is one that has

continued to show slight activity but could be one of many that could all create “lakes of fire” when the Next Level is “done”

Further development of radioactive elements into energy systems and propulsion systems are yet another example of fire from heaven, with heaven meaning from what the space aliens provided the Nazi's in the mid 1940's however they did that, possibly related to excursions to and discovery of a hidden underground lake in the continent of Antarctica. One could imagine that any sizable object hitting any ocean would cause many times the damage of what happened in Fukushima, Japan from a tsunami stimulated by an ocean earthquake. And with the many nuclear reactor sites on coasts that would have their cooling systems destroyed by flooding could cause many meltdowns that would further pollute any ocean or waterways they are built on to create ocean sized “lakes of fire.”

Re: “image” - In a literal way, a Luciferian hologram like Fatima. Generally speaking, what Ti and Do called a “facsimile, copy,” something that was “not real and didn't exist” and referred to humans with Luciferian misinformation that way because being filled with misinformation means no possibility to avoid being recycled thus not existent. We can recall that the Lord told Moses his names as “I Am” or “I exit” or “Existing One” (Jehovah) and that Israel meant “one who prevails as Jehovah,” thus overcomes through adhering to the instructions aka commandments from Jehovah that enables their “existence” where otherwise all else is a non-existent representation, resemblance of what exists, a likeness which is how those before Adam and Eve were referred to have been created male and female “like” in appearance and quality to the Elohim - existing ones - the Governors or Chief Administrator of the Earth garden as Do referred to Ti as one time.

Thus this “image” is anything that is portrayed as Above Human that is not or that puts humans on a pedestal they are not on, or the working for Spirits, discarnates, space aliens, religions, so called spiritual teachers, Christian Evangelicals, Channelers, Artists put on a pedestal, Science and scientists who are seen as can do no wrong, etc. Since this is used as one of the conditions of judgment of who is “saved” from the recycling and who is not, equating with worshiping (serving, working for) either/or the Beasts and/or “it's image,” as in Rev 14:9-11 and 15:2. These who work for the Beasts and/or their Image(s) are also those who suffer the consequences of the

FIRST ANGEL'S POURING OUT OF THEIR VIAL on the earth that starts and is ongoing as shown in Rev 16:2, but has stages of application to the "Great Day of the Wrath of the Lord" during the time of the 6<sup>th</sup> Seal.

Rev 14:10 The same shall drink of the wine of the wrath ((passion, breathing hard)) of God, which is poured out ((2767 kerannumi=filled [also translated as; "to mix, or pour out as for drinking," but considering the next word is related to being unmixed, undiluted, it seems the "filled" option might be more contextual])) without mixture ((194 akratos= full strength, undiluted)) into the cup of his indignation ((3709 orge= movement, agitation of the soul [stimulation towards growth, the "salt" each prospective member of the Next Level needs to have, aka "thirst" for the behavior and ways of the Older Members], the natural disposition, desire (as a reaching forth or excitement of the mind), vengeance and punishment [reaping what was sown], anger [at the effort to turn people away from the truth about the Kingdom of Heaven and it's Older Members in that Next Level Above Human])); and he shall be tormented with fire and brimstone in the presence of the holy angels, and in the presence of the Lamb:

Notice the language of "pouring out," which is applied to how wine is mingled to fill one's vessel (cup) - one's lot - chosen direction in life, that in the application in the resulting receipt of that "wine" (mind as instructions from the Next Level to implement) delivery gushes out, is shed abroad or forth as in distributed when the disclosure (voice) is give. The aspect said as "without mixture" or undiluted, when examined in a number of translations is said as "full strength" which is indicative that it won't be spread out nearly as much in severity and frequency and scope as it has been up until this point.

One will note throughout history major natural disasters are sporadic even throughout most of the 1900's, with few in the territory of the U.S., though quite large when they hit (New Madrid, San Francisco, Galveston, etc.) But since the mid to late 1990's a noticeable increase in earthquakes (Japan, China, Indonesia, Iran, Chili, Haiti, Italy and of late Rome, etc.), tsunami's (Sumatra, Japan (Fukushima)), tornadoes (Arkansas, Missouri, Oklahoma and Texas, some a mile wide), hurricane's (Katrina, Sandy, Irene, Matthew), drought and subsequent forest or range fires (Colorado, Oklahoma, Montana and California), huge hailstones the size of softballs and/or hard enough to break through thin metal roof tops on sheds, massive fish and bird die offs,

famines, genocidal wars (Rwanda), State, even illegal waged wars (Afghanistan, Iraq) and foreign and domestic terrorism events, heightened volcanic activity including eruptions (Hawaii, Alaska, Mt. Etna in Italy, Chili, Mount St Helens, Yellowstone and others most focused on the area of the planet spoken of as the “ring of fire” - the Pacific rim).

Therefore what this verse is indicating is an increase to full strength of these plagues and calamities that seems to be in the timeline at the start of the Opening of the Sixth Seal in Rev 6:11-17, yet indicating some will still be able to “stand” for the Kingdom of God/Heaven, Next Level, Ti and Do according to what they have become aware of. I suspect this time period is slated for around 2025-2032, counting 4-8 years to each Seal opening as was evidenced between Seals 1, 2 and 3. The spread of 4-8 years is because of the “days being shortened for the remaining (elect),” so it could certainly be even sooner. These were not the only considerations. The biggest one is because Ti and Do indicated those in middle age around the time of his exit would see the completion of the the events in Revelations, obviously not counting the 1000 years after these calamities are “done.”

These three Seal periods in the world begin with the Bill Clinton regime that was in place until the exit of Do and Crew in 1997 so seems to coordinate with Rev 14:6's first angel's speaking in the “middle heaven” the true information (gospel) by Do coming out on the “internet” (starting via satellite uplink in 1993 and ending with the Heavensgate.com web site and their globally reported exit) as the return of the same Soul who was incarnate in the vehicle named Jesus, that a few years later begins the “hour of judgment” (40 year period).

The Bush regime seems to coordinate with the start of the Two Falls of Babylon in Rev 14:8 with the 9/11 attacks and the response of what I call the Endless War on (of) Terror, as Jesus said, those who live by the sword die by the sword.

The Obama regime shows the start of the second fall, set up by the time of the Bush regime for him to manage as the Global Financial Crisis, another U.S. (and allies) stimulated event to usher in the New World Order and the U.S. Secret Govt that first began to form in the 1950's because of the Space Aliens being permitted by the Next Level to circulate among humans again. This seems to be according to the timing as noted in the second “another

angel” in Rev 14:8.

The third angel of Rev 14:9 seems to mark the start of the Opening of the Fourth Seal that appears to be depicted as the Woman in Revelations chapter 17 and 18 also representing the “city” that sits on the Beast as the:

Rev 17:18 And the woman which thou sawest is that great city, which reigneth over the kings of the earth.

Of course it's not the “city” that reigns over anyone, it's the people occupying such an entity no matter where they are located though by various descriptions may most apply to New York City and of course it's axis to Washington D.C., Chicago to Houston to Denver and Los Angeles as main hubs.

This Rev 14:10 period is led up to through Seal openings 4 and 5, then depicted as the 7 Angels who pour out their Vials, starting with:

Rev 16:1 And I heard a great voice out of the temple saying to the seven angels, Go your ways, and pour out ((1632 ekcheo= to pour, figuratively to bestow, gush (pour) out, run greedily (out), shed (abroad, forth), spill)) the vials ((5357 phiale= broad shallow cup)) of the wrath of God upon the earth.

Christians might say this wine (from Rev 14:10) was the Holy Spirit, which is true in that it's the “Mind,” Ti and Do equated with the term “spirit” that his pure (holy) because it's totally real and true, but given to a world that has thrived on the misinformation mind/spirit from the Luciferians that diluted the Next Level Mind when it was “poured out” before as when Jesus came incarnate, his being the receptacle (vessel, cup) for his Father's Holy Mind/Spirit which is the “passion” of Next Level members to provide. But when humans who have not learned and practice taking in that mind and keeping it in their vessels to be used to build their internal “Soul” container, (given them like a seed is given to the earth), then it spills out - meaning humans can't contain themselves and their passions however they are translated according to the pattern of programming they have accepted.

If they translate that passion by going out to clubs to get high on substances and get all sexual, more of that spills out literally and as a figure. If their passion is to get even with someone or some government or people who they have seen as doing them wrong, then they can hardly contain themselves

from striking out with their passion in angry ways and we see hatreds and shootings from jealousies and vengeance and bigotries of all sorts escalate. If they get rid of that passion by amassing power over others as we see in governments through military and security forces down to the police level that then spills out.

If people have bought into certain thinking that sets them above others due to their intellect or science capacity, etc., they will pour out themselves into that passion and we see increased technologies and with success in business tends to build their sense of self into a heightened stature among other humans that often because of closes their minds to anything that could challenge their view of themselves. For those that it stimulates their sense of a spiritual self, they can't help but get all self righteous to look down on people that they don't think have God in their life, judging them as sinners and heathen. The same is shown among those who count themselves "spiritual" teachers. They have often magnified themselves to a position that can be the equivalent of a religion's leaders, with or without an organizational banner. Some of these consider themselves enlightened or channels for spirits they think are from a higher realm or "contactees" of space alien's they directly or indirectly deem "gods," some of which will subtly allude to beings significantly over them. Some of these aliens portray themselves to humans as "Space Brothers." Ti and Do talked about this as "everyone getting what they have come to believe." Many times what people believe is actually a complete illusion so they get that illusion, that is until the Next Level recycles and then they get reality.

People often can't help but gravitate to their own comfort zone even if it's one of hatred and arrogance towards someone else or some other group that yield troublesome, injurious, pernicious, destructive, baneful thinking and behavior as shown in response to the first of seven of these provisions of release of the Next Level's Mind that few have a program to translate in any other way:

Rev 16:2 And the first went, and poured out his vial upon the earth; and there fell a noisome ((2556 kakos = evil, harm, ill, bad nature, mode of thinking, feeling and acting that is troublesome, injurious, pernicious, destructive, baneful)) and grievous ((4190 poneros= full of labors, annoyances, hardships, pressed and harassing, bringing toils, perilous to faith and steadfastness, causing pain and trouble, physically diseased or blind)) sore ((1668 helkos= a

wound, production of discharge pus, an ulcer)) upon the men which had the mark of the beast, and upon them which worshipped his image. ((copy”-, facsimile of Next Level, even hologram like Fatima or Spirituality))

This becomes the main criteria of separation of those who turn to the real Next Level Beings for help, according to how they relate to the Next Level that must include showing the Older Member Living Beings in the Next Level we mean what we say and want to be in their service and grow to be in their Above Human Family as best we can understand it, so trust them to help us, which will include a separation from allegiance to humans. This is not to say, this becomes an excuse to neglect the responsibilities we have taken on in the human kingdom to one another as the Next Level uses the human kingdom as our stepping stone which is why Jesus gave the instructions he did to, in his physical absence to show our love for him and his Father and his kingdom by doing to others the way we want others to do to us and treating even those who would cause us harm with the same respectfulness knowing they don't know any better or they wouldn't act the way they do. But what's important is to seek a stronger relationship with the Next Level Older Members day by day, looking for the ways they can help lead us closer to bonding further with them and there can always be a greater bond.

There is nothing to be assumed. We have to seek out what they want us to do for them. They don't need us to do for them, but it's the only way we can draw their mind into us and not have it spill out and be wasted. And for those that have heard about Ti and Do, they must address their desires to them. To bypass the ones more recently sent to us is to deny they exist. All humans who don't show the Next Level what they want in a relationship with Them will be those that are spoken of as the ones who have received the “mark of the beast and/or those that worship that Beasts image” meaning service self as a God or equivalent or religio-spiritual imagination or to the academy of sciences or to the institutions of higher learning, or even to an actual hologram like Fatima. It's not that we don't recognize things of value to those human and governmental organizations. It's more that we don't put any faith in them even though when we put our faith in the Next Level first, they may lead us to solutions to our problems that might take advantage of what humans have learned to do in their sciences.

It's really as simple as getting into one's quite place and then screaming to the

Next Level (inside our heads) to allow us to become “putty in their hands” - projecting that beyond the most distant stars to not be interfered with by the space aliens or discarnate that have some circulation in the lowest part of the heavens mostly within the atmosphere of the earth.

Those who don't seek this kind of giving of allegiance to the Next Level will be left to their own decay, but mind you, we don't know who is or isn't changing one hour to the next. We can tell from behavior who is not acting in Next Level ways towards others but they could be one minute acting out their spilling out of the Next Levels passion and the next minute could wake up to the fact and can seek to change in which case the Next Level will forgive them their trespasses against us, as we too want to be forgiven but then must continue to grow to have a greater capacity to keep the Next Level's passion inside of us, converting that energy into positivity as requests for greater service and bonding with our Next Level Older Members. If we simply do the good deeds but without letting the Next Level lead us into them, then we can become tricked by then another form of the image of goodness as we see in many of the religious, though are judged person by person not by us but by the Next Level overseers.

In Rev 19:20 those who constitute the Beast and False Prophet along with those deceived by them to receive the mark of the Beast and/or “worship his image” are cast alive into a “lake of fire burning with brimstone” while the remaining meet another fate by the word of the one doing the judging at that point that results in some becoming the flesh the space aliens (fowls) feed off of. Feeding off of flesh (DNA) is exactly what the space aliens do when they abduct people to get their DNA, eggs and sperm, etc.

Rev 13:15 And he ((they)) (had) power ((1325 didomi= adventure, bestow, set, show, take, utter, deliver, smite, strike, bring forth, offer)) to give ((1325 didomi= bring forth, show, offer)) life ((4151 pneuma= spirit(-ual), current of air (etheric), mental disposition, godly, superhuman, angelic)) (unto the) image ((1504 eikon from eiko= likeness - literally a statue, profile or as a figure a representation, resemblance - an image [New Age spirituality claiming all are gods - a facsimile of the truth even in the form of a hologram like Fatima])) (of the) beast ((2342 therion= dangerous animal (human governmental organizations))), that ((hina= in order that, (denoting purpose or result), because)) the image ((spiritual facsimile of an angel/God, copying

the Next Level in some way to lure humans against the Next Level)) (of the beast (([Human Governmental Organizations])) should ((2980 laleo= to talk, preach, say, speak, tell)) both speak ((2980 laleo= to talk, preach, say, speak, tell)), and cause ((4160 poieo= make, do, agree, avenge, commit, content, fulfill, band together, bring forth)) (that as many) as would ((whosoever)) not worship ((kiss the hand of, work for, serve)) the image ((spiritual facsimile)) (of the) beast (should be) killed ((hina + apokteino= might go away, exit, be separated by dying)) .

This OTHER BEAST (EU) with it's TWO INSTRUMENTS (HORNS) of the Holy See, currently through Pope Francis and the Dalai Lama with their religio-spiritual and even pro Space Alien talk and facsimile of Next Level allegiance, have that POWER to BRING FORTH a SPIRITUAL, ANGELIC and GODLY IMAGE - RESEMBLANCE and LIKENESS, what Ti and Do called a FACSIMILE, REPRESENTATION and COPY, of/from/with THE BEAST (US) that can even be a hologram like Fatima that can “speak” that could bring about the physical death of all those they see as heretics, dissidents, anarchists and rebels because of choosing not to align with the BEAST and/or that FALSE IMAGE. It was said of this time as in times past, that people will kill others in the name of thinking they are serving God to do so for not KISSING THE HAND (serving (worship)) OF THIS BEAST and/or it's IMAGE.

In other words, people will be deceived into giving their allegiance to the Human governments and/or spiritual thinking and practice, which could become the “winepress” for those who refuse showing that allegiance and they might even physically die “standing up for” the One True Kingdom of God (as best they know of it) but for those who do, for Ti and Do.

In Rev 6:8 regarding this fourth seal it specifies “death” to identify what the one sitting on this GREEN HORSE represents in this stage in the completion of this Next Level garden project. As people are won over by the Beast and False Prophet they are deciding to accept and give their service (worship) to the Beast's One World Government and/or One World Religion that Pope Francis seems to be heading with an ecumenical anti-Jesus (Christ) message that is even appealing to many who have come out of Catholicism and sort of merged in with modern Hinduism, Buddhism, Islam, Judaism, that all no longer resembles their founders behaviors and ways. Religions then become

an IMAGE, a facsimile of the truth and coming from the Greek “pneuma” has to do with “spirit” which according to Ti and Do is synonymous with “mind,” that's either by Do's description is either Next Level true Mind/Information or “misinformation mind.” Thus all who gravitate to that misinformational mindset, who don't know they have made that their reality will think they are doing service to the greater good of their way of thinking of all humans being of one mind, living in peace and prosperity with equal rights and humanitarianism and environmentalism (green), global socialism, united, will be motivated to report those they see as upsetting their applecart of peace and harmony. The Next Level would have us act towards one another with peace and harmony and love. When the Older members have not been incarnate in our lifetime then being a humanitarian is the best we can do, as Jesus said of the second greatest commandment to Love you neighbor as oneself.

Ti and Do did believe in a certain amount of environmentalism - having clean water, food, air, but even those things were not above looking to the Next Level for how we can serve. For instance when I was cutting tree boughs in the national forest so we could put up tents without having a tree leaning on the tent when it was our task to set up a functional camp, I walked around with Do and he would tell me which branches to cut as I was the chain saw operator (sawyer). He didn't want to cut any more than necessary. I even did cut some he didn't indicate but he said nothing about it, but I knew I'd slipped as that was looking to my own mind and the purpose of being in he and Ti's classroom was to adopt His/Their Mind which actually extends to every thought and behavior and way that he would give us. It was Ti who instructed us to make this kind of commitment to Do or not be in the classroom.

Ti and Do, as Jesus, didn't teach having peace and harmony in the world. They said in the world you would have disharmony, stress and tribulation with your enemy even potentially being in your own household, that is if you “stand” for what they teach when put to the test, meaning you let it be known who you believe in and work for. In a sense this could look like the opposite of how the Lord had the Israelites mark their door with lambs blood so the “angel of death” would skip over their house and family. If one thinks about it with GPS (global positioning system) and the way you can go online to Google maps and literally look at many people's actual house from the many pictures taken from the streets and air, knowledge of who is in each house is also knowable and how they think and act by their internet data and any local informants to the way they think. Then with drone technology if they think someone is a threat, according to their “orders,” then they are marked in reverse and may be sought after to get rid of in whatever way. It's what in a real sense has been happening in Afghanistan, Iraq, Yemen and Pakistan with drone strikes and it's happened in the U.S. with the Randy Weaver and family story.

Do brought up the Randy Weaver story as an example of how some were breaking away from the world by rebelling against the status quo establishment and how it threatens the “order” the Luciferian space aliens want to keep humans maintaining. However, he didn't condone violent rebellion.

In short, the story that became called the Ruby Ridge Standoff in Idaho came to a head on August 21<sup>st</sup>, 22<sup>nd</sup> and about 10 days after that in 1992 when U.S. Marshals killed the Weaver family's dog, because the dog was giving away what was supposed to be the Marshall's clandestine survey of the property, that resulted in Randy's 14 yr. old son's retaliation by killing the Marshall who killed the dog. That brought many law enforcement to the property and without further provocation shot Randy in the shoulder and killed Randy's wife and house guest. The entire standoff came about because of an FBI sting operation on a white supremacist group Randy had some association with and the charge that Randy had sold the undercover FBI agent two shotguns that were sawed off shorter than the law allowed, that Randy denied but was followed by a warrant for his arrest when he didn't show up to court to answer those charges. The government later admitted Randy was sent the

wrong date for the court appearance. The FBI was trying to get Randy to lead them to the leader of the white supremacist group which Randy didn't want to cooperate with.

Do also felt another example was with the government massacre of David Koresh's camp Davidian group which happened under President Clinton's watch with attorney general Janet Rio's order to the FBI and ATF teams to attack the compound with tanks, allegedly loaded with a flammable substance they appeared to use to start a fire to burn them out that ended up killing 90 men, women and children who were hiding in a buried bus.

When Do was watching that on television's live newscast I happened to be sitting with him in his "craft" with his two primary "helpers," Lvbody and Innody and my partner Srrody, watching the compound go up in flames and burn. We were all shocked to see that happening knowing that their crime was living against the status quo system and having guns that they used when they felt they were being attacked by the authorities they felt were Luciferian driven. Do never justified the way David Koresh lived and preached and had all those young girls he had children with, but this event did stimulate Do to respecting David Koresh's followers willingness to die for what they believed. Do wondered if his students would be that committed.

Because of that event, Do talked to us about the idea of having guns as a way to be seen as a threat to the authorities IF they chose to apprehend him/us for some reason, in case Ti would have had us exit our vehicles in that way.

There was no illusion in knowing that Do was on a list with the Cult Awareness Network and FBI. We didn't buy guns at that time, but after I had left in September of 1994 they did buy a couple rifles and while they were building their "compound" in an "earthship" design that used recycled tires packed with mud for the walls, Strody, in her then nearly 60 year old female vehicle and perhaps another did some target practice.

Later Do wrote about their thinking that they didn't know if this would be the way they exited their vehicles but it was their way to consider all ways. They compared it to the Jews that were held up in Masada as the Romans were about to massacre them and how they committed suicide en-masse also taking the lives of their young rather than be subject to the killing, rape and torture they knew they would experience at the hands of the Roman legion at their doorsteps. Do was saying that form of self-exit would have been

justified by the Lord for them. For those that don't accept the “mark of the U.S. Beast and/or it's image” they may meet a similar fate but it will guarantee their Soul will be rewarded with a student level Next Level “made” body soon thereafter or at a future time depending on their judgment of our grade in their school.

We have plenty of evidence of what can happen when people become afraid, whether it's seen as the fear of someone else's beliefs or of their taking away what they have in property or livelihood or family or their own lives, according to the way they can be led into. For instance, as I was writing about this, wondering how this tribulation judgment period and it's calamities might come to pass, which I have already touched on in many places, I was reminded by a news story of two men in Mexico who were working for a marketing firm polling people about their tortilla likes. It's hard to know the details but the story did include quite a bit of background on these two, but they were killed by a mob who went into the jail of a community of about 60,000 and dragged these two into the street, hung them and burned their bodies because they were strangers and had been an abduction of a young girl a couple years before that and some started a rumor that these two strangers were approaching children with their questions. A mob formed and the police came and took them to jail, in part for their own safety but the mob didn't trust the police either so took the law into their own hands as prosecutor jury and judge and executioner and when some were asked about it afterward some said that even if they weren't guilty it sends a message for criminals and strangers to stay away from their town.

Then I saw two more reports of policemen being shot while sitting in their patrol cars, one in NY days after a black man named Eric Garner was wrestled to the ground by police and put into a choke hold that killed him while there were onlookers and that officer was not prosecuted and the accusation was Garner was selling loose cigarettes. These others were in Philadelphia and Florida and the list is very long anymore of blacks and other races but mostly minority people of color in the U.S. being profiled as criminals in need of deadly force with little to no provocation.

A woman died in police custody after she was arrested for “talking back” having at first been pulled over for not using her turn signal and the officer got irate that she would not get out of the car when he ordered her. It was all

captured on the officers own video and it's only under investigation. Like Mexico the people know that most times there is no investigation and even if there is the officers are often exonerated if it even comes to trial and even if prosecuted get some minimal sentence when they literally killed someone in their custody or without apparent probable cause.

On top of that there is a heavily armed militia group that just took over a Federal wild life refuge in Oregon saying they were taking the land back from the Federal government and yet the FBI is on the scene but these men are white and so they are trying to come up with a peaceful solution when most know that if they were Native American or black or brown or non-mainstream religious or Islamic especially they would have been arrested. There are a number of militia groups that are looking for a cause to get behind to bring about a revolution so it's smart for the Feds to have restraint but now the locals are beginning to get adamant that they want these guys off the refuge and out of their area, so if the Feds don't act, who knows if some will take it into their own hands and then the U.S. has a civil war brewing.

What that will bring about is a bigger security state, more gun control whether it's just or not and more vigilantism like we've also seen on the news while more and more anger among the people builds and some with the addition of lots of meds many are on, snap and go shoot a bunch of people, which there has been a huge increase of in the last couple years.

So we are all in a pressure cooker of sorts and the pressure is being put on us all but how we respond to that pressure is based on the kind of person we have become. If we've been directly affected by police brutality or domestic violence or gun violence or wars abroad, (which is another huge problem with soldiers coming back from Afganistan and Iraq and learning their service was wasted and they are often haunted by those they killed or saw killed, largely for a lie they were told) then it will be harder to step back from it, especially if we remain in the cities where the sheer number of problems is exponentially mounting from many angles.

For instance in Flint, Michigan, because the govt was trying to save money they switched the water supply to the Flint River from the Detroit water company and the Flint was so full of sewage the e-coli corroded much of Flint's water pipes house to house and people starting getting lead poisoned, causing what may be irreversible brain damage in children and very bad

rashes (sores) just like we see illustrated in Rev 16:2. And there is evidence of other locations having the same kinds of problems. So these plagues are not at least at this point instigated by the Next Level except in how they have “turned up the heat, the pressure” in part because of their pulling away as while they were incarnate “Babylon” - the U.S. had not yet “fallen” as it says in prophecy it does which can be shown primarily by the 9/11 attacks and what stimulated them in the first place and the global financial robbery by wall street where many lost their homes to crooked wheeling and dealing of mortgage bundles.

So it would appear that the IMAGE has to do with the illusion of holiness through all forms of religiosity, spirituality, and honoring human achievements to include inanimate things as seen as miracles and wonders of the sciences, physical and mental, that all become man-made false idols and could be a literal holographic image like Fatima that people are tricked into worshipping and/or giving their service to.

This time period also seems to be right at the start of the Seven Angels pouring out their vials (like medicine). And that could be used to motivate the new world order as the first one seems to be related to the beasts vaccination programs they are pushing hard to make mandatory for everyone to take. (It's not that all vaccinations are necessarily a bad thing). It's thinking that they all are a good thing that's the biggest problem to where many are convinced that they get herd immunity and that one person not vaccinated becomes a deadly threat to the herd, which makes no sense as if they have immunity then why would one who doesn't be a threat. The proponents are very powerful and they could legislate criminal penalties for those who don't want to accept their vaccination program 100%. There will be more about this in the section on the Seven Angels with Vials.

With both the Two Beasts in place, the US and EU and their Image, their spirituality and/or space alien worship, even to a hologram like Fatima, replacing perception of Creators, the judgment period is set up. Each person will be demonstrating to whom are truly aligned with between the One True Kingdom of God and Mammon (human wealth in all it's forms) as Jesus distinguished between. This is the tribulation time period, the “winepress” being the pressure put on people to choose between that people will be willing to die for rather than align with the bestial human organizations but

will find them in good stead with the Kingdom of God because of.

Rev 13:16 And he causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads:

Rev 13:17 And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name.

Rev 13:18 Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number is Six hundred threescore and six.

The best interpretation of this number 666 seems to me to be the one that suggests they are representative of the Roman Numeral System in it's base letter representations where D=500 C=100 L=50 X=10 V=5 I=1 which adds up to 666. Linking the USA with this system is quite apparent in a number of ways relative to this system, seen in the use of Roman Numerals with the Masonic pyramid on the base of the U.S. One dollar bill where 1776 is written as "MDCCLXXVI."

Use of the pyramid is telling to the link with Egypt, the empire the Israelites were first freed from to start their 1<sup>st</sup> trimester classroom with Jehovah, Moses and Aaron that was Father, Jesus and John the Baptist in the next trimester and finally Ti and Do and their two primary "helpers," Lvbody and Jnnody, though with Lggody and Jwnody to in my way of thinking possibly constitute the 4 Living Beings in Revelations. Also on the one dollar bill, inside the top of the pyramid drawn with it's peak separated from the body is the single Masonic and occult, "all seeing (third) eye" which is the same symbolism used on George Washington's Masonic apron.

In these symbols the base of the pyramid is Daniel's fourth beast that rises out of the sea of humanity and the little peak of a pyramid would be the LITTLE HORN that RISES UP TO TAKE THE WORLD, AND PERSECUTES THE CHILDREN OF GOD UPON EARTH, in Revelations 9 who comes out of the bottomless pit, their underground/undersea hiding place during the great flood with Lucifer and his associates as the Angel(s) of the Bottomless pit who uses particular space alien and human bodies as his/their pawns to satisfy their agenda against the One True Kingdom of God. The battle is first shown against the Two Witnesses in Revelations chapter 11 followed in Revelations 12 for the overcoming part of the third trimester classroom of students the Two gathered in their prophecy period as related more to Ti, the

“Heavenly Father” perspective. Then after they leave the battle continues among the remaining who did not graduate in their first fruit classroom as shown in Revelations 6, 13, with the rise of the fourth and final kingdom with the second beast, the EU that together with the US form the New World Order.

In terms of number systems, which is the overall indication of the meaning of 666 as a number system of identification, the first 144 digits of pi add up to  $666 - 144 = (6+6) \times (6+6)$  relating both to 144 and 12 that also relates to the western musical scale in the sequence of 10 notes - also considered the number of man.

Some additional relationships I have found in my research to decipher what can be meant by 666 and the mark of the beast that actually relate to Rome, the Latin man, to include how Jesus said those that “pierced him” would also be returning during the judgment time, to include the high priest who had him arrested, which would be both the souls and spirits and genetic descendents of the Roman government officials and the Jewish priest class.

Paul of Tarsus can be identified by the number 666 as described in:

Rev 13:18 Here is wisdom. Let him that has understanding reckon the NUMBER OF THE BEAST, for it is THE NUMBER OF A MAN; and HIS number is six hundred and sixty six.

In Hebrew the number 666 is identified by the Hebrew letters TRSV, where T=400, R=200, S=60, V=6 Which TOTAL 666. TRSV is pronounced TARSU.

(Note: in scripture the place of origin often is used as part of someones name; e.g. “Jesus of Nazareth,” “Joseph of Arimathea,” “Paul of Tarsu.”

Another collaborative example in the Greek language:

THE Number 666 is the sum of the numerical value of the Greek Letters in the Greek word LATEINOS, which means “The Latin Man.” The Greek word: L A T E I N O S would have the Greek numeric value of: 30 1 300 5 10 50 70 200 = 666

The association of “Lateinos” with 666 was acknowledged, with great embarrassment, by the historian Irenaeus (ca. 130-202 A.D.), in his document

'Against Heresies', "For the Latins are they who at present bear rule...this being the name of the last kingdom (of the four seen by Daniel)...I will not, however, make any boast over this (coincidence)...."

In order to escape persecution and death Paul identified himself as "a man that is a Roman" in Act 22:25. The original Latins were Romans.

The first Christian pope was named "Paul." Christian followers received 'THE SIGN OF THE CROSS' "ON their RIGHT HANDS and on their FOREHEADS."

Many people have recognized how Paul's letters conveniently began to replace what Jesus said as the foundation of Christianity, as shown by H.G. Wells (1866-1946) when he said, "...it is...a fact of history that St. Paul and his successors added to,..., or imposed upon, or substituted another doctrine for...the plain...teachings of Jesus..."

As these Seals seem to be the fulfillment of the prophet Daniel, chapter 9's "Seventy (or Seventh or Seven) Week" to where "seventy" refers to the active students taking an oath/covenant and "week" is standing for that oath, performing it seven times, thus together it is saying there are "Seventy oaths (taken, stood for) over the course of these seven (seal opening/affirmation times)." In particular there is mention of this fourth of the seven oath time periods taken which seems to be what is meant by the "midst (or middle)" of that overall "week of oath taking times (seals)" shown in Daniel chapter 9:

**IV.D.2. DANIEL 9 - THE SEVENTY WEEKS/YEARS (SEALS/AFFIRMATION PERIODS) AND THE SIX/SIXTH NEXT LEVEL ARRIVAL PERIODS/TIMES, THE JUDGMENT HOUR AND START OF THE TIME OF THE "ABOMINATION OF DESOLATION (WASTE)" JESUS REFERENCED TO ALERT PEOPLE TO**

Dan 9:24 Seventy weeks are determined upon thy people and upon thy holy city, to finish the transgression, and to make an end of sins, and to make reconciliation for iniquity, and to bring in everlasting righteousness, and to seal up the vision and prophecy, and to anoint the most Holy.

This verse is an overview of the “end times” period when all souls are brought back as prophesied by Jesus to “resurrect to Life” - “stand up/rise up” to give themselves totally to the Next Level's Overcoming of humanness program or stand-up/rise-up to “damnation” in the Lake of Fire. It doesn't primarily refer to other times before the end time, though there are similarities leading up to the end time, but there is no other time where these characteristics are most applicable:

- Seventy Weeks decreed (determined) flock (people) sacred (holy) encampment (city) - The “Multiple of seven (times)” (seventy) is decreed/determined for those (people (saints) of/and the holy city location for their affirmation, oath, covenant (weeks))(equivalent to the Seven Seals as the Greek “sphragis” refers to both; revealing the content of the “book” (Rev 5) that had been kept a mystery, to make known the full truth of how and when a Soul can make application to graduate into membership in the Kingdom of Heaven - The Next Level Above Human and simultaneously when that same BOOK revelations, when “consumed” - read/heard, experienced, received,

digested and utilized provides the formula to become an “active student” (saint) to “confirm and provide proof to the Next Level,” by their willingness to give their lives to the service of the most recently incarnate Older Member(s), Ti and Do.

The Revelations 7 Seals were introduced in Rev 5:1 pertaining to the opening of the BOOK that was written from within the Throne (Ti and Do) that is the primary content of the BOOK geared most for all those WITHIN the Third Trimester FIRST Harvest “classroom,” opened by the Lion of the Tribe of Juda (Jesus, but last incarnate in the name Do) and the Backside (coming AFTER what is written from within) and about the complete revealing of Jesus' and Old Testament Prophets prophetic fulfillments as evidenced in the content of the BOOK that is an “anthology of all Ti and Do and Crew wrote and did over 25 years, to make known the truth about what was previously kept a mystery until this time.

-“revolt, rebellion, sin, trespass (transgression)” is “held back, restrained or withheld (finished)”

Ti and Do said the Next Level did a great deal of setup Their experiential overcoming classroom. It was for this reason the U.S. was not only a melting pot to provide vehicles for the returning Souls to try to take over and overcome and for the returning souls against the Next Level to put Those Student souls to the tests they needed to build strength by warding off and overcoming and changing their negatives into positive growth. This setup brought about by the closer presence of the Older Members and Their Crew stimulated all the “equal rights” movements, interest in outer space, health consciousness, peace movements, etc. In particular Ti and Do said the Next Level was “holding back” events that would bring on what is called the “great tribulation” to provide a chance for their student body to have adequate time to complete their overcoming classroom as what we will soon see more and more of will make it very hard for anyone to dissent or live unconventionally in ways that would raise suspicions among humans. For instance having 40 people living in a single family house in a Denver Colorado suburb, actually one time in Littleton.

We can see to date how riots are starting more and more surrounding the bigotry and injustice often found between white people and people of color. We can see the same things happening in the 2016 presidential race where

large groups are disrupting Donald Trumps rallies as seen in Chicago and other places around the country protesting him. Trump supporters are equally motivated to strike out. It's been many years since this kind of mob vigilantism is becoming the norm because the Next Level was holding those opposing forces back. That includes holding back war on U.S. soil during the 1900's but that is coming to an end with the increasing mass murder shootings and bombings related to many angers that are fuming and boiling to the surface more and more during the start of this 21<sup>st</sup> century.

-“completion, cleaning, ceasing, come to the full, be all gone (end)” of  
“offense (sin)” “cover, cancellation, purge (away), put off (reconciliation)”  
“punishment, fault, perversity, mischief (iniquity)”

This talks about the time when the price for sin must be paid. No longer is there “sin cancellation” as in the “day of atonement” the Lord gave to the Children of Israel and that Jesus was also evidence of by his self sacrifice, but was over-emphasized, when the animal flesh sacrifice was actually preparation to demonstrate our love for our Older Members and a trust in them by being willing to sacrifice our own flesh body, most importantly in Their service, rather than for the government or to stop the government as part of a military rebellion or to save the whales or environment or the like. This is different from someone laying down their life for their neighbor's well being as we see when firefighter do, the big difference being it's to save life, and not destroy another life in the process. In other words the entire premise that Jesus sacrifice was our atonement, though true was actually showing each prospective member of the Next Level what they too must do to abide in the love of our Older Members as they are willing to do for their Older Member, in the case of Jesus, for his Father (who was called Jehovah up until His “Son's” incarnation in the name Jesus).

The times spoken of in this verse include the punishment of those who turn against the Next Level and Older Members who created us in the first place. It really amounts to whose Soul is still able to produce “fruit” and who is not or is a “weed” in their “garden.” The space aliens are all “weeds” - souls that not only fell away from their many chances to become adult members in the Next Level, but went against the Next Level with effort to turn another's eyes away from their potential for Next Level membership. Their presence however, serves as a type of fertilizer. At this time though, the weeds have

rendered the “garden” unable to produce fruit without a spading of the civilization to start from scratch again but before that removing the souls of those who are to be saved for that next “planting.”

- to “come, attain, apply, abide in, grant, get, give (in)” “always, continuance, eternal (everlasting)” “make right equity, justice, prosperity (righteousness)”

By requiring the payment for going against the behavior and ways of the Next Level as provided by Jehovah/Moses and Father/Jesus and Ti/Do - (The Two Older Members from the Next Level who have been the Next Level Representatives in charge of Earth), justice and rightness is served.

- the “make an end to, stop, closing, seal (seal up)” of “mental sight, perception, provision (vision)” of or by a “prophets (prophecy)” about “consecrating, rubbing with oil, Christing, (anoint) the HOLY (most) HOLY.”

The recycling period is accompanied by the Next Level Crew's exit of their close nurturing of the “garden” which removes the ability for remaining humans to see and understand their reality and the process of anointing - Christing - that is the giving of all our love/service to our Older Members and overcoming all of our humanness.

Returning to the seventy as a “multiple of 7 (times)” applied to “seven” as oath periods, but as with most all prophecy there are a number of context driven translation variances, interpretations and literal applications on the ground (earth) among the humans throughout the length of each “garden” experiment, the most recent one starting with the Genesis overview but specific to the making of Adam's vehicle and deposit of what we learned was Do's Mind/Soul.

Since the Hebrew shib'iyim is defined as a “multiple of “sheba” the cardinal number seven, but also “seven times” and actually is used in a few translations as; 10, threescore, 15, 14, 17, sixteen, thirteen and twelve which I won't try to document as overall it's translated to “seventy” as a multiple times 10 where 10, I understand from some who know the Hebrew alphabet is the number of a man.

“Seventy” is quite the common number and appears to not only have a relationship to time but also to the number of students being prepared for a

certain amount of “seats” - positions on board spacecrafts and as a part of various Next Level crews.

For instance, Moses was commanded by Jehovah to have Aaron select 70 men from all the tribes of Israel who are looked up to by their tribes to use for tribal communications. Jesus sent 70 disciples out to tell the good news of his arrival - the Kingdom of Heaven is at hand (the right hand of the Father (God) actually). In the Book of Revelations there are the “Seven Spirits of God” around the Throne. The Seven Candlesticks represent the 7 churches - those who became believers in Jesus in the first century after his exit (ascension) back into the spacecraft behind the cloud cover. There are the “7 Angels with trumpets sounding.” These are announcing the arrival of the crew - The Two Older Members and the “saints” - returning souls of the disciples who layed down their lives in service to Jesus as he instructed them to do and those Souls saved from all previous times when an Older Member had been incarnate and they believed in him and began to separate from their world that saw belief in him as dangerously insane but pursued and stood for Him anyway despite the consequences that often meant a crucifixion or beheading or some form of death.

Then there are the “7 seals” that are both opening of Book contents to reveal more of what was kept a mystery that goes hand in hand with being periods of time for new believers to affirm a oath to Ti and Do. Finally there are the “7 angels who pour out their vials” - the last plagues that are slated to begin in earnest with the fourth seal's opening even to date in 2016 which correlate with the events the seven angels with trumpets announced but are taken to a heightened mightier than ever application to provide a last ditch effort to show humans Creator Beings exist and are taking the reigns away from the Luciferians and human “minkys” (a playful term Ti and Do would sometimes use).

Do always referred to He and Ti's coming incarnate as in the “early 1970's” and at one time wrote that Ti came incarnate in 1970 though Do had said about a year before meeting Ti things in his life started to fall apart, thus around 1971. They both started to awaken together upon meeting in around March or April of 1972 and left their world behind entirely on January 1, 1973 yet awakened most significantly after that by mid February and then by September or October while in Gold Beach, Oregon where they woke up

significantly more to knowing they were referred to in the Book of Revelations in the task description of the Two Witnesses. They didn't take too kindly to thinking of themselves as some biblical personality as they knew how it made them feel when someone would tell them they were Cleopatra in a past life. They wanted to run the other way and now they were saying they were someone spoken of in that ancient record.

Ti and Do first gave a meeting in the North Hollywood city suburb of the greater Los Angeles (City of Gods Angels) in the first week of April of 1975 and by early October had about 70 students gathered that by April when Ti called that "harvest over" with the instruction to finish up meetings already scheduled around the U.S. so that by mid June of 1976, their 1260 days of prophecy were concluded.

We numbered at "about 100" when Ti and Do had us all gather in the Wyoming (wilderness) living outdoors in the national forest no facility camping area of the high plateau - an interesting number considering when Jesus sent out the 70 it didn't seem to be counting the 12 who remained with him, bringing their number to 82 though adding in the disciples who were in female vehicles that some say were 7 and John the Baptist then totaling 90.

When we left the Wyoming wilderness area Ti and Do had determined that 19 of the students didn't make what they called "the first cut." They were sent to a different area of the National Forest in Utah west of Toole, UT, where we next made camp. That made our numbers "about 81."

About a year or so later, perhaps in 1977 is when they named us with the "ody" extensions using whatever names we chose by then, shortened to three letters so our names were 6 letters long. I had become Sawyer by then so my new name became Swyody. Our number by then was probably in the low 60's. I'm going through all this to show the similarity with the Jesus numbers while Ti and Do's numbers continued to fall and some more were sent out of the class because they didn't want to abide by procedures so that by the time we went public for the second time in 1993 we were down to exactly 24 students, though when we put the Beyond Human video tape series up on satellite broadcast in 1993 some who were in a type of half way house wanted to rejoin and did and increased our number back into the mid 30's.

Then when we went public face to face for the second time over 19 years in

1994, over a 9 month period of holding public meetings we added over a dozen more students while some fell away by their exit time in March of 1997 to have 38 in their classroom and 4 who were out of the classroom but believed in Ti and Do and ended up laying down their lives over the next couple years bringing the graduate number to 42 students. I left in September of 1994.

Ti and Do indicated their student body would be replacing the task positions Lucifer and his associates that fell with him had. If a third of said group of angels fell, one of the meanings of Rev 12:7-8, if that number was 25 (The Dragon (Lucifer) + 7 Heads + 10 Horns + 7 Crowns) then the overall size of the classroom they fell from (if that's the way it occurred) would have been about 75.

Do indicated that some of the 42 (38+4) would probably have to return to finish their overcoming and I would think those would include the 4 who were not strong enough to stay the course in the classroom for the entire lesson plan and perhaps some of those who joined in 1994 but could include some who were there from the beginning.

Laying down one's life, however that happens, whether by someones hand who is against us or by our own hand, as long as it's because of one's desire to be with and serve and please ones Older Member counts as a big part of the overcoming process but not the entire part. As Do said about those that were with him, all he said had a previous relationship with Jesus which is why they were so ready to legitimately do what is otherwise unthinkable for a healthy minded Soul - willingly lay down one's life when it's not for a selfish reason like out of a desire to inflict pain on another as in revenge or to not face one's hard lessons.

Ti and Do referred to this graduation class as their “third trimester” where the Jesus classroom was the second trimester and the Moses classroom the first - all compared to a human birth of 9 months. Which by the way it's interesting that the two periods of public meetings were each 9 months long - seed planting times and perhaps each time more deposits could have correlated so that there may be one more coming for those coming of middle age. The FIRST (harvest) public meeting was given by Ti and Do at Canada College on August 24, 1975. It was very close to May 24<sup>th</sup> of 1976 when the last meetings were held. I know this because by the first or second week in June I

with my group had returned from a meeting we put on in Fayetteville, Arkansas that next to no one attended and then and I don't know about other groups but it's in the ball park. Then for the LAST (harvest) of 9 months of public meetings we started two trial meetings in November of 1993 and then hit the road with everyone in the class until the last meeting in Boston on August 19<sup>th</sup> 1994.

Perhaps this LAST harvest time that began in 1993 is kin to the Jesus second trimester as those public meetings Do and Crew did were a coming out of the closet as the same person who was incarnate in the vehicle named Jesus 2000 years ago - coming via the student body of "saints" this time as Do held no public meetings after the ones he and Ti did in the 1970's. I don't know if Do even showed up incognito to any of the public meetings the class did, but He did have us play part of a Beyond Human video tape at the University of Chicago public meeting. His FIRST coming out public was as the Two Witnesses, though Ti had him be the primary speaker for as she always said she came to get him started and then would go back.

So the number seventy may additionally refer to a number of students who would confirm their oath to Ti and Do and do so over the course of 70 years, like from apprx. 1975 to 2045, which would not be far fetched from the standpoint of other timeline evidence. Another date structure that seems to have significance might be 1947 to 2017 for the 70 that includes the 42 FIRST Fruit Harvest of Souls. Those who are saved above that 70 would be among the remainder of the 144,000, if that number represents how many souls were brought back from all planted in times past. Ti always said, all who came with them would return. I guess that means those who showed the Next Level their allegiance significantly in times past, if they fail when they are brought back don't become waste with the ones who failed over and over and over and went directly against the Next Level. Ti and Do indicated that Lucifer and his associates that fell with him were given many chances to recover their candidacy for membership in the Next Level. Perhaps their souls were once in equivalent classrooms and were brought back each time whether they failed to make the needed grade or not but as when we fail the lessons get harder, some got to a point of no return because they began to think of themselves as equivalent to their Older Members. I know of some right now who did end up publically talking against Ti and Do. I would imagine that is a pretty serious step towards permanently mutating into "waste" -

giving service to some “other god” the number one commandment breakage.

Dan 9:25 Know therefore and understand, that from the going forth of the commandment to restore and to build Jerusalem unto the Messiah the Prince shall be seven weeks, and threescore and two weeks: the street shall be built again, and the wall, even in troublous times.

Dan 9:25 Know (therefore and) understand, (that) (from the going) forth ((4161 brought out, bud, spring, course)) (of the) commandment ((1697 dabar= act, business, decree, errand, cause)) to restore ((7725 shuwb= turn back (hence, away), feed, build, lay down, lodge, make)) (and to) build ((1129 banah= obtain children, repair, set(up))) Jerusalem ((3389 yruwshalaim= a dual (in allusion to it's two main hills (mountains)), Great City, Holy City)) (unto the) Messiah ((4899 mashiyach= anointed, consecrated person as a king, priest, saint)) the Prince ((5057 nagiyd= captain, commander, excellent thing, governor, ruler)) ([shall be]) seven ((7651 sheba= seven times, seven fold, seventeen)) weeks ((7620 shabuwa= sevened oneself, adjure, take an oath, swear, X straitly, feed to the full)), (and) threescore ((8346 shishshiym= multiple of 'shesh' (8337 and 8336)= primitive number six, sixty or sixth with certain context= “bleached stuff” i.e. white linen, by analogy marble, X blue, silk)) (and) two ((8147 shnayim= dual of sheniy = again, double, twofold, both, couple, second (time), twain, twice, + twelve, another)) weeks ((7620 shabuwa= sevened oneself, adjure, take an oath, swear, X straitly, feed to the full)): (the) street ((7339 rchob= broad place (The Way), a width, made wide, enlarge)) (shall be) built ((1129 banah= obtain children, make, repair, set up, called, convert, delivered)) again ((7725 shuwb= break, build, circumcise, lodge, pull in again)), (and the) wall ((2742 charuwts= incised or incisive, a trench (as dug), gold (as mined), threshing sledge (having sharp teeth), fig. determination, eager, decision, diligent, (fine) gold, pointed things, sharp, threshing instrument)), (even in) troublous ((6695/6693 tsowq/tsuwq= strait, fig. compress, distress, lie sore, (op-)press(-or), straiten, through the idea of narrowness (of orifice)); to pour out, smelt, utter, be molten, pour)) times ((6256 'eth= time after, season, tide, terminus, eternity, everlasting, old, perpetually)).

- “Restore Build Jerusalem Messiah Prince seven weeks” - First off use of the name, “Jerusalem” refers primarily to the flock (people) - the human vehicles the Next Level gathers periodically in one location to then send an Older

Member to be incarnate among. So it's both the people who can become the next trimesters “overcomers” (the true meaning of an Israeli (no longer anything to do with those that are considered to be Jews)).

The restoration and building seems to be depicting the Next Level's bringing Souls who had been “saved” previously for their good service, most likely from their Moses classroom experience to that specific location where Jesus was to incarnate so they can also incarnate (take over a human vehicle prepared for their next “second” trimester towards “spirit birth.”

The period seems to start around the time when Mary and Elizabeth received instructions (commandments) that they would each bear a special child though Mary's child, Jesus, Ti and Do thought was prepared for his task by inseminating Mary's egg in another way than the human method of insemination.

The Seven Weeks being “seven oath periods” then would have been equivalent to the “seven seals” that applies to the “building again” but the next time the “street” - the “wide plate,” the “broad area” described in the NEW equivalent area where a new strain of vehicles (gentiles and Jew mix) would become the regeneration Jesus spoke of, where those who are the recipients of “deposited souls” would return to when they died as Jesus and Ti and Do said, “all souls who ever had a relationship with the Next Level will be returning during the third trimester time. Note how “street” is part of this prophecy and how the city names are said to be the “non-physical (spiritual) equivalents to those cities in the Middle east, which I remind Jesus said would happen upon their return, shown as the Two Witnesses who are “subdued” (overcome) in the “street” of those new locations:

Rev 11:8 And their dead bodies shall lie in the street of the great city, which spiritually is called Sodom and Egypt, where also our Lord was crucified.

It seems these 7 oath times (weeks) would have begun around the time Jesus came public as that's when some were stimulated to make their oath/commitment to Him, which would start with those vehicles most prepared to receive returning souls who had been with Him when he took over the vehicle named Moses and then by those souls who in degrees had formed their relationship with the Next Level during that same Moses classroom who were referenced as the 70 Jesus sent out to tell the good news

of his kingdoms arrival that he was the incarnate (at hand) Representative of and then that grew to 120 at the upper room where Jesus told them to wait for the “holy ghost” - a Next Level task to give them a special dose of Next Level force and understanding that was reported as growing to around 500 soon thereafter but then became those in what the Book of Revelations refers to as the 7 Churches.

If the duration of each oath time compares with the current application of the way the first 3 of 7 seals played out, it would be about 8-10 years per seal/oath period, thus 70 years. that would seem to take it to 70 AD when the physical destruction of the temple at Jerusalem took place to coincide with the mental/spiritual destruction (desolation) - rendering as waste those at the time who were the general population most geared to be the receivers of returning Souls - the Jews that The Romans slaughtered and scattered. Those that were truly giving their lives to Jehovah, however best they understood that at that time and/or in the name of the Father, through Jesus, who all died because of the onslaught - starting from when Jesus was killed, would have their souls saved for their next opportunity to take over a human vehicle to advance in their “classroom” towards graduation from the human kingdom. Ti and Do referred to those in Masada besieged by a Roman legion who ended up exiting by their own hands rather than watch their loved ones be brutally enslaved and/or tortured to death by the Roman soldiers.

- “threescore two weeks the street shall be built (set up to obtain children) “to turn back” (again), and the wall (mark, cut; palisade, gold (as mined, decision), even in troublous (a strait, distress, anguish) times (after, (due season))”

As has been often the case during this project as I am working on verses, I at times see reports or news stories that sometimes seem to be in response to my desire to know. I know that's possible. For instance I have a number of reasons to feel at least one classmate or crew is assigned to help me with this book. I think of that person as Srrody as he and I (with Lggody) spent the most time studying scripture in the 1990's when Do was wondering if Ti would have us go public again, as before then we had not spoken to the public since around May of 1976. (I don't seek to communicate with Srrody though - We always go through our Older Members with our petition for help and understanding.) So I turned on the radio and there was a show with an

intellectual who wrote a book he titled using the word “apocalypse” re: the “occupy wall street” movement that took place starting in 2009 following the “global financial crisis” that was all about the wall street investment banks cashing in on some loopholes in laws that allowed them to offer house loans to people that clearly could not pay them. They would then take these loans that accumulated and bundle them and buy and sell the bundles which ended up making some people even more wealthy than they already were. It all came crashing down, they say, though I suspect it was another of those “let's build a situation to fail” and then cash in when it does, like the 9/11 attacks eight years before then and many events in the past throughout the world that leaders instigated for the same reasons.

So I thought, could it be that this “wall” was related to “wall street.” Plus this is where the 1929 stock exchange crash happened with crowds wanting their money filling the area of Wall Street and Broad Street and Wall Street is .7 miles long and ends at Broadway and the Hebrew rchob means “broad place (or way).” After all, the Next Level crew could have had the task to see to it that a particular street could be named a certain way they then knew they could use to show it's relationship to prophecy, however incidental looking. In other words the Next Level provides the prophecy and then makes it happen by a crew's leg work - whispering ideas to those who are naming such things and the like. Ti and Do even indicated some of this is particularly fun to do - no one is harmed by it and it demonstrates some of the tasks and how they are not dry but can even be silly to be a part of.

Then as is also often the case, I'm stumped and especially so by Daniel's prophecies so I start digging through other interpretations and translations. In so doing I came upon a very detailed Hebrew word for word description on these verse and he cited many more dated interpretations and one of them included interpreting Hebrew “charuwts” as a “palisade” and I couldn't help but relate that to the palisades along the Hudson River to the immediate northeast of New York City are very tall sharp faced cliffs that have a highway and an amusement park and a mall named after - for instance, the Palisades Amusement park and the Palisades parkway. Charuwts also translates to “gold (as mined)” and there is no place that has more gold than NYC as the Federal reserve bank has huge vaults with many nations gold stored and there was a huge cash of gold bars, some I'm told still stamped with a Nazi marking on them that were found in vaults belonging to

Deutschebank in the deep basement floor of the world trade center buildings that collapsed or were brought down. Another figurative definition is “determination or decision” and it's clear that the “wall street led financial crisis” began in 2009, seeming into the start of the 7<sup>th</sup> angels trumpet sounding and the start of the “tribulation” time written as “troublous.”

Plus this thinking takes me to the perspective that “street built again wall” seems to refer to the entire U.S. as compared to the way the Israelites in their time led by Moses and Aaron acting as Jehovah's on the ground Representative(s), (similar to the relationship shown with Jesus and John the Baptist) layed out the measurements for the “tabernacle” (temple grounds in the overall encampment).

For instance the area that was the “temple” was divided into three parts - the Outer court, Inner Court and the Tabernacle tent where Jehovah's quarters were. The entire area was set up in exact measurements where it's length was twice it's width which is moreorless the size of the U.S. mainland. There was only one entrance to this entire area that was surrounded by a “wall” made out of fine linen 7 1/2 feet (5 cubits) high that had 60 - 7 1/2 foot pillars holding up the fine linen. The gate on the east side of this 150 (100 cubits) x 75 foot (50 cubits) rectangular enclosed area, entailed 4 posts so was 22 1/2 feet (15 cubits) wide. This gate's cloth was woven of blue, purple, scarlet (red) and fine linen (white) thread they made. It's interesting that the St. Louis ARCH is defined as the “gateway to the west” and it's just west of the Mississippi River that Ti and Do considered the division of the area of the U.S. they felt most in touch with their Older Members in the Heavens. They would occasionally venture east of the river and even took the class east twice for a very short time of a couple weeks at most before feeling “underwater” and having a need to return west of the river.

In the Moses tabernacle area right in front of this eastern GATE was the tribe of Judah with two tribes to their north and south on that eastern side. Directly behind Judah were the tents of Moses, Aaron and Aaron's three sons who served as priest with Aaron the “high priest.” Thus this was like the captains deck of the Mississippi River boat, what the word “Texas” in Spanish actually refers to where the Captain in this case was Moses and his partner was Aaron with his Three sons, I believe represent the “four Living Beings (creatures) in Rev 4 and are also depicted in Daniel chapter 7 and Ezekiel

chapter 1. Texas is where the “Twain” Ti and Do came from and I believe Samuel Clemens writing as Mark Twain chose that name and as a Mississippi River boat Captain was chosen to be like a prophet in the start of the Seven Trumpets sounding in the 1907 time period which seemed to follow the 1897 arrival of that Soul as the equivalent of the messenger before the face of, in this case Ti and Do to where Do as the current name of the same person who was the Archangel Michael, where an archangel is defined as a “captain of angels.” Plus there are many other examples of fulfillments of all this history in examples and prophecy alike.

So the “broad way” in addition to what else described about NYC as it has multiple applications in prophecy fulfillments is the width of the Temple area. In that temple after tribe of Judah is encountered and then the camp of the Levi's Moses and Aaron and Sons comes the Temple entrance that is 30 feet wide in the 100 foot wide wall. Right past the entrance comes next the Main Altar where all the blood sacrifices of animals took place. In the U.S. temple equivalent it was in west Texas but extending to New Mexico and into Arizona and southern California the U.S. Southwest where all the Next Level sacrifices took place. They began in 1897 with the crash in Aurora, Texas with one body found and then 1945 with one body found on the Laredo, Texas border with Mexico where the one occupant led some Air Force jets on a chase for a while before intentionally crashing and then in 1947 in the Plains of St. Augustine - where four bodies were found and then Aztec New Mexico where 18 bodies were found and in Paradise valley, Arizona as the essential first “sacrifice of the Next Level student model bodies they had” and then in 1997 the sacrifice of the human vehicles they took after they exited their student Next Level bodies.

So the “broad street” becomes the entire southwest and western U.S. that is a wide platt where there is significant influences to become entrapped by all manner of licentious behavior and ways - working for “false gods” even thinking of self as an ascended master in the “Ye are God” movement that began in those areas and with the great financial wealth and abundance of sexual freedoms abounding in the new age tantra lifestyle that all has a focus on the three cities of Los Angeles, Las Vegas and San Francisco that make for a very wide path to destruction of a Next Level Soul's capacity to overcome to graduate the human kingdom condition:

Mat 7:13 Enter ye in at the strait gate: for wide is the gate, and broad is the way, that leadeth to destruction, and many there be which go in thereat:

Mat 7:14 Because strait is the gate, and narrow is the way, which leadeth unto life, and few there be that find it.

The way Ti and Do spoke about this idea of a “broad path/way” was to say there are many paths up to the top of the human kingdom mountain but there is only one way off - to become a member of the Next kingdom Above Human, which was by adhering to what the Older Members give us to abide by while they are incarnate and we come upon their information.

“Threescore” is translated as a “Multiple of Six” or as a “Sixth” which can be applied like the SEVENTY except I suspect it refers to the 60 years before the TWO oat periods began which would seem to be from 1907 to 1967 - whereabouts the 6<sup>th</sup> angels trumpet sounding period of 40 years (1 hour) begins, during which the Two Witnesses come public to start the Two “oath periods” (seven weeks), the FIRST time period when the student body - Souls, referred to as the “saints” because they gave their lives in service to Jesus were to take human vehicles prepared for them, to awaken within that Ti and Do compared to their receiving “smelling salts,” by the TWO Witnesses to join with them to finish their overcoming of humanness to graduate the human kingdom.

Since there is no punctuation in Hebrew nor sentences the “two weeks,” I feel wasn't meant to be part of the “seven weeks” stated before it in the verse but was meant to show a dividing of the time periods of the Jesus second trimester from the Ti and Do third trimester partially shown by the reference to “troublous times” in the later part of the verse after the Street is rebuilt. The time of great trouble refers to the “end time” judgment period that begins after these FIRST FRUIT have exited their human vehicles (separated by dying themselves) and when the Seventh Angels Trumpet sounds which is after the 9/11 Attack (earthquake) shown in Rev 11:13.

These two periods FIRST and LAST seem to be the “two weeks” where weeks is once again a “seven time oath” and Two is saying there are two periods of sevens - the first shown by the Sixth angel's trumpet sounding of the Two Witnesses prophecy period and that closes with the Seventh Angel's trumpet sounding and that begins the Seven Seals with the FIRST seal pertaining to Do and his 38 + 4 graduates who all conquer their humanness

by literally being with Do and laying down their human lives in 1997 with 4 following suite by the year 2000.

Dan 9:26 (And) after ((310 'achar= hind part; again, at, away from, back (from,-side), behind, beside, by, follow (after,-ing), from, hereafter, hinder end, pursuing remnant, since, when, with)) threescore ((8346 shishshiyim= multiple of 'shesh' (8337 and 8336)= primitive number six, sixty or sixth with certain context= “bleached stuff” i.e. white linen, by analogy marble, X blue, silk)) (and) two ((twofold, both, couple, double, second, twain)) weeks ((sevened as in the oath periods)) shall Messiah ((anointed)) be cut off ((3772 karath = to cut off, down or asunder, by implication to destroy, specifically to covenant)), (but not for himself): and the people ((5971 'am= flock, folk, men, nation)) of the prince that shall come ((935 bow'= to go or come, abide, apply, attain, X be, befall, bring (forth, in, into, to pass), call, depart, enter)) shall destroy the city and the sanctuary; and the end thereof shall be with a flood, and unto the end of the war desolations are determined.

- “after - the hind part or behind and/or beside, “backside” all seem to point to the time of the LAST HARVEST WAVE that is also the “troublous - distress, anguish, op-PRESS(-or) times,” which points to the time of the “great winepress of the wrath of God” as shown in Rev 14:19-20, said as taking place “out(side) the city, where “city” is referring to that bordered area where the Two Witnesses and crew came incarnate to, which would apply most to being the western U.S. leaving the U.S. east of the Mississippi River and anywhere else in the world as the “outside” part but could also count the entire U.S. as the “city.”

This hind part would also seem to qualify as during the time of the Seventh Angels trumpet sounding, I believe is indicated by the National Geographics “final Report: Heavens Gate” broadcast in 2008 that suggested Ti and Do and crew as the fulfillment of the “Second Coming.” Then I would suspect the 3<sup>rd</sup> woe to be what began in 2013 - the 40 year time from when Ti and Do first ventured out to delivery their “prophecy” that started with their exit of Houston on 1/1/1973 that began their substantial awakening by mid February and second substantial awakening to fulfilling the role of the Two Witnesses around the fall of 1973 when they were in Gold Beach, Oregon. 2013 was also 40 years from 1973 and would meet the fulfillment of being the end of the first “hour” to begin the “Judgment - LAST Hour.”

This LAST HARVEST WAVE would seem to include the fulfillment of the Rev 5:1 Books opening that starts with the “Heaven's Gate” (purple) book as the part prophesied as what was “written from within” - because Do and Crew and a number of the 38 students added their statements that went with what Do wrote and the transcripts of the 12+ video tape hours of the “Beyond Human - The Last Call” series, that again shows it's reference to being the start of the LAST HARVEST WAVE by the terminology “Last Call” where what Do said and wrote during the time He and Ti FIRST came public, as the FIRST ROAR/Thunder shown starting in Rev 6:1 - from 1973 to 1976 as the FIRST CALL. The SECOND AND LAST CALL started in 1993 - what was to be the remaining 6 of 7 “roars (thunders)” - as shown referenced in Rev 10:3-4. These references to the “seven thunders” in Rev 10 are ONLY announced at that time as part of the 6<sup>th</sup> Angel's sounding of trumpets - scheduled to begin with the Two Witnesses “prophecy” period. (See Section III.D.8. that describes the Seven Thunders/Roars.)

Rev 10:2 is when the announcement is made that describes the “little book (bibliaridion)” that seems to be associated with the Rev 5:1 - “backside” - written on the backside by the disciple of Ti and Do's choice - spoken of as John but knowing the way the Next Level works is a task that is not necessarily performed by the same Soul who received the task to write down these Revelations. Here's why:

Ti and Do often indicated that the Next Level wouldn't plan for someone to fail to be left behind. However they could know that a certain test would be administered to certain ones that if they failed could have dire results or could be an opportunity to regain their active studentship which then could entail a plan to take advantage, make a positive from a negative by giving that person the help to perform a service which would be part of their return to giving their all and even coming back into good stead with their Older Member, to resume some part of their graduation requirements and even potentially catch up to the class lesson plan they flunked out of. In a sense that can be seen as like the Adam experiment - putting him to certain tests.

Ti and Do indicated Adam didn't have to fall. Had he passed that test - Eve became the instrument of, he would have been subject to another test and perhaps the severity of the test would be increased, if for instance he hadn't dealt with the total strength of his assigned adversary (Satan). The object was

to provide a program for others that would raise the bar on even getting into that level of student membership Lucifer and his associates had to meet to get into their student level membership. If they could ward off the Luciferian influences on them they would have overcome what the Luciferians fell away because of. I believe Ti and Do did indicate the lessons were regulated. In fact once we moved away from Salt Lake City because Ti and Do felt the strength of the lower forces was too much to subject their students to any longer than they had.

Another example of the regulated strength of the lesson plan. I had had two major bouts with sensuality before the one in which I fell from. I can recall writing to Do how I felt I learned from one of them that I could never assume I have good control over my thoughts and actions. That sort of confidence is deadly as then you can be caught off guard - let one's guard down instead of keeping one's amour up all the time regardless of whether or not one thinks they need it. They always need it. If we drop our guard then we are exposing a vulnerability and it can be as subtle as a thought allowed into one's mind that previously they kept out. In many cases one gets more than one chance to lock one's door to their mind and actions but it seems the Next Level can raise the flood gates a little more to have more bombardment to deal with so to stimulate the development and exercise of more strength of mind to combat, ward off, extinguish from our mind.

So there wouldn't be a plan for someone to fail but there certainly could be a plan to increase that potential to some as a training exercise they could use to advance to their next station of service if/when they succeeded. However, Ti and Do did speak about feeling there could have been one or more students who they referred to as "advanced humans," as opposed to Student level members of the Next Level returning for their final exam to become an Adult Member in the Next Level. I suspect this talk could be found on one of the early audio tapes as it was in a meeting they talked briefly about this. I remember it as I recall wondering if I was one. It doesn't really matter. None of us are limited in our pace of growth. We can ask to have all the stops pulled out for maximum growth and then can ask to let up on that growth some so we can garner more strength. Ti and Do said this about bombardment - if we felt it was too much ask the Next Level to relax it some.

- "Sixth/sixty years (threescore) and two weeks shall anointed (Messiah) be

destroyed (cut off)" - as interpreted before, this seems to refer to both a 60 year period of time and the time of the Sixth Trumpet's sounding when the FIRST Graduates exited. This depiction of the "anointed" (Messiah) being "cut off" also described as being "destroyed" or "consumed" and as part of their "covenant" the "oath and bargain" they took to fulfill that entailed "cutting flesh" - which is related to how the harvest is depicted as cutting the stalk - the human body - down to release the fruit - spread the seeds as took place in March of 1997 when Do (Messiah) and 38 + 4 student layed down their human lives to their death to be "born of spirit."

Referring to Messiah Prince, where prince is also translated to a "captain, commander, ruler, noble" is echoed as referring to "Michael the Archangel as an archangel is a "captain of angels" and is described as being the Rev 12 Woman's Son/offspring she births to the Throne and then he goes to war, depicted as Michael the Archangel against the Dragon, Lucifer and his associates who fell with him and since him.

The "people (flock) prince" would then seem to be the "remnant" who "depart, come against, go down into war" (come) in the "city" which is depicted for this time in Rev 12:17 and Rev 13:7 which is the "cleansing" (sanctuary) "process" (end) from the "deluge, outrage - gushing inundation (flood) that is followed (after) by a "battle" (war- Armageddon - Rev 16) that brings about desolation, makes astonished (waste).

There are certainly variances to all these interpretations but they have the same end result. Those who seek to give their lives in service to Ti and Do and don't side with the BEAST become the target of those who do side with the BEAST and they bring about the end - death of the remnant and that is part of their "cleansing process" to experience.

This seems to also relate to Dan 12:7 where that "power of the holy people" is scattered, break in pieces, broken, caused to be discharged, dispersed and overspread then the time that had provided their power will be finished - done as said in Rev 16:7, said as "done" which is at the time of the pouring out of the 7<sup>th</sup> and last angels vial into the air, which is followed by the biggest earthquake ever that splits the U.S. into three part brings down mountains which may be referring to the governments but also the land masses as every island also goes away which may be related to the large object that is thrown into the sea, I suspect into the Atlantic that totally annihilates the east coast

islands to include Manhattan and Long Islands.

Dan 9:27 And he shall confirm the covenant with many for one week: and in the midst of the week he shall cause the sacrifice and the oblation to cease, and for the overspreading of abominations he shall make it desolate, even until the consummation, and that determined shall be poured upon the desolate.

Regarding the usage of “midst” seems to also have something to do with the timing of the provision of the “Backside Little book (bible) as the task to provide it's information seems to be expressed as a “messenger” (angel) “flying in the midst (middle) of heaven.” In other words this would seem to be the issuing of the instruction from the Older Members to provide it's content:

Rev 14:6 And I saw another angel fly in the midst of heaven, having the everlasting gospel to preach unto them that dwell on the earth, and to every nation, and kindred, and tongue, and people,

This can potentially relates to the next verse in Dan 9:27 referred to as a “covenant confirmation” for a week - the 7 seals/affirmation periods, but specifically saying this confirmation was to take place in the “midst or middle” of the “7 seals (sevening which would be the 4<sup>th</sup> Seal which is about to start with the next election of a president of the U.S. - that is the BEAST the Dragon is sitting on and the mouthpiece for, from an invisible standpoint as the Luciferian space aliens know well how to manipulate the spirit world and through physical space alien activity in the U.S. since the 1940's. Plus another way of looking at “midst of heaven” can be shown to refer to the “first heaven” vicinity which is moreorless the atmosphere around the earth that extends miles away from earth as it is where certain satellites are orbiting. If they can orbit they are still within the earth's gravitational atmosphere. If and when any of the satellites lose their power they would eventually drop down to earth rather that be lost in deep space. The Midst of Heaven can also be referring to the “world wide web” - the internet, these days also referred to the way many corporations are storing their programs and data on the “cloud” termed the icloud or internet-cloud.

The provision of this time of covenant confirmation in the middle of the week, starting essentially at the 4<sup>th</sup> seal causes a “slaughter” (sacrifice) that to

those victimized is their sacrifice of their human lives by their hand which is their “tribute and offering apportioned, gift, present (oblation)” to the Next Level Older Members Ti and Do, which is shown during the time of the 5<sup>th</sup> seal's opening to continue into or even mostly take place. Remember, our vehicle isn't what is harvested. It's the vehicle we use to strengthen our Mind that is what we fill our Soul with, receiving our Mind from our Older Member's Mind by abiding by all He/They give us to think, say and do that brings about a cleaning of our vehicle to make us worthy to be a “bride” to our Older Member.

It is after that “battle” which is not really a battle for the Next Level, but it does conclude the battle for souls that is being depicted in this last part of verse 27 that those who are worshiping human and human equivalent space alien god's are turned into waste to complete (consummate) with what was decided to be poured out on the humans that have become waste (desolate) recorded as the Lake of Fire - possibly a great deal of volcanic lava flows.

The upcoming 4<sup>th</sup> Seal opening that includes the provision of the revealing of the remaining prophecy based mysteries comes at the end of the time of the 3<sup>rd</sup> Seal's opening and demonstrates the abomination as the height of human's portraying themselves in many ways as “God” that includes the “worship” of Human achievements and intellect and technologies - all an abomination to the Next Level as they ignore or just pay lip service to the One True Kingdom of God who created everything and all the life forms. And because of the human kingdom leaders taking this position with or without religious and/or spiritual affiliations all who side with them are seen by the Next Level as “waste” (desolation). Simultaneously we see the U.S. and the E.U. - the Two Beasts, Big and Small **STANDING** in the once **HOLY** Place, in the way they have placed themselves as the Global Leaders and literally by “taking a stand” in the former geographic location where the Next Level began the current civilizational “garden” experiment - the Middle East. Many foreign armies and air forces, etc. surround the former Kingdom of Israel and with the nation of Israel consider themselves “God” though they often talk as if they are servants to the One True God which whether they know it or not is a propaganda tactic to lure those who still have a remnant of belief in the real “God” to their side - a deceitful tactic spawned by the Luciferian Space Aliens.

Mat 24:15 When ye therefore shall see the abomination of desolation, spoken of by Daniel the prophet, stand in the holy place, (whoso readeth, let him understand:)

Mrk 13:14 But when ye shall see the abomination of desolation, spoken of by Daniel the prophet, standing where it ought not, (let him that readeth understand,) then let them that be in Judaea flee to the mountains:

**IV.E. FIFTH SEAL - SHOWS THE START OF THE LAST HARVEST WAVE AND HOW SOME ARE SLAIN (NOT BY THEIR OWN HAND AS WAS THE EXIT METHOD FOR THE 38 + 4 OF TI AND DO'S CREW IN 1997, BUT AFTER THAT) BECAUSE OF THEIR "SPEAKING" ABOUT THE TRUTH PROVIDED BY TI AND DO AND/OR BECAUSE OF THEIR WITNESS TESTIMONY THEY RECEIVED FROM BEING IN TI AND DO'S CLASSROOM. SHOWS HOW THEY SHALL RECEIVE "WHITE ROBES" - NEW PHYSICAL NEXT LEVEL STUDENT VEHICLES AFTER OTHERS IN THE SAME SERVICE TO TI AND DO EXIT THEIR HUMAN VEHICLES. THESE HAVE ALL BEGUN OR CONTINUED THEIR METAMORPHOSIS BY ADOPTING TI AND DO'S BEHAVIORS AND WAYS (WASHING THEIR ROBES - HUMAN VEHICLES) TO THEIR BEST CAPACITY - LOOKING TO THEM TO HELP THEM SEPARATE FROM THEIR HUMAN KINGDOM ROOTS AND "STANDING" FOR THEM AND MAINTAINING THAT STAND UNTIL THEIR EXIT OF THEIR VEHICLE, HOWEVER THAT TAKES PLACE, BECAUSE OF THEIR TAKING THAT STAND**

FIRST and LAST, OIL and WINE - stages of growth into the Next Level:

Regarding the usage of "LAST" - Do labeled his 12 part video series "Beyond Human - The Last call" which as it turned out was the start of what could be considered the second "rapture" - drawing returned Souls to take over human vehicles to separate from their world to give 100% to everything Ti and Do said and did. Do was clear in another document from a later video tape named, "Last Chance to Evacuate Earth Before It's Recycled" that what was meant by LAST applied to those they gathered in the 1994 nine months of public meetings AND to those that came to believe in everything Ti and Do taught and began their metamorphosis by engaging their separation from the world and overcoming of their human characteristics (as Ti and Do's

FIRST students did).

Potential graduate students fall into one of two harvest time descriptions of either the FIRST, depicted as the OIL or the LAST depicted as the WINE. Both are illustrated as requiring their giving their human lives (the olive or the grape dies to yield it's fruit in these analogies) in service to the Older Members who are/were incarnate that in turn produces fruit - the olive oil or grape juice, where the fruit of the vine show their fruit by how much they begin their metamorphosis - (changing (fermentation, like Jesus compared to yeast and bread but is also the way grape juice becomes a new living product) of grape juice into wine (to be “saved” by the Next Level to be brought back to have a chance to become oil) and/or burning the oil to produce light, a tree and a Christ, because of how they then become a new vine to give life to others in the human kingdom).

This FIRST and LAST seems to be who Jesus was speaking about that think themselves FIRST to go to Heaven, namely as a group, Christians, but who will be really slated to have their primary opportunity to move closer to Next Level service LAST. This can also be seen as related to the two parts of the “book” that has Seven Seals as shown in Rev 5 as having a “written from WITHIN and on the BACKSIDE” while also related to Rev 10's saying the “little book,” presumably the BACKSIDE MYSTERIES aren't revealed until the time during the 7<sup>th</sup> Angel's Trumpet Sounding which takes place AFTER the Two and their Crew of Two Older Members (Ti and Do), 4 Living Beings and 24 Elders have ascended in what to humans is their unseen (spirit/mind) Soul birth.

Further, those who were among the 42 students who laid down their lives with Do (that counts 4 who were with Do but by their choice left the class before the 38 layed down their lives, but who layed down their lives soon after the 38, as Do said still qualified them to “go with us”), might be the difference from 28 (4 Living Beings and 24 Elders), essentially 14 who could have been left in the middle (or 2<sup>nd</sup> heaven) to receive one type of Next Level made/grown vehicle, perhaps a “student” model tailored for them, while the 28 went to the highest 3<sup>rd</sup> heaven to receive an “adult” model Next Level made/grown vehicle.

The idea that there are different sections of “Heaven,” I would suggest is relative to what was commonly passed down in the Jewish Mithra - the word

of mouth rabbinic historic records so that the first heaven would be where some are saved to, (in their Soul body) who don't receive Next Level vehicles yet. They are where souls and/or spirits are “saved” which would also have within it, “boxes” as Ti and Do called them. Some of these boxes might be referred to as “paradise” by Jesus to the thief on the cross who believed in who Jesus was, but hadn't had hardly any lessons yet, so was simply “put on ice” (as Ti and Do said - not literal ice though) and would be what was also termed “Abraham's bosom” before Jesus time. I would think that the Luciferian discarnates, the fallen angels who had since their fall lost their human or equivalent vehicles were restricted to certain areas so to not interfere with those saved in these Next Level boxes, though could traverse other areas in that first heaven where other dropout souls would go but where mortal spirits could not circulate when they left their human or equivalent vehicles.

Do referred to the “heavens” the Luciferian Space Aliens were taking some souls to in this excerpt from the newspaper, “USA TODAY” in an Ad/Statement Do and Crew put into the May 27, 1993 National and International publications entitled, “UFO CULT” RESURFACES WITH FINAL OFFER:

“The Luciferians are about to be “recycled” (annihilated) at the same time as this human civilization is “spaded.” They know that “rumor has it” that their days are numbered. They refuse to believe it and are desperate to recruit souls from the human kingdom into their “Heavenly Kingdom.” There are many “counterfeit” heavens, and each “heaven” is at this time collecting “names in their book,” forcing a stand of allegiance, polarizing each individual's commitment to his chosen “God.”

But there is still the question of where the 4 Living Beings fit in as they are not shown to “cast/throw down their crowns” while the four and twenty elders do as shown in:

Rev 4:10 The four and twenty elders ((they shall)) fall down ((pipto/petomai= light on, to descend from an erect to a prostrate position, to fall dead)) before ((in the face of)) him that sat on the throne, and worship ((work for)) him that liveth for ever and ever (([the Father/Jehovah])), and cast ((ballo= violently throw down)) their ((own)) crowns (([the physical vehicles they were awarded when they laid down their own lives for Jesus])) before ((in the face

of)) the throne, saying,

But the Four Living Beings do LIGHT/LAY DOWN THEIR OWN/SELF LIVES as shown in Rev 5:8 and Rev 19:4 with the 24 elders so they are not considered part of the group of 24 Elders. Actually they are quite linked to the Four Living Creatures in Ezekiel chapter 1 and 3 - the depiction of their having wings like described in Rev 4. They each have six of these wings which may be more than coincidence that 6 times 4 equals 24 as if the wings are the twenty four elders they are perhaps in charge of, perhaps like captains which is the meaning of an archangel that it seems Do was, in the name Michael, seen spoken of in the book of Daniel which was before he incarnated to perform the Jesus task. And these four are compared with the same animals as Daniel 7 uses to describe four human kings that seem to match the way these four living beings introduce the first four of the seven seals opening which only the first is opened by the Lamb (who is the one who was incarnate in the name Jesus).

And regarding these four, this next verse strongly suggests these four as “seen in a ring or circle around the throne” which can reflect to the WHEELS OF EZEKIEL but in practical application be among the “inner circle” one might say for the Two Witnesses, the Father (Throne/Ti) and Lamb (Jesus/Do) which again reflects the position as the very same four archangels. Perhaps these 4 are in line to perform the task the Archangel Michael held that prepared him for his tasks since the start of this latest experiment that led to his sitting on the throne. Further in this next verse these four are said to have “eyes.”.. “in front of, in place and/or time” and also at the “backside” in place and/or time:

Rev 4:6 And before the throne there was a sea of glass like unto crystal: and in the midst ((3319 mesos from meta 3326 “amid”; middle (as an adjective or (neuter) noun)= among, X before them, between, + forth, mid(-day, -night), midst, way)) of the throne, and round about ((2945 kukloi as if dative case of kuklos (a ring, “cycle” i.e. in a circle, i.e. (adverbially) all around= round about)) the throne, were four beasts full of eyes before ((1715 emprosthen from en 1722 and pros 4314; in front of (in place (literally or as a figure) or time), in the presence of, in sight of, denoting rank)) and behind ((3693 opisthen from opis (regard; from 3700) with enclitic of source; from the rear (as a secure aspect), i.e. at the back (adverb and preposition of place or

time)= after, backside, behind)).

- “eyes” - In the early 1980's Ti and Do instigated a task they called “eyes.” Every student was scheduled to perform this task. All it entailed was “watching” their fellow classmates. There would be two on duty for a hour at a time during all waking hours who would circulate in the areas where students were active - (never in the bath chambers or rest chambers). The task continued for a number of months. Each of these “eyes” had a clipboard that was metal like the ones Ti used when her vehicle was employed as a nurse in hospitals. The task was to write down anything they saw that they questioned as procedure or behavior of a member of the Next Level according to what Ti and Do taught. The main set of guidelines were outlined in a document Ti and Do wrote up called “The 17 Steps.”

In 1985, before Ti left her vehicle, each student received a little black 3” x 5” bound booklet that contained this list and other materials Ti and Do wrote to help us with our lessons of taking over our human vehicle. This was one part of it's contents:

#### 17 Steps - Behavioral Guidelines Given by Ti and Do to Students

<https://sawyerhg.wordpress.com/2013/01/21/17-steps-behavioral-guidelines-given-by-Ti-and-do-to-students/>

After each shift the next shift was free to read what the previous shift recorded and at the end of the day, the list would be sent to Ti and Do and sometimes they would give new procedures or a lesson that the ones doing the “eye's” task were seeing things through a human critical eye and not in a Next Level way and sometimes individuals were called by Ti and Do or met with or sometimes another student delivered a message from Ti and Do about something that was recorded about them or they called a meeting to talk about what was recorded.

On the part of the verse that says these would be “in front of,” in place and/or time and also at the “backside” in place and/or time, it's once again very interesting that “backside” is the same word used in Rev 5:1 that refers to the backside of the book that is opened during the periods of time referred to as the seven seals that these four Living Beings announce. I have considered “backside” of the book to refer to the history of what the Next Level said and did through it's Representatives before this return of Ti and Do's witnesses

testimony - bringing of new understanding and “plain/bold” prophecy - speaking words inspired by the Next Level. That backside is then insinuated as after the 7<sup>th</sup> angel's trumpet sounding which takes place after the Two Witnesses and 42 students have “ascended” in their “spirit” (unseen like the wind - as Jesus described it) births. And then with that the front side would mean they participated even ahead of Ti and Do's arrival and/or it may just mean they had key positions (seats) during Ti and Do's provision of disclosures said as the Seven Thunders (aka roars) related to the Lion of Juda - the one who served in the vehicle named, Jesus.

I believe the backside portion of the Book's revealings refers to the time of the primary revealing of the remaining mysteries to help prepare and call out to and help awaken those called the, ELECT OR REMAINING OR REMNANT, who could be in the LAST stage of harvest - those who probably have or had a strong “christian” background, though are probably mostly those who can no longer really participate in certain church groups because of how most become so particular that they use a certain Bible translation and/or certain interpretations and/or certain rituals or practices and hierarchies and definitions of terms and internal and external politics, social judgments, elitist, arrogance, closed mindedness and plenty of hypocrisies and lack of attention to what Jesus actually said to focus on. Do went to seminary and said he dropped out because they were too limiting of what they would study and talk about/consider.

So with all that said if I were to make an educated guess at which classmates could have been fulfilling the Four Living Beings task which besides the time spent in the FRONT SIDE with Ti and Do became their task to perform in the BACKSIDE, coordinated with their “animal” descriptions that have a resemblance to Ezekiel's Four Living Beings, as well as in Rev 4, but seen in Revelations chapter 6's first Four Horses;

1) This first White Horse represented by a “LION” (Lion of Juda=Jesus) announced by Lvbody (note her name came from the word “Live” she selected but I doubt she had knowledge of that word in the Bible pertaining to the four Living Beings) in his vehicles name Marshall (as in a Sheriff) Applewhite (Adam's fall (missing of the mark (sin) made pure by his graduation via the vehicle named Enoch).

2) The second Red or Ruddy Horse, described as a “Calf” as G.W. Bush,

invited to come and see by Jnnody.

3) The third Black/Blue Horse as “man faced” by Barack Obama invited to come and see by Lggody (though Dstody may be in this mix, given he had a “black” vehicle and showed up to me in a dream to tell me Obama was the “black horse”).

4) The fourth Green Horse yet to see who fulfills it invited to come and see by Jwnody (considering how she had a vehicle that had that Irish (green) strain as she demonstrated in her exit tape. These four (Lvbody, Jnnody, Lggody and Jwnody) were the most consistent regular “helpers” to both Ti and then to Do over the years.

With that said, I could imagine this next verse could include the 14 Souls who may have received a differend assignment, receiving their student model Next Level vehicles later as it just so happens this is the amount of new students that joined during the second “rapture” (LAST WAVE) that moreorless began on 1/1/94 when four groups embarked across the U.S. to hold public meetings again after 17 years of seclusion overcoming their humanness. Their names in the group were, Gldody aka Golden, Wknody aka Waken, Yrsody aka Iris, Dvvody aka David, Evnody aka Even, Avnody aka Aven, Leody aka Lee, Tddody aka Todd, Vrnody aka Vern and Qstody aka Quest. Then four who were outside the classroom at exit time for various reasons of their own but still believed in Ti and Do and layed down their lives before the year 2000 were named, Jstody aka Justin, Rkkody aka Rick, Oscody aka Oscar and Gbbody aka Gabby.

There were reports of a few others who ended their vehicles life, one in fact saying he was doing so to join the Heavens Gate group on the comet who put a purple veil over himself and then asphyxiated his vehicle using propane and a plastic bag. He was a former Grateful Dead roadie I heard. I don't know if he ever spent any time with Ti and Do but I don't doubt his Soul would be saved for a future opportunity to graduate in the future.

Rev 6:9 And when he had opened the fifth seal, I saw under ((beneath, bottom or foot, where Jehovah/Moses assigned a student to pour the animals blood during the Brazen altar sacrifice)) the altar ((geographically wherever the sacrifice is designed by the Next Level to take place [U.S. mainland])) the souls (psuche from psucho= breath [receiving the “Breath of Life” is what

made Adam a “Living Soul”])) of them that were slain ((4969 sphazo=sacrificial death)) for the word of God ((from the sword of the mouth of the most current Older Member, [Do])), and for ((because of, for sake of)) the testimony ((3141 marturia from martus= evidence given, record, report, testimony, witness)) which they held.

The altar is where “the sacrifice” is performed, which in the most literal context that can be applicable at this time is the specific geography where the Kingdom of God sets up their kingdom (experiential classroom), as Jesus said his kingdom would return to, which includes returning students (saints) described as their “resurrection (to stand up again aka incarnate - to take over flesh vehicles) of the just” to once again, voluntarily give up (sacrifice) their human lives (leave all behind when they get the call from the Older Member - being caught away (aka raptured)) and who would lay down their vehicles, again according to their Older Members instructions. This is what seems to be meant by sacrifice “for the WORD - Mind - of God (deity) (in this context would mean in accordance with the teachings/instructions (qualifications) of those who served as the Two Witnesses in the “song” names of Ti and Do.)

In this context, note these die in such a way that is related to how an animal was sacrificed in the Jehovah and Moses experiential classroom. The terms don't designate exactly the method. It is symbolic but when it speaks of their being slain it is referring to their vehicles as their souls can not be slain by humans or space aliens and they don't have blood and the altar was always a physical geographic location. To translate all this in etheric ways would be yet another Luciferian distraction from the truth, which it's true many do, which is why those who cling to those interpretations may never see the truth and reality they represent. Thus here is some context to these representations.

The blood of the animal was poured on the bottom part under or beneath the altar, which in the records was also a way of saying the animals life-force (blood) went into the earth (grave). Plus it seems this procedure could show how it was to be an undercover sacrifice, the total modus operandi of the Older Members plan to come as a “thief” - in secret/unseen except to be seen by those who were prepared to recognize the voice of their shepherd - part of that voice being the requirement to leave all behind to follow with the older members, what Jesus said to his disciples they needed to do to be in his class.

For me personally, I did respond to the first poster I saw in 1975 that was

advertising the meeting location for basically two reasons I recall thinking then. I was curious what these two from this “level beyond the Earth's confines” would look like, I remember saying to the woman I was with that also joined and was known in the class as Srfody who dropped out of the class in 1987 with Mrcody. I didn't believe or disbelieve the claims and I was not a UFO buff at all. I didn't even know about Roswell at that time, at least consciously but, it seemed I did know about it subconsciously. And it seemed to mean something to me to hear that some did “devote their total energy to the transitional process,” as it said. I feel I anticipated this requirement.

That preparation includes the “gift of recognition” which provides the impetus to rise up to see/understand. Keeping it mysterious to most others is very effective against the Luciferian space aliens as they need time to build their most effective opposition so in many ways varied strategies are used so the Representatives are only one step ahead of their students in understandings, which is why Ti and Do didn't know certain things until the end and didn't get into certain things at all, because as they said many times, it was not needed for their classroom. They didn't make things up or put things into grandiose spiritual sounding mystic seeming overviews though on rare occasions did throw out tidbits of overview but still without drama or poetry or hidden meanings or great generalities as can be seen many so called spiritual or religious teachers from India did that many North Americans and Northern Europeans especially flocked to in the 1960's and 1970's and even still do to date.

This verse is set to the past tense further indicating it was fulfilled by those in the FIRST HARVEST WAVE who were Ti and Do's students, the 38 + 4 afterward = 42 who layed down their lives voluntarily according to their Older Members instructions (for the Word of God) and did so while leaving behind their written and video testimonies that are still available to see on YouTube.com and in other places. But why this is being brought up now in this fifth seal, I believe is because I suspect some of those 42 may not have left the 2<sup>nd</sup> of the perhaps 3 areas in the heavens. I suspect the 4 Living Beings and 24 elders of the group did go on to the 3<sup>rd</sup> heaven, possibility to the Pluto or Ceres bases while perhaps some were left who weren't ready for graduation into adult Next Level bodies received student model Next Level bodies and tasks to work for the Next Level in the 1<sup>st</sup> and/or 2<sup>nd</sup> heavens that may include a type of “rest” period as will be further interpreted in the next

two verses.

Various Christian theologians, bloggers, teachers, leaders, interpreters get pieces of different parts of how certain of these mysteries may play out but not having the KEY of Ti and Do's arrival often think all the Christian martyrs since Jesus are those in the FIRST group, which again may be true because they would probably be the souls who were the ones with Jesus and/or any who gave their lives to spreading Jesus message of separation from the world - leaving all behind and abiding by all he taught and giving one's life in His service, as that is what he asked them to do upon his exit. But Ti and Do always said “everyone who came with them was going back” so I imagine would have yet another opportunity to move towards their graduation from the human kingdom. But to be in this grouping of those said to have given their lives would still mean doing so through taking over a human vehicle prepared for them. In other words the Next Level has to give that seed to each human vehicle who “catches the eye of one of their representatives.” Do and Crew spoke about that seed as a “deposit” of which there were different kinds that contained different programs that would be a “match,” they called it, appropriate for either a returning Soul or for a new Soul's further growth.

Rev 6:10 And they cried ((exclaimed, called aloud, screamed)) with a loud ((great, high, mighty, large, strong)) voice ((phone= disclosure)), saying, How long, O Lord, holy ((pure)) and true ((real)), dost thou not judge ((distinguish, conclude)) and avenge ((1556 ekdiako= vindicate)) our blood ((atoning bloodshed in the winepress of Christing)) on ((apo= for, off, away (exit))) (them that) dwell ((house, inhabit)) on ((over)) the earth ((human kingdom))?

This seems to be those same graduate souls checking on the timing of the conclusion - the separating of the sheep from the goats that they help with. But it shows it's timing with the same depiction of the “vindication” (as avenging implies “getting even” which I believe is a human characteristic even though the Kingdom of God is “just” and people get their due, what they sow they reap, which is the way the system is designed to work which is based on our own choices that the Next Level gives us many chances to change.

A vindication to me shows that just/fairness without the implication of being

bent on punishment to inflict even though that's what results. To the Next Level they are simply eliminating the weeds. Does the gardener think or say to those weeds, "take that and that - I am tearing you up because of how bad you are and how you deserve this fate and I want you to suffer for it." To me that's more vengeance minded. No, what they think is it's time to clean up and start fresh. But then one may think, why demonstrate their being vindicated and why do the weeds end up suffering. I may be wrong but I believe it can serve the Next Level that these who go against the Next Level remain in some way perhaps indefinitely or maybe eternal, in that respect, meaning there is no coming back from that condition of the SECOND DEATH, but perhaps the program (what that Soul became) keeps seeking to play in some way that if it's left in the ethers can serve as a motivation to others to not go against the Next Level. It might be like putting a tombstone by a corner where many have crashed and lost their lives. It serves as a potential unseen reminder that "fear" of death is a good thing if it keeps one from dying because they become more careful which can apply to our choices day to day and ultimately in respect to our relationship with the Kingdom of God Older Members. I would think if a child tries to touch a burning fire it would serve them well to scare the daylights out of them instead of letting them suffer the more severe consequence of touching that fire.

It is said in Rev 19:2 that they are vindicated when the Next Level "judged the whore" which is shown and described in Rev 17 and 18 which in the timeline of these seals seems to be during the opening of the sixth seal so will be documented then.

Rev 6:11 And white ((keukos from luke ("light")= white)) robes were given ((1325 didomi= or bestowed, tasked, granted, made, furnished)) (unto every one of) them; and (it was) said (unto) them, that (they should) rest ((373 anapano and hina (may)= collect strength and remain)) yet for a little season ((chronos= space of time)), until their fellowservants ((those with the same bond of possessing instrumentality)) also and their brethren ((born from same womb)), (that) should be ((3195 mello= expect to be (as a necessity, probability, possibility))) killed ((apokteino in this context is in the infinitive mood which isn't a certainty but implies belief that the action of "separating by dying" serves a purpose)) as ((5613 hos= after (that), (according), even as, how, like, about, so (that))) they ((themselves)) (were), should be ((3739 hos= demonstrative pronoun - who, which, what, that: one, some, that, what,

which, who(-m, -se), etc.)) fulfilled ((44137 pleroo from pleres 4134= to make replete, furnish, imbue, satisfy, execute (an office), finish (a period or task), verify, accomplish, complete, end, perfect)).

Even though the Greek word used has a relationship to “light” in how pure light is white, this word is translated as white most everywhere it's used and often that's comparing it as a coloration as to snow or lambs wool or to white clothing that can't be washed or dyed any whiter. I'm only saying this because Ti and Do described the physical vehicles the Next Level grows for it's members as truly white, not grey as we see among some of the myriad of space alien abduction and contactee reports.

Coloration of human skin have nothing to do with a ranking of purity or supremacy. That's another Luciferian distortion. If anything, perhaps logically speaking, often what can be a measure of what is real, I would imagine it's possible that the lighter the skin color the more those genes may have originated from the student model, made Next Level vehicles that the ones who were the original fallen angels may have been issued that they wore while having their elementary tasks for the Next Level on board spacecrafts, as if they then mixed their seed, that the student model vehicles were still capable of generating, perhaps that resulted in lighter skinned offspring from whatever coloration of humans they reproduced with at that time. If that has any accuracy then I would guess if the entire planet was flooded, then since the Luciferians somehow survived they could have preserved some of their seed and then re-hybridized it with Noah's family thereafter or had enough carrier wherever they hid from the flood to restart a human strain from. But perhaps the Next Level preserved some part of the planet and some other of the humans in some other area and didn't have it recorded as they were essentially interested in having Moses document the strain the Next Level started.

Thus, these who were among the FIRST graduates are awarded with a new physical body that as I've said I suspect is a student model Next Level vehicle and then they are told to wait, rest and/or remain for a time while others might be killed which is further shown with the same reference to this time frame when some must “persevere and sustain their steadfastness in the faith and keeping the commandments from Ti and Do and “die in the Lord.” I say “may” because the Greek subjunctive mood is indicated in Rev 6:11 which

speaks of it as a possibility not a given:

Rev 14:12 Here is the patience ((5281 hupomone= steadfastness, constancy, endurance, sustaining, perseverance, not swerved from one's deliberate purpose and his loyalty to faith and piety by even the greatest trials and sufferings)) of the saints: here are they that keep the commandments of God, and the faith of Jesus.

I included this verse in this section because of the call for the saints to be steadfast and show endurance (patience).

Rev 14:13 And I heard a voice from heaven saying unto me, Write, Blessed are the dead which die ((0599 apothnesko= to separate by dying naturally or violently as being slain)) in the Lord from henceforth: Yea, saith the Spirit, that they may rest from their labours; and their works do follow them.

Their rest is from the overcoming process and/or trouble of being hated by the establishment religionists out to shut the truth from coming out as it could influence their followers to see how they have been among the deceived. It's the same reason Jesus was hated and murdered.

- The fellowservants would be those who have given themselves fully to be instruments for Ti and Do - standing for them and accepting the expected consequences that they will lose their vehicles life in that service which could happen in the same way as those in the FIRST fruit, laying down giving their lives or by another's hand or even from natural causes is possible but what's important is that they meet that end of their vehicle having given their lives to Ti and Do's service.

- The Brethren indicates the kinship with those who are the fellow servants. I believe these are those who Ti and Do would have said were on the same “genetic strain” as those who were giving their lives to Ti and Do's service. Some of these may or may not serve as instruments or “give their lives” at this time.

The word “should” used the second time in this Rev 6 verse doesn't show up in the translation options. The Next Level is not about “should,” that is unless the student chooses to make becoming a Next Level member their own choice of what they should, think, say and do to make the grade provided to them. Everything is optional though in the context of what we choose. If we

choose to become the “wife” of our Older Member, then what goes with that is abiding by all that Older Member's instructions, behaviors and ways to please him. For instance Jesus had the option to not lay down his life as he did by voluntarily turning himself into those he knew wanted to kill him. As the account suggests, he sought from his “Father in heaven” to see if that was his task and/or to verify the timing and he knew that it was. The time recorded as his Transfiguration put some physical proves to his taking that irreversible choice. Perhaps the records aren't clear on some of that. It doesn't matter. He arrived at knowing his giving his life was part of his task he agreed to before he came. It's possible some of these depicted here knew they would be giving their lives as well to fulfill/complete their task. I do anticipate that challenge to come that I hope I won't run away from when the handwriting is on the wall that it's time to either let it happen or even stimulate as Jesus did if there are some who do wish some of us out of their way, so we can't influence others to see the same truth about Ti and Do. Or perhaps as I draw closer to that time I will know that it's right for me to instigate a self-exit as my classmates did. No options are closed to us in how much we give and when, though how we live day to day is although also an option, if we choose a direction against our Older Members then we enter into choosing a different door entirely.

However, it appears some will be giving their lives at a future time from when this Fifth Seal is opened while others by then may have already given their lives. This “little season” may be the 1000 years as I believe Do indicated a “season” is about 2000 years. This idea of a “little season” may therefore refer to when the Luciferians are once again locked up for 1000 years:

Rev 20:1 And I saw an angel come down from heaven, having the key of the bottomless pit and a great chain in his hand.

Rev 20:2 And he laid hold on the dragon, that old serpent, which is the Devil, and Satan, and bound him a thousand years,

Rev 20:3 And cast him into the bottomless pit, and shut him up, and set a seal upon him, that he should deceive the nations no more, till the thousand years should be fulfilled: and after that he must be loosed a little season.

This makes some sense in timing as the next verse talks about those who had been “beheaded” for witness of Jesus before then as described about some in

Rev 13:

Rev 20:4 And I saw thrones, and they sat upon them, and judgment was given unto them: and I saw the souls of them that were beheaded for the witness of Jesus, and for the word of God, and which had not worshipped the beast, neither his image, neither had received his mark upon their foreheads, or in their hands; and they lived and reigned with Christ a thousand years.

I believe the THRONES in this context are all those who graduated as it says “judgment was given unto them” and we know that the Father (Ti) and Son (Lamb-Jesus) then Do already were on the Throne and already had the authority to cast “judgment” but it was the returning saints/angels who would return and Judge the twelve tribes of Israel - separating the sheep from the goats, so to speak:

Luk 22:28 Ye are they which have continued with me in my temptations.

Luk 22:29 And I appoint unto you a kingdom, as my Father hath appointed unto me;

Luk 22:30 That ye may eat and drink at my table in my kingdom, and sit on thrones judging the twelve tribes of Israel.

It also may be that these “white robes” are not necessarily provided yet but that it's being shown and stated that they will be “granted, made, furnished” which then makes more sense to go with their having to wait for the others to also qualify which can all be seen as their being ready to be married in the Next Level way, as depicted in:

Rev 19:7 Let us be glad and rejoice, and give honour to him: for the marriage of the Lamb is come, and his wife hath made herself ready.

Rev 19:8 And to her was granted that she should be arrayed in fine linen ((1039 bussinos from bussos 1040, from unused root 948 buwts (meaning to bleach, be white); made of linen (neuter a linen cloth)= fine (white) linen)), clean ((2513 katharos= +pure)) and white ((2986 lampros from lampas= radiant, by analogy, limpid, as a figure in appearance: bright, clear, gay, goodly)): for the fine linen is the righteousness of saints.

So I couldn't help but notice some of the words as alternate translation options like making of linen was a bleaching process that makes that vehicle white and is to “neuter a linen cloth,” taking away it's gender and sexual

identity which Ti and Do taught was part of the overcoming of our humanness because in the Next Level their vehicles have neither sexuality or gender which is why one has to program the mind to abort any hint of those behaviors and ways BEFORE being granted a Next Level vehicle and abode on a Next Level crew. It's not morality. It's simply about having a Mind that is compatible with one's new vehicle. To have a mind that still has a program to want sexuality and reproduction and any characteristics related to gender, would, if it were allowed, which it's not, Ti and Do said would cause one's new vehicle to "abort" that Mind. Plus to neuter can also be equated to how Jesus spoke about the option of "making oneself a eunuch for the Kingdom of Heaven's sake," which would be like neutering oneself as some of the Essenes practiced for the Kingdom of God:

Mat 19:12 For there are some eunuchs, which were so born from their mother's womb: and there are some eunuchs, which were made eunuchs of men: and there be eunuchs, which have made themselves eunuchs for the kingdom of heaven's sake. He that is able to receive it, let him receive it.

Plus the idea that one is "bleaching" oneself is interesting in light of how in Rev 6:8 "green" is related in it's root to the Greek chloros seemingly kin to "chlorine" which is a green element that whitens by purging out impurities (bacteria) to make one's eye single, clear, pure minded - only containing one's Older Members Holy (pure) Mind/Spirit (words, understandings, behaviors and ways).

In other words a student as the "bride" who wants to show his devotion of his heart/mind, Soul and strength only for his bridegroom could as an option even involve the elimination of a body part one can live without. In the virgin parable the virgins were also "trimming" their lamps. Well, Jesus said the "eye" is the lamp of the body. If you eye is single minded then your whole body is filled with light. So to trim one's lamp would be to "make ready" their eye which is done with the Mind, illustrated by Jesus as rather than going flunking out of the classroom and staying flunked out even extreme measures would not be out of the question illustrated by choosing to become a eunuch or "plucking one eye out." And making one's lamp ready by keeping it trimmed can mean trimming out any images or thoughts or desires away from one's vision and imagination to remain pure of heart and mind, the requirement from the "groom" to make one's eye single minded.

Here Jesus illustrates that even the content of one's thoughts become grounds for having committed adultery, and major offense in Moses law:

Mat 5:27 Ye have heard that it was said by them of old time, Thou shalt not commit adultery:

Mat 5:28 But I say unto you, That whosoever looketh on a woman to lust after her hath committed adultery with her already in his heart.

Then in the same vein of how seriously one can be about seeking to become a member of the Next Level:

Mat 5:29 And if thy right eye offend thee, pluck it out, and cast it from thee: for it is profitable for thee that one of thy members should perish, and not that thy whole body should be cast into hell.

Mat 5:30 And if thy right hand offend thee, cut it off, and cast it from thee: for it is profitable for thee that one of thy members should perish, and not that thy whole body should be cast into hell.

Some Christian writers consider this as speaking about MEMBERS of a congregation, but I never heard or read that an “eye” was a way to illustrate a member of the congregation. A right hand could be stretched out in that way because of the Genesis writings regarding the order of blessings received from one's human father to their offspring to where the first born received the blessing with the father's right hand and the rest of the sons a blessing with their left hand.

Most interpreters treat these verses purely as a figure as it seems to them an extreme to treat it literally, but given making oneself into a eunuch requires elimination of one's testicles that was not out of the question according to the practice of some Essenes I read about in the book “Essene Christian Faith” that Do provided us to read. In the book some chose to remove their testicles by various means - tying them off like was done to animals to neuter some. The book said, some attempted to crush their testicles with a rock which I seem to recall Do cringing to hear but nor did he say anything further about that during a meeting in which this book was discussed. The Essenes, by the way were a Jewish sect that existed before Jesus came public. I've read somewhere that they were more geared to the teachings of Enoch than to Moses and that they were seen as a fanatical offshoot sect. However, some think that Jesus was an Essene before he had fully awakened to his task after

his desert experience and subsequently meet up with John the Baptist. It does make me wonder if this was Jesus “other fold” he said he was going to tend to after he left Jerusalem when he ascended into the spacecraft that was inside the cloud with his changed over physical body.

During this time we were examining this book, a part of re-exploring Christianity, anticipating having more to do publically around the idea we “had to be who we were” as the return of Jesus and his disciples, Do became aware of a man who had cut off his penis to thwart his sexual desire for the Kingdom of Heaven's sake, who also seemed to have certain perspectives beyond rote Christian ideology. Do was fond of this man and had some contact him with our information, though I don't know what became of that. He wasn't the only Christian based teacher we encountered who said things recognized as aligned with what Ti and Do knew. Ti and Do explained that when Members of the Next Level are in close Earth vicinity/atmosphere and incarnate, including Older, Younger and Student Members their thoughts and vibration became available to anyone who sought in their own way to raise their vibrations by changing certain thinking, behaviors and ways. Their presence even spawns advancements of all kinds and some humans are actually a part of the “strain” of those who are coming to graduation into the Next Level.

Ti and Do had their classroom crew for a short time, project thoughts of positive growth to humans. It was an individual experiment to try to foster positive changes in the world. Ti and Do felt that the awareness of the negative affects of smoking tobacco and the campaign to reduce the usage was one such change along with the the peace movements and the various rights movements and health consciousness that had come about, largely starting in the mid 1800's in the U.S., so this man's devotion seemed to be another example of someone taking to heart the drive to not let his body's desires drive his behavior.

Of course there have always been individuals who remained outside the mainstream Christians who were considered to be fanatics. I remember when the U.S. was going to attack Afganistan and Iraq to go after those some thought were behind the World Trade Center attacks and I wrote about war as not a way Jesus taught and a teacher I knew who had worked all her life in a Catholic University wrote to me saying perhaps a little sarcastically, “I'm no

pacifist.” I read that as if that view was fanatical. It just shows that when the truth becomes so diluted and distorted, as it has, then those that attempt to live more truthfully to what Jesus taught are looked down on as extremists. The only legitimate way to serve God according to many is to go to some seminary, and graduate with a degree to authorize you. Then you can be assigned a congregation and set up in that career and can write books and get easily published and be called upon as an authority when the media wants a story. This shows how the Luciferians have spread their thinking, behaviors and ways that at best in a few ways mimic Next Level behaviors and ways.

For example, the behavior and ways of acting respectful and peaceably towards others, even if they insist on being one's enemy - and fostering changes around us by “walking the talk,” so to speak. Another way some mimic the Next Level is by teaching how their thoughts can be projected and can influence others, which is very apparent in Hindu and Buddhist monk practice and we can see how that has spread to Europe and at least North America, even including identifying ourselves as “Gods” because of saying “everything is God” thus as a part of everything we are a part of God. I would call those who move into that thinking Overripened, though of course I can't judge anyone in particular. They also no longer think of God as an Above Human Being or Superior to human Living Being. Instead they say the “All” is a consciousness, even the Christ consciousness where “god” and “Christ” become ideas as opposed to descriptions of literal Living Beings and their process of overcoming the human condition (Christing) by giving all our allegiance to those Living Beings.

However the Next Level Older Member representatives use the Luciferian presence as it provides a testing criteria that some if they press to see the light as a seed pushing out of the earth towards the sun, they will draw the assistance of the Next Level to help them through to even becoming a “tree” in the Next Level that then provides the habitat for others to come up through.

It was years before anyone of Do's students chose to be castrated that Do indicated taking unusual measures to control our vehicles. For instance he subtly suggested to anyone who couldn't stop their vehicle from touching their “plumbing” during “down time” (sleep) that they could tie their hands to the bedpost at night.

Mind you, I'm not aware that he ever instructed anyone to do such a thing and it would have been completely off the mark to impose such an action upon another. It would only work if a person wanted to take such an action on the strength of their own determination to conquer their human vehicle's programming. Actually later I learned I had that problem to some degree. I mean, we always had the procedure when we slept to program our own vehicle, by our thoughts, to keep our hands above our waist during sleep time. Part of our programming at night was to issue those instructions to our vehicle before dozing off that would even include the program to awaken should we begin to break these instructions. It worked as I would at times awaken knowing my hands were below my waist and also would awaken if I had rolled over onto my stomach, another instruction to avoid as such can stimulate the vehicle's sexuality.

**IV.E.1. VOLUNTARY CASTRATION IN DO'S CLASSROOM (FOR STUDENTS WITH MALE VEHICLES) - JESUS REFERRED TO AS "MAKING ONESELF A EUNUCH FOR THE KINGDOM OF HEAVENS SAKE" - TEACHING TO THE FUTURE "THIRD TRIMESTER" CLASSROOM, REFRAIN FROM HUMAN PROCREATION AND MARRIAGE (COMMITMENT TO OTHER HUMANS), TO GIVE ONES ALL TO THE KINGDOM OF GOD THROUGH THE MOST CURRENT INCARNATE OLDER MEMBER FROM THE NEXT LEVEL - WHO SERVED AS THE LAMB (JESUS SERVING AS THE CHRISTING EXAMPLE OF OVERCOMING THE HUMAN KINGDOM (WORLD) TO INCLUDE LAYING DOWN ONE'S OWN CURRENT HUMAN VEHICLE'S LIFE FOR ONES "MARRIAGE" TO THEIR RECOGNIZED OLDER MEMBER) WHICH INCLUDES BECOMING NON-SEXUAL TO "RECOVER ONE'S VIRGINITY" (DOESN'T MEAN NEVER WAS MARRIED OR HAD SEXUAL INTERCOURSE, A LUCIFERIAN DISTORTION) - RELATED TO THE EARLY FIRST TRIMESTER LESSON STEP OF CIRCUMCISION THAT JESUS UPDATED IN HIS SECOND TRIMESTER CLASSROOM**

I believe it was late 1987, about two years after Ti left her vehicle, Do called a meeting and talked about how he had had a "nocturnal emission." Males always had a procedure to treat nocturnal emissions, that we did nothing to stimulate, as a relief value, not to feel guilty about, but Ti and Do gave us a

procedure when we had that experience, which was; to get out of bed and go to the “bath chamber” to clean up. There was even a stack of washcloths in each bath chamber just for males to use for this purpose. And there was a sign out of the washcloths. As it turned out when my vehicle would have a nocturnal emission I was embarrassed so would go to the bath chamber to clean up and use a cloth but sometimes I didn't sign it out and other times I didn't use a washcloth. Those sign-outs were sent to Ti and Do. So I was actually “breaking procedure” to not use or sign out a washcloth. I was being deceitful and little did I know that it would catch up with me. I knew it was not right but I ignored doing the right thing.

In this same meeting Do explained that he had instructed Lvbody to gather the needed tools to perform the orchectomy procedure on him. The Next day Do held a meeting for males only and he went through the orchectomy procedure in detail. At that time Lvbody had what we called an “out of craft task,” which meant a job in the world, outside our “spacecraft” like environment. She worked as a nurse for a doctor that performed orchectomies - the removal of testicles due to testicular cancer, so she knew the routine and the needed tools and supplies to perform the operation. He went through this detail to familiarize the procedure. He said he had no instruction to offer the option to others. He just had the instruction to explain it. He wasn't sure he was going ahead with it either. As with all meetings if students had questions not answered or had more personal things to express to Do, they would write a note. I don't remember if I wrote a note but I suspect I did, expressing that I would like to be considered for the operation. This is where my head was though looking back over all the events that ensued I can see that I was coming from a kind of forced position, though that's hard to really qualify as the task to take over our vehicle certainly was forced upon the vehicle.

A few days later Do held a small meeting at his “craft” where Lvbody and Innody resided with him. By the way, Do's vehicle was not attracted to female vehicles, so having his eldest students taking female vehicles seems to be the way he and Ti planned the mission so he could protect his vibration. A Next Level member occupying a human vehicle never assumes they can't fall so they take all the precautions which whether actually needed or not become an example to the students. Older Members of the Next Level are even willing to make what could be seen as a mistake that then becomes an opportunity to demonstrate how to recover and take advantage of the mistake

“missing the mark” said as “sin.” I was among those invited. Going to Do's quarters was always a special feeling event.

Do explained that he had examined whether the students with female vehicles could also have the option of the equivalent to a castration, but he felt it was the male vehicle that was designed in such a way that the procedure could easily be accomplished whereas for a female it has more potential for complications. The students who were called to this meeting seemed to be those who were in the group called “Sat 3.” I think this included, Lggody, Jwnody, Chkody, Srrody, Hvbody, Snnody, Andody, Pmmody and perhaps Jmmody and Dncody in addition to Lvbody and Jnnody and myself Swyody. (Mrcody and Srfody who had been long term members of Sat 3, from before I was added a few years before, were not there if I recall. Nor was Rthody who also had been a Sat 3 Member. Sat 3 stood for “satellite 3.” That terminology started while Ti was still incarnate and I think it was when we had three crafts, one for Ti and Do and helpers (Lvbody/Jnnody at that time), one for the Sat 3 crew and some others and the third for the rest of the students. Our numbers were in the 30's at that time.

Do then wanted to hear from the males in that little group, to see if anyone had any reservations of having such a procedure should Do get instructions to permit it. I don't think Do went person to person for an answer but however it happened as it turned out Hvbody said he did have a reservation. This was a traumatic point that Hvbody arrived at and I can recall, while later being assigned to be his partner seeing that he had been crying, I suspect about considering leaving the classroom. I don't know as he didn't confide in me. We really didn't have a procedure to confide in one another, especially on the subject of sensuality - sexuality. We even avoided the use of the word “sex” as Do felt like it could trigger the vehicle's programming that could start a “tape” in the head that would be hard to stop. We had lots of things that would stimulate such tapes but we didn't say or do things that would test us and/or potentially test another. The tests were provided by the Next Level not us, though came through the incarnate Older Members, even though they didn't always understand who would be tested until they would see the responses to things they instigated. I knew this was a test and I intended to pass it even if it meant going through the procedure. A week or two later Hvbody decided to leave the classroom and never returned.

Further classroom talk about castration ceased. Soon after a classmate would leave we often got instructions to move. We were in Colorado at that time with a craft in Littleton and another up Boulder Canyon where Do was actually resided with Sat 3 members. 1987 was certainly a pivotal year that extended into 1988.

It was the year:

- Do sent us on our second visit of the vehicle's families to try to help relieve them of anxiety but as it turned out it seemed to be more about putting some students to the test of whether they wanted to stay in the classroom or not. I say that because Rthody decided to leave the class because of that visit with his vehicle's brother and family. Also, on this trip I actually traveled with Srfody as she went to the same town because before we both joined with Ti and Do, she and I had been living together in Oregon, having moved out to the west together having begun our relationship in our same home town on Long Island in New York, having met after we both had graduated from different high schools. During this trip I did deal with a vibe of resuming a human relationship with Srfody while on the airplane sitting next to her and in the car at an ice cream shop where we had frequented when we became a couple, but I had no desire at all to do so, so just ignored that influence. However that's part of what happens when we return to a previous environment where we have memories and especially with someone we had memories being with, we can be draw back to our past that can threaten our forward motion towards graduation. When I left in 1994 and moved back to New York in 1995 I was drawn back in many ways.

re: that trip, I, with Srfody and Ollody, with Jwnody also present, visited with Jwnody's vehicle's mother on Long Island. Ollody visited his vehicle's family in Connecticut and all three visited with my vehicle's mom, dad, brother and sister at their house. Do suggested we give a little talisman to anyone we felt to. I gave a little inexpensive gemstone to my brother and to my sister. Do felt the families meeting other students would show what kind of people we had made into our new family. My vehicle's dad told me to thank Ti and Do for the visit that was mostly on behalf of my vehicle's mother as he knew I was doing what I wanted to do but she thought I was brainwashed into the cult, which of course I was, except I had to be the one that washed my own brain of human behavior and ways. On that score it was interesting that I

recall one time Do saying something to the affect of how if he could force us to make the needed changes to become a member of the Next Level he would, but it wouldn't work as then we'd be a useless robot for the Next Level and if they wanted robots they would just build them. While I'm on that topic, he and Ti once said the Next Level does use robots for some tasks that would damage their physical vehicle to do.

- Do asked the class if they would follow him even if he wasn't from the Next Level.

- Do said we needed to “be who we are” as the return of the One who was Jesus and the ones who were Jesus' disciples.

- Long term students, Sat 3 members, Mrcody and Srfody were instructed to leave the classroom until such time that they decided to live by the lesson step of “I could be wrong,” which I've explained before was helping us break down our human self confidence by applying to replace that human mind with Next Level Mind - which is the way one “washes their robe” - cleans out the humanness from their programming of self confidence or confidence in what humans teach. Again if we didn't apply it, it didn't work. Ti and Do gave us the tools but didn't have any real enforcement of our use of them, as even with this step of prefacing judgments we might make with “I could be wrong but...” or something like that, if we just went through the motions and didn't grow to recognize how our confidence can often be misplaced, then we would not be getting rid of that human characteristic of self confidence and replacing it with confidence only in our Older Members. This is almost impossible for most to accept if they aren't given the help to see it and if someone wants that help to see it all they have to do is ask the Next Level for that help, so it's not really an elitist club except to someone who doesn't want to belong and then can easily even resent their own self-exclusion.

- We started a video production company where Lggody and Dncody and Jwnody and perhaps Cddody were primaries and went to UFO Conferences in Arkansas and California to film leading researchers like Linda Molten Howe, etc. We never did do anything with the footage.

- We began to study the UFO phenomena, primarily starting with the book, “UFO Crash at Aztec” about the 1948 crash near Aztec, New Mexico that had up to 18 bodies included that showed autopsy reports that revealed some

of the vehicles had no reproductive systems or human organ systems, some had atrophied reproductive systems.

- We had begun to consider castration resulting in Hvbody's leaving the classroom.

- We started the mucousless diet system tailored after the work of Dr. John Christopher. It was basically what today would be called a vegan diet.

- We published and were distributing what was named, "The Transfiguration Diet" book Do, Lvbody and Jnnody primarily wrote. It was listed as written by "Littlegreen Inc. Think Tank" and Dncody (who eventually left the class well before I did and whose vehicle has since died) did cartoon like illustrations where a figure named Dr. Littlegreen, who looked like a member of the Next Level taught the books content.

By 1988 we moved to a ranch house in the country north of Dallas, Texas where Do wrote "88 Update - The UFO Two and Crew" to set the record straight on the truth on all he and Ti experienced from meeting and waking up to date. We bought a little binding machine and made copies and sent them to people like Walt Andrews the founder of MUFON and Whitley Strieber and a list of other organizations and individuals who might be receptive, though none were.

By the start of 1989 we moved to the desert north of Albuquerque and Do and helpers rented a house in nearby Sante Fe. I got a job as a programmer in Albuquerque and continued to express to Do in notes that if he got instruction to allow some to proceed with castration I wanted to have the procedure done. One day while I was at my out-of-craft task, I had this thought that Srrody was going to be permitted to be castrated. Srrody was known as quite the zealot. Some classmates even criticized him for his eagerness to please Ti and Do. His vehicle was Irish and a red head and he was quick as a fox in everything he did. I was often his partner and put him through a lot of tests because I was anything but quick as a fox. I can't say I was critical of him but I knew he was hard to keep up with though it wasn't the program to keep up with fellow students, though of course if a student showed strong Next Level characteristics like being "johnny on the spot" as Srrody always was, even running to perform service to Ti and Do in the campground classroom times which Ti and Do appreciated, while also knowing Srrody's quickness needed

restraint as he would sometimes finish Ti and Do's sentences - jumping ahead and making assumptions, though he didn't necessarily trust those assumptions.

But when I had this thought that was sort of competitive with Srrody, I decided I would show Do how badly I wanted to be castrated, so I called the craft and asked to talk to Do who at that time lived in the same craft with half the group. This was very unusual to do. We didn't really have the option to just barge in on Do. We had lessons that if they were walking around the craft, we wouldn't stop them to ask them a question, though at the same time Ti and Do weren't authoritarian at all. If someone did interrupt them, they would pay attention to what the student had on their mind rather than tell them they were breaking instruction. They always had a positivity. Even if one asked them a question during a meeting that was inappropriate in some way like lets say pointing the finger at someone else, they wouldn't correct that student on the spot. They would listen and try to respond to what the student was expressing. Later there might appear a procedure in the book that might show how the student could have expressed themselves more like a member of the Next Level would.

So the craft called me back and Do got on the phone with me and asked what was up. I told him I wanted to leave the classroom. He asked why. I said I didn't want to say. He asked what I was going to do, where I was going to and I said, "Mexico." Then he asked, "does this have anything to do with what we have been talking about" (as I had written many notes about) and I said, "yes, but I didn't want to say that as I wanted to make my own choice to find a way to proceed with getting castrated." He said that I should wait because he wanted to talk to me before I left. He sent a car to pick me up from my task location. I got to the craft and went to his quarters and he told me that just this morning two students also told him they wanted to proceed with castration - Srrody and Prkody and he still didn't have instructions but wanted to take what we three were asking for to Ti (outside her vehicle) to see what Ti says in response.

There was no talk of it for as much as a year after that day. We even moved several times, back to California and did some fasting in the desert thinking it might be the way we exit our vehicles or get picked up. We had sold everything and outfitted ourselves with trailers and tents and were living in

the Arizona desert near Phoenix and then Yuma and then to Las Vegas and back to California where we leased warehouses that we drove the trailers into and lived in them inside the warehouse as if we were living outdoors. Do and helpers had a smaller warehouse in San Clemente while the rest of the class had a warehouse in Laguna Hills.

It was about 1991 when one day Srrody and I who were partners then were called by Lvvody/Jnnody to come to Do's craft. By the way, Prkody had left the class by then. I don't really know why. We got to the warehouse and Do said if we still wanted to proceed with the operation we could as they had set up an office in the warehouse as a sterile room and everything needed. I was genuinely ready to proceed as was Srrody. Mind you Srrody and I never talked about this as it wasn't the way to have that kind of relationship with fellow students. Our relationship was always to be business only though of course if a partner wanted to talk to their partner about something looking for help they certainly could. There just was nothing to talk about on this subject as we didn't just shoot the breeze with one another. There was no chit chat and certainly no gossip about others.

Lvvody was to perform the operation and Jnnody was her assistant. At one point Do asked me if I had any reservations of going ahead with it, to which I replied...“my vehicle isn't looking forward to it but I'm overriding my vehicle.” He didn't respond but seemed to relate to that response. I think he was staying sensitive to any indication from Ti to halt the operation. At one point well before this time, Do was hesitant to allow students to go through with the operation because he didn't want to reduce the growth a student needed that comes from keeping the sensuality “booger” (adversary we were each assigned - as our “satan” - one of the fallen angels) at bay.

So Do asked us who was going to go first. It didn't matter to me. I knew Srrody wanted to go first, so as was our way when a decision needed to be made and it didn't matter one way or the other, Jnnody pulled out a coin and said flip on it, which we did and Srrody won the toss so he got to decide who went first and he decided to go first.

Lvvody and Jnnody made a sign they put up on the door to the surgical room that said “Mexico” on it. They did this so if there was any problem we could honestly say we went to Mexico to have the procedure done. Do and Lvody and Jnnody had done quite a bit of research of this procedure and tried to line

up a doctor to do it but no doctors would do it unless it was called for because of disease. Do said that it was seen as more taboo than having a sex change operation or vasectomy. Anything to eliminate sexuality was a sign of psychological disturbance. Do was also concerned that he could be targeted and even prosecuted, say if a student was castrated under his watch, so to speak and they left the class and then claimed they were forced into it - it could be grounds to arrest Do and that would disrupt the classroom to deal with.

So with Do and I standing around the operating table on one side and Lvbody and Innody on the other side and Srrody on the table, Lvbody shaved Srrody's sack area, gave him some local anesthetic by injections into and around the sack and then made an incision and I got weak in the knees and almost passed out and Do helped stabilize me but I recovered and Do then said, "Well if this doesn't bond us, nothing will." Once the sack was cut open Lvbody had a tool that cauterized the little blood vessels so there wasn't much blood. She made a couple snips and took the two testicles out and then sewed up the sack leaving a little breather tube sticking out.

It wasn't long as he was recovering that the sack got much bigger and Srrody was in pain so Lvbody tried to see why the breather tube didn't seem to be working. Srrody's sack was as big as a baseball. Do was distraught and told us to take him to the police because he had allowed this to happen. Innody and Lvbody and I knew that wasn't going to happen and we said we'd take Srrody to a hospital. Do asked that we contact Lggody and Jwnody to help us decide what to do and he went to his quarters.

Lggody and Jwnody arrived and we briefed them and decided to try to contact a priest to ask advise, thinking perhaps they had some experience with castration. I spoke to a priest and he had nothing to offer us. I was intentionally vague not trusting he wouldn't call the police. We went to a motel near Escondido to make the phone call so it couldn't be traced to where Do was.

We took Srrody to a hospital and I went in with him while Lvvody and Jnnody stayed in the car. I told the people at the hospital that this patient was a friend of mine who told me he went to Mexico to have an operation because he was a monk that didn't want to have to deal with sexual impulses anymore. So he was admitted and went into the emergency room and I reported to Lvvody and Jnnody in the parking lot. The operation to fix Srrody was quick and easy for them to handle but he needed to spend the night so I went back to the motel and came back the next day and Srrody was happy as could be and the nurses loved him and Lvvody and Jnnody came into the hospital to see him and we all left together and returned to Do's quarters. Do told us we couldn't go through with Swyody's operation until he had a chance to examine what happened with Ti. Do instructed us to not say anything to the rest of the classroom though in the next few weeks some knew something was different about Srrody. He was unusually giddy. He healed fine and I was disappointed that I didn't have the procedure.

However, looking back, considering that a big part of my fall involved my giving into sexuality with myself - masturbation, it seemed to me that Ti had a hand in keeping me from being castrated as I had not yet grown to have enough control over my vehicle. As it turned out, we moved to Arizona and we were considering going public again in a way more related to the biblical terms of talking about Ti and Do. Do had said we could try to talk directly to Ti who was outside her vehicle and let him know if we feel she responded. So I tried and felt a response and told Do about it and he said, "sounds like something Ti might say." Then one day, I took a break from my programming job and took a walk and I screamed to Ti that I wanted a harder task - a task like Do has. I was insistent on faster growth and looking back can see that I had become arrogant in my "overseer" status in the classroom, though I had just recovered from a lesson step where Do told me I was competing with him because of the way I tried to offer suggestions on how to handle certain directions we were headed in when he gathered the overseers together to brainstorm. There was a way to brainstorm that would demonstrate whose mind we sought to look to and I was looking to my mind as if I was Do's equal. This is hard to see for what it is. I was in the classroom to overcome my human condition and had seemed to be successful at it to a point that I became over confident in my own capacity to be like a partner for Do. In other words, often what Do did put some students to the test. After all

I had not yet graduated so constant testing was in store.

So Ti let me have what I wanted. I wanted a task more like Do had, so she sent me a discarnate influence that was the kind of booger Do had to learn to keep at bay and all of a sudden while in my office programming I felt like I was plugged into a socket. So I'd get up and take another walk and wham I had sexual images flooding into my head that came with the fire of desire in a way I had never experienced before. I hadn't seen any images or video's - there was no internet at that time nor did I have access to computer "bulletin boards" and yet in my imagination I was out of control and didn't even have the desire to stop it or put into motion what I knew were techniques to thwart this attack. I didn't even touch myself and I had an orgasm and then another minutes later and it wasn't going away. I was plagued in a way I had never experienced. This continued every day at the office for the next few days and I hid it even though hiding it was another breakage of procedure. If we slipped in any way, we would expose the slippage to our partner before the end of the day. In this case sensuality was not something to expose to one's partner as even sharing it can then expose the partner to the sensual vibration so in this case I should have sent off a note to Do telling him how I slipped. But I didn't do that so now I was also deceitful.

After a few more days of this, Do saw something was on my mind. It was clear something was wrong so he asked me what was going on and I spilled it out and he asked me what I wanted to do and I said I have to call a "help wanted meeting" to expose my slippage to the classroom and ask for help. We had the meeting and yet nothing changed for me. I didn't even have the desire to change. It was like I was now a different person. Even though Do had written in the Major Offense list that deceit and giving into sensuality were each grounds to be dismissed from the classroom, since my actions only involved myself so didn't threaten anyone else's continuance in the classroom and felt like I still had a lot to offer the Next Level he wasn't going to require that I leave. He said to my classmates that sometimes the hardest lesson is to recover from failure.

I wasn't rising above this challenge and continued to hide my infractions even after the 1994 nine months of meetings around the country where I was the primary speaker to the press and at meetings the group I was an overseer of put on. When we were in Massachusetts I slipped again in a motel we were

staying in where I turned on MTV and saw some women dancing and I was so immediately inflamed and out of control that I had to confess it to my partner Evnody who was shocked.

I called Do and told him I thought I needed to leave the class. I figured I was close to where my vehicle's family was so I could just go there. Do asked me to wait until we all returned to California. He took me off overseer task. Once back in California at one point Do asked me to resume an overseer task with Mllody. I told him I couldn't take the task, the first time I declined to look to Do and he asked then what I wanted to do. I said, "I guess I have to leave" and he said, "you want to get more objective." He then put Nrrody on the phone and told her to tell the others not to try to talk me out of leaving because he knew what he was doing.

The next day I was taken to the airport to go where I wanted to go and was given \$600.00. Do had asked me where I wanted to go and I said I wanted to take a bicycle and just ride it east from southern California. (Again it shows how I had become under the control of my booger (Luciferian discarnate Ti and Do said each of us had assigned to us, to help us build our strength), still vibrating on some spiritual idea of martyrdom. He suggested I go stay with Mrcody and Srfody who had been out of the class since 1987 but who Do and his helpers had kept contact with, who were in the Phoenix area at the time so that's where I went and quickly got a job as a cook and about two weeks later moved out of Mrcody and Srfody's quarters and rented a room and rode a bicycle for a 10 mile round trip to work and back every day.

I left the class in September of 1994 almost 19 years to the day of when I joined. I later learned that it was about a year later that Do decided to allow students to seek out castration but he required them to get it done by a professional, which was at that time more available. They had to move out of the classroom temporarily and at least one (Alxody) moved near to a Colorado doctor where they had to get a job to pay for the procedure themselves so it was clearly of their own free will to do, not being under the daily influence of the classroom and not funded by the classroom. Of course those who insist they were under the spell will always exist regardless of the truth. It's the only way some can explain intelligent people choosing such an option. Do ended up doing the same thing, following his own guidelines by taking a residence somewhere in Arizona or New Mexico by himself and as I

understand it got a job as a janitor for a short time to have the procedure done on his vehicle. I understand that in total eight individuals had their testicles removed of the 19 male vehicles who were among the 39 who laid down their human vehicles to death in 1997. Five of them were named, Srrrody, Alxody, Vrnody, Trsody and Do.

Incidentally, I am aware that various Christian writers refer to Lev 22:24 saying it prohibits castrating men or animals. Yet when one researches the verse it says nothing of the sort about men and even if it did says nothing about men castrating themselves, only about a man castrating another man which is consistent with Next Level ways for each of us not to interfere with another's choices. The only references I found where there was a prohibition of men who have “injured stones” from serving in the priestly duties also prohibiting men with other ailments, sores or blemishes from priestly duties.

Verse Lev 22:24, at most indicates certain damaged animals shall not be acceptable for an offering to the Lord. I can't speak to exactly why that was the procedure to follow but I can imagine it could have had something to do with people not giving their least desirable animals as an offering to the Lord. The Next Level was preparing that group for the eventual requirement of giving their all to the Lord. I don't know why those with priestly duties, the Leviticans had that qualification. It didn't have to make sense. They were also being groomed to get rid of “self” to give their will to the Lord, recognizing more reality of the Lord's existence and program and support of Moses, so no matter what they were given to do or not do, if they abide by those instructions they, their souls were bonding and if they were not they were rebelling so would not become “fruit” for the Next Level - a new member to their Next Level family.

What is most telling about the degree of misinformation we are now subject to is in how a number of writers are including in their blogs, books a quote like this; 'Leviticus 22:24 says “not to castrate the male of any species; neither a man, nor a domestic or wild beast, nor a fowl.” But when one actually searches over many Bible translations they get something more like this that says nothing about “man” and what body parts are damaged and assumes “cut” means castration. Perhaps this translation can be found somewhere but it's quite a stretch to use as an example of the outlaw of a human castrating themselves, the equivalent would be to pay a doctor to do

it:

Lev 22:24 Ye shall not offer unto the LORD that which is bruised, or crushed, or broken, or cut; neither shall ye make any offering thereof in your land.

So ends the Castration subject in the classroom but opens up a new application of the idea of “keeping oneself for one's Older Member comparing the student body to virgins - refraining from giving themselves physically and/or mentally to anyone other than to their Older Member. Virginity by the way has become another distorted term to mean never having had sexual intercourse when in reality it has to do with ceasing all sexuality. At one point, we started a project that included writing up a booklet that was entitled, “Recovering Virginity for Chrysalis Sake.” We actually then sent that statement to our vehicle's family, which was after we had those two visits and were calling them about once a year to let them know we were fine.

Related to the documentation of the subject of castration, it is so telling, how Jesus compares these coming to the supper with virgins in the parable of the 10 virgins where 5 had backup oil with them for their lamps that enabled them to SEE with while 5 did not and that the 5 who did not have the oil wanted some from the 5 who did have the oil but were told to go buy it for themselves. In other words they had to do the work for themselves of having the needed oil to watch for the return of the master. Ti and Do talked about how when we keep giving away our life-force (via sexuality, literal giving away our “force” we are reducing our ability to “see more” of what's real. They said that restraining our giving away of that force even adds to our “common sense” which is part of perceiving more and understanding more to be what is actually more real about our existence, etc.

Rev 14:4 These are they which were not defiled ((3435 moluno most likely from 3189= to pollute, stain, contaminate, kept themselves pure)) with women; for they are virgins. These are they which follow the Lamb whithersoever he goeth. These were redeemed from among men, being the firstfruits unto God and to the Lamb.

Some will say that meant they were “not soiled by fornication or adultery” which is true for the Jesus time, where fornication was any act in mind or

body that was giving into lust for another while married, and yet these are portrayed as getting married so having lust for anyone else would qualify as fornication illegal intercourse by the Lords rules and as Do said, “not becoming an adult” from a Next Level perspective that we are before that still children of God not adults of God.

Rev 19:9 And he saith unto me, Write, Blessed are they which are called unto the marriage supper of the Lamb. And he saith unto me, These are the true sayings of God.

Being called to the marriage supper is hearing about Ti and Do and the qualifications we must accept to attend the “marriage supper of the lamb” which is the marriage supper of our own sacrifice of our human life, by separating from it and then separating from our human vehicle however that takes place. All will separate in both ways but only a tiny few will separate voluntarily AND most all importantly FOR (working for (in service to) aka true worship of) the Kingdom of God/Heaven Next Level Older Members.

Rev 19:10 And I fell at his feet to worship him. And he said unto me, See thou do it not: I am thy fellowservant, and of thy brethren that have the testimony of Jesus: worship ((work for)) God: for the testimony of Jesus is the spirit of prophecy.

Then even using the same wording as in Rev 19:11 John is depicted here as one of those being called to the marriage supper of the Lamb, again not necessarily specifically the Soul who took the vehicle that became named John while Jesus' student, but whosoever is performing the task of speaking to others what was inspired by the Next Level, in this case from Ti and Do, that depending on how fast they wish to progress to their own graduation, can give their ALL to separating from the world and asking to be putty in Ti and Do's hands, in their service, seeking to adopt all their behavior and ways and revealing to others their teachings to “stand” for Them until they exit their vehicle, however that happens by their own hand or by another.

It seems to be that these who enter into degrees of this task MAY lose their vehicle by someone else's hand or by their own hand or by provoking the BEASTS (U.S. government) to assist in their exit, thus it's said in Rev 6:11 that their service (fellowservant) MAY, for each of to whom it applies get them separated from the human kingdom by dying (killed=apokteino) while

is also referred to as a “fellowservant, and of thy brethren.”

This then seems to indicate that the “marriage supper” is where one's physical body is given to the Lord and that our thirst for our Older Member's mind, behaviors and ways that is showed to us by his taking over of the flesh according to His Older Member (Father's) instructions (overcoming he world again) that in so doing is “consuming his flesh” so that we are eating (living by his Holy (pure) Mind/spirit that comes from/through his body to us by his show of love for his students via his demonstration of that love for his Older Member), and then “drink his blood” by performing the task he gives us that will result in our blood being shed because of the loss of the vehicle's life force by the hand of others as the first fruit experienced after they had shown their allegiance to the Father and Jesus and then for Ti and Do by their own hand.

Mat 19:28 And Jesus said unto them, Verily I say unto you, That ye which have followed me, in the regeneration when the Son of man shall sit in the throne of his glory, ye also shall sit upon twelve thrones, judging the twelve tribes of Israel.

If they are sitting on thrones that means they have conquered their humanness by giving their lives in service to include overcoming their humanness, set into the future upon his return when he will sit on his throne, that he was birthed to by the woman in Rev 12, his Heavenly Father. Older Members are the only ones who can birth someone to the throne, where birth is the “spirit birth” Jesus said he was going to complete with them during his return in this new age. (Do called birth to the throne, qualifying to be on “Ti's Crew.”

Since most likely they can't conquer without their Older Member's presence and that presence must be incarnate as he was not a spirit that was returning, that is not in spiritual form as that was at least part of the point of exiting with his physical body, to show that he took his human body to change it into a Next Level body, proving to those disciples with new proves that he had new facilities - appearing and disappearing, hovering over the sea and many things they were apparently not given to write down as John said in his gospel there were too many things to write down.

The primary place we see in the Book of Revelations where there is an equivalency of the incarnate return of Representatives from the Kingdom of

God in such a way that included talking to their students is in chapter 11 where Two Witnesses, who are described as Christs, prophesy, which is defined as being “inspired by God to speak to others” - being a witness, giving testimony and is even considered to be a type of martyrdom in the way what they say will not be met with approval from anyone except to whom it is given, the same as was the case for Jesus. It also seems evident that these TWO are said to be “witnesses” incarnate TO TESTIFY as that was the law given by Jehovah through Moses that Jesus also made reference to, IN ORDER TO BRING A JUDGMENT AGAINST SOMEONE - IT HAD TO BE TWO OR THREE WITNESSES TO THE OFFENSE, IN THIS CASE THE OFFENSE BEING OVERALL, IDOL WORSHIP OF FALSE GODS, according to Jesus, for instance making “wealth” one's master in all it's human forms as opposed to showing the Creators of the universe and all it's life forms our allegiance by recognizing the same mind in Ti and Do as has been brought all along as recorded in the Judaic/Christian/Islamic records and seeking to enact their will for us - standing up for Ti and Do and maintaining that stand until we exit our human vehicle regardless of how that occurs.

Then it is quite clear that the Judgment Time is most applicable to the time AFTER these Two Witnesses have fulfilled their prophecy task that includes “spirit birthing” their FIRST fruit, the 4 Living Beings, 20 and 4 Elders have ascended back into their Next Level abodes/dwellings on spacecrafts. This graduation seems to be depicted by reference to that ascension, said as they “fell on their own faces” in Rev 11:16 and is also after the first “fall” of the new city Babylon, financial capital of the world in NYC, marked by the World Trade Center and Pentagon attacks of 9/11/2001 where Rev 11:18 then says it's the “time of the dead that they should be judged” and rewards are given to the “servant prophets” (those who speak what they are inspired by the Two witnesses, Ti and Do to speak).

In reference to this time, the “saints” are all these who give their lives believing in everything Ti and Do said and did, that they represent the Kingdom of Living Beings who created everything and all the life forms and they take a stand for Ti and Do and maintain that stand regardless of the consequences. Some will choose to go further to separate from their humanness by ceasing giving themselves in service to humanity and it's mammalian procreation and sexuality and government loyalties.

Those who never hear about Ti and Do are judged by a different criteria as Do indicated in the “third type” who would escape the recycling. All of these will show their allegiance to the Next Level, in big and small ways when they abide by the behavior and ways Jesus taught and don't give their allegiance to the BEASTS (U.S. and E.U.) and don't receive the mark on their head and/or hand or receive the number of the beast or work for the Beast's “image” - various spiritual and/or religious illusions of godliness as provided by the many “false Prophets” and “false Christs (Christians),” that even might take the shape of holographic images like Fatima that impart information (speak).

Now since the Older Members, Ti and Do are no longer incarnate, there is no one saying “follow me” to leave all behind for, though some can still feel that way and can leave all behind to become a transient active student for Ti and Do and they reap their reward according to what they give in that service to Them. But if someone doesn't feel ready to leave all behind they can still begin their bonding to Ti and Do by simply talking to them and expressing they want their help to grow into more service. But they should realize that the object is to separate from all things human as one is starting a new family bond, not remaining bonded to fellow human vehicles or even kindred spirits/souls because our bond needs to be to our Older Members alone, though our fellow students then become our “classmates” and fellow crew-members and fellow-servants to the Next Level which is like having brothers and sisters.

There is time no longer to settle in to start church groups to study all Ti and Do taught. Yes, it can be helpful in our service to learn all was can about what Ti and Do and Crew said so we can be of service by telling others what they said, but it's not meant to become a new religion that carries on for millennium. We seem to be in the “final hour” at this time and it seems only half of that hour (20 years from 2013) will pass before it's “done” and calamities are such that there will be no more infrastructure or governments the world over as shown in the 7<sup>th</sup> Angels pouring out of vials and in the 6<sup>th</sup> seals opening that shows the 7<sup>th</sup> seal as a “half hour” rest period when it seems is meant as when the Next Level is no longer providing their information.

Rev 11:17 Saying, We give thee thanks, O LORD God Almighty, which art, and wast, and art to come; because thou hast taken to thee thy great power,

and hast reigned.

Rev 11:18 And the nations were angry, and thy wrath is come, and the time of the dead, that they should be judged, and that thou shouldest give reward unto thy servants the prophets, and to the saints, and them that fear thy name, small and great; and shouldest destroy them which destroy the earth.

Therefore, it's the 24 elders that are returning to exercise this primary Judgment Time with the one who served as the Lamb, their Older Member who was last incarnate in the name Do, but who has another name in his Next Level position, who seems to return with his Next Level vehicle, perhaps the same one he converted into a Next Level vehicle while performing the task in the name of Jesus. I suggest his use of that vehicle that was named "Jesus" and converted into a Next Level vehicle, mostly because of the indication in Rev 19 that his "vesture (clothing, the vehicle he wraps around his Soul body) had been "dipped in blood" also said as "baptized in blood." This is also potentially indicated:

Rev 14:14 And I looked, and behold a white ((+ light)) cloud, and upon ((1909 epi= + have charge of, among, with, in)) (the) cloud one sat ((task assignment/position)) like ((3664 homoios= from homou 3674= similar (in appearance or character), like, + manner)) unto the Son of man, having on his head a golden crown, and in his hand a sharp sickle.

I would say the cloudy White Light would be the appearance of his spacecraft.

Saying here that the one who has "sat like the son of man," "like" has to do with His, "appearance" and "character (manner)," that later Ti and Do might have spoken of as their occupying alike physical Next Level vehicles (that human vehicles were tailored to appear like, as said in Genesis), and would have like "behavior and ways."

Note he is depicted as "like the Son of Man":

Rev 1:13 And in the midst of the seven candlesticks ((groups of believers - souls in stages of taking over human vehicles to learn their lessons through overcoming their human ways and replacing them with taught and exampled Next Level ways that are summed up as the "churches," but not to be confused with today's Christian churches that may or may not have potential

students within their ranks)) one like unto the Son of man, clothed with a garment down to the foot, and girt about the paps with a golden girdle.

Jesus referred to himself as the “son of man” to his disciples and also said that's who would be returning for the Judgment Time:

Mat 13:41 The Son of man shall send forth his angels, and they shall gather out of his kingdom all things that offend, and them which do iniquity;

Although this can apply to many “signs” of the Son of Man's coming, it shows most relevance to this time:

Luk 17:24 For as the lightning, that lighteneth out of the one part under heaven, shineth unto the other part under heaven; so shall also the Son of man be in his day.

Luk 21:27 And then shall they see the Son of man coming in a cloud with power and great glory.

So saying this one is “like the son of man” can be saying this one depicted here is not the same physical vehicle that was named Jesus but he has a physical vehicle that is “like” that vehicle named Jesus.

All this points to the return of Do, but using the vehicle he “changed over” (glorified), Ti and Do felt was completed at the time of the Transfiguration which is when he was also given instructions to exit and he knew he had “overcome the world” and began to show his disciples what was about to take place and how they would have to also drink his “cup of bloodshed” if they chose to continue in his footsteps to be ready to be “spirit birthed” upon his return.

So when prophecy says he will return in his “glory” or in the “glory of his Father” it is saying in his “changed over” Next Level body he converted from the human body he incarnated into - took over - the process of overcoming that human vehicles human mammalian characteristics, behaviors and ways. Jesus' physical vehicle was specially prepared for what he needed to demonstrate about that changed over body. Ti and Do weren't here to repeat that part of the plan exactly as Jesus was given to demonstrate as it's according to what their students need and the students that were with Jesus already had witnessed that overcoming process and it's results. It was in their Soul memory so when they took over the human vehicles prepared for them

to take over, as they followed with Ti and Do and gave themselves to Them 100%, which took years for all to do, as some really weren't ready for that kind of commitment so had to be filtered out of the group, though they could have still rose to the occasion then or later (as some of those did).

Note here “clouds of heaven” which would be the same as saying a “heavenly covering (cloud)” - “cloud of light” as that precedent was begun back in the Moses encampment when Jehovah would come and go via a cloud and a cloud of light would lead them all through the desert at night and during the day. The spacecrafts we see that space aliens have are primitive compared to Next Level craft, but they may be able to generate cloud cover or become invisible to humans. Also, Ancient of Days refers to the Father who can be translated equally to say He “comes present,” “comes near” another indicator the Father comes incarnate during this overall End Time.

Daniel 7:13 I saw in the night visions, and, behold, one like the Son of man came with the clouds of heaven, and came to the Ancient of days, and they brought him near ((come)) before ((present)) him.

Daniel, Ezekiel and Adam were all referred to as “son of man” by the Next Level Older Members and Crew working with them. This title was not the same as a human being. This is a special designation and I believe Do once said that Ti was a “man” and thus Adam having come from “God's” (Elohim, Jehovah, Father, Ti's) birthing Him into membership in the Next Level made him “God's Son” or “Man's Son” - to His Older Member - the Younger Member of the Next Level He birthed into membership well before the current civilization.

I wondered if then the wording might follow suite with a human being considered a “hue of Man” or a “shade or shadow of Man” - made in “Man's” (Ti's) likeness in humanoid “appearance,” as the first experiment of the current civilization to set up the opportunity for Adam to be tested.

Failing that test left him and his Soul body in the earth vicinity until such time that he succeeded to recover, which occurred when He took over the human vehicle named Enoch - 7<sup>th</sup> generation from Adam - which then gave him enough experience overcoming humanness under the continued influence of the Luciferian fallen angel space aliens, Lucifer being his primary adversary seeking to win him over to his camp, to “change over” his

Enoch named vehicle back into a Next Level vehicle - a metamorphosis to a “glorified body” inside that human vehicle.

Having changed over his vehicle, he could return to his new Next Level station for his next task on his Older Member's crew that would then continue the experiment to birth others (souls who hadn't fallen but were like the Luciferians in having student model vehicles because of having succeeded in certain aspects of the classroom and thus needed equivalent tests.

So this same Older Member Soul came incarnate in the vehicle named Moses, then Elijah, possibly working with Daniel in the name of Michael the Archangel, then Jesus that was the start of his birth to the “throne” task that was completed after being incarnate with Ti on the task of the Two Witnesses to get Him started.

He would be “born” to his new position on the throne by being the “midwife” for those souls who were conquering their humanness through He and Ti's direction and example.

This awarding of “white robes” to those who had given their lives in service to the Next Level Older Members, Ti and Do, constitutes the FIRST Harvest that started with the graduation of Ti and Do's 38+4, depicted as the 4 Living Beings and 24 Elders to “adult membership” and the 14 to “student membership” summarized as the opening and conquering depicted in Rev 6:2, but that continues through the remaining seals. However it is not until the 4<sup>th</sup> through 6<sup>th</sup> seals that additional “active students” lose their human lives in service to Ti and Do by starting their metamorphosis - seeking to adopt Ti and Do's instructed behaviors and ways and giving their lives STANDING for Them.

**IV.F. There seems to be quite the consistency in the way prophecy was laid out with Ti and Do's Kingdom's:

1) preparation to include preliminary events 2) arrival to include dissemination of Their truth and 3) conclusion as a final judgment and either salvation or recycled souls and Spirit/Minds, relative to each of the 5<sup>th</sup>, 6<sup>th</sup> and 7<sup>th</sup> periods of time and prophesied events described in each of the Three Sevens that are all “affirmation of allegiance to Next Level covenants (commitments to their behaviors, ways and serviceability) during 1) The Seven Angels Sounding Trumpets that sets the stage for the crew of returning Souls arrival, awakening, public disclosures (prophecy) and overcoming requirements for FIRST fruit harvest (graduation from the human evolutionary kingdom and 2) The Opening of the Seven Seals on the revealing of the remaining mystery pertaining to the BACKSIDE of the BOOK prophecy fulfillments adds up to the Final Tribulation and Judgment Time that builds to 3) The Seven Angels Who Pour Out their Vials (calamities) that fulfill the final “wrath of God.”

For instance, the Next Level Crew show their arrival primarily during the time of the 1<sup>st</sup> to 5<sup>th</sup> Trumpet Soundings in the 1940's and 1950's via their self-sacrifice (cast down their crowns - (Rev 4:10)) of their Next Level physical vehicles (Mostly the Student Model vehicles) shown in some of the crashes of primitive spacecrafts (UFO's). Their arrival also provided the key to open the BOTTOMLESS PIT (literal underground hiding places) that lets the LUCIFERIAN (having become the offspring of the original fallen angels led by the one named Lucifer, who all once had some elementary service for the Next Level), SPACE ALIENS (because they once had some circulation in outer space regions but in becoming renegades were now alien (estranged DNA and subsequent programming) to the Next Level), provide their VENOMOUS INFLUENCE (because of the misinformation content of their minds and how they seek to capture humans to their thinking that is against

the Next Level's reality and thus DEADLY TO A SOUL).

The Luciferian Space Aliens are HUMAN EQUIVALENT (as the DNA of their physical vehicles didn't necessarily originate on earth and the exact “human” condition is unique to Earth), MAMMALS (as they all have physical bodies that are biologically from mammalian gene hybridization). But by their release from the “pit” as they began to influence humans who became aware of the crashes, their “venom” spread and infected humans that because the “secret government” spoken of as Mystery Babylon - shown with a “woman” (generator) as it's “queen” who “sits on” this BEAST that has taken over the “garden” so that all the kings of the earth are to degrees beholding and “in bed with” by their basking in the luxuries from it's rise to global leadership, which began the U.S. primary decent in 2000.

This is followed by the Older Members (and returning Student Crew) coming incarnate - “borrowing” and taking over prepared human vehicles for their task of the Two Witnesses (He and his Father) and Their giving their “testimony” publically (prophecy) as “smelling salts” to the prepared human vehicles the Student Crew of returning Soul needed to also incarnate into, spend the needed lesson time overcoming their remaining humanness until it was exit time, which again entailed sacrificing their borrowed human vehicles - all during the time of the 6<sup>th</sup> Angel's Trumpet Sounding.

Thereafter the remaining Souls who returned with them having just started their overcoming during and since the time Jesus was incarnate would have their opportunity during the time of the 7<sup>th</sup> Angels Trumpet Sounding. The lesson plan for these is slightly different as they are comprised of those who were not strong enough to graduate with the FIRST FRUIT classroom and/or had not yet earned a Student Model Next Level vehicle to make their application to be rewarded with one, called a “crown” by believing in everything Ti and Do said and that they were from the Creators Kingdom who created everything and all the life forms and then would “stand for Ti and Do” and maintain that stand, accepting the consequences until they exit their human vehicle however that occurs, but according to prophecy could occur by being literally slain/killed because of their stand for Ti and Do, just like occurred for many who stood for Jesus, the real Jesus teachings following his exit from among them.

Overlapping these trumpet sounding times are the start of the 7 seal periods

starting with Do and the 38+4 Student graduate's exit of their human vehicles in 1997 and their Soul's ascension into whatever spacecraft was hidden from human eyes (in the clouds, or cloudiness) that showed they conquered their human vehicles natural and necessary fear of dying. Dying should not be easy to accept unless one is sure they are acting on behalf of the Next Level and then letting their Older Member help us approve of how and when. We seek that approval the same way we would seek approval for everything we do, up until that point, but by taking His lead in that regard and “screaming” for help to know and have the courage to proceed in whatever way, as He is not going to lead us in any one direction when he is not physically incarnate, as it's too easy for discarnates - and/or Luciferian space aliens to influence us then. This will only be understood by those who have some of His Mind and consciousness of His reality with us.

It is by the time of the 5<sup>th</sup> seal time period that the remaining Souls have taken over their human vehicles enough to be willing to give their lives in service to Ti and Do's remaining task completion requirement instructions to begin or continue one's metamorphosis that overall includes “standing for them” that is part of starting that metamorphosis because of how telling others about Ti and Do in a positive light further separates them from their humanness because Ti and Do's thinking isn't really on the human radar to decipher into common sense. That thinking needs to be drawn into our consciousness by seeking to know all they left behind for us to take in and digest. Giving one's life isn't necessarily the completion of their Overcoming of all their Humanness but could qualify them to be awarded with a student model Next Level vehicle for their self sacrifice, however that takes place by another's hand or by their own.

To choose to exit one's vehicle by one's own hand, thinking it's the ultimate thing to do - to escape taking advantage of the difficult lessons we can have while in the human kingdom, would be the wrong motivation. We need our human physical vehicles to learn lessons by. Short cutting will mean having to face those same lessons again and if we exited before knowing it was the right thing to do, those lessons could be harder to learn the next go round as one will have that program of escape from those lessons to try to override again.

It is during this 6<sup>th</sup> seal time period shown in Rev 6:15-17 that those

remaining who have given themselves to their human kingdoms leaders - the Luciferian space aliens (whether they know it or not) seek to hide underground from the “face of him that sits on the throne” - the only FACE (presence, identity) some may actually think of as being Do's human vehicle's face/identity, as he is now the One sitting on the throne, having completed his task of spirit-birthing Their FIRST FRUIT student body. His final return is not incarnate but is to “save” the remaining Souls, though some of those will also be awarded Student Model Next Level vehicles to wear, while some of those that were the FIRST FRUIT graduates would have earned an Adult Next Level vehicle and return as part of his Armada to enact the Final Judgment and the Seven Angels pouring out of their vials which is the remaining “wrath of God.”

This matches up with the end of the 6<sup>th</sup> Angels Pouring Out of Their Vial, when They (Do and Crew) gather together the “.kings of the earth and of the whole world, to the final battle of that great day of God Almighty...called in the Hebrew tongue Armageddon shown in Rev 16:14-16. The Sixth Part of each of these three multiples of “SEVEN” periods represent the primary arrivals while the Seventh of each the conclusion with the others the events leading up and setting up each of the arrivals.

The opening of this Sixth Seal as with all Next Level prophecy continues the process that is referred to as the “great tribulation” that is concluded with all those who have shown their allegiance to Ti and Do being “sealed” and some of that takes place before, during and after the tribulation events as it's all part of the Judgment Hour (40 years) that has come after the primary return Hour differentiated as the FIRST and LAST harvest periods.

## OPPORTUNITIES FOR THE REMAINING EARTH'S OCCUPANTS TO CHANGE THEIR MIND TO SHOW ALLEGIANCE TO THE NEXT LEVEL ABOVE HUMAN

-Rev 6:12 And I beheld when he had opened the sixth seal, and, lo, there was a great ((big, large)) earthquake ((seismos= shaking, a commotion, tempest)); and the sun became ((cause to be generated, arise, be brought to pass, be showed, be turned)) black as sackcloth ((8242 saq from shaq 8264= a course mesh (that allows liquid to run through))) of hair, and the moon became ((cause to be generated, arise, be brought to pass, be showed, be turned)) as blood;

Rev 6:13 And the stars of heaven fell unto the earth, even as a fig tree casteth her untimely figs, when she is shaken of a mighty wind.

All of these points are addressed by Jesus that he seemingly was referencing to the prophet Joel. (This is some of the reason for the prophets so that new incarnate representatives and especially the Older Members can have clues to refer to the future). Jesus doesn't mention the earthquake in this verse but said before this "there would be earthquakes in diverse places".

Mat 24:29 Immediately ((straightway, immediately, forthwith, directly, soon)) after ((amid, accompaniment, with, behind)) the tribulation ((2347 thlipsis= pressing (together), pressure, [Rev 14/19 winepress harvest time] oppression, affliction, distress, straits)) of those days shall the sun be darkened ((obscured, shaded)), and the moon shall not give her light, and the stars shall fall from ((apo= separate, off, away from)) heaven, and the powers ((dunamis= strength, ability)) of the heavens ((sky)) shall be shaken ((saleuo= shake down, agitation, shaking)):

### - GREAT EARTHQUAKE (SHAKING, COMMOTION, TEMPEST)

Joe 2:10 The earth shall quake before them; the heavens shall tremble: the sun and the moon shall be dark ((6937 qadar= to be ashy, dark colored; be black(ish), be (make) dark(en), X heavily, (cause to) mourn)), and the stars shall withdraw ((622 'acaph= to gather for any purpose; hence to receive, take away, assemble, bring, consume, destroy, fetch, gather, X utterly)) their shining ((5051/5050 (literal or as a figure)= brilliancy, bright(-ness), light, clear(shining), dawn, morning, glitter, cause to illuminate, en-(lighten), (cause to) shine))

- THE SUN GENERATES “BLACK” COMPARED TO “SACKCLOTH HAIR” - Seemingly in relationship to this time in particular, in Mat 24:29 Jesus says that the sun will be darkened, which with it's added translation options refers to it's light being obscured or shaded compared to a “course mesh” (sackcloth hair) so perhaps is not totally blackened. It could be that the sun is filled with sunspots that could look like a hairy course mesh of a fabric. Sackcloth

Using sackcloth in the symbolism would seem to match the times. It's usage is found throughout the Old Testament and mentioned by Jesus in reference to repentance (a person literally changing their mind about something). Sackcloth was the most austere clothing because they were bags often made from goats hair used to ship grains in, so the poor could find useful for clothing. The usage of “hair” in particular lends itself to a description of a fabric which then can relate to:

Isa 50:3 I clothe the heavens with blackness, and I make sackcloth their covering.

Isa 13:10 For the stars of heaven and the constellations thereof shall not give their light: the sun shall be darkened in his going forth, and the moon shall not cause her light to shine.

These next verses from Ezekiel indicate the Next Level installs a type of CLOUD COVER to block out all the light from the heavens. One way that is imaginable is also related to smoke, as from volcano's and in times past dust, as in the late 1930's dust-bowl, which seemed to be the first manifestation of this calamity/plague, shown in Rev 8:12'a fourth angels trumpet sounding. The 7 Angel's trumpet Sounding events were heralding, with examples the start of the events of the Day of Wrath - 7 Vials.

Humans have figured out some of what to expect from a large object hitting the sea. A fiery object would cause such an immediate evaporation cloud like many atomic bombs, depending on it's size would become extensive cloud cover. Another way the Next Level might have available in their tool box to “cover the heaven” would be by installing an object in between the sun and the earth actually thereby regulating how much light, if any, hits the planet. There is already talk about this being Nirabu, some call the Twelfth Planet, based on a popular sci-fi writers book. This is not the only place this idea has been expressed though what's most important about such an idea is not

whether or not it could occur, but by whom and why and how it fits into these prophecies:

Eze 32:7 And when I shall put thee out, I WILL COVER THE HEAVEN, AND MAKE THE STARS THEREOF DARK; I WILL COVER THE SUN WITH A CLOUD, and the moon shall not give her light.

Eze 32:8 All the bright lights of heaven will I make dark over thee, and set darkness upon thy land, saith the Lord GOD.

Joe 2:1 Blow ye the trumpet in Zion ((parched desert like area [as in U.S. southwest from Texas to California]), and sound an alarm in my holy mountain (([a continent is a mountain and where the Next Level comes incarnate makes it a holy mountain]]): let all the inhabitants of the land tremble: for the day of the LORD cometh, for it is nigh at hand;

Joe 2:2 A DAY OF DARKNESS AND OF GLOOMINESS, A DAY OF CLOUDS AND OF THICK DARKNESS, as the morning spread upon the mountains: a great people and a strong; there hath not been ever the like, neither shall be any more after it, even to the years of many generations.

- MOON BECOMES OR GENERATES BLOOD - Total Lunar Eclipses yield a red looking moon. The blood moon is also a sign of upcoming bloodshed and in general is causing the moons light not to shine which is also shown through many Old Testament prophecies for this time period - for example in Joel:

Joe 2:30 And I will shew wonders in the heavens and in the earth, blood, and fire, and pillars of smoke.

These SIGNS would be what has significantly increased since 1997 - IN THE HEAVENS; comets of all sorts of shapes, sizes, appearance and proximity to earth, Fireballs, Meteor strikes, IN THE EARTH with the space alien activity, governmental deceptions, profiteering in high finance among corporations, loss of human rights even in the once promising U.S. and Canada's last frontier, BLOOD; increased endless war, mass shootings and bombings and an overall increase of violence, anarchy, vigilantism, hatreds, bigotries, injustice, judgementalism - self righteousness - secular or religio-spiritual, man made diseases, bigger and more frequent earthquakes, tsunami's, hurricanes, and most of all, FIRES; drought stimulated forest fires, nuclear proliferation as in meltdowns polluting the land and oceans, and

PILLARS of SMOKE from volcanic eruptions.

Joe 2:31 The sun shall be turned into darkness, and the moon into blood, before the great and terrible day of the LORD come.

Joe 2:32 And it shall come to pass, that whosoever shall call on the name of the LORD shall be delivered: for in mount Zion and in Jerusalem shall be deliverance, as the LORD hath said, and in the remnant whom the LORD shall call.

Luk 21:25 And there shall be signs in the sun, and in the moon, and in the stars; and upon the earth distress of nations, with perplexity; the sea and the waves roaring;

I believe this is all mostly pertaining to the time starting with the new millennium with often record setting natural calamities and human events as well but in regards to “the sea and the waves roaring” from about the year 2004, about 7 years after Do and the 38+4 exited their human vehicles, in part evidenced by a number of events, perhaps the biggest being the Indian Ocean Sumatra and Indonesia 9.1 mag. earthquake that shook the planet about .4 inches (humans measured) and caused a tsunami on Dec 26, 2004 that killed over 230,000 people affecting 14 countries with 100 foot high waves that brought 6 foot waves to as far away as Chili and caused earthquakes in Alaska.

On March 11, 2011 or almost exactly 14 years after Ti and Do's classroom exited was another equally large earthquake having a 9.0 magnitude near Tohoku Japan that caused the earth to shift on it's axis by 4-10 inches and generated sound waves and a tsunami with 128 foot waves in one area that all told killed about 16,000 people and resulted in 3 Nuclear Reactor meltdowns at Fukashima (because of the backup generators getting flooded) that is a disaster in progress being that tons of radioactive waste water are pouring into the Pacific ocean every day and has caused “dead zones” and increased radiation levels detected on the coast of the U.S. state of Washington since.

Sticking to those events that caused great calamity among the people of the U.S., however tame compared to these others, began moreorless with hurricanes, most pronounced in 2005, as the most active season in the U.S. up until that time, with a record 28 tropical and subtropical storms formed, 15 of which became hurricane's and four reached category 5 strength.

The blood moon or moons sited here would seem to be a sign of death from war and famine which the Jews have a longstanding interpretation of, the location of the war and famine, they say depends on where the blood moons occur. This may have it's accuracy as where signs from the heavens are most apparent would make sense to have the added part of the “sign” as referring to specific areas the Next Level intends to bring events to. There may be a particular significance to the tetrad of blood moons which are four consecutive total lunar eclipses over two years as occurred last in: April and October of 2014 and April and September of 2015 seeming to herald the 6<sup>th</sup> year in the decade that starts the opening of the 4<sup>th</sup> seal, a time of significantly increased separation and sorting.

This sorting is based on their choices in thoughts (their relationship if any with the Next Level Above Human) and their behavior - how they treat others and what they stand for with their actions in word and deed, thus to whom they serve, between the various governmental related BEAST and and what they do, said as acceptance of various forms of “marking” - sealing their fate by their own choices.

The next tetrad occurs in: 2032 Apr 25, 2032 Oct 18, 2033 Apr 14 and 2033 Oct 08 which may be about the time of these 6<sup>th</sup> Seal's calamities and the end of the Next Level's continuing provision of opportunities for humans to choose to come to them. Some may still change but by the time of the 7<sup>th</sup> seal's opening the Next Level is “done” providing new opportunities to wake up to seeing their reality and deciding to whom to show their allegiance.

- STARS OF HEAVEN FELL TO THE EARTH - This does seem to be meant as plural “stars” because the example is given to a fig tree casting her untimely figs by a mighty wind shaking the tree.

Mat 24:29 Immediately after the tribulation of those days shall the sun be darkened, and the moon shall not give her light, and the stars shall fall from heaven, and the powers of the heavens shall be shaken:

“Stars” is from the Greek “aster” which refers to a LIGHTED OBJECT STREWN ACROSS THE HEAVENS (like a comet in the near to distant heavens or the new term “Fireball” in the very close atmosphere, or a meteor displays) but simultaneously to the individuals who had become “stars” in the sense of having risen above the human kingdom, to some degree at some

time.

“Heaven” can be all places elevated beyond the firmament earth - the literal ground.

These “stars,” referring to individuals using such objects as transportation at this point in time “after and/or during” the “tribulation” period would not be Members of the Next Level for several reasons. Firstly that is because of the timing as all the Older and Younger and Student Members of the Next Level who have physical Next Level bodies or student Souls already came to earth, as shown in the first 5 Angels Sounding Trumpets up until the 1950's, seen in history as some of the UFO crashes in the U.S. southwest which was some 50 years before the “tribulation” period was to begin and because this same idea in Rev 6:13 compare this “cast out” to “untimely figs” - figs that were not ripe but were “shook” off their “fig tree” by a “mighty wind,” thus from a violent force from “heaven” that causes them to break off the “tree” they were on.

This is what happens to the Dragon and his angels again but this time during this end time as yet another provision of choice from the Next Level to the Luciferian space aliens to choose to whom to give/show their allegiance. Their allegiance to themselves may already be set in stone for some or even all, but like Ti and Do said, Lucifer and his associates were given many chances to change and that eventually got to a point of no return for them, though the Next Level until it's over doesn't assume they are at that point of no return, but their tests get harder and harder:

Rev 12:9 And the great dragon was cast out, that old serpent, called the Devil, and Satan, which deceiveth the whole world: he was cast out into the earth, and his angels were cast out with him.

This verse refers to the time period AFTER the FIRST “battle in/for heaven (Above Human Kingdom in the literal heavens), fought in the Earth's atmospheric sky/elevated area” where the Dragon (Lucifer) and his angels (seven seized (heads) with ten horns (hairs grown out from the seized heads) and seven who are “above, after, among, have charge of” those seized (heads) which equals 24 that could be the number of fallen angels who Ti and Do said would be replaced by the some of their students (that may be why there are “24 elders,” because that's how many “seats/positions” needed to be

filled) DID NOT PREVAIL/OVERCOME THE ARCHANGEL MICHAEL AND HIS ANGELS in Rev 12:7-8. As Michael was the name given to the prophet Daniel and was stated as an archangel, a “captain of angels” this wording shows the history leading up to the current battle after the tribulation period is underway that on the ground was made manifest by Do (whose Mind/Soul had been incarnate in the name “Jesus” before, and was also indicated by the way Michael was described as a “christ” as the one depicted as Michael (which was not an incarnation).

Thus these “stars” seem to be the Luciferian space aliens, the fallen angel souls, who were once “adopted (sons) of God” (Genesis 6) but who renegaded from their elementary service by influencing humans on earth and propagating their “seed” among them, all against their Older Member's instruction, that resulted in birthing offspring through human women and then teaching them things, like some “healing arts,” etc. that the Next Level didn't approve of at that time, perhaps because the Next Level didn't want them at that time to become independent of the Next Level as then they have a harder time losing that sense of independence, that is very fragile and illusionary and short lived at best anyway. (See Enoch's writings for details) as the object of the earth's existence as a “garden” is to help humans outgrow the earth and humanity. It's not that the Next Level doesn't want humans to learn how to use herbs and such. It's the timing in which they want to introduce to them such things.

Gen 6:4 There were giants ((nphiyl from naphal= a feller, a fallen one, a bully, tyrant)) in the earth in those days; and also after that, when the sons of God ((Souls who were student level members of the Next Level with elementary tasks as watchers)) came in unto the daughters of men, and they bare children to them, the same became mighty men which were of old, men of renown.

In other words just like before this most recent “fall,” there were these hybrids who became mighty just like their ancestor men who became the leaders of human having conspicuous positions of honor and authority and character, fame(-ous), named, renown - to mortal humans.

A physical manifestation of this “stars fall to earth,” could be the obvious lighted objects falling from the sky, which follows the great earth shaking - earthquake and whatever causes the sun to become black as sackcloth of hair

and the moon as blood.

It could also be expected to see any variety and frequency of fireballs and/or meteors and/or comets that “descend from a higher to lower place” - thus “fall to earth” as we saw in 2013 with the Chelyabinsk, Russia that did a significant amount of minor damage caused by it's sound waves alone.

These events seem to directly relate to Mat 24:29's saying the “powers of/in the heavens shake (to waiver)” just as is said in Mark and Luke's gospel along with Joel and Haggai and with particular reference to Isaiah that brings further evidence to the way this prophecy relates to the space aliens. In Matthew the “powers in heaven” are the “unripe figs,” those who were still potentially able to become “fruit” for the Next Level (new membership) but chose not to, so FELL off the vine, speaking of them as the “host of heaven” - souls who had become “children (sons) of God” - the Luciferian space aliens - Souls who fell away from their student level membership, as also shown in:

Humans talk about the “shift in the poles,” which I've always wondered about what that would look like, if such a thing was part of what's happening to the earth at this time. It's altogether possible that the Next Level could alter the forces that we call gravity and other electromagnetic forces in such a way that the part of the earth's atmosphere that may literally hold a certain electromagnetic environment that certain of the Luciferian space alien spacecrafts have been allowed to circulate within (perhaps because of how the environment provided power to the elements used in their spacecraft engines, to have zero gravity and other functions) to diminish, so they would be forced to descend to the earth's surface and/or into the sea and/or to underground areas, thus grounded once again.

This verse from Isaiah seems to directly relate to this time and extends it's reference to Rev 6:14 as well:

Isa 34:4 And all the host of heaven shall be dissolved ((melt, dwindle, vanish, consume away)), and the heavens shall be rolled together ((separated, taken away)) as a scroll: and all their host shall fall down, as the leaf falleth off from the vine, and as a falling fig from the fig tree.

-Rev 6:14 And the heaven departed ((673 apochorizo from apo 575 (separate, remove, take away) and chorizo 5563; to rend apart; reflexively, depart

(asunder), to place room between, as in the idea of empty expanse; room, i.e. a space of territory (more or less extensive; often including its inhabitants of a coast, county, fields, ground, land, region)) as ((after, as soon as, about)) a scroll ((975 biblion a diminutive of biblos 976; a roll, bill, book, scroll, writing)) when it is rolled together ((1507 heilisso a prolonged form of a primary but defective verb heilo (of the same meaning); to coil or wrap, roll together)); and every mountain and island were moved out of their places.

In this application “HEAVEN” has a different context comparing it to a scroll/book being pulled away, separated from the earth/human kingdom. Considering “every mountain and island moved out of their places” it's indicating this is linked to the “heaven” departure. This makes most sense when one takes into consideration that what is being called “heaven” in this context could actually be a literal physical, but invisible to humans and their technological detection, very large spacecraft where some members of the Next Level (angels) operate out of and also maintain “gates” and “boxes” (Ti and Do's idea and terms), where “saved” souls are stored for future opportunities to further overcome their humanness.

As a book that has record of everyone's works, it seems this “heaven” is described further:

Rev 20:12 And I saw the dead, small and great, stand before God; and the books were opened: and another book was opened, which is the book of life: and the dead were judged out of those things which were written in the books, according to their works.

One could imagine if this was removed to install a New “heaven” as is said occurs, it having a physical quality could generate quite a shaking up of the earth both physically and mentally. It would seem to be described in terms of being a scroll or book in how it is also a type of database containing many student level members of the Next Level, each of which have the truth about the Next Level in their “Soul containers” that could equate to be in computer jargon as data objects in the overall database. This “heaven” would then be the environment the Next Level designed for the interface of that information via their incarnate membership but also available to any human who exercised the thirst to know the truth, thus describing some of the mechanism to “ask and you shall receive.” The removal of this environment could even be seen as the removal of the placenta from a mammal's womb where in this

analogy would be the earth, the womb for the new “mind/spirit births.” A placenta is an organ that supplies the nutrition to the new baby in a woman's womb, before it's born and after a baby is born, there is an “afterbirth” that this could be representing, pertaining to the first fruit harvest/birth period's completion.

Ti and Do did touch on the potential for the Next Level to have a spacecraft that is invisible and escapes human and space alien technical detection but is physical and can also be quite large, though they didn't say how large. They also said there could be an entire civilization living on the surface of a planet that is also undetectable by humans. This would lead one to extrapolate the idea as humans write about of a “twelfth planet,” called Nirabu that there have also been many clues to existing unseen, which then can seem to relate to the Rev 21:2-3 that indicates is with humans after the old heaven and the old earth are passed away and is described as the New Jerusalem spacecraft John was taken to the top of a mountain to view measured to be about 1360 miles square. That's each side of it so is about half the size of the U.S. It has “gates” in it and places no humans nor space aliens nor discarnates can go. But the Luciferian discarnates can go places in it that human spirits can't and the Luciferian discarnates can teach human level discarnates to go places they are not necessarily aware of otherwise. So it's apparently quite an elaborate “craft.” Ti and Do did say a Next Level craft could be literally on top of a house, what we in their “classroom” called a “craft” and in it there could be Next Level members who had physical bodies, yet are invisible to those who have not raised their vibrations to see them. They are physical but know how to stay out of our way so wouldn't be able to touch them.

This next related verse shows a differentiation between the “wrath (anger) of the Lord of Hosts,” and the “day/age of his fierce anger.” The Lord doesn't give these prophets casual things to think, say and express. Every word usually has value. It behooves those of us trying to find the most accurate meaning to treat it that way and see how it relates to other things said, in this case seeming to be referring to the events shown as “double” as double the anger with one having a longer duration and severity that would appear to be the “day/age”:

Isa 13:13 Therefore I will shake ((7264 ragaz= tremble, move, disquiet, troubled, quake)) the heavens, and the earth shall remove out of her place, in

the wrath of the LORD of hosts, and in the day (age) of his fierce anger.

-Rev 6:15 And the kings of the earth, and the great men, and the rich men, and the chief captains, and the mighty men, and every bondman, and every free man, hid themselves in the dens ((4693 spelaion= grotto, cavern, resort, cave)) and in the rocks of the mountains;

Rev 6:16 And said (to the) mountains and rocks, Fall on us, and hide us from the face of him that sitteth on the throne, and from the wrath of the Lamb:

Luk 21:26 Men's hearts failing them for fear, and for looking after those things which are coming on the earth: for the powers of heaven shall be shaken.

These events certainly do cause a major disruption of life as usual on earth, otherwise why would all these people hide themselves in their dens and in the rocks. It's very interesting how both scientists and religionist christian prophecy commentators and interpreters are seeing similar handwriting on the wall regarding these being the end times. Also prophecy is organized in such a way as to allow anyone to dismiss it as having any relationship to events or can be seen as having many relationships to events and even degrees of relationships so that everyone gets what they want to get, regardless of it's level of truth and accuracy.

There have been many signs - increasing near miss asteroids, comets coming in pairs closer to earth than ever before, frequent fireballs, meteors that do some damage or are believed to have crashed into the sea to cause significant waves, sun activity that correlates with earthquakes that have increased in frequency and intensity, big tsunami's, hurricanes, tornado's, baseball and softball sized hail storms and volcanic eruptions. These events are reported but downplayed or hyped as end of the world which for many has been something heard about for decades so pay it no mind or think these events are made up entirely to control people. But the ones in the know and who have the money to pay for quarters in an underground city are quietly arranging to flee to one of these many underground "cities." It seems these would be the "dens" while the rocks of the mountains could be a generalization that includes the "Rocky Mountains," for instance where NORAD is located inside Cheyenne Mountain at the military base in Colorado Springs, Colorado and another known facility related to Holloman AFB in New Mexico's Manzano Mountains that in particular has a history of alleged joint Human

military and UFO/Space Alien activities.

There is a newer underground city outside of Kansas City, Kansas reported as an underground office park advertising that it's more efficient for both heating and cooling. The newest Denver Airport has been long suspect as having such a facility underground. It is very spread out, hardly something that is efficient to do as one needs to take above ground shuttles to the rental car area and to the parking areas, while there is an underground tram between the very spread out airline gates. Walking in between the gates to change flights is a major effort with long stretches of moving sidewalks. I also saw a television report about a new hidden subway line being built deep under NYC and have heard about tunneling under the Long Island Sound from Long Island's Brookhaven National Laboratory in Stonybrook, NY, where there is also a particle collider and several nuclear power generators, where there was an alleged UFO crash many years ago. I actually lived in Stony Brook and remember there was a small area where there was no cell phone signals, yet no mountains or other obstacles and an abundance of towers. Tunnel boring equipment has become very well developed to go several miles an hour.

While in Ti and Do's classroom in the early 1990's and since I've seen maps and read reports that indicate there are tunnels already built or in progress from Maine (Kennebunkport?) to a number of points in the east to include under the Long Island Sound that extend into the western states where there is a larger network between military bases. Some of the leaks I saw reported were said to be from contractors involved in these projects. It's not really a secret as humans are generally aware of bomb shelters existing for decades but what many don't know is the extent they exist now and their sophistication and how they won't be available to the general public.

Luk 23:30 Then shall they begin to say to the mountains, Fall on us; and to the hills, Cover us.

Luk 23:31 For if they do these things in a green tree, what shall be done in the dry?

Chapter two from the prophet Isaiah talks about the LAST DAY or DAYS when wars shall end and all the humans who have become haughty, proud and lofty, worshiping of gold and silver, pleasing themselves with strangers, with no end to their horses and chariots (automobiles - transportation means),

and all pleasant, desirable images (pictures) (imagination) shall all be humbled and brought low by the earth's shaking. Here are the verses that address how some seek to hide from what they then know is the Next Level Above Human (Lord). Simultaneously with these going to hide are efforts to convert the weapons (swords) into a focus on growing food to survive because, as I imagine the infrastructures will have fallen apart so for those living it's locals fending for themselves and their neighbors - possibly the "meek inheriting the earth," Jesus spoke of:

Isa 2:10 Enter into the rock, and hide thee in the dust, for fear of the LORD, and for the glory of his majesty.

Isa 2:19 And they shall go into the holes of the rocks, and into the caves of the earth, for fear of the LORD, and for the glory of his majesty, when he ariseth to shake terribly the earth.

Isa 2:20 In that day a man shall cast his idols of silver, and his idols of gold, which they made each one for himself to worship, to the moles and to the bats;

Isa 2:21 To go into the clefts of the rocks, and into the tops of the ragged rocks, for fear of the LORD, and for the glory of his majesty, when he ariseth to shake terribly the earth.

Hos 10:8 The high places also of Aven, the sin of Israel, shall be destroyed: the thorn and the thistle shall come up on their altars; and they shall say to the mountains, Cover us; and to the hills, Fall on us.

But the fear with these will feel worse than death to endure. It seems what will come with the event is the recognition that this is being instigated by Living Beings that I suppose most will think about as evil space aliens as they would not have much if any realization that there is a kingdom of physical Living Beings that are Above the human equivalent space aliens evolutionarily just like humans are above animals evolutionarily who are seeking to salvage their "product" they can "replant." It would be like those plants that became weeds in a farmers garden, choosing to prey on the species the farmer designed the "garden" to grow, so the farmer took advantage of their choice and allowed them, the weeds to have limited access to the plants He wanted to help them develop resistance to and yield better fruit because of, that would no longer be susceptible to the same deterioration.

It is also the case that the Next Level Older Members when in their Next Level vehicles and present with their Next Level spacecrafts emit so much power that they can not be looked upon without fearfulness and as was said by some of the Prophets, with great awe that they would literally fall down from feeling. Jehovah told Moses he would die if he looked upon His Face, but he let Moses touch his shoulder or back as he had a physical body (as Jesus also demonstrated having after his human vehicle was permitted to be killed. Part of what can kill a human to look upon, I suspect is how their mind frightens away all our discarnates, the entities most don't recognize are all around us and shape what we become and derive security and confidence from. Ti and Do said that was the overcoming process, that is, when we get rid of our own discarnates one by one. They also said that at times they would run off our discarnates from us - another way of looking at their "taking our sin" from us, where "sin" is missing the mark, so they would be the ones removing our test at that time so we wouldn't "miss the mark," though eventually to graduate we have to be able to maintain enough of our own "staying on the straight and narrow." Running away our discarnate influences takes them on. That is described as part of the "flood" in Rev 12 that is most focused on the Woman - the "generator" of life, incarnate, that chapter mostly referring to Ti.

- "HIDE US FROM THE FACE (presence) OF HIM THAT SITTETH ON THE THRONE AND THE WRATH OF THE LAMB" - Face is also translated as "presence." In other words these Kings of the earth, etc. are looking upon these events as the reason to flee underground and for some to hide from the Next Level's presence.

This depicts all manner of people fleeing to their underground facilities (cities), some having anticipated this time for decades from the prophecies in the Bible and the signs in the heavens and on the earth, to include for some, witnessing what became called the UFO phenomena, and things the Space Aliens have said and done as reported by witnesses, whistle-blowers, abductees and contactees.

These are said to be aware of the PRESENCE (FACE) of the one "sitting on the throne" and of the "Wrath of the Lamb," thus indicates their having a Christian mindset as many Christian leaders have been anticipating these things for a long time, though most may be totally unaware of the primary

incarnate stage of the Older Member Two Witnesses, or they have a spiritual or mystical way of looking at everything in the various prophecies, whether each is a valid source of truth or not. One would think these wouldn't be Christians as the believers in Jesus are either not afraid of the wrath of the Lamb because they believe themselves in his favor, or they think they will be taken to heaven before that wrath is unleashed, either after they die or during the "rapture." However, some may believe the way they are to be saved is by hiding underground so they would escape the wrath upon those not in their camp still on the surface. After all, Jesus said those in Judea should flee to the mountains and some of the underground cities are likely in various mountains. For instance at Cheyenne Mountain in Colorado Springs and in the Manzano mountains south of Albuquerque - and no doubt in a number of other areas. It doesn't have to make sense with the full teachings of Jesus as there are many, many things Christians believe and/or justify doing that don't make sense with Jesus teachings. This would simply be yet another.

Some others, however relatively few, might have considered Ti and Do as the manifestation of returnees Jesus spoke of, as they may have become aware of Their true history and Their BOOK (WRITTEN FROM THE "INSIDE" OF THE THRONE) and now this LITTLE BOOK - the "BACKSIDE" of the remaining prophecy revealing (See Rev 5:1).

All the various camps among the atheists, religionists, pagans and those who deem themselves spiritual or new agers, that can often be a mix of all these forms of thinking, might also consider Ti and Do representative of the space aliens since the space aliens also promoted themselves by some reports as the ones who created Jesus and as the Elohim, the engineers of humans. This is ironic in how the Christian Jesus is in fact a concoction of the real Jesus and the Elohim, being magistrates and judges that were superior to humans and thus were deity, which were/are the positions taken by various Luciferian space aliens - fallen angels as seen in the teachings of Rael, leader of the Raelians who are said to number around 60,000 members worldwide.

It was in Bob Lazar's report that he was shown a "yellow book" that was supposedly written by a space alien group that said they had created Jesus and had film of him on the cross to prove it. But even if this was not an accurate report, we know Jesus warned that there would be many false Christs, even some using the name "Jesus" or portraying they are acting on

behalf of Jesus as we see in many churches and especially in the office of the pope. I'm not saying the Pope would say he was "Jesus" or a "Christ," any more than priest and reverends and pastors would say that, but it's the position they take with the public that speaks to who they think they are. They act as if they are the shepherds of their congregations as their flocks.

But to identify this FACE or PRESENCE has the suggestion of an identity, but I imagine that's going to be a person by person kind of recollection based on what they have considered and come to believe or not and what each of us believes and to who we actually look to by seeking their help and strength, which will determine what we receive or not that will show to which camp we are aligned - between Human Mammalian, "treasure and wealth," (physical and/or mental based) or to the Older Members from the Next Level Above Human aka the One True Kingdom of God. That alignment puts us either in the "right or left" (and that has nothing to do with the social and political use of those terms, though there are certain characteristics in both categories). In Jesus teachings it makes each of us either "wheat" for the Next Level or among the "tares" - the look alike wheat - false Christians that are thrown into Lake of Fire.

Mat 24:37 But as the days of Noe were, so shall also the coming of the Son of man be.

Mat 24:38 For as in the days that were before the flood they were eating and drinking, marrying and giving in marriage, until the day that Noe entered into the ark,

Mat 24:39 And knew not until the flood came, and took them all away; so shall also the coming of the Son of man be.

Mat 24:40 Then shall two be in the field; the one shall be taken ((take to, receive near, assume an office, learn)), and the other left ((sent, to go, sent forth, cry, forsaken, let alone, suffer)).

Mat 24:41 Two women shall be grinding at the mill; the one shall be taken, and the other left.

Mat 24:42 Watch therefore: for ye know not what hour your Lord doth come.

I know some Christians think this is describing what they call the "rapture," shown in movies as those "taken" by the Lord rising into the air with their physical bodies. I have heard stories from young people they have dreams of their being taken. The problem with this is it's contrary to the Next Level

way. The Next Level don't "take" people. They provide opportunities and we then choose what to receive and in that way is what we "take to" which can result in our Soul being "taken" to their "safe place" after we exit our human vehicle. It is being "caught away" only in the sense that one has chosen to take the offering of truth, which has the affect of capturing the attention of our flesh vehicles that we as the Soul must stay on course with to reap the rewards. This also seems to be a depiction of which human vehicles the Next Level decides to make a "deposit" of their "Soul container" into.

But when the Older Member blows their trumpet by publically telling the truth in a land that is near absent of the most truth, it's a test whether the that Soul deposited vehicle, "receives near" to them, "draws" that Older Member's Next Level (Holy spirit/mind) to themselves to foster a sprouting of their Soul seed or not. When someone - the vehicle - receives this Next Level gift, in that sense it too will "take them," in how they could "take to" the truth and become thirsty for more. If the Older Member is incarnate they might literally follow with Him/Them, or if they are no longer incarnate, as is the case at this time, they will "follow their every word" that would help them separate from the human kingdom to be saved from the flood of Luciferian misinformation mind all are swimming in, as the norm in the human societies. These are the wheat Jesus described.

On the other hand those that are "left" defined as "sent, to go, sent forth, cry, forsaken, let alone, suffer" (also as in "goats to the left") don't receive the "deposit" and don't have the opportunity to receive the truth from the Next Level so are depicted as the "tares" planted by the enemy among the wheat who are pulled up and/or separated out from the "righteous." One can see how it's all but impossible to see much of this without the Next Level's Mind/Spirit leading the way by receiving the way they think directly from the Older Members via their words.

Thus for those that take offense at saying some receive the gift and others do not and the ones who do not become the waste while the ones that do receive it and work it become the saved and even graduates, they are choosing which camp they are siding with. They can always study everything the Next Level Older Members said and did and while doing so ask for help from the Next Level - highest beings from the heavens they can imagine reaching up to. Thus there is no elitism in knowing this truth because having the truth is only

the first step. If there is no application as the provision of service - standing up for the information when the circumstances present themselves, that none of us are limited in seeking, then that seed may not be taking, though there will be more opportunities, except every time we resist taking an opportunity to be of service it becomes harder to be of service next time - not impossible but one becomes less inclined. In other words, one must “use it or stand to lose it.”

Some who had the exposure to Ti and Do, the “faces” of the vehicles they came incarnate into, when they see these events just listed in this sixth seal opening time, even if they never paid any further attention to anything Ti and Do taught, may have an image of Ti or Do's vehicle's face pop into their head and they no doubt will “mourn” at that realization and seek to escape it and perhaps even wish to die rather than face the premise of who is actually Lord over the earth, which is shown:

Mat 24:30 And then shall appear the sign of the Son of man in heaven: and then shall all the tribes of the earth mourn, and they shall see the Son of man coming in the clouds of heaven with power and great glory.

Mat 24:31 And he shall send his angels with a great sound of a trumpet, and they shall gather together his elect from the four winds, from one end of heaven to the other.

So I would say the “sign of the Son of Man” would be the evidence of how Ti and Do were “like the son of man” in terms of having a human vehicle they borrowed for their task. (Borrowed was a term Do used and it is actually borrowed because it is taken and then returned though the return is putting it back into the dust of the earth). Plus in everything they said and did, what they required of students - to leave all behind to be in their classroom, to give one's all, cutting ties, not sharing our love with humans anymore - not respectful of marriage commitments or in the responsibility for children or parents or to one's home, etc. because it was now time to give all of ourselves to the Next Level through the incarnate representative their students, whose vehicles they prepared could recognize as being the same as they (the souls but potentially also in the genetic memory) felt, and identified when the same Older Member was incarnate in the name Jesus. All these characteristics will always be what one can expect from a genuine Older Member who comes incarnate so are signs to those given the eyes to see them.

The signs during the time of Judgment remain as a testimony of the truth yet with the Older Members no longer incarnate are added to provide new signs that amount to a significant show of proof, still for those who have “eyes to see” (as Jesus said often), as for those that aren't given that gift of recognition, all such signs are at best a curiosity, coincidence or random natural occurrence, or don't compute at all - “go in one ear and out the other,” so to speak. Ti and Do often indicated that when proof was provided it was because graduation from the human kingdom was not possible for those human vehicles who were serving as the containers for returning souls to overcome as they had to generate their belief and commitment from their observation of all the Older Members incarnate represent in what they say and do, from when they first hear their “voice” to when they exit.

It's the vehicle that can be swayed by “proof” and if that occurs the Mind/Spirit from the Next Level Older Members is no longer bringing the needed “body changes” to that deposited “Soul body” needed to make the grade for graduation “birth” viability. So even though there is still a stage of graduation still very much in the program for those that are drawn to the Older Members incarnately provided, by words and actions, witness/testimony, there is a new criteria for how much “proof” is provided, just like the case with Jesus disciples. Their vehicles were given various proves - miracles and especially in the last 40 or so days when Jesus was among some of them, still very much physical and yet having what looked to them as supernatural powers, because they, their Souls needed that help to rise to Standing for Jesus with more conviction and power in that experience that would be saved in their developing Soul body, so upon the return would be given to each new human vehicle they were each to take over - Stand up again in (resurrect) but this time to complete their classroom lesson plan (“piano roll”) without that same level of proof.

So the signs during this time of Judgment took additional shape for the sake of the potential new students, who could choose to seek the Older Members will for them, that entails learning all there is to know about what Ti and Do taught and believing it's all the truth and then Standing for Them - actually “re-standing” for them, which is the meaning of “resurrection.” So with this new stage the Next Level provides additional signs that are to be seen in the heavens and on the earth, one big one being in the form of what humans call comets or the more localized Fireballs and unusual Meteors or Asteroids, but

include all of the signs depicted in prophecy. They are all signs and in particular are those in the literal heavens and that would include in a big way what is depicted as the “opening of the temple in heaven”:

Rev 11:19 And the temple ((3485 naos from naio= to dwell, a fane, shrine)) of God ((Deities)) was opened ((455 anoigo= re-opened, intensified, reversal)) in ((+ by, because of, about, after, among, outwardly, upon, therein)) heaven, and there was seen ((to gaze at something remarkable, appear, look, see, shew self)) in his temple ((naos)) the ark ((a box, sacred ark as in ark of the covenant that contained the laws of God inscribed on the tablets, Noah's ark)) of his testament ((disposition (preparation, readiness), covenant)): and there were lightnings ((bright shining)), and voices ((tones, disclosures)), and thunderings ((roars)), and an earthquake ((rock, vibrate, commotion, tempest, move, sideways agitation, tremor)) and great ((big, fearful, strong, mighty)) hail.

Strong's indicates the Greek anoigo is a combination of ana and oigo (to open), so just translating it to “opened” doesn't make much sense. There are a number of additional works with the same ana prefix that take into account the way ana refers to inferring a repetition or reversal of whatever the verb is, in this case “to open,” so why wouldn't it be in this context “re-opened,” though it wasn't spelled out in the same way before this time.

The FIRST time “heaven” was opened was so Do and his 38 students could pass through the “Heaven's Gate,” which was recorded in Rev 11:12 as their “ascension into heaven in a cloud” - witnessed by their enemies - as said in Rev 1:7 would occur to the returned One who was named Jesus.

(The student body was also shown to be with these Two Witnesses in Rev 11:2 to be found evaluated in detail in that earlier section in this book - said in summation as those who would be on foot in the holy city 42 months making their covenant affirmation which was the second 3 1/2 year period depicted in Rev 12 as their time in the “wilderness” where the student presence is also described.)

So with Ti and Do and Crew's ascension into heaven as a type of opening of heaven, this depiction in Rev 11:19 is a “re-opening” and the greatest signs leading up to that re-opening are what's been happening in the heavens, with the sun, moon, stars (planets), etc. and on earth with the huge increase in

volcanic and earthquake activity and more violent storms, during the FIRST part HARVEST WAVE occurring primarily in the areas outside the continental United States but since the exit of Ti and Do and crew in 1997, escalating in the U.S. which will see a dramatic increase with the onset of the 4<sup>th</sup> seal opening that is timed to the human events surrounding the presidential election in November of 2016 and subsequent tribulation period that has also been escalating since the 1990's final offering of the truth by the incarnate Older Members and Crew.

Here is a summary of those signs starting with 2013, which was the 40 year (1 hour) mark since Ti and Do awakened in 1973 with the combination from January through March with the Chelyabinsk meteor, Fireballs over California and other western states, Texas, an unexpected near miss asteroid and unexpected comets and one or more Fireballs that traversed the Ohio valley but seen from Maine to Florida that acted more like a comet or rocket than a meteor and with the larger comet display was a companion object photographed in it's coma, that's immediately in front of this great burning ball of light traversing from east to west along with the Jesus prophecy. Then in 2014 and 2015 and 2016 there were repeats of most of that pattern during the same time periods. Each of those years there were also very unusual comet behavior around July to September - comet ISON that was shown by using pixel filtering software on airbrushed photos from NASA, at one point looked like a flying wing of 7-8 objects that broke the physics rules. It went into the Sun, or very close to it and behind it and wasn't expected to survive but came out the other side, but in a place that changed it's trajectory from when it entered. And when it came out there was an associated huge Solar Flare and with it a huge distribution of planet sized objects as if dust, behind it and soon after that it was photographed as those 7-8 objects flying in V formation.

Another comet that caused a large apparent flash/explosion on Mars when it passed by at it's closest point to Mars, which was photographed from earth and another event of two huge objects over the sun with one directly on top of the sun but separated from it and obviously exchanging energy with the sun that was in the shape of a T videotaped by the SOHO satellite camera.

June and July of 2015 signs were dominated by the Dawn spacecraft's photographs of the Ceres lights and by the New Horizon spacecraft's

photographs of dwarf planet Pluto that included one area on Pluto that looked like four huge hanger bays, rectangular shapes equidistant from one another and all of the same length and width, that looked like four black piano keys. Since that one was released the same area has been shown but only in an enhanced format that just doesn't look the same at all.

SO FAR WHAT'S BEEN PHOTOGRAPHED ON CERES AND PLUTO ARE THE MOST APPARENT SHOWING OF THE NEXT LEVEL'S "PRESENCE" (FACE).

(Ceres Pics: <https://sawyerhg.wordpress.com/2016/11/27/jesus-said-there-would-be-signs-in-the-sun-moon-stars-planets-comets/>)

There is no telling what additional ways Ti and Do and Crew will fulfill this prophecy of Their "presence" and/or "face" apparency in the next years until it's into this 6<sup>th</sup> Seal time but nothing more may need to happen for many humans to run to their underground hiding places thinking they are shielding themselves from the "wrath of the Lamb" when the U.S. experiences these events listed in this Seal Time. This seeking of shelter in the rocks to escape the "LAMB'S WRATH" seems to imply Christians are among the biggest group who will be seeking shelter underground from what's happening on the surface. So one would think, why if they are thought to be in the favor of the Lamb would they be running from his wrath (anger). One twist to that is thinking they have been led to recognize what's happening or about to happen because of their belief in the Lord, (which has truth to it) so they are being "saved" from that wrath. But one of the many ways that is misinformation is because being saved was never about our flesh bodies being saved. It was always about our Souls and/or Mind/Spirit being saved and the willingness to sacrifice our flesh - at first by beginning to separate from the ways of the human kingdom according to the guidelines laid out by Jesus and then updated by Ti and Do and Crew.

Ceres in particular is most "temple" like, even having a "spire." There is a city-scape array of very bright lights on dwarf planet Ceres, shown by many pictures taken by Dawn spacecraft's orbit from four altitudes, where it is still orbiting in 2016, that seems to be showing a literal Next Level dwelling (aka "mansion" and/or tabernacle), by it's name in use to aid in the conclusion of the "harvest" (the prime description of the "goddess of the harvest" in the Roman mythological name "Ceres" (and it's predecessor Greek goddess

named Demeter that is associated with the Rev 6:8's "green" "horse" (mis-translated as "pale," though may prove to be adjusted for by the Next Level)).

This vast assortment of light sources are on the planets surface but potentially could be coming from deeper inside what I believe at this point is actually a planet sized spacecraft that humans are calling a dwarf planet and/or the largest known asteroid. The closest pictures provided so far in early 2016 actually show the biggest "bright spot" (NASA's description) to have significant elevation. From the photos and according to reports from architects who have studied the array of photographs taken from at least three orbits, that even shows a shadow in one angle, this largest light source is estimated to protrude 5-10 miles above the planet's surface on the inside of a huge crater. It appears roundish but overall looks like a natural formation kin to the Eiffel tower as a tall SPIRE and/or church steeple.

At the same time around the base of this tower, it looks the way a natural grown tree trunk would look, with roots that show as well as if it's growing like a tree, but without apparent branches coming off of it, so gave me the impression of being the "tree of life." And the whole thing is glowing a very bright white light. It's being talked about as being a crystalline structure. Considering the light as coming purely from the suns reflection is hard to justify, having first photographed it as looking like one light from many millions of miles away by the Hubble space telescope in 2003, which became the reason the Dawn spacecraft was built and launched in 2007 to take a closer look.

There is talk about a mining operation there which would be part of the reason behind the space program and plans to colonize the Moon and Mars that G.W. Bush announced in one of his last state of the union speeches, (following China's announcement of colonizing Mars). It is altogether possible this tower is made of an element that humans have little to no examples of on earth that can be used to generate a kind of energy that if harnessed might reveal the mystery element behind the prospect of a propulsion system that can provide a zero gravity environment for dense matter operations as in exiting the planet, instead of the needed fuel tanks to power rocket engines.

Humans would then have the main component to build spacecrafts that would operate the way the flying saucers they have confiscated operate which would

be kin to the primitive models of spacecrafts the Next Level provided those that became the Luciferians, since Lucifer was the name of a once aspiring student to Next Level membership that “fell” away from serving the Next Level in a student level “elementary task” capacity described by Enoch's writings as one of the “watchers.” Thus this could be the element Bob Lazar also reported about and that G.W. Bush also speculated on his proposed Moon and/or Mar's missions, “might find an energy source that would boggle the mind.”

As the Greek word translated to “opened” in it's compound form could also be “intensely opened” one could even say this was the start of seeing what was said as the Son of Man coming in his glory, where “glory” is also kin to “brightness” and “brilliance” and those pictures of those lights on Ceres are certainly one huge evidence of that. Even NASA is largely referring to the “lights” as “bright spots.”

This “face” and/or “presence” is referring to the overall recognition of Living Beings with a great deal of power and ability to operate completely invisible to humans and their technology, who evidence stimulating earthquakes and volcano's and manipulation of comets, asteroids, meteors, etc. thus are seen by some world leaders as a very powerful enemy that threaten human existence and their continence of ruler-ship over the earth, thus are significantly feared. The same leadership is completely taken over by the Luciferian space aliens, indirectly but in several ways. First, because the Luciferians are discarnate Souls who seek out humans they can use to forward their agenda so when David Icke reports that certain world leaders are aliens and it can be seen in their eyes, is actually on the mark, yet what he might not know is that the amount of influence and thus control the Luciferians (who he just refers to as the Reptilians last I heard) have on most or even all humans at this time is in degrees, that is regulated for some by the Next Level, so the Luciferians can't overwhelm those the Next Level deposited and seek to provide opportunity to overcome their influence to determine which souls to “save” from the upcoming recycling.

A final perspective of this “face” being fled away from is shown in:

Rev 20:11 And I saw a great white throne, and him that sat on it, from whose face the earth and the heaven fled away; and there was found no place for them.

So it seems apparent that this “opening of the temple of god in Heaven” goes hand in hand with humans fleeing underground - into the caverns and rocks to hide from the “face” (presence) of the Lamb. We should keep in mind these are all events that are years in the making. Ti and Do certainly opened up the idea of the “temple in heaven” in the 1970's though it became considerably more apparent by their exit with the name they chose for their 7<sup>th</sup> Thunder - the web site and exit in 1997 as “Heaven's Gate” with the highly unusual and unprecedented characteristics that added up to the SIGN in the Hale Bopp Comet that was the timing for their exit of their incarnations, planned for as early as the spring-summer of 1994.

Revelations chapter 11 provides the overview of the events that all lead up to this OPENING that comes during the time of the 7<sup>th</sup> Angels trumpet sounding that shows by this “Little Book” (Backside story) how all prophecies are fulfillment by Ti and Do that makes the “nations (people) angry” to hear about. (See Rev 11:18).

This timing of OPENING is collaborated in Revelations chapter 15 as taking place AFTER the 24 Elders and others have “conquered” the Luciferian Space Alien BEAST - the human condition and have “harps of God” - instruments (vehicles) made for them by the Next Level and while the 144 AND A MYRIAD OF THOUSANDS are and have been SINGING THE SONG OF MOSES AND THE SONG OF THE LAMB which is the “tribulation period” when they are all sealed (Rev 7:1-8) to allow the WRATH OF THE SEVEN ANGELS POURING OUT OF VIALS to proceed 100%, (though it had degrees already in motion before this, but primarily in the so called 3<sup>rd</sup> world countries but would at this time occur on the U.S. mainland afterward, as shown in:

This idea of singing the song of Moses and the Lamb is first introduced throughout Revelations chapter 14 which describes events leading up to this time from the perspective of the 144 and a myriad of thousands that ends with the description of the “winepress” that includes the pressure upon those 144 and myriad of thousands who “stand” for Ti and Do during the time leading up to this point as shown in the previous SEAL Periods.

-Rev 15:1 And I saw another sign in heaven, great and marvellous, seven angels having the seven last plagues; for in them is filled up ((5055 teleo from telos= to end, accomplish, make an end, expire, finish)) the wrath of

God.

In other words these Seven vials poured out are the seven last plagues that bring to conclusion the Judgment Time of Tribulation.

-Rev 15:2 And I saw as it were a sea of glass mingled with fire: and them that had gotten the victory over the beast, and over his image, and over his mark, and over the number of his name, stand on the sea of glass, having the harps of God.

John also describes the same “sea of glass” as in Rev 4 that appears to the the “briefing” Ti said she remembered before she left, once again about to start the decent to the finish that was to be the task of those first fruits who graduated their human overcoming. These verses also describe the same scene of the “144 and a myriad of thousands” who were sealed having converted their human vehicles to “Next Level instruments” termed “harps” as in Rev 14:1-5 that further identifies them as the same ones who sang the song of Moses and the song of the Lamb - their time with Jesus who served as that example of the needed sacrifice to stay the course to graduating into Next Level adult membership.

-Rev 15:3 And they sing the song ((5603 oide pronounced, “o-day” (from aido=sing) defined as a chant or “ode” (the general term for any words sung)) of Moses the servant of God, and the song of the Lamb, saying, Great and marvellous are thy works, Lord God Almighty; just and true are thy ways, thou King of saints ((40 hagios from hagos (an awful thing); sacred, most holy one)).

This is interesting how Ti and Do named their students each with a “ody” extension, they gave while indicating these were being “adopted” by the Next Level. I recall that taking place in 1977 or 1978 when the number of students was in the 60's and they said when we became “adults” they would drop the “y” so our name would end in “od,” though that never occurred. Do did issue new names along those lines in 1993 that were a “dote” extension, though were never used as soon after that the Beyond Human video tapes were put up on satellite broadcast and sent to some who had dropped out but still had some contact, that prompted their desire to return to the group and Do didn't want to have students with different names as if some had advanced and they had not as that was not necessarily the case, as we soon saw. My name at the

time was Swyody changed to Swydote which was a shortened Sawyer with the added extension. The reason I'm taking special note of this was because it had never occurred to me that “ody” could be equated to the Greek oide so our very names were all identified as songs to/of Ti and Do whose names came from the Sound of Music song, Doe a Dear, where Tea was a drink with jam and bread in the scale with Ti that highest and 7<sup>th</sup> note on the octave that started with Do. Plus an “ode” is a general term for any words sung and words are the medium to communicate the what's on someones Mind/Spirit that is Holy Mind/Spirit when it's from the Mind of an adult Member in the Next Level.

These verses also describe the JUDGMENT TIME that begins soon after the FIRST Fruit harvest is completed, after Do and crew layed down their human vehicle's lives in 1997. The decision each is judged by is their own and the criteria is what they think and do with the information about Ti and Do, after it's received. If they begin to look into what Ti and Do taught and they believe in what they said and begin to “stand” for Them and Their information (words) - expressing aspects of it to others when asked for to some degree, then they are automatically choosing to start their separation from the human kingdom, because believing in them and standing for them will be met with a variety of responses to include hostility and ridicule from some. Being willing to engage that, though not desiring that response, strengthens our own connectedness to them because it exercising what Ti called one's “Mind Muscle” and simultaneously draws more of Their Mind/Spirit to ourselves, becoming our own, literally filling our deposited container (Soul) that further raises our vibration to see more of what They see from doing.

-Rev 15:4 Who shall not fear thee, O Lord, and glorify thy name? for thou only art holy: for all ((all manner, any, every)) nations ((ethnos= race, people)) shall come ((arrive, be present)) and worship ((show reverence to, serve, Do defined as to “work for”)) before ((in the face of (literally or as a figure) before, in the presence (sight) of)) thee; for thy judgments are made manifest.

Thus the question is posed, of who will GLORIFY THY NAME meaning, who will give credit to, put light upon, show others the truth, STAND FOR by speaking aloud to others the information provided by the Older Members,

relative to today, the Older Members are those who were incarnate, having the new names of “Ti and Do” as the most recent Representatives from the “Chief of Chiefs,” Kingdom of God, Kingdom of/in Heaven, that created all the life forms and the planets and environments.

JUDGMENTS ARE BEING MADE MANIFEST indicates for some their decision of who to give allegiance to is final and because of that will determine who will be set aside to be saved and who will be recycled.

This “glorifying of thy name” is giving “glory” to those who deserve the “glory” which has been diluted and distorted into a “vain (meaningless) repetition” type of prayer by many Christian religious leaders and their supporters who often don't know any better but who often don't think they can know any better so don't want to know any better, because many words in scripture have become religious and spiritual terms that are less accurate than the updated terminology provided by the most recent Reps, Ti and Do and Crew, who show the practical aspect of what GIVING GLORY really is - GIVING SERVICE BY STANDING UP FOR, EXPRESSING TO OTHERS WHAT THE MOST RECENT REPS PROVIDED TO THINK, SAY AND DO. It is abiding by the specific instructions (aka commandments but not in the authoritarian sense of that word as in controlling, as it is we who need to garner the self control to take their instructions as commandments, not they who seek to control us) provided to date and a big part of that at this time is to “Stand for Ti and Do,” despite the “trouble” (tribulation) that will come from doing so, which is described in Rev 14:6-7 as the “hour of his judgment” - generally speaking a 40 year period that begins moreorless after the FIRST fruit harvest “hour” noted as the Two Witnesses “ascension,” (exit), by about 2013-2017:

Rev 14:6 And I saw another ((more, “else”)) angel ((messenger(s))) fly in ((+about)) the midst of heaven ((between, among, way of heaven)), having the everlasting ((perpetual)) gospel ((good message)) to preach ((2097 euaggelizo= announce, evangelize, show, declare)) unto them that dwell on the earth, and to every nation, and kindred, and tongue, and people,  
Rev 14:7 Saying with a loud voice, Fear God, and give glory to him; for the hour of his judgment is come: and worship him that made heaven, and earth, and the sea, and the fountains of waters.

Notice how it's depicting the MESSENGERS ANNOUNCING the GOOD

MESSAGE FROM THE MIDDLE, BETWEEN HEAVEN. The context of this verse is after Rev 14:1-5 outlines the LAMB AND the 144 and a MYRIAD of THOUSANDS ABIDING as their appointment, continuation, covenant (standing) on the “rise or reared, hill” (mountain) as the “church” (body of believers) (Sion/Zion), SINGING (expressing) A NEW ODE (SONG) BEFORE (in view of) THE THRONE, AND BEFORE THE FOUR LIVING BEINGS, AND THE ELDERS: AND NO MAN COULD LEARN THAT SONG BUT THE HUNDRED AND FORTY AND FOUR THOUSAND, WHICH WERE REDEEMED ((BOUGHT)) FROM THE EARTH.”

These MESSENGERS are working for the Kingdom of God and are not the same ones who were the 4 and 24 Elders who layed down their bodies in 1997, though they are in view of these. Since these are speaking to the people on earth, (singing their ODE (song)) they have human vehicles to do that with, so the MIDDLE AND/OR BETWEEN HEAVEN is showing they are not yet Members of the Next Level and it would also indicate they are doing their primary “singing” IN and/or ABOUT THE MIDDLE HEAVEN. If it's both, then being sung “in” the middle heaven would seem to be in the World Wide Web (internet). If “in” is translated as “about” then they would be singing about the “2<sup>nd</sup> Category” Do outlined of who would “go with [them] to escape the recycle of the earth and the spirits and souls, which is done by starting their metamorphosis, but overall by “STANDING FOR TI AND DO - SHOWING EVERYONE what TI AND DO brought and how it “compares” with the previous SONGS of Moses and of Jesus, so would be LIKE, a NEW SONG.

These are speaking to “THEM THAT DWELL ON THE EARTH, AND TO EVERY NATION, AND KINDRED, AND TONGUE, AND PEOPLE.” And they are saying the “hour of Judgment” has come and it's time to show via service (Standing for Ti and Do that includes the behaviors and ways taught by Their Next Level Kingdom Level Above Human) (worship) “work for” God - The Father, Jehovah, Ti - following the LAMB, who was Do, whatever and where ever he goes, which at this time is to follow him to “heaven” on his spacecraft by putting into motion his instructions to Stand for Him.

Therefore this is yet another of the indications in the timeline that shows an instruction (disclosure/voice) inspiring certain ones to preach, evangelize,

speak to others the Teachings from the incarnate Older Members, also termed “prophecy,” that John is shown will be fulfilled, though John who received these Revelations may not be the same Soul in his new human vehicle that performs this stage of the dissemination task. Whether it is or isn't doesn't matter. It's the task that's important, not who performs it and performing it is by far not limited to any one person - in fact it will be a task many perform. To measure ourselves or others in this respect is not a Next Level way so thoughts of that nature for the Active Student need to be aborted. If the incarnate Older Member told a student directly they were the returning Soul who had the vehicle that was the one known as John in the gospel of John and who went up the mountain with Jesus and Peter and James and who wrote the Revelations, then it would be so. I'm not aware of Ti or Do telling that to anyone but it is possible they did. They did tell the 24 of us who remained in 1993 who our Souls were during the Moses classroom which I have reported in this book was told by Do to me as “Bezaleel.” He followed that by saying we could each look up the person and then put it aside. I bring it up in this writing as a matter of record as it serves me in no other way and if anything shows me that I could be doing much better than I am. As Jesus said, the more one is given the more is required of them. It's a developmental training program not a country club religious membership.

Rev 14:8-13 continues to follow along with the timeline of Seals showing the TWO FALLS OF BABYLON (The U.S. with a focus on New York City) in the human Red (2<sup>nd</sup> Seal) and Black (3<sup>rd</sup> seal) “horse” manifestations in the 9/11 calamity and the 2007-8 Financial Crisis that then extends into the Tribulation Time (4<sup>th</sup>-6<sup>th</sup> seals) starting with the “Green (pale?) Horse” that because of the Ceres and Pluto revealings and many other signs puts pressure on Ti and Do believers to “stand,” that will result in a mounting opposition to their stand and even the death of those that stand. (They will not be the only people targeted during the 4<sup>th</sup>-6<sup>th</sup> seal periods - as this is the fate, so to speak of all dissidents who refuse to accept the Marks of the Beast or show worship of the BEAST's Image (The Facimili false “COPIES” provided by the Luciferians to worship), as has been described throughout prophecy and in this writing.

This same idea framed as a question as in Rev 15:4 is also shown in:

-Rev 6:17 For the great day of his wrath is come ((accompany, appear, bring,

enter, fall out, go, grow, next, pass, resort, be set)); and who shall be able to stand?

So the “great day of his wrath” is COME, SET, NEXT, ACCOMPANYING those who can still choose to STAND FOR TI AND DO, which is still part of the Great Tribulation period that began in earnest with the opening of the 4<sup>th</sup> Seal and 5<sup>th</sup> Seals that also becomes the overall Judgment Time which is also outlined in Rev 11:18 yet followed by the SIGNS of the OPENING OF THE TEMPLE OF GOD IN HEAVEN in Rev 11:19 shown as the Ceres lights and Chrystal (NASA is calling these “bright lights” some type of highly luminous “salt”) spire or steeple (Temple) that took place mostly starting in June of 2015, prior to the 4<sup>th</sup> seal being opened, which would include a time of a great deal of death to befall the U.S. mainland this time around as the U.S. had been largely spared from such calamity before then.

<https://sawyerhg.wordpress.com/2016/11/27/jesus-said-there-would-be-signs-in-the-sun-moon-stars-planets-comets/>

-Rev 15:5 And after ((accompanying)) that ((afterward, to follow)) I looked, and, behold ((be aware, perceive, be sure, tell, understand)), the temple ((shrine)) (of the) tabernacle ((Older Members dwelling)) (of the) testimony ((something evidential)) in ((about, because of, for sake of, outwardly)) heaven was opened ((re-opened, intensified)):

This would be the same OPENING depicted in Rev 11:19 but with added information showing the temple (spire) tabernacle's (Next Level Older Member dwelling place (Jesus called a dwelling but was written as “Mansion” in many translations)) EVIDENCE (TESTIMONY).

Before the Wrath in the 7 plagues/calamities (vials) are COMPLETELY poured out, the Next Level puts a seal on the vehicles who have Souls developing within to keep them away from the Luciferian Space Aliens, who will be allowed to “feed” on all other humans. These seals may also serve to keep some from dying in the calamities as they need their human vehicles to continue their being tested whether they will stand for Ti and Do and against being marked by the BEAST, though some will exit their vehicles during that judgment testing tribulation period. (See Rev 16:2).

-Rev 7:1 And after these things I saw four angels standing on the four corners ((quarters)) of the earth, holding the four winds ((417 anemos= four principal cardinal winds, four corners of heaven)) of the earth, that the wind ((a violent agitation and stream of air)) should not blow ((breath hard)) on the earth ((including occupants)), nor on the sea ((salt)), nor on any tree ((oak, mighty human)).

In this context the wind depicts agitation, both in mental and physical ways - as generated by the Next Level to stimulate opportunities for change among humans. This is related to the provision of Next Level Mind and the reality of who this garden and all it's life forms really belongs to, interlinked to the way the Next Level fosters continuous opportunity to both attach to human roots (shown before and during the Moses classroom, by being monogamous, fair, just, responsible, restrained, committed, generous, etc.) and then to detach from those same roots when brought updates shown in the Jesus classroom. It's my understanding that when the Next Level does anything on earth it is with this objective in mind, as earth and it's evolutionary levels of life are all geared to the final product of potential new members in the Next Level. Therefore this appears to be a change in how hard that “wind” blows to bring the spading and recycling of the planet that provides for a new start.

-Rev 7:2 And I saw another angel ascending ((arising, climbing, (springing, going, coming) up)) from the east, having the seal of the living God: and he cried with a loud voice to the four angels, to whom it was given to hurt the earth and the sea,

Describing the angel rising from the east can seem to relate to the way the Children of Israel encampment was set up with the front entrance where Moses and Aaron and their tribe were camped in front of the Temple and Tabernacle grounds on the eastern part of the overall encampment. This relates to the way the U.S. east part of the new temple area is at the Mississippi River with Texas the first state and the final dwelling of Do and Crew being on the far west of the “temple” area in the little town of Rancho Sante Fe, near the small town of Escondido whose nearest big city is San Diego where they exited their incarnations from.

But showing the direction of this angels rising as the east, given this time period can seem very much to be referring to what was termed the “court” in Rev 11 and how it was not to be measured during the time of the Two

Witnesses but would be the testing ground for the “gentiles” - those who haven't yet progressed as much in the overcoming process as those who were migrated to the western U.S. to produce vehicles for those who were disciples of Jesus who gave their lives then. That western area is to be consumed by fire after those in the FIRST Harvest have exited by 1997. This LAST stage of harvest is referred to as the “winepress” and is largely conducted “without” (outside of) the “holy city” (the western U.S. new Jerusalem sized (1360 miles square) area).

Rev 7:3 Saying ((lay forth)), Hurt ((91 adikeo from adikos 94= injure)) not the earth ((ground)), neither the sea ((salt sea), nor the trees ((oaks)), till we have sealed the servants of our God in their foreheads.

This seems to reflect back upon the time starting with the Fifth Angel's Trumpet Sounding - what was forecast then to be set into motion at this time. In other words the 7 trumpets were heralding the setup of events for the FIRST AND for the LAST harvest periods. That is why this verse, set to the time period of the 6<sup>th</sup> Seal is shown to have been FIRST announced with some details before this time, actually starting in the 1940's when it's been shown the Fifth angel's trumpet first sounded.

The events announced with that sounding showed application then in the provision of the Luciferian (fallen angel) space aliens, shown as locusts, but mammals (like horses, speaking about the physical bodies they sat on (controlled)) being released from the “bottomless pit” hide out, but then show another stage of their release by further events outlined then during this LAST Harvest time, where once again the space aliens are the main instruments of judgment over humanity in the way they lure by promoting human values. Even loving one another humanitarianism is a characteristics of Next Level members to base their behavior and ways upon, but not in exclusion of giving recognition to the creators of it all in the first place and seeking to put Then first. Even the Luciferian space aliens love their own as do humans that kill one another, as Jesus also said.

The Luciferians also like a clean environment and Ti and Do said they want order in the world but all the environmentalism is for naught if we don't recognize how the earth was provided to us by Beings who are above human who want to help us outgrow our humanism. Sensuality, is perhaps the biggest way the Luciferian space aliens keep humans asleep as a

preoccupation with propagation and sexuality and the human family dominates most humans mind and energy expenditure. Here is the verse from the Fifth trumpet sounding:

Rev 9:4 And it was commanded them that they should not hurt ((91 adikeo from adikos 94= to be unjust, do wrong, be injured, be an offender, do wrong)) the grass of the earth, neither any green thing, neither any tree; but ((except)) only ((remaining, by themselves)) (those) men ((humans)) which have not the seal of God in their foreheads.

Everyone without the seal of God in their foreheads - on their minds is allowed to choose to align and thus be hurt by the Luciferian Space Aliens as they are perhaps over-ripened having come to identify with the space aliens as “space brothers” or the like.

It seems by the symbolism of “grass of the earth,” “green thing” and “tree” followed by specifying it's application to “humans” (men), the “Grass of the earth” refers to both the literal grass but primarily to the general human kingdom on earth and likewise regarding “green” to humans who have been seeded (seeded by the Next Level or tagged and/or given “deposits” of Soul containers) and have sprouted “leaves,” a further development towards becoming a “tree” that yields “fruit.”

**THE FOUR CORNERS OF THE EARTH EACH HAVE A CREW OVERSEEING:**

One might suspect these are the Four Living Beings spoken of here and in Ezekiel, each of which has a crew among the 24 Elder students of the Next Level, with one of those 4 Living beings being described as having the FACE OF AN EAGLE thus the reference to how an Eagles Wings help the woman (Ti) in Rev 12 when her vehicle as an offspring and thus product of the earth it attacked by the Dragon's “flood” - depicting the way the “waters” - as human thoughts were a huge mental attack on Ti - stimulated by the Dragon - Lucifer and his fellow fallen “angels.”

One of those 4 Living Beings I suspect was in the vehicle known as Lvvody, (Live-ody as in Living Being, perhaps not her accidental name choice), who had also been a nurse like Ti before awakening to their task. Lvvody helped Ti a great deal in her last days before Ti exited the incarnate portion of the task and first became a full time “helper” when Ti and Do moved to a “craft”

in Blackhawk, Colorado - high in the Rocky Mountains as shown in Psalms and Isaiah and in other ways as part of the new Mt. Zion.

When the attacks from Lucifer the Dragon started to most take their toll on Ti's vehicle was about 1983 when Ti had one of her eyes removed which is when the doctor said the cancer had probably spread throughout her entire body. It would be about two years later before her vehicle died. (It's interesting how many places in Utah are named in relationship to Middle Eastern places and though the classroom was seldom in Utah, it's the same mountains as we find even in Wyoming where the classroom first "stood" in their overcoming process depicted in Rev 12 as where the "woman" takes her "Son" and correctly assumed their "student body" after they finished their public testimony of about 1260 days by mid June of 1976.

Ti and Do also directed Ollody, the resident artist to draw and airbrush paint a scene of an Earth Lab. It was depicting a working model of the Earth that was hundreds of stories tall inside the dwarf planet Pluto. Suspended at each of four corner points was a flying saucer looking object that indicated some interaction with the planet.

Notice also in these verses of Rev 7, that the angel given "to hurt the earth, sea, trees" is instructed to wait until the sixth seal events and student allegiance affirmations are completed. The particular geographic area spoken of here seems to be the areas where the altar, temple and court were located as that is the territory humans were drawn to, where the the returning Souls for or against the Next are, which is why one can see certain calamities still going on in nearly all locations besides the United States. However, starting with the exit of Ti, Do and their student graduates from their incarnations, began more samples of calamities on the U.S. territory, though still very limited thus as "signs" of things to come. The earthquake during this 6<sup>th</sup> seal I suspect will be on U.S. territory.

The calamities being held back until the servants of the Next Level are sealed will also have a focus on the U.S. territory and are specified as the Seven Angels Pouring Out their Vials that conclude the tribulation period that provides the continued choice of whom to give our allegiance to but is spoken of as the Winepress and entails the much larger bloodshed of the masses.

Having determined who were on his (Do's) "right hand" and who were on his "left" the Next Level puts a seal on those on his right. Those on his "right" are those who are consciously working for the Next Level that includes shifting their allegiance from their human family to their Next Level family that would include fellow believers. These would also be shedding all forms of sexuality and procreative programming while "standing for Ti and Do" that includes sharing with others everything they said and did while they were incarnate.

-REV 7:4-8 SEALING OF THE 144,000 OR 144 AND A MYRIAD OF THOUSANDS - is a reference to the Souls from each Old Testament tribe of Israel that were saved for future planting from among the number given for the total tribe population of about "600,000 men," though the word "thousands" here may be questionable because the Hebrew can also be translated as "families or tribes," even though there is another Greek word translated to "tribe" in the same verses in Revelations chapter 7. I'm not sure which is the most accurate way to translate this number but the least it would seem to be is a type of sorting of stations of development among the planted "Souls" as we already know that all humans in any given vicinity where Older Members and Crew are associating with an incarnate presence are not the recipients of "Soul deposits." So one could also interpret these number references to "12 and a myriad of thousands" from each of those twelve tribes who are SEALED - saved, redeemed.

However with that said it keeps occurring to me, when I think about which is the more accurate way to look at the number, that Ti said, "all who came will return," the context of which was referring to all who were on the spacecraft where the BRIEFING was held before they came to take human vehicles, which included most who did not have physical vehicles (that would seem to have been Next Level student level vehicles, perhaps those that were awarded to some of Jesus apostles and/or disciples who gave their lives in service.

Since these verses in Rev 7:4-8 specify 12,000 for each of the 12 tribes (not paying attention to the way it can appear there were more than 12 tribes, but trusting these Revelations as accurate) by the names given in the Moses writings (mostly as some of that record may have also become to some degree distorted) this number 12,000 would seem to be an exact number brought back. After all, the Next Level can know how many Soul deposits

they make so that even if some of those souls don't succeed in taking over a human vehicle, the Next Level could seem to still keep them for another opportunity. They can be given as many opportunities as the Next Level wants to give them.

After all, in Revelations chapter 14 these all “stand on Mount Sion/Zion” which is the parched rise from the sea area of the western U.S. and all see the LAMB and the 4 Living Beings and the four and twenty elders and have their Father's name written on their foreheads and become unmarried and non-sexual and without guile (deceit/lies) and follow the LAMB wherever he goes which also pertains to those who awaken after Ti and Do and the 38+4 have exited in the fact that they left a thorough record and do make it known to those who seek to connect with them that they are alive and well on their crafts in outer space and thus SEE them and see how they follow the example of the Do and Crew.

But the SEALING is an affirmation made by these prospective candidates that they recognize Ti and Do for who they are and want to proceed towards becoming adult Members of the Next Level by seeking to be putty in Their hands and by STANDING for Them, in defense of Them, knowing that by doing so they will have to adopt all the behavior and ways Ti (Throne (God), Father, Jehovah, Elohim) and Do (Throne (Lamb), Jesus, Elijah, Moses, Enoch, Adam) have guided them to, which will include their separation from their humanness in every way, according to their will to do so with every step.

As this is said, re: separating from one's humanness and giving their all to include their life in the world, it seems to be another of the many ploys of the Luciferians to plant a thought (hiss), something to the affect of; “if one can't commit to giving their all immediately then they would be a hypocrite to only give some of their all.” Another ploy says the only way to give your all is to do what Do and Crew did - the way they laid down their lives, and close to that time (which the Luciferians would have us think about as a human time frame, when Do said “for a short time the window would be opened to go with them” (paraphrased).

Giving one's all is always a PROCESS. Engaging THE PROCESS is making application to Ti and Do's CREW and is getting on that road/path to even learn what ALL means by first being willing and by taking steps to fully

STAND for Them, that entails STANDING for everything They said and did and maintaining that STAND until one's exit of their human vehicle, however that occurs. Each will be rewarded by the Next Level for their “work” that includes the work of cleaning their own “robe” or “house” of human behaviors and ways as Ti and Do described.

Another ploy comes up when one comes across things Ti and/or Do said that they have trouble believing, so they can think they are not a good candidate or that Ti and Do are not who they indicated and showed themselves to be. Those are called doubts and go with the program to have. One who doesn't have any doubts just hasn't recognized them yet because to get rid of our misinformation mind means getting rid of many doubts while the adversaries (Satan) - the Luciferian Space Alien souls who on their own volition want us to rebel as they did, which they will say is “seeing the truth and light.”

What one can do when they come upon a doubt is to recognize it as an “influence” (misinformation) and shoo it away from their consciousness while asking Ti and Do to help them see past that doubt and then move on to keep one's forward motion no matter how tough it gets to hold onto Ti and Do's path. Do once compared this process to holding onto a cliff when you only have your fingertips keeping you from falling. (I remember having a subtle doubt to that. I didn't outright disbelieve him. It just didn't feel that hard to me, but that was because I was giving into my adversary in ways I didn't recognize by allowing certain human thoughts, feelings and behaviors, however seemingly mild or infrequent or disguised to remain in my personal “solar system” - to refer to the document Ti wrote called, “The Power of Goodness.”)

Another ploy, I just indicated I allowed myself to become the victim of, by falling because of, (though among a combination of reasons for) is to think we are adopting all the behaviors and ways and then think, even subtly, we are secure and even act like we are a beacon of light for others, as we see for instance in the hierarchies and among many followers of all the religions, their sects and among various spiritually inclined and/or who can be found within contactee groups or among any and all human organizations in the human kingdom. We can be trapped in this way if we are not consciously seeking to draw from the Mind of Ti and Do for virtually everything we do, though not busying ourselves with that so that it appears to ourselves and/or

others that we are doing that, in other words, asking to know their thoughts and what choices they might make in any circumstance, drawing from all they left behind to document their Mind's presence and then not assuming we got the right answer but proceeding with each step in such a way that it can be reversed as needed. Then we may be on solid ground but we students don't actually make that determination anyway - it's the Next Level Older Members and Crew who are monitoring each of us as we seek and it's always an option to separate from Them however subtly.

This sealing is being put on human vehicles so whenever the vehicle they have taken over sufficiently to bring to this affirmation dies, their Soul body, in whatever stage of development it is in, would be saved from what is called "death or hell." "Death" (Greek Thanatos) in this context seems to represent the part of the "spirit world" where some human spirits become part of when their physical vehicle dies, which is not salvaged, while "Hell" (Greek Hades) would be the physical area where Souls are sent (with or without the vehicles they currently have taken over for their primary usage), which I suspect would include those designated as the Space Aliens, because of how they originally did come from outer space environments, but who are to serve another prison term which may be juxtaposed with what's described as the abyss or "bottomless pit" that is under the earth and/or under the sea that could be referring to underground and/or under the ice/land continent, more particularly perhaps in the Antarctica vicinity. Both of these who are kept in their various areas termed DEATH AND HELL are recycled in the Lake of Fire. (See Rev 20:10-15) after the final judgment is decided for each person based on their "works" during their human experience(s). This would apply to both Spirits of the dead and Souls of the dead.

Essentially two points of view I got from Ti and Do to suggest that some of the numbers are flexible are related to Their saying this entire project recorded as a "garden" to grow souls to Next Level membership is an EXPERIMENT for the Next Level and that it's a free willed experiment so that They don't know how many will graduate. However that would seem to be related to the overall experiment that could be extended across any number of phases or ages (seasons) in that garden experiment where Ti and Do choose how many, even exactly, to give key positions to, that is in whatever departments where they grow according to their own desires continuously to have more significant service to the Next Level.

-Rev 15:6 And the seven angels came out of the temple, having the seven plagues, clothed in pure and white linen, and having their breasts girded with golden girdles.

I suspect depicting them as having their “breasts girded with golden girdles” relates them to the way the LAMB is also depicted and means he is celibate and not engaged in procreation or rearing human young any longer in:

Rev 1:13 And in the midst of the seven candlesticks one like unto the Son of man, clothed with a garment down to the foot, and girt about the paps with a golden girdle.

Thus, all these events come to a head during this time of the 6<sup>th</sup> Seal and are the start of the “great and terrible day of the Lord” - not quite having arrived in full steam until the time period of the 7 Angels pouring out their vial's - that show the Next Level's WRATH, that are only “done” - brought to a climax during and after the 7<sup>th</sup> vial's events.

SIGNS of this WRATH are the CALAMITIES the 7 ANGELS WITH VIALS pour out that were first announced and described during the prophecies in Revelation chapters 8 and 9 that included samples of each of the vials content and the human toll they take.

This verse also indicates the DAY OF WRATH (ANGER) is upon them who are living at this time, while it also shows that some can still STAND for Ti and Do, or if they have not heard about Ti and Do, STAND against showing their allegiance to the BEAST(s) (U.S. and E.U. and those aligned with them) by not succumbing to being MARKED in/on their;

- HEAD (possibly literally and/or as a figure as in allegiance in one's mind as in patriotism) and/or...
- HAND (possibly literally and/or as a figure as giving service to) and/or...
- as a NUMBER (possibly as in receipt of a digital identification such as a RFID chip implant) and/or...
- as a NAME - having a title or govt badge or position and show of Nationalistic loyalty and/or...
- WORKING FOR (worship of) BEAST's IMAGE defined as...
- **SPIRITUALITY**, even worship/service - belief in or because of a hologram like Fatima and there have been many IMAGES. This could even

be totally photo-shopped or hoaxed in some type of CGI video production that many will see and could believe or also foster disbelief in the real Signs, in what people also call “False Flags that includes False News Stories. I've seen firey crosses in the sky, even what looks like an image of a city in the clouds said to have occurred in China, many sightings of all kinds of said to be alien spacecrafts.

**-FALSE PROPHETS** - like whoever serves in the position of the Pope and the “holy see” hierarchy, but includes all the religious and modern day Spiritual leadership and advocates that are setting themselves up as guides and facilitators of a relationship with God or a Higher Power, with Jesus, etc. even teaching others that they are serving the Real God by having a human family or building a career if they think of it that way, disregarding the only way to have a relationship with the Real God is to project our asking into the distant heavens to ask what His will would be for us and to show us that will knowing that it will result in SEPARATION from our humanness, families, roots, but trusting They will lead us through it, in a way we can handle by looking to them continuously for help as it occurs.

**-FALSE GODS** - elevating humans and/or humanity and/or self to the godhead, as seen in the “ye are God's” mindset that says “god” is the COSMIC CONSCIOUSNESS or UNIVERSAL MIND (thinking of that in an etheric or space alien mindset), also described as thinking one has or has become the disciple of one who thinks they have...

**-“ASCENDED”** to becoming a CHRIST or in it's Tibetan Buddhist equivalent terminology the MAITREYA that is taught can become manifest in everyone and everything, though is suppressed in most and is only waiting to be acknowledged to then make one into a “hand of God,” another facsimile way of thinking.

**-RELIGIOUS IDENTITY** be it a belief or non-belief system (as in Atheists, (Do indicated was a good step away from religion and spirituality but can then also become another trap), or to Paranormal or New Age forms would also seem to come under the description of the BEAST'S IMAGE.

**- SPACE ALIENS** - seeing some as being “good,” often termed **Space Brothers**, even believing them to be participants in the creation and/or bringing of healing to the earth and/or to the human kingdom, even thinking about them as the Genesis Elohim “gods” as in Rael's Raelians and/or forming organizations around certain **Contactees** and/or **Channelers** of space aliens and/or so called **Ascended Masters**.

These who have accepted these depictions of allegiance to the BEAST will automatically become the TARES Jesus said were to be pulled up during the end time. Those who have rejected these forms of show of allegiance to the BEAST will be saved and seem to fall into one of two categories - Saved and given some service in the Next Level that could include receiving a “student level” physical vehicle or as Do referred to as being “put on ice” - though not literally, but showing they are in some type of storage so they can be brought back for their next opportunity to grow - perhaps like a gardener storing bulbs for a future planting.

The Next Level's anger is not equivalent to human anger. They are displeased by those who insist on trying to destroy the fruit in Their garden. At this point showing that anger with harsh calamities on earth are actually giving some a final chance to change their chosen allegiance though I believe the greater purpose to showing their “anger” is for the benefit of those vehicles who could still STAND for the Next Level against those who are the TARES, those planted by the Luciferian space aliens by convincing human vehicles (and the Souls who have taken over a particular vehicle) to embrace some facsimile of thinking from the Next Level). That is also the point of laying all this out well ahead of time as experiencing trauma can be a last ditch effort to stimulate an awakening in any that still have that potential.

Now that the 144,000 are sealed the full wrath of God can be unleashed in the 7 Angels pouring out their vials:

Rev 15:7 And one of the four beasts (([This is a clear mistranslation to beasts - These are Living Beings])) gave unto the seven angels seven golden vials full of the wrath of God, who liveth for ever and ever.

Rev 15:8 And the temple ((3485 naos from naio= to dwell)) was filled with smoke from the glory of God, and from his power; and no man was able to enter into the temple, till the seven plagues of the seven angels were fulfilled.

The smoke from the glory of God refers to the way incense was to be burned with a burnt offering in the Moses classroom, perhaps turning the idea of such a sacrifice of our own flesh into a pleasant aroma for the greater reward, as service to the Next Level through our Older Member's commission. Thus our sacrifice would be giving the “glory to God.”

But before each of the Seven Angels with Vials is fully made manifest,

Revelations chapter 17 describes the overview of the Judgment of the Great City (“woman”) and how the U.S.:

It is in Rev 17 that the “woman” is defined as the “Great City that “reigned over the kings of the earth,” with those kings fully engaging their “worship of false gods” - turning their backs on the real Kingdom of God by breaking the Next Level “commandments” - engaging in the worship of false idols of gold and silver and gemstones (diamonds, etc.) obtaining and hoarding and warring with nations over resources, profits, markets and geographical areas, justifying murdering and thefts and thriving financially while many of the masses of people are made drunk - intoxicated by their abundance of pleasures, sensuality, sexual promiscuity, etc.

Ti and Do talked about how those hormones that are stimulated by constant sexuality keep flowing through a human system and even render most unable of see the truth when it's before them and how it is equivalent to being intoxicated by alcohol (wine). To a seasoned alcoholic one could ask them if they were intoxicated and they can be so accustomed to being drunk they don't know how drunk they are even though they may be able to walk the straight line and not slur their words. With sexuality, it really boils down to not having what would be common sense to someone who was not intoxicated with those chemicals circulating throughout their biological systems. Ti and Do said that the Luciferians kept promoting increased sexuality to keep humans unaware of the realities the Next Level that is periodically made evident.

This “woman” as with all prophecy represents several literal and figurative manifestations in reality and especially at this END TIME. Overall she is the “Mystery Babylon” - the Secret Government of the United States of America - described at first as Lady Columbia in the beginning of the country that turned into Lady Liberty and Lady Justice. She is described as “sitting on a scarlet colored “poisonous beast.” Scarlet is red and the beast is described as having seven heads and ten horns, which is the way Rev 12:3 describes the “red dragon” that is thrown down from heaven with the third - the fallen angels who go after the Rev 12 “Woman” and her “son” the Father and the one who was incarnate in the name Jesus who is BORN TO THE THRONE POSITION by performing his task of birthing their student body of “saints” into Next Level Membership, this Heavenly Father incarnate in the name

“Ti” started him, in the name “Do” upon in the task assignment described as the Two Witnesses.

The BEAST constituents are humans and human equivalent space aliens who seek to create the New World Order, because all the Souls who fell away from Next Level student membership were let out of their prison cells for yet another opportunity to change, though it may have been next to impossible anymore and they seek out humans to help them try to escape the recycling and gain new members by stealing souls.

These space aliens provide the catalyst for those Souls who hadn't fallen to grow more by dealing with their influence - trying to take over human vehicles when the Two Older members came incarnate and after they exited those incarnations by using the same Mind they left behind as available through their writings, video's and audios and the “backside of their book” (Bible) record interpretation, largely provided in this “little book” - little as compared to what Ti and Do and their graduate crew of 38 wrote from “within” (reference Rev 5:1 and Rev 10).

The woman is described as arrayed in Purple (blue) and Scarlet (red) the colors of the New York City flag and is later described as a “queen” and has a “golden cup in her hand” - a way of saying the person most fulfilling this latest position over the BEAST has the reigns of the financial system of the U.S. which brings up New York City because that is where the Federal Reserve bank headquarters is located that may have the biggest gold reserve in the world in it's vaults and is where some of the biggest investment banks are based on Wall Street. We also know that the two great Falls of this Babylon the U.S. and it's great city of Babylon - NYC, occurred with the 2001 World Trade Center attacks and the 2008 Financial Crisis. Another Gold vault was located in Deutschebank under the World Trade Center tower 1 and the pentagon strike hit the budget office that just so happens vanished all the records that were under scrutiny on 9/11/2001 to the tune of many trillions of dollars not accounted for.

This has all taken place during the Red Horse and Black Horse reign and will come to a head with the Green (pale) horse reign starting in earnest in 2017 as the next president is about to be ushered into office that at this point will be either Hillary Clinton or Donald Trump or Bernie Sanders, all of which are linked to NYC in major ways, while Bernie is from the green mountain state.

These descriptions in Rev 17 also match the Statue of Liberty design in a number of ways so it seems the “great city” is depicting America, but in specific ways NYC and Los Angeles. NYC was also the first capital of the U.S. and is the home of the United Nations and like Los Angeles is significantly influenced by Jewish people at the helm of the Banks, Media (including the entertainment industry) and government.

The reference to the seven heads being the seven mountains wouldn't make sense to just refer to Seven foundations of power as the prophecy would have been more direct to refer to them as kingdoms. Therefore there must be a significance to the use of the term “mountains,” so one might consider the seven continents comprising the Earth's land mass but even more so perhaps 7 underground hiding places, one in each continent where the forerunner space aliens who took the helm of each of these G7 powers had been hiding during the Noah flood, facilities that may have been developed during the end of the previous civilization, described as Lemuria (mu) and/or Atlantis.

Of these Seven, five failed/fell so would seem to be the United Kingdom (Great Britain that includes Scotland), France, Germany, Italy and Japan - who were destroyed during WWI and WWII (though there are several parallel interpretations further back in history, replacing Japan with Spain that all had global wide empires during the time the U.S. was being set up. Going back before Jesus incarnation can be made to work as well but is not in the most direct context as we are in the last days. The context of Rev 17 is this time period of the Judgment and Avenging hour during the 6<sup>th</sup> Seal's opening right before the 7 angels pour out their vials. That would be the 40 year period starting at the First Seals completion period, at the exit of Do and Crew's incarnation from March of 1997 to approx. 2004-2007. Most all Next Level events start and stop over a period of about 3 1/2 years in between larger cycles of 40 years (hour) and Seal periods of about 7-8 years (thus a combination of 7 seals over 49-50 years and a season as 2000 years.

Verse Rev 17:1 starts by referring to one (or the FIRST of the Seven Angels which had the Seven Vials (plague/calamity (Wrath of God) instigation) as showing the “judgment of the the great whore” thus is before all the 7 vials are poured out in the timeline.

By the way, these Seven Angels with Seven Calamities/Plagues (Vials) are each represented in what the Lord said would happen to those that disobeyed

his commandments which mimic that plagues enacted on the Egyptians when the Lord was compelling them to release the Tribe of Israel. These can be found primarily in Deuteronomy chapter 28.

Verses Rev 17:2-9 describe how the Kings of the earth indulge in “false idol worship” with the “woman,” becoming “drunk” on the “wine of their fornication.” The woman is described as being shown in the “wilderness” - what the U.S. was at that time and how she was sitting on a “scarlet colored beast full of the names of blasphemy with seven heads and ten horns. This compares with the BEAST that came out of the bottomless pit during the time of the fifth angels trumpet sounding in the 1940's-50's time period that goes on to “subdue” (said as overcome) the Two Witnesses - Ti and Do as shown through the state controlled media against Bo and Peep (the silly sounding names they chose to use when they realized some wanted to become their students and go with them, leaving all behind to do so).

This is also the BEAST shown in Rev 13:1 rising out of the sea, an indication where the opening to the bottomless pit was and demonstrating why there were many sightings of UFO's descending into the Great Lakes and other large bodies of water that could very well include Antarctica which is in a big way ice thus frozen sea. This BEAST is given power by the “dragon” who is described as the “devil” (slanderer, false accuser, who opposes God, prince of demons) and the “old serpent” (reference to the same one who deceived Adam and Eve and Satan (adversary, Beelzebub, enemy of God, full of falsehood and malice) in Rev 12:9). One head of this BEAST is the U.S. and it's secret government - the “mystery Babylon” that developed over time to cover up the space alien revealings and the technology some in the U.S. are using to advance their own technology from having. The woman is described as dressed in purple and scarlet. The Beast is described as having 7 heads that are like “mountains” which refers to the current lead nations of which the U.S. is the biggest also described as having been wounded, in what I believe was in the 9/11 attack.

In Rev 16:4-6 the Plague from the third angel pouring out their vial upon rivers and fountains of waters give rise to “bloodshed” and shows how these people, who are the human vehicles and space alien Souls using human and hybrid human equivalent vehicles are the product of the migration and resurrection of the unjust - Jesus spoke about saying would return (“those

who pierced him”), the “tares” sown by the enemy of the Next Level, the Luciferian space aliens (Souls who renegaded), being the same Souls who have shed the blood of saints and prophets all along even to date as a lot of this shedding of blood takes place during the 4-6<sup>th</sup> seal time periods. These who do the blood shedding are also those who have accepted the Mark of the BEAST and/or work for (worship) the BEASTS “IMAGE” - people's religious and spiritual self righteousness no matter their label, who work for (worship) false idols (False Gods, False Christians) often characterized as in the accumulation of wealth and/or believe in a facsimili “copy” illusion of the Next Level as in a hologram like Fatima.

This WOMAN is a symbol of a generator that was initially encapsulated as the “city and temple of/in Jerusalem” shown initially in the start of the U.S. as Lady Columbia that became Lady Liberty largely made up of the influence of the 10 Lost Tribes of Israel who were scattered to the four corners of the earth, with the U.S. the last fourth quarter. She is localized as Babylon focused on New York City as the financial center of the BEAST America that had two major falls before this time:

Rev 17:6 And I saw the woman ([[also in this context= Jerusalem (the Kingdom of Israel)])]) drunken with the blood of the saints, and with the blood of the martyrs of Jesus: and when I saw her, I wondered ((2296 thaumazo from thauma 2295= to wonder)) with great admiration ((2295 apparently from a form of theaomai 2300= to wonder concretely, looking more closely at));

The blood of the saints would be anyone who died on behalf of the truth that Ti and Do and Jesus taught, which would include Jesus' reference to Jerusalem as those that made claim to being the descendants of the Tribes of Israel who Jesus said, “killed the prophets and stonest them which are sent unto thee” as they also did to Jesus and his disciples and is the reason given by Jesus that the Kingdom of God would be taken away from them and given to a new people and why their “house” (dwelling, and Next Level Family relationship) would be rendered waste (made desolate) and they would only be visited by someone sent to them representing the Lord. There are two ways to see the usage of “Jerusalem” and I believe both are applicable. A city is nothing but an area of human habitat that is located in a specific place. Therefore Jesus was saying he would not be returning to those people of that

ethnicity who the Next Level had been nurturing til then, which would include that vicinity, to have his next classroom. They would have to receive his next stage of lesson plan from someone acting on his behalf.

Nevertheless, Do examined going to Israel, even with the student body, several times while I was in the classroom and eventually did travel there with Lvbody and Jnnody sometime after I left them, thus between October of 1994 and when they exited their incarnations in March of 1997. I read that He said he didn't feel his Older Members Mind there any longer so only stayed a short time. As I've been saying all along, neither Ti or Do used scripture as their instruction of what to say and/or do. They referred to those records for clues on next steps and occasionally to illustrate certain lessons, saying the Next Level worked hard to preserve the accuracy of what Jesus had said, to be a help to whoever returned and to their students. Had they based what they said and did on those records, they probably never would have visited Israel because it seems clear from several things Jesus said, that when he returned it would not be to that people and geography.

Mat 23:37 O Jerusalem, Jerusalem, thou that killest the prophets, and stonest them which are sent unto thee, how often would I have gathered thy children together, even as a hen gathereth her chickens under her wings, and ye would not!

Mat 23:38 Behold, your house is left unto you desolate.

Mat 23:39 For I say unto you, Ye shall not see me henceforth, till ye shall say, Blessed is he that cometh in the name of the Lord.

Rev 17:7 And the angel said unto me, Wherefore didst thou marvel? I will tell thee the mystery of the woman, and of the beast that carrieth her, which hath the seven heads and ten horns.

The mystery of the woman refers to the SECRET GOVERNMENT - Babylon, again centered on NYC and LA which it seems involves the Wall Street Banker Conglomerates and the entertainment industry, largely headed by descendents from the 10 tribes of Israel that went against the Next Level and are those who “pierced” Jesus who Jesus said would also be returning when he with the saints returned to finish their overcoming process. We can limit these to “Jews” because those descendants intermingled with gentiles whenever they were scattered and especially pertaining to those who escaped Germany during the WWII migration to the west - and essentially the United

States where they began to have more and more influence and rose to positions of power in government, in entertainment, in banking and in corporations alongside their counterparts in Europe to form the basis of the One World Government that merged with the Eastern cultures in India, Buddhism and Hindu for the New Age Movement that is also prevalent especially in the Baltic states of northern Europe that amounts to the “little horn” of Daniel and is all summed up as the Seven Head and Ten Horn BEAST these transplanted Jews, as the Woman is carried by, even the Israeli state is carried by.

Rev 17:8 The beast that thou sawest was, and is not; and shall ascend out of the bottomless pit, and go into perdition: and they that dwell on the earth shall wonder, whose names were not written in the book of life from the foundation of the world, when they behold the beast that was, and is not, and yet is.

I believe this is indicating the BEAST as Souls who like all souls come from the DEPOSITS the Next Level made into human vehicles that did experience enough growth to where they had some elementary service to the Next Level where they were provided with spacecrafts to fulfill certain tasks (as Watchers), but in this case are the ones who the Next Level eventually sentenced to prison under the earth (Hades/hell), which it seems included whichever physical bodies they propagated by whatever form of hybridizing or commandeering during the times they were allowed to circulate among certain parts of the earthy population. Therefore, they “were” would seem to refer to their having once “existed” to the degree they initially pleased the Next Level as student members because that's what “existing” meant. The word Jehovah means, “I Am” or “I Exist” because as long as we seek to be counted among the Next Level Older Members “Family” they will help us do so, but that means trying to change our behavior and ways to their behavior and ways, as they help us do so by the current lesson plan provided by each most currently present Older Member.

So these who fell from that relationship, who Ti and Do said were given many chances to recover from, by their own doing eventually reached a point of no return. They lost whatever Next Level Mind they had and/or it was taken away as Jesus indicated would happen to those who don't take advantage of repeated opportunities to change and that renders them waste

but even waste can be of some use to the Next Level to stimulate the growth of others who are coming up. Thus they were allowed to come up from that underground imprisonment and it even seems this was yet another chance for some of them to change, to potentially “exist” again, however slim chance there might be. Existence is not automatic. It's a forward motion that only exists as long as we keep it moving forward, which Next Level members thrive upon doing - having tasks for their Older Members. Humans experience this and Jesus even referred to this process in a parable of how if we can be trusted by an employer or king or someone in the human kingdom who has a position of leadership, then we can learn to be entrusted by Older Members.

It's only the Luciferian misinformation that would look down on providing service to “God” as if one is then being controlled, when the fact is that humans are very much being controlled but at times don't know it because they can't always see their handlers because they are either in a discarnate condition or on a spacecraft that's cloaked and are subject to remote mind control technologies that the Next Level doesn't practice but that Do said the Luciferians do.

Rev 17:9 And here is the mind which hath wisdom. The seven heads are seven mountains, on which the woman sitteth.

So the Seven Heads are Seven Kingdoms (rises above the plains) who at various times dominated parts of the seven continents of the earth and still do via their financial and military strength (horns) seen as the Global 7 (G7).

Rev 17:10 And (there) are ((agree, be, dure, X is, were)) seven ((affirmed, committed)) kings ((foundations of power)): five (are) fallen ((alighted; to fall, fail, fall (down), light on)), and one ((a(-n, -ny, certain), + abundantly, man, one (another), only, other, some)) is ((2076 esti= are, be(-long), call, X can(-not), come, consisteth, X dure for a while, + follow, X have, (that) is (to say), make, meaneth, X must needs, + profit, + remaineth, + wrestle)), (and the) other ((more, one (another), (an-, some an-)other(-s, -wise))) is ((2064 erchomai= accompany, appear, bring, come, enter, fall out, go, grow, X light, X next, pass, resort, be set)) not yet ((hitherto not, (no...) as yet, not yet)) come ((erchomai)); and when ((as long (soon) as, that, + till, when(-soever), while)) (he) cometh ((erchomai)), he ((they)) must ((1163 dei= it is (was, etc.) necessary (as binding)= behoved, be meet, must (needs), (be) need(-ful),

ought, should)) continue ((3306 meno= abide, continue, dwell, endure, be present, remain, stand, tarry (for), X thine own)) a short space ((3641 oligos= + almost, brief(-ly), few, (a) little, + long, a season, short, small, a while)).

The “one that dure for a while” could refer to Russia who was part of the G7 but was cast out because of their annexing of Crimea, yet remains a partner to the U.S., in their space programs, seemingly having the same recognition of the reality of the space alien agenda, I imagine next to none in government trust the agenda of, though some have been convinced some are good aliens and that the Next Level (who they don't know are the creators) are the bad aliens coming, which of course, as these are actually seen by the Next Level as weeds, planting the “tares” are the creatures who the Next Level will extinguish so they can start a new civilization fresh.

Rev 17:11 And the beast that was, and is not, even he is the eighth, and is of the seven, and goeth into perdition.

This BEAST is indicated to have it's origin from the seven which means the BEAST came from the seven heads. This seems to relate to the way “another beast” comes up from earth (human kingdom) that “exerciseth all the power of the first beast before him”:

Rev 13:11 And I beheld another beast coming up out of the earth; and he had two horns like a lamb, and he spake as a dragon.

Rev 13:12 And he exerciseth all the power of the first beast before him, and causeth the earth and them which dwell therein to worship the first beast, whose deadly wound was healed.

The first BEAST's deadly wound would be the 9/11 WTC attacks that appeared to be healed from and did what it was to provide - the emergence of total power for the Mystery Babylon - the U.S. secret government that is the “BEAST.”

Rev 17:12 And the ten horns which thou sawest are ten kings, which have received no kingdom as yet; but receive power as kings one hour with the beast.

The one hour spoken of here is the “judgment and tribulation hour” that precedes the full wrath of God as shown by the Seven Plagues (vials) being poured out on the world. This time period seems to start around the turn of

the millenium (2000) and would mark about a 40 year period of time for all to be finished by, when the BEAST and FALSE PROPHET are dissolved in the Lake of Fire that then starts the 1000 years before Lucifer himself (and perhaps his associates) are recycled as well with the areas of the spirit world, termed DEATH and HELL where the discarnate spirits and souls are.

Rev 17:13 These have one mind, and shall give their power and strength unto the beast.

Rev 17:14 These shall make war with the Lamb, and the Lamb shall overcome them: for he is Lord of lords, and King of kings: and they that are with him are called, and chosen, and faithful.

This battle (war) seems to be referring to the way these 10 horns are waging war by diverting monies to all the technical development programs they hope they can use to literally physically combat what they think are an evil space alien race. Some humans have embraced the spin from the Space Aliens that there are good and bad space aliens. Naturally the ones who think they are the good space aliens want to preserve the earth to include their human DNA pool they draw from for their hybridization projects that they don't seem to talk about to their those humans who have become their contactees and channelers and what are false prophets to the Next Level. At the same time they don't mind destroying the earth if it forwards their agenda to do so, which we see is the way of the humans who are among the 7 heads and 10 horns (hairs) of the BEAST.

For instance by forwarding the development and usage of nuclear energy and the development of weaponry, as they know they need to have certain elements that can serve them in space travel and colonization efforts. And they justify the weaponry to wage the war against the Next Level who they deem another race like them, but with more technology in their reach. Of course, the Next Level can be seen like that, though they are not really a race, a characterization of creatures in their creation because Next Level Members are not mammals, one of the reasons humans with souls provided them who are making application for membership in their Above Human Evolutionary Level must cease mammalian behavior and ways while they are still in the human mammalian evolutionary kingdom because in doing so they are rising above those characteristics and growing the Mind/Spirit “muscle” into a Being that can be moved into a physical vehicle that doesn't have mammalian

capacity.

There is no contest with the Next Level, yet the humans and space aliens prepare for it. It's not the same battle as was first depicted in Rev 12:7-16 as that was the FIRST HARVEST battle that is a battle for “souls” with the “dragon” - the Luciferian space aliens, that only involves humans in the way they put out propaganda against the Next Level and Ti and Do in particular. The battle for souls is ongoing, though with a different set of potential students, depicted as those called the remnant, or remaining (after the First Fruit have exited (been harvested) who are also referred to as those who “keep the commandments of God and have the testimony of Jesus Christ.”

Among this FIRST Harvest group are some that begin their “metamorphosis” as they become aware that Ti and Do were the incarnate return for the FIRST harvest as their primary task but that in the follow up, others can show their allegiance to their Next Level - Kingdom of God/Heaven by adopting all they taught to the degree they choose and who are rewarded accordingly but will be sacrificing their lives by “standing for Ti and Do” because a degree of that standing includes what Jesus taught was in the “laying down of their human lives,” because they will be taken to task by the religious leaders who will call Ti and Do anything but who they really are, just as they did with Jesus. These adversaries are the return of the souls who saw to it that Jesus and his disciples were killed - in new human vehicles just as Jesus said would happen.

Some religious leaders will justify stopping Ti and Do's truth about Jesus from being shared, even by killing those who are standing to stop them and their influence on their congregations - thinking doing so was stopping their “blasphemy” so justifies killing in the name of their “God” who will be a false ALIEN/STRANGE God they have become in allegiance with while referring to these false Gods by the same records and names in the records.

Rev 17:15 And he saith unto me, The waters which thou sawest, where ((the place)) the whore sitteth, are peoples, and multitudes, and nations, and tongues.

These would be the “melting pot” of people who populate the geography of the United States (BEAST) which is the “great city” - the “woman” named the “secret (government) (Mystery) Babylon” sits upon as it's “queen”

personified as New York City whose most influential populous are linked to the 10 tribes, referred to as the Kingdom of Israel (after the tribe of Juda and Benjamin broke off), also described in records as a woman, “Jerusalem” who in this END TIME are taken over by “souls” who dropped out of a previous Next Level overcoming of humanness effort, some of whom became instrumental mounting their hatred for Jesus and his students, who were brought to this new land in the America's who would position (sit) among the elite in the great New York City, whether still in Jewish but often mixed with Christian (Roman Catholic) and often the catch all “new age spiritual” to include unconventional Buddhists, paranormalists, pagans, gnostics, atheists, etc.

Rev 17:16 And the ten horns which thou sawest upon the beast, these shall hate the whore, ([[sell their souls and bodies idolizing themselves for their accomplishments and accumulation of treasure (money), wealth and how it sets themselves apart and seemingly above others as a provider or big influence and motivator that has power over others]]) and shall make ((abide, agree, appoint, X avenge, band together, bring (forth), cause, commit, execute, exercise, fulfill, gain)) her ((their own)) desolate ((lay waste)) and naked ([[make their own nature exposed]]), and shall eat ((consume)) her ((their own)) flesh, and burn her ((their own)) with fire.

Jesus was considered to be the “horn of salvation” (Luk 1:69) and there are SEVEN SPIRITS the Lamb sends to all the earth's inhabitants who are described as “having horns and vision (eyes)” (Rev 5:6) so would be depicted in other references as part of the Next Level's “army” who are on the ground incarnate, having taken over human vehicles with the Lamb and with the Father, (since He too came incarnate to get his “son,” the Lamb started in his task to bring their student body through their “spirit/mind birth” during this third trimester.

“Horns” are used to describe these because they are Next Level SOLDIERS/ARMY that will give their vehicle's life in service of their Older Member(s) (initially prepared for that service by the first trimester lesson plan that provided four lambs horns mounted on the four corners of the altar of fire where Aaron was instructed to sprinkle blood from the sacrificed animal upon). Horn is from the primary word for “hair of the head” that identifies them as operating through human mammalian vehicles. Adult

Members of the Next Level don't have hair or horns anywhere on the vehicles that are grown and provided to student or new adult Next Level members to use.

This use of “horns” is not referring to current Next Level Members. The Great Red Dragon in Rev 12:3 is depicted to have Seven Heads and Ten horns and diadems (crowns) on his heads, meaning they are BOUND to what they have become and are behind the Kings of the earth. In Rev 13:1 the BEAST - also described as mystery Babylon - the secret largely silent government behind the U.S. government seen by most as the only government, is shown to rise out of the sea by the sandy shore. This Beast is described as rising up out of the bottomless pit - in other words the SPACE ALIENS, and the human individuals and organizations that came about because of that space aliens (who are all the human vehicles used by the Luciferian fallen angel souls). The first such organization seems to have been the CIA during this latest rise of the BEAST which became the secret government that was allowed to clandestinely take over after Do and Crew exited in 1997 as shown in Rev 13:1's BEAST rising out of the sea:

Rev 13:1 And I stood upon the sand of the sea, and saw a beast rise up out of the sea, having seven heads and ten horns (2768 keras= from primary kar (hair of the head))), and upon his horns ten crowns ((1238 diadema= a “diadem” bound, be in bonds, knit, tied, wound about the head)), and upon his heads the name of blasphemy.

#### - HORNS OF DESOLATION:

The “ten horns” are “ten kings without a kingdom,” essentially the western financial ministers (G10), the wealthy royal families the ministers represent, that are largely rooted in the Banking Families throughout Europe but with their descendants, counterparts, representatives and constituency throughout the U.S., still maintaining their power and influence and who become the instruments of the New World Order Agenda that “lays waste,” to the New York/Washington D.C. axis of power, that is sat upon by the “great city” (woman), that was originally thought of as Jerusalem, while today's equivalent is Los Angeles and the U.S. southwest because that is where Ti and Do returned to, so moved the Kingdom of God to include the New City Jerusalem by doing so. These are largely subservient to the heads of the beast, the Seven Kingdoms who became global-wide in their ambitions,

colonization and dominion.

It financial crisis that lays waste to the U.S. shown by the trillions of dollars of indebtedness the U.S. is in - mostly beholdng to foreign banks. These Ten Horns hate the Jewish leadership of the U.S. Beast (as the Jews are the biggest group who personify the Woman) who get their power, as does the BEAST from the Luciferian souls via their discarnate and incarnate (space alien) presence.

The TWO FALLS of the 9/11 attacks and the global financial crisis of 2008-9 are the biggest examples of what renders the U.S. a wasteland, though does stimulate more openness to the Next Level's reality for some but for a majority makes them side with many factions who are against the status quo.

**-HORNS THAT MAKE HER NAKED:**

Here being made naked is an indirect result of the HORNS agenda because it becomes obvious to those who still have eyes to see by and see the handwriting on the wall because the deceptions and coverups employed to divert attention from the genuine agenda become obvious to anyone who pays attention which becomes a test for one and all in whether or not to participate in:

**-HORNS EAT HER FLESH:**

In other words, these Ten, are so to speak, “in bed with” the whore - using her (flesh), employing her powers and influence, profiteering from her every move. Like said, they are of one mind and that mind is the Luciferian mind.

**-HORNS BURN HER WITH FIRE:**

By Making her desolate, bankrupt and poverty stricken, USING her flesh for more profiteering all over the planet and the exposing of her true agenda many enemies are made and many are within it's own shores because it had become the worlds biggest “melting pot” - the Next Level plan to have every opportunity for every Soul returning to become exactly what they wanted to become that would end up being their own self-judgment of whether to be for or against the true kingdom of God.

In Rev 11:13 the “shaking” (earthquake) says a “tenth part of the city fell.”

Since NYC as the main group personified as the Woman the World Trade Centers being one of those ten horns - financial kingdom centers fell literally though the BEAST still survived it.

The 10 financial “horns” - instruments of power to set agendas and pay for propaganda and coverups and trade pacts and space based weapons systems and monitors and communications, etc. took a fall from it's surface operations to be able to divert monies into what they wanted to do to combat the alien threat and/or hide underground from it or escape the earth altogether.

(For earlier interpretation of Revelations chapter 17 and the relationship to the 9/11 FALL and Injury to the one of the Seven Heads (the U.S. head) and the FALL of the financial “horn” see section: **III.D.10. REV 11:13**)

Isa 9:18 For wickedness burneth as the fire: it shall devour the briers and thorns, and shall kindle in the thickets of the forest, and they shall mount up like the lifting up of smoke.

(For further interpretation of the Ten Horns see section: **III.D.10.A. THE TEN HORNS OF THE BEAST.**)

So the Global Ten or Group of Ten (G10) most seems to embody the BEASTS Ten Horns. Switzerland was even added a short time ago and the name stayed G10, which may have even been a Next Level instigation to keep to the prophecy. They are the finance ministers of: Belgium, Canada, France, Germany, Italy, Netherlands, Sweden, The United Kingdom, and The United States and the eastern bank of Japan. Since these are described as part of the BEAST, which represents the combined manifestation of the human equivalent Space Aliens working with, influencing and pressuring by their presence and agenda's for the U.S. to create a “secret govt” “Mystery Babylon” to keep from the public the truth, as the U.S. mounts their strategy to war against them - even thought of as the “bad” verses “good” space aliens. I believe the Next Level's showing of the cityscape of lights on CERES and the earth like conditions on Pluto and many other events in the heavens is stimulating a huge escalation of the alien agenda that includes showing the public more of what they are becoming aware of, let by online media such as Yahoo news.

This, along with all the unseen things that are happening is the equivalent of setting fire on the U.S. in terms of people feeling pressures, worried about the

future, having short tempers and more prone to violent outburst's as well as standing up for others rights, etc. that make for more confrontations with others - and especially with the governments police who are being shown are often steeped in corruption while striking out at those who are rebelling violently, if only in word or by not cooperating or acting subservient to the authority figures that can inflame the power enforcers if they too are unstable or unsettled in what's happening and their participation. In other words we are all in a caldron and the heat is building and then becomes violent attacks - gun battles, mass shootings, and many other forms of killing and rebelling from the status quo whether it's thought out or not, whether it's organized or not.

Ti and Do said of this time that each human will become what they believe. From what some killers have said, they knew they were doing wrong by killing people but they felt they had to give in to that force - become it's channel to enact justice upon others that deserved that justice.

Rev 17:17 For God hath put ((adventure, granted, shew, yield)) in ((as, by)) their ((their own)) hearts ((thoughts, feelings (mind))) to fulfil his will, and to agree, and give their kingdom unto the beast, until the words of God shall be fulfilled.

The Next Level takes advantage of the humans and human equivalent space aliens desires and agenda to fulfill their prophecy as they know what these lower forces want to do right from the time they let them out of their bottomless pit underground “prison cells” hiding places, though the particular ways in which their efforts will be made manifest in language and projects can vary so the Next Level has a big job to monitor and respond to.

Rev 17:18 And the woman which thou sawest is that great city, which reigneth over the kings of the earth.

As shown, it's the U.S., also as the fourth part of the world, that is to experience a great deal of death as shown starting during the “judgment hour” (approx. 2004 and the fourth seal time period in Rev 6:8, beginning more around 2017), that is bringing judgment upon “herself,” thus shown as being “burned with fire,” from sea to shining sea, thus from the west coast to the east that is a result of the actions of the BEASTS “ten horns” - the military and financial powers stimulated to escalate their actions all over the

world that comes to a head during the 9/11 attacks and the financial crisis that stimulate hatreds of American's by many peoples, while still gleaning profits because of. The U.S. credit rating lost it's AAA rating around 2012 and there are disputes with Germany over the gold stored in the U.S. federal reserve - the U.S. isn't giving it back to Germany when they asked for it, saying they changed the numbering system on the gold bars which for some reason made it complicated to determine which gold bars belonged to Germany, which makes no sense. The U.S. public is only fractionally aware of such things and there are no doubt many more. Only a very few allies went along with the Iraq war. Millions demonstrated against the U.S. and Great Britain's invasion all over Europe and in the U.S. to no avail.

Revelations chapter 18 continues to show this “burning with fire” via humans in their governments as the “falling twice... of Babylon the Great”:

Verse Rev 18:1 indicates a lighted spacecraft (angel) comes down from heaven with great power and glory, which is shown in Rev 14:6, where the “lighten” is provided via the internet or middle heaven starting with Do and Crew's 7<sup>th</sup> Thunder - their Heavensgate.com web site that shortly thereafter starts the 2<sup>nd</sup> seal's start of the Judgment Hour in 2004.

Rev 18:2 And he cried mightily with a strong voice, saying, Babylon the great is fallen ((fail, fall, fly)), is fallen, and is become ((generate)) the habitation of devils, and the hold of every foul spirit, and a cage of every unclean and hateful bird.

Rev 18:3 For all nations have drunk of the wine of the wrath of her fornication, and the kings of the earth have committed fornication with her, and the merchants of the earth are waxed rich through the abundance of her delicacies.

This is directly in sync with the third seal starting around 2008 as the timeline of:

Rev 14:8 And there followed another angel, saying, Babylon is fallen, is fallen, that great city, because she made all nations drink of the wine of the wrath of her fornication.

Babylon falling twice can even relate to “lighting/flying down” as in airplanes hitting the World Trade Centers - speaking Babylon as the “great

city” spoken of before as the Woman and calls it “a habitation of devils and the cage/prison for every foul spirit and of every unclean and hateful bird.” Any city is not about it's incorporation or even it's boundaries - it's made up of people, so this woman represents a “great people” and the only people during this civilization the Next Level has referred to as “great” are those from the 12 tribes of Israel. It was reported days after the 9/11 attacks that Israel and Germany and Russia and other nations warned the U.S. of the pending attacks and FBI agents were informed of using airplanes to attack buildings, even though G.W. Bush said such was unimaginable and Secretary of State, Condoleezza Rice overlooked or didn't think were important or unusual or ignored the memos about Bin Laden's pending attack - even though that may have been scapegoating Bin Laden who was allegedly filmed soon after the attack saying it wasn't his doing.

Rev 18:4 And I heard another voice from heaven, saying, Come out of her, my people, that ye be not partakers of her sins, and that ye receive not of her plagues.

This sounds very much like where Jesus said:

Mat 24:15 When ye therefore shall see the abomination of desolation, spoken of by Daniel the prophet, stand ((2476 histemi= make a stand, make firm, stand by, stand ready or prepared, be of steadfast mind, don't hesitate or waiver from)) in the holy ((full of awe)) place, (whoso readeth, let him understand:)

Mat 24:16 Then let them which be in Judaea flee into the mountains ((rise, mount, hills)):

This would seem to apply most to the way the Middle East - Iraq, Syria, Egypt, Yemen, Somalia, Iran, Lebanon, Israel, Palestine, Jordan and others have been in a perpetual condition of great unrest and war escalated by the U.S. and Great Britain by invading Afganistan, Iraq and with France in Libya and Russia in the Ukraine, Chechnya then Syria, assisted by and others with regular, of late, bombing and regular drone strikes, ground troops often called advisers, contract soldiers

However the “calamities” (plagues) are to be most evident in the U.S. soon after these two “falls.”

Simultaneously, since there was no reference to Judea being interpreted in a

non-physical way (as was the case in Rev 11 regarding where the Two Witnesses are subdued (overcome) by the BEAST, said as the “spiritual” Sodom, Egypt, and where Jesus was crucified) this seems to apply to what today is called Palestine which people are being alerted to flee from when they see the foul, detestable, idolizing people/nation being laid to waste as happened in NYC from the 9/11 attacks that brought down or resulted in bringing down three of the skyscrapers (towers) in that 7 building complex.

We can recall that the name “Babylon” is the name on the forehead of the “woman” (great city NYC) so is actually most in representation of the United States of America as it was initially referred to as “mystery Babylon” in Rev 17:5 where it is portrayed in detail. And in particular the word used in most translations is “mystery” from Greek Strong's number: 3466 “musterion” derived from muo= “to shut the mouth,” a secret, through the idea of silence so once again this is the “secret or shadow U.S. government” composed of people mostly in the military and other power centers that began essentially in the 1940's and 1950's with the start of the CIA and the reported “MJ-12” group formed to plan the coverup of the space alien physical presence on and in the earth as had been very well established during those decades in the U.S.

Rev 18:5 For her sins have reached unto heaven, and God hath remembered her iniquities.

The biggest and most obvious example of how the USA's sins have reached into outer space (heavens) was when NASA shot a missile at comet Tempell and was photographed to have caused a sizable crater in it on July 4, 2005. It was shown live over the internet. I watched it. Another example is in how the spacecraft named Cassini is supposed to be crashed into Saturn and it has nuclear powered systems.

Then there are the thousands and thousands of probes and satellites and such sent up by NASA, ESA, Russia, India, Japan and other space agencies. I don't know exactly whether the Next Level considers all these organizations do as the “sins” in this context. They are certainly not doing what they do for the Next Level so it's all Luciferian driven agendas that play upon humans seeking to exemplify their accomplishments even in competition with the Next Level consciously or not (just like in the tower of babel story) and any profitability and prestige and new budgets they can get to allow them to

tinker in outer space which also has the affect of becoming a type of “poison” to observers as people aspire to enter into those careers or hobby in astrophysics that influences them to become more and more invested in seeing in the limited way many in those science communities can see or if they can see more, become so entrenched in that mindset with their income and social status that they often don't care to look at the entire picture any further so they cut themselves off from seeking and paying attention to what someone like Ti and Do said.

Rev 18:6 Reward her even as she rewarded you, and double unto her double according to her works: in the cup which she hath filled fill to her double.

The use of “cup” has to do with what we drink and consume - what we must accept to continue in Next Level service but in this case the ramifications of choices people make on who to serve between the BEAST (as Jesus called “Mammon”) and the Next Level (Deity. “God,” Kingdom of God), for many by deciding whether to believe in Ti and Do or not. The vials in Rev 16 the angels pour out are actually also translated to “bowls” or CUPS thus these seven plagues aka calamities are the Next Level's wrath being POURED OUT that manifests by the death of a third of mankind from from at least two primary locations around the world - the areas of the old and new Babylonian related Empires.

Note, how “double” is prescribed just like there will have been by this time two major blood baths of those in allegiance to the Next Level surrounding Old and New Jerusalem - Middle east/E.U. and USA during and after the time of Jesus and after the time of Ti and Do's incarnation that is met with “double” the “reward” for those who instigated that sacrifice from those who gave their lives to Jesus and then Ti and Do. Thus for every plague/calamity listed it would primarily affect two geographies, two peoples with I imagine two events for each.

Rev 18:7 How much she hath glorified herself, and lived deliciously, so much torment and sorrow give her: for she saith in her heart, I sit a queen, and am no widow, and shall see no sorrow.

The U.S. and E.U. are filled with people that are at the height of self admiration, arrogance, self described intellectualism, and self described righteousness (secular humanist, spiritual and/or religious) in all factions of

society. It is indicated that she, the “great city” - the U.S. with it's New York city to Los Angeles, California axis, sits as a “queen,” but not a widow (as “she” is “married” - joined with another “city,” I suspect would be the E.U. (Brussels) and Israel/Jerusalem axis and shall see no sorrow because she doesn't choose to see the sorrows she has stimulated and fosters. She puts on a happy face to every tragedy to show the world how she's recovered. For instance, it's largely thought the U.S. has recovered from the 9-11 attacks of 2001 and that the economy has improved since the financial crisis of 2008-9. That's what is widely reported on the corporate BEASTLY media.

There have been recent examples of this putting on a happy face. In July of 2016 after two more of many before it, shootings by police of African American unarmed men, essentially for minor traffic violation apprehensions by fearful and trigger happy police, an x-military sniper gunned down twelve police - not harming anyone, at a peaceful “Black Lives Matter” rally in Dallas, Texas in which five of the police officers were killed and eventually the sniper who was an African American who said he was after white police officers to avenge these and other police killings.

A big televised funeral ceremony was held attended by a number of heads of state to include George W. Bush and his wife Laura, Barack Obama and his wife Michelle who were standing next to one another all holding hands during a solemn music arrangement done with bagpipes. (By the way, before this part of the ceremony Bush gave a speech. In it he gave the names and a little bio of each of the five slain officers. One of them he said was an avid Texas Ranger Baseball team fan and one could hear what sounded like quite a roar of laughter and/or applause for that point). Nevertheless during the bagpipes Bush was swinging his arms back and forth quite rigorously with the tempo of the bagpipes taking Laura and Michelle's hands with his, and he have a very jovial look on his face as if this was a celebration of a sporting event, seeming to even be singing something while the others were all moreorless stone faced and not seeming to pay attention to him until it was nearly over and Michelle and Barack looked his way and smiled. People wondered if alcohol played a part.

PLAGUES ARE SHOWN TO BEGIN WHICH ARE THE SEVEN ANGELS WHO POUR OUT THEIR VIALS:

Rev 18:8 Therefore shall her plagues come in one day ((hemera= sit, time)),

death, and mourning, and famine; and she shall be utterly burned with fire: for strong is the Lord God who judgeth her.

There seems to be a turning point expressed in this verse in that both the “plagues shall come in one day” and it's the “Lord God who judgeth her” which is different from the “burning with fire” from Rev 17:16, that is results from the Ten Horns enacting their globalization agenda that is met with consternation by many of the people, especially those on the far right and far left, especially those who believe in these Revelations prophecy manifestations (though not necessarily believe in the One True Kingdom of God because many have bought the constructed misinformation about Jesus, etc.).

Thus this marks the time the “Lord God” is delivering the specific “plagues/calamities” announced (trumpeted/sounded) and introduced by certain partial manifestations as shown beginning in Revelations chapters 8 and 9, but now during this 6<sup>th</sup> and 7<sup>th</sup> seal time made fully manifest with the U.S. a primary recipient (where they were kept back in part from the U.S. territories before now) as shown in Revelations chapter 16.

As is the Next Level way, They have shown Their power all along, all throughout history, in diverse parts of the world with a clear increase in size and frequency of earthquakes, tsunamis, volcanic eruptions, hurricanes, typhoons, huge hail stones, drought and resulting forest fires, threatening near miss asteroids, meteors that cause minor damage to an entire city (as in Chelyabinsk, Russia in 2013, fireballs that don't act like anything else hence the new name as they appear propelled (as opposed to having a directly falling trajectory), odd occurrences in space; strange geometric shapes that look like human satellites, but hundreds of times bigger in the sun-scape, the cityscape of lights on Ceres with the crystalline 5-10 mile tall tower that looks like a tree without branches, Pluto's surprising earth like environment, moon bases, pyramid and tower looking structures on planets and on the ocean floors, comets with companion objects (Hale Bopp, 2013 Pan Starrs, ISON), and many more events. However, these 7 vials to be poured out are the delivery of the “cup” of the wrath of God on not only the world but now primarily on the geography and people of the USA where this BEAST has risen from to become the global empire. Those who are most part of this sphere of influence, even as equivalent to a spouse “wife” would seem most

to be Great Britain and the E.U. but the Middle East territories will also be made desolate (waste).

(Ceres pics: <https://sawyerhg.wordpress.com/2016/11/27/jesus-said-there-would-be-signs-in-the-sun-moon-stars-planets-comets/>)

It was the Next Level's removal of Their Older Members and Crew (First Fruit) that then removed an installed impediment to the BEAST seizing global dominance to mount it's attack and defense against their perceived space alien threat that meant sucking trillions of dollars from all sources to fund the many associated science projects, to develop technologies for their projects to escape into space and to hide underground and trying to learn to shoot down or divert asteroids, etc., looking for more powerful energy sources (like the Bob Lazar element), while hiding the true intention from most that resulted in the “secret (Mystery) government (Babylon)” that has fostered so much misinformation and siphoned off so much capital from the budgets while manufacturing income - literally printing more money, but also giving loans to many without proof of income thereby knowing many will default and then profiting off of bundled loan sales as the loans never represented anyone's real money to begin with so nothing was lost except for accountability and the return of assets, like houses in foreclosures. This has been part of the way the U.S. economy can be kept alive in an increasingly volatile environment as good paying jobs disappeared as more and more manufacturing is shipped overseas where there are no labor standards and no liability and no EPA or FDA guidelines to maximize profits so they can keep their work force and efforts focused on the aspects of the “war in the heaven's” they mount as if shifting the entire economy to a war economy like during WWII while the public largely doesn't have a clue. It is a futile effort where the Next Level is concerned as there is no contest with the Next Level.

America is to experience this period of “death, mourning, famine and is “burned by fire” - which has already been shown to be escalating but has only just begun during the 2000's and actually really gets underway starting in 2017. We will observe massive riots, revolts, vigilantism, more mass shootings, random violence, ethnically, racial and religious bigotry justified by those enacting the violence just like the U.S. and other countries have done on a larger scale all over the planet over the last century, and more, civil disobedience with violence and military in the streets in many major U.S.

cities (police forces are deploying military hardware and their ranks are largely from war veterans accustomed to looking at people of color as the enemy) while putting a face of normalcy and even social progress in the media at the same time, mostly a totally false facade. Anyone who appears to be a dissident from the government's perspective no matter what their party or race or creed will be labeled as a threat by someone and all it will take is an accusation from any citizen at any time to suspect someone and find a reason to give them a ticket or stay in jail or in the case of some to be shipped off to a camp of some sort so their dissidence can't easily "infect" others.

Some who resort to any way of making an income they can find, like selling cd's, if complained against by say a store owner can easily mean the police could enact a brutal arrest and if they get the least reason shoot to kill and get at most a slap on the wrist for doing so, especially when it's against people whose skin color is brown to black when some of the police have their own vendetta against. My vehicle's nephew just entered the police force in the south U.S. and I heard a report that I took as his becoming bias against blacks because they are the ones committing the crimes. I doubt he understands that dynamic. It's actually programmed into many whites from birth that blacks are lessor and are a criminal element and are promiscuous and dirty and drug users and so forth. Since in most cases black families were discriminated against and didn't go along with the largely controlling white power structures and their predatory ways, they remained an underclass in America having only the facade of equality starting in the 1970's and especially in the south. They became more suspect and had less opportunities so did become a class of street survivors that the whites sought to write laws against which ended up putting more blacks in jail that also fostered black on black violence and crime, etc. (Crimes spoken of here are against Lucifer's laws not the Next Level's laws, while the whites and their power structures in government are the biggest criminals against the Next Level laws - for instance living by guns made to kill other humans against the Next Levels instructions).

Because of the draw of benefits away from the poor and the prosecution of the poor for tiny offenses like traffic violations, a license plate light being out, for instance, or not using their turn signal a correct distance from the road in which they turned, gives police justification to stop and issue a ticket and find other things wrong, expired license, and/or insurance as people without jobs and benefits fail to keep those things up when given choices

between them and food and clothing for their children. Almost everyday in the news in the U.S. there are police killing of unarmed blacks with video footage of the incidents. So when it says the U.S. (Babylon) shall be burned with fire it is fire in very sense of the word as war in the streets, inflamed passions and jealousies, loss of respect for authorities, even a literal sniper war against authorities. For every report there are hundreds of more incidents that go unreported

But overall the way it will seem to work for these who I am listing en-masse as dissidents is that they will not be “marked” so will eventually be prohibited from buying and selling and receiving any benefits and will be targeted by individuals and/or groups and even killed if they don't show their allegiance - get their markings on their hand or forehead or work (worship) for the image - a delusional idea of what God is, the false prophet “god” that is popular among many upper class Christians and many new age Buddhists to show allegiance to, and what their ideas are to safeguard their sense of security - often subconscious protection from so called radical elements and Christians who are often in affect Anti-Christ in how they don't know what a Christ is and how one must become a Christ to become a member of the Next Level - to go to the Kingdom of Heaven, (even though that is accomplished in stages so all don't graduate during the same human vehicle experience). In one application this IMAGE seems to be a Hologram like Fatima.

Rev 13:16 And he causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads:

Rev 13:17 And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name.

Since the plagues are beginning at about this point in the timeline that are a part of the JUDGMENT DAY and HOUR OF JUDGMENT and start of the WRATH OF GOD, the people who have chose to be marked by the BEAST are already mostly marked. They have largely chosen their allegiance to their government and it's institutions, it's medical prowess, it's intellectualism and it's opinions in the use of their science.

For instance in the first vial being poured out note how it's only a problem for those who had accepted the MARK or worshiped the BEASTS IMAGE - a religious or spiritual devotion, thinking of self as belonging to a Christian nation or being among the enlightened in the world or apt to believe in Space

Aliens as “gods” or in a holographic image like Fatima.

Here is where this time was first announced to come, said as “following” the sounding. Note it's relationship to “fire mixed with bloodshed,” we have seen escalate in the U.S. west especially since the new millennium:

Rev 8:7 The first angel sounded, and there followed hail and fire mingled with blood, and they were cast upon the earth: and the third part of trees was burnt up, and all green grass was burnt up

I wondered for a long time if the hugely increasing vaccination programs will be part of the cause of these “noisome and grievous sore” on humans, perhaps a reaction from the content of the vial:

Rev 16:2 And the first went, and poured out his vial upon the earth; and there fell a noisome and grievous sore ((1668 helkos most likely from helkuo 1670= an ulcer (as if drawn together))) upon the men which had the mark of the beast, and upon them which worshipped his image ((1504 eikon from eiko 1503= faintness as a copy, likeness, (literally) statue, profile, or as a figure a representation, resemblance, [holographic image like Fatima])).

The sores are actually translated as “ulcers” (a drawing together) which is the exact terminology used to describe lesions Dr. Wakefield and his eleven associate doctors documented among the ten autistic children that became his patients because of their all also having bowel disease. These lesions were throughout their intestines and measles virus they all received from the MMR vaccination was found in the lesions. From the intestines the virus and/or heavy metals and formaldehyde and other parts of many vaccinations, if not flushed out of the body, if they pass through the intestinal wall as is the norm these toxins enter the blood stream and travel all over the body to include the brain where mercury in particular could constitute a “fire” as these heavy elements are quite “hot” as electromagnetic conductors and the body's response to them can be inflammation - brain swelling - all together potentially destroying sensitive brain tissue and the brains neuro-transmissions, a typical symptom seen in Autism, Parkinsons, and many other diseases that are often in incubation for years before surfacing, so become near impossible to directly claim are responses from certain vaccinations and/or combinations of vaccinations.

So if this is accurate then only those that accept these vaccinations suffer

from the sores as they trust the associated government institutions and corporations and in this example, a big one of many, the vaccination protocol so would be those who have given their allegiance to the poisonous deceiving, who are thus worshipping (Do called, “working for”) The BEASTS IMAGE (Spirituality, Space Alien worship, false idols, false Christians, even seeing and worshipping a hologram like Fatima that communicates).” There are also many additional surfacing of “sores” coming about. Sores could also be referring to tumor propagation as in cancers and in the sores as rashes inside and outside the body as allergies and acquired immune deficiencies (AIDS).

There is also an application to mental illness in the way there is an epidemic usage of drugs to calm anxiety disorders and hypertension as ADD, ADHD and bi-polar conditions, diabetes related conditions, etc., etc. After all, humans in major cities are often drinking and cooking with city water that is reconstituted WASTE water that has allowable levels of toxins are loaded with Chlorine. This water can be filled with heavy metal toxins not filtered out that can contribute to brain malfunctions often treated with drugs reducing one's self control and directing people to have less tolerance and patience and are more thoughtful response to others so all are like firecrackers whose fuse was lit and it's just a matter of time before an explosion. This is all exasperated by the way society has accepted Luciferian laws as justification to apprehend, lock up, fine, treat disrespectfully, abuse and even kill people who may or may not be breaking any of God's laws. This is a big part of how the U.S. is destroyed by fire in all it's forms.

Remember as Jesus said, those who try to save their lives will lose their life in the Next Level. In other words, accepting the MARK will tell the Next Level which human vehicles are the “tares” so will be most subject to these plagues (7 vials) and which have Souls that can be saved when they die. All vehicles will eventually die so there is no escaping that, though some Christians think they will be “raptured” and some New Agers think their so called “good space aliens” will save them. The only “rapture” they might experience is from the space aliens taking their vehicles for their DNA and an occasional few as delegates, seen as “contactees.”

So the plagues will begin to be poured out and it will show their power though many, even most will not change their mind (repent) about the reality

of the Next Level and the fact that Ti and Do were the return many Christians and other religious were thinking they were looking for, or to change their associated behaviors and ways that have become far afield to what the Next Level ever gave to humans to qualify as their children.

Rev 18:9 And the kings of the earth, who have committed fornication and lived deliciously with her, shall bewail her, and lament for her, when they shall see the smoke of her burning,

Verses Rev 14:9-13 indicates the “wrath of God” is coming to all who work for the BEAST and accept the mark. This will apply especially to the U.S. and E.U. - the BEAST and the LITTLE BEAST (Rev 13:11-14)

Rev 18:10 Standing afar off for the fear of her torment, saying, Alas, alas that great city Babylon, that mighty city! for in one hour is thy judgment come.

It would appear that the countries outside of the U.S. mainland are aware of the torment in the U.S. which would seem to be the first signs of the seven vials being poured out as plagues and calamities that no doubt includes mayhem, perhaps the equivalent of civil war that's been going on for years by this time, moreorless ever since the “temple in heaven” was opened/shown on dwarf planet Ceres that with it seems to include a stepping up by humans to divert as much funds towards their war machine that includes dealing with dissidents all over the planet but probably includes the motivation to design weapons to combat what some as a “bad space alien” threat - the depicted “battle/war of/in Armageddon. It might be that some would see Ti and Do as contactees from the bad aliens.

The only ones who would stand a chance of seeing Ti and Do as the creators representatives are those who were given “Soul deposits” or perhaps some who still had some Next Level mind in them that could include them in the 144,000 number. Thus these would be targeted early on, to get rid of, to hush up, not necessarily by the government only but by those who side with the government, those who had accepted the various markings and mindset. We can witness this brewing as we come upon the 2016 presidential election with both Bernie Sanders supporters and Donald Trump supporters getting increasingly violent for different reasons but both tied to their taking sides in the government that they all agree is corrupt but think somehow is going to cease being corrupt if they can get their candidate elected - a complete

illusion and hope that humans (mammon) can save themselves from themselves.

Rev 18:11 And the merchants of the earth shall weep and mourn over her; for no man buyeth their merchandise any more:

This prophecy has begun to be fulfilled starting in 1997 when the U.S. trade deficit, the difference between imports and exports began to spike dramatically. From a steady rise since 1980 from about 50 billion dollars to about 200 billion dollars a year, around 1997 it rose consistently to over a trillion dollars by about 2007, a mere ten years, thus indicating that exports were significantly reduced during that time.

Rev 18:12-19 - shows some detail of the U.S. in social and financial ruin during the course of these “40 years” (a Next Level “hour”).

Rev 18:20 Rejoice over her, thou heaven, and ye holy apostles ((delegates (oil - those giving all their energy/time to service to Ti and Do)) and prophets ((speakers of the truth))); for God hath avenged you on her.

The very large event that does “hurt the earth and sea and trees” is depicted next though those that survive it and change, if any, will be among those who could still have their souls or spirits saved for the next civilization lesson ground:

Rev 18:21 And a mighty ((ischuros= strong, powerful)) angel took up a stone like a great millstone, and cast it into the sea, saying, Thus with violence ((rush)) shall that great city Babylon be thrown down, and shall be found no more at all.

It's interesting how the events forecast by the Second Angel's sounding describes, “as it were...”

Rev 8:8 And the second angel sounded, and as it were a great mountain burning with fire was cast into the sea: and the third part of the sea became blood;

Rev 8:9 And the third part of the creatures which were in the sea, and had life, died; and the third part of the ships were destroyed.

Rev 16:3 And the second angel poured out his vial upon the sea; and it became as the blood of a dead man: and every living Soul ((zao= to live,

breathe, active being)) died in the sea.

In other words, what is being shown in Rev 8:8 is not exactly what would happen if a “great mountain burning with fire” was “cast into the sea” - which is also the way the “stone” was “like” a great millstone, as in size and/or weight, cast into the sea - but both causing violent destruction in/on/around one or more seas that SHALL thrown down the U.S. (Babylon) and be it's end - not to be found no more at all.

Since the third part is specified in one account, I suspect it's cued on Mt. Etna and the Mediterranean Sea and in the U.S., the fourth part of the world, I would suspect Yellowstone in the state of Montana, whose name comes from the Spanish word Montana, translated to “mountain,” or “mountainous country.” With the keyword mountain as a big clue it should be noted that it was March 20, 1980, when Mount St. Helens, known to the Klickitats Indians as Louwala-Clough translated to “smoking or fire mountain” (note: “burning with fire”) had a earthquake with a 4.2 magnitude with a huge steam exhaust on the 27<sup>th</sup> and then another 5.1 mag. earthquake and major eruption on May 18, 1980 - the biggest volcanic eruption documented in the U.S. It showed activity until 1986, then a little around 1990 with the latest steam plumes of ash in 2008.

In that Mt. St. Helens eruption, mudflows transported about 3,900,000 cubic yards of material into the Columbia River and the area was saturated by sulfur dioxide that all washed into the Pacific ocean (sea), thus one can see how an even bigger eruption in that area could badly pollute the “sea” and other waterways for hundreds of miles around, even affecting the Great Salt Lake in Utah, relatively close to Mt. St. Helens.

After all, where on the planet in the Old World (EU/Middle East) and New World (western U.S.) are there greater foundations of human Luciferian power presented in a religio-spiritual false-Christian framework than in Rome - seat of the “Holy See” in Vatican City and in Salt Lake City, Utah, home to the most recent church built from Space Alien (fallen angel) Soul Moroni (Mormons) - called the “Church of Jesus Christ Latter Day Saints” (LDS church), together with all the other signs?

It's quite clear this is a devastating event or combination and series of events that befall the U.S. and the former Roman Empire - “who pierced him.” It's

interesting that this “stone like a great millstone” isn't cast down from the heavens so doesn't seem to be an asteroid, yet if it was an earthquake (shaking) like other depictions one would expect the Greek word for seismic to be used, though a volcanic eruption seems to be started by earthquake activity - it's not the primary source of the calamity.

There is some suspicion been reported that the two giant tsunamis to hit Sumatra and Japan in the early 2000's had seismic activity but there is some evidence it could have been caused by an object from the heavens that went undetected or could have occurred by a giant hole opening up in the Pacific ocean sea floor, even like a cave in that displaced many tons of earth to cause the shaking and the roaring sea. The point is we don't know how many ways the Next Level can demonstrate their fulfillment of these prophecies. What we do know is that keeping a great deal of it a mystery til now was part of Their plan, because otherwise the Luciferian space aliens would have more ammunition to further distort the truth before it does come out, further challenging the chances for some to see the truth. No Soul is shorted opportunities to SEE by having human vehicles available that have that potential.

The clues don't add up to this referring primarily to the former Babylonian Empire and the city Babylon as they are today non-existent so there is nothing to throw down. However, should this happen to the Mediterranean, no doubt those ancient areas would also be significantly affected. However, primarily this would seem to be referring to the new Babylon with the New Jerusalem. The New Jerusalem is destroyed by fire, heat, drought, conflict and NYC and vicinity destroyed by water. I suspect the mighty angel is a archangel - a captain of angels, probably promoted from those who were counted as the Four Living Beings.

Even still here is what the prophet Jeremiah said about Babylon's fall that with most prophecy would have multiple applications during and after his time:

Jer 51:61 And Jeremiah said to Seraiah, When thou comest to Babylon, and shalt see, and shalt read all these words;

Jer 51:62 Then shalt thou say, O LORD, thou hast spoken against this place, to cut it off, that none shall remain in it, neither man nor beast, but that it shall be desolate for ever.

Jer 51:63 And it shall be, when thou hast made an end of reading this book, that thou shalt bind a stone (('eben= building stones, headstone)) to it, and cast it into the midst of Euphrates:

Jer 51:64 And thou shalt say, Thus shall Babylon sink ((Hebrew shaqa'= drown, quench, subside, to sink, collapse, settle)) shall not rise from the evil ((Hebrew ra'= hurt, trouble, sore, affliction, noisome, grievous, sad)) that I will bring upon her: and they shall be weary. Thus far are the words of Jeremiah.

What is most interesting is how this verse uses the idea of a stone (like a millstone) cast into the sea, which Jesus illustrated as the fate of those who put a stumbling block or impediment (i.e. cause to distrust) in front of one who is seeking to be a student of their Older Member, the latest REPS in the names of Ti and Do:

Mar 9:42 And whosoever shall offend ((causing to stumble)) one of these little ones that believe in me, it is better for him that a millstone were hanged about his neck, and he were cast into the sea.

Similar stories of an ancient Tower of Babel are told in a number of cultures all over the world. Of the four I read they all involved building this tower to defy but only one talked about how building a tall building was defying God, which involved surviving another flood and/or showing God humans are not forced to live on earth while God Beings can circulate in the elevated areas (sky/heaven). Ti and Do said the Luciferian space aliens - the Souls who occupy hybrid physical bodies like discarnates can influence many in the world, gravitating to those with the most power over other humans and have more locations they are allowed into where human level discarnates can not go, who “resent” the Next Level, which is why they seek to steal “souls” from the Next Level plantings (those humans who receive a “tag” and/or Soul “deposit” and do try to put stumbling blocks before every would be student. Thus it seems this is depicting the punishment upon an entire nation who have sided with the Luciferian “misinformation mind” in a similar way by being tools of the twisting and turning of every thought and idea and concept that came from the Next Level incarnate Older Members over the course of the current civilization.

It's also telling in how Ti and Do and certain records indicate the Luciferian space aliens are desperate to leave the earth before another period of time

when they suspect they might only find some safety being underground again, hence the U.S. and other space programs they have got humans to put more and more effort into to find certain elements they know exist that can greatly increase their ability to have zero gravity craft and/or to establish colonies and to combat who some of them probably think of as the Bad Aliens - Reptilians.

Ti and Do indicated the Luciferian Space Aliens also “resent” the Next Level and thus all who give their allegiance to the Next Level, so they seek to turn every story from the records into a myth or to render it religious, spiritual, mystical, mixing in distortions and dilutions from the whole simple truth. Everything has become so complicated (as Do said) that it's almost impossible to see the truth unless someone really asks the Next Level to see it and pursues the answers overlooking their fears of what they will find and how they will be faced to change things about their lives to show the Next Level their allegiance rather than conforming to mans idea of what that allegiance may look like. Changes will come one way or another so why not seek the Next Level's help to make the changes on their behalf and then have a chance to LIVE because they will see that investing in you might become a fruitful endeavor. I say “might” because giving allegiance is not only a one time commitment. It starts with a renewed commitment, not assuming we had one before, but if we are to follow up on it, as they offer us opportunities to show them what our commitment is made out of, we can continue making it. Even if we fail in some way, getting “back on the horse” as some say, is part of that commitment while trying to improve to not repeat the same thinking and actions that caused our slippage or fall.

Moving past the next Angel Sounding and associated Angel pouring out of Vial events; (third and fourth covered in sections; III.C.3 THIRD TRUMPET AND III.C.4 FOURTH TRUMPET) that continue the HOUR OF JUDGMENT of the U.S. and E.U./Middle East brings the timeline up to the depiction of what happens to the SEAT OF THE BEAST. Since the BEAST is the U.S. secret government (mystery Babylon) that is the basis of the New World Order/global - 7 heads, 10 horns with 10 crowns, mostly EU countries, there are only two contending primary locations for this BEAST's Seat, that of Washington D.C., which really tends to look like more of the front for that SEAT - the non-mystery govt. This means New York City and vicinity is the more likley candidate as the SEAT - where the real Throne is most apparent.

After all in terms of internationalism, there is no other location in the U.S. that shows greater indicators as in the 7 TOWERS OF THE WORLD TRADE CENTER, that were all eventually demolished, rebuilt or made into a memorial park, while are shrouded in controversy and evidence of conspiracy in their demise, and the UNITED NATIONS HEADQUARTERS, the FEDERAL RESERVE BANK, the FINANCIAL CAPITAL OF THE WORLD with the WALL STREET INVESTMENT BANKING conglomerates who manipulated the 2007-8 global financial crisis, etc.

Rev 16:10 And the fifth angel poured out his vial upon the seat ((2362 thronos= from thrao (to sit), a stately seat (“throne”), implication of power, a potentate)) of the beast; and his kingdom was full of darkness; and they gnawed their tongues for pain,

Rev 16:11 And blasphemed the God of heaven because of their pains and their sores, and repented not of their deeds.

Perhaps the darkness is from the events associated with the “millstone like object cast into the sea” that is all part of that “hour judgment” and “wrath of God” upon humans who make the BEAST and MAMMON (mammalian forms of treasure and wealth) their “God.” It certainly could have created a very dense black cloud if it was related to a volcanic eruption as anticipated. We've seen how the ash cloud can block out huge portions of the sunlight and that breathing the particulate is very toxic to the lungs, skin and eyes, etc.

Volcanic smog (Vog) poses a health hazard by aggravating preexisting respiratory ailments, and acid rain damages crops and can leach lead into household water supplies. Sulfur dioxide gas (SO<sub>2</sub>) is a poisonous gas that irritates skin and the tissues and mucous membranes of the eyes, nose, and throat. During even moderate physical activity, SO<sub>2</sub> penetrates deeply into the airway and can produce respiratory distress in some individuals. It can induce asthma attacks, especially in adolescents, and can also impede the ability of the upper respiratory tract to remove other potentially harmful particles. Other complaints include headaches, breathing difficulties, watery eyes, sore throat, flu-like symptoms, and a general lack of energy.

It seems far from coincidence that NYC became the first city in this civilization to build a towering 102 story skyscraper, even taking on the state's motto as the “Empire State” Building, along with the Statue of Liberty, whose name came from Lady Columbia that first represented a new home

and “land of opportunity” in America for millions of people from all over the world, though mostly from Europe, looking for opportunity, fleeing ethnic, racial and religious persecutions. I suspect it would have been a Next Level crew who gave the designer many of the ideas that often met objections but ended up being a huge fit to Revelations prophecy. Ti and Do did indicate that setting things up with terminology and events were tasks given to certain crews to do.

Here's a list:

- Links to Ancient Rome as Jesus said even those who pierced him would be returning and that the just and the unjust would rise again, meaning their branch on the human tree would bear equivalent leaves that don't recognize the truth again so may apply to both gentiles and religious and their modern depictions as staunch atheists, pagans and spiritual. (Note: None of these belief or non-belief systems in and of themselves are “bad” IF they are moved through when individuals are shown the teachings of Ti and Do because what they taught stands apart from everything else though shows relationships to all thinking in the past).

1) The Name “Lady Liberty” - comes from the Roman Goddess of Freedom.

Ti and Do said there is no freedom in the human kingdom. Such can only be found once a member of the Next Level. Even if humans are seemingly free, it ends in a very tiny space in time and we are all bound by our senses, our programming, our hormones, by our flesh vehicles and most of all to the human kingdom. For any who are breaking away, those souls will be saved by the Next Level to have another chance to gain complete freedom.

2) The statue has a “diadem (crown)” on her head - A diadem is a type of crown, specifically an ornamental headband worn by monarchs and others as a badge of royalty whether male or female in Greek, Persian and Roman cultures. The word derives from the Greek diádema, “band” or “fillet,” diadéo, “I bind round,” or “I fasten.” - This name seems to refer to that human being bound to lead the people, in this case in Luciferian rule.

Ti and Do said Lucifer also like order and laws and justice in the society he presides over, which is throughout the world for as long as the Next Level allows him to do so.

It is translated as “crown” in Rev 13:1 but is from the Greek, diadema and refers to what is worn on the heads of the 10 horns of the BEAST that is sat upon by the “woman” America (whose power comes from the Dragon Lucifer), that “great city,” once called Babylon but now as the United States of America.

The other translation to “crown” is from the Greek, “stephanos” which is used in a number of verses to indicate those who had conquered the human world that had to do with their washing their robes and giving their lives in service to their Older Member from the Next Level.

3) Coming out of a halo or aureole around her head/crown are 7 rays of light which were said to represent the Sun and the 7 Seas and the 7 Continents. Rev 17:7 (and other places) describes the BEAST as having “7 heads” that “carry” this “woman” - the U.S. which I believe are primarily the G7 nations. These 7 heads are later on, in Rev 17:9 described as being “seven mountains” the woman sits upon. The Woman as America, having one of it's heads as NYC is where the United Nations is primarily headquartered since it's inception in 1945 the the seven mountains not only represent the 7 continents and 7 races of humans but also the 7 original kingdoms that had a global reach, namely; England, France, Italy, Spain, Germany, the Dutch from Holland and finally the U.S.

4) She wears a Stola, a long linen gown like a toga that Roman women wore that showed their marital status and wealth in how many layers it had. For royalty it was often made of silk.

Those that graduate into the Next Level are awarded with a new physical vehicle that is described in prophecy as “fine linen” also worn by royalty as opposed to the commoners who wore other less expensive fabrics to include burlap (sackcloth). The Two Witnesses came wearing “sackcloth” (burlap bags used to transport grains and beans that the poor used for clothing thereafter as it was free, which suggested these TWO would be commoners as Ti and Do were, not being related directly to the various royal family blood lines whose ancestors largely became the presidents and corporate moguls.

5) The designer wrote July 4, 1776 on that tablet that was in the statue's left hand that was done in Roman Numerals “JULY IV MDCCLXXVI.” The

tablet was shaped like a keystone to evoke the concept of law, thus a facsimile to the Ten Commandments. The dollar bill also has Roman Numerals on it and stone mason's third eye inside a pyramid. The base of the Statue was built as the base of a pyramid so it was 62 feet square on the bottom and 39.4 feet square on the top.

- Links to other prophecies:

1) She is holding a torch in one hand extended way above her head - This was to represent progress and shedding “enlightenment” throughout the world. Ti and Do said the Next Level set up the U.S. to be the location for their return so they drew people to migrate there so America did become a beacon of light to the rest of the world, especially when Ti and Do started to tag the human vehicles they were to take in then 1920's that in Do's case must have meant they tagged his vehicle's mother then. I recall Ti and Do said they took human vehicles that were sickly and would have died had they not taken them. I thought Do's vehicle's birth year was 1931 and Ti's 1927, but perhaps I got that wrong somehow.

2) On each side of the statue's base as a door. Above each of the 4 doors were locations for 10 disks that were supposed to be for the coats of arms from each of the then 38 states. It was dedicated on 10/28/1896

3) It's just interesting the statue's “skin” is made from copper that turned “green” and that the plagues to befall the U.S. were to come during one “sitting” (day/time) and there were to be only 4 sittings, referring to the Rev 6 White, Red, Black/Deep Blue (Jacinth), Green horses being Do (Older Member from the Next Level Soul) on the white/light (made pure through overcoming Lucifer, his assigned Advasary (Satan)), (Applewhite named horse/vehicle) as the First sitting, G.W. Bush as the red horse sat upon by a Luciferian space alien Soul as the second sitting, Barack Obama as the Black/Deep Blue, Jacinth horse sat upon by a Luciferian space alien Soul and whoever becomes the Green (pale) horse sat on by a Luciferian space alien Soul as the LAST and fourth sitting - during which come the main Judgment hour (40 year period), within which is the “time of great trouble” (trials and tribulations for all) and the “winepress” containing the “full wrath of God” (as until this time it's only been sporadic wrath of God).

The “GREEN HORSE” prophecy doesn't seem to be fulfilled in exactly the

color coded ways of the previous three horseman of the apocolypse unless Trump is considered to be green as in “space alien green” in the way he is president at the time when the space aliens are most doing their own harvesting of souls away from their capacity to become Next Level Members. This is alongside the “green” agenda, today one of several fronts of the New World Order and thus “global government,” seemingly being coincidentally the “save the planet” agenda, except their real thinking is to save the planet from the space alien threat they are unknowingly controlled by. It was quite clever and went hand in hand with taking over the U.S. government completely starting with the 2000 election. The powerful in the U.S. I don't believe are united in this so it includes dealing with dissidents and damage control and continuing a dis/mis-information campaign that moreorless causes confusion while people take their stand for what they believe, regardless of how it is based on reality of the BEASTS and of course Luciferian space alien lies and deceit. I know Trump has said something to the affect of “global warming being a hoax started by the Chinese” and that he wasn't going to support the most recent Paris accords. But that's not going to stop people all over the U.S. and world from jumping on that bandwagon. In fact it energizes them.

So the “global warming” people, even taught in the universities gives the youth something to hope for to stand for their ideals, but any who are really paying attention will soon see that the most effective way to save an island nation from sea rise is to find them a new place to migrate to. The only way to effectively combat disease from the lack of clean drinking water is by providing ways to have clean drinking water not by making vaccinations for every strain of viral infection that comes about as a result of use of dirty drinking water, which is the Bill Gates Foundation's big push. I don't think the largely northern globalists give a hoot for the small island nations who will theoretically be underwater because of glacial melt. That seems to be in prophecy to occur but not because of ice melt but in one case in Rev 6:14 related to the exit of the spacecraft called “heaven” and the other when all is “done” during the seventh vial pouring out in Rev 16:20, from an earthquake that divides Babylon (USA) into three parts which I suspect is a predecessor to the event shown in Rev 18:21 being evaluated right here.

So some call me a “climate denier” when I never deny we have a climate and evidences trending to warming but being essentially caused by humans is

what I don't go along with and the evidence of it not being caused by humans is obvious unless one thrives upon and trusts certain data and charts and measurements and theories of how humans stimulates greater warming, when there are just as many reasons to see, equally scientific to suggest it's not significantly human developed. So humans add to it. Humans have always added to it. And they no doubt add to it more now but even if I were wrong and it's all in the hands of humans, I guarantee they won't fix it. It's a boondoggle in government when you have a program that does nothing measurable to fix a problem yet you have convinced the populous it's needed. It's like the war in Iraq that still goes on 14 years later that is now part of the budget to manage.

But back to the verse from the gospel of Mark, it's interesting to think about how Jesus uses that illustration of attaching a millstone to someones neck and being cast into the sea as better than what will happen to those that offend (cause to stumble) one of these Next Level students (little ones). The later will undergo an indefinite self generated torment in the "lake of fire." That torment will not be in the physical sense but there could be a real good reason to allow those souls who because so against the Next Level to remain indefinitely in such a state, perhaps still having programs running that desire things but having no way to quench those desires. On the other hand the others that have the millstone put on their neck, on the physical level die once but can also illustrate how some are allowed to survive a recycling period (like a flood perhaps) by being anchored (against their will) to the ocean floor.

On July 4, 2016 I came upon a report of someone who had been examining Google Earth, the telescope satellites trained on earth linked to google.com, where he saw what looked like a pyramid shaped object that was illuminated on the ocean floor in the Pacific ocean off the coast of Mexico. I have to wonder if the Next Level had a way to force some of the space aliens to the bottom of the sea where they could survive for a time - survive the Noah flood for example which is indicated as "creature....in the sea" in addition to those "under the earth," possibly referring to some who might have a facility under the Antarctic continent that was evidenced by Hitlers intelligence chiefs statements and the Admiral Byrd reports of both the North Pole and the battle in Antartica:

Rev 5:13 And every creature which is in heaven, and on the earth, and under the earth, and such as are in the sea, and all that are in them, heard I saying, Blessing, and honour, and glory, and power, be unto him that sitteth upon the throne, and unto the Lamb for ever and ever.

Rev 18:22 And the voice of harpers, and musicians, and of pipers, and trumpeters, shall be heard no more at all in thee; and no craftsman, of whatsoever craft he be, shall be found any more in thee; and the sound of a millstone shall be heard no more at all in thee;

Rev 18:23 And the light of a candle shall shine no more at all in thee; and the voice of the bridegroom and of the bride shall be heard no more at all in thee: for thy merchants were the great men of the earth; for by thy sorceries were all nations deceived.

This verse sounds like a reference to Rev 16:10, just described, as the Vial that is poured out on the BEAST's Kingdom onto the SEAT of the BEAST that brings about "darkness" - "a candle shall shine no more at all in thee") and subsequent anguish (pain) because of which is directly the affect described in what comes after the opening of the bottomless pit as described in:

Rev 9:2 And he opened the bottomless pit; and there arose a smoke out of the pit, as the smoke of a great furnace; and the sun and the air were darkened by reason of the smoke of the pit.

And this also relates back to the timeline in the sixth seal opening:

Rev 6:12 And I beheld when he had opened the sixth seal, and, lo, there was a great earthquake; and the sun became black as sackcloth of hair, and the moon became as blood;

Rev 18:24 And in her was found the blood of prophets, and of saints, and of all that were slain upon the earth.

America is thrown down, is judged and it's population is related to the Souls and genetic spirits/minds past who were influenced by the Luciferian space alien souls to repeatedly spill the blood of those the Next Level sent to them which is a reference to when the Kingdom of God and spacecraft "heaven" was docked over/upon the area of the middle east known as Judea and the physical city Jerusalem and it's Babylonian heritage most made manifest at

that time through the Empire in Rome but who these same spirits/souls were drawn by the Next Level to influence human vehicles in the New Jerusalem and new Babylon and equivalent to a new Roman Empire as the U.S.A.

So no entertainment, no craftsmen and no industry (sound of a millstone) will be heard in her. It looks like the electric grid is down and with it perhaps the internet is incapacitated as that is the primary way the voice of Do (the Bridegroom) and Crew can be heard up until this time. However, though this is the end of the U.S. as it was known before this 40 or so years, the BEAST, as the global, now largely underground secret government still exists and are still mounting their war against the Next Level whom they think of as the bad space aliens shown in:

Sixth Vial is poured out which would seem to include the Opening of the Temple in Heaven and appearance of the ARK - Spacecraft Armada for every eye to see, thus no need for NASA space telescopes, etc.:

Rev 16:12 And the sixth angel poured out his vial upon the great river Euphrates; and the water thereof was dried up, that the way of the kings of the east might be prepared.

Rev 16:13 And I saw three unclean spirits like frogs come out of the mouth of the dragon, and out of the mouth of the beast, and out of the mouth of the false prophet.

The Dragon represents Lucifer, but includes his other fallen angel souls who speak through whoever will provide them with influence over the humans who are most in line to comprehend the truth as provided by the Next Level REPS Ti and Do and all their supporting records of the real Jesus and Moses, etc. The Beast are the humans and the human equivalent vehicles, they use who become brainwashed with their misinformation mind/spirit that includes the One World “secret” government. The False Prophets are all who promote religion and spirituality over the reality of the Next Level Ti and Do provided and that seems to be summed up most by the Vatican City/State comprised of the “Holy” See with it's figurehead at this time as Pope Francis who is making a big effort to morph Catholics and Christianity into a One World Religion.

Rev 16:14 For they are the spirits of devils, working miracles ((signs, marks, token, portent, unusual occurrence, portending remarkable events)), which go

forth unto the kings of the earth and of the whole world, to gather them to the battle of that great day of God Almighty.

Each of these three have their own forms of “remarkable events” that look to humans as miracle and signs, being most unusual, but they won't be the ones seen in deep outer space as the Luciferian space aliens can't go into space unless they can get humans to build spacecrafts to do so, which is part of their agenda to try to escape their earthly prison as Do indicated they have rumors circulating among them that they will be locked up again.

I would say the signs of the Luciferian space aliens would be mostly UFO sightings, holograms, Do indicated like Fatima long ago, contactees like Icke, Collier, Rael, etc., Channelers and Spiritual teachers and technologies while the BEAST's signs are technological - space travel, lasers, GPS, computerization and pharmacological developments, Genetic engineering, Particle experiments like in CERN, etc., Nuclear driven engines and such, etc. making artificial smart limbs, or organs even grown genetically and even made to be “printed out” of a machine, for example.

The False Prophet's miracles and signs are in the appearance of getting right with God, mostly in talk about peace and love in the brotherhood of man, faith healing and so forth that becomes equivalent to a drug in the way religiosity and spirituality “soothes” the heart and mind when otherwise reality can be overbearing to deal with. They replace the relationship many could have with their real Heavenly Father with a devotion to the church and community, the poor, the sick, humanitarianism and/or environmentalism, all “good” but without the motivation of trying to please the Next Level Older Members can become a huge show of allegiance to what Jesus called “mammon” - wealth in all it's human forms. In other words as Jesus taught: “have peace with one another” but approach that which influences you from giving yourself totally to your Heaven's Fathers service with “fire” - anger as in a war to eliminate from your body and mind.

(See Mark 9:23-49 for context)

Mar 9:50 Salt is good: but if the salt have lost his saltness, wherewith will ye season it? Have salt in yourselves, and have peace one with another.

Rev 16:15 Behold, I come as a thief. Blessed is he that watcheth, and keepeth his garments, lest he walk naked, and they see his shame.

Rev 16:16 And he gathered them together into a place called in the Hebrew tongue Armageddon ((Ar= city or hill + Megiddo - a valley in Palestine that was the scene of several major battles)).

This same time period was first announced via the 6<sup>th</sup> angel's trumpet sounding that is interpreted in section “**III.C.6. SIXTH TRUMPET/SECOND WOE**”

Rev 9:14 Saying to the sixth angel which had the trumpet, Loose the four angels which are bound in the great river Euphrates.

Rev 9:15 And the four angels were loosed, which were prepared for an hour, and a day, and a month, and a year, for to slay the third part of men.

A battle/war is described in Rev 9:16-21 where the BEAST, shown in part by being described as HORSES (MAMMALS) are killing a third of humans.

Rev 9:20 And the rest of the men which were not killed by these plagues yet repented not of the works of their hands, that they should not worship devils, and idols of gold, and silver, and brass, and stone, and of wood: which neither can see, nor hear, nor walk:

Rev 9:21 Neither repented they of their murders, nor of their sorceries, nor of their fornication, nor of their thefts.

At this point these are humans doing the killing of one another as horses are humans who are “sat upon” by Souls and Spirits and by other humans and space aliens, but it's because of the Next Level pouring out of the “vial” (medicine) that the humans can't help but act out what they have become, what they believe is right and just and necessary, even justifying killing the vehicles of those working for Ti and Do, while thinking they are acting on “God's” behalf, except for one major discrepancy that it's not the real “God” of the Earth they are in service to.

Fire to the Next Level has to do with heat even as a pressure as in the expression of passions whether towards unbridled sexuality or through anger

and hatreds, vengeance and competition in whatever form that takes according to each individual. If someone is prone to violence then that's how they seek to make their mark or feel they are making a difference or just enacting what they think needs to happen or is just to happen. As with all prophecy literal fires are also stimulated in terms of waring. Smoke has more to do with those who are acting on the sly - hiding their true agenda and how that becomes another type of poison to those that don't really know what's happening as it can easily take the form of influencing humans to give their allegiance to anyone but the One True Kingdom of God, even though they may use that terminology to describe who they are giving their allegiance to. One is not giving allegiance to the true Kingdom of God unless they are refusing to participate or justify any of the behaviors and ways the Kingdom of God has made very clear are their commandments for humans to adhere to, to meet the favor of the Next Level. I think the volcanic activity will have produced a great deal of smoke damage.

Brimstone or also called “sulfur” is most directly associated with “hell” and those in it - the Luciferian Space Alien “souls” who have chose to go against the Next Level repeatedly. And of course many are killed because of volcanic eruptions that shoot radioactive stones that can be large and small and can travel in the wind for even thousands of miles.

**IV.F.2. THE GATHERING AT ARMAGEDDON - SEEMS TO DEPICT TWO AREAS; THE MISSISSIPPI RIVER IN THE FOURTH PART OF THE WORLD (USA) AND THE EUPHRATES RIVER IN THE THIRD PART OF THE WORLD (MIDDLE EAST) RELATIVE TO THE GATHERING OF THOSE FOR AND AGAINST THE KINGDOM OF GOD STUDENT BODY FOR THE “GREAT DAY OF GOD ALMIGHTY” THAT TAKES PLACE WHEN DESCRIBED IN REV 16:12-16 AND THEN AGAIN AFTER THE 1000 YEARS WHEN THE LUCIFERIAN SPACE ALIENS ARE LOCKED UP UNDERGROUND AGAIN**

Both of these sections of verses locate the events depicted to the Euphrates River. Since we have seen how most all, if not all prophecy has physical and mental (pertaining to spirit/mind growth towards Next Level Membership) manifestations and are to be DOUBLED in their application, I will start with what I believe is the secondary application in regard to the events in the

Middle East. There are many prophecies from Isaiah and Jeremiah and others that talk about how these lands will be dried up. It's already happening and of course it's called GLOBAL WARMING and humans and space aliens are trying to tie it into human activity instead of giving the recognition to who is behind these plagues/calamities as the Kingdom of God - Level Above Human. In examining many Christian commentaries on this vial/trumpet prophecy, it's apparent that the Euphrates is one of the four in Genesis where the "Garden of Eden" was first staged as a testing environment for the further development of those souls who were coming up from the human kingdom to become Members of the Next Level. The river separated peoples and kept them apart so was seen as a boundary. The Kings from the east or equally said as from the "rising sun" were thought by some to be Persia, India and/or China or as the depiction of "children of God" being given passage out of bondage via the opening of the river boundary kin to Moses taking his encampment out of the bondage imposed by the Egyptians. Although these are some good ideas they don't take into account the vast amount of evidence provided by the arrival of Ti and Do as the incarnate stage return of the Father and Jesus and their crew of saints.

Bringing Ti and Do into the understanding of what these prophecies could mean provides yet other key pieces to the solving of the entire Revelations prophecy most accurate interpretation/translation. Note the Euphrates is called the "great river" in Rev 16:12 and Rev 9:14 and this is the meaning of the word, "Mississippi" from the French "Messipi" a rendering of the Anishinaabe (Ojibwe or Algonquin) name for the river, "Misi-ziibi," meaning "Great or Big River." and many nicknames: Body of a Nation, El Grande, El Grande de Soto, the Mighty Mississippi, the Muddy Mississippi, Old Man River and two of particular interest; "the Father of Waters," "the Gathering of Waters," where we know that "waters" in Revelations often refer to a multitude of people, the mass of humanity.

We know Ti and Do said many times that whenever they would travel east of the Mississippi River they would feel out of touch with their Next Level connection. They still ventured east at times by themselves and with the classroom but it was always very short-lived. I've already described some of that in previous sections. And then there was the many connections with Samuel Clemens writing as Mark Twain, who was a Mississippi Riverboat captain and the captains deck on a riverboat was actually referred to as the

“Texas” deck, I believed spelt Tejas from it's Spanish origin. As I've also described a great deal an Archangel was actually a “captain of angels” and the archangel Michael was also a “Christ” - an anointed one, one who had overcome the human condition and came incarnate starting in the vehicle named Adam, when he failed but recovered and overcame to take over the vehicle named Enoch - 7<sup>th</sup> from Adam, to be taken into the Next Level without dying, showing as Ti said that you don't have to die to get to the Next Level. One just has to catch the eye of an Older Member from the Next Level and do their best to apply all the lessons given and to satisfy and please that Older Member, which that same individual then demonstrated via the incarnation named, Moses and Elijah and Jesus (according to Ti) and finally in the new name (as prophesied) as “Do” that actually graduated Him to the Throne his Father (Ti/Father/Jehovah) occupied before then (that He came incarnate in a female vehicle to coach/birth him through as it describes in Rev chapter 12).

It seems clear that Ti and Do through their task of fulfilling the prophecy of the Two Witnesses had as their schoolroom the part of the U.S. west of the Mississippi River extended to the Pacific ocean and that is described as the “temple” area in Rev 11:1 where the altar area, tailored off the design of the Tabernacle and Altar in the Moses encampment, was the southwest part of that “temple” area, from Texas to Southern California where the Next Level intentionally crashed some of their more primitive spacecrafts that included for some discarding/sacrificing the physical bodies they had before coming, bodies they were possibly awarded by graduating while serving on Jesus' student crew, but which were not yet adult Next Level vehicles. Do said they still needed to overcome more areas of their remaining humanness, which they did at the time of their exit in 1997 with the timing of the Hale Bopp Comet's perihelion, that probably had a spacecraft in it's tail headed by Ti to pick them up, as they ascended out of their human vehicles, for the invisible “spirit/mind birth” Jesus described they would experience by overcoming the new human vehicles (flesh birth) they would take over.

However, in Rev 11:2 the “court” is left out for it is given to the Gentiles (Greek ethnos= a multitude from the same genus, the human family, a tribe, nation, people, foreign to the overcoming process which is where they were seen as non-Jews, though remember Jesus said he was giving the Kingdom of God to a new ethnicity because the Jewish leadership had repeatedly failed

by killing all the Next Level members (Old Testament Prophets) sent to their area and their kind. Thus, I suspect the “court” is primarily the part of the U.S. that is east of the Mississippi River. Now that's not to say these divisions are absolute. When Ti and Do had us do public meeting in 1975-6 and 1994 we held meetings all over the U.S. though most were west of the Mississippi river where the attendance was by far better. And Ti and Do were thorough in even being sure to send their information to a number of areas of the world outside the U.S. to include Canada, England, Scotland and Australia and of course via the internet to anywhere and everywhere as they always sought to be thorough according to what they felt were their instructions from their Older Members. At this time in particular, someone could be from anyplace on the planet when they hear/read the information from Ti and Do.

So if the Mississippi river is the counterpart of the Euphrates, it too will be drying up at this time during the 6<sup>th</sup> Seal with the fulfillments of the 6<sup>th</sup> Trumpet announcement for this time that includes the 6<sup>th</sup> pouring out of the cup or vial (of medicine) on the U.S. that takes the shape of “burning up” the U.S. “temple” and “courtyard” areas of the U.S. and E.U./Middle East, with forest fires, volcanic eruptions, ash clouds and violent overflowing unrestrained passions - virtual war zones in the streets, etc. as people can't help but be what they have become having sided with the BEAST and/or it's IMAGE having accepted their MARKS, Number or Name, whether consciously or not, while those who remain as dissidents are subject to persecution and living outside the show of loyalty to the BEASTS systems that will put them in better stead with the Next Level. A number of mass killers in the last 15 years or so have said in so many words that they were performing a “necessary evil” which shows the way evil is self devouring of itself (though a growth acceleration catalyst for those who stand against it).

Thus the “kings of the east - the sun's rise” (those who RISE (STAND) for the “Son”) - the direction from which Jesus indicated he and his Next Level crew come from - “as a star light (even comet) shining from the east to the west” as his SIGN, would be those who had by this time given themselves in service to Ti and Do, standing in defense of them and accepting the consequences that could result in the death of their vehicle as those in allegiance to the IMAGE of the BEAST would see these as blasphemous and would feel their God would want them to wipe them out so they can't influence others, just as was the case with Jesus and his disciples and those

that became new disciples of the real Jesus teachings thereafter.

This can even be seen in a practical way, as by this time the U.S. may have become totally anarchistic because those who were most in bed with the BEAST would have by this time fled into their underground facilities, while leaving their security forces to still try to keep people from raiding still existing stores of food, etc. There may be very limited electricity and gasoline may be very scarce. Those that had been standing for Ti and Do on the internet largely before this time, having understood about this time coming, may be living in camps and/or on the street wherever they can having left all behind as they would not find many who thought the way they do. If the task of a Ti and Do student is to “stand in defense of Ti and Do” and the only way they can do that is to travel town to town looking for “lost sheep” to share the truth with then I would say they would be “on foot under the holy city” as it says in Rev 11:2, which appears to be for a 42 month period.

This would also seem to be after the Rev 18:21 “like a great millstone cast into the sea” event(s) that seems to take down the grid, except for those associated with the BEAST the security forces and corporate providers of goods to those. So I doubt the dissidents would be traveling the highways and bridges, plus we don't know how many of those systems would have collapsed by then anyway.

So to have the Mississippi River dried up would mean they could walk across it to make their way to the “encampment or camp of the saints” that I will address in a bit, but for now it seems to me would be the area around and to include the “40 acre boy scout camp” that Do and Crew bought near the town of Manzano, New Mexico where they started building what they called their, Earthship designed building as a “Monastery Fortress” that was to include, a bakery, a pharmacy (that is hard to understand unless it was to be a more naturalist/herbal pharmacy or of some equivalent, as I can't imagine a typical drug pharmacy), AND A LOOKOUT TOWER amidst a nutri-lab (kitchen), mess hall and showers, where they had separate bunk houses. (When the bought this old Boy Scout CAMP it had a “large metal building,” “three bunk houses,” “a baseball diamond” and “drinkable well water” and lots of pine trees).

Ti and Do were not against using pharmaceuticals but did so very sparingly as needed. For instance, when we had a bad cold rather than have a runny

nose to pollute others by, we were sometimes given an antihistamine to dry up the mucus. And for some who had headaches they had a variety of off the shelf products, though all were dispensed through channels unless someone had their own prescription. When we had any kind of surgery - for me, dental, I took the antibiotics prescribed and pain killers as needed. Do had hernia surgery in 1985 (after Ti left) but I don't know what medications he took for that. But Brnody who had osteoarthritis to the point that she could not walk without a walker and then was in a wheel chair took Progesterone and tried other formulations still while Ti was incarnate to help with her issues. Ti and Do did feel it was her lesson to experience as she hated being dependent and had a strong minded "control" influence that was her biggest booger to overcome.

However even before Ti left we experimented with diets for health and had a "dispensary" where we put together a variety of ingredients as supplements, mostly during the time when we were experimenting with a liquid diet called "pink drinks." We would add Wheat Germ and bran and lecithin powder and other things to the protein drink formula we bought. Ti had us follow a modification of the Dr. Pritikin routine for a short time.

Then after Ti left, Do had us experiment with many diets to cleanse the body of toxins and try to maintain maximum use of our body for the remaining time of our task that included fasting on juices, fruit diet, uncooked veggie diet, organic veggies, green drinks we made from sprouts we grew ourselves - buckwheat and sunflower and wheatgrass juice and herbal teas, homeopathic remedies, vitamins, mineral supplements, liver and kidney cleanse. Ti and Do had me go for Colonic Irritations a number of times because I had this vertigo condition stimulated by the Pink Drinks. One can see what came of all this in the book the "Transfiguration Diet" the group published and eventually sold to Dr. Christopher's son. It's based on a mucousless diet system. It takes from all who were studied during those years in the late 1980's and early 1990's. So if there was to be a "pharmacy" - what I had read was quoting the group during their description of their earthship, I picture more of a natural foods way of treating disease.

So what I am suggesting is that this area might be the most likely location Ti and Do might have their believers go to, when there is no Standing left to do because the internet medium becomes non-existent and people have no other

facility to reach potential lost sheep.

It is after this time, during the 7<sup>th</sup> (last) vial pouring that “it is done,” followed by the largest earthquake ever on the planet and the division of the U.S. into three parts followed by a storm of 90 pound hailstones, when the BEAST and the FALSE Prophet are dissolved in the Lake of Fire and many, even most humans are killed. But the Next Level may choose to spare some to use to start the new civilization from, which Jesus perhaps alluded to as:

Mat 5:5 Blessed are the meek: for they shall inherit the earth.

Knowing how the Next Level does pay attention to terminology and how humans can pick up on their thoughts, ideas, concepts, behaviors, ways and even certain plans perhaps, when they are in the Earth's atmosphere, even before, during and after their incarnate presence, one could wonder if the human that came up with the term “earthship” was doing just that, or it could also be that a Next Level crew directly suggested such a way of describing that building method so they could choose that method and then could seem to relate to other of their prophecy. I forget what author first published a description of the earth as a spaceship, but it's not a human idea. It's from the Next Level though the avenue could have been through the Luciferian Space Aliens or like said by a human picking up on the thought, Ti and Do described as being “deposited” on earth when they first prepared it to be their “garden” experiment and thereafter by each closeness of Older Members and Crew - especially when incarnate.

Wouldn't those who come to give themselves wholly to Ti and Do's service or those who had separated from their humanness be among those who the Next Level may want to “save,” even from total physical destruction, sort of in line with what happened in Noah's arc. The Next Level found a way to save that family and they could do it again and these would in fact be “inheriting the earth,” even the very land Do and Crew began to settle onto that they described as their “Launch pad” or “Monastery Fortress.”

Here is another indication that some flesh is spared the recycling:

Isa 66:22 For as the new heavens and the new earth, which I will make, shall remain before me, saith the LORD, so shall your seed and your name remain.

Even referring to it as a fortress has links to a contextual prophecy:

Rev 20:9 And they went up on the breadth of the earth, and compassed the camp of the saints about, and the beloved city: and fire came down from God out of heaven, and devoured them.

It's the Luciferian space aliens that had been before this time locked up again in the pit for a thousand years who are released "on the breadth of the earth" and who surround camp of the Saints, that by this time may have become a "beloved city" to the Next Level because of stemming from those they chose to allow to survive the recycling. A city is speaking of it's occupants in a specific area and some of them may have among them Next Level graduates or more likely some who were still needing more overcoming, among them in their own student model vehicles or in human vehicles they took, sort of the way the Old Testament Prophets seemed to be Next Level students operating through or influencing human vehicles, which is why Adam and Ezekiel and Daniel were referred to by the Lord as "son of man" at times. Referring to them as the "camp of the saints" reflects how the Next Level students are always Bedouin - in transit, living in tents. Even when Ti and Do's students lived in houses, it was never in the same location for more than 6 months I would recall, though we might have changed houses a number of times in the same city. It's not a Next Level way to set down roots in the human kingdom in any way, shape or form, though that applies more so in the last trimesters, though even still pertaining to the Moses encampment after Moses and Aaron had exited when they did set down some roots it was not very long before they were uprooted. Even hundreds of years in that context is a matter of hours in a Next Level time reference.

And as said their property near Manzano had been a boy scout CAMP. The Next Level sets up these prophecies and then also sets up their fulfillments for us to have the choice to see them or not. I could be wrong in this projection but I am "taking a chance on a positive" to disclose these possibilities and even likelihood. Even if I am wrong and the Next Level had no plan to stimulate a gathering of their believers in this end of the end time, should it come about because I'm suggesting it, the Next Level could choose to use it. Also if I am on the mark with this idea, then one can be sure the Next Level is not only relying on me to disclose it. They can go to any of their believers and visit them with a dream that suggests something similar and I'm not limiting this to that one area near Manzano, though Do did suggest that any who felt to exit the way they did in 1997 go to the southwest

and scream to the Next Level to see if it's right for them to do and have the courage to act.

But there is further evidence of a gathering of believers. Notice in:

Rev 16:14 For they are the spirits of devils, working miracles, which go forth unto the kings of the earth and of the whole world, to gather them to the battle of that great day of God Almighty.

This “gathering” to the battle is what is starting at about this time during this sixth seal time and it's the humans the Next Level is gathering.

Rev 16:15 Behold, I come as a thief. Blessed is he that watcheth ((keep awake, be vigilant)), and keepeth ((guard, fig. to keep unmarried)) his garments ((clothes, raiment, robe, vesture)), lest ((in order that not)) (he) walk ((be occupied with)) naked ((nudity)), and (they) see ((look at)) his ((self)) shame ((indecently)).

Again his arrival will be at a time when one doesn't expect and in a way that is undercover, yet not incarnate this for this LAST harvest time.

Then the verse shifts focus to those who are in his fold while referring to his return which we know is not incarnate this time and refers to those he is compelling to “watch” - keep awake, be vigilant, guard their vehicles (physical body (garment)), in other words wear “amour” against the influences that would compromise their behaviors and ways according to what Jesus and now Ti and Do taught and required of their students to remain in their “classroom” - that could even include dressing modestly to not stimulate their own or others (see/express) sensual/sexual thoughts and feelings that are unseemly to someone who wants to please their Older Member and give themselves physically and mentally to their Older Member to literally become “His” bride.

Even on the literal human clothing level, in Ti and Do's classroom, males and females would wear shirts that buttoned up high near the neck and all clothing was loose fitting and shirts were worn outside of pants so to mask the shape of the body and cover skin. There were no dresses or skirts for females and we always wore underwear and females always wore a “slingshot” (bra), except to sleep it was optional, and we changed into pj's and had robes to put over the pj's when we would need to use the

“bathchamber” during the night. There never was any nudity in the classroom except in private when bathing or changing clothing and that was done in total privacy. However, this was when we lived in “crafts” (houses) though the ideas are what's important to apply whenever possible. Ti and Do were also concerned with blending in some when seen in public but that was to not raise suspicions among neighbors or employers so we could continue our task without interference. Yet it was always a balance that Ti and Do would help us keep. For instance there were times when a student who had a job in the world that specified needing to wear a skirt or suit and tie would do so as an exception but that might also prompt them to have us look for a job that didn't have such requirements on any regular basis. (The suit didn't seem to matter - it was the skirt that I believe came into question).

Then as if to still be referring to these who are his believers:

Rev 16:16 And he gathered ((lead to collect/convene, assemble)) them together ((lead to collect/convene, assemble)) into ((among)) a place ((5117 topos= spot (general in space, but limited by occupancy), X plain, quarter, + rock, fig. condition, opportunity, specially, a scabbard)) called ((bid, called forth, (whose, whose sur-)name (was called))) in the Hebrew tongue Armageddon ((Ar Har= loom up, as in a mount, mountain (from) “a place of crowds,” (a great multitude), a plain, valley (between Mount Carmel (north of Los Angeles, California?) and Nazareth (Spur, Texas?)).

These verses thus show a gathering or two gatherings that include two groups of people he refers to some as sheep and some others as goats:

Mat 25:31 When the Son of man shall come in his glory, and all the holy angels with him, then shall he sit upon the throne of his glory:

Mat 25:32 And before him shall be gathered all nations: and he shall separate them one from another, as a shepherd divideth his sheep from the goats:

Mat 25:33 And he shall set the sheep on his right hand, but the goats on the left.

In the rest of Matthew chapter 25 Jesus outlines a distinguishing of who is a sheep and who is a goat. The sheep helped people, strangers, sick, those in prison, gave them food and drink while the goats did not as the criteria in this LAST HARVEST WAVE that would seem to apply to those most who never heard of Ti and Do, for the Next Level to save their spirits or souls by.

Since he says to watch for his coming it does seem it is from this point onward that he could show up with his Armada as the most apparent show of His Next Level kingdom's reality and thus in full “glory” (brilliance of light).

So I would say that the events of the start of the Sixth Seal that includes not only seeing the Temple opening that sends the Kings of the earth and all those in allegiance with them to hide underground (from the Face of the Throne and Lambs Wrath) is about to reach it's conclusion ahead of the 1000 years by the appearance of Ti and Do's “ark” - the spacecraft Holy City, New Jerusalem (as opposed to the earthling city/vicinity newly named new “Jerusalem” (city of God's angels - Los Angeles, CA). This “ark” has been hinted at existing since John's Revelations but especially during the 20<sup>th</sup> century and even more so since Ti and Do and Crew have exited their incarnations in 1997, not only with talk but as of at least 2013 with space telescope photography I've seen noted in one regular YouTube.com broadcaster's description of what he called Hercolubus that looked like a giant duck shaped body, which is interesting that several comets also seem to have that shape. Talk of Nirabu is in the mix with continued space photography and calculations of orbital changes that seem to point to a sizable unseen object(s) as the cause.

The latest report I've seen in July of 2016 while Saturn and it's NASA probe are getting more press, was a video from a space telescope trained on Saturn's outer rings that showed an “hourglass” shaped massively large object that was moving while not in any kind of orbit. Again that's a curiosity in the way a hourglass shape can also look like that silly depiction of comets as having a duck body shape that is not unlike an hourglass.

In what seems to be another of many amazing potential revealings; I had been asking Ti and Do for help to understand Saturn's role, because of how Ti and Do had Ollody the classrooms primary artistic painter draw and airbrush Saturn with it's rings that is shown on the Heavensgate.com website. I sought the definition of Rev 20:3's use of the English word “season” as how long the Luciferian space aliens would be “loosed” for, said as for a “little season” after the 1000 years they were locked up which is after all is “done” as far as Next Level voices, etc. and learned it was from the Greek word, Chronos translated mostly in the New Testament to “time.”

Well, Chronos is related to Kronos which is related to Zeus in Greek

mythology who is “Father Time,” though there is all sorts of debate on whether these are speaking of the same individuals and if they are the mythology seems to be based on a previous civilizational experiment because throughout the stories there are Beings depicted having animal bottoms and legs with human or serpent, (even many) heads and most often having wings to even depict Kronos/Chronos - Saturn/Zeus.

I'm certain there was as much confusion in the origin to those stories as we see in today's science fiction, though it is all from a factual basis in how the Next Level maintains Their “garden” to grow Souls upon and supply the ones who fell away like Ophioeus by battling for earth with Zeus (aka Zas) and Chronos - who work together and are immortal unlike other “god” depictions. In this brief study, I came upon a painting by Ernst Panofsky entitled, “Father Time” that among other depictions placed an hourglass on top his head. Thus to me this was a type of answer that even went with David Icke's talk that Saturn was a giant frequency transmitter that was nothing new to me to think about because of what Ti had said about all the planets, but given only Pluto and Saturn were really depicted as having a particular focus in the paintings that were first designed to be in their first movie script attempt I would say that Saturn is the great timer.

Thus it's all during this sixth seal time that because of the availability of seeing these objects, perhaps even without NASA as that is often another way of discounting their existence, though that's fine as those may not have any Next Level mind in them anyway if they can discount things so easily, that both the “sheep and the goats” will be gathering. It seems clear this is not the same gathering as is depicted in Rev 20:8 that indicates is after the 1000 years when the Luciferian space aliens are once again locked in some underground location(s), though I suspect that location may well be the same location started around the time of this 6<sup>th</sup> vial's pouring out during the Sixth Seal time period.

Do wrote about Armageddon as the entire battle for Souls between the Next Level and the Luciferian Space Alien fallen angels. It was set up this way so each human Soul could choose what they wanted to become fairly.

As most all prophecy seems to have layers of truth and especially applicable to something more physical. For instance when breaking up the word, Armageddon we get, Ar = “tower and/or city and/or hill” at Megiddo, a

valley in Palestine but in this context seems to most apply to the new “temple” area in the southwestern U.S. where all this has been happening primarily, that is in terms of the believers in Ti and Do who are gathered. Note how part of the design that was quoted in the article I read from the people who related to Do and some in the crew who had rented office space in Manzano in 1995-6 listed among the design of their “Monastery Fortress” a “LOOKOUT TOWER” which is yet another match for the terms used from the Hebrew and/or Greek translation of Armageddon.

Plus when we as a classroom first moved to Albuquerque, New Mexico where we had a little house downtown and then a bigger house in the northern suburbs - and where Do and his “Helpers,” Lvvody and Innody, had a craft during part of that time, Do reflected on how he and Ti always felt especially drawn to a “triangular area” that I recall included Mountaineer (just south of Manzano) to I believe Carizozo southeast of Mountainair and then most important to this entire premise, northwest to Magdalena (which is west of Socorro along highway 60). Twenty four miles east of Magdalena along highway 60 is where the “Very Large Array” was built between 1973 and 1980 that consists of 27 25-meter radio telescopes in a Y-shaped array in the Plains of St. Augustine where the UFO Crash known as Roswell actually occurred (and there seems to be evidence of two crashes in that area at that same time near to June 14, 1947 into early July, with the earlier date associated more with Socorro, NM).

Incidentally Do, before he was awakened had served in the signal corp of the Army and was stationed in White Sands Missile Base for part of his service. He was also stationed in Salzburg, Austria and told his students he knew that very spot where Julie Andrews was filmed singing the opening song in the Sound of Music musical.

But Magdalena has its name origin from “Lady on the Mountain” which was a rock face some Spanish soldiers noted as the profile of a woman that reminded a priest of a similar peak in Spain called “La Sierra de Maria Magdalena,” so he called this New Mexico mountain face, “La Sierra de Magdalena.” This name originated from Mary Magdalene - close disciple of Jesus in a female vehicle, (of which there were at least 7 using female vehicles at that time). Magdala, the Aramaic means “tower” and “fortress” and by the way is also related to the name Miriam that is Hebrew for “Mary”

which means, “rebellion” - from what has become the Luciferian misinformation mind NORM, as those that come out of her (The BEAST) who will have left behind the BEAST's world dominion to gather in that area of New Mexico making them rebels of the Luciferian run system.

Some Geographic parallels, based in part on the way all plagues/calamities are DOUBLED in their application to the earth's people:

Based on the location of Megiddo, Israel, in comparison with Magdalena, New Mexico being the TWO areas spoken of as Armageddon, if one drew a line from Mount Carmel, Israel, (north of Jerusalem) (where Elijah called down fire from Heaven on the priests of Baal), to Nazareth, Israel, where Jesus vehicle was born, it has almost an identical appearance to a line drawn from Carmel, California to Spur, Texas where Do's vehicle was born. And both lines fall just north of the towns of Megiddo, Israel and Magdalena, New Mexico, putting the Valley of Megiddo, east of Megiddo which is the vicinity in the triangle Ti and Do felt something significant about that encompassed Magdalena/Socorro, to Manzano/Mountainair - near their earthship “camp” “fortress” with the third part of the triangle near Carizozo, New Mexico. It's simply interesting to see these relationships, since Jerusalem and Carmel, Israel are on the Mediterranean coast just as Los Angeles and Carmel, California are on the Pacific ocean.

To recap, Rev 20:7-9 says Satan, the Devil, the Dragon, which appears to be speaking about all Lucifer's associates who also “fell” so are also “adversaries” against the Next Level, are once again locked up underground/undersea on earth for 1000 years is then loosed out of his prison and goes out to deceive the nations in the four quarters of the earth, the people spoken of as Gog (the “prince” of darkness and associates and human descendents in league with him and any hybrid vehicles they engineered) and Magog (primarily the northern regions in the old Jesus and before classroom territories around the Caucasus mountains, east, west and north around the Dead Salt Sea focused today on Turkey where the Euphrates river starts, and in the current Next Level classroom North American region, seemingly all around the Magdalena, Manzano and Mountainair triangle.

Re: the Triangular area formed by three towns in New Mexico: I don't actually recall the exact triangle of towns Ti and Do felt drawn to, except that I know they were in the general vicinity of these three towns listed. The

primary clue was Do and Crews establishing their “monastery fortress,” the closest town being Manzano where they also spoke with locals and leased office space for their computer business. That on top of Magdalena, New Mexico's name etymology and it's close similarity in meaning and sound to Ar-Mageddon where a “gathering” was portrayed of both the Lower Forces and those who were compelled to .”..watcheth, and keepeth his garments...” in Rev 16:15-16 at the end of the 6<sup>th</sup> vial being poured out and other evidence of similarities between the Middle East area and this New Mexico area.

But it would appear that it wasn't from Do's mind to limit where we might exit from as he said the “west and southwest U.S. was the preference but not necessary. He said this in His “press release” dated 3-22-97 where he also said there was “a “brief window of time” that the gate would be opened to “follow them” and there was nothing said after that to indicate how long “brief” would be. They spoke of time in relationship to the “day (Next Level time frame) to 1000 years (human time frame), thus a hour equals about 40 years human time.

But the descriptions of Magog that are included mostly in Ezekiel chapter 38 when applied to the U.S. seem to indicate the Rocky Mountains being like the Caucasus Mountains “in the North” but between two large bodies of water which would seem to be the Great Salt Lake and the Great Lakes region with the Mississippi river like the Euphrates river as where the forces against the CAMP OF THE SAINTS AND THE BELOVED CITY come from to wage their last battles.

The SAINTS refer FIRST to Ti and Do's graduate Souls, the 38+4 who gave their lives in service to Ti and Do, though could include any who also did so after them by “standing in defense of Ti and Do” from their exit to date as they are put to the test starting with the “fourth green (harvest) horse.” Thus the “beloved city” would be those gathered as stated in Rev 16:16 in that same area. As a result of their mounting their attack on the camp of the saints and beloved city, the Next Level at this time destroys them by sending fire down from heaven, reminiscent of Elijah calling fire down from heaven to destroy the vehicles of those who were serving a “false god.”

This verse is followed by the Dragon/Devil being forced to join the BEAST and the FALSE Prophet in the LAKE OF FIRE for an everlasting torment, which is the SECOND DEATH - the death of the Soul.

Further examination of this idea that Armageddon will come to be the gathering of the believers in Ti and Do focused on the “city Magdalena” and vicinity in New Mexico is also evidenced through the records of the Old Testament prophet Zechariah, starting especially with chapter 12 where there are many references to what will come to pass “in that day” that in its context seems to be related to this END TIME battle in the Valley of Megiddon. The context is the Lord speaking to Zechariah that show some links to a number of Revelations prophecy delineations:

Zec 12:9 And it shall come to pass in that day, that I will seek to destroy all the nations that come against Jerusalem.

Jerusalem in this context consists of the real “church” - all who had become believers in Ti and Do whose souls were in seasons past the same souls who believed and worked for the Father and Jesus and Jehovah and Moses and had taken or were still taking over human vehicles to Stand for Ti and Do. It also pertains to the new area that had been designed for these souls to dwell in and overcome their humanness within, which has been in the United States territory.

Zec 12:10 And I will pour upon the house of David, and upon the inhabitants of Jerusalem, the spirit of grace ((favor, pleasant, precious, (well-)favored)) and of supplications ((entreaty, earnest prayer)): and they shall look upon me whom they have pierced, and they shall mourn ((tear the hair and beat the breasts, lament, wail)) for him, as one mourneth for his only son, and shall be in bitterness for him, as one that is in bitterness for his firstborn.

The pouring out of GRACE AND SUPPLICATION could describe the way the U.S. was “blessed,” as in “America, America God shed his GRACE on thee...,” was FAVORED by the Next Level for Their RETURN incarnate that included making it become the new “land of milk and honey” to attract people from all over the planet, that included the descendents of the “house of David,” those of Jewish heritage, that emigrated to the U.S. and those descendents of those who turned into followers of Jesus - labeled the New Jerusalem (where the Two Witnesses are subdued and lay down their own lives as said in Rev 11:7).

Saying these will “look at me whom they have pierced” further substantiates that this “day” is AFTER Jesus is “pierced,” as was prophesied before it

happened. Jesus had nails driven into his feet and hands and was stabbed in the side. Thus it also indicates those same Souls and/or new leaves on the same genetic branches that pierced him would be back as their “resurrection of damnation” (Joh 5:29), who would also benefit from that FAVOR AND ENTREATY (grace and supplication):

Rev 1:7 Behold, he cometh with clouds; and every eye shall see him, and they also which pierced him: and all kindreds of the earth shall wail because of him. Even so, Amen.

Also it indicates at that time when they see him who they pierced they will “mourn.” First they see the SIGN in Heaven, the Hale Bopp Comet and the “mourning” comes because it was met with Do and 38 students laying down their lives voluntarily and leaving joyful video's showing their state of mind and how they were claiming to be the return of the Next Level. The nation was in a type of mourning, being very disturbed over it all, not that they were all sad about it - some certainly were for whatever reasons but because it was so bizarre and shocking an event. It is after that that they see the One who was incarnate in the name of Jesus coming “as a thief” and hidden by “cloudiness” (cloud of Light) but in a show of great power this time and in a very bright white appearance Do conjectured could be an “armada” of spacecrafts as indicated by Revelations chapter 19.

Mat 24:30 And then shall appear the sign of the Son of man in heaven: and then shall all the tribes of the earth mourn, and they shall see the Son of man coming in the clouds of heaven with power and great glory.

Then again, referring to “in that day,” speaking again of “mourning” compared with a great battle in the valley of Megiddon that happened well before Jesus was incarnate but entailed a great amount of bloodshed which matches the prophecy of the “winepress”:

Rev 14:20 And the winepress was trodden without the city, and blood came out of the winepress, even unto the horse bridles, by the space of a thousand and six hundred furlongs.

Zec 12:11 In that day shall there be a great mourning in Jerusalem, as the mourning of Hadadrimmon in the valley of Megiddon.

Remember everything happens in “double” so there is mourning in both the

Old and New terrestrial Jerusalem with the U.S. one called the City of God's Angels (Los Angeles).

Note within the verses I've noted, I put parentheses around words included by the translators as the word “apart” was mentioned only one time. The word “apart” indicates separation:

Zec 12:12 And the land shall mourn, every family ((tribe)) apart ((separation, part of the body, branch of a tree, chief of a city)); the family of the house ((court)) of David (apart, and their) wives ((0802 'ishshah= woman, wife, married, female, each, every)) (apart); the family of the house of Nathan (apart, and their) wives (apart);

The “land” pertains to the people of that land who are mourning the SEPARATION they felt from their human family units when they first joined with Ti and Do in 1975 and during the second public meetings time in 1994. They also mourned because they saw the event as a waste, many assuming these students were naive victims because they couldn't imagine that Do was in fact the one who was incarnate last in the vehicle named Jesus. They had mostly been taught that Jesus was a religious figurehead and/or an etheric “spirit” who floats around in the clouds as a supernatural (etheric) figure or human made into a myth or a total fabricated story or that he wouldn't be coming back incarnate, not even often thinking that is a possible reality.

Ti and Do did talk about the Next Level as another dimension but not an etheric one like the spirit world. Next Level Members can defy what to humans are natural laws as Jesus demonstrated by literally defying gravity in the depiction of him floating above the waves in the storm while his disciples witnessed it and when we rose from the ground to be received by the clouds out of their sight and by his appearing and disappearing in the upper room where they gathered and didn't see him come in with them or leave with them, as some of the many examples that must have existed that John in his gospel said were too many to list.

In other words Next Level Members who have even converted their physical human vehicle by a metamorphosis simply have more functions natural to them but that would be “supernatural” to a human who has not been taken through the process to grow their Soul deposit into a new body that upon receipt of a final ingredient “in a twinkling of a eye” can demonstrate these

qualities while still able to appear and function in human ways - eating and drinking, talking, walking as Jesus also demonstrated and yet had some touch him to show he was NOT a spirit but was still flesh and bone. Those that witnessed these things were given that proof because they were not ready to make the same transition yet - like Jesus said they have to be “born again” the real meaning being they would need to take over a new human level flesh body (water birth) in order to finish their overcoming lessons to be “born of spirit” - spirit being equivalent to Mind and thus from their Older Member's (Holy) Mind, by abiding by all the words and behaviors and ways provided them by their incarnate Older Member who was absolutely needed to complete their process - as Ti and Do referred to as a midwifing task.

However those that witnessed these things with Jesus were also logging the facts into their “Soul deposit pocket/container” so that about 2000 years later when they began to be awakened by the same returning Older Member (this time with his “Father) there would be no need for proof, though they would still be challenged to override the vehicle's programming that such things as Jesus was depicted to do might be doubtful. If they failed to override all their doubts they would not be ready to graduate.

A human being is at this time “natural” to the earth, though started as a mutation of sorts from a Next Level Member (Adam) and thus to be Above Human would be a “Superior” condition, as Jesus also indicated of all new graduates into the Next Level compared with even the greatest humans, referring to John the Baptist as the greatest human in that example as he too hadn't yet graduated into adult Next Level Membership.

A woman is first defined as a progenitor and in Old Testament law to participate in that generation of new “leaves” on that branch of the human tree was a commitment to one. But Jesus started the thinking of the lesson plan to begin to separate from that human condition to where during this third trimester time no one remains married to anyone but their Older Member.

Zec 12:13 The family of the house of Levi (apart, and their) wives (apart); the family of Shimei (apart, and their) wives (apart);

Zec 12:14 All the families that remain ((to swell up, cause to make, (be) left, let, remnant, reserve, the rest)), every family (apart, and their) wives (apart).

This would appear to be speaking to the way Jesus said it would be again like

in the time of Noah and/or something that would occur quickly and suddenly, like Jesus said his return “in glory” would also be “as a thief” that would require of those who feel his call to “leave all behind” because of, as said:

Luk 17:29 But the same day that Lot went out of Sodom it rained fire and brimstone from heaven, and destroyed them all.

Luk 17:30 Even thus shall it be in the day when the Son of man is revealed.

Luk 17:31 In that day, he which shall be upon the housetop, and his stuff in the house, let him not come down to take it away: and he that is in the field, let him likewise not return back.

Luk 17:32 Remember Lot's wife.

Luk 17:33 Whosoever shall seek to save his life shall lose it; and whosoever shall lose his life shall preserve it.

Luk 17:34 I tell you, in that night there shall be two men in one bed; the one shall be taken, and the other shall be left.

Luk 17:35 Two (women) shall be grinding together; the one shall be taken, and the other left.

Luk 17:36 Two (men) shall be in the field; the one shall be taken, and the other left.

This next verse can seem to be showing how the Next Level “gathers” the enemy to Magdalene (City/Tower mageddon). The Lower Forces shown here as Eagles (birds), being Souls - the ones we know of as the Luciferian Space Aliens who know where Next Level Souls are (The “BODY” (Church)) because they seek to steal them to their camp as they can not create souls and souls have more capacity to circulate in the first “heaven” - within the earth's atmosphere/environment:

Luk 17:37 And they answered and said unto him, Where, Lord? And he said unto them, Wheresoever the body is, thither will the eagles be gathered together.

“Women” are described as part of these families/tribes. Since the Wives/Women were also listed separately for each of these tribes indicating they remained - (be) left, remnant, reserve, the rest, it would seem this is not really about the gender, but in how the men or all would be separating from their former responsibilities to their human families. After all, it is the way of the Next Level program, when called for those who feel/hear the call, if they choose and have a family, wife, to separate from them and that responsibility

in order to give their all to their incarnate Older Member who does the calling.

Jesus spoke to this fact regarding his disciples:

Mat 19:27 Then answered Peter and said unto him, Behold, we have forsaken all, and followed thee; what shall we have therefore?

Mat 19:28 And Jesus said unto them, Verily I say unto you, That ye which have followed me, in the regeneration when the Son of man shall sit in the throne of his glory, ye also shall sit upon twelve thrones, judging the twelve tribes of Israel.

Mat 19:29 And every one that hath forsaken houses, or brethren, or sisters, or father, or mother, or wife, or children, or lands, for my name's sake, shall receive an hundredfold, and shall inherit everlasting life.

However, this mourning is happening successive to those first fruit's souls separating from their human families, where “woman” relates to what Jesus said as the mammalian part of the human kingdom, prospective members of the Next Level need to leave behind, separate from, discontinue the marriage and sexual relationships with:

Luk 23:27 And there followed him a great company of people, and of women, which also bewailed and lamented him.

Luk 23:28 But Jesus turning unto them said, Daughters of Jerusalem, weep not for me, but weep for yourselves, and for your children.

Luk 23:29 For, behold, the days are coming, in the which they shall say, Blessed are the barren, and the wombs that never bare, and the paps which never gave suck.

Luk 21:23 But woe unto them that are with child, and to them that give suck, in those days! for there shall be great distress in the land, and wrath upon this people.

Rev 14:4 These are they which were not defiled with women; for they are virgins. These are they which follow the Lamb whithersoever he goeth. These were redeemed from among men, being the firstfruits unto God and to the Lamb.

One can wonder why being “not defiled with women” describes these overcomers, as if to say one can be “defiled” with men and still please the

Next Level. I believe it has to do with the lesson plan for those souls who take over male human vehicles, consistent with the instructions in the Moses classroom and the Jesus classroom. The second part of that verse indicates that all of these who are Standing on Mt. Zion/Sion - the parched area in the new land where the Older Members came incarnate - the U.S. west and southwest as part of completing their metamorphosis to be rewarded with an Adult Next Level “fine linen” vehicle MUST as Ti and Do said, “RECOVER THEIR VIRGINITY” - become consistently celibate of mind and body - giving themselves entirely to their Older Member, in specific Do as their first Link but equally to Ti. Ti and Do did say that those who have an attraction to the same gender as their own vehicle have overcome gender consciousness, yet if they remain sexual in the mind and/or body show they still must overcome their sexuality to meet the requirements for graduation with that class.

These indications of separation from one's human family also relate to what is called the FIRST RESURRECTION:

Mat 22:30 For in the resurrection ((386 anastasis from anistemi 450 (noun - the People, place and thing as an event for these to)= stand up again [entering into to take control of a human vehicle prepared for them (their Soul)])) they neither marry, nor are given in marriage, but are as the angels of God in heaven.

Note how in Rev 14:1 the 144,000 are “standing” on Mt. Sion/Zion and are thereafter described as not being defiled with women, a reference to sexuality, while also becoming virgins - by scripture “un-married” - a recovery of virginity having nothing to do with never having been married or engaged in intercourse which was a Luciferian twist put on the idea.

Mrk 12:25 For when they shall rise ((450 anistemi= (verb) to stand up again)) from the dead, they neither marry, nor are given in marriage; but are as the angels which are in heaven.

Lke 20:34 And Jesus answering said unto them, The children of this world marry, and are given in marriage:

Lke 20:35 But they which shall be accounted worthy to obtain that world, and the resurrection ((386 anastasis= stand up again)) from the dead ([[the normal state of a human vehicle unless it's given to awaken]]), neither marry,

nor are given in marriage:

Lke 20:36 Neither can they die any more: for they are equal unto the angels; and are the children of God, being the children of the resurrection.

The RESURRECTION or RISE FROM THE DEAD, also translated as “to STAND UP AGAIN” as an INCARNATION which is actually the process of a returning Soul taking over a human vehicle that was prepared for them by the Next Level and according to Ti and Do “chose” by the returning Soul with the Next Level's help to provide a “match” with that Souls growth and thus what they most need to still overcome of their human mammalian kingdom allegiance, behavior and ways, (as Jesus taught and demonstrated the second trimester lesson plan to. This RESURRECTION is only spoken of in the Revelations in one timeline context I have found, which is AFTER the BEAST (U.S. led Global Government - whose main mouthpiece is the Dragon/Serpent - Luciferian Space Aliens) and FALSE PROPHET (“Holy” See/Vatican/Pope and Christian Religious leadership) are cast into the Lake of Fire. This takes place after the GATHERING in Armageddon has begun by the time of the 6TH ANGELS POURING OUT OF THE VIAL (PLAGUES) that are being realized in degrees all throughout the 20<sup>th</sup> century with a surge in the first years of the 21<sup>st</sup> century around 2007 and then another around 2017 to the time of the opening of the SIXTH SEAL where humans in league with the BEAST are fleeing from “his Face.” His “face” - identity is made apparent, for every eye to see, that is when Do and his new graduate “Younger Members” of the Next Level in their Next Level vehicles (fine linen) from their brilliantly enlightened “armada” of spacecrafts, described as His return in “GLORY” as shown in Rev 19:11-14 with it's parallel description in Rev 14:14-16.

As the GATHERING AT ARMAGEDDON is shown to be both pertaining to the time of the sixth trumpet's sounding as stimulated and carried forth by the Two Witnesses prophecy witnessing/testimony (giving of their human lives) and then again starting with the FOURTH SEAL OPENING in 2017 with a voice (disclosure) from the Next Level to once again “give our lives” to Ti and Do's service by STANDING IN DEFENSE OF THEM amidst an even greater attack on them and their believers, that extends into the SIXTH SEAL's opening, which are related to overall Rev 14:1's 144,000 (or 144 and a myriad of thousands) STANDING ON ZION/SION - with the result of that last “gathering” shown finally during the 1000 years while the Luciferian

Space Aliens are once again locked up under the earth and/or under the sea as shown in Rev 20 for the final battle that is a no contest and that the Next Level concludes by wiping out the humans who are drawn by the Luciferians to come against this “camp of the saints” and “holy city” occupants that apparently has it's start with the events of the 6<sup>th</sup> Seal opening when his “FACE” is apparent and the last of the VIAL (plagues/calamities) are POURED OUT - the cup that is the reward to those in league with the BEAST.

The GATHERING isn't spoken of as SOULS even though they are of course Souls who have taken over their human vehicles - described as having “wrapped around them-selves (their Soul body)” (clothed with white) a strong indication they currently have bodies and have separated from their human roots and are heralding the arrival of their Older Member - Do as they (the Souls/vehicles) did for Jesus arrival to Jerusalem (with palms in their hands), but this time because of the arrival of his FACE. These are spoken of as Souls that “live again” - Stand Up Again (Resurrect) in Rev 20:4-11 when yet there is that last arrival of the Older Members to administer the final judgment of the dead, having recycled the Luciferian Space Aliens beforehand.

-Rev 7:9 After ((accompanying, amid)) this I beheld, and, lo, a great multitude ((ochlos= a (crowned) group or collection who have flocked together)), which no man ((not one man)) could number, of ((origin, from out of)) all nations ((ethnicity/races)), and kindreds ((tribes (of Israel (overcomers)))), and people, and tongues ((languages)), stood before ((saw the presence of, in that place)) the throne ((Older Members Ti and Do)), and before the Lamb ((stood for [Do], the same Older Member who was incarnate in the name Jesus)), clothed with white ((color of ripening grain, their vehicles they have purified [sufficiently, or they wouldn't be said to be clothed in white] by adopting the behaviors and ways of the Next Level)) robes (([their human vehicles])), and palms in their hands ((help, agency, means, activity, power [to separate from their human roots]));

As just suggested, these would seem to be those first spoken of as the saints who are (overcome, subdued, conquered, prevailed against) in, which starts to take place sometime after the DEADLY WOUND OF ONE OF THE BEASTS HEADS IS HEALED (Rev 13:3). This Head is the U.S. (New York

centered American) head and is seen in the Seven Buildings of the World Trade Center and Pentagon attacks that started the time of great tribulation, though develops gradually until the 4<sup>th</sup> seal time starting in 2017, when the BEAST battles with the saints, presumably mostly on their internet STANDING FOR TI AND DO, to possibly include mounting an opposition to this “little book” - Backside (dealing with the history in the form of prophecy interpretation) of the Next Level's Information provision. The saints are all who give their lives to Ti and Do's service knowing it will result in the loss of their vehicles life, if they continue. This isn't talking about those who graduated in 1997 because it's well after they exited, though some of these may have been with them in their classroom between 1973 and 1997:

Rev 13:5 And there was given unto him a mouth speaking great things and blasphemies; and power was given unto him to continue forty (and) two months.

This “forty two months” could be literally 3 1/2 years said this way the same way it applied to the “forty two months” in:

Rev 11:2 But the court which is without ((outward)) the temple leave out ((without, out of doors)), and measure it not; for it is given unto the Gentiles: and the holy city shall they tread under foot forty and two months.

As with virtually all of these prophecies there are multiple applications for each of the two harvest periods that are both considered the “First Resurrection” as it started with Ti and Do and their FIRST fruit harvest and ends with the same standard applied to those who come after in the LAST fruit harvested. In both cases and time periods depicted can be translated with “months” as the Greek “men” of 3375 or 3376 both spelled the same and both sounding the same but with one said to stem from yet a third “men” with a slightly different spelling/sounding that indicates it being a “particle of affirmation.” In other words it could be saying there are 42 Souls who graduate within each of two 42 month periods in which they show their affirmation to Ti and Do. It's interesting that in Rev 11 which is primarily about the Two Witnesses and their student body is shown a depiction of the “court” - the area and people outside the “temple” grounds (west of the Mississippi River) and it's people. The “Holy City” for this depiction would seem to be the entire U.S. - the bordered area that became hallowed (holy) ground because it was where the Older Members and their Saints came to

“stand up again.” And this is also the same area where all must do their primary “standing” for Ti and Do, which is done on foot both times.

In 1975 and 1994 Ti and Do's classroom held public meetings all over the U.S., so it would seem there is to be another round of public meetings in the “court” - east of the Mississippi River where there are potentially still some who could SEE Ti and Do as the return of the Father and “Jesus” in new vehicles with new names, etc. This standing starts on the internet - the Mid-Heaven (Rev 14:6...“midst of heaven”) with Do and Crew in 1995-7 before they exit as it's the “Jesus” return way of speaking to give some who still believe in the real Jesus a chance to connect to Ti and Do, but this avenue via the internet may be what is lost in the war with the saints where they are “overcome/subdued” just like Ti and Do were overcome and subdued, all during that 3 1/2 years:

Rev 13:6 And he opened his mouth in blasphemy against God, to blaspheme his name, and his tabernacle, and them that dwell in heaven.

Rev 13:7 And it was given unto him to make war with the saints, and to overcome them: and power was given him over all kindreds, and tongues, and nations.

Of further interest is how those who “Stand for Ti and Do” then become the TWO's Witnesses to the world. Ti and Do served as “The Two” so in more ways than one anyone who testifies with their life to the truth they provided is Their Witness and even though it's not the student's desire to have their stand met with someone's hatred to stop them by killing their vehicle the term translated to “witness” is from the Greek “martus” - sounds like martyr and has some of that definition of giving one's life in service to the Next Level by showing the “record” - which is what Ti and Do called the Bible and what the “backside of the book” represents - as backside also refers to what is historically recorded, something that Ti and Do certainly said a great deal about but did not spend hardly any time on prophecy - leaving it to this time as a lesson ground to determine who among former “Christians” still can see the truth through the massive barrage of misinformation that has become the Christian religion - now a “killer of souls” because of it's trickery imposed by the Luciferians but sets the stage to test what each of us is made of, which is the point to the “garden experiment” - to overcome the Luciferian influence and the human evolutionary kingdom to become a Member of the

Evolutionary Level Above Human.

So these have come through the time period of the 4<sup>th</sup>-6<sup>th</sup> seals, who are “slain for the word of God, and for the testimony which they held” and then in Rev 6:11 as “...their fellow-servants also and their brethren, that should be killed as they were,” and Rev 14:13...those who “die in the Lord from henceforth...”

As said in Rev 7:9 they “stood before the throne” (Ti and Do and their Teachings are the Throne), and stood before the LAMB by showing how all Jesus teachings were fulfilled or about to be fulfilled by Ti and by Do's teachings and example during He (Do) and his Older Member Ti's promised return incarnate again as described by all the prophecy and revealings in all Jesus said in the four gospel records that are all interconnected and in context with all said in the Book of Revelations. These come out of the U.S. melting pot of races and ethnicities that came from every corner of the world, though there could be exceptions I'm sure where the Next Level has their eye on someone who is not from the U.S. or in the U.S. at this time.

However, I do have to note that there was one prospective student who got in touch with Do and the classroom in 1996 that used the name Nathaniel who Do delivered a message to, or may have spoken to him directly over the phone, but that Do suggested he come to the U.S. Do even had his helpers make note in one of the letters they sent to those who were also assisting from outside the classroom (who didn't want to rejoin the classroom then) that Nathaniel could have one of the cars they were leaving behind and could have some of the monies also left behind with the intention being his participating in the phase of taking the task to share information about Ti and Do's teachings with the “world.” I say this because the U.S. is also where what I am calling the “extended classroom,” (more like a second trimester classroom perhaps, kin to after Jesus left) was to be held that is coming into focus more by analyzing the lead up Standing for Ti and Do that would lead up to the GATHERING in the Magdalena, Manzano, Mountaineer area when there is no longer a way to STAND for Ti and Do because of the dissolving of the infrastructures around automobile travel so those giving testimony will be literally on foot perhaps so then knowing of this prophecy interpretation may head to this area noted that is west of the Mississippi River thus even more so part of the “Holy City” area since that is where Ti and Do

felt most connected to their Older Member and helpers in spacecrafts.

These are “clothed in white robes” which is described in a few verses as, “made them white in the blood of the Lamb” which means they “took up their cross” and “drank the cup of the wine (blood)” - shed their blood **STANDING FOR THEIR OLDER MEMBERS** as the Lamb and His students stood for, who were incarnate last in the names Ti and Do.

This voluntary laying down of one's life by choosing to **STAND FOR TI AND DO** is also shown by their carrying the palm tree branch that Jesus believers took up to show solidarity with him when he returned to Jerusalem to “lay down his life.” That palm tree branch originally seemed to represent the “separation” from one's roots to the earth and human kingdom, which the Next Level began to mentally prepare the children of Israel for by one time a year instructing them to live in “booths” - temporary shelters - like tents and this event was called the feast of tabernacles (dwellings) where their structures were built from branches that included palm tree boughs.

Ti and Do are the “throne.” Standing “before” Them means **STANDING UP FOR** - (believing in and expressing) **ALL THEY TAUGHT** in their “presence.” This point of doing this **STANDING** in their **PRESENCE** is very important but one can wonder how we can be in the presence now that they exited their incarnations. In one way, of course they are present because their faces are still in the news on occasion even though they are seen as evil cult leaders. They are present when we tell people about them and point people to Do and Crews videos and Ti and Do's classroom audios and all their writings and the still present Heavensgate.com web site. Then they are “present” when we see all the signs in the “sun, moon, stars (planets),” etc. they have been providing us since their exit in 1997 mostly starting with the Hale Bopp Comet great “sign.” Still signs are left to ones discernment of their presence. Yes, these are all degrees of presence but can't be denied remains for the duration of the seals which is how more will come to awaken to the truth.

When it says as part of the 6<sup>th</sup> Seal's opening:

Rev 6:15 And the kings of the earth, and the great men, and the rich men, and the chief captains, and the mighty men, and every bondman, and every free man, hid themselves in the dens and in the rocks of the mountains;

Rev 6:16 And said to the mountains and rocks, Fall on us, and hide us from

the face of him that sitteth on the throne, and from the wrath of the Lamb:

As Jesus also referenced as:

Luke 23:30 Then shall they begin to say to the mountains, Fall on us; and to the hills, Cover us.

These People of the Earth are seeking to HIDE from his FACE, his Identity, the reality of Living Beings over them, some even possibly identifying in their minds with the face of the vehicle Do was last incarnate in. I suspect this is part of Do's coming with his Armada of brightly lighted large spacecrafts to let their presence be known in a way that is almost impossible to deny, though who or what people think will be a big test. Some may even believe it's Ti and Do but they might see Ti and Do as representatives of the evil space aliens, even reptilians coming to destroy the earth. Then even Christians who could see these as the fallen angels, a Luciferian manifestation, or a spiritual or holographic delusion will in any respect hate it, so much so that they might go after anyone who even suggests otherwise, which Ti and Do true believers could be persecuted and/or even killed if they stand up for Them. At some point I suspect the internet will no longer be a way to “stand” for Ti and Do or for anything that is seen as dissidence or rebellion from the status quo. I suspect if there is still an internet for the general public then, World Wide Web (WWW) sites and blogs that talk about alternative thinking will probably be seen and reported as having “terrorist” affiliations or in league with revolutionaries or militia groups or radical extremists so will be banned and people could be disappeared. When that happens and people are also targeted locally where they live, and when Do and Crew show their presence it will certainly be a huge signal to leave all behind and head to the area in New Mexico I've outlined, while humans are moving into their underground facilities to escape at the same time.

But to recap what it means to say these “stood before the throne, and before the Lamb” relates to how Do through Jwnody's document “‘Away Team” from Deep Space Surfaces Before Departure’ describes the “formula” to start one's metamorphosis (wash one's robe - their human vehicle) while also describing the requirements to be “saved” as:

(Paraphrased to not risk dealing with the heavensgate.com webmasters who have been suppressing audio tapes and brought a law suit against Rkkody's

distribution of audio tapes and threatened anyone with a law suit if they break their copyright laws and have also been speaking things against what Ti and Do taught - the details of which are on links in the Appendix of this book. As far as I know they have not changed the content of the Heavensgate.com website where the book that contains this document exists but it can also be found on my blog in total at:

Away Team from Deep Space Surfaces Before Departure By Jwnody  
<https://sawyerhg.wordpress.com/2013/12/20/away-team-from-deep-space-surfaces-before-departure/>

But here is my paraphrasing of it:

The formula as it was 2000 years ago for the most serious Jesus students that begins one's metamorphosis to be born into the Next World requires each of us to abandon everything of this world. (This is compared to how the caterpillar must abandon it's caterpillar ways to become a new creature as a butterfly). Each of us must separate and begin to wean ourselves of ties and addictions to mammalian ways. We must seek as best we can the guidance from a Member of the Next Level who has completed the metamorphosis before and has that task to birth new members into His Kingdom. Or, at the least one must attempt to connect with a student of an incarnate Older Member of the Next Level who is active in this same metamorphic process.

Jwnody reports that there is a small period of time left to catch the eye of those that Created and care for this world. To have one's Soul or Spirit saved for a future planting - the overriding condition to qualify is to accept these statements from Ti and Do's Mind are true which is also knowing they are the facts.

One must believe Ti and Do and Crew represent the Kingdom of Living Beings that created the earth and all it's occupants. One must also be willing to stand up in defense of that belief. And one must be willing to maintain that stand until their exit of their human vehicles, no matter how that occurs.

(That concludes that paraphrasing)

This statement is another way of looking at what Do called the THREE TYPES of those who would “go with them” when they leave - to escape the recycling.

Finally, on this point of what the Next Level requires of those of us who want to make application to their overcoming classroom Do says in a videotape given on September 29, 1996 He labeled “Last Chance to Evacuate Earth Before It's Recycled” that there are in summary:

Three types of individuals that can avoid the spading under at the end of an Age are:

- Those who leave everything of their human lives behind to graft to the Representative from the Level Above Human (Do) and complete their overcoming of their humanness.
- Those who recognize the Representative, recognize the information of the Next Level that is coming through the Representative, knowing it is true, and have not yet had the strength to complete their overcoming of their humanness.
- Those who recognize the information of the Next Level and are attempting, even without knowing of the Representative's presence, to break away in their own way.

(I strongly suggest reading or viewing the entire document and/or video to get the most accurate perspective on this directly from Do.)

(Some thought “go with us” meant when they exited their incarnations but just like the Next Level throughout prophecy it did mean that for those “with ears to hear” - mostly for those who had been in their classroom, like myself - he was saying there was an open window for us to also lay down our lives as they did - and not actually disqualifying anyone from doing the same - as each would be rewarded according to what they have given and giving one's life for them in specific, for Ti and Do is a big giving. It didn't mean we'd graduate to receive adult Next Level bodies necessarily as Do said some with him when they all layed down their bodies were not yet ready to receive adult Next Level bodies upon their Soul body's arrival on the Next Level spacecraft and would have to return to finish their overcoming at a future time.

It seems from things Ti and Do have said and things Jesus has said that there is more to overcoming than overcoming fear of death, though that is a huge step to undertake. If Do had meant by saying some could still “go with him/them” as those who laid down their lives, then what of those in category three who had not even heard about Ti and Do. They were also to be

considered to be saved from the recycling according to the Next Level's judgment of what they had given. It becomes even clearer when considering every one of these scriptural verses that “go with them” included the time periods following those in that FIRST fruit harvest.

Suicide is not a solution. These 39+4 did not commit suicide really, that is in the human definition that includes trying to escape problems or to inflict pain on another. If we are thinking we can employ that as a quick fix, it will fix nothing. We need these bodies to learn our lessons through. Some have expressed to me they felt ready to exit as the group did, but then when they describe why it's apparent they are trying to escape their difficult lessons that come by looking to the Next Level for help with their lessons.

Saying it's a “great multitude” may be translated to less of a depiction of great numbers, as Ti and Do said the Next Level doesn't have millions of members, they have thousands of members - I believe speaking of those who had graduated to full adult membership but perhaps including certain student members like Lucifer and those that renegaded with him once had been. So I choose to translate the Greek “ochlos” to a “group or collection or flock of people” and where it says “great” can simply mean mighty in their graft to their Older Member, the “Lamb” - but then again it may be a sizable group like 144,000 but in reference to their being OF as in “origin from,” nations, kindreds, people and tongues, not an inclusion of them all.

Saying no humans would be able to put a number on them, could refer to their not taking the “number of the beast,” possibility the digitized identification as in an RFID chip as some may increasingly accept. Another way this number could be interpreted is because humans would not be able to recognize who was giving themselves to the Next Level and they aren't necessarily in one place or as a group with a name to distinguish them from others. No group or name is needed if each individual starts and maintains their individual relationship with their Older Member who at that point is in the heavens, though whose spacecrafts may be literally in view with the naked eye by then.

The gathering in “Armageddon” seems to be pointed to that area of Magdalena and Manzano, NM, as part of the 6<sup>th</sup> vial/plague/calamity pouring out, seemingly stimulated by the physical presence “Face” of Do and Crew's “armada,” probably at this time in view in the near space, that Jesus referred

to as His coming “in his glory,” as many Christians say they anticipate, but mostly refuse to even consider as the same ONES who were incarnate in the task of the Two Witnesses, Ti and Do and Crew. It seems the earthquake described in Rev 6:12 might well be the same event as depicted by the Rev 18:21 Great Millstone cast into the sea event that brings an end to the USA as we know it and those aligned with the BEAST. That Armada's visibility to the naked eye seems to be what primarily stimulates the “gathering” to the western side of the Mississippi for those who desire to be salvaged, whether from the “Temple” or “Courtyard grounds who might then become the ancestors to those in the “camp of the Saints” in the next millennium, while the Luciferian Space Aliens are once again locked up underground.

It is the first 5 vials being poured out that seem to be the primary source of literal “fire” experienced in the USA and EU/Middle East though it is expressed as occurring in stages starting in earnest after Do and Crew exited their incarnations and then even more so during the time of the 4<sup>th</sup> seal opening in 2017 - expressed as the Green Horse named “Death” with Hell (condemnation) following for many via the military (sword), famine (hunger, shortages, etc.), death from the BEAST - the US and One World Government (that is hiding behind the “green revolution” referred to and profited from and used as a front for organization against the Next Level who some think are the bad aliens coming to destroy them and enslave humanity. They got the “destroy them” part correct as they are the weeds in the Next Level's garden, but humans have already been enslaved by the Luciferian space aliens through their human equivalent saturation of misinformation upon earth's human population.

Thus it is during these 7 vials being poured out that America (the woman) is judged and rewarded for their chosen embrace of the Luciferian misinformation mind again and this is reflected by these who were gathering who washed their robes during the tribulation time who:

-Rev 7:10 And cried with a loud voice, saying, Salvation ((rescue, safety)) to our God which sitteth upon the throne, and unto the Lamb.

This verse cue's into the application of Rev 19 in the overall timeline indicating the judgment of the “woman” that is an avenging of the bloodshed of Next Level servants:

-Rev 19:1 And after these things I heard a great voice of much people in heaven, saying, Alleluia; Salvation, and glory, and honour, and power, unto the Lord our God:

-Rev 19:2 For true and righteous are his judgments: for he hath judged the great whore, which did corrupt the earth with her fornication, and hath avenged the blood of his servants at her hand.

-Rev 19:3 And again they said, Alleluia And her smoke rose up for ever and ever.

-Rev 7:11 And all the angels stood round about the throne, and about the elders and the four beasts, and fell before the throne on their faces, and worshipped God,

Saying Amen in the beginning of a discourse is indicating, “verily” or truly, of a truth will follow, surely, believe, have faith as one can have absolute trust and confidence in what follows. Then when it comes at the end it's saying the same thing but as a fulfillment, a firm close, thus perhaps more kin to where it says in other places, “it's done”:

-Rev 7:12 Saying, Amen: Blessing, and glory, and wisdom, and thanksgiving, and honour, and power, and might, be unto our God for ever and ever. Amen.

-Rev 19:4 And the four and twenty elders and the four beasts fell down and worshipped God that sat on the throne, saying, Amen; Alleluia.

-Rev 7:13 And one of the elders answered, saying unto me, What are these which are arrayed in white robes? and whence came they?

-Rev 7:14 And I said unto him, Sir, thou knowest. And he said to me, These are they which came out of great tribulation, and have washed their robes, and made them white in the blood ((bloodshed kin with)) (of the) Lamb.

“Bloodshed kin with the Lamb” refers to the example of laying down one's life by speaking the truth provided by one's Older Member, to those that they know will hate them and kill them for doing so if they persist. This is shown as what the FIRST FRUIT Souls also went through before this time, actually after Jesus laid down his life which is what gave them their crowns and made them the “saints”:

Rev 12:11 And they overcame him by the blood of the Lamb, and by the word of their testimony; and they loved not their lives unto the death.

This part of the overcoming process was taught to the FIRST group of Souls in the Moses camp by having some sacrifice their best lamb, one that had no blemishes - representing the removal of behavior and ways unbecoming to the Next Level's behavior and ways. Do said that those with Jesus, though they gave their lives still needed to return to overcome other characteristics of their humanness before graduating the human kingdom, namely their "Self Rightness" - confidence in self and "Sensuality" - giving away their "force" through sexuality and/or via other passions - to instead only come to depend on and trust every word from their Older Member's mouth and only having pleasure and purpose in doing exactly the things the Older Member who is incarnate prescribes. One can be willing to lay down their life but it could be for their enhancement of self - to be "seen as something special" - even the mindset of a martyr. If one is laying down their life for any reason other than for what the latest Older Member instructed then they are doing it for themselves or for humans that would also be ultimately for themselves. Jesus taught this in regards to his laying down his life:

Joh 10:17 Therefore doth my Father love me, because I lay down my life, that I might take it again.

Joh 10:18 No man taketh it from me, but I lay it down of myself. I have power to lay it down, and I have power to take it again. This commandment have I received of my Father.

The same condition applies to our participation in pleasures. Some could practice all forms of self discipline and abstain from all forms of indulgence for any reason, a description of an ascetic, but if they were not given to them to do by the most recently incarnate Older Member from the Next Level then they would not be necessarily adding to their complete overcoming of their humanness. In other words we must "please our Older Member." This is what is meant by the greatest commandment being:

Mar 12:30 And thou shalt love the Lord thy God with all thy heart, and with all thy Soul, and with all thy mind, and with all thy strength: this is the first commandment.

The time here depicted as the "tribulation" comes from the Greek "thlipsis" defined as "a pressing, pressing together, pressure, metaphorically oppression, affliction, distress, straits, which referring to these who came through indicates they have "stood up" for Ti and Do and/or if they never

heard of Ti and Do for the principals they understood as from the Kingdom of God in whatever terms, for instance for those that did not accept the marks of the beast or worked for the Beasts “image” - patriotism, spirituality, putting humanism on a pedestal, to include space aliens or spirits or ascended masters, and/or even a literal holographic image like Fatima, and also “washed their robes” meaning they ceased behaviors that broke the commandments and instructions from Ti and Do and/or according to Jesus (the Lamb's) teachings (which would not include Paul's dilutions and distortions, though if what he said agreed 100% with what Jesus said).

Those who have come through the great tribulation would seem to also be those who were now being depicted as having made themselves ready to be married to the Lamb - the Older Member who sacrificed his human vehicles life on his “Father's” instruction, came back and was promoted to the Throne by his Father who also came incarnate to get him started. So the Lamb with his new name was/is Do to whom these are making their full commitment to that is what “marriage” is in the Next Level's Family.

-Rev 19:5 And a voice came out of the throne, saying, Praise our God, all ye his servants, and ye that fear him, both small and great.

-Rev 19:6 And I heard as it were the voice of a great multitude, and as the voice of many waters, and as the voice of mighty thunderings, saying, Alleluia: for the Lord God omnipotent reigneth.

-Rev 19:7 Let us be glad and rejoice, and give honour to him: for the marriage of the Lamb is come, and his wife hath made herself ready.

-Rev 19:8 And to her was granted that she should be arrayed in fine linen, clean and white: for the fine linen is the righteousness of saints.

This is stating that these would be given new Next Level grown bodies to wear (fine linen) to those that have committed themselves with their lives 100% even though they are not yet going to become adult Next Level Members until they also overcome all their humanness which doesn't happen until they are in a classroom with a currently incarnate Older Member to be led through that overcoming process in person as were, at least, the 28 (4 Living Beings + 24 elders) of the 38+4 who graduated into their own next step, by Do on behalf of his Older Member Ti's instruction and establishment of FIRST fruit harvest by March of 1997.

So it would seem those called to the “marriage supper” would be these as

well having shown they made a commitment to the real Jesus, the Older Member who served as the Lamb and was incarnate in the new vehicle named Do. Unless they never heard of Ti and Do they must make their commitment to Do since he is/was the most currently incarnate representative from the Next Level. If some say to the Next Level by their thoughts and actions that they believe in Jesus then they would also recognize Do as everything Jesus taught was exemplified in what Do did and taught. This is exactly why Jesus said to certain of the Jewish leadership that if they knew Moses they would know him. They were of the same Mind - the Mind from Do's Older Member, The Father and Jehovah.

-Rev 19:9 And he saith unto me, Write, Blessed are they which are called unto the marriage supper of the Lamb. And he saith unto me, These are the true sayings of God.

-Rev 19:10 And I fell at his feet to worship him. And he said unto me, See thou do it not: I am thy fellowservant, and of thy brethren that have the testimony of Jesus: worship God: for the testimony of Jesus is the spirit of prophecy.

Jesus testimony, his bearing witness of his Father and the true information from his Father (God) is what brings to full light all the prophecy that is the task to disseminate - stand up in our human vehicles for and lose our human vehicle for. Once again an indication that the task at hand during the LAST HARVEST WAVE - spoken of as the Great Tribulation, as shown as starting with the 4<sup>th</sup> Seal's opening is based upon showing how Ti and Do were the return of the Father and Jesus incarnate through the revealing of what was until they exited still mostly hidden from those most prepared to receive that truth, as this is to be their chance to wake up to see in a much clearer light all Jesus meant and intended for his students to have a chance to grasp. As Do said in the Beyond Human Series of tapes, still on YouTube, paraphrased, "Christians, hardly stand a chance of seeing the whole truth, because of the very thorough misinformation campaign waged against them by the Luciferian space aliens."

Putting much of this together, according to the timing in Rev 15:8 after the verse 5 "temple of the tabernacle of the testimony in heaven was opened," the 7 plagues (vials poured out) were to occur BEFORE anyone could enter into the temple in heaven which appears to be exactly shown in Rev 19:6-10

describing the group of souls who were the “bride” having “made herself ready,” described in Rev 7:14 as “washed their robes, and made them white in the blood of the Lamb,” so “should be arrayed in fine linen, clean and white: for the fine linen is the righteousness of saints.” (Rev 19:8).

This preparation is also described in:

Rev 14:13 And I heard a voice from heaven saying unto me, Write, Blessed are the dead which die in the Lord from henceforth: Yea, saith the Spirit, that they may rest from their labours; and their works do follow them.

This is followed by Do's arrival, described in:

Rev 14:14 And I looked, and behold a white cloud, and upon the cloud one sat like ((similar in appearance or character, manner)) unto the Son of man, having on his head a golden crown, and in his hand a sharp sickle.

Since “son of man” referred to the incarnate Older Member with his human vehicle, this could be saying he had a vehicle that was similar to the one he exited from his disciples with but for all intents and purposes was similar.

Rev 14:15 And another angel came out of the temple, crying with a loud voice to him that sat on the cloud, Thrust in thy sickle, and reap: for the time is come for thee to reap; for the harvest of the earth is ripe.

Rev 14:16 And he that sat on the cloud thrust in his sickle on the earth; and the earth was reaped.

This is a match for Do's arrival in:

-Rev 19:11 And I saw heaven opened, and behold a white ((3022 leukos from luke (“light”), white)) horse; and he that sat upon him was called Faithful and True, and in righteousness he doth judge and make war.

The essential difference is that he's described as “sat on the cloud” verses “..white horse; and he that sat upon him.” The context of “cloud” shows that he is still “undercover” of cloudiness, but described as a “white horse” behind that cloudiness, being a white light vehicle (spacecraft) as that's what a horse depicts to a Next Level Member - a vehicle. When they are incarnate the human vehicle they take over is their “horse.” When they are not incarnate they have their own physical vehicle and then the spacecraft they dwell in is

their “horse.”

Ti and Do referred to our automobiles in the classroom as “horses.” For example when one needed to go into the shop for repair, they would say “red car” was in the “horsepistol” (if it happened to be “red car”). They referred to one van we had as “blue van.” Sometimes they referred to one by a manufacturers name, like “Chevy van,” or “Toyota van” but never by a model name that I recall.

So the FIRST harvest would have two parts - when the Elder Students ascended starting in March of 1997 to this time after the 6<sup>th</sup> vial is poured out which is also at the end of the 6<sup>th</sup> seal - all of which are considered to be the “oil” because of how they gave their best effort to Ti and Do to stand for them and wash their robes (adopt their behaviors and ways) to include separating from their human root systems and maintaining their stand until their exit by the hands of those who would become their enemies.

Do is further described as:

-Rev 19:12 His eyes were as a flame of fire, and on his head were many crowns; and he had a name ((surname, was called)) written ((graven description)), that no man ((no one)) knew, but ((if not)) (he) himself ((auto= “his own”)).

(In other words, no one knew his name except his own, those he reveals it to (Rev 3:12) and who he writes it on their forehead as it is shown occurs with his Father's (new) name (Ti) in Rev 14:1). (I suspect this would be in the particular type of “Soul deposit” each selected human vehicle receives, that is awakened when we hear their voices Mind - some keywords and/or concepts and/or ideas, information in the deposit program).

The eye is the lamp of the body. One's vehicle's body is filled with light upon graduation. That means filled with the truth from our Older Members that includes all our behaviors and ways while those who have not graduated yet have a mix of that “light” and the Luciferian misinformation mind (darkness). Describing Do as having eyes as a flame of fire has to do with the way his vision, his Mind is a purging fire to those who are seeking to be refined into pure gold, as Ti illustrated and also compared to working the churn to produce pure butter from the milk another process that works by “friction”

and “pressure” and “stick-to-it-ness” - tenacity for the needed duration of the overcoming “process” exactly as prescribed and demonstrated to date by the Older Members, Ti and Do. (References to Rev 1:14 and Rev 2:18).

He has on his head many crowns because he gets a crown for every student he crowns. Every student who overcomes the human condition while in his program gets a crown. If one knows about Ti and Do but chooses to take on all the same disciplines of mind and body they would be missing one most crucial ingredient that they are not “bonding/grafting” with the one assigned to midwife them whom they must please and who must also please his “Father” to be given a seat on board their spacecraft. Nor are we to judge whether or not we are succeeding adequately. As long as we keep on asking for their help and then making changes as we build the strength, no matter how we slip, though not taking that for granted either, They will help us succeed. Quitting the process entirely can halt our progress but they will even give us multiple chances to get back on Their path, as Ti and Do said they did with Lucifer until he reached a point of no return.

Note in Rev 6:2 he “conquers” and then goes a “conquering.” Ti described both of them but primarily Do as our “midwife.” First he is born as shown in Rev 12, born to the throne by Ti and then he births their children through each of their “spirit/Soul births.”

-Rev 19:13 And he was clothed ((periballo= “to throw all around,” put on)) with a vesture ((apparel, cloak, garment, raiment, robe)) dipped ((bapto= to overwhelm, cover in fluid, to stain as with a dye)) in blood: and his name is called The Word ((logos from lego = cause and communication)) of God ((deity)).

He put on around his Soul body a vehicle (garment) stained in blood, which may mean the vehicle he comes back with is the vehicle he changed over and rose again with which was named Jesus but now is named, “communicating the Mind of his Older Member (Ti).” Ti and Do said all they ever wanted to be were “links” in the chain of mind for the Chief of Chiefs. They wanted to be “clear pipes” so that what is coming down from their Older Members is delivered to those coming up (their students) without their mind muddying it. They knew the process was set up to where their very being incarnate in a human vehicle did step down to their students that Mind from their Older Members as otherwise the students wouldn't be able to have a working interface, but they didn't want to add to or subtract from whatever was to be

communicated in it's purest form. We did most of our personal communication with Ti and Do via little 3x5" note papers using as many as we needed. We would fold it in half so the note had a cover page and would write on it, "Lnks."

-Rev 19:14 And the armies which were in heaven followed him upon white horses, clothed in fine linen, white and clean.

Once again we see these are also on "white horses" - spacecrafts as they have wrapped around their Soul Bodies "white and clean" vehicles described as "fine linen" which is the reward for the righteousness of each of the saints. These are the Four Living Beings with their crew consisting of the 24 elders and however many other members of the Next Level are with them.

This would also seem to signal the time of the end of the 6<sup>th</sup> vial being poured out following the gathering for the battle (Armageddon) in the two areas around the Euphrates and around the Mississippi, who are to receive double the plagues for their rebellion against the Next Level. This time would also seem to be when the third part of humans in those same areas are "pulled up," (their vehicles die, because they accepted the BEASTS mark or number or name worked for his image (See Rev 9:15-21).

It would also seem this time corresponds to the Sixth Seal time when it seems Do becomes visible for EVERY EYE TO SEE which is described in most detail in Rev 19:11-13 described in Rev 6:16 as his FACE (PRESENCE/Identity) being shown, right before the remainder of the 7 vials are poured out - the subsequent catastrophic events that include the biggest manifestation of the 7 plagues that is also the end of the BEAST and FALSE PROPHET in the burning up of the U.S.

**IV.F.3. THE FINAL JUDGMENT - THE "WINEPRESS" IS FOR THE HARVEST OF THE RIPE "GRAPES" - THOSE SOULS WHO ARE NOT YET 100% COMMITTED TO SERVICE TO TI AND DO OR HAVEN'T HEARD ABOUT THEM BUT WHO ARE SEPARATING FROM THE WORLD IN THEIR OWN WAYS BY NOT GIVING THEIR ALLEGIANCE TO THE "BEAST" - (RECEIVED IT'S MARK ON THE HAND AND/OR ON THE HEAD OR RECEIVED IT'S NUMBER OR NAME OR WORSHIPED IT'S IMAGE (THE BEASTS SPIRITUALITY AND/OR LUCIFERIAN SPACE ALIEN**

**COUNTERFEIT GODS AND/OR HUMAN WORSHIP - EVEN  
RELATED TO “WONDERS” AND/OR “FIRE FROM THE SKY”  
LIKE HOLOGRAMS OR LIGHTS, FIREBALLS, LIKE FATIMA AND  
OTHER EQUIVALENT ILLUSIONS**

With the “oil” harvested, the Souls who gave their lives to the Next Levels service through Do's instructions, it's time to provide the stimulus for the remainder of humans to choose who to serve based on the degree each follows Do's instructions and firm standard or not every having heard of Ti and Do separate from the world and don't accept the marks of loyalty to the BEAST or it's IMAGE.

Do with his team are implementing the final pressure, called the WINEPRESS upon the humans to separate the “wheat” from the “chaff,” “Tares,” “weeds” of the Garden, the “sheep” from “goats.” Ti and Do once illustrated a separation of humans, as those who want to move ahead would stay in Dallas, where we were at the time and those who wanted to move ahead would locate to Houston. In audio tape #150 recorded on 08/30/84, Ti and Do clarify that they didn't intend to use that illustration as if to say the good people should evacuate to Houston and those who didn't want to grow from Houston should go to Dallas. It was meant to illustrate how people need to separate from those who are acting like “weeds” so they as “blossoming plants” can be among other people that have the same desires and standards of behavior and ways so they can grow better.

-Rev 19:15 And out of his mouth goeth a sharp sword, that with it he should smite ((to knock, strike)) the nations: and he shall rule them with a rod of iron: and he ((autos= themselves)) treadeth ((hit the path, trample, tread down under foot, smite, strike, specially, to sting (as a scorpion))) the winepress ((trough)) (of the) fierceness ((passion (breathing hard), indignation, wrath)) and wrath of Almighty God.

The Lord's weapon (sword) is his mouth, his instruction, his provision of the truth and surfacing of the lies and deceit, because it draws the line between who has Their Next Level Mind in them enough to warrant saving and who does not, thus between staying in the running to receive true Life or being recycled in the second death - the death of the Soul and/or spirit and it is all self-regulated by what we choose to believe and work for. Ti and Do said we each become exactly what we believe. The rule (rod) is compared to iron

because of how its development within us makes us strong willed in Next Level ways. By application of our Older Members “rules” our Mind increases strength to overcome our human behaviors and ways which then can meet the standard each must show Him and His Father and their Crew to qualify to become a crewmember and an individual for the first time, since humans are a composite of many influences time-sharing their vehicles. All will lose their vehicles life in this process. It's a matter of how, when and most importantly for who, which means because of who we stand for.

-Rev 19:16 And he hath on his vesture and on his thigh ((Hebrew 3411 yrekah feminine of 'yarek' (3409); formally, the flank; but used only as a figure, the rear or recess= border, coast, part, quarter, side)) a name written, KING OF KINGS, AND LORD OF LORDS.

There are no examples but this one for the usage of this word “thigh,” so I looked for Old Testament usage of the same English term and interestingly he suggests this name written on his thigh which is also “flank” or “side” among other options has two curious links that indicate his previous relationships with the individual he has given himself to, another aspect of the use of “thigh” as where warriors wore a badge of loyalty, where they also carried their sword. This is also the area Jehovah allowed Moses to touch him upon when he was on Mt. Sinai receiving the Commandments. It therefore is stating to whom He is loyal, who is his King of Kings and Lord of Lords, who “reared” Him into Next Level Membership and made him a King of Kings and Lord of Lords by his many tasks performed for him. And the usage of “side chamber” even goes back to when the Lord referred to as Elohim took a “side chamber” (said as rib) out of Adam's physical body to grow Eve's physical body from. Plus Jesus was stabbed in his “side” which was part of prophecy. All this brings together the commonness to Jesus and his Father, his Lord “God” (deity) to Moses and Jehovah of the same relationship to Adam with the same relationship to his Lord then again that were all part of this same individuals “rearing” in the earlier parts of the task which then makes some sense out of how Ti said that Do had served incarnate in the names, Adam, Enoch, Moses, Elijah and Jesus as the first five Next Level times of closeness. The sixth closeness was with his Father serving in the role of the undercover incarnate Two Witnesses and the Seventh and Last closeness as the return of the one who served as the Lamb in the name Jesus who is known to us as Do of Ti and Do.

This last stage referred to as the WinePress is shown in the end of Revelations chapter 14 that is the last period of time before recycling:

Rev 14:17 And another angel came out of the temple which is in heaven, he also having a sharp sickle.

Rev 14:18 And another angel came out from the altar, which had power over fire; and cried with a loud cry to him that had the sharp sickle, saying, Thrust in thy sharp sickle, and gather the clusters of the vine of the earth; for her grapes are fully ripe.

Rev 14:19 And the angel thrust in his sickle into the earth, and gathered the vine of the earth, and cast it into the great winepress of the wrath of God.

Rev 14:20 And the winepress was trodden without the city, and blood came out of the winepress, even unto the horse bridles, by the space of a thousand and six hundred furlongs.

In the making of grape juice (wine) the skins of the grapes become waste. It is not the Next Level Crew who are doing the “treading under foot” except by setting up the circumstances in which humans and especially the human equivalent space aliens would choose to fulfill that role which is interesting that a translation of this “treadeth” is “to sting (as a scorpion) which then relates directly to Rev 9's original announcement of this time period where the space aliens are described as having tails that sting like a scorpion and kill a third of mankind. Of course the “third” can refer to the “third part” in which case it may be all of what's outside the USA which by this time has also been devastated. And the stinging may be more related to the way the space aliens and BEAST's misinformation mind is poison that results in a Soul death for those that have chose allegiance to the BEAST so were not protected by the Next Level so become “food” (DNA) but even literal food for the BEAST and their Space Alien handlers - needing their “blood” even to survive underground from.

Rev 9:3 And there came out of the smoke locusts upon the earth: and unto them was given power, as the scorpions of the earth have power.

At the time during the Fifth Angels trumpet sounding these space aliens were only allowed to have power over those who were not sealed by God and then had their power for 5 affirmation periods (seals) (alternate translation to “months”) which did not include having the power to kill humans, that is until this sixth and seventh affirmation (seal) period.

-Rev 19:17 And I saw an angel standing in the sun; and he cried with a loud voice, saying to all the fowls that fly in the midst of heaven, Come and gather yourselves together unto the supper of the great God;

-Rev 19:18 That ye may eat the flesh of kings, and the flesh of captains, and the flesh of mighty men, and the flesh of horses, and of them that sit on them, and the flesh of all men, both free and bond, both small and great.

It seems this is the same call to GATHER as we see expressed in Rev 16:14.

-Rev 19:19 And I saw the beast, and the kings of the earth, and their armies, gathered together to make war against him that sat on the horse, and against his army.

Do seems to refer to this event in Session four of the Beyond Human tapes as spacecrafts coming en mass by the thousands, bringing someone to show

themselves to have scars in their palms and feet and “flowing hair” and robes saying “peace on earth” and indicating they would solve all the problems on earth. He says this would NOT be Jesus and it wouldn't be a Representative from our Father's Kingdom. Some would buy into it though as being Jesus. There are many that are prime targets to believe him. It is a counterfeit and is one of the meanings of the IMAGE. I have wondered if it may even be a hologram that Ti and Do spoke about years before they compared to the Fatima sighting and others like it - calling them “tricks.” Do talks about some going with these Luciferian space aliens - perhaps they will take the “strong weeds,” from Our Father's point of view).

He talks about this as a harvest to where both the Next Level and the Space Aliens are coming in at different times to take their yield of fruit verses weeds into their spacecrafts. Do didn't know this would be viewable by whoever is alive in human vehicles at that time. It might be that many are dying because it's Souls that the Next Level harvests and likewise for the space aliens. It could seem like the result of a plague even. The prophecy indicates only those that give their allegiance to the BEAST lose their vehicles from the first of the 7 Angels pouring out their vials.

-Rev 19:20 And the beast was taken ((to squeeze, apprehended, caught, lay hand on)) and with him the false prophet that wrought miracles before him, with which he deceived them that had received the mark of the beast, and them that worshipped his image. These both were cast alive into a lake of fire burning with brimstone.

Here is where the BEAST is slain:

Dan 7:11 I beheld then because of the voice of the great words which the horn spake: I beheld even till the beast was slain, and his body destroyed, and given to the burning flame.

Dan 7:12 As concerning the rest of the beasts, they had their dominion taken away: yet their lives were prolonged for a season and time.

This seems to relate to the time of Rev 19 when Do and Crew come back (but not incarnate again) but with their New physical vehicles and Do with the one dipped in blood, possibly the one he took with him having changed it over into a Next Level vehicle during his task incarnate in the name Jesus.

Dan 7:13 I saw in the night visions, and, behold, one like the Son of man came with the clouds of heaven, and came to the Ancient of days, and they brought him near before him.

Dan 7:14 And there was given him dominion, and glory, and a kingdom, that all people, nations, and languages, should serve him: his dominion is an everlasting dominion, which shall not pass away, and his kingdom that which shall not be destroyed.

So the Luciferian space aliens seem to have a feast on the human DNA right before they are locked up again:

-Rev 19:21 And the remnant ((remaining humans)) were slain with the sword of him that sat upon the horse, which sword proceeded out of his mouth: and all the fowls were filled with their flesh.

I believe these remaining (who were once under consideration to become Next Level students), after the BEAST and False Prophet are dissolved in the Lake of Fire could become physical “food” for the Luciferian Space Aliens though I don't know exactly to what degree. It may be as it has been, picking them up for their DNA and to become egg and sperm suppliers, among other usages as introduced in Rev 19:17-18 where the Space Aliens, depicted as “fowls” who “eat the flesh of kings and captains, mighty men, horses (humans prepped to serve as state leaders), flesh of all, free and bond, small and great.”

Given that prophecy has it's literal and figurative interpretations, it would be that humans literally become suppliers of biological agents these space aliens and their human counterparts know they will need to survive underground again. Considering how organ donation and blood donation and sperm and eggs and T- cells and hormones and such are already encouraged among humans to foster longevity for the living for their families or for the survival of mankind, this is all together possible that the Next Level is allowing this to happen so they can survive to be used again by the Next Level. The Next Level would not need them to do this. They just know they can make a positive out of their choices.

By this time, it might be that these space aliens will know they have no other choice but to flee underground. Up until this point they were trying to get humans to build their technology enough to where they could escape the

planet as there are plans to put a colony on the Moon and/or on Mars. Although G.W. Bush first announced that project around 2008 yet I've not heard of any effort to go to the Moon, but Mars has been talked about. Such a project was privatized through several companies. One is called "Space X" and they put the word out that they were looking for some to go to Mars which they set up a training programs for - to live together under close quarters for their stay there. It seems like a typical way the Luciferians foster a facsimili of the Next Level's "God Astronaut Training Program."

Note the Next Level is slaying the remaining, but the remaining don't seem to be those who have been showing their allegiance to Them as these wouldn't become flesh for the Space Alien (fowls) to fill themselves with. I suspect the slaying of these pertains to their physical vehicles and that Rev 16:17-21 describes the events of the 7<sup>th</sup> and last pouring out of vials that includes earthquake(s) that divide the U.S. into three parts falling all cities of nations and what the U.S. had become will be no more. This includes islands vanishing and mountains no longer found and great hail with hale stones that weigh about 90 pounds each - I guess like a meteor barrage.

By this time according to these prophecies it's not clear whether the Next Level will use Earth for another "Garden" (as now, though is nearly done) or, if they do, when it would become that new Garden or whether it would be used in a different way. Do discussed two options in Session 4 of the Beyond Human tapes talking about the Ages on Earth. He thought there was a "strong possibility" the earth, at the final end of this current age (that's ending as we speak) may be used as a Next Level Base for a period of time. It seemed to him a healing period would take place first regardless of whether it's used for a Base or as a new Garden again. If it was used for a Garden then there would be a "new Adam" (He said meant, 'beginning man, the first "plant"') and a "new Eve" with a "new Satan, of all things, someone to represent that same negative, to pull your eyes away from our Father's Kingdom," that is if our Father chooses to use the earth Garden in a planting that is like the one that is ending during the remaining years of this current age.

I recall it was 1975 when I heard Ti and Do first speak briefly about the earth possibly being used by the Next Level as a Base I didn't know how to think about it. They spoke a little about how the Next Level has all sorts of projects and that there were planets where human equivalent creatures were growing

who were not like earth humans as they didn't have the negative Luciferian presence. They said that on those places the Next Level could come and go and allow themselves to be seen by the earth's inhabitants because they wouldn't try to shoot them down or mistreat them. The Next Level vehicles can be harmed, although they don't die if a vehicle is harmed because they have become a graduate Soul, a soul being a container for Mind/Spirit - programming for certain functions, memories, etc.

## THE LUCIFERIAN SPACE ALIENS ARE LOCKED UP AGAIN

-Rev 20:1 And I saw an angel come down from heaven, having the key of the bottomless pit and a great chain in his hand.

-Rev 20:2 And he laid hold on the dragon, that old serpent, which is the Devil, and Satan, and bound him a thousand years,

-Rev 20:3 And cast him into the bottomless pit, and shut him up, and set a seal upon him, that he should deceive the nations no more, till the thousand years should be fulfilled: and after that he must be loosed a little season ((5550 chronos= time either long or short - from Greek mythological God of Time related to the planet Saturn)).

This “little season” could be described as a “little Saturn” period of time, since “chronos” is the Greek word for Saturn and Saturn is considered “Father time” and Ti and Do included Saturn in their first movie script they wrote in 1983-5, so it seems possible it could be about the length of the orbital period of Saturn around the sun, which is 29.5 years and would be a “little” time by Next Level standards while in relationship to the earth's measure.

Note that use of these mythological names isn't buying into all the mythologies as accurate depictions of reality in times past, but the part that could be relative might be in the primary meanings to the names of the “gods and goddesses” to provide us with clues for interpretation. One might think we don't need such interpretation, but for me that's not the point of doing it and considering it. All these prophecies have been provided by the Next Level for a reason and it appears that reason is for now, that time after the first fruit and Older Members have exited their incarnations. Showing more accuracy to these interpretations that I know I have not accomplished in many cases 100% as what they could be, still becomes something to consider closer to the truth than anything else so becomes a pivot point of our

judgment that the Next Level can use to separate each of us to our appropriate “box” for potential salvaging of our Soul for a future classroom after the recycling.

This “little season” is also referred to in Rev 6:11 as the time those who lost their lives in service to the Next Level were to “rest” while their fellow-servants and brethren are killed as was to be fulfilled. This was during the 5<sup>th</sup> Seal time. That would appear to all be happening in a 40 year period starting from the turn of the millennium, seemingly at the latest point being 2013 when the Next Level started giving a pattern of signs starting from about January to April with a big sign in August and September. These signs seemed to repeat every year thereafter. It would appear the 4<sup>th</sup> seal may be about 3 1/2 years long, said in Rev 13:5 as “forty two months,” where I have shown before how months from the Greek “men” also can refer to an affirmation period. Therefore that could be saying the 4<sup>th</sup> seal lasts throughout the 4<sup>th</sup> and the 5<sup>th</sup> seal affirmation periods which is also in total about 40 years time, the time of the “judgment hour.” Ti and Do did place significance to the way an “hour” in the Next Levels time frame would be about 40 years on earth, which was described in Peters letter as “...a day to the Lord is like 1000 years on earth.” Therefore the “little chronous (Saturn) noted during the 5<sup>th</sup> seal, if it was 29.5 years could be counting to the end of the 6<sup>th</sup> seal and end of the 40 years as each seal is an opportunity for the Next Level to choose to “save” more souls who have met their criteria for salvage from the recycling. Thus if this “little season” here is about 29.5 years. Along side this timing, one might consider the time of the 7<sup>th</sup> seal stated as “silence in heaven about the space of half an hour,” which in the time conversion format would be about 20 years.

-Rev 20:4 And I saw thrones ((to sit, a stately seat, power or a potentate - king)), and they sat ((are appointed)) upon them, and judgment ((decision making)) was given ((adventured (tasked with), bestowed)) unto them: and I saw the souls of them that were beheaded ((3990 pelekizo from plesso 4141 and plesso 4111= flatten out, pound (winepress?), fig. inflict with calamity, smite)) for the witness of Jesus, and for the word of God, and which had not worshipped the beast, neither his image, neither had received his mark upon their foreheads, or in their hands; and they lived ((2198 zao= to live, life(-time), (a-)live(-ly), quick)) and reigned ((king, to rule)) with Christ a thousand years.

At this juncture, showing those who give their lives by Standing for Ti and Do and/or because of rejecting giving their allegiance to the BEAST, I'm going to post a document I believe Do wrote, but didn't sign off on or include in Their "Purple Book" or on the Web Site. I got it from Rkkody's web site he had for a few years before he voluntarily left his vehicle. So it's not copyrighted nor published anywhere I'm aware of, but really shows the bottom lines to include Do's statements about there being Three Groups or Types or categories of people that the Next Level will advance to their next station rather than recycling their Souls or Spirits.

**TIME TO DIE FOR GOD**  
**or**  
**ARMAGEDDON - WHICH SIDE ARE YOU ON?**

We are at the end of an Age, or the end of another civilization. As was prophesied, this is the "judgment time" for all living creatures on or related to this planet – in other words, the time when "where we find ourselves," as result of our accumulated choices during our time here, determines our Judgment.

The choices of many will find them in a "mind set" that would see the above statements as "cultish," radical, and doomsdayish, to say the least, while others have chosen to seek mental nourishment that would have them suspect "Truth" in these statements. With little awareness of it, all of us at this time are finding ourselves aligning with others of common mind. This commonness becomes our mental preoccupation. Though subconscious, it takes the form of our determination or judgment of what is RIGHT or GOOD, or who is superior, or has been suppressed or wronged. Some are also preoccupied with racial supremacy, which religious concept is truly God's, and who presently represents the real 'Satan'."

There is a simple evolutionary procedure which applies to those who might leave or graduate from the human kingdom and enter the Evolutionary Kingdom Level Above Human (the Kingdom of Heaven Kingdom of God.) Periodically, The Kingdom Level Above Human sends one of its members "down" into the human kingdom (to incarnate into a human body) – one who has previously been taken through that evolutionary transition – to offer the knowledge to those who have been "picked" as possible recipients of that graduation information. This Representative of that Next Kingdom literally

takes those candidates through their weaning from the human world – assisting them in their actual separation or breaking of ties to their humanness, and helping them “graft” to Him as the Representative of the Next Level. Their final separation is the willful separation from their human body, when they have changed enough to identify as the spirit/mind/soul, ready to put on a biological body belonging to the Kingdom of Heaven. (This entering into their “glorified” or heavenly body takes place aboard a Next Level spacecraft, above the Earth's surface.)

At the close of an Age there are:

1. Some individuals who have connected with that Representative and separated from humanness enough to move into MEMBERSHIP in that Next Kingdom, and into a physical body belonging to that Kingdom Level Above Human;
2. Those who have not reached that degree of separation, but are aware of and believe the information that the Next Level Representative brought, and are separating to the degree of their capability.
3. Those who are compelled to separate, but who have not seen or consciously known of that Representative – His information or his presence.

These two latter groups will be taken into the keeping of the Next Level until they have a later chance at further separation and overcoming, and they are examples of the meaning of – “If you believe you will be saved.”

This bottom-lines at the point where the only ones who will NOT BE RECYCLED will be THOSE WHO HAVE OVERCOME UNDER THE REPRESENTATIVE'S TUTORSHIP; THOSE WHO HAVE KNOWN HIM AND ARE IN THE PROCESS OF OVERCOMING; and THOSE WHO HAVE HEARD HIS VOICE MENTALLY, BUT HAVE NOT CONNECTED WITH HIM CONSCIOUSLY.

These who have CONNECTED MENTALLY are driven, during this period, to go against the world – the systems, the socially and politically accepted “norms” – and are determined (as if they can't help themselves) to go to “God” or Allah, by any name, and to die in opposition to this world, or to simply leave it, even by their own hand if necessary – to “go to God” or His Son, according to whatever their religious backgrounds may have been. (For

this “End of the Age” task, this Representative and His Father have been closely relating to this civilization since the early 1970's – their thoughts have been in this atmosphere and “tappable” during this time.)

Some examples of those whose ideologies suggest that they have CONNECTED MENTALLY, cover a broad spectrum – from the Weavers at Ruby Ridge, the Branch Davidians at Waco, the Unabomber, the Order of the Solar Temple, Aum Shinri Kyo of Japan, the Freemen of Montana, to UFO believers, and others. Many like these are still in hiding, while others take the form of the patriot/militia movements, and countless groups that are simply rebelling from the system, the “norm,” and WANT TO GO TO GOD, OR LEAVE THIS CORRUPT WORLD, at any price.

To the groups and individuals mentioned above, and to this Representative who is writing this statement, the representatives of “this world” (the “socially acceptable” – faithful servants of the dominant religions and governments who seek for a future in this world) represent the OPPOSITION, the “Lower Forces,” or “Satan.” To the mainstream “acceptable” world, it seems that the religious zealots are “self-righteous,” imbalanced, and dangerous to society's “norm,” when in reality, those of the mainstream or accepted “norm” are the very ones who have no hesitation to judge or condemn those who are not like them – especially those who are preoccupied with God. They also have no hesitation to impose their ungodly ways and laws “of man” upon those of the rest of the world who are not like them – actively engaging in, or attempting to engage in the punishment or containment of those they would consider religious “radicals”. Examples of how this misplaced judgment is forced upon religious zealots as seen in how the authorities treated the Weavers at Ruby Ridge, David Koresh and the Branch Davidians at Waco, and the actions presently being taken against Saddam Hussein and Iraq.

The leadership of the world, in imposing man's laws, deceives and lies about the reasons for their actions, making it appear that they are humanitarian. They seldom expose their real motivations of greed and covetousness of what others have, that they feel they must have or remain in control of, in order to continue “saving the world” from what they would consider the “barbaric” or “radical” elements of humanity. These dominant forces are motivated by their own COUNTERFEIT “truth” supported by their COUNTERFEIT religions.

Some examples are: how the True God of the Jews has been replaced by a COUNTERFEIT “palatable” God who encourages “go and multiply” (family values), “peace on Earth,” and seek a global unity toward a Heaven on Earth; and how the True Christ or Jesus has been replaced by a COUNTERFEIT Jesus who lives “within your heart” and preaches the same, i.e., multiply, seek peace on Earth and unity toward the future of mankind.

To state it simply, in this “battle,” the servants of the ungodly side LIKE THIS WORLD and want to EXTEND THEIR LIFE IN IT at any cost – while the servants of the Godly side HAVE GROWN TO DESPISE THIS WORLD AND WANT TO LEAVE IT, looking for someone or something to offer them a way out – though some may be fearful of the unknown – still trusting that whatever is BEYOND must be better than what they have found here.

What mainstream society doesn't know is that, in fact, THERE IS A REAL PHYSICAL KINGDOM OF GOD from which everything of this world came. THAT KINGDOM STILL HAS COMPLETE POWER OVER THIS WORLD, though it has infrequently exercised it in the latter part of this civilization. However, WE ARE ABOUT TO SEE THAT POWER DRAMATICALLY EXERCISED – PHYSICALLY – NOW, AT THE CLOSE OF THIS AGE. The civilization doesn't seem to learn that man's laws and God's laws do not mix. Man's laws are structured to protect money, property ownership, and national and family interests, and religions have deteriorated to support these concepts/laws. God's laws have been reduced to being adhered to by only a few during the time one of His Representatives is present, though because we're at the End of the Age, the groups and individuals seen as religious radicals are also attempting to move closer to abiding by God's laws, and find themselves in irrevocable conflict with those who simply abide by man's laws.

THE ONLY TRUE GOD BY ANY NAME, ON ANY PLANET, IN ANY TIME, IN ANY COUNTRY, IN ANY RELIGION – ONLY WANTS HIS PROSPECTIVE CHILDREN TO DESIRE TO COME TO HIM AND TO HIS KINGDOM BY LEAVING OR GRADUATING FROM THE HUMAN KINGDOM WITH THE HELP OF HIS REPRESENTATIVE.

It seems that those of the socially acceptable mainstream unwittingly at times assist those they see as “radicals” in their goal of wanting to leave the human kingdom, by being instruments of their demise. Also, the feuds between

today's rival ethnic groups are accelerating the judgment of their desires, and the expediting of their end. When we judge others negatively, we are judged negatively, whether the rules of those we judge agree with ours or not. For a nation to condemn another nation or head of a nation because they believe they have a special connection with God, is out of their realm of judgment and is condemnable by the Next Level. The mainstream condemns as if they were sure that their God is the God of Heaven, for they openly mandate what is “right,” “wrong,” or proper concerning the conduct of individuals, groups, other nations, and their leaders.

Whether we like it or not, the Armageddon – The Mother of Holy Wars—has begun, and it will not cease until the plowing under is completed. It may be that the establishment liberates the “radicals” so that they may go “home,” and that the Angelic Armies of the Kingdom of Heaven will complete the spading under- the end of the Age. On which side are you? Will you go onto the keeping of the Next Level, or to dust return?

\*\*\* end of document \*\*\*

Continuing with the analysis of Rev 20:4...

- It doesn't seem the word “thrones” is best used here as it relates to the way it's used before this time as for God and the Lamb (Ti and Do), so I would choose “Seat of power.” I say this because at this point it wouldn't be referring to God and the Lamb, because They already have the authority to judge (make decisions about those they are tasked to minister to by whatever means), so these would be some of the recent graduate “saints,” the twelve in particular Jesus spoke about sitting on thrones to judge the twelve tribes of Israel:

Mat 19:28 And Jesus said unto them, Verily I say unto you, That ye which have followed me, in the regeneration when the Son of man shall sit in the throne of his glory, ye also shall sit upon twelve thrones, judging the twelve tribes of Israel.

Ti and Do taught this is the way the Next Level worked; The Older Members give out tasks to their students so then those students gain more hands on experience that is actually a better interface with those coming up as there is not such a big gap between those who just graduated into Next Level membership.

In the setup for the third trimester task, the returning Saints (those who gave their lives in service to Jesus) finish their overcoming, having advanced it significantly when they separated from their human families and lifestyles, behaviors and ways and gave service to Jesus instructions that brought about their martyrdom for God - (something that people do nowadays for any old reason so is meaningless in general, which because of seems to have been part of the strategy that Ti and Do would say theirs “wasn't a martyr trip” and why Ti and Do thought they wouldn't need to lose their human vehicles to step on board the spacecraft). Rev 4:4 indicates the reward for those efforts was their receipt of “crowns of gold” which they also volunteered to “cast... before the throne” by sacrificing the Next Level physical bodies they would have each been awarded to serve Ti and Do on spacecrafts, that in so doing would contribute to their task that would yield them, upon graduation an Adult Membership in the Next Level to include an adult model physical vehicle to “wear” (wrap around their Soul body).

I believe this occurs throughout the “Hour of Judgment,” the approx. 40 year period that I suspect began from about 2003-2013 (40 years after Ti and Do started out in 1973) with about 3 1/2 years of start up time to begin in earnest by 2017. Do spoke and wrote about how those humans co-opted by the Luciferian space aliens were compared to what Jesus called the “tares” and were by their own choices assisting the Next Level's “gathering to be burned” by literally killing one another. Thus these who have graduated hold positions (seats) on/among, in the midst, on behalf of, the Throne as they were made “Kings and Priests” to reign over (Rev 5:10) for the benefit of those humans coming up in service to their Older Members, Ti and Do.

These would include all who graduated by being with Ti (until her exit of her vehicle in 1985) and Do and/or being with Do to their exit of their incarnations, giving all their heart, soul, mind and strength to Him (and his Older Member Ti whether they had a personal relationship with Ti or not, they would know Ti through Do). Rev 14 distinguishes between the “144 and a myriad of thousands” (perhaps 144,000 exactly) and those who are within that number but are separate from that group in some ways as they are referred to as the “Four Living Beings (not Beasts) and “Elders,” presumably the Twenty four (but could refer to more since in other instances twenty four is specified):

Rev 14:3 And they sung as it were a new song before the throne, and before the four beasts, and the elders: and no man could learn that song but the hundred and forty and four thousand, which were redeemed from the earth.

These Sing Ti and Do's song (recognition of them and their prescription, process to overcome the human condition and graduate into the Next Level) and they are not compromising their love by having another “wife” - a spouse, but “wife” is in the context of how the LAMB is the bride, so all His students are his bride. It has nothing to do with gender as gender doesn't exist among Next Level members. And they also follow the Lamb (where, which, in what place (wherever), he goes. This is not possible if He is not incarnate as they won't know where he is if they are not with which also applies to when he is in his kingdom. So they must exit when he exits as well to qualify for this part of the graduation. Finally these are considered the First Fruits. They were “bought” by the Next Level (redeemed) from the among the human kingdom.

Rev 14:4 These are they which were not defiled with women; for they are virgins. These are they which follow the Lamb whithersoever he goeth. These were redeemed from among men, being the firstfruits unto God and to the Lamb.

It's interesting that in the next verse there is further description of them as if the Next Level is separating some from the First Fruit (Do's Type 1 group) and saying their requirement is that they “find, get, obtain, are found with” no characteristic of being a “decoy; trickster, someone who baits others or wiles (lure, enticing) them or employs craft, deceit, guile or subtlety. I can easily see how accepting the Mark of the Beast on one's hand and/or head and/or number and/or name or how one comes to worship the Image (spirituality and tricks with holograms, etc.) of the BEAST (Secret governments - new world order and appearance it portrays to the people that is totally deceitful and manipulating) would then be participating in their deceit so the Next Level would disqualify from saving that Soul.

In this view these just described would be in the first group that includes the 4 Living Being and the Elders, but there is a strong indication that during the 4<sup>th</sup> and 5<sup>th</sup> seal periods there are “fellowservants also and their brethren” (Rev 6:11) and that is clearly after the Two and 42 have exited their incarnations as it's during the 7<sup>th</sup> Trumpet sounding that they give their lives and are

promised “white robes” for doing so. We know that Do said that some of those among the 38 with him when they all exited would have to return to further overcome to receive an Adult Membership in the Next Level. Thus it may be that there are a number who could also qualify to receive a Next Level Student Level body and some elementary service on a spacecraft as well. It doesn't make sense to me that the Next Level would award some with a “white robe” and then put their soul into a “box” or “on ice” (not literally), the two ways Ti and Do spoke about the way the Next Level saves Souls. I would guess that a “white robe” may be of some equivalence to whatever physical vehicles Jesus disciples who gave their lives in service to Jesus got to wear. Plus this wouldn't seem to be applicable to only those who also had a personal relationship with Do, that is, the dropouts from 1977 or so on, which is when Ti and Do said those with them were “adopted” and given “ody” names and amounted to less than 70 students if I recall correctly. I'm saying that because in that same verse:

Rev 6:11 And white robes were given unto every one of them; and it was said unto them, that they should rest yet for a little season, until their fellowservants also and their brethren, that should be killed as they were, should be fulfilled.

it's stating “fellowservants (literally someone else who is performing service for Ti and Do) and their brethren - (a fellow human, which could mean fellow believer to some degree, perhaps in either of the two remaining “types” of humans who Do said could be “saved.”

Back to the last half of Rev 20:4 that is describing these “3 Types Do outlined”:

-Next it speaks of **Souls who were “flattened out, pounded (winepress?), fig. inflict with calamity, smitten,” less accurately translated to “beheaded”** which is only used in this one verse and in four other verses translated as beheaded from 607 apokephalizo used to describe what happened to John the Baptist while it's root is not at all limited to beheading as the form of death for these.

-**“they lived (are quickened) and reigned with Christ a thousand years”** - Since we have no indications those of Do's type 3 who never heard of Ti and Do but who didn't accept allegiance to the BEAST will be given Next Level

vehicles, this must mean that these are given the opportunity to incarnate into a physical human bodies prepared for them again to “stand up again in” (live) to gain further lessons from trying to take over by abiding by all the rules (reign) according to the last one who performed the Christing task (Do), but also may be geared to Jesus Christ's second trimester classroom behavior and way standards, (though not prohibiting those that seek to adopt Ti and Do's third trimester standards). The same Type 3 group would also not “reign with Christ” as in “rule or judge over others alongside Christ or one who has Overcome the human condition because they haven't yet earned that seat/position. By indicating the Ones sitting on the seat/throne are given that Judgment, I would think These who Do referred to as Older Members, pertaining to his graduate students would be the ones to administer the lesson plan to this overall group. I would say it could be like the Moses encampment in some ways but with greater interface between Next Level members in their Next Level vehicles in and out of the encampment in some limited way. Do indicated this was possible and even was a “strong possibility” and I would think it fit what Do called a “Next Level Base” more than a “garden” though it could be a predecessor to a new Garden experiment.

The “living” again towards LIFE and abiding by the Christ's rules (reign) seems to take place during the time of the thousand years time when the Luciferian Space Aliens are once again locked up in their underground and/or undersea prison. This would afford Souls to build strength in a less pressured environment. Ti and Do always said their coming and the fact that the Luciferians were assigned to be our Adversary (which they choose to be anyway) was to help us experience an “accelerated growth” “classroom.” They also said that there are other types of classrooms.

-Rev 20:5 But ((1161 de= also, moreover, now)) the rest ((remaining ones, other, which remain, remnant, residue)) of the dead ((nekros from nekus (a corpse))) lived ((anazao= to recover life, (be a-)live again, revive)) not again ((anazao= to recover life, (be a-)live again, revive)) until ((even (until, unto), (as) far (as), how long, (un-)til(-l), (hither-, un-, up) to, while(-s).)) the thousand years (were) finished ((teleo= to end, complete, fill up, perform)). This ((3778 houtos= such as, hearof, **the same**, (it was that), which, who)) (is the) first ((4413 protos contracted superlative of pro 4253= foremost (in time, place, order or importance), before, beginning, best, chief(-est), first (of all), former)) resurrection ((anastasis= a standing up again)).

So the way I would word this would not break it up into two sentences since there was no such punctuation in the Greek manuscripts and would not ignore how “life” was used twice so I'd rewrite it to:

“Also the remaining dead (humans) do not Revive Life to (Next Level) LIFE until the thousand years completes the same who FIRST “stood up again” (resurrection).

To Do, Resurrection meant - a Soul (the body that grows by receiving Holy Mind/Spirit by abiding by the lesson plan from their incarnate Older Member) who thus had life, having been at the least “saved on ice (so to speak)” after having lessons in a human vehicle awakening to get their Mind into a new human vehicle provided to them during the time of an Older Members incarnate presence. In Do and Crew's video tape series, Beyond Human - The Last Call, in Session 3 of 12 he talks about the First Resurrection as taking a “dead worthless plant” into LIFE by getting their Next Level Mind, true information, behavior and ways, contained in their Soul container into that otherwise dead plant. (The plant is dead because without Next Level mind in it, it is destined to function off it's genes and lower force influences and then die with no future.) When Do began to talk about this his student body was mostly secure in their commitment to He and Ti so They were the First to Resurrect - bring a dead human body into Life, finally by adhering to their instructions to leave their human bodies behind, trusting their Soul body would rise up into a Next Level spacecraft where it would be moved into a Next Level MADE body appropriate to each students capacity.

Do then expressed that those watching the Beyond Human tapes who believed Do was their Older Member and sought to engage their overcoming process would be in their Second Resurrection, that is second in two ways - because they were also returning Souls who had their start in a human vehicle before, which was the reason what Do was saying made sense to them and because they were the recipients of the Second Offering of the truth, starting in the early 1990's as “Jesus” return (in quotes because it's not the same vehicle named Jesus that returns- it's the Older Member who was incarnate in that vehicle named Jesus who returns) which even continues to this time.

Some Christian speaker/writers say the second resurrection is the raising to physical life of those who rejected Jesus being raised to their damnation

because of their choices, but they fail to actually examine the meaning of the term as “to stand up again” which refers to coming into a new leaf on the human genetic tree, like Do said and bringing it to either life by connecting with Ti and Do's information that yields life when applied or bringing it to death by not connecting with the truth so being recycled in the lake of fire.

So the first group were “souls,” which is rooted in their last vehicle having received “breath” - as in the “breath of life,” a “Soul deposit” shown in Genesis as given to the Next Level MADE, (perhaps a student model), physical vehicle, named Adam (for example), that made him a “living Soul,” (because he then had the capacity to LIVE (change that body into an Adult Next Level Member) by overcoming the influence of the Luciferian Space Alien deceiver (hisser/serpent) by abiding by his Older Member's instructions, behaviors and ways to please the Older Member.

Breath is equal to spirit which is equal to mind and coming from the Next Level Older Members is “holy (pure) Mind/Spirit”) as opposed to human mind which is Luciferian Space Alien driven by the misinformation they feed humans, but which becomes the catalyst to overcome.

Thus those humans who are said to be “dead,” having never received that Soul container or never “sprouted” that seed, who are therefore according to the Next Level still dead to any future Next Level membership, are given another chance to grow and thus “live,” though it would be after the 1000 years while the Souls (who were not considered dead) were seemingly incarnating into human vehicles to learn lessons by ABIDING BY THE RULES/INSTRUCTIONS (reign) of Christ - (the Older Members who provide the WAY, the TRUTH and the LIFE as the example to overcome the human mammalian evolutionary kingdom, which is the Christing process). It seems altogether possible that this time period spoken of as the Souls “reigning with Christ” may be a task for the FIRST fruit graduates to monitor and manage on behalf of Their Older Members, probably the new Younger Members of the Next Level who were given that task of certain decision making (judgment) having been in the positions of the Four Living Beings and/or those counted as the Twelve Pillars of the Temple New Jerusalem and their crew of the remaining of the Twenty Four (or more) Elders and any on their crews (that could be the remainder of the difference between 42 and 28).

-Rev 20:6 Blessed and holy is he that hath part ((privilege, course, allotment,

delegation)) in the first ((foremost, before, beginning, best, chief, former)) resurrection ((standing up again)): on such the second death hath, no power, but they shall be priests ((2409 hierous= + (high) priest)) of God (([The Father/Jehovah])) and of Christ (([Lamb/Jesus])), and shall reign ((rule, abide by his instructions)) with ((according to)) him a thousand years.

So the ones who are still in a “dead condition” until they have another chance to “rise to Life” are not assured they won't be recycled. Plus it's interesting how those in that FIRST Rising Up to Life - (awakening in a human vehicle to the Older Members “process” they can choose to embrace to result in gaining Next Level Life) are described as “priests” which may be not unlike the way the Levites in Jehovah/Moses student body served as “priests” - as “helpers” Ti and Do probably would have referred to them as - to administer their Older Members instructions on the ground, in the encampment of the saints as it states later.

-Rev 20:7 And when the thousand years are expired, Satan shall be loosed out of his prison,

According to Rev 20:3 Satan is then loosed out of his prison for a “little (least, small, less, short, brief, little rank of influence) time (season).” Given that “season” here is from the Greek word Chronos (and can be shown to be related to Kronos) as a “child” of Zeus aka Zas and thus Saturn aka “Father Time,” this “little time” could be as little as a Saturn orbit of the sun calculated to be about 29.5 earth years or could be a longer period in which time the Luciferians:

-Rev 20:8 And shall go out to deceive the nations which are in the four quarters of the earth, Gog, and Magog, to gather them together to battle: the number of whom is as the sand of the sea.

-Rev 20:9 And they went up on the breadth of the earth, and compassed ((surrounded)) the camp of the saints about, and the beloved city: and fire came down from God out of heaven, and devoured them.

As described in section **IV.F.2. THE GATHERING AT ARMAGEDDON**, the Camp of the Saints seems to be a triangular area Ti and Do once outlined that I only recall part of that I think included Magdalena, Manzano and Mountaineer areas in New Mexico. Manzano but certainly could include a much broader area.

The “beloved city” would be both an indication of a people and a larger geographical area and by the records in the Old Testament would be the New Jerusalem on the refurbished earth with it's “heavenly counterpart” being a new spacecraft that is described as 1360 miles square hovering over the area of the earth that the “meek” have inherited (as Jesus said would happen).

Thus this “camp of the saints” and the “beloved city” may become a type of new nation comprised from all the ethnicities that were in the U.S. when the Next Level issued the events that caused the kings, etc. to flee into their mountain hideaways and the destruction of the U.S. as a nation in the 7<sup>th</sup> Vial's pouring out and in Rev 18 and 19 when the BEAST and False Prophet are cast into the Lake of Fire, it seems before this 1000 years begins.

I've had to wonder when I saw many American Indian tribes descend upon the area where the North Dakota pipeline is being built, trying to stop that pipeline, saying it will threaten to pollute their water when it is planned to go under the Missouri river, whether that too was a Next Level stimulated “gathering.” They have set up camp and are surrounded by militaristic private police forces from all over and there have been many arrests and use of pepper spray and rubber bullets and manhandling tactics and even provocateurs with weapons but the people have maintained their peaceful protective effort they call “Standing Rock.” It reminds me of when Jesus said that the “meek shall inherit the earth.” The Next Level can stimulate the motivation for such movements just by desiring it for those they see as doing the best they can to live by Next Level ways. Considering how water is not the prime way the Next Level will destroy the earth or the areas of the earth they most want to spade under, actually being away from the mountains and forests will be a good thing, which is also the case with Magdalena and Manzano and Mountaineer relatively speaking. It's the mountains where the kings of the earth are running to hide within. How convenient to then make those mountains fall down and/or fill with lava when it's time to recycle them.

Though there are “signs” up until this time, through “waves roaring” (Luk 21:25), large tsunami's and hurricane's, water is not the primary way the Next Level performs the spading. It's by fire in all it's forms - drought and volcanic activity and humans with their war, with fires as the heat of passions - unbridled anger, jealousy, envy and through lusts and a shaking down of the

mountains. Where prophecy indicates that “every island fled away” that could mean they were submerged but perhaps not from the sea overtaking them like from a tsunami, but because an island is like a little mountain rise and it will be shook down as it's indicated that “mountains were not found.”

We certainly have seen how the forests fires have raged in the U.S. western states and as of this fall of 2016 throughout the south east as well as most of the U.S. has been experiencing drought. It's interesting how humans want to take credit for it and have people believe they can fix it by using less carbon fuels. These are people that apparently have no idea how small they are with their technologies that produce heat compared to the Next Levels systems - Sun, Volcano's, other internal heat sources. But the times are such that humans often without any recognition of even the existence of the Next Level are also thinking earthquakes are human stimulated, like with HAARP and from fracing and underground drilling and underground city building. No doubt some of that activity can stimulate quaking but most and especially the large ones have nothing to do with human activity.

It could be that the Next Level will preserve certain areas where people more in tune with Them in whatever ways, in whatever terms might gravitate which would be the Next Level way to “gather” people, like I've been suggesting about that Magdalena - Manzano - Mountaineer area of New Mexico. Manzano is the closest little town near to where Do and Crew began to build what they called their “Monastery Fortress” (main building being an **earthship** design) that had in it's plans a **lookout tower** and where they slept in bunk houses (barracks as soldiers of the Lord) (designed originally as a boy scout **camp** used before They bought it) and a “pharmacy” (I would make an educated guess to be a largely naturopathic one).

From the definitions given for “camp” in Rev 20:9 it's very interesting to look very much like this “camp of the saints” is very NEAR, BESIDE, IN THE VICINITY OF, ABOVE where the Luciferian Space Aliens (dragon and his angels) are once again THROWN and thus CAST INTO for their ETERNAL PUNISHMENT (in the lake of fire) as a result of the final battle:

3925 preambles from a compound of para 3844\* and emballo 1685\*\*; a throwing in beside (juxtaposition), i.e. (specially), battle-array, encampment or barracks (tower Antonia)= army, camp, castle.

\*3844 para a primary preposition; formally, near; i.e. (with genitive case) from beside (literally or as a figure), (with dative case) at (or in) the vicinity of (objectively or subjectively), (with accusative case) to the proximity with (local (especially beyond or opposed to) or causal (on account of))= above, against, among, at, before, by, contrary to, X friend, from, + give (such things as they), + that (she) had, X his, in, more than, nigh unto, (out) of, past, save, side...by, in the sight of, than, (there-)fore, with. In compounds it retains the same variety of application.

\*\*1685 emballo from en 1722 and ballo 906; to throw on, i.e. (as a figure) subject to (eternal punishment)= cast into.

It's no secret that among locations where there was said to be interface between humans and these Luciferian space aliens, New Mexico is most noted. President Dwight G. Eisenhower was reported to have met with space aliens on several occasions. Perhaps the first meeting was reported to have occurred in February of 1954 while he was reported to be on vacation in Palm Springs, CA. The aliens were "Nordic" in appearance, tall and grey skinned looking and one report was that they had large noses so were called the "big nose grays." It was reported that there was an agreement that these aliens would provide the U.S. with their space craft technology if the U.S. would not interfere with their abductions of humans. This or one or more of these meetings were reported to take place at Holloman Air Force base which is six miles southwest of the central business district of Alamogordo, NM.

Then there was an alleged underground base said to be near Dulce, New Mexico - in the northeast corner of the state that was said to be a number of levels beneath the surface and that on the upper levels were controlled by earth humans while the lower levels were under the control of human equivalent space aliens, all of whom are Luciferian because Do said that all were Souls that became renegades against the Next Level and engaged in hybridization of new physical bodies to operate through. It was said that in 1979 there was a type of "altercation" between the humans and the space aliens and a number of mostly humans were killed and that soured their relationship.

There was also reports of a man named Paul Benowitz who was said to be a scientist who got involved in the UFO/Space Alien phenomena starting around 1979-1980 that involved a number of people like Dr. Leo Sprinkle

(psychologist/hypnotherapist of alien abduction claimants - one in particular who indicated being taken to the underground Dulce, NM base in which she saw “vats” of human organs and said the aliens were implanting devices into abductees to track them and manipulate them) and Linda Moulten Howe (cattle abduction phenomena), generals, senators and other researchers. He had amassed a great deal of video footage of spacecraft lights around the Manzano mountain range and in relationship to Kirtland AFB south of Albuquerque, NM. He had also allegedly developed technology to intercept radio transmissions between space aliens and their abductees. This is most interesting because of how Do said years later that the aliens could beam down to humans messages, even en masse to keep them asleep and addicted to their human behaviors - sexuality being a big one that reduces one's common sense to thus see and understand more of what's real.

Thinking of this indication of the Space Aliens being near to the **Camp of the Saints** and possibly to the **Beloved City** brings into focus the way Sante Fe, NM, in it's outskirts in Los Alamos and the Sandia National Laboratory and Phillips Laboratory, both of which conduct ultra-top-secret government research, together with these other AFB locations make a pretty strong case as being a space alien stronghold that is mostly underground so may very well be where these same Luciferian space aliens are cast into again that puts them “**near, beside, in the vicinity of**” the “**camp of the saints**” in Manzano, in between these two areas to the north and south in New Mexico. Wouldn't that be convenient for the Next Level to have them close by to one another so they could be preserved, with the Luciferian under ground to be used again and the saved humans above the ground. I've then imagined if the Next Level wanted to start a new “garden” with a New Adam as Do said would happen if it was to become a new Garden would be equip with the New Satan as well in the same vicinity to set up the testing criteria again.

This flocking together seems to be comprised in part of all those SOULS who once in human vehicles “Stood for Ti and Do” during this tribulation period from about 2017 to 2021, especially, and were “subdued/overcome” by the BEAST as described in Rev 13:5-7. The time frame mentioned there was “forty two months” which are the same words used in Rev 11:2 that seemed to depict the the time when those in the FIRST fruit harvest were “tread on foot” through the “temple” area, the location where Ti and Do and Crew took human vehicles to “dwell” west of the Mississippi river, primarily in the

southwestern states. In that depiction they were not going to focus on the “court” area which I believe is east of the Mississippi river and the northern states and into Canada and potentially other English speaking areas of the world. Yet, during these years would then be the time to stand for Ti and Do in these courtyard areas that are actually all more populated with staunch Christians as opposed to the west that is mostly populated by people who have come out of Christianity, though have often entrenched into another religion or spiritual practice, often related to Buddhism. I suspect those in the west are mostly now “overripe” for harvest-ability, but I could be wrong and of course there are always some in every camp that can still come out of that camp to see the ultimate truth in Ti and Do's teachings.

Just like seemed likely in Rev 11:2, largely because of that wording of “forty two months” where the Greek “men” translated in both of these verses to “months” can also be translated to A PERIOD OF AFFIRMATION that I don't believe is coincidental. If it was meant to be 1260 days in both cases why not say it that way, as that was how the same period was described for the Two Witnesses to prophesy. Ti and Do didn't need to affirm to the Next Level Older Members anything. They already were Older Members in the Next Level.

But since it was said differently, the reason could seem to be that there are 42 students making their affirmation during the 4<sup>th</sup> seal time period just like there ended up being 42 who laid down their lives with and in service to Do, (and Ti) as their affirmation, which is the same thing as upholding their “covenant” (Rev 6:2 “bow,” as in rainbow and actually there having to do with being born).

It's interesting with this perspective that  $42 + 42 = 84$ , which just so happens is quite close to the number of students Jesus sent out or had in his group, listed as “70” (which goes back to the Moses first trimester classroom when Jehovah gave Moses an instruction to appoint 70 elders of the tribes to perform certain functions). Those 70 Jesus students were it seems in addition to the 12 who were traveling with Jesus, thus equaling 82 plus John the Baptist, who was also part of that overall crew.” I suspect he was the same Soul who had been serving with Moses, appointed by Jehovah in the vehicle named Aaron and the equivalent to Miriam might then be Mary Magdalene which brings the total to 84 that rounds out the entire crew. It would seem

this second group of 42 have the potential to make the equivalent grade to some of the first 42, as Do said some in his group he thought would have to return to finish their overcoming as I suspect would this second group of 42 as one can not graduate into adult Next Level Membership without being in the physical presence of our Older Members to lead us through each particular “birth canal.”

Now this is not to say this is the limit of believers/graduates, because during this same 42 month time period of their AFFIRMATION, which also is part of the meaning of each SEAL that includes staged opening of the “book” for different ones, anyone can give it their best shot. The BOOK refers to the combined two parts with the FIRST part written from the INSIDE (by Do and Crew - still available today in August of 2016 as a free download on Heavensgate.com and the LAST part, said as the BACKSIDE is written AFTER the FIRST Harvest and refers to the historic records - again the time period BEHIND the FIRST FRONTSIDE which seem to be shown in this writing effort. There will be many who awaken more to believing in Ti and Do through both sides of the BOOK who when it dawns on them could “hit the deck running to connect with Ti and Do and Stand in defense of Them, which will also be standing for the real Jesus teachings and in that process some will lose their human lives to (as shown in the next two SEALS (5 and 6) where they also receive their just reward for their SELF sacrifice, showing the Next Level they are their “sons of God” who will be led to the living fountain that will result in their graduation from the human kingdom to adult membership in the Next Level.

All these who GIVE THEIR LIVES IN THE SERVICE PROVIDED, (not some other idea of what is service) - that of giving witness testimony to what Ti and Do taught may receive a Next Level made vehicle at some point and literally dwell with Do (and possibly to some degree, Ti) and the FIRST Graduates on board part of the New Jerusalem spacecraft during the time after both the earth and the area called the First “heaven” are renewed.

Another view of this time period seemingly starting before the 1000 years is described in Revelations chapter 7. This is set to the time during the end of the 6<sup>th</sup> Seal time period, that seems to be before the Angel pours out their 7<sup>th</sup> Vial (plagues/calamities) in Rev 16:17-21, because it's that Vial's pouring out that results in the division of the U.S. into three parts, and causes the “cities

of nations” to fall and causes “islands to flee away” and “mountains to no longer be found” because of the greatest earthquakes seen to date and follows that with a great amount and size of “hail stones” (that each weigh about 90 pounds each). Since Rev 7:3 indicates that the sealing of the 144,000 needs to take place BEFORE “hurting... the earth, (and it's remaining humans), nor the sea nor the trees,” (all indications of their literal interpretation) because and those Vial operations certainly would “hurt” these three parts of the planet, the sealing of the 144,000, as described in Rev 7:4-8, must happen before that “hurting” is accomplished. If this 144,000 number was speaking of Souls alone, then harming the earth would have no affect on them so why put it off. Therefore these seem to be human vehicles who do have “Soul” deposits, which is why they are described as “sealed servants of our God in their foreheads” as even if they never heard of Ti and Do, they were in their way abiding by God's laws, which is a service to God, no matter how they refer to God. For instance perhaps many of the American Indians who speak of the Great Spirit are serving the One True God. The Elders of the Sioux tribe that were met by a reported 2000 U.S. Veterans in their Dakota Access Pipeline fight to save the Missouri river water from spills that are bound to happen, told the veterans not to intimidate or fight against the police and National guard but to just help those who were manning the barricades and being hit with pepper spray and tear gas and water canons in 26 degree Fahrenheit temperatures and rubber bullets and concussion grenades. To me that is Standing for God's laws to not return violence with violence. And these were fighting against the U.S. BEAST and the tribal leaders were actually offered over a billion dollars for their land, I heard reported, but wouldn't take it.

Putting a SEAL on these 144,000 saves their Souls from the “second death”, (that is, when they lose their physical vehicles) and seems to depict what Do called the Third Group of those who would be salvaged from the recycling who don't even know about Ti and Do. These I believe would be who Do referred to as being, “put on ice (not literally).” and would have another chance to grow towards Next Level membership after the recycling.

The Second Group are those who did recognize Do as their Older Member and who did begin their separation from humanness and their Overcoming Metamorphosis that included Standing for Ti and Do in particular and facing losing their human vehicles life because of. These are described as a

multitude who came through the Great Tribulation - time of great trouble and affliction (and of course also didn't give their allegiance to the BEASTS. These are described as not only being "sealed" but as having "washed their robes" - in other words, cleaned their human vehicles behavior as described in Rev 14:4-5.

-Rev 7:15 Therefore are they before ((in the face or presence or sight of)) the throne ((seat)) of God, and serve ((a hired menial [perhaps what Do called "elementary service" like what the Luciferians had as "watchers" (observers) before they fell and renegaded from the Next Level and that service])) him day and night in his temple ((dwelling)): and he that sitteth on the throne shall dwell among them.

Note there is no "temple" in the New Jerusalem spacecraft, (Rev 21:22), therefore this designated "temple" is referring to that multitude as a group and/or in a particular area and I presume having some type of physical vehicle as otherwise, since these have not yet graduated, since I never heard Ti and Do talk about service in the Next Level without having a physical vehicle it's possible they are awarded with what I call a Student Model Next Level vehicle, in a sense replacing those who became the Luciferian fallen angels, which Ti and Do did indicate in the Blackhawk tapes some would be rising up to.

In Rev 20:4 during the 1000 years when the Luciferian space aliens are once again locked up in the depths (beneath the earth and/or sea), it speaks of the "souls" (thus those without bodies at that time) who had been "beheaded (cut down, slain, killed, separated from their human vehicles (Greek apokteino), aka harvested) for the witness of Jesus," which would seem to mean, literally having a human vehicle during the time Jesus was incarnate as one of his disciples who were with him, perhaps as the 70 and/or "Standing in support of Him" after he left and losing their vehicles life at that time because of their taking that Stand. That wouldn't seem to include the 4 Living Beings or the 24 Elders as they had exited the human vehicles they "borrowed" by dying themselves with Ti and Do and were in receipt of new physical vehicles grown for them ("clothed in fine linen, white and clean") when they returned in spacecrafts ("white horses"), as shown in Rev 19:14, to participate in the deciding ("judgment") task of sorting - pulling up the tares, etc. which is indicated takes place by the time of the 1000 years that the Luciferians are

once again locked up when these “reigned with Christ a thousand years.”

This time describing their being with the most recently “anointed” (Christ) who was last incarnate in the vehicle named “Do,” but who now only has a name his crew-member's know is also shown in Rev 19:12. It also states in Rev 20:4 that these who were beheaded (killed) for the witness of Jesus were also killed for the Word of God. Since Jesus was described as the “Word of God” - it's not like the Next Level to repeat that same event depiction in a different way unless it's meant to be understood in a different way, which I suggest is saying they had “died their vehicles twice,” once while testifying to all Jesus said (His Words) and did and then during the recent time of great tribulation as shown starting with and/or immediately after the 4<sup>th</sup> Seal opening but certainly by the time of the 5<sup>th</sup> Seal opening and affirmation period - dying again but this time for the most current manifestation of the “Word of God,” that which Ti and Do and Crew said and did.

Giving testimony to what Jesus actually taught was all about recognizing, that to make application to his team, one must separate from their human roots, mostly anyone and everyone who would try to hold you back from giving your all to your Older Member's service, and from human addictions, the foremost of which is to all forms and degrees of human sexuality, etc. This is because becoming a Member of the Next Level means grafting to a new family tree as Jesus also taught and aborting all sexual thoughts and behaviors is needed because there is no sexuality among Next Level members so one must cease keeping that programming alive in our heads because the content of our Mind must become compatible with the new Next Level vehicle each graduate receives.

This is what is meant by one needing to give all their love, (heart, mind, Soul and strength) to the Lord, to include one's human life (in all ways it entails) which directly would mean the same kinds of things Jesus taught and demonstrated but would extend to testifying, referred to by Do and Crew as **STANDING FOR TI AND DO** and defending everything about them and how they were the current representatives from the Kingdom who created all the life forms and how Do evidenced being the incarnate return of the same Soul who was in the vehicle named Jesus.

However like we just described from Rev 7, this Rev 20:4 verse also included those who had perhaps never heard of Ti and Do but who and/or those who

may not have been a disciple of Jesus who gave their lives for him then, but who had still separated from their humanness in their own ways by not worshiping (serving, working for) the BEAST equivalent in their day The Roman govt and it's false idol IMAGES (what Ti called “copies” of what the Kingdom of God taught and did, as seen in their various religions.

Thus all these Souls then “lived and reigned with Christ a thousand years” where “live” is the animating force, having the provision of a physical biological vehicle of some kind in which to function in the dense physical world. I don't think “Reigning with Christ” means “Ruling alongside Jesus” as that translation could imply because it's the vehicles they are going to “live through” - use to further their overcoming that is what will be the “foundation of power of Christing (overcoming the human kingdom)” that is “with” (accompanied by some who had become Christs - had overcome the human kingdom, which may be a circumstance similar to the Moses encampment. It seems the Member of the Next Level who served in the vehicle named Moses was a Christ, having according to Ti been incarnate before then in the vehicle named Enoch who “walked with God” and was “taken,” thus did not die to go to Heaven. Remember how Jesus said only those who came from the Next Level could ascend into the Next Level.

John 3:13 And no man hath ascended up to heaven, but he that came down from heaven, even the Son of man which is in ((with)) heaven.

Aaron was likely a Student Soul who had come a long way in his “Christing” process. I only say that as a comparison that they may be living outdoors in temporary shelters with no infrastructure or government, and may have regular interface with any number of those who had “overcome” which would be any of the 4 Living Beings and/or 24 Elders, possibly visible to and/or walking among them at times with these Souls who would be in Next Level grown vehicles.

I say this because of:

Rev 19:4 And the four and twenty elders and the four beasts fell down ((falling, alighted, flying)) and worshipped God that sat on the throne, saying, Amen; Alleluia.

Here they “fell down” or said as alighted or fly down and serve. This is said

after the “great whore” (America - all those who constitute the BEAST) is said to have been judged in verses Rev 19:1-3.

This next verse implies the 4 Living Beings and the 24 Elders are part of the throne. We know they work for the throne and are considered kings having overcome and graduated in 1997 but the throne was always spoken of as God or that Lamb sitting on it, which this doesn't change but shows these are acting as one Mind in the tasks on the throne:

Rev 19:5 And a voice came out of the throne, saying, Praise our God, all ye his servants, and ye that fear him, both small and great.

Rev 19:6 And I heard as it were the voice of a great multitude, and as the voice of many waters, and as the voice of mighty thunderings, saying, Alleluia: for the Lord God omnipotent reigneth.

So here is yet another show of a “great multitude” “small and great” serving. Again this is very akin to the Three Groups of Individuals Do said would be “saved from the recycling.” First, those who had given their all to the incarnate REP - Do (whether they completed their metamorphosis, overcoming, Christing or not) as “great,” Second, those who recognized the REP and began their separation from the human kingdom and began their metamorphosis but had weaknesses so needed more work, and Third those who never knew of the REP but had separated from their humanness in their own way - seemingly by not aligning with the BEAST to receive it's mark or work for it's Image (Spirituality and/or even a Luciferian stimulated Hologram like Fatima), etc, those that might be under the general type called “small.”

Thus these seem to represent a community - a tribe of vehicles in different grades in the Next Level's school able to interface with the Souls who were a match for those vehicles in their schooling. It could even be describing a new classroom where they could learn to form a stronger bond with their Older Member.

This next verses indicate this group will, in their future, have no hunger or thirst nor sun light nor heat so they must be in the presence of, the Holy City New Jerusalem that is the only indication of a Next Level craft “dwelling with men” which is confirmed as taking place after the seven plagues (vials) are poured out completely (fulfilled) on earth in Rev 15:8.

Rev 15:8 And the temple was filled with smoke from the glory of God, and from his power; and no man was able to enter into the temple, till the seven plagues of the seven angels were fulfilled.

That completion of these seven Vials (plagues) is shown here, saying “it is done”:

Rev 16:17 And the seventh angel poured out his vial into the air; and there came a great voice ((through the idea of disclosure, sound, tone, sound of uttered words, speech, language, tongue)) out of the temple of heaven, from the throne, saying, It is done.

These next depictions of “voices, etc.” don't indicate they are coming from the Next Level as communication but do seem to match the next prophecy that would seem to be the start of a repeated cycle with the trumpets sounding again, which could very well mean the start of the next classroom will occur after/during that 1000 years. In this case the “half hour” may be reflective of about 20 years time without any disclosures, while also resembling the start of a “little season” when Lucifer is locked up followed by a little season when Luciferian space aliens are allowed to once again gather humans for their last battle as shown in the Magdalena, NM vicinity. Note in Rev 8:5 the same order of statements re: voices, thunderings and lightnings and an earthquake. As I interpreted in the first attempt to understand this same verse this could be an earthquake in the same area that was called the New Madrid fault line.

Rev 16:18 And there were voices ((disclosure, noise, sound, voice)) and thunders ((roar)), and lightnings ((bright shining)); and there was a great earthquake, such as was not since men were upon the earth, so mighty an earthquake, and so great.

The Great City is the USA, referred to as the “woman,” America, the Mystery Babylon and the Secret U.S. New World Order government aka the BEAST whose territory in the continental U.S. is divided into three parts:

Rev 16:19 And the great city was divided into three parts, and the cities of the nations ((ethnicities, gentiles - [European cities and/or cities all over the planet])) fell: and great Babylon (([the Secret (mystery) Govt of the BEAST])) came in remembrance ((to stay, to handle or squeeze, to chew,

gnaw as a fixture in mind, a recollection, punishment)) before God, to give unto her the cup ((lot, or fate)) of the wine of the fierceness of his wrath.

Rev 16:20 And every island fled away ((ran away, shunned, vanished, escaped)), and the mountains were ((find, get, obtain, perceive, see)) not ((negative, unworthy, without)) found ((find, get, obtain, perceive, see)).

This appears similar, to Rev 6:14:”..and every mountain and island were moved out of their places,”, which at that time during the start of the Sixth Seal would seem to be a stage of proving humans with more evidence of the Next Level so they might still change their mind from who they give their allegiance to whereas in this Rev 16 time it's at the very end of the period decribed as the last vial being poured out that then includes:

Rev 16:21 And there fell upon men a great hail out of heaven, every stone about the weight of a talent: and men blasphemed God because of the plague of the hail; for the plague thereof was exceeding great.

And the same sequence of events is shown:

Rev 11:19 And the temple of God was opened in heaven, and there was seen in his temple the ark of his testament: and there were lightnings, and voices, and thunderings, and an earthquake, and great hail.

These events usher in the bringing about of the new earth that includes the new 144,000 “tribe of overcomers” who were sealed during this sixth seal time - Souls who would be given their next step towards graduation, it seems, after the Luciferian space aliens are let out again because that's when the testing for the new civilization seems to start again.

-Rev 7:16 They shall hunger no more, neither thirst any more; neither shall the sun light on them, nor any heat.

Again this is projecting the future for these that seems to be shown in more detail by:

Rev 21:1 And I saw a new heaven and a new earth: for the first heaven and the first earth were passed away; and there was no ((3756 ou= no negative, unworthy man)) more ((2089 eti= further, hereafter, “yet,” still (of time or degree), after that)) sea ((2281 thalassa= probably prolonged from hals 251=

salt; the sea.

There are no clear indications that all the literal seas (oceans, seas (Galilee, Mediterranean, black/dead, Caspian)) are vanished. There are indications all living creatures in the sea die - being turned to blood and I imagine that can include certain of the Luciferian Space Aliens who may have their spacecrafts and/or bases under the sea as indicated:

Isa 27:1 In that day the LORD with his sore and great and strong sword shall punish leviathan the piercing serpent, even leviathan that crooked serpent; and he shall slay the dragon that is in the sea.

Plus the wicked are compared to a troubled sea:

Isa 57:20 But the wicked are like the troubled sea, when it cannot rest, whose waters cast up mire and dirt.

In Rev 20:13 during the judgment of the dead it was recorded that the “sea gave up the dead which were in it.”

Plus we know that the BEAST rose up from out of the sea in rev 13:1 which was powered by the Luciferian Space Aliens in rev 13:4, confirmed by:

Dan 7:2 Daniel spake and said, I saw in my vision by night, and, behold, the four winds of the heaven strove upon the great sea.

Dan 7:3 And four great beasts came up from the sea, diverse one from another.

The Great Sea could be generally referring to the human kingdom with great also being translated to “big” and/or it can refer to certain bodies of literal water. In Daniels time the Mediterranean Sea was considered to be a “Great Sea” but I can't imagine all the bodies of water being in that category yet as with most all prophecy there could be a specific meaning intended for the fulfillment of prophecy. In that case I would suggest the Mediterranean is a “great sea” given it's the most immediately accessible and largest body of water in the vicinity where the Next Level started the current civilizational experiment and sent Their incarnate Representative to who was incarnate in the name Jesus. And following that thinking to where the U.S. mainland became the next location for the Next Level's staging of the Third Trimester and subsequent lesson plans, there is the “Great Salt Lake” and the “Great

Lakes” in between Canada and the U.S. that may be the “sea” or “seas” referenced in prophecy.

In Rev 16:3 when the second angel pours out their vial on the sea it becomes the blood of the dead and “every living (breathing) creature in the sea dies.

Thus this verse's use of sea may be specific to the Mediterranean sea's drying up or being turned to blood by volcanic activity that makes it a sea of glass - molten glass as in other verses the Members of the Next Level are shown as standing on a sea of glass which can be showing how they conquered “hell” that encapsulates the presence of the lower forces that previously, and still could be finding their safe harbor in or under the sea and/or under the earth under the sea - in other words having a sea entrance perhaps, as Isaiah's prophecy can indicate.

Since prophecy indicated those who are responsible for killing the prophets and persecuting the Next Level's chosen vehicles that provided the lesson ground for returning Souls in their various “trimesters” toward their “spirit birth” - even grades in school as Ti and Do first compared the Next Level “process” to, the sea that is said to be no more could be literal or speaking of certain seas and/or parts of what we currently call seas - even entire oceans. For instance, today's science community seems to agree that the western U.S. shows a great deal of evidence of once being under water. It would not be far fetched to consider that the Next Level terraform the planets they make into “gardens.” For instance if they stimulate enough volcanic activity in the middle of a great lake or to where the lava from erupting volcano's flows into any water body no matter how big or small and this is accomplished repeatedly and/or constantly over many years, I suppose all the waters could be dried up - converted to steam as is happening right now in August of 2016 and/or new islands would form and/or extensions of the current islands and even forcing waters into other areas as a result, even reshaping continents, submerging some places and elevating others with all the related earthquakes, etc.

From the satellite mapping data it's apparent to see layers and layers of magma that flowed over large swatches of the western U.S. mountains that grew land masses from many of the once volcanically active mountains. I just watched a report from yesterday the 27<sup>th</sup> of August from an individual who has been using 3D software where he plots earthquake activity and relates to

where there is evidence of volcanic activity, like for instance Mt. St. Helens in the U.S. state of Washington. This person has been tracking earthquakes for over a decade now and that activity has significantly increased many fold since the mid 1990's when Do and crew came public as the “resurfacing” of the one who was incarnate in the prepared human vehicle named, “Jesus” and the same souls referred to as His “saints.” Just today on 12/06/2016 I saw a science report that suggested the entire center of the Earth is magma. I can imagine the Next Level knows how to start the pumps to bring it up in many areas at the same time.

The possibilities are many, but I can imagine the Next Level could take a sea and use lava to heat it up like a caldron, in such a way to boil whatever elemental soup that could be left to cool and result in a “transparent sea” or even hardened sea of glass which is what sand can be melted and made into by such a process. Thus a sea is turned into a desert. Apparently the New Jerusalem spacecraft is made of clear crystal (Rev 21:11,22).

Rev 21:2 And I John saw the holy city, new Jerusalem, coming down from God out of heaven, prepared as a bride adorned ((to snuff (a wick) and/or trim it, [kin to putting out one's fire/flame passion, sexuality, sensuality, relationships to the human family, just like in the parable of the ten virgins])) for her husband.

Rev 21:3 And I heard a great voice out of heaven saying, Behold, the tabernacle ((habitation, vessel)) of God ((deity [reference to Ti - the “chief administrator” (as Do said) of this garden])) is with ((amid, in the midst, accompanying)) men, and (he will) dwell with them, and they shall be his people, and God himself shall be with them, and be their God.

This dwelling may be referring to the way the Souls in Rev 20:4 are said to “live” accompanied by Christ which could mean anyone who has graduated into the Next Level via the Christing process, since in most all cases if it's referring to Ti or Do it would be “God” for Ti and the Lamb or Jesus (in a vehicle LIKE the Son of Man, and “baptized by blood”). Do is also “God” but in this context it may very well be what John is being shown as the Jerusalem may be Ti's spacecraft and crew given it's described as related to the “Twelve” which is part of the description of Ti in Rev 12:1 as having “twelve crowns on her head.”

It was in 1976 in Laramie, Wyoming that Ti and Do held a meeting with their students who numbered about 100, where they suggested it was possible that the Next Level could choose to make the earth into what they termed, if I recall correctly, a “celestial body” where members of the Next Level in their Next Level vehicles would be able to be among humans to some degree in some capacity, (I believe Ti and Do did indicate that They wouldn't live side by side among humans as that would be like humans choosing to live with a pack of dogs - no matter how well behaved those dogs, they would still be animals with their animal ways that the Next Level members would not need to subject themselves to). They said this would be possible if the humans had lifted their vibrations way above the way they were at that time (and to date I'm sure). For instance the context was in regards to the reports of humans firing guns at a spacecraft or punching a Next Level Member when they hadn't done anything to them, but just because they were different or any number of other crude behaviors. I think that example was from a report of a human who had a close encounter whose name was Moody (though not saying it was a Next Level members he punched - it was just an example of how humans might react to Next Level members in their Next Level bodies and further shows the need for them to come incarnate to be able to have any significant teaching role. At that point of that Moody account Ti and Do were not fully aware of which reports might have been Next Level Members and which ones were not. In fact Ti once said, if some of these reports are referring to Next Level Members, when she got back there were going to be some major changes implemented.

While Ti was incarnate we hadn't had access to nearly the amount of data reported by abductees and contactees that showed, because of their behavior that most of these reports were not Next Level members. Ti and Do always said they were only fed information to stay one step ahead of their student body. They said they knew there were Next Level tasks that went on, around the earth, that they knew nothing about. They would only suspect some of the other tasks from reports provided by humans. They were not given complete pictures very often and even when they did receive what they called a sizable “chunk of information” they said it took them time to understand it all and that that knew they probably didn't understand it completely, though also knew and trusted they had what they needed for the sake of the student body.

They would compare with one another what ideas they were getting. That

would be part of what they called a “check and balance” system they could then depend on to stay on track. They were “undercover agents behind enemy lines,” they said, with only a very limited type of radio contact with their base, so had to receive encrypted messages so not to alert the enemy - the Luciferian Space Aliens on what their next move might be. It was that real. So they had to be very focused and determined to enact every step with an expectation that it could shift at any moment if that is what the Next Level wanted from them. Often such shifts, they later learned, were to put some students to the test of how they would respond. When they knew they were receiving an instruction to move somewhere or do something they put it into motion right away and few knew of the new location. If they then got instruction to stop, they would stop. One example of several was while living outdoors in the wilderness in Wyoming or perhaps it was northern Colorado at that point, we had instructions to move the camp. So we took down all our tents that included a type of mess hall tent and a meeting tent and set up camp a few hundred yards away and then when we were done we got instructions to move it again. It was very hot and I can recall being very tired and hearing my vehicle complaining a bit. I would bet for some it was more than a little complaint from their vehicle. It could have even been the straw that broke the camel's back, as the saying goes, that became a reason for a student to leave the classroom.

-Rev 7:17 For the Lamb which is in the midst of the throne shall feed them, and shall lead them unto living fountains of waters: and God shall wipe away all tears from their eyes.

Rev 21:4 And God shall wipe away all tears from their eyes; and there shall be no more death, neither sorrow, nor crying, neither shall there be any more pain: for the former things are passed away.

Rev 21:5 And he that sat upon the throne said, Behold, I make all things new. And he said unto me, Write: for these words are true and faithful.

Rev 21:6 And he said unto me, It is done. I am Alpha and Omega, the beginning and the end. I will give unto him that is athirst of the fountain of the water of life freely.

Thus the sixth seal time period also seems to outline the setup for the “new heaven and the new earth” as first described in Rev 21:1. By New Heaven it seems to be linked to when the “heaven departed as a scroll” in Rev 6:14

which appears to be before the 1000 years but perhaps is at the start of that period when the Luciferians are for the last time locked up underground. Regarding the “new earth,” Do said he felt the earth wasn't going to be scrapped or replaced, just refurbished, spaded, recycled which included the human kingdom that is part of the Greek word, “ge”= “country, earth(-ly), ground, land, world [civilization]).

Since the Seals are both opening up of the content of the BOOK in Rev 5:1 and how that becomes an “affirmation period of time” for students, it's apparent with the advent of the seventh and last seal opening there is still one last affirmation period, which is confirmed by the next verses in Rev chapter 21:

Rev 21:7 He that overcometh shall inherit all things; and I will be his God, and he shall be my son.

Rev 21:8 But the fearful, and unbelieving, and the abominable, and murderers, and whoremongers, and sorcerers, and idolaters, and all liars, shall have their part in the lake which burneth with fire and brimstone: which is the second death.

Thus this “lake which burneth with fire and brimstone” could very well be from huge volcanic eruptions that I can imagine could be made to flood many of the underground bases and/or under the sea potential hideouts that are really prison cells.

#### **IV.G. SEVENTH SEAL - Silence from the Kingdom of God/Heaven.**

Rev 8:1 And when he had opened the seventh seal, there was ((cause to be “gen”-erated, to become, arise, be assembled, be finished, be ended)) silence ((hush, resting, (relative))) in ((about)) heaven (about the space) of half ((partition, semi)) an hour.

Since this usage of “hour” is from Greek “hemiorion” a combination of “hemisu” as a partition or semi or half and “hora” - a “day or hour, season, (high) time, it could be reflective of either/or the 40 year “hour” (using the 1 day Next Level to 1000 years formula Jesus disciple Peter reported, and Ti and Do and Crew often made reference to), which half of would be 20 human years.

Since the indication here is that the “silence, hush, resting” period is

“generated” there may still be some forms of communication provided by the Next Level before the last events that spade the current human civilization. Apparently every human doesn't die during this period - only those that became waste - of no future value to the Next Level. That was also indicated by Jesus when he said, “the “meek who shall inherit the earth” - the next group of people the Next Level seems to start a classroom through - the human vehicles saved Souls are assigned to try to take over to overcome in the start of the “new earth” and “new heaven” after the 1000 years.

Having analyzed this entire Book of Revelations it seems that the chapter divisions especially had Next Level helper assistance. Most can be sectioned off by their content but others are not so clear. In this one case in particular it would seem to make more sense to have included Rev 8:1 with Chapter 7 since it is the opening of the 7<sup>th</sup> and last seal, where chapters 6 and 7 contain the First through Sixth Seal Openings. But considering that the Next Level could have guided those who made these choices, namely said to be Archbishop Stephen Langton in the early 13<sup>th</sup> century, I've looked at Chapter 8 in a special way that can possibly be showing a type of cyclic new classroom beginning or the time to manifest the greater recycling announced with each of the Trumpet Soundings. The 7 Soundings were largely announcing who was coming when and what events were to accompany them that would have lessor degrees of manifestation during the preparatory early 17<sup>th</sup> and 18<sup>th</sup> centuries, primarily in the third of the planet of Europe to Africa and regarding Next Level membership arrival in the U.S.

As was shown in the section on the 7 Angels Sounding their Trumpets, they seem to be quite well connected to the 7 Angels who Pour out their Vials and constitute a great deal of the start of the Wrath of God that seems to be connected in the timeline to extend to after the 1000 years when the Luciferian are locked up underground.

Rev 21:9 And there came unto me one of the seven angels which had the seven vials full of the seven last plagues, and talked with me, saying, Come hither, I will shew thee the bride, the Lamb's wife.

Rev 21:10 And he carried me away in the spirit to a great and high mountain, and shewed me that great city, the holy Jerusalem, descending out of heaven from God,

Rev 21:11 Having the glory of God: and her light was like unto a stone most

precious, even like a jasper stone, clear as crystal;

It would seem this is the ARK in Rev 11:19 and as it is referred to in it's introduction as the "Tabernacle of God" when the term "God" is differentiated from the LAMB or JESUS, thus mostly indicating who Do called the "Chief Administrator of the Earth" - His Older Member who was incarnate and named Ti. This is further confirmed by Rev 12:1's "woman's" identity as having "upon her head a crown of twelve stars:" and verses Rev 21:12-20 describe it's construction with twelve as a theme throughout.

This next verse depicts the street of the spacecraft as transparent glass which is what is depicted in Rev 4:6 as a "sea of glass like unto crystal" as a visual component of the "throne," thus another example that points to this New Jerusalem craft being Ti's craft and crew. Do used to say, we had to live up to certain standards to be invited onto "Ti's Crew":

Rev 21:21 And the twelve gates were twelve pearls: every several gate was of one pearl: and the street of the city was pure gold, as it were transparent glass.

According to Rev 21:22-27 this spacecraft has no temple (dwelling), saying the Lord God Almighty and Lamb are it's temple. This "city" has no need of sun or moon as the glory of God and the Lamb light it. It's indicated to provide the light for all who were saved - the references to a multitude. Yet it indicates not allowing anyone who defiles themselves can enter it. They have to be in the Lamb's Book of life. Therefore indicating the classroom for those who are saved so they don't defile themselves with "fearful, and unbelieving, and the abominable, and murderers, and whoremongers, and sorcerers, and idolaters, and all liars" behavior and ways. Again this indicates a type of classroom continues even though as Do said it could take several forms.

In summation it would seem that it's during each of the 6<sup>th</sup> trumpet/seals/vials that the Older Members and their Crew are present, incarnate during the FIRST HARVEST WAVE and in their Spacecrafts for the LAST HARVEST WAVE. It is during the 7<sup>th</sup> Trumpet that the Seven Seals are opened starting with the 7<sup>th</sup> Thunder - the Heaven's Gate "midheaven" prophecy beginning and ending with their voluntary exit of their human vehicles that became global news as Ti and Do said it would in 1984-5. It is during the 6<sup>th</sup> Seal time that Do in some way shows his "presence" to the world and then during

the 6<sup>th</sup> Plague/Calamity, (Vial pouring) that He comes back with his graduate students in their spacecrafts en-masse while the Luciferian Space Aliens are allowed to have their own harvest of human Souls who did not choose to show their allegiance to the Next Level and human DNA. It is during the 7<sup>th</sup> Seal that the 7<sup>th</sup> Vial is poured out that starts the greater part of the earth spading/recycling for 1000 years that brings about a final type of classroom and the final judgment during which Souls and Spirits (discarnate humans) who aren't in the Book of Life are dissolved in the Lake of Fire. The righteous according to the Next Level remain. The question will always be for each of us, "whose side are we on?" It's either Ti and Do's or the Luciferian Space Alien run Human Kingdom.

**V. UNDERCOVER "JESUS" SURFACES BEFORE DEPARTURE - Do's writing that was published to 90 World Wide Web Newsgroups in 1995 - the "h Roar/Thunder. Part of the start of what would become the LAST HARVEST WAVE:**

The original can be found on my blog at:

Undercover "Jesus" Surfaces Before Departure, By Do

<https://sawyerhg.wordpress.com/2015/10/22/undercover-jesus-surfaces-before-departure/>

I, Sawyer who was present with Do for 19 years (10 of which while Ti was incarnate), from 1975 to 1994 that can be seen on the first, second and a few other of the Beyond Human video tapes as Do's "helper," sat in front of him to hear him say all these things many times in various ways. So I am an eye witness. I wanted to include this document just the way Do wrote it but because of the way Do's writings have been copyrighted by others who I can not trust would give me permission to include in my book (and because my book is for sale as the best way to distribute it most widely), to not infringe on those human laws I'm re-writing Do's document in my words, like I said the words I heard him say many times:

1. Do said he is a member of the Kingdom of God which is in generic terms referred to as "The Evolutionary Level Above Human" and that he is about to return to his Father's Kingdom.

A. He said this return requires him to prepare to lay down his borrowed

human body so he can reenter his biological body that belongs to the Kingdom of God, just as he did approximately 2000 years ago when he laid down the human body that was about 33 years old in order to reenter his body belonging to the Kingdom of Heaven.

B. He said The Level Above Human is a physical Kingdom Level and it is in the physical Heavens aka space. Those who are in that Kingdom identify with their Soul and its mind (aka spirit) and not with the “flesh” or physical body they “wear.”

2. He says that this time his “Older Member” (who he realized was his Heavenly Father) came with him. It was in the early 1970's that they incarnated into adult human bodies that were in their forties. About 2000 years ago, He incarnated into a body that was in its late 20's or early 30's just prior to, during and following his baptism with John the Baptist. (Note the incarnation was performed in stages as it takes time to put Next Level Mind into a human vehicle, although He said the Jesus body had been specially prepared for that task.)

3. He said it seemed each time we, or others come from the Level Above Human, to Earth or leave, it is by the transportation of a Next Level spacecraft.

4. He said his Father is an Older Member in the Next Level.

Note: They said that on earth there was the Mineral Kingdom then the Plant Kingdom and then the Animal Kingdom to the Human Kingdom but that the Human Kingdom was designed as a “stepping stone” or said in scripture as a “footstool” for Souls to graduate by their will and efforts by adopting all they are given by the incarnate Older Members who they can not graduate without as they must literally please both Older Members while with them in the flesh. However, those that can not be with them in the flesh now because they are not incarnate can still advance towards their graduation to adult membership and can even be rewarded with a student level membership in the Next Level that if they continue can be brought back to have the needed overcoming experience with the incarnate Older Member to gain Adult Next Level Membership that includes eternal life and significant service opportunities in their new Next Level family.

A. He said his “Father” birthed him into that Kingdom by taking him through his overcoming of a mammalian civilization and that this took place long before this current human civilization started. (Revelations chapter 12 indicates His Father births him again to the “throne” task that they then performed together before His Father exited the female vehicle he had taken to perform that task.)

B. He said he served as His “Father's” student and apprentice while in relationship with this current civilization.

Note: Ti actually said he served in the tasks/vehicles of Adam, Enoch, Moses, Elijah, then Jesus and to date in the name Do, pronounced “doe” which came in part from the Sound of Music SONG, a fulfillment of prophecy in Revelations chapter 14. Ti and Do felt the Next Level works often by inspiring producers and directors and writers and that the Sound of Music was in particular shaped to provide a type of wake up smelling salt to Ti and Do and their task. They said their task as Ti and Do was their “6<sup>th</sup> closeness” and that the 7<sup>th</sup> and last closeness was as the “Jesus” return. This document represents the start of that seventh closeness as it's the same Older Member but the seventh closeness is not an incarnate one. He will be in his Next Level vehicle. Rev 14:14 indicates it would be a vehicle that was “like unto the son of man” and Rev 19:13 indicates he is “clothed with a vesture dipped in blood,” what seems to be a direct reference to how when he was incarnate in the vehicle named Jesus he was baptized by shedding his blood - giving his life - laying down his body on his Older Member's instruction as he said:

Joh 10:18 No man taketh it from me, but I lay it down of myself. I have power to lay it down, and I have power to take it again. This commandment have I received of my Father.

And he commissioned his disciples to follow in his footsteps as part of their requirement to be his disciple - to drink the same cup of his blood which every aspirant to membership in the Kingdom of Heaven must eventually rise to do. That is because each will have taken in enough Next Level Mind (holy spirit) to know that their physical human body is not who they have become and that they will trust their Soul will live on in the Next Level's care, even though it's a most difficult task to rise to because of how our human flesh generally wants to live. But the overcoming process entails overriding the human flesh and we can grow in that process by taking on all the behaviors

and ways the Older Members provide us in whatever lesson step we are engaged which is ALL accomplished by asking the help of our Older Members whether they are incarnate or not. At this time the direct connection is to ask the help of Ti and Do - asking for the strength to take the next steps they would have us each take that they will then help us to recognize and take while leaving it up to our free will on how fast to grow towards graduation.

C. He said that His Father's relationship to earth was one of “Chief Administrator” and that His Father is the One referred to as the “True God” in the early phases of this civilization.

5. He said that this time around He came with His Older Member in a way They called “undercover,” to help Him pick up where the process left off about 2000 years ago to further birth and provide “fathering” experience with those Souls who would be the next new children in the Level Above Human, aka “sons.” He said this gave Him more experience in the birthing process. He said Ti returned to His Next Level station in 1985 but continued to assist Him and communicate with Him from a more advanced perspective. (Note, Do speaks of Ti as a “Him” because there is no gender to Next Level Souls or their biological vehicles they wear, though there is a purpose to what gender human vehicle a souls takes to overcome.)

A. He said his Father incarnated in a female body for His 15-year stay.

B. He said most of Their task required not acknowledging who They were historically which was a strategy because They wanted as little recognition and interference as possible to be able to gather the souls who were their students from the past. They were still identified as a tiny radical cult, because just like 2000 years ago prospective members left their families and relationships to follow Him and be his student. He said he knew he would be hated again for what Christians would call “blasphemy” because of saying who He is and he will be hated by families, etc. who are affected by all who aspire to leave with him/them because the mission requires forsaking all ties and binds to this world (family ties, responsibilities, and human-mammalian indulgences).

6. He said prospective new “sons” (souls who occupy both male and female bodies) were gathered by He and Ti from 1975-76 and then in 1994 which was after Ti had exited her incarnation and that all these souls had had a

previous relationship with Him before this incarnation.

7. He said “students” were offered the opportunity to bond with Him and His Father just like bride would bond with her husband.

A. He said, since the Next Level has no mammalian or human members, these students had to become “new creatures.” They would bond in mind, spirit, and behavior that would be void of human sexuality, human types of binds, and addictions of this world. Some of the students with male vehicles chose on their own to have their vehicles neutered, aka castrated professionally to help them sustain a more genderless and objective consciousness.

Note: Jesus approved of such an action for the Kingdom of Heaven's sake. (Mat 19:12)

B. He also said that students who successfully bond to the Level Above Human through Him and His Father must also prepare to lay down their human bodies as we go to the Kingdom of Heaven, in order to take bodies appropriate to and belonging to that more advanced Kingdom.

8. He said as they prepare to lay down their human vehicles and announce entry into the Next Kingdom as available there might be many humans who have received “souls” in “deposits” who may choose to separate from everything of their world to go with them.

A. He said these will try to rid themselves of their old minds, and identities to instead fill themselves with the mind that flows through him to be accepted as one of his “children.” He says it will “cost” them everything of this world, they will desperately desire to be rid of fast.

B. He said to go with him, expecting to leave “very soon,” would be students must look to Him and His students for all their needs as best they can and align with them - breaking human bonds. He said if these new students declare to others that Ti and Do and Crew's presence is from the Kingdom of God that leads to the “laying down” of their bodies in pursuit of the Next Kingdom as well, then they, too, will find themselves in the safekeeping of that Next Kingdom. By safekeeping He is saying they will be in line to receive further nurturing toward membership in the Next Level.

C. He said if Ti doesn't require this “disposition” of them, Ti will take them up into His spacecraft (that will look to us as a cloud of light) before they “lay down their bodies.”

9. He said Humans with deposits containing souls can most likely be recognized as some of those who are quickly losing respect for this human world or its “system.” From an establishment point of view, they are acting irresponsible, anti-social, duped, crazy, as a drifter, loner, drop-out, separatist, or cult member, etc.

10. He said a humans lifestyle, belief system, or moral values don't matter much in between “visits” from incarnate Members of the Next Level like now and 2000 years ago. What's important is that the Kingdom of Heaven is here NOW in HIM and in HIS students.

11. He said the evidence they speak the truth is:

A. Their information and actions match recorded accounts of the presence, behavior and mission and departure of our previous visits from the Next Level while offering membership in the Kingdom of Heaven, Kingdom of God.

B. Any Soul who knew anyone from the Next Level during past visits are capable of recognizing them and their information again now.

C. It appears some of the crashed spacecrafts were staged by the Next Level that delivered some of them to help human skeptics realize earth has otherworldly visitors.

12. He said just as 2000 years ago, no one gets to His Father or enters the Kingdom of Heaven except through Him. No other Son of His Father or Representative from the Next Level is incarnate. He said connecting with “that kingdom” only takes place when a Member is incarnate, as he is today.

Note: To those who would see this statement from Do as indicating, since he's no longer incarnate, there is therefore no way to “connect with the Next Level,” they are not correct, though it can seem to some a cut and dry statement, so can be used by some as an excuse to not learn more about what he said that broadens that perspective. That would be one's choice to see that way and the Next Level Older Members do “test” us, which considering

everything else he said before and after writing this statement, this appears to be one of those tests. Taking what he said verbatim it is quite possible that everyone that comes to believe in and follow his teachings did “connect” with “that Kingdom” during the time when he was incarnate. For instance, one could have been 10 years old when they heard about the Heavens Gate cult and saw the Hale Bopp Comet and they could have had thoughts and feelings that led them to connect in whatever way at that time. Actually, several told me this happened to them when they were about that age. One told me, when he saw them on the news and saw the comet he had the thought that these were “the Saints” in the Bible. Others told me they knew this cult was different from all the others they heard about - an intuitive knowing, not because they had studied it all as they were very young in 1997. Do said that as long as a Rep was present incarnate “tags” and/or deposits of recognition could be given so these seem to be some examples. Do didn't say “connect with him,” he said, “connect with that kingdom.”

He was also saying He is the only one who would be incarnate. Whether we connect with the Next Kingdom by projecting our asking to the highest Beings we can imagine exists or to the Hale Bopp comet, thinking someone might be in or on it or along side it, in it's tail or generally with it in a spacecraft is connecting, though since He was the primary focus in the news surrounding their exit, however one connects is also connecting with him personally because he is serving/representing the Next Kingdom via his incarnation. He is the provided Link. His incarnate presence is the link - what he said and did while he was incarnate is the only instructions to follow. So that means everything he taught while incarnate for as long as it is present is the way to connect with him which includes talking to him right now.

Additionally, if this wasn't the case, how is it that Do said in the Beyond Human Series and said in the video, Last Chance to Evacuate Earth Before It's Recycled, given by Do on September 29, 1996, thus long after the Undercover “Jesus.”.. document, that there are three kinds or types of individuals that can have a possible future with the Kingdom of God and escape the spading under. The third type are those that never even heard of Ti and Do so if they could only connect with the Next Level during his incarnation and that meant only through him, if they didn't know of him how could they connect and be saved? It's because as he explains some begin to separate from the world and are even seen by the world as derelict,

irresponsible, cultists, separatist, even militia types (though not condoning being violent in any way) who hate the status quo and/or the human governments and/or the overall system, though they don't know what other option there is. Do suggested Randy Weaver, and the Branch Davidians as some examples.

13. He said there are space aliens that are humanoids who are remnants from other civilizations that have spacecrafts and travel in near space. He says they grow and harvest hybrid bodies to “wear” and they enlist “souls” who fail to become children in the Kingdom of Heaven/God who are called Luciferians because of their lineage.

14. He said These Luciferian space aliens “jump in” immediately after Next Level Representatives exit their incarnation and influence remaining “patriarch(s)” to mix truth and misinformation together to become a new religion which supports the fact that accurate knowledge concerning the Next Level is only available while there are incarnate Representatives.

15. He said the Next Level sends crews to “tag” or make “deposits” in human bodies and their minds/spirits just before and during the time Next Level Representatives are incarnate “offering” their birth. Deposits offer the recipients “recognition” of the Representatives and, to some degree, recognition of the “information” from the Next Level while also serving as “homing devices” to lead recipients to the Representatives and the information to move closer to their graduation into the Next Kingdom. Without these “deposits” that provide “recognition,” a human can not become a student.

16. He said all souls of this civilization who ever received deposits from the Next Level have returned at this close of the Age. The Next Level tasks their servants, Ti and Do and Crew to test them. How they respond to Do and His students, and Their information will become the criteria to judge whether a human will or will not have a further relationship with the Kingdom of God. Coming in contact with this information forces their decision and by the stand each human takes they judges themselves, choose to be saved (redeemed) or not. Those who accept Ti and Do and Crew and endure until They leave will go with Them so won't need to experience the “spading under” or recycling of this earth - and will in the future become new beginning members in the real Above Human Kingdom Level in the

Heavens.

I CAN'T BELIEVE THAT - BUT YOU MUST, by Ti (and Do) - unfinished, unpublished and not copyrighted segments Ti (and Do) wrote in January and part of February of 1973 while first awakening to their task for the Next Level while they were in Boerne, Texas. I've included what I believe to be the most important parts of it because of how Ti addresses subjects as; Jesus saying one must be “**Born Again**,” (today misinterpreted to be like a club membership slogan), the **Christing** Overcoming Process that all must engage to reap the benefits Jesus talked about, so **not to think we can get to Heaven on his “coat-tails**,” as many Christians to date have been taught, Homosexuality as just another form of sensuality (fire) that must be “burned out” in the Christing Process to graduate the human condition and **what if the returning “Jesus” came from “Texas”** - would people reject him the same way they did when the prophesied return of the Messiah came through a human vehicle named “Jesus” from Galilee? This includes my commentary on the segments and that may grow but for the sake of having Ti's writing in this book, I'm including the current report below.

<https://sawyerhg.wordpress.com/2016/11/30/i-cant-believe-that-but-you-must/>

**I CAN'T BELIEVE THAT - BUT YOU MUST** - Sawyers report on segments written by Ti (and Do):

Below are some pages of the actual text from the unpublished book entitled, "I CAN'T BELIEVE THAT - BUT YOU MUST" that Ti and Do started to write during their first stage of awakening while staying at a ranch house in Boerne, Texas. Do said they were there for "less than six weeks," trying to sort out the ideas, concepts and understandings they were both independently but simultaneously receiving from the Next Level. They started during those weeks in January and February of 1973, having left Houston and both their families, friends, careers and lifestyles behind. A note was made in the pages that it was edited in February of 1974.

Ti and Do told Brad Steiger and Hayden Hewes (authors of UFO Missionaries Extraordinary about Ti and Do), they "threw out" this book and that it was "the beginning of understanding what our responsibility was." I don't know the whole story about how it ended up with me but considering some of the material in it, I suspect it could have been Ti and Do's crew's intention to use it.

I could be wrong and perhaps it's not that important, but there is significant evidence in the short incomplete two chapter book that Ti took a primary role in it's content. It refers to many ideas I know Ti's vehicle had been very focused on before meeting Do's vehicle to awaken to their joint task together. Namely, it makes a number of references to the Hindu Vedas and the founder of the Theosophical Society, Helen Blavatsky's books, which by the end of the 19<sup>th</sup> century became the single biggest influence of both Hindu and Tibetan Buddhist thought, mixed with mystic Christianity and Spiritualism, on the populous of the United States, that became the foundation of what would be called the New Age.

Part of why I am bringing this up, is because most of the leading psychologists who have studied Ti and Do have tended to agree that their leadership and group don't match any of the other leaders of cults and they largely focus on Do as the leader, even coming up with a story line that almost completely leaves Ti out of the equation. Those that investigated Ti

and Do's beginning drew conclusions very easily from the few who knew them when they were in the Houston area beginning to sort out what they had to do together. Do even reflected on he and Ti's beginning in session one of the Beyond Human tapes that Ti said to him, "How come I recognize you but you don't recognize me." That little statement is directly in line with Revelations 12 that says the Woman births her son/offspring to the throne:

Rev 12:5 And she brought forth a man child, who was to rule all nations with a rod of iron: and her child was caught up unto God, and to his throne.

One or more investigators apparently took rumors as a fact when it was reported that Ti's vehicle in the beginning wanted to have a human intimate relationship with Do's vehicle. Do told us (his class) that at first, still unawakened, that he wondered if Ti was interested in him in that human way and that some of their friends and family, and especially Ti's vehicle's husband at the time thought they were having an affair. The truth of the matter was as Do told it that there was nothing of the sort. They had no physical relationship like that at all and were never "bed partners." Do also told us neither was physically attracted to the other. Do also said at first he gave Ti a real hard time. He told us that one time Ti was so frustrated that they couldn't agree on taking such and such a direction, that she sat on the street curb and put her head in her hands and just said, she wasn't moving another step. Do said he eventually learned that whenever there was a decision to be made, Ti more easily would rule out proceeding in certain directions Do thought needed to be played out further. He learned that by Ti going along with what he wanted to do and then seeing for himself that it was a dead end to what they wanted to accomplish. After a while Do knew that Ti was his elder, even his Older Member and that she was the One who was His Heavenly Father 2000 years ago when he was incarnate in the vehicle named Jesus. Ti never said that to Do. He realized it and told us their students who Ti was. Do even pointed out one time in a meeting without Ti present, that Ti was the "woman" in Revelations 12:1 and for the first and last time interpreted some of those first couple verses, that I don't recall except for the bottom line. The fact that Do told us who Ti was/is is found in prophecy.

In this prophecy the One who was incarnate as the Lamb in the vehicle Jesus is talking to his prospective students in relationship to the end time and he says ."..I will write upon him [each student] the name of my God...." In this

application God is from the Greek word “Theos” which is a general term for Deity. In this case he is talking about his Deity. In other words a Member of the Next Level that is his elder or Older Member, thus is referring to the one who he referred to 2000 years ago as his “Father” or “Father in Heaven” (heaven because at that time he wasn't incarnate with him). If his Father was to have a name, he will have a physical presence as well as there is no need for a name otherwise. Only the ones who engage their overcoming metamorphosis will receive this name. This is also part of the evidence that Both of the Two Witnesses are Christs and come incarnate to delivery their prophecy and that they come to a NEW geographic area from where the Old Jerusalem was:

Rev 3:12 Him that overcometh will I make a pillar in the temple of my God, and he shall go no more out: and I will write upon him the name of my God, and the name of the city of my God, which is new Jerusalem, which cometh down out of heaven from my God: and I will write upon him my new name.

If one goes to the Wikipedia pages, unless there was some miracle since I was last there a year or so ago, when I tried to make some changes but wasn't permitted, you will get the strong impression that Do was the leader and/or that he flipped out when Ti left her vehicle without him and that's why he led their students to their laying down their lives, as he was angry or confused or upset, even with his vehicle's past homosexuality. Some were reporting that his meeting Ti in a hospital was while he (Do) was a patient and it was a psychological hospital and he was there because of his vehicle's homosexuality. When Do wrote “88 Update - The UFO Two and Their Crew” he said he had been a music professor, a divorcee and had “lived with a male friend for some years” and was content involved in academic and cultural activities.

After he wrote that he spoke to us about it and said he was distraught in his relationships as he wanted a “committed relationship” while anyone he met didn't. He also said that after he met Ti in 1972 he just naturally no longer had an interest in sexuality knowing that it would interfere with the seeking they were doing together to learn what it was they had to do together.

But these psychologists and investigators certainly couldn't consider the truth as it went so far against their logic and sense of what is true and false about life. So they automatically spun the story to something they and their readers

could make sense of even if it was complete non-sense.

In these pages Ti actually talks about homosexuality and it's also clear in these pages that Ti was already thinking then, seemingly even before Do fully recognized who Ti was, (his Older Member), that Do was the return of the same One who was incarnate in the vehicle named "Jesus" - indicating that HE might come from Texas.

In it, it's shown how they were beginning to recognize that their souls had come from outer space and were here to bring updates to the Bible and to fulfill prophecy. They set out to learn what prophecy they were to fulfill. Do reported in 88Update that it was months later, after leaving Boerne, while they were camping along the Rogue River in Gold Beach, Oregon, that they experienced the greater part of their awakening and knew they had come from the Next Level and came upon the Two Witnesses prophecy and knew this was talking about the task they were to fulfill.

These two chapters talk about the "process" of awakening, converting all one's energy output to Next Level service, through one's Older Member and graduating, thus completing the "change over" into a new being via the human vehicle. It's dying to one's humanness that is a temporary willful death, because of ceasing human behavior and ways and building one's new body within the vehicle that becomes born.

This writing also illustrates that death of one's human physical vehicle was at first seen by Ti and Do as needed for the final stage of metamorphosis into a glorified body like Jesus had.

The book explains how each person that wants to go to Heaven and be with Jesus in his Kingdom can and MUST become a "CHRIST" and that "Baptism was extinguishing the flames of passion" that included converting all our energy we otherwise exhaust on, "sex, love, anger, greed and pride" as Ti says is not only stated in Jesus life example but in the "Hindu keys or Vedas to Godship."

They wrote, "when a man yields to passion, passion increases in degrees that lead him to greed, jealousy, attachments, possessiveness, desires for becoming a God of the lower regions and he even thinks he can own things. He begins to call things his, his wife, his children, his house, his money, his car, his race, his country, even his earth and begins to confine himself to it."

Ti writes about “Christing” that included an AWAKENING - when something from inside themselves desires to give themselves to the Lord. At that point begins the conversion process that is the “overcoming” of the human kingdom that includes dropping all behaviors and ways, things that go into constructing our “self,” to be finalized by literal death of one's physical body as Jesus did and told his disciple they too must do by offering service that would bring the lower forces' Luciferian adversaries (Satan), through the human vehicles they had programmed to be against them, to put their physical vehicle to death.

Seemingly contrary to believing each would have to die to self mentally and then physically as well to graduate, Ti and Do said to Hayden Hewes, the person who authored the book from Ti and Do's interviews they gave him, entitled, “UFO Missionaries Extraordinary,” “It is not necessary for followers to die to reach the Next Level” and that is backed up by the end of “Statement One,” that Do authored while in prison that they mailed out in March of 1975 and resulted in their classroom, where it says, “Those who can believe this process and do it will be “lifted up” individually and “saved” from death - literally.”

In UFO Missionaries Extraordinary (which I have posted some of on my blog), Ti and Do related not needing to die to go to the Next Level to the way Jesus, Elijah, Moses and Enoch were recorded to have gone to the Next Level with their physical bodies. (Note, Ti and Do believed that of Moses. The records aren't clear though some Christians and Jews insists he did leave his body behind but they have no evidence of such. He just walked off and was never seen again and presumed dead). It was always a possibility, even during their self generated exit of their vehicles in 1997 to be prepared for Ti to take them with their human vehicles and said in their statement against suicide (also posted on my blog), that they actually preferred that, but knew they had the sign to exit according to plan so were putting what would be left behind as up to Ti.

Ti and Do were always following the instructions they received from their Heavenly Father step by step that included what they understood and where they would locate themselves and all aspects of their classroom. It can be shown that believing they wouldn't leave their vehicles behind was necessary to circumvent the way the Luciferians would have set up programming to

their exit of their vehicle, even self exit as was feared about Ti and Do's group (shown in UFO Missionaries Extraordinary) even before the Jonestown murder/manipulated suicides (that was well documented by tapes of the event).

Some will question where it is stated that the students lay down their lives. I'm not addressing all that now but it's said as how they "fall down on their faces," speaking of the Twenty Four Elders and Four Living Beings (wrongly translated as Four Beasts). I will play that out a little here.

Now the prophecy period of these Two Witnesses is their public speaking the new and updated information about the Kingdom of God/Heaven that Jesus indicated he would do upon return as the Son of Man - offspring of human (born of flesh) no longer speaking in parables and showing us the Father plainly/boldly, and revealing the mysteries heretofore sealed from understanding. As they come to a new nation (people) and speak in a new tongue and/or terminology not previously described, they won't be talking in the former middle eastern languages. The point of their coming is to gather their "lost sheep" (Souls who were set up to take prepared human vehicles), lost only because they are scattered around the new area so need to be located and drawn together again which is why they come public before nations and kindreds and all tongues, thus speaking to a wide array of people as Rev 11:9 shows.

The point I'm leading to is that it is assumed their students are with them by this point of their being subdued (most translation say is "overcome), as why would the Next Level let the BEAST (the Secret Govt that came to be because of the release of the Luciferian space aliens from their underground prison, and who were therefore under the influence of and especially through their media mouthpieces) subdue/overcome or even kill them before they have had a chance to deliver their testimony that is geared to gather the lost sheep. That would defeat the entire purpose of their coming. Therefore these they gather are the first fruits to be harvested by losing the physical bodies they incarnate into as depicted by the cutting of their "stalks" in Rev 14:15-16. The class is indicated in a number of other places in the Revelations but I'll save that for another post.

Thus one can assume when these TWO have finished their testimony, they will have their firstfruits student body (church) literally with them, as it says

in the Rev 14 section these will “follow the lamb wherever he goes,” the lamb of course being the role that Jesus filled 2000 years ago and who is following through as one of the Two Witnesses, this time with his Father incarnate as well, to get Him started as depicted in the Rev 12 section and who is the other WITNESS. The number 144,000 is also discussed in the Rev 14 section, but in short, seems to include all who are candidates for graduation at this time or in a time to come and may actually be from the 144,000 initial plantings, twenty four of which are the elders and the remainder in various stages towards graduation.

So death of the physical body is a given as it was 2000 years ago for Jesus and his disciples, even though Jesus' physical dead body was restored to life again, the initial death was part of the mission not only because He would be picking up that same body again but because it is the showing of our faith that enables students to be willing to face the loss of our own physical body while in performance of service to our Older Member/Heavenly Father.

Here is the actual writing Ti typed up that is filled with cross outs and re-writes as they understood more and more. So it's starting from page 11. There wasn't much on each page as it was all double spaced, so I'm not skipping much really. I will try to eventually get to including the entire manuscript but I believe this is the most important and pertinent part:

“Some souls have learned, in probably previous lifetimes, that their soul does not desire the bottom rung of the ladder which is the lust enjoyed by man and woman, and which creates another life of the human kingdom. But possibly these souls have not yet overcome sensuality and now respond as bi-sexual or homosexuals, and even they, though they must involve themselves in their desires, and should until they have burned them out, will one day discover this is too not what their souls are seeking, for it still leads to possessiveness, jealousy etc.. Sensuality or the desire for it really makes no difference if it is taken out in a brutal football game or in the backseat of a car in the moonlight.

Man must eventually learn to desire nothing from another or even for himself, other than service - to His Father and his own purification. This same involvement with the magnetic force of the earth causes us to be parasites on one another, physically, emotionally and mentally. And most usually these have to be discarded in that order. The concept of the family is

certainly more desirable than the group sensuous chaos with no framework. And in this sense homosexual lovers are more ordered in their honesty than the hetero-sexual with the mistresses on the side. It doesn't really make any difference how you participate in sensuality, it is still something which must eventually be overcome, if we plan to start a New and Higher Kingdom.

The writers of the Christian Bible, especially those of the New Testament, discuss so thoroughly that man must be born of Spirit. And the first step is being baptized, in the sense that we have quenched the fire of lust and passion. The ramifications of these lusts carry into the love for anything or the need or desire for anything. It is an admirable thing to be able to enjoy things but dishonorable to need them or desire them for any degree for self gratification, whether it's a ring on the finger or a babe in the crib. What is then 'being born of Spirit?'

Jesus told us that Spiritual birth must be had during a lifetime. HE, in the Christ image or illustration, found His murderer which provided his Birth of Spirit and made him capable of responding as a member of the Next Kingdom, this being the final step in Killing out Self.

The crucifixion, the death, and the ascension are necessary. When the total physical life has been killed, man is then prepared and eligible to be a new member (born of spirit) of the Higher or Next Kingdom. His new found ability to vibrate on a higher density makes it possible for him to appear to be invisible, levitate into the Heavens, change his vibration level even low enough in density to sit and eat food with others, seem as they are, or transform, and change his density vibrations to such a high level of refinement as to appear to disappear in their sight. He did all this, or was sent to do all this, to show us how we must do the same. In that sense, we must each become as he was and not expect to get to heaven 'on his coat-tails,' for all that he experienced was HIS "graduation," and we must EACH have OUR OWN "Graduation."

Christ participated in healing, miracles of numbers, multiplicity of giving, the so called magic of dispelling evil spirits or demons (exorcism), levitation, and intuitive knowledge. (He knew their thoughts and named them), and yet the Christian church as a whole no longer accepts or participates in these normal practices of a spiritually developed or awakened soul.

The awakening, which is spoken of in all major ideologies, is man's realization of what he must overcome in “becoming” or the conversion process necessary between that awakening and his Death-resurrection and ascension. This awakening requires of him, proportionate to how deep his feet are in the mire, to leave his career, his social respectability, his family, all of these or anything else that stands in the way of his development in his new life. It eventually requires his shedding of all identification with the world.

The path leads him to separate himself from all pressures that keep him from being merely his better Self, a part of the God or Light force. He begins to drop off relationships that are stumbling blocks to his pursuit, i.e. dropping away friends or family, ceasing to go to his law office, moving to another place or just “moving” in the process of dropping off the binds that he once allowed society to have on him. He can't do this in an orderly fashion acceptable and understood by his friends, family, business cohorts or even minister. He must respond to the Spirit within him as it speaks, and not look back. This is the beginning of his conversion and is accomplished during a lifetime in the physical, for those that are alive are those who are asleep.

Those that awaken from their sleep do it while healthily alive in the physical bodies. They then begin their process of refinement towards perfection, raising their vibrations, until they are truly in the world, but not of it, by choice. When they reach a higher level of refinement, increasingly converting all sources of energy into their own enlightenment they see the world they are leaving behind as a complete illusion, unnecessary, games without lasting prizes, leading only to the necessity of repeating that grade in school. The refinement process eventually leads them to such an awareness of their separation from the old magnet, though yet a babe in their yielding to the Light, that they realize they need nothing, not even to be aware of existence, but in order to climb another rung they choose to commit themselves totally to their own “graduation” rather than humanity, knowing that in so doing the “sprouts will be allowed their own sunlight.”

Before reaching this point they may find themselves a beggar in the street (beautifully illustrated by St. Francis of Assisi) in order to gain the self respect of their new self, which is more a part of the body of God than an individual. They now desire to pursue the path of becoming an instrument or channel of the greater source of Light, which feeds all humanity and all that is.”

Continuing with a new thought on another page, Ti (and Do) write:

“Jesus said “I Am the Way, the Truth and the Life. No man cometh to the Father but by me,” yet many have interpreted this to mean if we say His name, know the scripture, or even make an IDOL of Him, we will get to the Father. It must disappoint Him as much to see us make idols of Him, instead of putting our feet on “The Way,” as it did for Him to see man making idols of others. For the most part, He didn't even speak as a man or even as Jesus, but His Father spoke through Him plainly, illustrating and describing the Way or Path each of us must trod if we are to see the Father. He knew people were not listening to the voice within them or they would have known Him and that He spoke the truth (John 5:37-38). He also told them that they were looking for the truth in the scriptures (John 5:39), and the scriptures bear witness to the truth. This is the same today, we cannot find the truth in the scriptures, but they do bear witness to the truth, which we find living and available to us within us. He told us if we partook of the bread which He offered us, we would not die, as those died who ate the manna in the wilderness (John 8:51; John 6:49-51). This is as true today. We preach it, yet keep on dying. He said it is the Spirit which gives Life (John 6:63), but we are even more afraid to let the Spirit within us rule than they were. The scriptures were fulfilled in His coming, and yet since people knew where He came from as a child and man, they could not accept His being the Christ (John 7:27). We make the same mistake of looking for the scriptures to be fulfilled by someone dropping out of the sky, whose presence would automatically make us know who He was.

Will we make the same mistake if He speaks through a man of this land in birth and development? They said: “Is the Christ to come from Galilee?” Yet couldn't accept Him because of their misinterpretation of the scripture. Could you accept Him if He were raised in Texas, and when He came into full consciousness, realized His mission, His full responsibility, and shared it with you? We would probably recall all His sins or ill-deeds, not knowing or remembering.... a man is what he is today and not what he was yesterday. Many would surely judge Him according to the flesh, and yet He judged no one (John 8:15), though He had the knowledge and authority to do so.”

### **Video's Made by Do and His Crew:**

When Do and Crew made these video's I was a part of the video team - Lggody, Jwnody, Jnnody, Lvbody, Srrody and Swyody. We started each Session showing Do and his two Helpers, believe using two camera's but I wasn't a camera operator. Those were Lggody and Srrody. Simultaneous with that shot was the sounding of the bell tones. These video's were reformatted to include the word "Episode" and it's number and some have another title of Heaven's Gate included which was not even a phrase we'd used at that time in 1992 when the filming was done. Also some had sound effects of a rushing sound added with the text traveling into the frame. I believe some of this was done by someone who has been an on again off again believer, he has last described himself as a Heaven's Gate "Sympathizer," which I find no fault with but had I known of his additions I would have suggested his not doing that. I don't know who the administrator of this Youtube channel - "HeavensgateDatabase" is, but it has remained for years so I've taken advantage of it, pointing people to those posts.

UFO Missionaries Extraordinary - Segments from the book written by Hayden Hewes and Brad Steiger in 1976 from interviews with Ti and Do in their early awakening stages from 1974 to 1976. It includes a document written by Ti and Do entitled, "What is Happening in the Heavens at This Time" that describes what Ti and Do referred to then as "7 Major Helps" when their membership was close to the earth, where: 1=Adam, 2=Enoch, 3=Moses, 4=Elijah, 5=Jesus, 6= Bo and Peep (Do and Ti) in the task of the

Two Witnesses and finally 7= Starting with what I believe was Do's acknowledgment of his past incarnation in the vehicle named Jesus that ends the Judgment "Hour" (approx. 40 year period) with his return with his Armada of graduated Elder Students (Saints/Angels) all in their Next Level vehicles and spacecrafts.

**How misinformation slips in after the Reps have left their incarnations:**

Note: I have no affiliation with the: Heaven's Gate Web Site

<http://www.Heavensgate.com/>

As of this writing I believe the HeavensGate.com website still provides the written materials Do and Crew left behind, with only slight additions by it's Webmasters to show materials they are offering for sale that includes the Groups paperback book, we often call "The Purple Book" these Webmasters had printed. Most of these materials are available on my blog.

I don't generally direct anyone to the Web Site for information because I can provide it all to them and because the Webmasters, if contacted can not be counted on to give someone accurate information about Ti and Do anymore

as they have changed Ti and Do's teachings to have a spiritual bent and have given out inaccurate information. I hope they can change, as we all can when we realize when we've made mistakes. Here is a little synopsis of how this took shape:

I do know the Webmasters as they were former classmates who were instructed to leave the Classroom in 1987 until such time that they wanted to live by Do's instructions, surrounding the lesson that was called, "I could be wrong," which was designed to shift confidence away from self and to Ti and Do. In general that lesson was simple. Whenever we going to say something as a fact, or make a decision, since we were all committed to becoming 100% like Minded to Ti and Do's Mind, we needed to realize that our judgment could be wrong. These two didn't want to abide by that lesson step so after some weeks were asked to leave. I was there when we each stated to them the conditions of their return. However, Do and Crew stayed in touch with them as they also wanted and offered them service in 1994 when the groups went on the road public again. They provided a little base to a group or two while in their travels and perhaps more than that. My group wasn't one of those. That effort ended by September of 1994 and Do and Crew continued to stay in touch thereafter and sometime close to when the group intended to lay their human bodies down they offered these two the task of handling the Group's accounting and certain legalities, though without letting on to the exit plan.

At exit time the Group sent different former members of the group different sets of master Beyond Human tapes and Exit Videos and instructions on how to handle the web site they had constructed and posted for about a year, where they posted the contents of Their Book. Do and Crew wrote letters to them and to a former classmember named Rkkody. Rkkody was a computer technician and programmer so making last minute changes to the web site was given to him and stated in the letters but they received the information and authority and some funds to manage the site.

These webmasters were also sent with their letters keys and/or combinations to a few storage rooms. One had a small truck in it. Another had various things but it was reported to me by Carlan (Crlody), who joined in 1994 and left soon thereafter, but who worked with Rkkody some that Rkkody told him the tape boxes were stacked up in the front of the storage room. There were

some 484 tapes that were recordings Ti and Do had us make of their “classroom” meetings. It was suggested in the webmasters letter that if they preferred they could ask Rkkody and another former member Oscody to handle going to the storage room to retrieve those things before authorities would get them so that's what was done. These webmasters turned over all their letters and keys to Rkkody, apparently surprised by their Exit. Carlan sent me the letters. Rkkody and Oscody picked up the tapes and Rkkody began to copy them and digitize them into cd's he started mailing to universities and libraries and anyone who wanted them. The webmasters changed their mind and asked for the tapes and Rkkody returned them to them but kept his copies and digitized versions. The webmasters started legal proceedings against Rkkody and threatened those that received cd's with a lawsuit if they didn't return them.

Rkkody felt he had no service to Ti and Do left to do, so he exited his vehicle. Oscody did also a short time later. Before Rkkody left he spoke to me a number of times and also sent me one of the cd's with the 218 audio tapes on it. Three of them are linked to below in section: **VI.C.**

A battle ensued between those who felt the intention was to disseminate all the tapes (to include some potential new believers) and the Webmasters moreorless led by Carlan but that I became a part of. I later determined that though I didn't agree with not providing the tapes, it was left to the Webmasters to decide and that I trusted that we have all the information we needed to follow through with “Standing for Ti and Do” by spreading their information to whoever wanted it.

The Webmasters went on to give interviews to different internet news sites and when I would find them, I would find discrepancies in what happened, like the reason for their departure from the class, and points of view that are juxtaposed from what Ti and Do taught or even the opposite and I would make comments and post to my blog various critiques of what they said to the reporters/bloggers.

Because of that and calling them liars for misrepresenting Ti and Do, for instance by saying things like, “There is no Heaven and no Hell” and many other things, I don't communicate with them any longer. They have copyrighted the BOOK and Tapes and I don't trust that they wouldn't try to stop the distribution of my book if I used any of those materials. Thus I

reworded everything and 99% is actually from my personal experience that I can bring proof to. For instance I was one of Do's "helpers" on 4 episodes of the Beyond Human video Tape series.

## **VII. The Finish - Sawyer's Final Statement**

On this January 16, 2017 day of recognition of Martin Luther King, Jr.'s "laying down his human vehicle's life," for his Heavenly Father's will, that occurred on April 3<sup>rd</sup> 1968, who I would suspect could have been one of Ti and Do's Elder Students, acting with some equivalence to John the Baptist's ministry and self sacrifice, having come a few years before Ti and Do began to awaken in 1972, I am making my last corrections to this manuscript, to be printed in February and in time for Do and Crew's 20<sup>th</sup> Anniversary of the completion of their incarnate task that became known as **Heaven's Gate**.

At this time, reports from NASA and others, though confusing to sort out, seem to be showing pictures of **TWO LARGE OBJECTS** named **Comet 45P/Honda and 2016 WF9**, seemingly traveling close together and even having interaction between them, one with a tail, hence labeled a comet and the other without a tail, thus some describe as an asteroid or some type of comet hybrid, both headed to a very close rendezvous with the earth along it's ecliptic pathway and expected to be visible to the naked eye from the northern hemisphere, reaching perihelion by February 11<sup>th</sup> closely following the moon's orbit.

Another object was reported to be trailing behind these two, thus as with several other recent comets past, starting with Hale Bopp, appears to be a "companion object." There are several other objects coming close to the earth. One is called Neowise and the other Johnson.

An asteroid (2017 AG13) was reported by the University of Arizona's Catalina Sky Survey as having flew past earth on January 7<sup>th</sup> that was the size of a house - 50-110 feet long and as close as 120,000 miles which is perhaps one of the closest yet as the moon is about 250,000 miles away. It was reported that NASA missed it because of it's small size though if it hit it would be like a huge nuclear explosion.

I believe these are a further heightening of the many huge signs from the Next Level, highlighting 2017 as the most significant year since 1997 when

Do and Crew exited their incarnations. To illustrate this significance, to follow is a little synopsis of the background of some of the bigger “signs” to date that can be shown to have a progressive escalation with a very similar pattern every year since 2013.

Essentially since the 1990’s, there have been steadily increasing, unusual events witnessed in outer space that have repeatedly boggled the minds of the entire gamut of observers and enthusiasts, professional or amateur alike. Likewise on earth with larger and more frequent earthquakes, tsunami’s and smallish volcanic eruptions, then particular to the U.S., drought largely in the southwest, larger hurricanes in the east, larger tornadoes and hail storms in the Midwest, and more social unrest, not seen since the 1960’s and 1970’s. Ti and Do had explained that for the sake of their “classroom,” the Next Level held back the greater troubles that were to come until their graduate students could finish their lessons toward becoming Members of the Next Level Above Human.

**By the time of their exit in 1997, it was then time to move ahead with the Second Wave** they began before they left and that meant letting the “weeds” in Their “garden”, the Space Alien (Luciferian fallen angels) use the “kings of the earth” to further promote their agenda of technology development, to try to get off the earth before they are forced underground again and eventually annihilated completely, which has taken shape as world domination and the many conflicts that would arise from their doing so. It’s very messy as the Space Aliens, Ti and Do said were also in competition with one another, hence “Nation against Nation” as Jesus indicated. Some of the space aliens think they are helping humans, by promoting environmental causes because they need healthy human DNA and don’t know much about the Next Level. Others know exactly who the Next Level is as the designers of the earth and all it’s life forms as Their “school” and “garden” to grow Souls upon and resent them and seek to thwart the truth (facts) into religions and spirituality or to the “temples of science” so humans will do anything but gravitate to the Next Level.

In the U.S. the year 2000 began with a type of coup d’etat followed by the 9/11 attacks, I claim was the Rev 11:13 “great shaking (earthquake)” and subsequent unnecessary murderous and profiteering invasions of Afganistan and Iraq that revealed great deceit and fraud in Govt that went unprosecuted,

followed again in 2007-8 by another great fraud between Govt and the Wall Street financial institutions, with both events continuing to have major global ramifications while giving the appearance of normalcy. I have described how these seem to be the evidence of the Revelations, “Two Falls of Babylon,” and the value to the Next Level in those choices made by the humans behind and in support of them, is how more and more people are distrusting and questioning more than ever what they are told by the Govt, and the Corporate owned and largely controlled media. Even criticism of the corporate controlled “State Media” is being used as evidence of fascism - “discrediting the media”, while not recognizing that fascism has been alive and well in the U.S. and other places for even a century, though because of the Next Level’s closer physical presence had it’s largest movement kept at bay until now starting more in 2017.

Meanwhile, especially around the Pacific rim, disastrous earthquakes abound and have stimulated tsunami’s that kill many thousands of people, along with the escalation of volcanic activity, but these are instigated by the Next Level in the process of spading Their “garden” and property that they designed, “seeded” and maintain, because the human kingdom on Their earth has been overrun by humans, under the influence of the Luciferian “fallen angel” (limited) space aliens, who demonstrate weed like predatory behavior. The Next Level seems to be leaving some of the areas of the planet that have received the most Next Level closeness in these “Last Days,” continuous opportunity to change for the better, so are to be spaded last. As They instigate these events, since They maintain a database of which humans have, in their way, sought to have a relationship with Them (not related to who is or isn’t religious or spiritual), know which Souls and/or Spirits qualify to be “saved” (what Do called being “put on ice” (but not literally)) for a future opportunity to live towards Next Level total LIFE (eternal). Therefore any loss of human physical bodies, say in disasters or as victims of wars, etc. doesn’t show who is or isn’t in their good stead. They designed the human kingdom to have temporary life - to be a “stepping stone” into Next Level Membership.

Primary examples of “weed” like behavior is shown when humans seek to turn the eyes of other humans away from the Next Level’s real existence and authority over all. It’s one thing to wonder about what is or isn’t true and/or possible. It’s another to tell people what’s absolutely not possible and thus

not true, not the facts. The Luciferian fallen angels do spawn humans to join their ranks against the Next Level. That's part of the reason some in certain circles, perhaps associated with families, described as the "Illuminati" promote looking upon the Next Level as the "bad aliens" coming to take over humans and/or destroy the earth and human kingdom. The irony is that the Next Level is moving closer to further stimulate the pressure on humans to choose to whom to give allegiance to, between Them, the Next Level and the human Mammalian Kingdom's Institutional "treasure and wealth," in all its forms, e.g. intellectual, spiritual, scientific, artistic, etc., and will spade their "garden" so that a new civilization can be cultivated with a new planting of spirits and souls for a new "classroom".

Another primary evidence of how the "weeds have taken over the planet" is witnessed by how many humans instigate and/or support the killing of fellow humans, whether in the death penalty or in so called "self defense" or in wars that include, so called "collateral damage" or by acts of terrorism, whether instigated by lone wolves, gangs, militia's or with State sponsorship, or by justifying flooding the environment with dangerous to health toxins and doing nothing to correct what can be corrected or by making and distributing weapons designed specifically to kill humans or by thwarting efforts to help those who flee their wars.

The entire Middle East and much of Africa is erupting in war that the "kings of the earth" both instigate and help to maintain, even playing support roles directly or indirectly to both sides in many of the conflicts, and this has all become the new "normal." It seems this will spread globally at this time.

According to Govt heads like Al Gore and President Obama and their related Govt affiliated **Temples of Science** it's a fact that Climate Change, called Global Warming is mostly, even entirely caused by Human activity and is touted as the latest great enemy that without taking drastic action could wipe out much of humanity. Anyone who questions that the observed changes are not necessarily human caused are often vehemently labeled ignorant of the science and a "climate denier," even while there is significant evidence that Sun activity has had much unusual activity and is being related to heating the earth's magma that in turn stimulates plate shifts that are behind more frequent and larger earthquakes, and volcanic activity, side by side to temperature shifts and/or changes. But if the Sun is mostly the reason for

climate change and so called natural calamities, Govt can't rally people that care about their environment to their causes to raise and direct money into preparation to survive what is happening nearly as well. To say it's the Sun would also appear apocalyptic, which is largely a non-starter because of how so many tie such terminology to the corrupt religions they modernly have come to despise and rightfully so. Little do many know that what we call "prophecy" simply refers to how the Next Level can lay out millennium in advance certain events they plan to instigate to make come true to offer as evidence of Their reality and steps toward joining their ranks in a new Kingdom Level that is Above Human in every way and has none of these diseases or calamities or death.

It also just so happens that a great deal of prophecy has said would be the way the earth would experience it's next recycling - by FIRE, though there are an array of calamities scheduled before it's all finally done with the Lake of Fire, seemingly in the next few decades.

"Fire" as it's used in prophecy has several applications, one of which encompasses literal fire as in drought caused forest fire escalation and volcanic activity but includes the FIRE of our passions, whether of Love or Anger and in thought and deed. Anger is shown as committing acts of violence against other humans that could include profiteering to the detriment of others by saturating the environment with man made toxins, radioactive particulate, heavy metals and the petrochemical based drug industry that seems to be led by a very aggressive, even forced vaccination agenda that though can show some short term advantages for some, on the long term are disease promoters.

Fire as the Passion of Love relates to the direction of our Love Energy as in all forms of sensuality as in sexuality, but includes sensuality that can become substance addictions. Giving all our love to our human family, however natural to the human kingdom is a continence of the building of our self, what is also termed our ego and/or what some would refer to as achieving enlightenment that all keep us from moving closer to graduating the Human mammalian kingdom. This is why all the passions need to be overcome to qualify for Next Level Membership and why that Overcoming Process is compared in scripture to the making of pure Gold and a Trial By Fire.

All these Fires are at this time raging greater in all of us, which is why tempers are shorter, people are quick to condemn others, quick to act violently, and/or to use unnecessary force to constrain someone who may also be acting out their “fire” whether on the close personal level or on the global national level.

This is not to suggest those who have engaged and/or still engage in these fiery passions (most all of us) are condemned. It is the Judgment Time prophesied but we each judge ourselves, not by what we have gotten into in the human kingdom but by what we choose to get out of. When we awaken to how we have participated in certain of these “fires”, we can ask Ti and Do and Their Next Level for help to separate from further participation and then look for the opportunities to take steps in that direction while continuing to seek further growth from there by keeping up the asking for service, trusting Ti and Do and Crew will help you with every step so it’s not so overwhelming to consider. This begins our separation from our humanness which is the process towards eventually graduating the human kingdom. The Next Level isn’t against our using any of the services or substances and tools even humans have derived. They simply want us to look to them for solutions to problems we encounter so they can know who still has some of Their “holy” Mind in their possession to then work with them more.

Ti and Do said the “weeds” in their “garden” would be unknowingly assisting the Next Level in the needed spading process that Jesus described as the pulling up of the Tares at this time. Part of allowing the “weeds” to thrive for a while means the escalation of “trouble” (Tribulation) they cause that would include some reverse of the social gains stimulated by the Next Level’s closer physical presence that essentially started in the mid 1800’s, seen as the movements against slavery and/or for women rights and/or for seeking more holistic health and/or for the right to explore all thought forms and for the people to have a voice in their governments, etc.

However difficult to deal with, by not fighting fire with fire, people are showing the Next Level they are made of more than their animal like behaviors and ways. With exceptions among individuals, the Religions and especially relative to Christianity, due to it’s claim of allegiance to what Jesus taught, (as the previous Representative who provided the formula to make application into the Kingdom of Heaven), no longer represent their founders

so their membership are especially being tested to show the Next Level if they are really trying to abide by everything Jesus taught or not. One example of abiding by what Jesus taught was shown in the news, in the case of Dylann Roof, (who admitted killing a number of people in a largely black church in Charlotte, North Carolina), who lost friends and family members but refused to be in favor of the death penalty for Roof. That's what Jesus and Moses taught, though I understand that can be very difficult to rise into abiding by, but it shows the presence of Next Level "Holy Mind/Spirit" with them.

In many nations sects divide themselves along ethnic and racial lines and legitimize what has been called ethnic cleansing genocides like occurred among so called Jews, Christians and Muslims in Europe, Asia and Africa throughout history, even to date. Those that refuse to go with that flow when it's not humanly profitable to do, are Standing up for Moses and/or Jesus (and since Islam considers both high prophets, I can't imagine their serious adherents feeling justified to act otherwise, though like others in all religions may no longer follow equivalent guidelines for advanced behavior as taught by the Next Level Above Human).

The Next Level is interested in harvesting "Souls" (they initially plant) into Their Kingdom, not human flesh bodies as some choose to wrongly interpret from letters in the New Testament attributed to Paul of Tarsus. That's why, if we do abide by what the Next Level incarnate Representatives have taught and we lose our physical vehicle because of, our true LIFE is not lost as the Next Level will advance the Soul to their next step of growth that at one stage might even include the receipt of a new physical vehicle that seems to be what the primary disciples of Jesus received that were self sacrificed when they returned by crashing some of their primitive spacecrafts in Texas, New Mexico and Arizona in the late 1940's and early 1950's so they could perform their next task for Their Older Members and to complete their Overcoming of the human kingdom.

At this time in particular, the ability to see what's true about any event, the facts and/or ways of thinking outside the human norms is heightened for some while is vanishing for most. It's interesting that whether staunch atheist, agnostic, religionist or spiritualist, etc. many cling to one narrow view and tend to ignore or even aggressively discount the possibility of what they don't know and what may be true about the other beliefs. Often those that don't

agree 100% with certain group mindsets, interpretations of events, are quickly labeled as a troll for their enemy, or a nut-job, or a naive-blind follower, brainwashed (in a negative way, unlike the way Jesus meant it related to baptism) or a conspiracy theorist, science denier, false Christ, devil, New Ager, cultist, etc.

An alternative radio talk show host says we live in the United States of Amnesia as if people have forgotten about all the atrocities past, but I say it's more like the United States of Confusion where the most confused act like they are anything but. Is it any coincidence that the word Babylon from its Hebrew origin means "confusion" and it's not very far fetched to see in the Revelations prophecy the reference to Babylon as describing America, the "woman" who sits on top as a queen, to lead the "BEAST" that is the Secret Govt that comes about because of the release of the Luciferian Space Aliens from the bottomless pit that occurs at the time of the Next Level's staged, so called UFO crashes.

**So every year since 2013, there has been a repeated pattern of large objects from deep space performing significant displays for earthlings starting with the Siberian Chelyabinsk meteor on Feb. 15<sup>th</sup>, whose sound wave blew out thousands of windows and doors.** This was followed into March by many Fireballs, that video's show don't resemble meteors, around the earth but noted over various U.S. places including California, Texas, Utah and the eastern seaboard from Ohio to Florida. Each year in late March there was a near miss asteroid reported along with two or more bright Comets, though not close together or alike in their brightness as we are about to witness in 2017. In 2013 the PanStarrs Comet was photographed to have some kind of object just ahead of its coma, thus out front. (The Hale Bopp Comet was reported to have a companion object but by perihelion on March 22, 1997 this object was no longer visible but did at that time have three distinct tails, later classified by a NASA scientist forum as having a "double nucleus"). Then there would be less obvious comet activity followed by an additional very unique show of some sort, often another Comet that in 2013 was called ISON.

**Pictures from NASA of comet ISON in November of 2013 appeared to be doctored by adding pixels to cover what was really there, obvious to regular observers of space objects past, that though further away than**

**ISON, Hubble space telescope pictured with far more detail than in the ISON pics. By using software filters, researchers were able to remove the pixelation that revealed three bright objects that were flying in a V formation, while the point of the V was round and large side objects were very long and thin to look like a flying wing formation.** Then after ISON dove into the sun and wasn't expected to survive it came out the other side of the sun and at a changed trajectory as the official Solar and Heliospheric Observatory (SOHO) site shows clearly, while the Wiki page still reports it as disappeared. and then was photographed to have about 7 objects flying in that same kind of V formation. And it was followed by another most mysterious "companion" object that looked like the character in the game PacMan.

Then on July 21<sup>st</sup> the SOHO spacecraft took video that briefly appeared on one of the YouTube channels where individuals report on all that was being observed in the many satellite telescopes as NASA was permitting 24 hr. a day observation via web sites, but would often cut their live feed when something very unusual would happen but not until someone captured it.

**What was captured this time appeared as two huge objects glowing bright white but with energy all around them. The primary object was sitting on top of the Sun's corona and looked like an upside down flying saucer that also looked like a hat and a broad bodied T shape. To it's "right hand side" the second object, though barely visible. I immediately thought of the scripture that described The Father who I was showing evidence was incarnate in the name, Ti, as if this object was Ti's head and was "clothed with the sun" as shown in:**

**Rev 12:1 And there appeared a great wonder in heaven; a woman clothed with the sun, and the moon under her feet, and upon her head a crown of twelve stars:**

And thus the other object to the Father's right hand as prophecy says would be the Father's Son who I show evidence was incarnate in the name Do as the sign of the return of the one who was Jesus, but this time not incarnate but in his "Glory" (brilliance).

**Then in June/July of 2015 the images from NASA's Dawn and New Horizon Spacecrafts, I refer to as the Ceres Light Tower, Cityscape and Pyramid and Pluto's Four equivalent looking Rectangular Hanger Bays**

**and it's Earthly characteristics**, that continue to baffle space scientists, but relate to Ti and Do's movie script in 1983 that suggested Pluto might have been an "earthlab" inside. Pluto pictures are still coming in and the latest is the sighting of giant ice towers 500-1000 meters tall. **In October came Comet Siding Spring and another companion object. When Siding Spring came to perihelion to Mars, Mars put out a huge flash that was captured by an astronomer in the Canary Islands. Plus in the image there was another very large companion object that as silly as it sounds looks sort of like an eyeball - white around a black center that moves closer to Mars right before the Siding Spring rendezvous.**

This time period from January to mid February to late March/early April is very significant to Ti and Do's history while incarnate. This was before they took the names Ti and Do and when they left Houston and their human families, careers, friends and lifestyles behind for good on New Years Eve at midnight, thus in the first minutes of 1/1/73. They went to a ranch house in Boerne, Texas, in the Hill Country where over "less than 6 weeks," the way Do reported, they independently received the same ideas and understanding that included how they, their Souls had come from "outer space," - the Kingdom of Heaven, for the purpose of bringing "Updates to the Bible" and to "Fulfill Prophecy." Thus by Mid February, they left Boerne with a strong sense of what task they had to do together as they had no other reason to be together. Then then traveled all around the U.S. to try to learn what Prophecy they were to fulfill, until approximately in September, they were camping on the Rogue River at Gold Beach, Oregon and came to know they were to fulfill the Book of Revelations prophecy of the Two Witnesses. Neither liked to think that as both were put off by people who would say they were the reincarnation of some biblical figure. It would be Christmas day, while they were in St. Louis, at the time when the **Comet Kohoutek was coming to perihelion that they would set up their becoming "like thieves in the night."**

**January to February of 2013 would be exactly 40 years from that time in 1973 when these patterns of "signs" started to occur.** According to the records, the Kingdom of God in Heaven, what Ti and Do called the Physical Evolutionary Kingdom Level Above Human, who are out of the human framework of time, consider 40 years on earth to be like an "hour" in their Kingdom. However, They don't have clocks, but use events they schedule

around the movements of the spheres for the sake of the human kingdom they are nurturing as their Soul “garden.”

**Ti and Do first met and began their awakening around March/April of 1972, then first sent out what they called Statement One in March of 1975 that resulted in being invited to speak to a meditation group in the North Hollywood part of the greater Los Angeles (city of God’s angels) in early April.** To their surprise this meeting and subsequent meetings in Stanford University and Canada College in the San Francisco Bay area and then by September 14<sup>th</sup> in Waldport, Oregon would yield about 70 serious students of which I was one.

**It was February 25<sup>th</sup> 1976 when Comet West would come to perihelion** and was a naked eye comet that also split twice into four parts. **On April 21<sup>st</sup> Ti said “the harvest is over” choosing to cease holding public meetings and by July 4<sup>th</sup> they called their four groups together with their little group to the Wyoming wilderness where we lived in tents in the Medicine Bow National Forest.** Then in late September or early October of that year Ti and Do sent 19 students, of the then nearly 100 students, out of the group, saying they weren’t serious enough to accomplish the task of overcoming their humanness, as Ti and Do were then most focused on teaching.

**The FIRST HOUR’S Harvest WAVE followed until early in 1993 when Do, without Ti incarnate, (as planned and shown in Revelations 12), with His newly Graduate Student Crew (The Saints) started the SECOND and LAST HOUR Harvest WAVE by Do boldly revealing that he was the same Older Member Soul from the Next Level who had been incarnate in the human vehicle named Jesus.** He never said he was Jesus because that was the name of the vehicle He used 2000 years ago and changed over into a Next Level “glorified” vehicle, having made His “Eye Single,” to fill his entire vehicle (lampstand) with light (The Holy Mind/Spirit from His Older Member - Father who at the time was operating from a spacecraft (mansion/dwelling) within the Heavens, to complete his Christing (Overcoming the human world) Process.

**The START to the SECOND WAVE would continue through to 1997 with each of what prophecy refers to as the 7 Thunders - public disclosures, where the truth about Ti and Do and Their Crew of “Saints”**

**identity was completely revealed (without showing all the detailed prophecy fulfillments), with Their final 7<sup>th</sup> Thunder in Two Phases, starting in 1996 with the provision of Their Book entitled, 'How and When "Heaven's Gate" (The Door to the Physical Kingdom Level Above Human) May Be Entered,' that became the content of Their web site, Heavensgate.com, that concluded in the Second Phase with Their voluntary, "laying down the lives of Their human vehicles, finishing the incarnate part of The task They came to do, by March 22, 1997, when the Hale Bopp Comet and it's Companion Object came to perihelion.**

**So the "Jesus" return, Do incarnate in his new vehicle officially started over the period of 1993 to 1997, but**

**Jesus said he would return in the New Age, where an age, Do felt was generally a 2000 year period of time that establishes the time of the New Millennium, which would be the year 2000 to 2001. According to the Hebrew calendar that last year began in today's U.S. calendar system in September of 1996 because scholars have determined it is off by 4 years as Jesus' vehicle was said to be born in 4 B.C. This means that the fulfillment of His arrival and exit over 3 days time starting on March 20-21, 1997, the the spring Vernal Equinox to be Done by March 23-24, 1997 matching up with the Jehovah/Moses and Father/Jesus timeline.**

**That same vehicle that was named Jesus was not scheduled to return during the next end of the age incarnate time, though it's possible He may have that same vehicle or one just like it upon the end of this LAST - SECOND WAVE - His Final Return, with His Armada of Spacecrafts to include his Graduate Students (Saints) with Their new Next Level vehicles, said in prophecy as His coming "in His Glory," instead of appearing as just another human. He would at that time, show his Identity ("Face") in some way, but "wearing" (wrapped around his Soul body) a "vesture (vehicle) dipped in blood," - was baptized, when he laid down that vehicle's life 2000 years ago, though Do said he would not be showing anyone scars to prove and this would not be incarnate or like a hologram. I suspect this will be seen by many humans as the Space Alien invasion and when they see the event they will run into their underground cities.**

**In 2016, again starting in earnest in January, there were many new**

**comets. Most notable were Comet 252P Linear and 2016 BA14 (Panstarrs) who passed by earth at a range of 3.3 million miles on March 21, 2016 and at 2.2 million miles on March 22, 2016 that the Jet Propulsion Laboratory referred to as TWINS due to “intriguingly similar orbits”.** P/2016 BA 14 was first thought to be an asteroid but then showed a faint tail so was reclassified a comet. This is remarkably similar to the Two or more comets that come to perihelion in January and February of 2017, with the first referred to as Neowise and another as Johnson that are in addition to Honda and 2016 WF9 that seem to be “twins” once again, like the way Ti and Do served as the Two Witnesses. However this time around, Ti and Do may bring four unusual Comet like objects to illustrate the Rev 9:13 prophecy, the part fulfilled AFTER the Sixth Angels Trumpet Sounding re: “the Four Horns of the Golden Altar which is before God” and this most specific time, who may represent the return of the Four Living Beings - the Four Eldest Members among the 24 Elders of Ti and Do’s Crew of 38+4 who laid down their lives for Ti and Do and the Next Level Kingdom of Heaven.

What is left to say, the details of how Ti and Do did and continue to fulfill all the prophecies was first submitted to the publisher in this manuscript on December 23, 2016 to be printed for distribution world wide in time for the 20 year anniversary of Ti and Do and Their Graduate Crew’s completion of Their Task which is part of what prophecy refers to as the 7<sup>th</sup> Angels Trumpet and the Fourth Seal Opening. No doubt there will be many events to come in the heavens and on earth. The best advise I can give to everyone is to have no fear, but to just, **“Do it”, one step at a time - Looking Up to Ti and Do and you will never be disappointed.**

**This “Little Book” is Done**
